NUMBER 71

A MESSAGE TO THE NATION

Nature has implanted in every human being a sense of justice. This sense of natural justice does not emanate from any religion or creed; it is the common possession of humanity. It constitutes the one great distinguishing mark between man and the animal. And the more highly educated, the more highly refined a man becomes, the stronger is his sense of natural justice. We condemn a violation of natural justice, not because we learn from a man or a book that such an action is worthy of condemnation, but because it violates that conception of justice which was born in us.

We do not have to be told that it is wrong to torture a helpless child. We do not have to be told that it is wrong to go to a farm house and burn it to the ground, torture its inmates, and then throw them in to the burning ruins of their own home. Such things are repugnant to our sense of natural justice.

It is this elementary attribute of humanity, this quality which distinguishes man from the beast, which has been violated by Germany. Not only of ours. One of the things has natural justice been violated, but its violation defended by emperors, preachers, philosophers, teachers, and that mass of individuals who sympathize with the German cause.

While the most enlightened teachers of humanity are telling us that man by aspiration and effort can raise himself to partake of the Divine nature, Germany is teaching and practicing the doctrine that man should invert the theory and take his place amongst the lowest types in the animal world. They hold forth as the goal of human ambition, after centuries of upward struggle, the figure, type and mentality of a beast rather than that of a God. The animal which lives on the flesh of others, whose right to existence is based only upon its strength and its ability to crush its prey, would appear to be the German ideal.

It is largely because the German idea is so repugnant to us as enlightened Americans, because their practices send a shudder through every fibre of our bodies and produce such nausea in our souls, that we are at war with Germany today; and it is because of these conditions that every decent, honorable, thinking man must pledge, if necessary, his fortune, his life, his all, to eradicate this unspeakable thing which has fallen like a curse upon the sons of men.

Conceive, if you can, the condition of this world if we allowed such doctrines to prevail. Property would go to the man with the strongest arm and the most unscrupulous mind. Liberty would die a shameful death. Freedom would shriek as Justice falls. Religion would perish from the earth and a false God—one of blood, iron and beastiality, would be set up for the worship of a cringing, cowering humanity.

There are indifferent ones who say that such things can never happen in this country. These people do not realize that one of the penalties—the greatest of all penalties—which we should pay for defeat would be the Germanization of our people. One of the terms of our defeat would be the privilege of Germany to trade, teach the beast, which has been violated and colonize freely in this land. No greater tribute was ever paid to one of the old kings of England of whom it was said:

"His life was gentle, and the elements so mixed in him That nature might stand up and say to all the world 'This was a man'."

It is for such an eulogy we all yearn, unconsciously, if not

The Honor Flag

HELP OUR COMMUNITY TO WIN THE RIGHT TO FLY THIS FLAG.

Every Country or Community can win the right to fly the Flag shown above, by over-subscribing their quota to the Third Liberty Loan.

Doubt may arise in the minds of some people as to whether a flag can be won by a county only, or by a particular community. The feeling of the Government about the matter is that where a town or city is large enough to have a separate quota assigned to it, that city or town can have an Honor Flag for itself. For instance, the County Executive Committee will assign a separate quota for Denison and Sherman in Grayson County, Texas. This illustration will give some idea of how the matter will be arranged. The rules governing the question of what communities shall have the right to earn and fly an Honor Flag must necessarily be somewhat elastic. You may be sure of one thing: that wherever a community determines to go "Over the Top" with the Third Liberty Loan, provision will be made by the Federal Reserve Bank, as agent for the Government, for recognition of the patriotism of that community by awarding an Honor Flag.

The Honor Flag measures 36x54 inches. It has a red border and a white center, and three vertical blue stripes. As an additional Honor emblem, a blue star, to be sewn into the white field of the Flag, will be awarded to communities every time they increase their quotas by a hundred per cent. In other words, if a town's quota is \$100,000, it will be entitled to an Honor Flag when its subscriptions reach this amount, and when the subscriptions reach \$200,000 it will be entitled to one blue star.

Every bank will be supplied with window cards 7x9 inches, which will show a reproduction of the Honor Flag, and have a space for the subscribers name. The subscriber will write his name on the window card and display it in his residence or

consciously, and those who would lay restraining hands upon us as we aspire are our mortal and immortal enemies.

There is a practical side to every question, however great and spiritual that question may be. The warfare on behalf of your better self, for your higher interest, and that of your children, is being waged by brave men who have the profoundest claims upon your sympathy and assistance. It seems a pitifully small and totally inadequate thing that you can do, but yet if that is all—do it, and do it to the limit of your ability. Place on record your purchase of a Liberty Bond when the Government calls upon you in the very near future

at his place of business.

The raising of the Honor Flag in any community, should be made the occasion of a great patriotic demonstration, and be made one of the greatest events in the life of the community.

In many communities there will be used in connection with the Honor Flag system, the "Honor Roll." This will give a list of the names of subscribers to the Third Liberty Loan. The list will be placed in the most prominent position in town, outside of the Liberty Loan headquarters, or possibly the postoffice in smaller communities, and the list will be added to frequently and kept up to date. Every man who values his self-respect and the opinion of his neighbors will want to have his name appear on the Honor Roll.

There is not a single county in the whole of the Eleventh Federal Reserve District, or a single city or town large enough to be given a separate quota, that will not earn the right to fly this Flag eventually.

The one question before the people in any community is whether they will at once spring to the aid of their country, or whether they will wait and come in at the last moment.

The value of service depends largely upon its promptness. What kind of service is your community going to render to the Government—a quick, willing one, or a grudging one?

Your whole community has been enlisted in the army of the United States that is to win this war. Be good soldiers—obey orders promptly. Your orders are "Over the Top, Civilians! Over the Top With the Liberty Loan."

"His treatment is remarkable" He says.

Capt. F. S. Patty, Ex-passenger Agent Northern Pacific, Dis-cuses Former Troubles.

Nearly everybody in Knoxville, Tenn., especially railroad people, know Captain F. S. Patty, for twelve years district passenger agent for the Northern Pacific railroad, with local offices in Chattanooga and general offices in St. Paul, Minn.

On account of generally failing health Capt. Patty was forced to discontinue active work and for the past few years has been making his home in Knoxville, where he numbers his friends by his acquaintances. He is a kind, genial gentleman of the old school and is beloved by all who know him. The following interesting statement was made by him in person to the Tanlac representative:

"I am 69 years old and always enjoyed good health up to about six years ago, when I suffered a nervous breakdown and my general health gradually failed me. My principal trouble was indigestion and catarrh, but my whole system seemed to be out of shape. My condition finally got so bad I couldn't sleep at night and always after eating I would suffer so from indigestion and heartburn that I felt just like there was a coal of fire in my stomach. My hearing and vision were also affected. I consulted several doctors here in Knoxville and other cities and they helped me considerably and I finally got so I could go around, but some how I just couldn't feel right and could not sleep at night, which made me awfully nervous and nothing I would eat seemed to agree with me.

"I began reading about this Tanlac when you first came here, but did not decide to try the medicine until I talked with a friend of mine who had actually used it. He said it was the best thing he had ever taken, and that was sufficient proof for me.

"I have just finished the first bottle and came here this morning, not only to buy the second bottle, but to tell you just what it has done for me. I began enjoying my meals from the first few drops. My nervousness is gone and I can sleep like a child and always wake up in the morning ready for breakfast and feeling refreshed. I am very fond of onions, but was almost afraid to eat them, because they always disagreed with me so; I could taste them for hours afterwards.

Plan Your War Garden Now; Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

N CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

COULD HARDLY STAND ALONE

Terrible Suffering From Headache, Sideache, Backache, and Weakness, Relieved by Cardui, Says This Texas Lady.

Gonzales, Tex.—Mrs. Minnie Philpot, of this place, writes: "Five years ago I was taken with a pain in my left side. It was right under my left rib. It would commence with an aching and spread up into my left shoulder and as down into my back. By that time the pain would be so severe I would have to take to bed, and suffered nearly about three days. I suffered this way for three years, and got to be a mere skeleton and was so weak I could hardly stand alone. Was not able to go anywhere and had to let my house-keeper do all the work. I suffered with a pain in my back and I had the headache all the time. I just was unable to do a thing. My life was a misery, my stomach got in an awful condition, caused from taking so much medicine. I suffered so much pain. I had just about given up all hopes of our getting anything to help me. One day a birthday Almanac was thrown in my yard. After reading its testimonials I decided to try Cardui, and am so thankful that I did, for I began to improve when on the second bottle. I am now a well woman and feeling fine and the cure has been permanent for it has been two years since my awful bad health. I will always praise and recommend Cardui." Try Cardui today.

Ball Bearings Long Working

The success of the L. C. Smith & Bros. Typewriter has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent typewriter ever placed on the market. It has been very widely recognized.

Decimal Tabular—A help in tabular work. There is no extra change for this convenience.

Variable Line Space—Enables the operator to make a given line and space from point of starting to the next on ruled lines whose spacing varies from approximately 12 to 18 lines per inch. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order, the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, premium type, variable paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a system of improvements.

War Orders Rushed

THE magnitude of the great war in which we are now engaged, has necessitated unusual preparation. Mighty forces are marshalling, great stores of food and munitions are being gathered, and the energies of the nation are focused on problems incident to the war.

At the very beginning of the war, the whole Bell System was placed at the disposal of the Government. No nation has entered the war with such a comprehensive and efficient telephone service.

As our military establishment grows, the demands of the Government upon the Bell System are bound to increase and always they must take precedence over all others.

Increased activity in commerce and industry as the result of larger demands for food and munitions from our allies and for our own use, means more need of telephone service by private business.

But private business must always be subordinated to the Government service. Each individual American will co-operate in this patriotic service, and submit cheerfully to inconvenience or delay in his telephone service, when he understands how vital it is that Government service shall take precedence over all else.

Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't have to go through life with a chest that the tailor gives you; with arms of childish strength; with legs you can hardly stand on. And what about that stomach that flinches every time you try a square meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TABLOID FORM... THROUGH PILLS, POSITIONS AND OTHER EXPROPRIATED PIFFLE? YOU CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all of it...through nature's methods—not by pampering the stomach. It is not fate that is making you a failure: it's that poor, emaciated body of yours; your half-sickness shows plain in your face and the world loves healthy people. So be healthy—strong—vital. MENT

Oh, You Skinny!

Why stay thin as a rail? You can't have it! And you don't have to go through life with a chest that the air gives you; with arms of childish strength; with legs you can hardly stand on. And what about that stomach that flinches every time you try a square meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TARIFF FORM—THROUGH PILLS, POSITIONS AND OTHER EXPECTED TRIFLES? YOU CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all or it—through nature's methods—not by pampering the stomach. It is not fate that is making you a failure: it's that poor, emaciated body of yours; your half-sickness shows plain in your face and the world loves healthy people. So be healthy—strong—vital. That's living. Don't think too long: send 4 cents in stamps to cover mailing of my book, "INTELLIGENCE IN PHYSICAL CULTURE," written by the strongest physical culture instructor in the world.
