#### WHEATLESS BISCUITS.

Parched cornmeal is the feature of these excellent wheatless biscuits. First, the cornmeal—one-half a cup—is put in a shallow pan placed in the oven and stirred frequently until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and heat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 16 biscuits, each of which contains one-sixth of an ounce of protein.

#### DELICIOUS CORN MUFFINS.

Here's an old fashioned recipe for corn muffins that has recently been revived and used with unusual success in several of the larger New York hotels: To make three and a half dozen muffins take one quart milk, six ounces butter substitute, twelve ounces of light syrup or honey, four eggs, pinch of salt, two ounces baking powder, one and a half pounds cornmeal and one and a half pounds rye flour. The butter and syrup should be thoroughly mixed; then add the eggs gradually. Pour in the milk and add the rye flour mixed with cornmeal and baking powder.

#### THE FARMERS' WAR

Let us think for a while how the War concerns the farmer.

We want to war with Germany partly because the rulers of that country refused to let us send to Europe our ships laden with grain and cotton. They sunk the ships and cruelly murdered our sailors. Now suppose we allowed them to stop all our shipping, where would you be? None of your goods would be sold in foreign countries, with the result that you would get nothing like the prices which you get today. This war is being waged partly that you may obtain fair prices for your goods.

What is going to happen if we lose this war? Prices of farm produce will drop; the Germans will impose taxation upon you which will cripple you for the next twenty years. Worse than that, if the Germans get over here, they will treat you in just the same way as they have the farmers of France, Belgium and Italy. In these sections farm houses have been shot to pieces, crops wasted and burned; even fruit trees chopped down, the cattle stolen, the men sent into slavery to work for German masters, their women ill-treated in ways that cannot be talked of in print, their little children have had their hands chopped off in order that they may never fight or do any more useful work again.

You may say "such things will not happen here." They said this in France, in Belgium and in Italy. Such things will happen here just as sure as you are alive, unless we smash the Germans so utterly that they are unable to reach this country. The German fleet and the German army will take just one week to get here if we are beaten. They have made up their minds that America shall pay.

Is there a farmer who will stand forward now and say, "This war does not concern me?" You have money that you do not need at present. Loan it to the government at good interest; when you want the money back again, you can borrow on your bond, or sell it.

money until you need it and pay your interest on it.

Go and buy a Liberty Bond tomorrow.

The Banks have some Bonds on hand. They are holding them for people like yourself.

Don't be a slacker, and don't fool yourself with the idea that you are too far away from the war for it to hurt you. Remember 1914, when the Germans upset the world's shipping, and you took what you could get for your products.

Think of the twenty years starvation prices ahead of you, in case we are beaten.

This is your war, and if you won't get in it you deserve to lose your American Citizenship.

Call in at the bank tomorrow, and ask it over.

## A Panorama of Telephone Activity

A bird's-eye view of this country today would show a panorama of countless military and industrial activities. Here the smoke of a thousand stacks obscures the view of arsenal, steel and iron works and innumerable factories. There the sun's rays flash upon thousands of glittering bayonets and rise and set on many new and strange looking cities—the mobilization camps of the armies of the Republic, or gild the wings of swift aeroplanes gliding to and fro in bird-like flight over broad aviation fields. The National Capitol would be seen, from which all these vast enterprises are directed and co-ordinated, with hundreds of telephone lines radiating from it to all parts of the country, and linking it to each military and industrial center. A veritable maze of other telephone pole lines, covering the whole country with a net-work of wires, would be visible, connecting city, town, camp, fortification, navy yards, military headquarters, coast-guard stations, and light-houses. Everywhere busy groups of telephone workers would be disclosed erecting poles and stringing wires to meet new and extraordinary demands for service. All this telephone activity is but a part of the vast work the Bell System is doing. Join us in this patriotic service, by remembering that the more careful you are to make only telephone calls that are necessary and to confine your talks as much as possible, to the less busy hours of the day, the better we can meet the needs of the Nation.

## HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time... I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so hot and was so nervous and weak I could hardly live. My husband asked Dr. Cardui about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles...After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my housework and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Winding

The success of the L. C. Smith & Bros. Typewriter has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

**Fast Ribbon Feed**—Insures new plans of impact for each typewriter.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

### Because

They have never contributed a cent to furthering the interests of our town—

Every cent received by them from this community is a direct loss to our merchants—

In almost every case their prices can be had right here, which delay in receiving goods and the possibility of mistakes in filling orders.

### But---

The natural human trait is to buy where goods are cheapest. Local pride is usually secondary in the game of life as played today.

### Therefore

Mr. Merchant and Business Man, meet your competition with their own weapons—advertising.

### Advertise!

The local field is yours. All you need do is to avail yourself of the opportunities offered. An advertisement in this paper will carry your message into hundreds of homes in this community. ## Doing Our Part

Did you ever notice the difference between the size of a crowd in a store Saturday afternoon and other days of the week?

The telephone company is now serving a "Saturday afternoon crowd" every day.

Since the war began the business activity of the country has been expanding with abnormal rapidity. This has required constantly more and more telephone service for the business houses.

Complete telephone systems have been built and are maintained at more than fifty training camps over the country. This has taken a tremendous amount of equipment and the services of a large number of skilled telephone men.

Many of our men are constantly engaged in installing and maintaining the equipment used only by the Government in this country.

In addition to this, our Government needed skilled telephone men in the prosecution of the war, and these could be furnished only by the telephone companies of the country.

In spite of the war and what it has meant to this company in the increased number of telephone messages to handle, the enlistment of so many of our trained men, the shortage of equipment and the high cost of materials—

In spite of all these obstacles, we are meeting the needs of the public for telephone service in a remarkably successful way.
