HAPPENINGS IN CITY AND VALLEY.

This section was visited with quite a cold wave and snow storm Friday night.

J. T. White was a Sunday evening passenger to Tucumcari returning on Tuesday morning.

A special train carrying racing stock passed through San Jon, on Wednesday, for parts in the east.

L. C. Martin has been helping R. M. Wernet drill a well at the latter's place.

Mr. O. G. Jones returned, Sunday night from Texas, where he had been for several days.

William Lucas, son of Frank Lucas, is quite sick at his home north west of town.

S. B. Boswell is confined to his home south of town on account of sickness.

One thorough-bred Jersey Bull for sale or trade.

J. W. Wallen, Nine miles northeast of Endee.

The workmen on the school building commenced to put up rafters on Wednesday and the building will soon be under roof, the weather permitting.

Rev. and Mrs. Morton drove to Puerto Saturday and returned Monday; filling his appointment there Sunday.

Harry H. McElroy of Tucumcari came out Wednesday to attend to legal matters. Thursday morning he went on to Endee to attend to some business.

Andrew Clinesmith, of Bard, was transacting business at this office Saturday. Mr. Clinesmith filled two silos with forage crops last fall and is very enthusiastic over the results. He says the same amount of feed made into ensilage will feed three times as far as where it is cut up and fed dry in the ordinary way, and the silage is relished so much more by all kinds of stock.

Born to Mr. and Mrs. M. C. Gaar, Sunday evening, a daughter weighing eight and a half pounds. All reported doing nicely.

Mrs. Dudley Anderson and children, and Tom Anderson, visited at the Charley Wooten home last Sunday.

Tom Carden was in town Tuesday, and informed us that he would put in one hundred acres or more to crops the coming season.

Mrs. O. G. Jones returned from Tucumcari Saturday morning where she had been for several days attending to business.

The Ladies of the Baptist Aid Society, beginning the first of April, at Mrs. Bennett's Millinery store just east of the San Jon Merc. Co. will serve cold drinks. The proceeds to go toward our new church building.

Tom Anderson has contracted to work the coming summer for J. G. Ellis; who expects to put out quite a crop, will also construct a silo and make silage of his feed, thereby getting the full benefit of his crop.

Sheriff Ward was in San Jon Thursday in his car he recently purchased.

The citizens north of town, met at the Prairie Dell school house, and organized a telephone company by electing the following officers: President, M. C. Gaar; Secretary and Treasurer, Chas. Alsdorf; Directors, W. C. Wills, F. M. Hawkins, D. H. Jones, J. F. Reynolds, and Dwight Wright. They expect to commence work on the line at once.

SENATE CONFIRMS DONOHOO'S APPOINTMENT

Word was received here this week that the Senate had confirmed the appointment of Rome P. Donahoo as Register of the United States Land Office at Tucumcari. Mr. Donahoo will take charge of the office within a short time.

C. F. Marden went to Tucumcari Wednesday evening to attend to business matters.

H. F. Holliday and wife, were in town Wednesday and took dinner at O. R. Dentons.

NORTH BEND ITEMS

The hard wind a week ago Tuesday did considerable damage to some of the wheat on the plains.

Bert Sharp has added a room to his house. Bert looks as if he was going to stay.

Mr. Reynolds spent Monday night with Mr. Jess Crecelius.

The little daughter of Mr. and Mrs. Eli Sharp has been quite sick the past few days.

Vick Mashare and wife of Hollene left Monday for parts unknown.

Charley Brown has been listing this last week. Charley is doing splendid.

Eli Sharp broke his wagon down while going to town with a load of maize, but, as he always does, got there just the same.

(To late for last week.)

Mrs. Ruth Savage of Clovis has been visiting Mrs. Dan Riley the past week. She is also visiting her sister Mrs. Eli Sharp.

Mr. and Mrs. Jess Crecelius spent Sunday with Mr. and Mrs. John Brown.

Mr. Jim Reynolds will move to his new home in the valley this week. His neighbors on the plains regret to see them go.

Mr. and Mrs. Dan Riley spent Saturday night and Sunday with Mrs. Rileys parents, Mr. and Mrs. R. A. Sharp.

Walter Sharp had the misfortune to get one of ribs broken one day last week. He is getting along nicely however.

Mrs. R. A. Sharp was in town shopping, Saturday.

Willie Riley and wife, in the valley are the proud parents of a fine baby boy. Mother and babe doing nicely.

Jess Crecelius swapped horses Saturday, in town.

Victor Mashare of Hollene and his brother Henry of Anadarko Oklahoma who is visiting him, were pleasant visitors at Eli Sharps Sunday Night.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

School Notes

Miss Hattie Freeman, visited the school Thursday afternoon.

Mr. Atkins went to see the trial awhile Wednesday evening, and Esther taught school.

Mr. George Sale was visiting the school Thursday, at noon. Was glad to see him, call again.

The girls are taking drawing lessons, and are progressing nicely for their drawings bring high prices.

Bessie Crawford came to school today to tell "us four and no more" goodbye. We sure hate to see her leave us.

Lisle, Paris, and Orville ran away Wednesday to see the trial. Notice: "never be late". Always be here in time to hear the bell ring.

Mutt and Jeff

J. C. Hopkins and wife, Mr. Helms and son of Milwaukee Wisconsin, arrived Thursday morning, and were met by Mr. Slater of Logan. They went to their Logan mine for a few days.

Harry H. McElroy spent Thursday night at the J. T. White home.

Dr. Boggs and wife went to Tucumcari this morning.

C. J. Starkey of Bard was in town Wednesday to have Dr. Boggs treat his eyes.

We notice the farmers have their ground ready for planting earlier than usual this spring.

COLDS

An up-to-date remedy for colds. That is what Peruna is. In successful use over 30 years.

Colds are caught in many ways: Ily ventilated rooms; rooms that have direct draughts; crowded rooms; damp houses; stuffy school rooms; offices ily heated.

A dose of Peruna at the right time, at the first symptom of cold, before the bones begin to ache, before the sore throat manifests itself, or the cough, or the discharge from the nose, just a dose or two of Peruna before these symptoms begin is generally sufficient. But after the cold is once established with the above symptoms prominent, a bottle of Peruna, or maybe two, will be necessary.

SEAT LITTLE GOOD TO HIM

Smart Youth Had It But He Did Not Proceed Far Toward His Destination.

An important-looking and haughtily acting young man was wandering up and down on the platform of the railroad station of a small western city. He was intent on finding an empty seat in the express, which was almost due to start. Vainly did he search each car. Suddenly he assumed an official air and, walking up to the last car, he cried out:

"All change here. This car will be left here."

The occupants of the crowded car uttered exclamations which proved their dissatisfaction, but hurried out and packed themselves in other coaches. The face of the young man assumed a bland and childlike expression as he settled himself very comfortably in an empty seat.

Shortly after, the station agent put his head in at the door and said: "I suppose you're the smart boob who told the folks this car wasn't going, arn't you?"

"Yes," replied the bright youth, with a grin.

"Well," responded the station agent, "you were right. It isn't. The brakeman heard you calling out about it, and so he uncoupled it. He thought you were an official."—Lippincott's Magazine.

GRIMM ALFALFA SEED

Large Quantities of Spurious Seed Sold in West.

Original Plant, Sown in Minnesota in 1868, Has Been Made One of Hardest Strains—Other Varieties.

Recent investigations by the department of agriculture have revealed the fact that large quantities of ordinary alfalfa seed are being offered for sale under the name of Grimm. It has also been found that large quantities of alfalfa seed raised under irrigation are being sold as northern-grown dry-land seed.

In the cases of some of this seed it was found that it was not even domestic seed, but was wholly or in part imported Turkestan seed. This practice of selling other seed for Grimm results in the farmer paying from 40 cents to \$1 or more per pound for seed which would otherwise sell for from 12 to 20 cents a pound, and inasmuch as the ordinary seed is not as hardy as Grimm, the first severe winter may kill the entire crop.

The original Grimm alfalfa sown in 1868 in Carver county, Minnesota, has undergone a natural cross with the common variety which, together with its exposure to numerous severe winters which have eliminated the weaker plants, has made it one of the hardest of our commercial strains. The seed was produced originally entirely in Minnesota, but tests of the true variety since grown in Dakota, Montana, and Idaho indicate that these lots are all of equal value and are quite as hardy as those grown in Minnesota.

As it is difficult to detect substitutes for Grimm in the seed, the farmers are urged to buy Grimm only from reliable dealers and, as far as possible, to trace the seed back to its source. In many cases the retailers are not deliberately perpetrating a fraud, as they have purchased this seed for Grimm and sell it in the belief that it is Grimm.

This seed has become very popular in regions of cold winters and is now used not only in the northwest but in the east, particularly in northern New York and New England.

Similarly it is found that in the dry-land regions where the winters are severe and there is little snowfall and comparatively little moisture the northern alfalfa seed grown in cold regions on dry land is especially useful. Much of this seed comes from Montana, and it is found that unscrupulous dealers have been taking seed raised under irrigation in that state and selling it as Montana dry-land alfalfa seed.

FAILURES IN DRY FARMING

Under the Non-Irrigated System There Will Be Years When Best Methods Are Not Successful.

Failures occur in the best humid or irrigated country. Under non-irrigated farming there will be years when the best methods, on the best soils, will not be entirely successful. Probably as many fail, because of too little capital, as from any other source. Too little capital prevents work being done as it should be, when it should be. It prevents saving the big crop against the year of small crop.

The settler must have domestic water. His first consideration is therefore a good well. If he cannot obtain a good well, or if usable water for stock and household cannot be obtained within reasonable hauling distance, failure is certain, no matter how favorable the soil.

However, not every person is adapted to this class of farming. Success depends as much on the adaptability of the man and his family to the environment as to any other factor. Health and endurance are absolutely necessary. They must be able to live alone and find their own amusement, for the most part the settlements are far apart. The man who must be amused, who cannot endure his own company for long periods, has failed before his time. Mist and incompetence will find anywhere under the most favorable conditions; they cannot exist under the regular conditions that sometimes prevail in the best land, and must be overcome in order to win success.

System of Cultivation.

Cultivation by a system adapted to the conservation of moisture ought to be practiced everywhere, in every hoed crop, unless one has irrigated land. Good cultivation is always a benefit, whether the rainfall is too great or too small. So the best cultivation that can be given economically should be the practice with all hoed crops.

Not Much Water Needed.

The experience of the "dry land" farmers of the west in conserving moisture has proved that much less moisture is really needed in making crops than is generally believed in the humid portions of the country. But we shall certainly have to learn the benefits of thorough cultivation to get the best results.

Charcoal Absorbs Gases.

Charcoal is recommended as an absorber of gases in the milkroom where foul gases are present. It should be freshly powdered and kept there continually, especially in hot weather, when unwholesome odors are most liable to infect the milk.

Better cookies, cake and biscuits, too. All as light, fluffy, tender and delicious as mother used to bake. And just as wholesome. For purer Baking Powder than Calumet cannot be had at any price. Ask your grocer.

RECEIVED HIGHEST AWARDS World's Pure Food Exposition, Chicago, Ill. Paris Exposition, France, March, 1912

You don't save money when you buy cheap or inferior baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to your milk and soda.

Enjoyment!
"Do you get much enjoyment out of the new dances?" they asked the stout man of mellow years.
"Enjoyment!" he echoed. "Watch me."
Seizing his partner in a grip of iron, he ambled to the right, kicked to the left, doubled his knees, kicked all around, lunged ahead, dipped to the rear, kicked some more, took a short run, beat a retreat, kicked a passing couple and sank down heavily.
"Doesn't that look like enjoyment?" he stammered.

"CASCARETS" FOR LIVER; BOWELS

No sick headache, biliousness, bad taste or constipation by morning.

Get a 10-cent box. Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your store. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipation. Adv.

Even the high cost of living doesn't seem to have any effect on the wages of sin.

WESTERN CANADA CAME INTO EVIDENCE

AT THE CRUCIAL PERIOD FOR SUPPLY OF WORLD'S FOOD-STUFFS.

The present demand for foodstuffs in all parts of the world, and the expense of producing it on high-priced lands, would make it seem that western Canada came into evidence at the crucial period. There is to be found the opportunity that will be a large factor in meeting this demand. With its millions of acres of land, easily cultivatable, highly productive, accessible to railways, and with unexcelled climatic conditions, the opportunities that are offered and afforded are too great to be overlooked.

There have been booms in almost every civilized country and they were looked upon as such, and in the course of time the bubble was pricked and was burst. But in no country has the development been as great nor as rapid, whether in city or in country, as in western Canada.

The provinces of Manitoba, Saskatchewan and Alberta have the largest area of desirable lands on the North American continent, and their cultivation has just begun.

Even with a two hundred million bushel wheat crop, less than eight per cent. of the land is under the ploughs, four per cent. being in wheat. Less than five years ago the wheat crop was only 71,000,000 bushels. It is a simple calculation to estimate that if four per cent. of the available cultivatable area produces something over 200,000,000 bushels, what will 44 per cent. produce? And then look at the immigration that is coming into the country. In 1901 it was 49,149, 17,000 being from the United States; in 1906 it was 189,064, of which 57,000 were Americans, and in 1913 it was about 400,000, of which about 140,000 were Americans. But why have they gone to Canada? The American farmer is a man of shrewd business instincts, just like his Canadian brother, and when he finds that he can sell his own farm at from \$100 to \$200 per acre and move into Canada and homestead and pre-empt half a section for himself, and similarly for all his sons who are adult and of age upon lands as rich and fertile as those he left, and producing indeed several bushels to the acre in excess of anything he has ever known, it will take more than an ordinary effort to prevent him from making the change.

And then, too, there is the American capital following the capital of brawn, muscle and sinew, following it so as to keep in touch with the industrious farmer with which it has had dealings for years back. This capital and the capital of farming experience is no small matter in the building up of a country.

Nothing is said of the great mineral and forest wealth, of which but little has been touched.

No country in the world's history has attracted to its borders a larger number of settlers in so short a time, or has attracted so much wealth in a period of equal length, as have the Canadian prairies. Never before has pioneering been accomplished under conditions so favorable as those that exist in western Canada today.—Advertisement.

No More "Black Broth" for Him. Among the forgotten dishes of the past was the "black broth of Lacedaemon." "What the ingredients of this sabbie composition were," says a writer, "we cannot exactly ascertain. Doctor Lister (in 'Apicius') supposed it to have been hog's blood. . . . It could not be a very alluring mess, since a citizen of Sybaris, having tasted it, declared it was no longer a matter of astonishment with him why the Spartans were so fearless of death, since any one in his senses would much rather die than exist on such execrable food."

The insult. Lady (ordering boots for her husband)—Do you keep men's boots?
Shopman—No, madam, but we keep up to nines in women's.—London Opinion.

It keeps some men busy explaining foolish things to their wives.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.—Adv.

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Sick Women Made Well

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIS WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs, it has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Among the gray eyed there are few who retain any spiritual emotions. People with gray eyes are superficial, frivolous, given to embrace false idols, running down blind alleys, following false prophets, thoughtless, inconsiderate, wanting in sympathy, neurotic, unstable, not firm and deliberate, but rash and impetuous.

Memory a Storehouse.
Professor Bergson believes that memory is imperishable; that all we have thought, felt and experienced in past life is in some way stored up and may, under favorable circumstances, be revived in dreams; and that the totality of the past is involved in the present as a rolling snowball gathers up all that is in its path.

No Spring Water Cure.
Grandpa Mittlecker went into a Pullman dining car and asked for the wine card. Under prevailing restrictions the best the waiter could give him was the mineral water list. Grandpa looked at him reproachfully and exclaimed: "Young man, I'm thirsty, not sick!"

CONTEST NOTICE

Serial No. 08944
Contest No. 5072.

Department of the Interior, U. S. Land Office at Tucumcari, N. M. March 17, 1914.

To Jim O. Wood, of Tucumcari, New Mexico, Contestee:

You are hereby notified that G. F. Nelson, who gives San Jon, New Mexico, as his post-office address, did on February 26, 1914, file in this office his duly corroborated application to contest and secure the cancellation of your Homestead Entry No. 21439, Serial No. 08944 made November 18, 1907, for NW1-4 Section 33, Township 12 N Range 34 E, N. M. P. Meridian, and as ground for his contest he alleges that said entryman has never established his residence on said tract nor erected any improvements of any nature, that there has been no part of said land cultivated by said entryman, that he has wholly abandoned said tract for more than five years last past and next prior to November 18, 1913, and said defects have not been cured to this date nor has title to the said entry been earned by said entryman.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be canceled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below your answer, under oath, specifically meeting and responding to these allegations of contest or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed, stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.
