## REPUBLICANS WILL SHOW UP RECORD OF DEMOCRATIC INEFFICIENCY

Since of McDonald Administration, Both of Omission and Commission, to Be Laid Frankly and Fully Before Voters.

## STATE HEADQUARTERS GETS DOWN TO SYSTEMATIC WORK.

Friends of Governor McDonald Make Desperate Effort to Deny Flat Repudiation of Governor in Democratic State Convention.

Santa Fe, N. M., Sept. 14.—Republican state headquarters are down to hard and systematic work in a campaign for the election of the whole Republican ticket from top to bottom, which will be waged vigorously and aggressively in every county and in every precinct in New Mexico from today until November 7th. Under the driving direction of the new state chairman, W. H. Gillenwater, who is recognized as one of the most efficient organizers in the state, campaign activities began to hum early last week and the work has been going forward since with increasing momentum.

Right at the start Chairman Gillenwater gave out a statement in which he brought directly to the attention of the people the repudiation of Governor McDonald by the Democratic state convention, when the governor's skillfully covered attempt to force his re-nomination was openly and overwhelmingly defeated at the hands of a large majority of the delegates, who refused to stand sponsor for a campaign of defense of the McDonald administration. To the assertion that the governor, in taking the nomination for lieutenant governor, behind Esiquiel Cabeza de Baca, of Las Vegas, the present lieutenant governor, was seeking virtually a return to the executive chair behind the skirts of a candidate with whose limitations as an executive and with whose precarious health he is fully acquainted, the governor's friends have made the reply that his acceptance of the nomination for lieutenant governor was a heroic evidence of party loyalty and public spirit. It was not anticipated that friends of the governor and his personal newspaper organs would admit the repudiation now generally admitted; but the proof they advance is unexpectedly transparent.

## The Governor's Uneasy Stockholders.

Friends of Governor McDonald assert that the governor has served during the past four and a half years at a tremendous sacrifice to his own and the interests of the foreign stockholders who are the principal owners in his great cattle and land holding corporation. These foreign interests, they assert, have become restless and have demanded that the governor return to his knitting and to the further earning of dividends. They say that the governor could have had a re-nomination at any time he asked for it, but that his private interests forbade him asking. They say this in face of the well known fact that the executive proposes to launch first into an immediate sixty day campaign which will absorb and hold his entire attention, both from the business of the state and the business of his great cattle corporation; and of the further fact that because Mr. de Baca, the candidate for governor, is just from a sick bed and that the state of his health is uncertain in the extreme, that Mr. McDonald may be called upon at any time, should de Baca win on the hundredth chance, to resume full control of the executive office. The explanation given for the governor's eagerness to get onto the ticket, regardless of dignity and position has made Republicans laugh and has caused Democrats generally to smile behind their hands.

## McDonald's Administration on Trial.

The fact is that the Democratic party, in convention assembled, faced a proposal to go to trial before the people on the record made by the McDonald administration. They refused to do it. Their reasons for not doing so were voiced frankly and openly during the convention. The governor and his friends, by a last minute convention trick, forced them to do so in spite of themselves; for while running for lieutenant governor the popular impression is that Governor McDonald is actually running for re-election, and it becomes the duty of the Democratic campaigners to take up his defense and the defense of his administration, whether they wish to

## TAXPAYERS' ASSOCIATION.

Santa Fe, N. M., Sept. 12.—

A. E. James, director of the Taxpayers' Association of New Mexico, returned today from Indianapolis where with H. J. Hagerman of Roswell, President of the Association, he attended the tenth annual conference of the National Tax Association. Mr. James will take up immediately, final details of arrangements for the annual meeting of the New Mexico association at Albuquerque September 28 and 29th, during the State Fair. The meeting now promises to be largely attended and to prove one of the most important gatherings of its kind ever held in the southwest. The principal subjects of discussion will be school and highway expenditures. The former will be participated in by educational and financial authorities from all parts of the state and engineer James A. French will lead the discussion of the Roads question with a paper discussing generally the use of public funds in highways building.

It developed at the National conference in Indianapolis that the New Mexico association has taken a leading place in the nation among organizations of taxpayers. President Hagerman's paper on "The Work of Taxpayers Associations" was one of the main papers of the meeting and brought on a discussion which resulted directly in the creation of a special commission to inquire into and report on national and state expenditures with a view to bringing these subjects into more general public knowledge and discussion. It was considered probable that Mr. Hagerman would be made the chairman of this committee, which will be national in its scope.

Mr. James presented the invitation of New Mexico to the National Association to hold its next annual conference in New Mexico, and while the meeting place is left as usual, with the executive committee, he feels confident that either 1917 or 1918 will see the great conference of tax authorities held in New Mexico.

## THE STATE FAIR.

Dr. J. A. M. Ziegler has been making every effort to have a bigger and a better exhibit at the State Fair, at Albuquerque, and has succeeded. Some local Committees have been appointed and they are stirring up interest in collecting the exhibits.

## YOUNG MEN'S REPUBLICAN CLUB

Santa Fe, N. M. Sept. 14.—

Thomas Hughes of Albuquerque one of the best known of the younger Republican leaders of New Mexico, has been designated by the Republican National Committee as the official organizer for New Mexico for Young Men's Republican Clubs and First Voter's leagues. Mr. Hughes, with Judge George R. Craig as his assistant will begin his work immediately with the enthusiastic backing of the state committee and with the assistance of some thirty leading Republican business and professional men, from every county in the state who are anxious to see the younger men become active in Republican party affairs. Several of these men will put in the next three or four weeks at Republican state headquarters directing the organization work.

Mr. Hughes will begin his work in the field tonight in a big Republican meeting at Raton where with Judge Craig and A. B. Renahan of Santa Fe he will address the people and place before them details of the young Republican organization now springing up all over the country. Saturday night the workers will hold another meeting in Las Vegas and on Tuesday the first big gathering of the campaign will be held by them in Albuquerque. They go to Gallup Wednesday night, Sept. 20. Thereafter the party will divide, Judge Craig going to the eastern part of New Mexico and Mr. Hughes to the southern part of the state. As laid down the campaign will result in the organization of a club of young Republicans in every town and in practically every precinct in the state.

## THE COUNTY HIGH SCHOOL

This building is nearing completion and will be modern in every particular. The rooms are large and well ventilated and lighted, having the whole building a modern team plant installed.

## THE ELECTRIC LIGHT.

The County Commissioners have granted for the term of 25 years to Gustav and Otto Schwedler the franchise to establish the electric light in Valencia County and the grantees at least are making the preparations for the plant.

## MRS. C. N. WILSON'S KINDERGARTEN.

At her home Mrs. Wilson is conducting a Kindergarten. We believe this a worthy enterprise and Mrs. Wilson will succeed.

## ELECTRIC SPARKS.

First catch your Kaiser.

Mr. Wilson believes in brushing arbitration aside in strikes.

By settling in Asheville, Mr. Bryan might unsettle North Carolina.

They are paragraphing about hay fever. Are paragraphers immune?

Anyway Mr. Hughes has broken all records of celerity in causing the country to forget that he was once a dignified member of the greatest court of justice in the land.

Of the Hughes and FAIR BANKS ticket the silent end is to be taken most seriously.

If those machine guns are very effective, why is it that they are so subject to being captured.

That tennis star, Kumagata, is another argument against Japanese immigration to this country.

The Germans and Italians are now at war and in this country one sees them banded together.

There is doubt about the existence of "Crocker Land" and it is not the only mythical real estate proposition.

Some of the election predictions will doubtless breathe their last by the time the voting is only a few hours old.

## Political Jottings.

The Houston Post reasons that it was easier for its own beloved Democracy to endorse the President's Mexican policy than to define it.

While he was about it Senator James Hamilton Lewis also might have explained that the Rome that was "too proud to fight" died a rather disastrous death.

"In all fairness," asks the Boston Transcript, "shouldn't the expense of financing Carranza be borne by the Democratic campaign committee?"

Democrats really haven't any objection to big appropriations for army and navy and internal improvements. They expect the Republicans to rustle the revenue to foot the bills for the next four years.

Hughes says he would like six months to investigate the Administration, but the Administration figures he's doing very well as it is.

Yes, and the same policies that have filled Judge Hughes and others with "a deep sense of shame," have sent many other Americans to their graves.

The President has changed his mind about sending more troops to the border, thus running true to form.

When Tom Taggart talks economy to them, it is time the Democrats stopped their extravagance.

The Hughes smile is beginning to attract favorable attention.

President Entertains Five Progressives.—Headline. Others he simply amuses.

## REPUBLICANS MORE INTEREST IN THE CAMPAIGN

The way Republican are entering into the New Mexico state campaign is a very fair index of the spirit of the whole people of New Mexico with regard to the demand for a change in the state administration. Four years and a half of, democratic administration under Governor McDonald, finds the state almost where it was when we achieved statehood. In so far as the state government has been responsible, development work has been at a standstill. The whole policy has been one of "do nothing," and an intensified form of watchful waiting. The activity of Republicans, from the heads of the party organization down to the men who in the past have done no more party work than vote, is merely a reflection of the urgent desire of the people of New Mexico for a change. They are going to have it.

Republicans generally, of the rank and file, are taking more interest in this campaign than in any ever held in the state. An interesting example of this is found in the formation of the new "advisory council" to the state central committee at Santa Fe. In this council are bankers, merchants, lawyers, stockmen, including men of large and small interests, but all of them very busy men. They have volunteered their time for the full period of the campaign to assist with their knowledge of the state and its people, or local conditions and needs and with their experience, in conducting a winning campaign. Not one of them is a candidate for office. That such men are willing to leave their private affairs for so long a period, in behalf of the state, shows clearly how business regards the present administration and how urgent is the demand for the new, vigorous policy, administered by able, vigorous men.

## REPUBLICANS JOIN IN EARNEST FIGHT TO CARRY STATE.

Advisory Council of Twenty Business and Professional men from All Parts of State Volunteer for Campaign period.

Santa Fe, N. M., Sept. 13.—Twenty Republican business professional men, coming from every section of the state and among the business men in New Mexico have volunteered their time and efforts from now until election day as assistants to the Republican state committee in the campaign to carry New Mexico in November for the whole Republican ticket. These men compose a wholly new branch of Republican campaign work, in New Mexico, and their action in volunteering indicates the earnestness with which Republicans generally are going into this campaign. The new workers will be known as the advisory council. They gathered first in Santa Fe on Sunday and have been in session since. They will be in continuous session from now until election day the members having so arranged their work as to leave at least half their number in the headquarters at all times.

The function of the new advisory council will be to advise the headquarters managers upon campaign policy, to consult with the candidates, to work in close touch with the speakers' bureau and the publicity department, and in brief, to assist with their experiences and advice in every phase of the work of the campaign. Judge Reed Holloman of Santa Fe, superintendent of the Speakers' Bureau has been chosen as chairman of the Advisory council the other members being W. D. Murry, of Silver City, President of the Silver City National bank and of the Deming National Bank, R. H. Case of Deming, Nathan Jaffa of Roswell, A. D. Grile, the well known Roswell stock grower and Fair manager, C. F. Richards of Carlsbad, B. C. Crampton of Raton, J. Van Houston of Raton, H. J. Hammond, president of the First National Bank of Clayton, Judge E. R. Wright of Santa Fe, State Senator H. B. Holt of Las Cruces, Hon. John S. Clark of Las Vegas, Republican National committeeman Charles A. Spiess of Las Vegas, Blas Sanchez of Wagon Mound, R. R. Pollock banker and stock man of Albuquerque, Judge M. E. Hickoy of Albuquerque, Natt Fowler of Silver City, C. U. Strong of Mora, state senator Louis C. Ilfeld of Las Vegas.

### Editorial Comments.

The Democrats continue to ignore  
Mr. Hughes' speeches to the extent  
that all they do is to squitter and gasp.

Let it be conceded there are really  
strong grounds for the opinion that  
President Wilson may carry Texas  
next November. If these indications  
are taken at their full worth, some  
enthusiasts will soon be going out  
to bet that the tide will sweep on until  
Mississippi and Alabama are also en-  
rolled in the Democratic column.

Many big Democrats willing and  
ready to speak for Wilson are care-  
ful that their money shall not say any-  
thing on his side.

President Wilson says he is utter-  
ly indifferent as to his re-election.  
Perhaps that explains a good many  
things nobody has heretofore been  
able to understand.

"Help me, Cassius, or I sink!" For  
"Cassius" read "Congress."

The notion seems to be that the  
Democratic national chairman is claim-  
ing more than he will get, but not any  
more than he will need.

As further evidence that he is warm-  
hearted and intensely human, Mr.  
Hughes likes apple pie.

No man is going to be elected—or  
re-elected—to high office by votes  
gained from States' rights declara-  
tions this late in the game. The  
States' rights question was settled  
some fifty years ago to the evident  
satisfaction of a considerable major-  
ity.—Kansas City Star.

"Adequate preparations is not mili-  
tarism. It is the essential assurance  
of security. It is a necessary safe-  
guard of peace." Candidate Hughes  
has left nothing to be said on this  
subject. He has snuffed out counter  
argument at the very outset.

"Are we Americans a nation of  
bunglers?" asks the New York Sun.  
It would be very hard to answer  
this in the affirmative—and, anyway,  
we elect a Democratic president only  
every once in a while.

Charles E. Hughes cannot get so far  
away from Washington that the men  
in charge of the charter of government  
there do not feel the biting of his  
criticisms. In fact, the Democratic  
leaders at the capital city show symp-  
toms of sea-sickness from the way in  
which the ex-justice of the Supreme  
court has shaken them up. Mr.  
Hughes is pursuing the only proper  
method, which is first to take the  
deadwood out of the way so that the  
path to righteous and propitious gov-  
ernment may be made clear.

### SPIRIT LEVELING IN NEW MEXICO.

About 1,500 datum points  
established by the United States  
Geological Survey in the State  
of New Mexico are described in  
Bulletin 638, "Spirit Leveling  
in New Mexico, 1902 to 1915,  
inclusive," which has just been  
issued by the Geological Sur-  
vey. The highest point in the  
State yet determined is North  
Truchas Peak, in Rio Arriba  
County, 13,306 feet above mean  
sea level.

The topographic maps pub-  
lished by the Geological Survey

show the elevations to the near-  
est foot of points within the  
areas mapped, but the eleva-  
tions given in the bulletin on  
spirit leveling are exact and  
consequently are of consider-  
able value to engineers and sur-  
veyors who may require some  
points on which to base their  
work. Bulletin 638 contains  
also less exact elevations of  
nearly 200 well-known summits  
and other points.

A number of years ago the  
Geological Survey published a  
"Dictionary of Altitudes" for the  
entire United States (now out  
of print), but the elevations  
given in that volume were near-  
ly all approximate only; they  
could not be used as a basis for  
work requiring accuracy and  
care. The State bulletins on  
spirit leveling, however, when  
complete, will form a series of  
inestimable value because the  
elevations of most of the datum  
points are given to thousandths  
of a foot and the points are so  
described as to be easily iden-  
tified.

A copy of Bulletin 638 may  
be obtained free on application  
to the Director of the Survey at  
Washington.

### IMPORTANT NEW LEGISLATION.

The Agricultural appropria-  
tion act contains several impor-  
tant pieces of new legislation and  
makes provision for the exten-  
sion of many lines of existing  
work and for the inauguration  
of new agricultural projects.  
Among the more important  
items are the following:

The U. S. grain-standards  
act. (See Weekly News  
Letter, vol. 4, No. 3.)

The U. S. warehouse act.  
(See Weekly News Letter,  
vol. 4, No. 3.)

Reenactment of the cotton-  
futures act, with amendment.

Appropriation of \$65,000 for  
market news service for live  
stock, meats, and animal prod-  
ucts.

Cooperative employment of  
marketing agents in the various  
States in making work.

Appropriation of \$136,000 for  
market news service for fruits  
and vegetables.

Appropriation of \$3,000,000  
for continuing the purchase of  
forest lands under the Weeks  
law, in the southern Appalachian  
region and the White Mountains.

Appropriation of \$175,000  
for experiments and demon-  
strations of the best methods of ob-  
taining potash from kelp.

Appropriation of \$50,000 for  
conducting experiments in pro-  
ducing dyes from material grown  
or produced in the United  
States.

Amendment of the seed-im-  
portation law which permits the  
exclusion of seed which contains  
an excess of dead seed, dirt, or  
other adulterants.

Appropriation of \$10,000 for  
the development of a sugar-beet

see industry.

Increase appropriations to ex-  
tend the weather service in the  
vicinity of the Panama Canal  
and in the Caribbean Sea and  
Gulf regions.

Increased appropriation for  
cooperative demonstration work  
outside of the cotton belt.

Authority given to the Secre-  
tary of Agriculture to permit  
prospecting in and development  
and utilization of mineral re-  
sources of the eastern national  
forests.

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a  
typewriter.

Ball Bearing Long Winding

The success of the L. C. Smith & Bros. Typewriters has  
been due to the fact that the wants of the user have  
dictated its construction. The user has decided in favor  
of certain improvements now incorporated in Model 8.  
Among them are:

**Silence of Operation**—The most silent running efficient  
typewriter ever placed on the market. Absolute silence  
has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating.  
There is no extra charge for this convenience.

**Variable Line Spacing**—Enables the operator to start on a  
given line and space from point of setting; also he writes  
on ruled lines where spacing varies from typewriter to  
writing. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each  
typeface.

**Choice of Carriage Return**—Upon special order the new  
left hand carriage return will be furnished in place of the  
right hand return.

All the important features of previous models have been retained  
—ball bearing carriage, typebars and capital shift, back spacer,  
key-controlled ribbon, removable platen, protected type, flexible  
paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the  
L. C. Smith & Bros. Typewriter is a type of the service.

for the principle of protection  
We must apply that principle  
fairly, without abuses, in a sci-

### THE NEUTRALITY OF PONTIUS PILATE.

But as soon as the need for  
deeds arose, Mr. Wilson forgot  
all about "the principle he held  
dear." He promptly announced  
that we should be "neutral in  
fact as well as in name, in thought  
as well as in action," between  
the small, weak, unoffending na-  
tion and the large, strong nation  
which was robbing it of its sov-  
ereignty and independence. Such  
neutrality has been compared to  
the neutrality of Pontius Pilate.  
This is unjust to Pontius Pilate,  
who at least gently urged mod-  
eration on the wrongdoer.—  
From the speech of Col. Theod-  
ore Roosevelt, delivered at  
Lewiston, Maine, in behalf of  
Charles E. Hughes.

The President gets up early during  
the hot spell, and there are some who  
think he may have to continue the  
practice until November if that man  
Hughes continues to be so undigni-  
fied.—Pittsburgh Dispatch.

Republicans will...

do so or not.

Republicans Grab the Opportunity.

The Republicans, candidates and  
campaign managers have grasped the  
opportunity with considerable satis-  
faction. They are ready for an aggres-  
sive offensive campaign against the  
Democrats on the McDonald adminis-  
tration's written record. Being prac-  
tically certain that Governor McDon-  
old would force the Democrats to de-  
fend him the Republicans have been  
preparing for many months with  
careful, searching inquiry into every  
detail of four years and a half of  
wasted opportunity in the conduct of  
state affairs, and a period filled from  
beginning to end with administrative  
blunders which range from the  
indiscreet to the most gravely serious.

With the record in their hands the  
Republicans are going to the people in  
this campaign with simple statements  
of the facts. They feel that nothing  
more than this showing will be neces-  
sary to convince New Mexico that its  
experiment with a Democratic admin-  
istration has proven too costly to risk  
repeating.

Campaign Parties Take Stump.

Early last week three campaign  
parties took the field in the first long  
campaign tours. H. O. Bursum, can-  
didate for governor; William G. Sar-  
gent, candidate to succeed himself as  
state auditor, and Alexander Road,  
candidate for district attorney in the  
Santa Fe district, have spent the past  
week in San Juan county. They have  
been received with enthusiasm, Frank  
A. Hubbell, Republican candidate for  
the United States Senate, and a party  
of the state committeemen, has been  
speaking in San Miguel and Mora  
counties. Charles A. Spiess of Las  
Vegas, Republican national commit-  
teeman for New Mexico, has been in  
the Pecos valley. Four more cam-  
paign parties will go out the first of  
next week and from that time on  
speakers will be almost constantly in  
every county in the state. It will be  
a campaign designed to take the  
plain, hard facts to the people and to  
give every voter in New Mexico an  
opportunity to acquaint himself at  
first hand with the Democratic record  
and with the men who aspire to con-  
gressional and state office on the Re-  
publican ticket, to meet them and talk  
with them and to get their views up-  
on state and national administrative  
tactics.

### WILSON'S IGNOBLE, UNSUC- CESSFUL LITTLE WARS.

President Wilson took Vera  
Cruz in 1914, as we were official-  
ly informed at the time, to get  
a salute for the flag, and to  
prevent the shipment of arms  
into Mexico. He did not get his  
salute. He did not prevent the  
shipment of arms. But several  
hundred men were killed or  
wounded; and then he brought  
the army home without achiev-  
ing either object. President  
Wilson sent an army into Mexico  
in 1916, as we were informed  
at the time, to get Villa "dead  
or alive." They did not get him  
dead. They did not get him  
alive. Again several hundred  
men were killed and wounded.  
Again President Wilson is bring-  
ing the army home without  
achieving his object. Of course  
it is a mere play upon words to  
say that these were not  
"wars." They were wars, and  
nothing else; ignoble, pointless,  
unsuccessful little wars; but  
wars. They cost millions of dol-  
lars and hundreds of lives,  
squandered to no purpose; they  
accomplished nothing; but they  
were wars.—From the speech of  
Col. Theodore Roosevelt, deliv-  
ered at Lewiston, Maine, in be-  
half of Charles E. Hughes.

### Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't  
have to go through life with a chest that the tailor gives you; with  
arms of childish strength; with legs you can hardly stand on. And  
what about that stomach that flinches every time you try a square  
meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TABLOID FORM—  
THROUGH PILLS, POSITIONS AND OTHER EXPLODIED FIFFLE? YOU  
CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all of it  
—through nature's methods—not by pampering the stomach. It  
is not fate that is making you a failure; it's that poor, emaciated  
body of yours; your half-sickness shows plain in your face and the  
world loves healthy people. So be healthy—strong—vital. That's  
living. Don't think too long; send 4 cents in stamps to cover mail-  
ing of my book, "INTELLIGENCE IN PHYSICAL CULTURE,"
