ENIGMA
 With her pale finger, pointing
 down-
 She white upon the sea! We
 rose
 On a wide beach that sloped
 down every
 To meet the little grey lifting
 waves
 But it was moved the sea, and
 all seemed
 Earth slowly had turned up with
 and to this sea
 And from mountain roofs
 The slooped sea rose,
 And from that slender finger
 glowed a light
 Shone upon the sand floor.
 One clear word
 She traced one little and minute
 shape word,
 Then fast before me to the silent
 and
 And, by, while yet I pondered on
 that name
 An eager wave leaped in and
 scintillated it out
 And that is all I know of my
 beloved

ESTABLISHED IN 1911

Carlsbad, N. M., Friday, Sept. 22, 1911

Carlsbad Current established November 12, 1909. New Mexico was established May 12, 1906. The two papers consolidated October 13, 1907.

Official Paper of Eddy County.

Turnout and vote. The election of a district judge is in progress. Saturday, September 23rd.

General Wilson, the great Beer commander, has chosen to affiliate with the democratic party of New Mexico. He says republican politics are too rotten.

H. M. Dow, one of the candidates for district attorney is almost a native of Eddy county and he is undoubtedly an exception among young men being only twenty-five years of age and has made good as city attorney of Roswell. While the Current is not inclined to prejudice the case of any democrat there is no doubt that Mr. Dow would make a safe and able district attorney.

Tomorrow will be a very important day in the political history of Eddy and the three other counties that constitute the fifth judicial district of New Mexico. The man that the democrats say by their votes is to be the nominee of the party for district judge will be elected as much as if he were to be the winner at the polls at the regular fall election, for there will probably be no opponent then. Whoever is elected tomorrow will be a democrat, for both candidates are good democrats. Neither will force a poor man without a coat to borrow one before appearing before them in the court room in sweltering weather. Neither will hold any case under settlement for from three months to six years and our district will never again in all time, as long as the world exists, be cursed with an oppressive judge. The people are now supreme and it is as it should be, for the man who is judge.

The judicial board of equity will be held here this week in investigating a charge in the law in reference to assessments, as follows: "It is the opinion of this board that the tax laws of New Mexico need careful and thorough revision, with a view of making them more simple, more effective and less expensive. The present method of requiring individual property owners to value their own property is a fruitful source of gross inequality of assessment and we would recommend that such requirement be repealed and that all valuation be made by the proper officer with a view to equality in assessment." Certainly something should be done to prevent the return of ten thousand dollar residences at \$1,000 and \$2,000 stocks of merchandise at \$5,000 and household goods at less than five per cent of their value. A change might be made so that sheep owners would be assisted in finding at least as many sheep in the spring as they sell lambs in the fall. This might relieve some of the wool-bearing sheep of the necessity of carrying around 65 pounds of wool apiece. Santa Fe Eagle.

"Nothing tends so much to support Republican institutions as rotation in office," says Judge Freeman. Once elected that when a man gets into office he may stay there, and the people who do the voting lose interest in public affairs; and then comes fraud, graft and a general state of corruption. It is undoubtedly a righteous sentiment that persuade the people that no man should ask for an important office for more than a reasonable term.

Don't forget to vote at the primaries for judge and district attorney, Saturday, September 23rd.

F. E. Turner Candidate for Sheriff

F. E. Turner, announces for sheriff this week. Mr. Turner is a resident of Artesia and is the only candidate from that town asking for the vote of the people of Eddy county at this election. He was born in Lebanon, Tennessee, in 1864, and came to Haskell county, Texas, in 1881, and to New Mexico in 1904, locating at Artesia, where he has been engaged in the feed and fuel business for eight years. His stamping ground while in Texas was in Haskell and Val Verde counties, and for twenty-three years he was always arrayed on the side of law and order, and was highly respected in a part of Texas where, as all know, it was difficult to maintain order in those early days.

Since coming to Eddy county he has led a quiet life and has always been respected as a good and reliable business man. He is a member of the Methodist church and also belongs to several social organizations. Mr. Turner states on his cards and in his announcement that he only wants the office one time and he believes in the provision of the constitution limiting the length of time to four years.

For Sheriff

"I am a candidate for the office of sheriff of Eddy county, subject to the primary election, and only want the office one time. I am the only candidate from Artesia for county sheriff, and I am eager to help the people of my county elect a sheriff."

"Try to Smile"

Should hard luck come your way—
Try to Smile!
To worry, does not pay—
Try to Smile!
The storm clouds of to-day
May to-morrow pass away—
Try to Smile!
If your business should go wrong—
Try to Smile!
And "Failure" come along—
Try to Smile!
Just strike a quicker pace
And you then will win the race—
Try to Smile!
When you are feeling blue—
Try to Smile!
Should others frown at you—
Try to Smile!
It helps to smooth the road
And lightens up the load.
When you Smile.

Do you want to go up in an airship? If so, just write a letter to Leonard McKee, publicity man for the Roswell Products Exposition. On all three days of the big Exposition October 5, 6 and 7, McKee & Wetzel, aviators of national reputation will make flights in their big Curtiss biplane and Wetzal, who has made a name for himself by his wonderful flights with passengers will take up several of New Mexico's more nervous citizens with him while there. The railroads have made such low rates for the exposition that the management are sure that many persons from a distance will be present, so they will have a drawing to see who is to be Wetzal's passenger. If the first choice gets "cold feet" the next choice will be taken. Got your name in early, if you want an airship ride. Incidentally if you should win you could be the first New Mexican to go flying in New Mexico as these biplanes will be the first ever flown in the new state.

Mr. E. W. Wright.
The Advocate has the announcement of Mr. E. W. (Whit) Wright as a candidate for county commissioner of District No. 2, which includes the northern portion of Eddy.

Mr. Wright is a native of Arkansas, and comes of a family of prominent democrats in that state. He represented Arkansas at the World's Fair in a most creditable manner. He was ever active in behalf of the success of democracy wherever he might be. He has been engaged in different business enterprises, in all of which he made a success. He is well qualified for the position he seeks.

Mr. Wright lived for some time in the country near Artesia, and recently came here and engaged in the grocery business and has made a signal success at that.

Mr. Wright is a genial, wholesome, enterprising man, and he possesses the ability and energy to make a most excellent commissioner.

The following is his platform: I believe 1st. In a business administration of the affairs of Eddy County.

2nd. That the building and maintenance of roads is necessary to the development of Eddy County.

3rd. That all property in Eddy County should bear its just proportion of taxation, no more and no less.

4th. That taxation for necessary purposes is beneficial to every taxpayer. Taxation for luxuries is confiscation of property.

5th. If elected, I will view the county as a whole in the administration of its affairs and not be influenced by sectional strife. —Artesia Advocate.

Regarding the above the Current will state that on account of Mr. Wright being in the county only a short time probably one year, his knowledge of the county is too limited and he is too new a man for commissioner. He is running against Uncle Joe Graham, one of the old timers and a man who has always been fair to all and in whom even the friends of his opponent cannot find a blemish. He has occupied the commissioners office a short term of two years and made good and the people want him to remain one more term when he will be glad to turn the office over to another, but at present it would be dangerous to elect a new and untried man or "swap horses while crossing a stream."

Platform of George L. Reese Candidate for District Judge

In announcing my candidacy for the office of District Judge of the Fifth Judicial District of the State of New Mexico, I desire to state to the voters and citizens of the said District the following:

I am a democrat and have been a faithful adherent to the principles of the grand old party all my life. I have always been loyal to their platform, national state county and municipal, as exponents of the principles of the party and heartily support those principles enunciated in the last Territorial Democratic platform. My political faith is based upon the eternal principles of freedom. "That all men are created equal; that they are endowed with certain inalienable rights, among which are life, liberty, and the pursuit of happiness; that to secure these rights governments are instituted among men, deriving their just powers from the consent of the governed."

I am making my campaign not as a representative of any faction, but solely as a democrat, basing my candidacy, as I believe all aspirants for this important and responsible position should, upon the broad and safe pedestal of equal rights to all and speedy redress to none. I believe in the "square deal" and that equal justice should be administered to every man, corporation, or corporation, whatever be their profession, business or employment.

All solid laws enacted by any properly constituted law making body should be enforced, until repealed by the body that enacted them. If elected to the office of Judge, it shall be my constant purpose to fairly and impartially decide every case solely according to the established rules of law without fear or favor.

I was admitted to the bar in Comanche county, Texas, in August, 1890, and licensed to practice in the Supreme and inferior courts of Texas, and have been a practicing attorney for fourteen years, locating in Portales, New Mexico, a little more than seven years ago, and have been in the active practice of law at the latter place to the present time. I invite investigation both as to my professional standing and ability and as to my private life as a citizen.

GEORGE L. REESE.

PREVENTION OF DUST ON ROADS

Permanent Treatment of Public Highways With Tar.

PRINCIPAL MATERIAL USED.

If Work is Properly Done a Tarred Road After Being Opened For Traffic a Short While Takes an Appearance Closely Resembling Asphalt—it is Waterproof and Dustless.

Although the problem of dust prevention on public highways is by no means a new one, its importance has been greatly accentuated by the comparatively recent introduction of the automobile. The dust raising tendency of the latter is due to the destructive shearing action of the tires of the driving wheels and the intense suction and eddying producing effect of the car body in passing swiftly over surfaces which have been already loosened up by tire action. In the days of the horse drawn vehicle the iron shoes of the horse and the tires had a tendency to consolidate rather than loosen up the surface of a well made macadam road, and the comparatively small amount of dust which gathered could be sufficiently laid by one or two daily trips of the watering cart. The advent of the automobile, however, has complicated the problem greatly, and it has become necessary not merely to find a more efficient means for laying the dust, but to provide also a method of road construction which will more firmly bind the road material together and enable it to stand up under the extreme conditions which the automobile has imposed.

The most valuable quality in any dust preventive is its ability to hold together the finely divided material which is produced on or near the surface of the road. The value of any oil, asphalt, emulsion or what not lies at the last analysis in its "binding power," and this quality in any dust preventive is proportionate to the amount of bituminous base which it contains.

The principal material used in the permanent treatment of roads with tar

A ROAD BEING TREATED WITH TAR.

are coal tar, refined coal tar and water gas tar. They may be used effectively either by applying them to a road already finished or by incorporating them in the surface material of the road during construction. In applying the tar to an old road the surface should be thoroughly dry, comparatively warm and free from dust.

Moisture prevents the tar from proper contact with the stone, and a cold surface stiffens the material and prevents its being absorbed. Before the application is made cuts and hollows should be filled and the surface brought up to a smooth and even condition. The tar, heated to about 130 degrees F., is spread upon the road through a hose or by other suitable means and is then thoroughly broadcast.

After this has been done, to secure good results, the surface treated should be closed to all traffic for about twelve hours so as to give the tar an opportunity to thoroughly sink in the surface. Next a coat of clean sand or stone chips should be applied to absorb any excess tar and dry up the surface, as it were. The road should then be rolled thoroughly to bring it into condition.

In applying the tar in new construction the road should be formed and consolidated without the use of water. The roads should be filled with fine stone chips free from dust, and care must be taken not to roll the surface too heavily or the tar will not adhere properly. The tar may be applied through all of the courses as they are laid and rolled, but occasionally the upper course only is so treated. After tarring, a top dressing of material is laid on and the surface is thoroughly rolled. The tar-spreading may be done either by hand in which case an excess above what is necessary will probably be used, or it may be spread on by an apparatus mounted on wheels, the tar being discharged under pressure at the road surface by specially designed spraying nozzles.

If the work be properly done, a tarred road after being open to traffic for a short while takes on an appearance closely resembling asphalt, being smooth and firm, practically noiseless and more resilient than asphalt. It is largely waterproof, practically dustless, and the resistance to traction is less than that of an untreated macadam road.

"THE LITTLE WORKERS."

Seventeen Chicago Children Banded Together to Clean Neighborhood.

Can anybody imagine seventeen boys and girls of tender age promising to stop gum chewing? Well, it is true, and that is only one of the reforms—though the most remarkable—that the west side of Chicago is undergoing. In addition to resisting the allurements of gum, these seventeen young west sides, banded together as the Little Workers, are sworn to cleanse the name and fame of their neighborhood by these means:

Cleaning back yards.
Planting flowers and vegetables.
Replanting and curing for front yards.
Picking up all loose bits of paper.
Watering all the trees.
Seeing that garbage is placed in closed boxes.

HOW TO BUILD.

Build these more stately mansions at my son.
As the swift seasons roll,
Leave this now vaulted past.
Let each new temple, nobler than the last,
Shut thee from heaven with a dome more vast.
Till thou at length art free,
Leaving thine overgrown shell by life's unresting sea.

The above report was accepted, members and proxies seated and the committee discharged.

A motion was offered by F. M. Richards and seconded by R. M. Thorne that the new Eddy County Democratic Central Committee be elected on Oct. 14, 1911, the date for holding the primary election for the nomination of legislative and county officers, to serve for a term of two years. The motion was carried by a unanimous vote.

The following resolution offered by J. L. Tullis and seconded by Scott Etter was carried by a unanimous vote.

"Be it resolved that, since the meeting of the Democratic executive committee (termed the County Central Committee) held on the 30th day of Aug., 1911, at the Court House in Carlsbad, New Mexico, the said committee through its chairman and secretary has been notified that the District Judicial Committee has designated the 23rd of Sept. for holding a primary in Eddy coun-

ty for the selection of candidates for District Judge, and District Attorney, and

"Be it further resolved, that this committee being desirous of working in harmony with the district and state committees, does now rescind its action of Aug. 30, 1911, and contained in an amended motion reading as follows:

"That this committee name Oct. 14, 1911, as the date for holding the Eddy County Democratic Primary election to nominate candidates for the various county, legislative and judicial offices.

"And be it further resolved, that this committee now designate the 23rd of Sept., 1911, being the same date chosen by the Judicial Committee, as the date for holding a democratic primary election to nominate a district judge and a district attorney provided the expense of same is borne by the respective candidates for those offices.

"And be it further resolved, that this committee now designate Oct. 14, 1911, as the date for holding a democratic primary election for the purpose of nominating all legislative and county officers."

Moved by F. M. Richards and seconded by R. M. Also, that the ten delegates to be chosen to the State Convention shall be apportioned among the various precincts in Eddy county according to the democratic vote cast in each precinct.

These delegates shall be elected by the voters of the various precincts on the same day and at the same time of the election of the district judge and district attorney and the chairman of this committee is hereby authorized to have printed on the judicial primary ticket the words: "For Delegate to County Convention" and he shall have printed on said ticket the number of delegates to be voted for in each precinct and no vote shall be counted for delegates where the voter inserts more names than the precinct is entitled to. A certificate shall be issued by the judges of election to the person or persons receiving the highest number of votes for the number of delegates allowed each precinct.

The above motion was carried by a unanimous vote.

The rules and regulations governing the primary elections in Eddy County for both September 23, 1911, and October 14, 1911, as hereto attached were passed by a unanimous vote, after which the meeting adjourned.

W. G. COWAN, Chairman

Attest: J. B. Harvey, Secretary of Eddy County Democratic Central Committee.

Moved by Scott Etter, seconded by G. U. McCrary that the following rules and regulations for the holding of Democratic Primaries in the County of Eddy and State of New Mexico be adopted by the Executive Committee now in session to govern and control such primaries, and that the chairman of the Executive Committee be instructed to transmit a copy of such rules and regulations to each judge appointed to hold said primaries in

each precinct prior to the date for holding same.

1st. In any precinct, if twenty per cent of the voters shall apply to the chairman of said precinct for a change in the voting place, the said chairman of the precinct shall have the right to designate a voting place and appoint judges for the same where no judges have been appointed by the committee. Such action, however, being subject to the approval of the committee.

2nd. In the event the parties above named to hold the election in the respective precincts are not present at the hour of the named for the holding of said election, then if either of the said parties are present then at hour of opening the polls at the said voting precincts, the voters present shall select from qualified electors other judges who shall hold the election at the voting precinct; and three judges named in each of the above voting precincts shall on the day of the election name two parties to act as clerks.

3rd. Each judge of election shall be duly sworn upon his oath before some person, where possible, duly authorized to administer oaths for the Territory of New Mexico, (if not, the judges may swear in each other) that he shall support the constitution of the United States, and the Territory of New Mexico, and that he shall fairly and impartially conduct the election of which he has been appointed as judge without prejudice or favor to any person or candidate according to the rules and regulations prescribed by the Executive Committee of the Democratic party of Eddy County, New Mexico.

4th. No one shall be allowed to vote unless he shall be a legal voter in the precinct in which he offers to vote on the day of the next general election. The qualification of the legal voter being that he must be a citizen of the United States, either by birth or declaration, and over the age of 21 years; must have resided in the territory of New Mexico six months in the county of Eddy three months and in the precinct in which he offers to vote twenty days next preceding the general election to be held in November 1911. In regard to doubtful voters the rule shall be that they must be either on a previous registration list in Eddy county or present their naturalization papers to the judges or must present to the judges of the election a written oath that they are citizens of the United States and must be a democrat.

5th. Each qualified elector in order to entitle him to vote in the primary election, must be a democrat. Any man who has not heretofore been a democrat may be such a democrat as named above if he has in fact severed all party connection with all other political parties and does in good faith expect to associate and affiliate permanently with the democratic party; and each voter must pledge himself on his honor to support the democratic ticket as nominated.

6th. The judges of the election shall have control of the vote and pass upon the right of all applicants to vote. Everyone offering to vote shall be subject to challenge by any qualified elector. If any one whose vote is challenged shall be rejected, his vote shall be placed in an envelope, sealed and the applicant or some one at his request shall write his name across the envelope and the envelope shall be marked rejected for the reason that the applicant (here state the facts causing such rejection on such envelope) and all votes so rejected by them and sealed up shall be sent with other papers to the chairman of the democratic executive committee, and shall be considered or disposed of at the time the proper parties meet to canvass the returns and declare the results, and then they shall ascertain from the returns as hereinafter provided for, that number of votes cast for the respective candidates and all the challenged votes the parties then count and admit shall be placed with the regular votes from that precinct, and those that are rejected by the body shall at once be destroyed in the presence of the public.

7th. No one shall be allowed to vote outside of his own precinct except when he shows to the satisfaction of the judges that it is impossible and impracticable for him to be in his own precinct and he must show good and satisfactory reasons for not being there and that he has not voted in any other precinct at this election.

8th. At any time within five days previous to the time above specified for the holding of the primary election each candidate for office shall submit in writing to the chairman of the democratic executive committee, which shall be kept on file by him his declaration which shall in substance be that he submits his name to the decision of the democratic primaries, and will abide by the result, and support all the nominees made thereat. In case one shall fail to comply with these requirements though he receive sufficient votes to become the nominee, he shall

not be declared the nominee of the party, and his place shall be filled by the democratic executive committee, it always observing the next highest vote.

9th. The ballots used in the primary election shall be printed on plain white paper, about three inches wide and about eight inches long, and the names of all the candidates who have submitted their names in writing to the chairman of the executive committee as is provided for above, shall be placed on each and every ballot and the chairman of the executive committee is hereby authorized, and it shall be his duty to have delivered at the time of the opening of the polls to the proper officers of holding the election there, all necessary tickets as above mentioned. Each voter at the time and place of voting shall procure from the judges of the election a ticket as mentioned above, and must then and there in the presence of the officers of the election, yet in private, make out and privately vote it, and no vote shall be received unless the party offering to vote it shall at the time and place of voting get the ballot from the officer, making it out and voting it as above provided, even if the voter does not care who sees his ballot.

The officers in charge of the ballot shall see that each voter does not take the ticket away from the voting place, and that no one know how the voter voted; provided the voter cannot make out his own ticket, he shall then request some judge or clerk to make it out in private at the time and place of voting. And in such way that its secrecy cannot be known to any one except the voter and the identical party making it out for him. No voter can have his ticket made out for him unless he cannot make it out for himself. The judges in charge shall make such reasonable rules as are necessary and proper to see that the true spirit of this section is carried out to the letter and no ballot shall even be received until the voter complies with the above requirements as to receiving his ticket, making it out and voting the same. Colored tickets may be used for electioneering purposes, only, and no papers shall be allowed on the official tickets.

10th. Each candidate shall have the right to select one man who shall have the right to be present with the judges and clerks of the election to see that his interests are properly treated.

11th. During the count of the ballot it shall be the duty of the clerks of the election to see that all the names on the ballot are called correctly and to see that the secrecy of the ballot is preserved.

12th. The candidate receiving a plurality of the votes cast shall be declared as hereafter provided, to be the candidate of the democratic party of the office for which he is nominated.

13th. The judges of the election in each precinct shall keep in writing two separate lists of the names of the voters voting, also two tally sheets showing the number of votes cast for each candidate and for what office. These shall be made out on the day of the election. One list of the voters, and one tally sheet shall be retained by the judges holding the election, and the other tally sheet and ballots shall be within five days after the election in the voting precinct, transmitted by mail, duly registered, to the chairman at Carlsbad, New Mexico, by one of the judges holding the election. These two lists of voters voting and the two separate tally sheets shall be signed by the judges holding the election at the voting place and also by the clerks and they shall certify in their respective official capacities that the same are true and correct. Personal Sketch of K. K. Scott.

K. K. Scott was born in 1875 at Knoxville, Tennessee. He received his education at the University of Tennessee.

He was admitted to the bar to practice in the courts of Tennessee at Knoxville in 1896.

In 1897 he was appointed as a deputy clerk in the supreme court of Tennessee.

He came west into Arizona in 1899, and later located at Gallup, New Mexico. He was admitted to the bar of New Mexico in 1899, and practiced in New Mexico and Arizona until he came to Roswell. He was active in politics there and was one of the leading Democrats in that Republican section.

Mr. Scott located with his family in Roswell in 1904.

He served as city attorney of Roswell under both the Hinkle and Stockard administrations, and a short time under the Richardson administration, covering a period of about five years and in that office made good.

In 1907 he was elected secretary of New Mexico Bar Association.

He served as United States Commissioner on the Plains in east Chaves county under appointment of Judge Wm. H. Pope in 1909, where he is well and favorably known.

Mr. Scott is a member of the Roswell camp of Sons of Confederate Veterans, and has been a Democrat from infancy up.

He has never before been a candidate for any office, or asked for any office at the hands of his party. He is not a candidate of any man, or set of men, element or faction, but submits himself to the will of the Democratic voters at the primary election to be held on the same day in each county in the district and, if elected, can be depended upon to enforce the laws as they are written without fear or favor.

Mr. Scott is well known throughout the district, and will no doubt prove a formidable candidate.
