CORPORATION COMMISSIONERS

Don Severino Martinez, candidate for corporation commissioner, is a ranchman at Black Lake, Colfax county, New Mexico. He was born in Taos county, near the town of Taos, July 2, 1855, being the son of Don Pascual Martinez and Teodora Gallejos de Martinez. His father was a native of Abiquia, Rio Arriba county, and was a farmer and stock raiser.

Following the completion of his education with the Christian Brothers in Taos and Mora, Mr. Martinez began ranching in connection with his father and his brothers in Union county, which was then part of Colfax county, and was so engaged from 1871 until 1882. When his father died the cattle and sheep were divided among the sons. About this time, however, Senator Dorsey and his associates began making alleged fraudulent land entries and trouble ensued, resulting in the shooting of herders on both sides. Because of this, Mr. Martinez came to the Black Lake district, and took up government land, on which he has since resided and where he raises sheep and cattle. He also raises sheep in Union county.

His political views are democratic. He was member of the lower house in 1895, serving one term. For sixteen years he has been school director of the district which he organized two years after the precinct was organized.

He was married January 1, 1877, to Guadalupe Maroz, who was born in Taos, and was a daughter of Cristoval Maroz and Trinidad de Maroz. They have five sons who are all democrats.

C. L. Owen, of Clovis, New Mexico, candidate for corporation commissioner, was born in Oskaloosa, Iowa, October 1st, 1875, moved to the state of Kansas while quite young, and was educated in the public schools of that state, and lived on a farm with his parents until grown.

He taught three terms of public school in Kansas and then took up railroad work with the Santa Fe railroad company, and worked there from 1899 until 1908, in the states of Kansas and Oklahoma, Texas and New Mexico. After leaving the service of the Santa Fe company he engaged in business at Clovis and has been so engaged ever since. He has been much interested in the development of eastern New Mexico and has devoted a considerable portion of his time and several thousand dollars in money to that purpose.

He has been a life long democrat, and has devoted considerable time and money in the interests of democracy in New Mexico. If elected his policies will be constructive and not destructive to the interests of

the whole people, it men from the view point of a business man.

All of his interests are in New Mexico and in carrying out the above policy. He will be working to his interests as well as that of the entire people.

Geo. H. Van Stone, of Edgewood, New Mexico, candidate for corporation commissioner, was born at Paola, Mo., December 20th, 1872 and attended the public schools of that city. He has a set of commercial books for 10 years after leaving school.

At the age of twenty he went into the First National bank at Edgewood, Mo., remaining there for about eight years being paying father for the last three years of that time. Mr. Van Stone came to New Mexico in 1890 and has resided here since, excepting three years, during which time he resided in Denver, being connected with the New Mexico Copper and Wood House, at M. J. McLean & Co., which maintains offices at both Santa Fe and Denver.

January 1st, 1906, he was appointed general manager of the Hughes-McCormick company, general agents at Espanola and Moriarty and has since been elected its president which office he is at present filling.

He was married in Santa Fe in 1902, to Miss Bertha Hart, has two children, a son and a daughter. His present residence is at Espanola, New Mexico.

SUPREME COURT JUDGES.

William A. Dunn, candidate for justice of the supreme court on the democratic ticket, was born in Marion, Georgia, March 20, 1860. In the same year his parents moved to Illinois, in northern Georgia, and later to Texas, in 1870. Mr. Dunn then became associated with western life and conditions, and grew up largely in Comanche, Texas, where that town was the flourishing center of the "Free Range" cattle country. He has been identified with the west and its people ever since. He attended Baylor (then Waco) University, and on reaching married life located at Bonham, Texas, where he was admitted to the bar in the year 1883.

He was active in his profession from the first and always maintained a large and successful practice. With the exception of four years spent at Ryan, Indian Territory, (1897-1901) Mr. Dunn followed his profession in northern and western Texas from the date of his admission to the bar until his removal to Roswell, in the early part of 1905.

Since coming to New Mexico, nearly seven years ago, he has handled many of the most important civil cases in his section of the country, and has often appeared at the bar of the Supreme

court. He is at present associated in business with Judge James M. Dye. Mr. Dunn was married in 1886 to Miss Helen Henton, at Sherman, Texas, and is the father of two promising boys.

Richard H. Hanna, candidate for the Supreme bench, was born at Kankakee, Illinois, on the 31st day of July, 1873. He attended the public schools of that place and in 1890 enrolled himself as a student at Northwestern University, at Evanston, Illinois, where he remained two years, until his health compelled him to go west. In January, 1900, he enrolled himself as a law student in the law department of the University of Colorado, at Boulder, graduating from that institution in June, 1903.

After his graduation he took up his residence in Santa Fe, and entered the practice of the law, continuing there from that time until the present. Mr. Hanna is a member of the Masonic and Benevolent and Protective Order of Elks fraternities being at the present time deputy of the supreme council of the Scottish Rite of Freemasonry in New Mexico.

He was admitted to the bar at Albuquerque, N. M., May 4th, 1894 and has been continuously engaged in the practice of his profession, except four years when he was clerk of the district court of the Second Judicial district of New Mexico.

Was three times mayor of the city of Albuquerque.

COMMISSIONER OF PUBLIC LANDS.

John L. Emerson, candidate for commissioner of public lands was born in Missouri, thirty-nine years ago. He has been a resident of Eddy county, New Mexico, for the last fifteen years. His occupation has been real estate and insurance. He has served Eddy county as assessor and deputy assessor for years. He is thoroughly acquainted with all land matters. His father, A. J. Emerson, was a member of the faculty of William Jewell college, at Liberty, Missouri, for seventeen years, where Mr. Emerson was educated. Both parents came from North Carolina. Mr. Emerson has been married nine years and has one boy six years of age.

Mr. Emerson was also chairman of the democratic county central committee for four years and served for two years as a member of the town board of trustees and justice of the peace for this precinct for three years. All Doing the Same.
"What is he so angry at you for?"
"I haven't the slightest idea. We met on the street and were talking just as friendly as could be when all of a sudden he flared up and tried to lick me."
"And what were you talking about?"
"Oh, just ordinary small talk. I remember he said, 'I always kiss my wife three or four times every day.'"
"And what did you say?"
"I said, 'I know at least a dozen men who do the same; and then he had a fit.'"

A PRAYER IN RHYME.

These are the gifts I ask of thee,
Spirit serene—
Strength for the daily task,
Courage to face the road,
Good cheer to help me bear the
traveller's load,
And, for the hours of rest that
come between,
An onward joy in all things heard
and seen.
These are the gifts I ask
Wouldst thou have these take away
Maiden and cold disdain,
Hot anger, sudden hate,
Scorn of the lowly, envy of the

And discontent that casts a

SKETCH OF Mc DONALD

THE DEMOCRATIC NOMINEE FOR GOVERNOR.

A man who will be an Honor to the Office Instead of a Disgrace as Would be the Plunderbund Candidate.

William C. McDonald, democratic candidate for governor of New Mexico, was born on a farm, near the little town of Jordanville, in the southern part of Herkimer county, New York, not far from the shores of Otseska Lake, in 1858. His mother died when he was about four years old, and his common school years were spent on the farm and in attendance at the little public school which was about a mile from his home. He began teaching at the age of 17, and after having attended a teachers' training academy, and accumulated sufficient capital to complete his education at Genesee Seminary. He resumed teaching and while thus engaged, studied law, although he never engaged in its practice.

Mr. McDonald came west to Fort Scott, Kansas, in the spring of 1880 and while there he was admitted to the bar. In the same year he came to Las Vegas and from that place went overland to White Oaks where there was considerable excitement.

over gold discoveries, which had been made there. He secured employment in a store owned by A. H. Janse, and the next year 1881, he took up surveying and mining engineering work, which he followed successfully until the summer of 1890 when he took charge of the Carrizozo ranch temporarily. He had formerly done considerable work for the ranch company, which is a foreign corporation, the stock of which is held mostly by people of small means who are dependent on it for revenue.

In the fall of 1890 after he had been there a few months, he took charge of the ranch and he has been practically in the absolute control of the management of its affairs ever since, conducting the business successfully and to the entire satisfaction of the stockholders.

"During this whole time," said Mr. McDonald, "I have never used a dollar for politics or any one's money except my own."

He has been honored by the people of his county at different times by being elected to official positions. He was assessor of Lincoln county in 1885 and 1886, was elected as a member of the house of representatives of the twenty-ninth legislative assembly, from the counties of Lincoln, Chaves and Eddy in the fall of 1890, and was elected as a member of the board of county commissioners of his county in 1904, serving as chairman of the board in 1905 and 1906. Last December he was selected, in his absence, and without his knowledge, as chairman of the democratic central committee, which position he filled with credit until his nomination for governor this month.

Mr. McDonald served the people of Lincoln county faithfully, capably and efficiently during

WOMAN'S CLUB MEETS.

Interesting and Excellent Paper

Read by Mrs. N. Cunningham ham.

The following excellent paper was read before the Woman's Club of Carlsbad, at its regular meeting, held October 17th, by Mrs. N. Cunningham, the club president.

The re-assembly of the Woman's Club, this autumn, promises a year of rich returns to the members when the first year of staided confronts New Mexico.

The membership has been increased, thereby bringing new life and the organization of a state federation of clubs has been effected.

As we all know women's clubs have sprung up only within comparatively recent years, but now all over this broad land of ours their name is legion. It is like the first rabbit brought into Australia, which island is now overrun with the bunnies.

The town without a woman's club is like a town without a woman's club. It is like the first rabbit brought into Australia, which island is now overrun with the bunnies.

This great and increasing number of clubs, these large federations, are facts; they exist; they are to be reckoned with as forces in our community and National life.

This woman's club movement is so far reaching that it represents the womanhood of our community, state and Nation. It represents you, whether you help or hinder its work. A club is either a good club, helpful to its members and its town, or it is not. If it is, you should be with it; if not, we need you the more.

If we don't do enough, it is because our faithful workers are too few. What we want, what we are striving for with all the power of our hearts and brains and hands, is an association of all the earnest, thoughtful women of this town.

It is a fact of women's organizations that what work they do must be done in such fragments of time as busy women can snatch from other duties. No matter how devoted and self-sacrificing our members may be their time is so limited that it takes many working together to do anything. If all would contribute their little, the aggregate would be greater and the stress less.

We are seeking to do anything and everything within our power for the betterment of Carlsbad. As members of the federation we are in touch with large movements, but our local field is too large for our laborers, and our interest centers there. A greater interest in our reading room

and a paid librarian to keep the same and the library open each afternoon and evening; a more attractive town; greater civic pride. These are a few desirable things for future work.

As Cynthia said in Hamlet, "We know what we are, but we know not what we may be."

On Saturday evening October 21, the C. I. C. class of the Sunday school, gave a surprise party at the Masters' home in honor of Miss Ora Masters who is intending to leave the first of November for El Paso, Texas, to take a three years course as trained nurse. The evening was very pleasantly spent in games and music. Delicious refreshments were served consisting of grape juice fruit punch, cake, apples and bananas. All departed at a late hour, wishing Miss Masters success in her new vocation. Miss Masters will be greatly missed by the Otis Sunday school.

Parties wishing fine liquors at reasonable cost, phone or write W. F. Cochran, Malaga, New Mexico, Schlitz, Beckweiser, and all standard beer by the case.

Miss Norine Hensley left last night on her return to Carlsbad after having spent two weeks here visiting her aunt, Miss Sue Odem, Tuesdays Roswell Road.

Mrs. W. T. Read, wife of the well known editor at Carlsbad, was a visitor here yesterday and returned home last night accompanied by Miss Ruth Green, who will visit in Carlsbad a few days and then go to Fort Worth for an extended visit with her father, Tuesday's Roswell Road.

Mr. and Mrs. W. E. Thayer, Mary and Florence came in from the ranch Sunday, and left for the north Monday morning. Mrs. Thayer stopped at Artesa to visit with her daughters, Misses Julia and Eula who are attending college there. Mr. Thayer going to Roswell to Federal court, visiting with their son Ralph. They returned Tuesday to Carlsbad accompanied by Ralph, Julia and Eula, all spending the night here. The young people returned to school Wednesday morning, the parents leaving for home.

Mrs. Slaughter and daughter Miss Rosa Lee, of Liberty Missouri, came in Friday and left Monday for the Thayer ranch where they will spend a few months for the benefit of Mrs. Slaughter's health. She is mother of the Misses Lucy and Grace Slaughter who are teachers in the valley.

School Notes.

The Literary societies of the High school will render a joint program, November 3rd. This program will consist of debates, dialogues and perhaps a short play. The High School Orchestra will furnish music. The public is invited.

Friday afternoon is an interesting time with the children in the grade building. At this time the girls, from the Third grade to the Seventh, have their sewing period. The boys of the upper grades have whittling and carpenter work. In the lower grades the children have cardboard construction and various other forms of busy work. The patrons of the school could find no better time for visiting it than Friday afternoons.

By the way, have you visited the schools? Do you realize that more than 500 children are attending every day? There are fifteen teachers for you to meet and with whom you may confer as to educational problems. The children like visitors. You owe it to the town and community in general to form an intelligent estimate of an institution which costs the school district more than \$12,000 annually.

The fifth grade is the largest grade in school. Four-fifths of the new students of the past few weeks seem to belong to that grade.

The Kindergarten still maintains an attendance of over thirty. Have you ever seen a kindergarten at work? If not, you would enjoy a visit to that department more than to a circus. Their hours are from nine to eleven.

The next meeting of the Home and School association will occur on the third of November. An excellent program has been arranged. The place is the High School Auditorium, the time is 3:30. Come! You can't afford to miss it.

Superintendent Poore and perhaps one or more other teachers will leave about November 12th, for the New Mexico Educational meeting at Santa Fe. November is an interesting month for the teachers of Eddy county. The N. M. E. A. meets November 15th to 18th. The Eddy County Teachers' Association meets on Friday and Saturday after Thanksgiving. On Friday November 27th, there will be a tennis match between the Seventh and Eighth grade girls and on November 28th the literary societies play a match between both boys and girls. The respective teams are practicing daily. Come and see us.

Miss Mattie Brown, of La Monte, Missouri, arrived last Thursday for a visit with her brother-in-law, W. H. Hull. Miss Brown resided here for several years in the '90's.

V. H. Lusk, who served on the board of commissioners of Lincoln county for a term with W. C. McDonald, states that from a close acquaintance and personal knowledge of Mr. McDonald, that he never knew a more conscientious or honest man in New Mexico. John R. Joyce also knew Mr. McDonald in White Oaks in 1897-98 and says that McDonald would make an ideal governor. Mr. Joyce says that McDonald was a better equipped by education and experience than for the office.

Teachers, Attention!

It may not be generally known to teachers throughout the county that the time for the meeting of the Pecos Valley Teachers' Association has been changed to the Friday and Saturday immediately preceding Christmas, instead of just preceding Thanksgiving as formerly. All teachers please take notice of this, for a mix up in dates for so important a meeting would be serious.

Sherrill Stewart, Joseph T. Cooper, Dock Vest and Sam Alden left Monday morning with Jas. O. Lynch, Will Crockett and H. D. Simmons, the last two for lawrens and check raising, to look out to serve six months and Simmons one year in the penitentiary, where Lynch was taken for safe-keeping. Clyde Bledsoe and Jay Gibson were taken to the reform school at Springer, each sentenced for four years.

Mrs. L. M. Canfield entertained a few friends last Tuesday at her home in this city, this being the second in her series of parties. A delightful time was spent, the following being the favored guests: Mesdames J. D. Walker, Gossett, Sellers, Lewis, C. W. Lewis, Sarah Crawford, Thorne, Daugherty, Linn, Susan Wilson, Will Parry and Miss English.

R. Ohnemus returned Monday from a trip to the D. ranch fifty miles south west, where he installed a gasoline engine for pumping water for cattle for Mr. Barnett. He says that country experienced quite a spout of snow.

WANTED: STOCK TO PASTURE: A 20 section pasture, fine grass and plenty of water, good fence, ten miles south of Pecos. Will lease pasture or take cattle by month.
