

HLC Accreditation Evidence Document

Title: Dual Credit/Concurrent Enrollment

Office of Origin: Office of Academic Affairs

Description: A selection of information Dual Credit Enrollment at the university. This includes information posted on the Office for Advising Strategies website, a few statistics for dual credit enrollment in 2018, and information on the National Alliance Enrollment Partnerships (NACEP), with the university being listed among the current active members.

Date: 2018

Office of Advising Strategies

About Dual Credit

Dual Credit/Concurrent Enrollment is a program designed provide high school juniors and seniors the opportunity to earn college credit while still enrolled in high school by taking University courses normally not offered at the high school.

For more information on the process and the necessary forms to apply, please take a look at our [supplemental checklist](#).

The Benefits of Dual Credit:

- Tuition is paid by the state
- School provides the textbooks

Keep important dates in mind. The Spring 2019 application deadline is January 4th, 2019 at 5:00 p.m..

Located: University Advisement and Enrichment Center, room 170. [Building 85](#)

Office of Advising Strategies

Admissions Process

We will start accepting applications for the Spring 2019 semester on November 1, 2018. The application deadline for the Spring 2019 semester is 5:00 p.m. on January 4, 2019.

First Time Applicant

Returning Applicant

Involved in a High School Program

Applying

To apply to Dual Credit / Concurrent Enrollment, complete the following steps:

- Students must print out and complete the entire **application packet**, including:
 - The UNM Admission application (DO NOT COMPLETE ONLINE APPLICATION)
 - The State of New Mexico Dual Credit Request form (requires signatures from a school administrator, parent, and student)
 - Official high school transcripts
 - The Student Information Release Proxy

Please note: Students may choose in 100 and 200 level courses that are part of their school district's agreement with the University of New Mexico, and if the prerequisites and corequisites are met.

First semester dual credit students may only register for 3 credit hours.

- Meet with the Dual Credit Coordinator to drop off the application packet.
 - Please note that paperwork must be turned in by the deadlines (always found on this site)
 - Contact the **Dual Credit Coordinator** to schedule an appointment.
 - There is no fee for Dual Credit students, but make sure to turn in your application to the Dual Credit Coordinator.

Admission Criteria

- Students must have a 2.5 cumulative GPA on their high school and college records.
- Students must be at least 15 years old at the time of application.

Once You Apply

Once you've turned in your complete application packet to the Dual Credit Coordinator, here is what will happen:

1. Your application packet will be sent to the Admissions Office for processing (this takes approximately 7 business days).
1. Once the application is processed, there is an automatic concurrent enrollment hold that will be placed on the registration account which prevents students from making changes, dropping classes, or adding classes.
 - The Dual Credit Coordinator registers students.
2. The Dual Credit Coordinator will send out a Welcome Email to the address provided on your application explaining the next steps. The email will include:
 - a. Your UNM ID #
 - b. Instructions on how to setup your Net ID
 - c. Information on how to view your class schedule
 - d. Information on your LoboAchieve account (click the "Resources" tab on the left for more information on LoboAchieve)
 - e. Information on textbooks (dependent upon your district)

Please note that the email message will be your only registration confirmation.

- What is Concurrent Enrollment? ▾

WHAT IS CONCURRENT ENROLLMENT?

Concurrent and dual enrollment partnerships provide high school students the opportunity to take college credit-bearing courses. NACEP defines concurrent enrollment as the subset of dual enrollment courses taught by college-approved high school teachers.

Concurrent and dual enrollment partnerships and early college programs **successfully** transition students from high school to college.

Concurrent enrollment is a low-cost, scalable model for bringing college courses to students in urban, suburban, and rural high schools and secondary career centers. Students gain exposure to the academic challenges of college while in their supportive high school environment, earning transcribed college credit at the time they successfully pass the course.

Concurrent enrollment also facilitates close collaboration between high school teachers and college faculty that fosters alignment of secondary and postsecondary curriculum.

Sometimes called “dual credit,” “dual enrollment,” “college in the high school,” or “early college,” concurrent enrollment differs from other models of dual enrollment because high school instructors teach the college courses.

TYPES OF DUAL ENROLLMENT COURSEWORK

Concurrent enrollment courses share some elements or characteristics with other dual enrollment models, such as programs in which:

- A high school student travels to the college campus.
- College faculty travel to the high school or secondary career center.
- A high school student takes a course from a college instructor via distance education, either synchronous via interactive video or an asynchronous online platform.

DISTINCT FROM OTHER TECHNICAL COURSE ALIGNMENT MECHANISMS

- Articulated credit is provided when an individual college retroactively assigns credit for high school coursework upon matriculation. In concurrent and dual enrollment courses, students receive a transcript based on performance in a college course.

DIFFERENT FROM CREDIT BY EXAM OPTIONS

- Advanced Placement, International Baccalaureate, and Project Lead the Way are advanced high school courses where standardized tests are used to assess students’ knowledge at the end of a course. Some colleges and universities will place students out of entry-level courses and/or provide credit-by-exam based on students’ performance on these exams.
- Concurrent and dual enrollment courses are actual credit-bearing college courses.
- Concurrent and dual enrollment students earn a college grade based on multiple and varied assessments throughout a course, not just from one high-stakes test.
- Concurrent and dual enrollment students earn transcribed college credit at the time they successfully pass the course, not retroactively for prior learning.
