AMERICAN GOVERNMENT'S LATEST NOTE TO GEN. CARRANZA.

Secretary Lansing signed yesterday the note conveying President's Wilson refusal of the demand for withdrawal of American troops from Mexico. In earnest terms the note repudiates and resents imputations of bad faith brought against the Washington government and the same note reply Mexican charge which one of them is as follows: "American government has placed every obstacle in the way of attaining the pacification of Mexico what is shown by the volume of diplomatic representations in behalf of American interests which constantly impide efforts to reorganize the political, economic and social conditions; by the decided aid lent at one time to Villa by American officers and by the department of state; by the aid extended by the American Catholic clergy to that of Mexico; by the constant activity of the American press in favor of intervention, and the interests of American business men; by the sheltering and supplying of rebels and conspirators on American territory; by the detention of shipments of arms and munitions purchased by the Mexican government and by the detention of machinery intended for their manufacture."

CARRANZA TROOPS ATTACK AMERICANS.

In a message received the 20th at the Mexican Consulate in El Paso, Texas, is stated: "On last Saturday there crossed upon Mexican territory, near Matamoros, an American force on the pretext of pursuing bandits. After an exchange of fire with us, which resulted in one dead and one wounded on our part, the Americans withdrew to their own side."

Such words are an admission that carrancistas and no bandits attacked American troops.

Mexican Troops Dismantle Shops Before Leaving Piedras Negras.

The concentration of heavy forces to the south of Juarez caused the mobilization of troops from Piedras Negras and before leaving that place the Mexicans dismantled the machine shops moving large quantities of the material to the interior.

Americans and Carranza Troops in Verge of Break.

Columbus, N. M., June 20.--Carrancista troops and soldiers of Gen. J. J. Pershing's expeditionary command south of Namiqipa are on the verge of hostilities, according to reports from the field tonight. A wireless dispatch from Col. D. C. Cabell, General Pershing's chief of staff, said that the attitude of the Carrancistas was such that American motor truck supply trains are in danger of being fired upon.

The Carrancistas are said to have mounted artillery in positions menacing the Americans, and dispatches indicated that with the two commands in close proximity the danger of a clash is increasing.

Persistent rumors were current here tonight that General Pershing has split his command into three columns each prepared to move in the event of hostilities, while others said that truck trains had been fired upon. However, no confirmation of the reports could be obtained at military headquarters here.

Intoxicate Carrancista Officer Orders Foreign Hanged.

Adolph Schauer a German resident of La Colorada, Sonora, just arrived at Nogales, Ariz., said he was near to lose his life at the hands of a mob incited by a Carranza officer who was drunken. A noose had been placed around the neck of Schauer and an attempt was to hang him when officers of the staff of Gen. Ochoa interfered and placed the offender officer under guard.

Taxpayers' Association.

Santa Fe, N. M., June 21---The New Mexico Tax Review for June, issued today, is quite as interesting to the student of New Mexico public finance and official administration, as was the May number in which the Taxpayers' Association reviewed financial transactions of the department of public lands. The June number gives an analysis by Director A. E. James of the Department of Fish and Game, in which the conclusion is drawn that as at present financed and conducted the department represents a large administrative head actually administering a very small measure of protection for fish and game. It is held that the department needs more money in order to permit effi-

War between United States and Mexico is Close.

War or peace rests with Gen. Carranza. American government firmly refused to withdraw its troops from Mexico owing to the facts that bandits raids have been made often into United States territory and de facto government has not proved to be enough strong to control the situation in that country. Carranza has threatened this country to defend Mexico by an appeal to arms against the American troops and as United States will not recede from its settled determination to maintain its national rights and to perform its full duty in preventing further invasions of the territory of the United States and in removing the peril which Americans along the international boundary it is sure that Carranza forces will attack Americans and this attack shall be the starting of war.

Mobilization of American In Anticipation of Warfare.

Within a week or ten days 70,000 militiamen will be placed on boundary line open to face Carranza troops and in the event of intervention or any other action making necessary a general forward movement into Mexico it will be asked immediately for the remainder of the 100,000 guardsmen called to the service this week. Reports that reached Gen. Funston have not brought news of fresh raids but information about activity of troops of the de facto government was received.

The inquiry goes into detail of expenses of running the department. Equally interesting is the report on the audit of the city of Roswell, which indicates that during the past two years the Roswell city government has violated the Batemen act, in transferring fund balances and that members of the government have participated in profits of goods sold the city. No improper profit is charged, but violation of the law governing such participation is shown. One of the most interesting articles in the June Review is a statement relative to widening the market for New Mexico municipal bond issues. The necessity of proper maintenance of the public credit prompt interest payments and adequate sinking fund provisions, is strongly emphasized.

SECOND ANNUAL NEW MEXICO COWBOYS' REUNION.

Las Vegas, N. M., June 20. Governor McDonald of New Mexico is spending all his spare time perfecting his already excellent horsemanship and getting ready a speech for a possible emergency. Mayor Thompson of Chicago is furtively watching the calendar and counting off the days between now and a certain date in the not distant future. A bunch of carpenters are feverishly sawing and nailing from dewy morn till breezy eve; a gang of electricians are straining wire with unwonted haste; five thousand merchants and householders are purchasing bunting; a gray-haired but still youthful and peppy Irishman is neglecting everything else but plans for one big street pageant which has become his one obsession; cowboys are riding from every direction toward one common destination, and other cowboys whose headquarters and permanent hangout are located in that aforementioned common destination are working and perspiring, and, some of them, praying that not a drop of rain will fall on July 4 5-6-7.

The reason for all this pleased anticipation and hard work is the second annual New Mexico Cowboys' Reunion, which will be held for four days, beginning July the Fourth. The Governor and the Chicago mayor, by virtue of being former cowboys, are to be guest of honor, and may be called upon for exhibitions of horsemanship and speechmaking. The carpenters are knocking together the finest equipped driving and athletic park in the state. The electricians are planning to have the town so completely "lit up" that none of the visitors will feel compelled to contribute to the illumination scheme by assuming a similar condition. The dunting will make the whole blamed town look like Patrioticville.

Everybody in the southwest, with the exception of the blind, will be here, the lame and the halt having made arrangements to be wheeled in.

Regiments to Border.

Gen. Funston has requested the war department to send to the boundary as soon as it may possible a large part of the national guard in order to station them from Brownsville to Pacific Ocean. 100,000 members of the militia were mobilized to attend Funston's requirement.

A. DIDIER SON-IN-LAW HOME BURNS.

Yesterday about three o'clock the neighbors around the main street were surprised when they saw some persons running toward Mr. Didier's ranch and more was their surprise seeing in that direction one house set in fire. That house was the residence of Mr. and Mrs. C. C. Taylor. A great part of the people who noticed the fire right away went to the burning house to attempt to check the disaster and many efforts they made in vain. The fire grew with awful speedy devouring hastily all the house. In spite of the flames which obstructed the doors some gentlemen among whom we see Mr. John Becker, sr., Esplanosa, Mr. Jekerson and others entered the several rooms and take off all the furniture.

Mr. and Mrs. Didier parents of Mrs. Taylor, tried to console their daughter who was sadly weeping. Miss M. Didier too mourned and all the friends of Mr. A. Didier now deplore the sad happening.

Mr. and Mrs. C. C. Taylor, though this paper hardly thanks every person who gratuitously and earnestly help them to stop the fire and save their furniture.

Lutheran Church Notes.

Dr. John A. M. Ziegler, Pastor. The Rev. Dr. Wm. Rosenstengle, of Carthage, Ill., the first Lutheran's Pastor to begin work in New Mexico, will be with us on Sunday. Belen was the first Lutheran Preaching point in the Territory, and the Doctor will tell us something of difficulties he encountered in getting started. Dr. Schueler, of Albuquerque, will also be with us at the night service. This service begins promptly at 7:45 p. m.

A cordial invitation is extended to everybody to hear these brethren at both services.

Treviño Troops Still Quiet.

Reports reached Pershing's headquarters indicate that Gen. J. Treviño remains in quietness on Chihuahua city and it is believed that he will not make any advance unless he receive special orders from Mexico City.

New Militia Coming First.

Owing to their superiority in organization the militia of New York and those of Illinois and Pennsylvania, are called first and it is believed they will be placed at border stations without loss of time.

New Mexico Military Institute.

Roswell N. M., June 21--To be recognized by the war department in Washington as one of the ten best military schools in the United States for eight consecutive years is the splendid record that has been made by the New Mexico Military Institute. In 1909 Governor George Curry, then chief executive of New Mexico, received the first notification that the school had been so honored. A few days ago Colonel Willson, superintendent of the institute, received a similar notification from Adjutant General McCain, this being the eighth time in as many years that the school has been placed upon the roll of honor.

The improvement of the institution has been rapid and marked. Not content with being in the first ten one year, the aim has been continually to elevate the standard and to progress to higher and better things. As a result of this steady improvement many students from distant states have been attracted to the Roswell institution and advertising of inestimable value to New Mexico has been received.

Few people realize the service that the New Mexico Military Institute has been to the state and the nation. The true American ideal, training for the peaceful of business combined with equipment for war if it should come, is realized in this school. The young man is sent out from its portals fitted for any of the responsibilities of business life and at the same time, if war should come he is able to take command in the field as an officer, prepared to lead others and not compelled to learn the fundamentals duties of a soldier.

It is a school for many young men for the boys who would become leaders of men. Its academic standing is of the highest and the discipline of its daily routine is such as to give the moral nature its best development. A well conducted military school such as this is the purest democracy, where merit alone is the test of preferment.

Mr. Chas. Reinken in Town.

The above named gentleman who is a Mr. John Becker sr. nephew a few days ago arrived at this town intending visit his relative and friends in which affectionate and friendly task he will spend two or three weeks.

NEW MEXICO STATE FAIR

Albuquerque, June, 21--Much
of the lack of success of State
Fairs of former times, except-
ing that of last year, has lain in
the difficulty of securing suitable
exhibits, displays which the
various counties through worthy
of representing them at the big
New Mexico Exposition. This
difficulty will be minimized this
year by the organized co-opera-
tion of the eight county agents
now at work in as many sections
of the State.

The county agents will lend
their aid to the Fair in inducing
the farmers and ranchmen to
save their most desirable stuff,
preparing it for exhibit this fall,
and in several instances will en-
courage county fairs as a means
of selecting the best possible
articles to represent their sections
at the Fair.

This is expected to be a
great aid to the officials of the
State display, as it will keep
the counties interested and will
advertise the State Fair effec-
tively and cheaply.

LOOK ONLY ON THE BRIGHT SIDE.

All day Henry had been ex-
ceedingly troublesome, but
when his grandmother was pre-
paring him for bed he told her
how much he loved her, emp-
hasizing his words with a kiss.

But my dear! said the grand-
mother, "if you love me so,
what have you been so naugh-
ty today?"

For a moment Henry looked
troubled; then his face cleared,
and he said: Oh, grandma, for-
get that and just think of the
love?

Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't
have to go through life with a chest that the tailor gives you; with
arms of childish strength; with legs you can hardly stand on. And
what about that stomach that flinches every time you try a square
meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TABLOID FORM—
THROUGH PILLS, POSITIONS AND OTHER EXPOTRIED PIFFLE? YOU
CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all of it
—through nature's methods—not by pampering the stomach. It
is not fate that is making you a failure: it's that poor, emaciated
body of yours; your half-sickness shows plain in your face and the
world loves healthy people. So be healthy—strong—vital. That's
living. Don't think too long; send 4 cents in stamps to cover mail-
ing of my book, "INTELLIGENCE IN PHYSICAL CULTURE,"
written by the strongest physical culture instructor in the world.
