VOLUME V

BELEN, NEW MEXICO, MAY 9 1918.

NUMBER 73

U. S. Must Cut Use Of Wheat by One-Half

America Consumed 42,000,000 Bushels Monthly.
From Now Until Harvest Must Use
Only 21,000,000.

RATION PER PERSON IS 1½ POUNDS
OF WHEAT PRODUCTS WEEKLY

Military Necessity Calls for Greater Sacrifice Here—Allied War
Bread Must Be Maintained—Our Soldiers and
Sailors to Have Full Allowance.

If we are to furnish the Allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels a month, as against our normal consumption of about 42,000,000 bushels, or 50 per cent. of our normal consumption. This is the situation as set forth by the U. S. Food Administration at Washington. Reserving a margin for distribution to the army and for special cases, leaves for general consumption approximately 1½ pounds of wheat products weekly per person. The Food Administration's statement continues: Many of our consumers are dependent upon bakers' bread. Such bread must be durable and therefore, requires a larger proportion of wheat products than cereal breads baked in the household. Our army and navy require a full allowance. The well-to-do in our population can make greater sacrifices in the consumption of wheat products than can the poor. In addition, our population in the agricultural districts, where the other cereals are abundant, are more skilled in the preparation of breads from these other cereals than the crowded city and industrial populations.

With improved transportation conditions we now have available a surplus of potatoes. We also have in the spring months a surplus of milk, and we have ample corn and oats for human consumption. The drain on rye and barley, as substitutes, has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat, the average monthly amount purchased in the four months prior to March 1.

5. Manufacturers using wheat products for non-food purposes should cease such use entirely.
6. There is no limit upon the use of other cereals, flours, and meals, corn, barley, buckwheat, potato flour, et cetera.

Many thousand families throughout the land are now using no wheat products whatever, except a very small amount for cooking purposes, and are doing so in perfect health and satisfaction. There is no reason why all of the American people who are able to cook in their own households cannot subsist perfectly well with the use of less wheat products than one and one-half pounds a week, and we specially ask the well-to-do households in the country to follow this additional programme in order that we may provide the necessary marginal supplies for those parts of the community less able to adapt themselves to so large a proportion of substitutes.

In order that we shall be able to make the wheat exports that are absolutely demanded of us to maintain the civil population and soldiers of the allies and our own army, we propose to supplement the voluntary co-operation of the public by a further limitation of distribution, and we shall place at once restrictions on distribution which will be adjusted from time to time to secure as nearly equitable distribution as possible. With the arrival of harvest we should be able to relax such restrictions. Until then we ask for the necessary patience, sacrifice and co-operation of the distributing trades.

4. We ask the bakers and grocers to reduce the volume of Victory bread sold, by delivery of the three-quarter pound loaf where one pound was sold before, and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat flour purchases beyond 70 per

AMERICAN NAVY ELIMINATES WASTE

SLICING BACON ON BATTLESHIP
ACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste.
In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage.
Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war.
Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin.
There is a sufficient quantity of po-

ALLIED FOOD SHIPMENTS REACH LARGE TOTAL.

A general idea of the quantity of food sent to European allies by the United States from July 1, 1914, to January 1, 1918, is given by figures just announced by the U. S. Food Administration. In that period the United States has furnished complete yearly rations for 57,100,933 people. In addition there was enough extra protein to supply this portion of the diet for 22,194,570 additional men.
The total export of wheat and wheat flour to the three principal allies is equivalent to about 384,000,000 bushels. Pork exports for the 3½ years amounted to almost 2,000,000,000 pounds. Exports of fresh beef totaled 443,484,400 pounds. The amount of food exported to Russia is negligible compared with that sent to the western allies.

came his wife. But these women never did anything. They stood on pedestals and radiated inspiration.

Times have changed, and apparently women have changed. I do not know today of a single woman of my acquaintance, nor do I read of one in contemporary history, who is willing to be a silent partner in the business of a man's life, whether that business be running a kingdom, writing poetry, thinking great thoughts, or running a business.

The influence which women now exert and the inspiration which they offer to the male of the species comes from their leadership in human activities.

Those of us who are interested in the raising of the Liberty Loan in this section gladly accept the new order of things and call upon the new order of women to inspire and influence the men of the district by their actions and their example rather than by any attempt to stand on a pedestal and let somebody else do the work.

Woman today is claiming equal rights with man, and cannot expect to enjoy these unless she is willing to take her share of the responsibilities which rights and privileges always carry with them. The woman who believes in the equal civic right of the sexes is bound to take at least as active a part in the war as do the men. She can do no less unless she wishes to violate her own creed.

Let no one suppose for one moment that the writer of these lines imagines that the modern woman is less approachable on the grounds of her womanhood and her motherhood than the old fashioned woman who was content to knit socks, wash the children, and inspire her husband; but it is permissible to point out that the newer type of woman should help in the Liberty Loan Movement because she is a woman, a wife and a mother, and because in addition to all these things she is bound absolutely by the creed of the new womanhood to vie with men for supremacy in the realm of initiative and action.

It seems not unlikely that the women of the Eleventh Federal Reserve District will be the determining factor in campaign work during the Third Liberty Loan Campaign, and these remarks are addressed to the women of the District in the hope that they will take in this important work the position which they have claimed as their own; namely, that of comrade, co-worker, even leader, in all matters in which both men and women are jointly concerned for the national good.

Former sheriff A.
R. Anderson now
Endorses Tanlac

Prominent Houston Man

Says, "Money could not buy the Good it has done me."

"Money could not buy the good Tanlac has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Ex-Sheriff of Harris County, re-

cently.
Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men that ever held public office in the "Lone Star" state. After serving as Deputy Sheriff of Harris County for twelve years, Mr. Anderson was elected Chief of Police of the city of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's friends persuaded him to make the race for the unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Four years ago Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a large property owner and foremost citizen of this interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding party lines, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and to secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,
Secretary of the Treasury.

my stomach and was constantly belching up indigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort, and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I'm a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish, benefit by my experience with this great medicine."

Tanlac is sold in Belen by Buckland Bros.—Adv.

FREE TO FARMERS SEEDS

By special arrangement the Rathbun Seed House of Shenandoah, Iowa, one of the oldest, best established seed firms in the country will mail a copy of their illustrated Seed Catalogues. This book is complete on all farm and garden seeds. It tells how to grow big yields and about the best varieties of Corn for your locality; also Seed Oats, Wheat, Barley, Speltz, Grasses, Clovers, Alfalfa, Pasture and Lawn Mixtures, Seed Potatoes, and all other farm and garden seeds. This Book is worth \$1.00 to all in want of seeds of any kind. IT'S FREE to our readers. Write for it today and mention this paper. The address is: RATHBUN SEED HOUSE, Shenandoah, Iowa.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Great Family Combination Offer

We do not know of any Family Weekly that we can more heartily recommend to our readers than The Youth's Companion. It gives us pleasure, therefore, to announce that we have arranged with the publishers to make the following offer.

The "SILENT SMITH"

Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulate—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Fast Ribbon Feed—Insures new places of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, lock applier, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

Serving in a World at War

We are doing our utmost to serve the public as satisfactorily today as we did before the war upset the commercial world.

In the face of greatly increased costs of material we are endeavoring to maintain our plant at the highest point of efficiency.

Despite the high cost of labor, we are maintaining full crews that there may be no part of the work slighted or neglected.

While the demands of the signal service of our armies have deprived us of many technically trained men, those who remain have spread out to fill the gaps by extra effort.

In some places congestion has occurred because we have been unable to secure equipment for relief, but in such cases the traffic is being handled to the full extent of human ability.

With the world rocking under the weight of war; with economic conditions unsettled and abnormal, we are striving always to coordinate our efforts to the great problems involved in the winning of the war.

We feel that uninterrupted, efficient telephone service is playing a conspicuous part in the forces that will bring ultimate victory.

The Mountain States Telephone & Telegraph Co.

The FISK Smile

Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't have to go through life with a chest that the wind gives you with arms of childish strength, with legs you can hardly stand on. And what about that stomach that flinches every time you try to square meal? Are you a pill feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN LARGELY BUILT THROUGH PILLS, POSITIONS AND OTHER EXPLOITED RIFLES? YOU CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all of it—through nature's methods—not by pampering the stomach. It is not fate that is making you a failure. It's that your enervated body of yours; your half-sickness shows pain in your face and the world loves healthy people. So be healthy—strong—vital. That's living. Don't think too long; send 4 cents in stamps to cover mailing of my book, "INTELLIGENCE IN PHYSICAL CULTURE," written by the strongest physical culture instructor in the world.
