CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, OCTOBER 13, 1911.

NUMBER 37

ENTHUSIASTIC DEMONSTRATION.

In Honor of W. C. McDonald, the Democratic Nominee for Governor, upon his Homecoming.

TORCH LIGHT PARADE AND ADDRESSES.

When it became known Monday that Hon. W. C. McDonald, the democratic nominee for governor, would return home Tuesday evening, the town got busy to give him a royal welcome home. He came by auto from Roswell, met the people of Lincoln Monday night and made an address. His car, containing his family, was driven to Lincoln and the return was made via Capitan and Nogal Tuesday.

The meeting here had no political significance—politics were eschewed—and all shades of political belief were represented at the welcoming home of the candidate who had received the highest honor in the gift of his party; and the welcome was just as hearty from the political opponents of the candidate as from the members of his own party. All seemed to appreciate the honor that had been accorded our county by one of the great parties—the first in the history of Lincoln county.

At 7:10 in the evening charges of powder were set off, and the reverberations went from mountain to mountain—a signal to the assembled multitude that the guest was approaching. At 7:15 a torch light procession was formed at the head of El Paso avenue and when the gubernatorial nominee arrived his car was slowly driven down the street towards the postoffice, and the procession began its march—two lines of men bearing innumerable torches, marching to the chorus of the shouts and shots that rent the air.

The procession halted in front of the postoffice, the candidate was escorted to an elevated platform, overlooking the crowd, and Mr. Edgar Wilson, acting as chairman, introduced the guest whom his fellow townsmen had had assembled to honor. The gubernatorial candidate spoke only about twenty minutes, and confined his remarks principally to an expression of gratitude for the hearty manner of his reception by the people at his home. The issues in the campaign be-

tween the republican and democratic parties were not discussed, except that the speaker did say that what the people wanted was an honest government of public affairs, economically administered; and promised, if elected, to use his best efforts to bring about such a result.

Following the address of Mr. McDonald, the chairman made a few additional remarks which amused the crowd and created a demand for more speechmaking. Others from the crowd were, therefore, called to the stand and offered their voices in extending a welcome to the honored guest.

As many as could, at the conclusion of the speaking, repaired to Real's Hall, where a few pleasant hours were whiled away to the rhythmic tones of the violin. It was, all told, a decidedly delightful affair, and was an avowal of the esteem of all parties in this community of the worth of Lincoln county's first citizen.

Call for the Democratic County Convention.

A convention of the democrats of Lincoln county, N. M., is hereby called to meet in the town of Lincoln, Lincoln county, N. M., on Wednesday, Oct. 18, 1911, at the hour of 10 o'clock a.m., for the purpose of nominating candidates for the various county offices, and transacting all other business that may properly come before the convention.

The following officers will be nominated:

Representative 16th district.
Treasurer and Ex-Officio Collector.
Probate Judge.
Three County Commissioners.
County Clerk and Ex-Officio District Clerk and Recorder.
Sheriff.
Assessor.
Superintendent of Schools.
Surveyor.

The precincts are entitled to representation as follows:

Precinct	Delegates
No. 1, Lincoln	9
No. 2, San Patricio	6
No. 3, Los Pallas	3
No. 4, Picacho	4
No. 5, Rabenton	1

Total number of delegates 76

All committeemen of the various precincts are requested to call the primaries for the election of delegates to the county convention for Saturday, Oct. 14, 1911, notice of place and hour of holding said primaries to be given publicity.

The primaries must be held in each precinct in the county on the above-named date to insure representation at the county convention.

All delegates elected in the primaries of their respective precincts are urged to attend the convention in person.

All democrats in the county, and citizens who desire to affiliate with the democratic party, are urgently requested to participate in said primaries and convention.

PREPARE FOR AUTUMN

RIGHT NOW IS EXCELLENT TIME
TO MAKE SELECTION.

Tailored Styles Continue to Hold Their
Own in Popular Favor—Short
Coat is Also to Be Much
in Vogue.

This is an excellent time for looking up the things needed for the next three months, for at this time autumn effects make their appearance and they are generally much cheaper than later on. As usual, tailored styles are much considered, the trim street suit and long coat being in a way always the same and easier to decide upon than the more fanciful garments. At any rate, only tailored things are seen to any extent, and these are quite plain, though the fashion people promise any number of fine surprises in a week or two. In fact, we are told

that the street gown will be quite fancy with trimming, that there will be odd cuts and vastly rich colors. Meanwhile, except for an increasing width in the skirt, made by inverted plaits stitched closely at the top and flaring at the bottom, street suits are not greatly different in style from those of the summer. The short coat introduced with late is much in vogue, but this has as many cuts as the peacock has eyes in his gorgeous tail—it is in sacque shape, Empire form, in Norfolk design or with a high belt and coquettish shirred tail. Materials for these fresh and enticing suits, of course, consider the autumn in quality

and color. The rattiest little checked wools and striped men's cloths show mellow browns to a great extent, a touch of black satin and deep orange linen being used sometimes for collar and cuffs. Any black and white goods suitable for a tailored suit is still very chic, and with this combination the coat trimmings may show a blend of white and purple linen. The oddity of putting satin with muslin and linen with wool in this way is decidedly smart and most suited to the season. The washable summer materials soften the gloom of the darkish colors used, and lighten the effect of the textures which might otherwise seem too clumsy for the middle of September.

The illustration gives the loose sacque style girls from seven to twelve will wear, and it is in a smooth blue serge with blue and red silk for the trimming. The single button is of red silk covered with blue crochet, and this solitary detail gives the little garment a very elegant stamp. Pearl or bone buttons, by the way, are not used on any dressy coat, unless the garment is in polo style and in a delicate evening color. Buttons are elaborate and made to a great extent of crochet over molds, or the covering will be of some rich tapestry in soft colors—the button set in a metal rim—or the fastener will show a crust of rich embroidery.

On fact, so far as buttons are concerned, one can be commonplace only with the practical coat, and even here if the garment is of a very rough sort some novelty in shape is desirable with the cheapest bone button. The wooden mold, however, covered plainly with the same material, trims many a dashing coat and where the garment is reversible, whichever way the coat is put on, the buttons will be in the color of the lining. With this exception all other buttons on the first coats are striking and original.

Mary Dean

NOVELTIES ARE IN DEMAND

Elaborate Garnitures to Be in Evidence During Coming Fall and Winter Months.

Bead, metal, silk and worsted embroideries all promise to have a large vogue throughout the coming fall and winter. Elaborate garnitures in the form of blouse and tunic patterns are being shown on foundations of chiffon. There is practically no limit to the variety that is seen, and the greater the novelty the more popular the effect.

Standing bugles are a new feature in bead embroideries. Part of the design is worked out with the beads upright. This results in a handsome relief work, wholly new, and thus far much taken by buyers of extreme novelties. In bead embroideries odd shapes in pendant ornaments and bugles are intermingled with beads in various sizes.

Round wooden beads, dyed in color, are being much used by the model houses. Many other new embroideries will be executed in heavy silk thread, with the wooden beads carrying out part of the design.

Pads for one's bureau drawers made with a layer of clover or sweet clover blossoms dried retain the fragrance for months, imparting it delicately to the contents of the drawer.

Woman's Danger Periods Made Safe

By Lydia E. Pinkham's Vegetable Compound

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Here is proof:

Natick, Mass.,—"I cannot express what I went through during the Change of Life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations and could not sleep nights. I was finally told by two physicians that I had a tumor.

"I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it has worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish this letter."—Mrs. Nathan B. Groaton, 51 No. Main St., Natick, Mass.

ANOTHER SIMILAR CASE.

Cornwallville, N. Y.,—"I have been taking Lydia E. Pinkham's Vegetable Compound for some time for Change of Life, nervousness, and a fibroid growth.

"Two doctors advised me to go to the hospital, but one day while I was away visiting, I met a woman who told me to take Lydia E. Pinkham's Vegetable Compound. I did so and I know it helped me wonderfully. I am very thankful that I was told to try Lydia E. Pinkham's Vegetable Compound."—Mrs. Wm. Boughton, Cornwallville, N. Y., Greene Co.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

INDUSTRY AND MECHANICS

HANDY FOR FILLING BOTTLE

Apparatus Pumps Liquid into Them and Gas Does Not Escape—Avoids Certain Amount of Waste.

Very many people who are fond of good wine will appreciate the value of the invention of a German for filling bottles. The dealers will be grateful because it enables them to fill bottles more rapidly and without waste, and the consumers will rejoice that the

For Filling Bottles.

Liquid comes to them in the same condition that it is in the keg. The apparatus consists of a pump arrangement the bottom end of the pipe of which fits into the bung-hole of the cask from which the bottles are to be filled. At the top of the pipe is a spigot, which fits into the neck of a bottle. The bottle rests on a strong spring, which keeps it always closely pressed to the spigot. In the middle of the pipe is a pump, and by working the handle of this air is pumped into the keg and the liquid is forced into the bottle. Where a bottle was filled from a cask by the crude method of letting the liquor run into a funnel there was always a certain amount of waste.

TOTAL QUANTITY OF CEMENT

Total Production in United States in 1909 was 64,196,386 Barrels, a Big Increase.

The total quantity of Portland, natural and Puzzolan cements produced in the United States during 1909 was 64,196,386 barrels, valued at \$51,232,979, an increase over 1908 of 21 per cent. in quantity and 15 per cent. in value. The Puzzolan cement is made by mixing blast furnace slag with slaked lime, but its output decreased from 557,252 barrels in 1907 to 160,646 barrels in 1909. One of the newer developments in cement manufacture, says a late bulletin of the geological survey, is the production of white non-staining Portland cement. This supplies a growing demand for ornamental work and surface finish.

Cost of Concrete.

As one means of determining the comparative cost of wood and concrete for the purposes of dwelling construction, two typical houses, alike as far as it was possible to make them, were erected, and it was found that the concrete structure cost about \$200 less than the other, and at the same time was generally voted to be the more pleasing in appearance.

STEAM AND WATER FOR HEAT

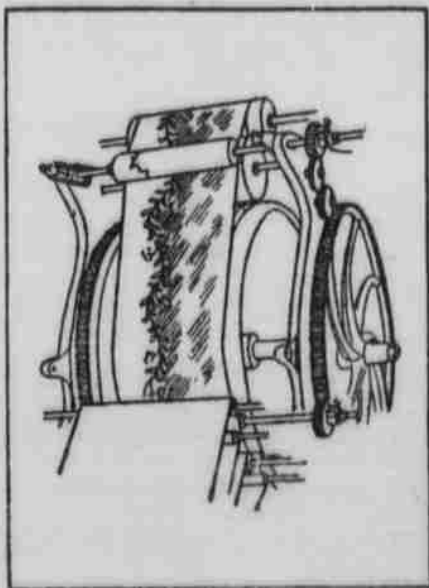

Indications Are That Some Method Will Be Developed to Discontinue Use of Radiators.

The main objection to the use of steam and water for heating in the use of the radiators, the appearance of which must necessarily occupy the most conspicuous place in the room. The indications are that this will be met at no distant date and some method developed which will dispense with the use of radiators. The Romans heated their villas by a system of double walls and floors, between which the heat found its way and the apartments were maintained at a comfortable temperature. An attempt to heat a house by an entirely new method will be made in the Cosmopolitan club house, now being erected at Cornell university. Steam pipes are laid in chases left in the upper surface of the floor around the edge of the room. After the pipe is laid the opening was filled with a weak concrete and covered with a decorated tile. Heat rises and the efficiency of heating the room by radiation from the floor is evident. Cold concrete floors have been held up as a bagaboo, and the method suggested eliminates this drawback.

CUTS THE PAPER IT PRINTS

New York Man Invents Machine That Performs Double Duty at Single Operation—How Done.

Recently there has come into wall-paper fashion a type of border that is cut along the bottom to follow the lines of the design, usually vines, leaves or the like. Against a plain wall paper such a border is particularly effective, as all who have seen it can testify. At first this border had to be cut out after the design was printed on the paper, but a New York man has invented a machine which does the printing and the cutting at the same operation. Generally speaking, the machine resembles an ordinary press for printing wallpa-

Cuts Paper It Prints.

per, but, in addition to the rollers that stamp the design on the paper, there is another roller, spaced apart from the former, that has on it a cutting edge, conforming in shape to the footprint on the paper. As the paper is passed under this roller the cutting edge trims the decorated strip from the other part as neatly as anyone could wish.

Substitute for Blasting.

A new method for mining is being practiced in German coal shafts that does away with dangerous blasting, while also avoiding much of the risk of spontaneous explosion of coal dust. Deep holes are bored in the coal body, as for shots, but water is introduced into them by pipes, under heavy pressure. The water finds its way through the coal fissures and opens them up until the mass is loosened, when it is readily removed while wet, without any dust, or the use of any tools other than light pick and shovel.

LIFE SAVED BY FRIEND'S ADVICE

About three years ago I suffered with appendicitis and after having an operation performed it left me with a severe case of kidney trouble. I was doctored by several physicians and getting no relief I took the advice of a friend and procured a bottle of Dr. Kilmer's Swamp-Root. After taking the contents of the first bottle I felt greatly relieved and decided to continue it. After using the contents of three more dollar bottles, I experienced a complete cure. I cannot recommend Dr. Kilmer's Swamp-Root too highly to anyone suffering from kidney or bladder trouble.

Yours very truly,

E. P. HILAM,
Cartersville, Ga.

Sworn to and subscribed before me this July 12th, 1909.

HANDS WOULD CRACK OPEN

"About two months ago my hands started to crack open and bleed, the skin would scale off, and the good flesh would burn and itch dreadfully. When my hands first started to get sore, there were small blisters like water blisters which formed. They itched dreadfully, it just seemed as though I could tear the skin all off. I would scratch them and the skin would peel off, and the flesh would be all red and crack open and bleed. It worried me very much, as I had never had anything the matter with my skin. I was so afraid I would have to give up my employment.

"My doctor said he didn't think it would amount to anything. But it kept getting worse. One day I saw a piece in one of the papers about a lady who had the same trouble with her hands. She had used Cuticura Soap and Ointment and was cured. I decided to try them, and my hands were all healed before I had used one cake of Cuticura Ointment. I am truly thankful for the good results from the Cuticura Soap and Ointment, for thanks to them I was cured, and did not have to lose a day from work. I have had no return of the skin trouble." (Signed) Mrs. Mary E. Breig, 2522 Brown Street, Philadelphia, Pa., Jan. 12, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 6 K, Boston.

Six Months (by mail) - \$1.00

JNO. A. HALEY,

Editor

PLATFORM ADOPTED BY THE NEW MEXICO DEMOCRACY.

We, the democrats of New Mexico, in convention assembled at Santa Fe, do publish the following declaration of principles in this campaign:

We reaffirm our devotion to the principles of our political faith as announced in our last national and territorial platforms, believing that their execution makes for the highest and best interests of the people and will secure a government purer in its democracy, a government of equal rights to all with special privileges to none.

We rejoice with and congratulate the people on the final attainment of statehood which secures the opportunity for a full measure of home rule and self-government in the conduct of our local affairs.

We further rejoice as a party and congratulate the people as a whole that in the crisis of the statehood battle we had a democratic house of representatives, true to the time-honored democratic declaration and who in behalf of statehood dragged from a reluctant republican senate and president their consent to the Flood resolution, which not only won for us the battle of sixty years, but gave us also this opportunity to secure the advantages of self-government so dear to the people of the sovereign state in this great union.

And we express our heartfelt gratitude to the democrats and progressive republicans who formed a majority in congress for securing immediate statehood under the terms of the Flood resolution, all of which had been denied to us by a republican congress and president for fifteen years.

We further congratulate the people that the Flood resolution repeals the provision of the enabling act under which a republican president and a republican congress could compel us to place in our constitution a provision disqualifying all of our citizens to hold state office or become members of the legislature who cannot "read, write, speak and understand the English language suf-

ficiently well to conduct the duties of the office without the aid of an interpreter," and we call the especial attention of the people to the fact that this unmerited, discriminating and un-American provision is in our constitution today, and that the adoption of the Flood substitute for Article 19 provides a simple way to take out this unjust provision, while at the same time it guarantees to all citizens forever the right of the elective franchise, the benefit of the public school system and the enjoyment of their ancient rights and customs.

We record our adherence to the time-honored doctrine of tariff reform, a tariff graduated to the revenue needs of a government, economically administered, condemning the tariff policy and legislation of the republican party under which the masses of the people are being taxed for the benefit of the few; under which vast combinations of wealth have accrued, and oppressive monopolies have come into existence and under which even the necessities of life for the masses have become the plaything of speculation and the profitable subjects of corporate greed and monopolistic robbery under the sanction unduly of law.

We favor direct primaries for the nomination of all officers, wherever practicable, and we especially favor the election of United States senators by a direct vote of the people.

We favor the passage of a law by our first state legislature which will provide all necessary school books at the expense of the state free of charge to all school children up to and including the eighth grade under a wise system of restrictions, and a uniform system of school books in all the common schools of the state.

We are not an anti-corporation party, but as corporations are creatures of the state, we believe in corporation regulation by the state under laws so the well known corporate tendency to monopoly and oppression may be justly and beneficially restrained.

We believe the corporation commission should be non-partisan, should be composed of experienced business men and we favor the enlargement of the powers and a clearer definition of the duties of that commission as created by our constitution.

We favor a non-partisan judiciary and the amendment of the constitution providing for the election of the members of the supreme and district courts at a separate election so that the courts may be removed from political

(Continued on local page.)

WELCH & TITSWORTH

CAPITAN, N. M.

General Merchandise

Wholesale and Retail.

Our stock of general merchandise is the largest and the best assorted of any in LINCOLN COUNTY. We buy practically all of our heavy goods in carloads of first hands for spot cash. Our store and warehouses are all located on the railroad track. We get our goods in our store at the least possible cost. The volume of business we enjoy enables us to sell on a smaller margin than the average merchant is able to sell.

We are in a position to make advantageous prices on most of our goods and make special prices on quantities. We are giving some handsome premiums with cash purchases.

Prompt attention given to all mail orders and all inquiries are promptly answered.

We are anxious to get your trade.

Very truly yours,

WELCH & TITSWORTH

The following bills were allowed out of the Courthouse and Jail Fund:

Dr. J. W. Laws med. services 27, Dr. Paden sal. as health officer 75, Taylor & Sons supplies 215, R. Brady sal. as jailor 150, Kelly & Sons chairs for courthouse 44, Ramon Lujan j. p. fees 3035, Wm. M. Barnett d. s. fees 5815, Frederico Sedillo wit fees 300.

Board adjourned till 1 p. m. Oct. 4.

In the matter of the viewers report on the road running from Rockford canon to Segal the report is laid over for future consideration.

S. G. Anderson was allowed 400 out of wild animal bounty fund.

The treasurer is instructed to transfer 16542 from the Gen. County Fund of 1906 to the same fund of 1909.

The bills of John Formwalt for supplies and work on courthouse well in Lincoln for 125 was rejected.

Bill of C. L. Ballard of Chavez county for 6275 was rejected.

The report of Clement Hightower j. p. p. c. t. 9 was laid over. Bill of Clement Hightower for 800 was rejected.

The board appointed J. I. Tipton census enumerator in precinct 13. Expenses of enumeration to be paid by James D. Davis of Corona.

The bill of Welch & Titworth for 6307 for supplies was allowed.

It appearing to the board that there is a surplus of money in the Road and Bridge Fund and a shortage in the Gen. County Fund of 1910, the treasurer is hereby ordered to transfer from the R. & B. Fund \$900 to the Gen. Co. Fund of 1910.

The treasurer is instructed to transfer from the Special R. & B. Fund \$100 to Road District No. 1 Fund.

The following resolution was introduced and carried:

"Whereas the board of county commissioners of Lincoln county, at its meeting on the 5th of September, 1911, requested the treasurer, Dr. T. W. Watson, to file with the clerk of the board a true, full and accurate statement of the interest received by him on public funds, held by him as treasurer, and to deposit the same to the credit of the county, as required by law; and

Whereas, the board has more fully investigated the matter in question, and learned that the money of the county has not been loaned to the depository banks, but that it is in open account subject to checks for warrants drawn by the board; and

Whereas the supreme court of the territory, N. Ma'oy, treasurer vs. Board of County Commissioners of Bernalillo County, as contained in the 10th N. M. Reports, have held: "That the county has no right to receive interest on county deposit."

Therefore, be it resolved, that in the absence of legal advice at this time, that the action of the board at its previous meeting upon the subject in question, be rescinded."

The board adjourned until nine o'clock, Oct. 26, 1911, at which time they will take up the report of Dr. Watson, treasurer, for the quarter ending Sept. 30, 1911.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's liniment will give relief. For sale by all dealers.

Notice to Catholics.

There will be mass and preaching, both in Spanish and English, on Sunday the 22d of this month. J. H. Girma.

Baptist Church.

Sunday at 11, subject: "Man's Exalted Position in the Kingdom of God." At 7:30: "Why Christ Died." Your duty to God requires you to be present.

Don't trifle with a cold is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's cough remedy for coughs and colds in children. It is safe and sure. For sale by all dealers.

LOCAL NEWS

Mrs. G. L. Ulrick went to El Paso Sunday.

James Lee was down from the Oaks yesterday.

Capt. D. W. Roberts was up from Oscuro a couple of days this week.

Mr. and Mrs. Geo. J. Dingwall arrived yesterday from Dawson, and will in future make Carrizozo their home.

Martin L. Moore came in from Dawson today and left in the evening on a visit to Capitan, his former home.

John H. Canning, A. H. Harvey and W. R. White made a trip to Corona Tuesday, returning the following day.

G. B. Greer was over from the Bonito Tuesday. He reports two or three light frosts, but says frost was much later this year than usual.

L. R. Lamay, a stock farmer of the Mesa, was down Tuesday. He reports a fairly good crop in his section, and says he expects to sack about 25,000 pounds of beans.

BORN:—Wednesday, in Carrizozo, to Mr. and Mrs. Saturnino Chavez, a big boy. Mother and infant are getting along nicely, while the father is able to greet his friends.

John J. McCourt spent a couple of days here this week, and joined in the celebration in honor of the home-coming of W. C. McDonald, the democratic candidate for governor of New Mexico.

Hon. A. H. Hudspeth returned yesterday from Albuquerque. He represented the local lodge K. of P. at White Oaks in the grand lodge, and was elected to the position of grand tribunal in the order.

Hon. Geo. Curry, former governor of New Mexico and the present nominee of the republican party for congress, spent Wednesday night here. He was met by a number of friends who are always glad to meet the genial George.

S. W. Hale and Thos N. Hobbs came over from Capitan Saturday on their way to Albuquerque, where they went to attend the grand lodge Knights of Pythias. They returned yesterday morning and reported a very successful session.

Waitman J. James spent several days here the past week, returning to El Paso Wednesday. His friends call him Champ Clark, not solely because he is an enthusiastic democrat, but because he hails from Champ's district and is a relative of the Speaker.

For County Clerk.

We are authorized to announce the candidacy of S. W. Perry for county clerk, the announcement being made subject to the action of the democratic party. Mr. Perry has lived in New Mexico for a number of years, and has been a resident of Carrizozo since the town was platted. Ever since he has been a citizen of Carrizozo he has had charge of the Foxworth-Galbraith Lumber Co., one of the leading firms of the town, and is known as a shrewd, level-headed business man. He is well qualified for the position he seeks, and should he be nominated and elected he will intelligently and faithfully give the same attention to the duties of the office that he has to all other business that has been entrusted to his care.

The republicans of this precinct held their primary last Saturday night, and elected eleven delegates to attend the republican county convention at Lincoln Monday. On several of the offices, for which there are a number of candidates, the delegation is undecided.

The democrats of this precinct will hold a primary tomorrow night in the Bank building to elect fifteen delegates to the democratic county convention at Lincoln Wednesday. A great deal of interest has been manifested in this primary, and more than a hundred democrats will probably be in attendance.

The company which recently purchased the postoffice block, has had the old board sidewalks removed, and has a force of men putting down cement walks. The new walk will run around the east and south sides of the block, and when completed will present a much better appearance for that prominent corner. Other improvements are contemplated in the near future.

Great display of ladies' millinery. You will be surprised to see the many new changes. Come in and investigate.—ZIEGLER BROS.

The best plaster. A piece of flannel dampened with Chamberlain's liniment and bound on over the affected part is superior to a plaster and costs only one-tenth as much. For sale by all dealers.

Our line of ladies' sweaters exceeds anything ever shown in Carrizozo. We have them in all colors and styles at prices surprisingly low prices.—ZIEGLER BROS.

Biliousness is due to a disordered condition of the stomach and bowels. Chamberlain's tablets are essentially a stomach medicine, intended especially to act on that organ; to cleanse, strengthen and invigorate it, to regulate the liver and to banish biliousness positively and effectually. For sale by all dealers.

(Continued from editorial page.)

influences; and as far as possible, we demand a speedy survey and sub-division of all unsurveyed public lands in our state to the end that settlement and development of the same may not be retarded, and that the many settlers now located thereupon may be able to make selections of the lands granted by the act of congress from the whole of the public domain at as early a date as possible.

We favor a stringent and operative "corrupt practice" act; we favor fair and honest elections, a free ballot and an honest count.

We favor the enactment of a well defined and effective public road law and the expenditure of all money collected for such purposes in an intelligent and wise manner.

We favor the enactment of an effective drainage law.

We reaffirm our belief in the principles of direct legislation as embodied in the initiative and referendum, because these principles bring the government nearer to the people and reserve the powers thereof in the hands where those powers justly belong.

In this connection we desire to pronounce and declare that the Flood resolution offers to the people of New Mexico the most beneficent opportunity to secure a fuller measure of self-government than has ever been offered to a free people in a sovereign state, and we recommend to and urge upon them to vote the "blue ballot" by making the cross in the square opposite the words: "For constitutional amendment."

We favor a just "workmen's compensation" law for injuries and also a wise method of industrial insurance, so that all questions between employer and employees arising thereunder may have a plain, speedy and adequate adjustment.

We stand not only for material and intellectual progress, but also for the moral advancement in public life, and we declare the paramount issue before the people of New Mexico to be "good government" and the eradication of graft and bribery from public life in this state.

We believe that the only way to put into effect these patriotic principles and the accomplishment of these desired results is by nominating and electing men of past or present party affiliations to join us in our efforts to start the new state of New Mexico aright on the road to her manifest destiny.

With our faces turned toward the rising sun, we submit our cause to the patriotic consideration of all the people of New Mexico.

Junior Philathea Class.

The Sunday School class No. 3 of the Baptist Sunday School met Wednesday eve with Miss Lella Laws, at the home of Miss L. B. Spellman, and organized a Junior Philathea class and elected the following officers:

President, Schalla Textor; vice president, Rachel Hughes; secretary, Mae Kennedy; treasurer, Enna Harkey; reporter, Helen Estes; volunteer committee, Bessie Gray, Frances Farley, Schalla Textor; social committee, Helen Estes, Rachel Hughes; Enna Harkey; missionary committee, Frances Farley, Mae Kennedy and Bessie Gray.

Senior Philathea Class.

The executive committee of the Philathea class of the Baptist Sunday School met at the home of Miss Spellman on Tuesday evening, and appointed the following committees:

Volunteer committee, Misses Kate Channell, Olivia Kennedy, Kittie Reily; social committee, Gladys Estes, Sybil Perry, Gussie Kahler; missionary committee, Misses Martha Barefoot, Emma Oswald, Minnie Daniels; athletic director, Kittie Reily; musical director, Ruby Perry.

LEA KENNEDY.

Capitan Notes.

R. L. Herbert, who has been very ill for more than a month, is now convalescent.

The first frost of the season made its appearance at Capitan Tuesday night.

A republican row of considerable proportions will be pulled off at Lincoln Monday. A primary was held here Saturday, at which S. T. Gray presided, elected delegates to the republican county convention. This delegation will contest the right of another delegation which was elected some time ago to represent this precinct in a former county convention, to seats in the county convention Monday.

J. S. Williamson and two sons, Johnnie and Charlie, left today, (Thursday) for Arizona, to look up a business location.

Bob Hoffman Has Foot Crushed.

Robt. Hoffman, a well known brakeman on the local line, met with a serious and painful accident last night at Elda, a station above Ancho. His lantern had gone out, and in the darkness he missed his footing and fell between the cars, one foot getting badly crushed. He was immediately placed on the train and conveyed to the company hospital in El Paso, and it is feared the extremity of the foot will have to be amputated. He has a wife and baby here, and many friends who hope for the best.

Notice for Publication.

No. 02-024

Application for Patent.

United States Land Office.

Roswell, New Mexico, August 7, 1911.

Notice is hereby given that the "California Industrial Company," a corporation, by John M. Penfield, its attorney in fact, has made application for a United States patent for the Greenville Iron Lode mining claim, situate in El Capitan mining district, Lincoln county, New Mexico, consisting of 141 78 linear feet of the vein, lode or deposit, bearing gold, silver, iron and other valuable minerals, and surface ground 600 (average) feet wide, being lot No. —, and described in the field notes and plat of the official survey on file in this office, with magnetic variation ranging from 12° 30' east to 14° 12' east, as follows:

Beginning at cor. No. 1 identical with the SE cor. of the location, a granite stone 24x8x8 ins. set 12 ins. in the ground with a mound of stone, chiseled X 1-1440; whence a pinon 10 ins. dia., bears N. 44° 51' W. 10.7 ft. and a pinon 7 ins. dia., bears N. 41° 45' W. 37.4 ft. dist., each blazed and scribed X BT 1-1440, the 1/4 sec. cor. bet. sec. 13 and 14 T. 8 S. R. 14 E. N. M. P. B. & M., bears S. 30° 15' E. 120.5 ft. dist.; thence S. 30° 3' W. Va. 12° 47' E. 141.78 ft. to cor. No. 2, a limestone 24x8x8 ins. set 12 ins. in the ground with a mound of stone, chiseled X 2-1440; whence the SW location cor. bears S. 30° 3' W. 14 ft. dist., which is a limestone in a mound of stones, no other bearings available; thence N. 5° 15' W. Va. 14° 12' E. 300 ft. W. end center, 600 ft. to cor. No. 3 identical with the NW location cor. an ironstone 26x10x8 ins. set 13 ins. in the ground with a mound of stone, chiseled X 3-1440, no bearings available; thence N. 30° 3' E. Va. 14° 12' E. 141.78 ft. to cor. No. 4, a granite stone 30x12x10 ins. set 15 ins. in the ground with a mound of stone, chiseled X 4-1440; whence the NE location cor. bears N. 5° 15' W. 4 ft. dist., which is a limestone in a mound of stones, a pinon 6 ins. dia., bears S. 37° 15' W. 54.8 ft. dist. and a pinon 5 ins. dia. bears S. 74° 42' W. 34.2 ft. dist. each blazed and scribed X BT 4-1440; thence S. 30° 15' E. Va. 12° 30' E. 300 ft. the end center, 600 ft. to cor. No. 1 the place of beginning.

The total area of the Greenville Iron Lode, for which patent is applied, is 19 380 acres, and the same is situated in the NE 1/4 of Sec. 14 T. 8 S. R. 14 E. N. M. P. M.

The said mining claim is of record in the office of the Recorder of Lincoln county, New Mexico; and as near as can be determined from present developments the vein of this claim extends from the discovery point S. 30° 3' W. 141.78 ft. and N. 30° 3' E. 1.00 ft. to E. end center.

The nearest known locations being on the east, the Great Eastern Iron Lode, and on the northwest, the Pittsburg Iron Lode and the Pittsburg Iron Lode No. 1.

Any and all persons claiming adversely the mining ground, vein, lode, mineral deposit, premises, or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed as according to law, and the regulations thereunder, within the sixty days period of the publication hereof, with the Register of the U. S. Land Office at Roswell, New Mexico, they will be barred, in virtue of the provisions of said statute. I direct that this notice be published in the Carrizozo News, at Carrizozo, Lincoln county, New Mexico, the newspaper published nearest the said mining claim, for the period of sixty days.

Notice for Publication.

Notice No. 025025

United States Land Office.

Roswell, New Mexico, August 7, 1911.

Notice is hereby given that the "California Industrial Company," a corporation, by John M. Penfield, its attorney in fact, has made application for a United States patent for the Great Eastern Iron Lode mining claim, situate in El Capitan mining district, Lincoln county, New Mexico, consisting of 1500 linear feet of the vein, lode or deposit, bearing gold, silver, iron and other valuable minerals, and surface ground 600 (average) feet wide, being lot No. —, and described in the field notes and plat of the official survey on file in this office, with magnetic variation ranging from 12° 30' E. to 12° 50' E. as follows:

Beginning at cor. No. 1, a limestone 30x9x5 ins. in the ground with a mound of stone, chiseled X 1-1441, whence the NE location cor. bears N. 32° 12' E. 119 ft. dist. a limestone set in a mound of stones, a pinon 7 ins. dia., bears S. 42° 50' W. 125.4 ft. and a pinon 1 ins. dia., bears S. 33° 5' W. 129.7 ft. dist., each blazed and scribed X BT 1-1441; the cor. of sec. 11, 12, 13 and 14 T. 8 S. R. 14 E. N. M. P. M., bears N. 55° 3' W. 924.27 ft. dist., which is a granite stone 15x12x5 ins. set in a mound of stones, mkd. with 4 notches on S. and 1 notch on E. edge, with a pinon bearing tree in sec. 11 and a fallen pinon bearing tree in sec. 12; thence S. 33° 12' W. Va. 12° 50' E. 793.95 ft. intersect line bet. sec. 13 and 14, 758.88 ft. S. 0° 10' W. of the cor. of sec. 11, 12, 13 and 14 previously described, 1500 ft. to

Guaranteed against losing its shape or elasticity, or becoming lumpy or uneven. Many have been in constant use more than 20 years, and are today as comfortable and springy as when new. No one who has tried the Sealy will have any other kind of mattress. Yet the price is within everyone's reach.

JOHN A. BROWN,
White Oaks, N. M.

Sole Agent for Lincoln County.

cor. No. 2 identical with the NW location cor. and with cor. No. 4, survey No. 1410, Greenville Iron Lode, a granite stone 30x12x10 ins. set 15 ins. in the ground, with a mound of stone, chiseled 4-1440 on SW and X-1441 on side facing this claim; whence a pinon 11 ins. dia., bears S. 35° 1' E. 21 ft. dist., blazed and scribed X BT 2-1441, no other bearings available; thence S. 5° 15' E. No. 1, the place of beginning.

The total area of the Great Eastern Iron Lode, for which patent is applied, is 20,243 acres, and the same is situated in the NW 1/4 of sec. 13 and the NE 1/4 of Sec. 14 T. 8 S. R. 14 E. N. M. P. M.

The said mining claim is of record in the office of the Recorder of Lincoln county, Territory of New Mexico; and as near as can be determined present developments the vein of this claim extends from the discovery point N. 73° 12' E. 1499 ft. and S. 73° 12' W. 1.00 ft. The nearest known locations being on the east, the Greenville Iron Lode, and on the northwest, the Pittsburg Iron Lode and the Pittsburg Iron Lode No. 1.

Any and all persons claiming adversely the mining ground, vein, lode, mineral deposit, premises, or any portion thereof so described, surveyed, platted and applied for, are hereby notified that unless their adverse claims are duly filed as according to law, and the regulations thereunder, within the sixty days period of the publication hereof, with the Register of the U. S. Land Office at Roswell, New Mexico, they will be barred, in virtue of the provisions of said statute.

I direct that this notice be published in the Carrizozo News, at Carrizozo, Lincoln county, New Mexico, the newspaper published nearest the said mining claim, for the period of sixty days.

T. C. TILLOTSON, Register.
G. B. BARBER, Claimant's Attorney.
First publication Aug. 25, 1911; last publication November 3, 1911.

NOTICE.

IN THE PROBATE COURT OF LINCOLN COUNTY, NEW MEXICO.

In the Matter of the Estate of
HERMAN WAGENFEHR, DECEASED.

Notice of Final Settlement of Estate.
Notice is hereby given that the final report of John Burns, Administrator of the estate of Herman Wagenfehr, deceased, has this day been filed in the Probate Court of Lincoln county, New Mexico, and will come up for final hearing and settlement on the 13th day of November, 1911, and all parties interested are notified to be present on that day to make any objections to settlement of said estate which may be necessary and proper. If there are no objections, the final report as herein filed will be on that day approved by the undersigned.

DOROTEO LUCKERO,
Probate Judge of Lincoln
County, New Mexico.

A Missouri judge rules that a man is at liberty to spank his wife. Likewise a man is at liberty to wallop a lioness on the nose if he feels that way.

Dentists say that a good brush and water are all that are necessary for the care of the teeth. This will not stop pretty actresses from giving smiling testimonials for powders, however.

WASHINGTON GOSSIP

Is a City of Magnificent Distances

WASHINGTON. — Cities outgrow their clothes just as children do. Washington was known three-quarters of a century ago as the City of Magnificent Distances. The White House was known as the "President's Palace," and the government buildings, planned on generous lines, were considered to be far and away too great for the business of the country. Now the national capital is over 100 years old, and has outgrown everything that was planned for her. Tremendous wings were built to the capitol even before the war. The White House has been remodeled and remodeled until it presents very small appearance of the original. We have outgrown our beautiful treasury building, our state, war and navy building, we have outgrown two postal departments, and we long ago outgrew the ten miles square of the district boundaries. In fact, the residents of Washington have lapped over into Maryland and Virginia at a

great rate.

The treasury building is of ancient Greek temple design, and simply cannot be remodeled. To add to or take from it a single stone would be to ruin it, architecturally speaking. It is said to be the most perfect example of Greek art in this country, but the treasury department had to have more room, and so they unplanned the roof and shoved it up some on the sides and made a little more room skyward. The state, war and navy building always was hideous, being what is called Italian renaissance, and not at all suited to the solid, last-forever necessities of the United States government, and it looks as tawdry as possible when brought, as it is, into juxtaposition with the White House and the simplicity of the Greek temple of finance.

When the building was put up which was to house the United States postal department and the city post office some architects planned a sort of Cologne Cathedral building, which is a long ways off from being big enough for either department and doesn't match anything in the government building line in Washington. After this structure was put up there was a reform in ideas for government buildings, and since then they have been along the stately, substantial line. The

Bulk of Concealed Assets Recovered

THE United States has recovered nearly \$750,000 from the concealed assets of Gaynor, Greene and Carter, who defrauded the government out of \$2,000,000 in Savannah harbor improvement contracts in 1897. The actual amount unearthed and attached was \$636,966.69. This does not include \$40,000 forfeited surety of John F. Gaynor. This sum the government is endeavoring to recover by civil suit in the United States district court for the northern district of New York. More than half of the recovery came from the concealed assets of Capt. Oberlin M. Carter, the engineer officer in charge of the work at Savannah harbor and co-conspirator of Greene and Gaynor, the contractors. The total assets of Captain Carter seized by the government amounted to \$501,855.39. From B. D. Greene \$105,460.25 was recovered, and from John F. Gaynor \$29,651.05.

Most of the assets of Captain Car-

ter were in trust funds. They were traced to and corralled in the hands of receivers for the estate of Captain Carter. These trust funds included real estate, bonds, stocks and cash. The government made attachment in this case. Of the \$501,855.39 recovered from the Carter concealed assets the Supreme Court of the United States allowed \$111,064.28 for Carter's counsel expenses.

All the proceedings in the courts in the Carter case have been terminated, but all of the assets turned over to the government have not been converted into cash.

Government to Start Picture Shows

UNCLE SAM himself is going into the moving picture show business. With the authority of President Taft, a contract has been entered into by the government officials and a Chicago firm for the purpose of reproducing in moving pictures all of the various activities of the nation. The pictures will be shown in hundreds of moving picture houses. Marines at work on battleships, gunners firing at the bulk of an old battleship, cavalry drills, mine and rescue work, plant and animal industry, road building and every single activity of the government will be shown on the films.

In the United States office of public roads, for instance, the director, Lo-

gan Waller Page, arranged to have pictures taken showing the effects of good and bad roads. In the case of the latter, the films will show the farmer trying to carry loads of produce over a bad road; how he became sick; how the doctor is unable to reach him, and how, because of the mud ruts, the undertaker finds it exceedingly difficult to get him to his grave. Another film will show another farmer carrying his produce—twice as much—over a model road constructed under the supervision of the government.

The department of agriculture will be able to show, in entertaining as well as instructive style, the effects of pure food and impure food; the secretary of war will be able to show the advantages of army life, and the secretary of the navy the advantages of life on the bounding waves, while the interior department will be showing how forest fires are fought and entombed miners are rescued.

WHY BE WEAK?

Why suffer backache, headache, dizziness, weariness, urinary irregularities and other troubles that arise from disordered kidneys? Doan's

Kidney Pills have cured thousands. John O. Sedain, Modesto, Cal., says: "I was so weak I staggered like a drunken man. I ran down in weight from 176 to 137 pounds. I had practically no control over the kidney secretions and the pain in my back was terrible. I became a

nervous wreck and was given up by our best physicians. Like a drowning man grasping at a straw I began using Doan's Kidney Pills and steadily improved. In a few months' time I was back at my old weight. Doan's Kidney Pills cured me and I give them the entire credit."

Remember the name—Doan's.

A Glimpse of Hope.
"I hear that Bilter's daughter eloped with his chauffeur."
"Yes, and Bilter wired his forgiveness."
"What did he do that for?"
"He said he thought now there might be a chance for him to use his car."—Puck

EXPLANATION.

"Honest, Mr. Bird, I only came up here for the view!"

FOUND RIGHT PATH After a False Start.

"In 1890 I began to drink coffee. At that time I was healthy and enjoyed life. At first I noticed no bad effects from the indulgence but in course of time found that various troubles were coming upon me.

"Palpitation of the heart took unto itself sick and nervous headaches, kidney troubles followed and eventually my stomach became so deranged that even a light meal caused me serious distress.

"Our physician's prescriptions failed to help me and then I dosed myself with patent medicines till I was thoroughly disgusted and hopeless.

"Finally I began to suspect that coffee was the cause of my troubles. I experimented by leaving it off, except for one small cup at breakfast. This helped some but did not altogether relieve my distress. It satisfied me, however, that I was on the right track.

"So I gave up coffee altogether and began to use Postum. In ten days I found myself greatly improved, my nerves steady, my head clear, my kidneys working better and better, my heart's action rapidly improving, my appetite improved and the ability to eat a hearty meal without subsequent suffering restored to me. And this condition remains.

"Leaving off coffee and using Postum did this, with no help from drugs, as I abandoned the use of medicines when I began to use the food drink." Name given by Postum Co., Battle Creek, Mich.

"There's a reason," and it is explained in the little book, "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

TRY POND LILY SALAD

MADE WITH LETTUCE, BOILED EGGS AND OTHER THINGS.

Veal Croquettes That Are Tasty, Made From Meat Left Over—Stuffed Peppers, Madge's Cookies and Pie Crusts.

Pond Lily Salad.—On separate salad plates arrange some nice white lettuce leaves. Boil eggs hard, one and one-half for each person. Cut whites in long strips, placing these in center of lettuce. Then chop yolks fine, adding finely chopped celery, parsley and olives. Mix well with mayonnaise dressing, season with salt and pepper and place in middle of dish.

Veal Croquettes.—Use beef or chicken or any kind of leftover meat. Put the meat through the chopper, season with salt and pepper, moisten with cream sauce or soup; add well beaten egg; cracker crumbs to make stiff enough to mold in balls and fry sauce for same. Fry a small onion in butter for the flavor only, take out and brown some flour; then add either soup stock or water and then season with salt, pepper and catsup. Cream sauce may be poured over them instead.

Stuffed Peppers.—Be sure and get bell peppers. For six large peppers cut tops and take out seeds. Boil for half an hour one and one-half cups of chopped veal, one-half cup cold boiled rice, three chopped tomatoes, one-half teaspoon salt, one tablespoon of melted butter. Fill the shells with this and a few buttered cracker crumbs on top. Bake about one hour.

Madge's Cookies.—Cup of butter, cup of powdered sugar, cup of corn starch, tablespoon of milk, two well beaten eggs, small glass of sherry and teaspoon baking powder. Flour to make stiff enough to roll; roll thin and cut, then brush over with milk; sprinkle cinnamon, granulated sugar and chopped nuts.

Good Pie Crust.—Six heaping tablespoons of flour; about half teaspoon of baking powder, tablespoon lard and a little salt. Mix with milk instead of water.

Fricassee Beefsteak.

Take a round steak and cut it into small pieces about two inches square; roll each piece in flour, sprinkle salt and pepper over all and put into frying pan with plenty of lard or butter. Put into oven and brown as you would a roast, turning pieces a few times. Then add water and cook either in oven or on stove for an hour and a half or two hours. Thicken the gravy and serve.

Kerosene will make boots or shoes hardened by water soft and pliable as new.

Place a deep skillet over irons when they are heating. They will retain the heat longer.

Boiled starch is made smooth and effective by the introduction of sperm, salt or gum arabic dissolved.

Old paint stains may be removed from cloth by covering the spot with olive oil or butter, then applying chloroform.

It's a good scheme to keep a long crochet needle in the bathroom to draw out threads or hairs from the waste pipes, which stop the outflow of water.

Steel, when rusty, may be cleaned by giving the article a good coating of sweet oil, leaving it for a few days and then rubbing it with unslaked lime.

THE TRUTH ABOUT BLUING.

Talk No. 3.

Avoid liquid bluing. Liquid bluing is largely water. Water is adulteration, adds nothing to real value to the consumer. Think it over.

Be wise. Use RED CROSS BAG BLUE, the blue that's all blue; makes the laundress smile on wash day. AT ALL GOOD GROCERS.

Not Much of a Water User.
Hewitt—Gruet spends money like water.

Jewett—I thought you said he spent it freely.

Rheumatism, Neuralgia and Sore Throat will not live under the same roof with Hamlin's Wizard Oil, the world's best liniment for the relief of all pain.

Always strive to practice what you preach, but do not stop preaching if you sometimes fall.—S. Eldon.
