### Mrs. Chas Peden

Gains 27 Pounds

Was Twice Examined and each  
Time Told Operation Would  
Be Only Hope—Case is Re-  
markable.

"I have just finished my third  
bottle of Tanlac and have gained  
twenty-seven pounds," was the  
truly remarkable statement made  
by Mrs. Charles Peden, residing  
at 550 Mill Street, Huntsville,  
Ala. Mrs. Peden is one of the  
best-known and most highly re-  
spected women of that thriving  
little city, where she has made  
her home for a number of years.

"When I commenced taking  
the medicine," she continued, "I  
only weighed ninety eight (98)  
pounds; now I weigh one hun-  
dred twenty-five pounds, and  
never felt better in my life. For  
years I have suffered with a bad  
form of stomach trouble, consti-

pation and pains in my side and  
back. At times the pains took  
the form of torture and I was  
twice examined and each time I  
was told that I had appendicitis  
and that an operation would be  
my only hope. I had fallen off  
until I only weighed ninety eight  
pounds and was so weak I could  
hardly get around.

"I had no appetite at all, scarce-  
ly, and what little I did eat would  
cause gas to form in my stomach,  
which gave me palpitation of the  
heart, sick headaches and a  
feeling about the head as if  
those spells came on and I would  
get awfully nervous and worried  
about myself until I could not  
and sleep but little at all."

"I had fallen so low I was al-  
most 'skin and bones' and my  
strength and energy were slowly  
leaving me. I had a dread of the  
future and could see nothing but  
the operating table and the knife.

I had a perfect belief of an oper-  
ation, but had made up my mind  
that it was either life or death  
and prepared to accept it. I  
had made all preparations for  
the operation and I told my  
sister to tell her mother as I  
did not know what I would  
live to see her again."

## The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearings Long Wearing

The success of the L. C. Smith & Bros. Typewriter has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

**Silence of Operation**—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

**Decimal Tabulator**—A help in billing and tabulating. There is no extra charge for this convenience.

**Variable Line Spacer**—Enables the operator to start on a given line and space from point of starting; also on ruled lines whose spacing varies from typewriter to typewriter. A great help in card work.

**Faster Ribbon Feed**—Insures new place of impact for each typeface.

**Choice of Carriage Return**—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior typewriting.

## We're Opposed To MAIL ORDER CONCERNS Because

They have never contributed a cent to furthering the interests of our town—

Every cent received by them from this community is a direct loss to our merchants—

In almost every case their prices can be had right here, which delay in receiving goods and the possibility of mistakes in filling orders.

## But---

The natural human trait is to buy where goods are cheapest. Local pride is usually secondary in the game of life as played today.

## Therefore

Mr. Merchant and Business Man, meet your competition with their own weapons—advertising.

## Advertise!

The local field is yours. All you need do is to avail yourself of the opportunities offered. An advertisement in this paper will carry your message into hundreds of homes in this community. It is the surest medium of killing your greatest competitor. A space this size won't cost much. Come and see or write us about it.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. ## Serving in a World at War

We are doing our utmost to serve the public as satisfactorily today as we did before the war upset the commercial world.

In the face of greatly increased costs of material we are endeavoring to maintain our plant at the highest point of efficiency.

Despite the high cost of labor, we are maintaining full crews that there may be no part of the work slighted or neglected.

While the demands of the signal service of our armies have deprived us of many technically trained men, those who remain have spread out to fill the gaps by extra effort.

In some places congestion has occurred because we have been unable to secure equipment for relief, but in such cases the traffic is being handled to the full extent of human ability.

With the world rocking under the weight of war; with economic conditions unsettled and abnormal, we are striving always to coordinate our efforts to the great problems involved in the winning of the war.

We feel that uninterrupted, efficient telephone service is playing a conspicuous part in the forces that will bring ultimate victory.

### Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't have to go through life with a chest that the tailor gives you with arms of childish strength; with legs you can hardly stand on. What about that stomach that flinches every time you try a square meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TABLET FORM—THROUGH PILLS, POSITIONS AND OTHER EXPLOITED METHODS? YOU CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—through nature's methods—not by pampering the stomach. It is not fate that is making you a failure; it's that poor, emaciated body of yours; your half-sickness shows plain in your face and the world loves healthy people. So be healthy—strong—vital! That's living. Don't think too long; send 4 cents in stamps to receive a copy of my book, "INTELLIGENCE IN PHYSICAL CULTURE," written by the strongest physical culture instructor in the world.
