A BRIEF RECORD OF PASSING EVENTS IN THIS AND FOREIGN COUNTRIES.

IN LATE DISPATCHES

DOINGS AND HAPPENINGS THAT MARK THE PROGRESS OF THE AGE.

ABOUT THE WAR

The allies have captured Strumitsa. Great Britain has formally declared war on Bulgaria.

Berlin confirms Bulgarian claims that the allies' railway line between Saloniki and Nish has been cut.

Austrian general sends wireless to Von Mackensen, telling him Serbians cannot be crushed unless reinforcements are sent.

Three United States soldiers were killed and eight others wounded in an engagement with Mexican bandits near Ojo del Agua.

From Russia comes the news that Riga is about to fall. The Germans under von Hindenburg have reached the river Dvina.

The German steamers Pernambuco of 4,588 tons and the Soderhamm of 1,439 tons, and four other ships were torpedoed and sunk.

The Berlin Tages Zeitung says that during one period of the great battle at Loos last month the British fell at the rate of 100 men a second.

Great Britain has made a formal offer of the island of Cyprus to Greece as soon as the latter nation undertakes to intervene on the side of the allies.

Greece must define her position. This is the text of a dispatch to the London Mail which says an ultimatum has been sent to the Hellenic ruler by the allies.

"Approximately 25,000" was the official answer in the House of Commons to a request for information as to the total number of British prisoners of war in Germany.

Austro-Germans and Bulgars continue to advance in their drive through Serbia. Aged men, women and children have taken up arms in an effort to resist their onrush.

The German armies, which for nearly fifteen months have been continuously fighting on the one front or the other, are now on the offensive at three widely separated points—against Riga and Divinsk, in Serbia and in the Champagne district of France.

Count Von Bernstorff, the German ambassador, announced in New York that an official communication from Berlin stated German submarines had recently sunk twenty-three vessels, including four transports of the allies, in the Mediterranean.

Thomas A. Edison had his day at the Panama-Pacific Exposition at San Francisco.

Twenty miners were killed by the explosion of a wagon load of dynamite at Butte, Mont.

At Murphysboro, Ill., Joe Deberry, a negro, was hanged for the murder of Mrs. J. H. Martin.

Two men robbed the Citizens' Bank of Renton, six miles from Seattle, and escaped with about \$2,500 in currency.

Chicago's first Chinese church was opened and it began its formal ministry to the 4,000 Orientals in that city.

Mrs. Ada R. Smith, widow of the late Joseph Smith, president of the Reorganized Church of Latter Day Saints, died at Independence, Mo.

Seventeen men were killed at the Granite Mountain mine of the North Butte Mining Company by an explosion of 500 pounds of giant powder.

Claims totalling \$170,000 against the St. Joseph-Chicago Steamship Company and the Indiana Transportation Company for the deaths of forty-one persons and the injury of six others in the Eastland disaster were filed in the United States District Court at Chicago.

WASHINGTON

Wilbur D. Doremus, inventor of the letter boxes seen on every street of every city of the United States, died suddenly of heart disease while visiting the patent office. He was a native of Seneca, N. Y.

President Wilson in a proclamation designating Thursday, Nov. 25, as Thanksgiving Day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

President Wilson has signed a proclamation giving notice of the neutrality of the United States in the war between Serbia and Bulgaria.

President Wilson returned to Washington from Princeton after casting the first ballot ever given by a chief executive of the United States in favor of woman suffrage.

The War Department estimates which will be submitted to Congress this winter will include an appropriation for fortifications at San Pedro, Cal., where sixteen-inch guns will be

FOREIGN

James Blakeley, the actor, died in London.

Sir Edward Carson, attorney general, has resigned from the British Cabinet.

Seventy-one persons lost their lives when the French steamship Amiral Hamelin was torpedoed and sunk by a submarine.

According to a dispatch from Athens to the Cologne Gazette, the ministers of Russia and Italy are preparing to leave Greece.

The arrival at The Hague of Dr. Constantin T. Dumba, lately recalled as Austrian ambassador to the United States, is reported.

A legacy of \$50,000 has just come to Mrs. John Wareham of Golear, Yorkshire, as a sequel to her kindness to a wounded Austrian soldier, Robert McClure.

The steamer Nieuw Amsterdam, having on board Dr. Constantin T. Dumba, the returning Austro-Hungarian ambassador to the United States, was detained off Deal.

Serbia has been previously hurt by the loss of 150,000 in the present war and by the ravages of disease which swept away 50,000 more. She probably has not more than 200,000 men all told, if so many.

Members of labor unions in England increased by nearly 750,000 persons during the year 1913, according to a belated report just issued by the registrar general. The total membership at the end of the year was 3,265,000.

An American yacht bound from San Francisco with the name Academy painted over the name Ethel, and carrying an unusually large crew, was detained by government authorities near Buenaventura, a Colombian port on the Pacific, under suspicious circumstances.

Formal parades and informal marches by the populace, with blaring bands of music and rousing cheers for Gen. Carranza and Woodrow Wilson alternately resounded through Mexico City at the celebration of the recognition of Gen. Carranza as de facto President.

Formal recognition by the United States of the de facto Carranza government resulted in all the morning newspapers of Mexico City being printed in American colors and containing extremely laudatory articles on President Wilson and the American nation.

The London Daily Chronicle claims to "unmask a conspiracy" led by Lord Northcliffe, to destroy the present government and substitute a cabinet to include Lord Miller, Sir Edward Carson, David Lloyd George and Winston Spencer Churchill, but not Premier Asquith, Sir Edward Grey, Lord Kitchener or A. J. Balfour.

Oscar Vitt, third baseman of the Detroit Tigers, was married at San Francisco to Miss Irene Freund of Oakland, Cal.

Bryan Scott, who was injured in the St. Louis University-Knox College football game, died at the St. Louis City hospital.

Ritchie Mitchell, Milwaukee light-weight, was awarded the newspaper decision by a shade over Joe Azevedo, California, in a fast ten-round bout at Milwaukee.

Frank Moran of Pittsburgh, knocked out Jim Coffey, the Dublin giant, in the third round of a scheduled ten-round battle at Madison Square Garden in New York.

Duffy Lewis, left fielder for the Boston Americans in their recent world series victory, arrived at San Francisco, and his first act after greeting his wife, who headed a reception delegation, was to endorse and hand over to her a check for \$3,825.55—Duffy's share of the world series money.

Count Max Lynar London, a German nobleman, was arrested in New York on a charge of bigamy.

Bethlehem Steel common, which sold at \$50 when the war opened, sold at \$50 a share in New York.

Automobiles originally worth several thousand dollars were sold for as low as \$15 by the Villa government of Juarez.

At Sheridan, Wyo., Albert Barber, aged 34 years, single, died at the state hospital of injuries received at Clearmont.

Pullman officials at San Antonio announced that through service was to be re-established via Nuevo Laredo and the City of Mexico. This service was discontinued three years ago.

Roderick Dhu Sutherland of Nelson, Neb., a candidate for the presidential nomination of the People's Independent party in 1900, died in a hospital at Kansas City, Kan. He was 53 years old. Mr. Sutherland represented the fifth district in Congress from 1890 to 1896.

Indications based on unofficial returns were that woman suffrage would be defeated in New Jersey by from 50,000 to 60,000.

The body of one Japanese was found among the dead Mexicans killed in an early morning fight between United States soldiers and Mexican bandits at Ojo del Agua.

Burglars stole emergency "war" stamps worth \$15,000 from the safe of the office of Deputy Foley, collector of internal revenues, in the federal

A statewide auxiliary organization of New Mexico Elks, which will meet annually, was launched in Albuquerque. Howard H. Betts of Silver City was chosen president; Judge C. N. Bain of Raton, vice president, and H. K. Cobean of Roswell, secretary. The organization is similar to Elks' auxiliaries in other states.

Odd Fellows from all over the state gathered at I. O. O. F. hall to attend the grand lodge meeting. Grand Master C. Bert Smith of Artesia, presided. Aside from the election of new officers, there was little but routine grand lodge business transacted. Following is a list of the officers elected: Grand master, Victor L. Minter of Carlsbad; deputy grand master, J. R. Whiteside, Albuquerque; grand warden, J. C. Soale, Raton; grand secretary, Frank Talmadge, Jr., of Roswell; grand treasurer, John Locke, Silver City; grand representative, Past Grand Master C. Bert Smith, Artesia; members of home board, Alfred Jeffs, Raton, five years; C. Bert Smith, Artesia, one year.

With the best attendance in the history of the state domain, the grand lodge of the Knights of Pythias opened its convention in K. of P. hall.

The officers chosen by the K. P.'s follow: Grand chancellor, C. L. Berndston, Albuquerque; grand vice chancellor, T. L. Kinney, Dawson; grand prelate, Charles Guntton, Gallup; grand keeper of records and seal, J. E. Elder, Albuquerque; grand master of exchequer, J. A. Smiley, Socorro; grand master at arms, A. W. Fossberg, Madrid; grand inner guard, J. M. Rose, Roswell; grand outer guard, George Dingwell, Carrizozo; grand tribune, George W. Prichard, Santa Fe; supreme representative, Hugh H. Williams, Deming; alternate supreme representative, George L. Bradford, Dawson.

Pollard Admits White Slavery Charge.

Santa Fe.—Charged with white slavery for the alleged bringing of a woman from Denver to Clovis, Curry county, for immoral purposes, William J. Pollard, aged 28, a railroad man, was arraigned in the Federal Court before United States District Judge William H. Pope. Pollard pleaded guilty and Judge Pope sentenced him to serve two years in the federal prison at Fort Leavenworth.

Apportions \$40,000 to Public Schools.

Santa Fe.—On his return to the city from Clovis, where he spoke at the fair, Alvan N. White, state superintendent of public instruction, distributed the sum of \$40,397.80 of school funds to the various counties, making a per capita of 38 cents. The apportionment was as follows: Bernalillo, \$3,941.36; Chaves, \$2,040.60; Curry, \$859.94; Colfax, \$1,850.98; Dona Ana, \$1,858.96; Eddy, \$1,458.96; Grant, \$2,230.98; Guadalupe, \$1,368.38; Lincoln, \$919.22; Luna, \$887.68; McKinley, \$637.64; Mora, \$1,629.44; Otero, \$976.60; Quay, \$1,356.98; Rio Arriba, \$2,156.12; Roosevelt, \$912; Sandoval, \$751.64; San Juan, \$753.54; San Miguel, \$3,010.36; Santa Fe, \$2,468.86; Sierra, \$767.98; Socorro, \$2,006.02; Taos, \$1,569.02; Torrance, \$529.16; Union, \$1,821.34; Valencia, \$1,334.56.

Children Victims of Typhoid.

Santa Fe.—A serious typhoid epidemic at Gallup has resulted in many deaths, particularly among children, and steps are being taken to purify the water supply.

Trader Will Carry Mail in Biplane.

Santa Fe.—Despite lack of encouragement by the Postoffice Department, Roman Hubbell, Indian trader at Ganado, Ariz., has bought a biplane and will carry the United States mail through the air from Gallup, N. M., to Fort Defiance, Keam's Cañon, St. Michael's and Ganado. He also plans a passenger service and will make trips to the Moki villages at Oraibi. The biplane has arrived at Gallup and test flights will be made.

GREECE REJECTS OFFER OF BRITISH

HELLENIC GOVERNMENT FEARS ONRUSH OF TEUTON ARMY IF SHE JOINS IN WAR.

Western Newspaper Union News Service.

London.—Greece has declined for the present the allies' offer to her of Cyprus and other concessions, territorial and financial, in return for her adherence to the Serbo-Greek treaty of alliance, which would mean her military aid to assist in meeting the Bulgarian and Austro-German attacks against her former ally.

It is officially announced that a bombardment of the Bulgarian coast from Dedaghat to Porto Lagos, a distance of thirty-eight miles, was begun by the allied fleet Friday. There is no inclination here or in the capitals of other members of the quadruple entente powers to minimize the seriousness of the situation of Serbia.

The Austro-German and Bulgarian campaign is developing slowly, but plans are now fairly clear. The Austro-German center is advancing down the Morava valley from Semendria, while the Bulgarians have got across this valley to the south and command the Belgrade-Nish-Saloniki railway. The Austro-Germans have three other forces engaged, one in the northwest near Shabatz, one at Belgrade, and the third, which has not yet crossed the Danube about Orsova. The Bulgarians also have other armies moving across the frontier, near Zaitar, Piro and Nish, and further south near Egri Palanka and Kaban, and claim to be already in Veleze, on the Vardar river. It is this latter force the Anglo-French troops landed at Saloniki probably will first encounter.

An important battle between Serbians and Bulgarians is in progress at Koprul, in Serbia, on the Nish-Saloniki railroad, about thirty miles south of Uskup.

On the other fronts the operations are considered to be more favorable for the allies.

FELIX DIAZ LEADS ZAPATISTAS.

Reported That 40,000 Are Marching on Mexican Capital.—U. S. Puts Embargo on Shipments.

El Paso, Tex.—A message said here to have been received in Juarez Friday is quoted as stating that Felix Diaz has joined the Zapata forces and is now at the head of 40,000 men with whom he is menacing Mexico City. Receipt of the message was reported from two different sources.

An embargo on shipments in and out of northern Mexico has been declared by the United States to be enforced at the discretion of customs authorities for the customs district of El Paso, extending from Marfa, Tex., to Columbus, N. M. A new emergency embargo is expected hourly along the same lines. The combination, it is believed here, will stop all Villa sources of revenue from the sale of confiscated property. Ammunition found on the way to Mexico will be subject of the carrier to arrest whether in carload or rounds for a single rifle.

A detachment of the Sixth cavalry fired on and killed two supposed Mexican bandits who were crossing the Rio Grande at the San Pedro ranch twelve miles up the river from Brownsville. Both were armed.

CROSS OCEAN TO END STRIKE

Director Comes From Scotland to Investigate Arizona Industrial Troubles.

El Paso, Tex.—The arrival of William Exley Miller, secretary of the Arizona Copper Company, and Young J. Pentland, a director of the company from Edinburgh, Scotland, injected a new interest into the conferences here of mine managers and strikers committee from the Clifton-Morenci Metcalf, Arizona, copper strike field.

When the session of the conference opened Friday all of the proposals of the strikers' committee had been presented. These included the wage scale, the reinstatement of discharged men, nondiscrimination of managers against miners because of union affiliations, eight-hour time basis and hospital rates. Mr. Pentland stated that he and Miller were familiarizing themselves with the strike situation and intended going into the details which led up to it. Incidentally he said they would investigate the attitude of outsiders to the strike.

Arson Gang Fires Coast Ranch.

Sacramento, Calif.—Four fires, started by arsonists, broke out simultaneously at the Brewer hop ranch of Horst brothers, east of this city and across the American river, causing \$35,000 in damages. Telephone wires had been cut and power lines severed so that the pumps could not be utilized to extinguish the flames. A news-singer who hurried to town to get aid was ordered to halt near the ranch by seven armed men but drove madly by them. Hop kilns, pressroom and ware-

we have seen tested. However,
believe as he does that it would
well to try it at any rate for an
experiment.

He says he digs a small hole,
in about one-fourth stick of
amite and touches it off. The
it is a nice large circle of earth
at the size of the front wheel

Birthday Party

A birthday party was given by
Mr. and Mrs. VanGieson near
Echo, in honor of their little daugh-
ter Hellen, who was 13 years old.
The evening was spent playing
games. At 4:30 we were invited
to the dining room where we en-
joyed ourselves very much, cake
and chocolate being served. In the
middle of the table a beautiful
cake with 13 lighted candles which
were the number of Hellen's age,
formed a pretty center piece.

Twenty were present, and at 5
o'clock we all started for our homes
wishing Hellen many more happy
birthdays.

Progressing Railroad Matters

Richard Powers commonly
known as "Dick" has bought half
interest in the meat market now
owned by Scott Wolfarth and they
are having the old pool hall on the
west side fixed up in up-to-date
style. Cleaning, papering and
painting and Mr. Powers also has
taken half interest in a steam laun-
dry proposition with the druggist
C. A. Davis, which business will
occupy the rear end of the build-
ing and will be run by an experi-
enced man whom they will hire.

This latter business has been
long needed by our people who
have had to depend on first one
and the other and mostly the
Mexicans to do their laundry work.
Besides about \$30 or \$40 per
month that is sent from our town
to the valley towns taking a week
for its return.

We are glad that this enterprise
has been started and feel safe in
saying it will be a paying business
as many of the other towns will be
more apt to patronize it than to
bather to send their laundry so
far from home. The gasoline en-
gine has already been secured and
they have a man this week looking
after other parts of machinery nec-
essary and state that they think
they can have every thing in op-
eration within about fifteen days.

The meat market has been do-
ing a good business for some time
and we note their killing from one
to two beeves per week which
shows how well the people like
our pure range fattened cattle.

35c per pound does not sound
high when they step to think of
the 75 to 800 cattle on foot.

EVERYBODY READS THE ROSSELL MORNING NEWS WHY?

1st. Because it is the only paper in
this part of the state carrying the Full
Associated Press Telegraph Service
which means a service giving you the
world's happenings from the most
reliable news sources.

2nd. It gives the most reliable news
of our own State, politically and
otherwise.

3rd. It is the official paper for the
State Cattle Sanitary Board, all estray
advertisements appearing in its col-
umns. This is a feature which should
 appeal to you stockmen. If you have
lost an animal from your range and
it has been taken up in another part
of the State by a cattle inspector, it
will be advertised in the Morning
News, giving its brand and the date
it will be sold.

4th. The cost is little as compared
to what you will get out of the invest-
ment—50c per month or \$5.00 per
year, payable in advance.

Very Fiscal News

Mr. G. H. Gowan who had a sudden stroke of paralysis recently in one side of her face and neck, started for Ft. Worth last week to take electric treatment, but going by way of Seminole, they met a doctor who said he could cure her without need of her going farther, and a message received Monday stated she was doing nicely.

Jimmie Roberts in purchasing the 7 H R ranch a week or so ago from J. D. Hart, has regained what one might term an heirloom on this part of the plains as the large trees around would indicate and owned at an early date by his grandmother who then had it stock-ed with horses.

Dr. A. A. Dearduff and wife accompanied by Mr. Sizemore, the Praetorian Insurance man left for Carlsbad last Saturday.

Geo. Crumb returned the latter part of last week from a trip to the other side of Roswell.

A. M. Ellis returned last week from a trip to the valley.

J. E. Dunaway has been having his residence touched up with paint this week.

M. J. Forrester has been at work on the Baptist church interior, and the result is pleasing to the sight so they say. Having repaired several things necessary and made a new chancel rail with curtains, touched up the wood work with paint etc.

Miss Mary Love and Leman Glascock visited the Garrett ranch Sunday. And report that they finished dipping Monday of this week, at that ranch over 8,000 head of cattle, there being about 25 men on the work all the time from the beginning. Mr. Garrett hired a cook for the occasion as the men took their meals at his home.

J. S. Graham has been putting in a cement dipping vat at his ranch 15 miles south of Lovington. This means that his stock will not have to leave home to be dipped.

Mr. and Mrs. P. S. Eaves left Tuesday morning in their car for Rotan, Texas, where Mr. Eaves goes to look after his cotton crop interests. Mr. Eaves made good money on his cotton last year and he says the crop this year is fine. While farther east some are troubled with boll weevil.

Mr. and Mrs. Garrett Gowan made a trip to Artesia this last week. Mrs. Gowan stating that she enjoyed the trip immensely it being her first time to visit the valley.

Mr. Richbourg placed his name on our list as a new subscriber this week, also an ad which you will note in another column of the Leader.

S. L. Mann of Seminole has also added his name as a regular subscriber.

The ice plant house arrived all right and was put in place this week and work is being commenced on it to put the machinery in shape as mill and grain crusher during the winter months.

Miss Garner of Spurr, Texas, has accepted a position as stenographer at the First Territorial Bank.

Mr. King of Stanbro brought down some samples of his fine ribbon cane syrup this week made from his own crop.

J. W. Jones left a note on our desk one day at noon this week telling a larger turnip story than we have told yet. Stating that he brought 8 turnips to town that weighed 63 lbs. in all, and one single one with top weighed 16 lbs. And as proof of his story he left four nice ones lying on the floor of the office.

Portales Enjoys A Few Strawberries

Portales, N. M. Oct. 26.—Strawberries just ripening at this time is not just a mere curiosity. E. P. Kuhl has them on his little farm about a mile out of town. This year he has only a small number, but next year there will be a large patch. But the strawberries are not the only interesting thing on this farm.

Less than a year ago Mr. Kuhl moved on the place and proceeded to make it both a thing of beauty and profit. He knows a thing or two about fruit and gardening.

He set out all kinds of fruit trees and nut trees and they are growing vigorously. There is nothing in the deciduous fruit or nut that is not making surprising growth.

While he is growing his trees, Mr. Kuhl makes his living out of his garden, and it has paid him well the past season because he knows how. At the fair he displayed thirty-six varieties of vegetables, and at the recent state fair in Albuquerque Mr. Kuhl carried away the grand champion prize for Denia onion and that means much in New Mexico where the Denia onion is fully at home.

Mr. Kuhl is not there as demonstrator, he is there to make a living and he is succeeding.—The Roswell Evening News.

Carlsbad Bankers Visit Lovington

On Wednesday of this week Mr. A. C. Heard of the Highlonesme ranch called at the Leader office and introduced to us his guests, Messrs John R. Joyce, president of the First National Bank of Carlsbad, Mr. Heard himself being vice president. Then Mr. Frank Joyce, second vice president, and Mr. George Cook, cashier.

This being their first trip to the plains, they seemed to be enjoying it immensely, speaking their appreciation of our town and country in general. Mr. Heard stated that they were astonished at the splendid grade of cattle they had seen on their trip, but he would show them some more before their return. Not only Mr. Heard, but we have heard others say that our plains cattle are a much better grade in size than those raised in the mountains.

Our cattle are fat, the pastures still green as a wheat field, crops of all kinds good, plenty of winter vegetables at reasonable prices, pure water, fresh air, and ideal autumn days and nights, so why should we not be proud of our plains country and welcome the visitors who come?

Miss May Price has been quite sick this week. It was thought at first that it might be an attack of appendicitis, but the attending physician says it was only a severe rain caused from cranking their huge car.

Dick Powers, W. S. Beck and Jim Anderson left for Roswell Thursday on a business trip.

Why do the girls do it? "Why do only very pretty girls wear their hair in knots over their ears?" asked Jenkins. "Because far earplugs cost money in these war days," ventured Jenkins. "They wouldn't, probably, if they knew constant covering up the ears tends to deafness, besides being unsanitary," said the doctor. "The ears require air as well as the face." "Pshaw!" returned Jenkins, "they cover their ears because they don't wish to hear all the pretty things said about them."

"Jenkins, you don't know a thing about human nature, as exemplified in the pretty girl," retorted the doctor. And they all laughed.

SWAMP-ROOT SAVES KIDNEY SUFFERERS

You naturally feel secure when you know that Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, is absolutely pure and contains no harmful or habit-producing drugs.

The same standard of purity, strength and excellence, prescribed by Dr. Kilmer many years ago, is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything. According to verified testimony it is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

If you suffer, don't delay another day. Go to your nearest druggist now and get a bottle. All drug stores sell it in two sizes—fifty cents and one dollar.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

SOW ALFALFA IN FALL

Much Depends Upon Amount of Moisture in the Soil.

If Conditions Are Favorable Three Cuttings Can Generally Be Obtained Following Season—Much Seed Wasted.

A large number of our successful alfalfa growers are sowing their alfalfa in the fall. This fall seeding season depends on the amount of moisture in the soil. In some localities during the last few years there has not been sufficient moisture in the ground to justify fall seeding.

If the alfalfa can be sown in the fall under favorable conditions, three good cuttings can generally be gotten the following season, says Twentieth Century Farmer. If this seeding is done on stubble ground, the disk is a splendid tool to be used in preparing the ground.

The amount of seed to be sown and the measure in which the seeding is to be done have a lot to do in the way of getting a stand. It is claimed that if one had a good, strong stalk of alfalfa every six inches square there would be a good stand. Do you know that if every seed would produce a plant and every plant would produce a stalk, the next time it would take a little less than a pound of seed per acre? If this is true, we are throwing away a lot of seed every year.

Of course, ideal conditions can't prevail, and a certain amount of seed is always lost. Some seed won't germinate; some of it starts and dies before making a plant just because, on account of insufficient moisture, it hasn't the strength to hold out. The usual amount of seed sown is from fifteen to twenty-five pounds an acre. One of the best stands of alfalfa we ever had was from seeding ten pounds per acre.

In considering the amount of seed to be sown, we must take into consideration the manner in which the seeding is to be done. If it is sown broadcast and harrowed in, more seed must necessarily be sown than if it is drilled in. We have always favored seeding with a drill. With the drill all the seed is covered, and it stands to reason that more of it will germinate and produce plants than if broadcasted and harrowed.

The ideal conditions would be to get this seed sown and covered, yet spread as evenly as possible, or, in other words, broadcasted under the surface. It is advisable sometimes to use a wheel behind the shoe in the drill and pack the soil slightly. Alfalfa seed sells at a good price. The man seeding a field must put on sufficient seed for a stand; at the same time he does not want to put on more than is necessary. He should investigate the different drills and methods of seeding and adopt such a plan as looks to him most advisable.

NEW CORN-PLANTING METHOD

Moisture Is Preserved Between Rows and Plant Flourishes During Temporary Periods of Drought.

A new method of planting corn has been successfully tried out under western dry-land conditions. The seeding is done in rows twice the usual distance apart while the plants are spaced twice as thick in the row.

The stand is therefore the same, but as this method seems to preserve the moisture midway between the rows the supply is often sufficient to maintain the corn in flourishing condition during temporary periods of drought while occasionally it may complete the development of the crop.

By this method the yields were around thirty bushels the acre while adjoining fields in which the rows were three and one-half feet apart the yields were only ten to twelve bushels, which is not very profitable farming in any country.

The listing plan seems to be coming into more general favor on the arid uplands and the new scheme will apply thereto just the same.

Drainage Neglected.

People usually appreciate the value of irrigation, but because they can grow crops of a sort, neglect drainage. Such people, if they have land with a surplus of water, should get a pamphlet from the United States department of agriculture on "The Economy of Farm Drainage."

Cost of Chick Feed.

Ten cents should feed a chick ten weeks, and it should then weigh two pounds, if highly fed, the ten cents covering the greatest abundance of food.

Infertile Eggs Best.

Infertile eggs produced by flocks in which there is no male bird are the only kind that can reach the consumer in good condition during the hot summer months.

What a Cow Is Doing.

The amount of milk in the pail may give you an idea of what a cow is doing, but you never can tell without actual scales, actual weighing in each case.

Feed Is Most Essential.

It is wrong to expect the cow to yield a large profit simply because she is well bred. She must have feed and care or the breeding will amount to nothing.

Valuable Modern Equipment.

A farm that has a spring of water running to the house and barn is worth hundreds of dollars more than one that does not have this modern equipment. You can do most of the work yourself. Just after harvest is a first-rate time to get it.

Treatment for Wet Land.

How to treat land that is too wet for crops and not easily drained: Plow it in a very dry time, thoroughly harrow, and seed to redtop (herd's grass) and alsike clover.

Going It Too Hard

We are inclined nowadays to "go it too hard," to overwork, worry, eat and drink too much, and to neglect our rest and sleep. This fills the blood with uric acid. The kidneys weaken and then it's a case of backache, dizziness, nervous spells, rheumatic pains and distressing urinary disorders. Don't wait for worse troubles. Strengthen the kidneys. Use Doan's Kidney Pills.

A New Mexico Case

DECIDED TO KEEP "HANNER"

Comment of Uncle Josh Certainly No Tribute to Charms of Attendants at "Exchange."

The conversation in a club the other afternoon turned to the unsophisticated, when Senator Claude Kitchen of North Carolina recalled a happy little incident about Uncle Josh.

Uncle Josh, who lived far back in the crimson clover zone, happened into the big city one day and found himself standing before a woman's exchange. That was a new one on Josh, and for a long while he stood there and thoughtfully pondered. Finally he entered the building.

"I s'pose, ma'am," said he, addressing one of the attendants, "that this is the woman's exchange?"

"Yes, this is the woman's exchange," replied the attendant. "What can we do for you?"

"I s'pose," continued Josh, glancing alternately at the two or three women in the office, "that you are the only women folks here?"

"There are no others," was the wondering response of the attendant.

"Um," thoughtfully observed Josh, starting toward the door, "then I guess I'll just keep Hanner."—Philadelphia Telegraph.

Value of Hardship.

"So you're been camping?"

"Yes," replied the unburdened man. "Of course you had a good time."

"No. It rained almost incessantly, the insects nearly ate me alive, and I didn't catch any fish. Still, I derived a great deal of benefit from the experience."

"I must say you are optimistic."

"Yes. Before I went away I didn't know how to appreciate a hail-bell room."

HARD ON CHILDREN

When Teacher Has Coffee Habit.

"Best is best, and best will ever live." When a person feels this way about Postum they are glad to give testimony for the benefit of others.

A school teacher down in Miss. says: "I had been a coffee drinker since my childhood, and the last few years it had injured me seriously."

"One cup of coffee taken at breakfast would cause me to become so nervous that I could scarcely go through with the day's duties, and this nervousness was often accompanied by deep depression of spirits and heart palpitation."

"I am a teacher by profession, and when under the influence of coffee had to struggle against crossness when in the school room."

"When talking this over with my physician, he suggested that I try Postum, so I purchased a package and made it carefully according to directions; found it excellent of flavor, and nourishing."

"In a short time I noticed very gratifying effects. My nervousness disappeared, I was not irritated by my pupils, life seemed full of sunshine, and my heart troubled me no longer."

"I attribute my change in health and spirits to Postum alone."

Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms: Postum Cereal—the original form—must be well boiled, 15c and 25c packages. Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup.

THANKSGIVING DAY

PRESIDENT DECLARED AMERICANS SHOULD BE GRATEFUL FOR PEACE.

United States Able to Assert Rights and the Rights of Mankind With Great Nations.

Washington.—President Wilson in a proclamation designating Thursday Nov. 25, as Thanksgiving Day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

"We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have to deal," said the President. The text follows:

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our day of national thanksgiving has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the word, also a year of special blessing for us.

"Another year of peace has been vouchsafed us; another year in which not only to take thought of our duty to ourselves and to mankind, but also to adjust ourselves to the many responsibilities thrust upon us by a war which has involved almost the whole of Europe. We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have had to deal, and while we have asserted rights, we have been able also to perform duties and exercise privileges of honor and helpfulness which should serve to demonstrate our desire to make the offices of friendship the means of truly disinterested and unselfish service.

"Our ability to serve all who could avail themselves of our services in the midst of crises has been increased by a gracious Providence by more and more abundant crops; our ample financial resources have enabled us to steady the markets of the world and facilitate necessary movement of commerce which the war might otherwise have rendered impossible; and our people have come more and more to a sober realization of the part they have been called upon to play in a time when all the world is shaken by unparalleled distress and disasters.

"The extraordinary circumstances of such a time have done much to quicken our national consciousness and deepen and confirm our confidence in the principle of peace and freedom by which we have always sought to be guided. Out of darkness and perplexities have come firmer counsels of policy and clearer perceptions of the essential welfare of the nation. We have prospered while other people were at war, but our prosperity has been vouchsafed us, we believe, only that we might the better perform the functions which war rendered it impossible for them to perform.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 25th of November, next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease from their wonted occupations and in their several homes and places of worship render thanks to Almighty God.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done at the city of Washington, this 24th day of October, in the year of our Lord one thousand nine hundred and fifteen, and of the independence of the United States of America, one hundred and fortieth.

"By the President,

"WOODROW WILSON,

"ROBERT LANSING,

"Secretary of State."

USES GUN TO PROTECT HONOR

Phippsburg Miner's Wife Kills Man Who Tried to Hug Her.

Steamboat Springs, Colo.—Mrs. Angela Jacovetta, wife of a miner at Phippsburg, thirty miles east of here, shot and killed Gabriel Dominie, a miner, who, while drunk, tried to force his way into the home of the woman. Dominie was ordered away from the house by Mrs. Jacovetta, but refused to leave and attempted to embrace her, when she fired at him. In attempting to embrace her, Dominie knocked Mrs. Jacovetta's baby from her arms. Dominie had a gun, but did not attempt to use it.

London.—The story of the execution of Edith Cavell, as told in the correspondence sent by the American minister at Brussels to the American ambassador at London, will send a wave of indignation throughout the country. In Trafalgar square all heads were bared to the memory of Miss Cavell. The London papers in their editorials, while paying tribute to the fine efforts of the American diplomatic representatives in her behalf, characterize her execution as "the most damnable crime of the war."

Bank Suspect Held for Editor's Death.

Concejos, Colo.—Frank Pasco, a half-breed Mexican, held in the county jail here on the charge of robbing the State Bank of La Jara two weeks ago, has been partially identified as the man who murdered Robert Mitchell, editor of the Walsenburg Independent and chairman of the Huertano County Democratic central committee Sept. 26. The partial identification was made by Deputy Sheriff Martinez of Huertano county, who stopped off at Alamosa for that purpose.

Receiving the Discard.

One of our trenches in the first line suddenly received a fire of shells. The occupants perceived with distress that the projectiles came from the rear and were from our own battery.

The battery was telephoned: "You are firing upon us!"

"Not at all. We are firing on the German trench."

"But we are getting all the prunex" (the prunes, that is, the sharpnel).

"At what distance are you from the German trench?"

"Twenty meters."

The battery commander then replied with mathematical sangfroid: "Twenty meters? Ah, you are probably getting the discard!"—Le Cri de Paris.

When some people talk it's a waste of time to yawn.

Couldn't Impress Pat.

Strolling along the country with a party of friends, Pat was telling them about some of the beautiful spots in Ireland.

One of the party, an American, exclaimed: "Waal, I guess we've got something in America that will lick all your scenery. Our Falls of Niagara, with tons of water rushing over the top, is a wonderful and an unusual sight."

"A wonderful and unusual sight!" exclaimed Paddy. "That's nothing. It can't help falling over the top of the precipice. If the water stopped on the top, that would be a wonderful and unusual sight."

Painful Contrast.

"Who is that fellow fulminating against American bankers for being willing to lend Great Britain and France approximately \$1,000,000,000?"
