THE FIRST THANKSGIVING

By T. C. Harbaugh

Long ago the Pilgrim Fathers
In the forests cold and gray,
With the tempests roaring
round them,
Kept the first Thanksgiving Day.
Near their homes the war-
whoop sounded,
But they heeded not the cry,
As they knelt with prayer and
anthem
'Neath the dark and stormy
sky.

Fleeing far from foul oppres-
sion,
Unto Freedom's land they
came,
Where they raised their holy
altars
Burning with a sacred flame,
And they taught their gentle
children,
'Mid the dashing of the spray,
To loving keep and beautiful
Every year, Thanksgiving
Day.

In the dim aisles of the forest,
Where the oaks their
branches spread,
The wild deer and the panther
Heard the words the Pil-
grims said;
And the hymns that floated
skyward
Echoed sweetly far away,
Till the dusk, descending
softly,
Crowned the first Thanks-
giving Day.

They were stern, those grand
old Pilgrims,
Men who harked to Free-
dom's call,
And amid the snows of
Plymouth
Kept the Day beloved by all;
In the bleak New England
woodlands,
Lit by Autumn's fleeting ray,
To Columbia's chosen children
There they gave Thanksgiving
Day.

We hold it sweet and holy still
From where the pine trees
grow
To where the golden orange
swings
In lands devoid of snow;
From the rocks of proud
Atlantic,
Where the tempest flings
its spray,
To the sun-kissed, mild Pacific
Millions keep Thanksgiving
Day.

Blessings on the Pilgrim
Fathers!
They who sought a home afar,
And builded them an altar
In the beams of Freedom's
star;
Let their memories be sacred,
Though their graves are far
away,
For the legacy they left us
Is our first Thanksgiving Day.

WHO SAID TURKEY?

First Thanksgiving Service.
So far as is known, one of the first
"Harvest Thanksgiving Services" ever
held in modern times was that pro-
vided for in an official document, en-
titled "Form of Prayer and Thanksgiv-
ing to Almighty God, to be used in all
churches and chapels in England and
Wales and in the town of Bethwick-on-
Tweed on Sunday, the 17th day of Oc-
tober, 1567, being the day appointed
for a general Thanksgiving to Al-
mighty God for the late Abundant
Harvest, by Her Majesty's Special
Command." With the exception of
one in November, 1769, in gratitude
for various successes on sea and land,
including the capture of Quebec, and
for "an uncommonly plentiful Har-
vest," this was probably the first serv-
ice of the kind held in modern times.

Cadenos of Song.
As the custom is among certain
Swiss herdsmen on the Alpine slopes,
as the sun goes down for each to call
to the one above him, through his
horn, "Froise ye the Lord," so across
the land, through its valleys and over
the plains and up its mountainsides,
everywhere ought to ring the note of
praise for the bounties of another
year.

SCORE UP ONE FOR JONES

Sarcastic Comment Will Be Ap-
preciated by Those Who Favor Old-
Time Methods of Travel.

Down in the crimson clover zone
there were two farmers named Jones
and Smith, respectively. Jones was
old-fashioned and stuck to old-fash-
ioned ways, but Smith, who was more
modern, bought a fine new automo-
bile. One day he was proudly exhib-
iting to some friends when Jones
came along.
"Um," remarked Jones, as he
thoughtfully sized up the handsome
machine. "What's that thing there
on the side?"
"That's a spare rim and a tire," an-
swered the proud Smith. "We al-
ways carry an extra one in case one
of the wheels goes wrong."
"Yes," as I allus said," was the dis-
dainful response of Jones. "I've druv
homes for nigh on 50 years, and I
never had to carry a spare leg for one
o' them yet."—Philadelphia Press.

cidental to Henry VIII's career."

Men and Women

Women as well as men are made up-
sides by history and tradition. The
Kilmer's Swamp-Root, the great kidney
remedy, is highly recommended by their
sands.
Swamp-Root stands the highest for the
reason that so many people say it has
proved to be just the remedy needed in
thousands of even the most distressing
cases.
At druggists in 5c. and 10c. sizes. You

Handy.
"I've started a ten-cent box for
Christmas dear!" said the better half.
"You won't forget it, will you?"
"Me forget it?" replied the other
fraction. "Why, how can you say such
a thing? Of course I won't forget
it."
And he didn't. The very next day
he shook four times out of the box to
meet a deficiency in his carfare al-
lowance.

Out of Sorts

THAT IS, something is wrong with baby, but we can't tell
just what it is. All mothers recognize the term by the
lassitude, weakness, loss of appetite, inclination to sleep,
heavy breathing, and lack of interest shown by baby. These
are the symptoms of sickness. It may be fever, congestion,
worms, croup, diphtheria, or scarlatina. Do not lose a minute.
Give the child Castoria. It will start the digestive organs into
operation, open the pores of the skin, carry off the foetid
matter, and drive away the threatened sickness.

HIS SILENCE A COMPLIMENT

Too Many Men Are Apt to Make the

This Husband.

The coffee was weak, the bread un-
derdone, and the fowl tough, or at
least he said so. His wife's long pa-
tience gave way.
"John Henry," said she, "I've tried
faithfully to cook to suit you for
twelve years long. No one in the town
has better-cooked food, yet you are
always finding fault. Why can't you
praise me once in a while, I'd like to
know?"

He looked up in astonishment.
"Well, if you ain't the most unrea-
sonable woman I ever saw," he ejacu-
lated. "Why, many and many is the
time I've sat down to a meal and never
said a word about it. Anybody
would know there wasn't any fault
to be found, or I'd 'a found it, and
yet you want a better compliment than
that! That's just like a woman—they
can't tell a compliment when they get
one!"

Ancients Used Gas Warfare.

The earliest use of deleterious gases
in siege warfare is recorded in the
history of the Peloponnesian wars
from 431 to 404 B. C. During this
struggle between the Athenians and
Spartans and their respective allies
the cities of Plataea and Delium were
besieged.

Wood saturated with pitch and sul-
phur was set on fire and burned under
the walls of these cities in order to
generate choking and poisonous fumes,
which would stupefy the defenders
and render the task of the attacking
forces less difficult.

A New Remedy for Kidney, Bladder and all Uric Acid Troubles

Dr. Eberle and Dr. Braithwaite as
well as Dr. Simon—all distinguished
Authors—agree that whatever may be
the disease, the urine seldom fails in
furnishing us with a clue to the prin-
ciples upon which it is to be treated,
and accurate knowledge concerning
the nature of disease can thus be ob-
tained. If backache, swelling urine or
frequent urination bother or distress
you, or if uric acid in the blood has
caused rheumatism, gout or sciatica
or you suspect kidney or bladder
trouble just write Dr. Pierce at the
Medical Institute, Buffalo, N. Y., and
a sample of uric acid analysis will be
sent you. You will receive two weeks
of service after Dr. Pierce has ex-
amined the uric acid.

during many years of experimentation
has discovered a new remedy which
is thirty-seven times more powerful
than lithia in removing uric acid from
the system. If you are suffering from
backache or the pains of rheumatism,
go to your best druggist and ask for
a 50 cent box of "Anacid" put up by
Dr. Pierce, or send the box to your
local druggist. Dr. Pierce's Kidney
and Bladder Remedy is the only
remedy known for the treatment of
uric acid.

Published Every Friday at
New Mexico.
Entered as second-class matter February 11, 1910, at the post
office at Lovington, New Mexico, under the Act of March 3, 1879.
Published weekly and devoted to the interest of Lovington and
the Pecos country.

More Cattle From New Mexico
In the range country in the south eastern part of New Mexico there seems to be a large number of cattle, as well as a great abundance of grass. J. T. Garrett of Lovington, in that part of the state, who brought in a shipment of cattle, stated that the grass has cured up well there this fall and that cattle are fat. "That district has a large number of cattle," Mr. Garrett said. If the market improves many will be shipped out, but if prices are not satisfactory, we will hold them. So far as the feed situation is concerned, we can hold all the cattle we have. With Mr. Garrett was J. E. Stevens who also brought in a shipment of cattle. These ranchers are located in the plains country east of the Pecos river not far from the Texas line. They are about 60 miles from a railroad. —Kansas City Drovers Telegram.

Methodist Quarterly Conference
The first quarterly conference of the Methodist church will be held at Prairieview, N. M. Saturday Nov. 20th. Rev S. E. Allison, presiding elder, will be present and preach Saturday and Sunday at 11 o'clock, and preach Sunday night at Lovington.
The attention of citizens was implicitly called to the fact that a stitch in time saves nine when the public well tower in the square was blown completely over by the fury of the gale last Wednesday.
The Lovington teachers will leave Friday afternoon of this week to attend the teachers institute at Albuquerque, N. M. They will be absent almost a week and the scholars are looking forward to the time as a holiday vacation.

Four Paper in Three Days Last Week
The first daily paper ever published in Midland came off The Reporter press Thursday, Friday and Saturday of last week. It was The Daily Midland-Northwestern Bulletin and as editor appeared the name of J. J. O'Donnell. The publication was of course in the interest of the Midland & Northwestern railroad that Mr. O'Donnell is promoting out of Midland to Seminole, and each of the three issues were alive with interesting facts that should have created more interest in our railroad proposition than is being manifested. From every point of view the paper was very creditable, evidencing editorial ability on the part of Mr. O'Donnell in a marked degree, and even The Reporter came in for a share of the honors. Both from an editorial and typographical consideration the paper was fully representative, and if it be a factor in helping to raise this railroad bonus it will have fully served its purpose. —Midland Reporter.

Speaks Well Of Painters Work
J. E. Dunaway who has just had his residence finished both inside and out with painting and papering. Speaks well of Mr. John Moffatts work as a painter. Says he was surprised at the artistic touches he had given to the wood work inside, from a shaded oak nicely ingrained and varnished, to other harmonizing colors according to location. Happening to know something of Mr. Moffatts work we will add that he is a first class artist at fresco work also.

Ready Sale For Cattle On The Plains
Mr. Jimmie Keenum of Artesia, N. M. arrived Tuesday of this week with about 150 head of cattle which he had purchased at Clovis, N. M. He seemed to have no trouble whatever in making a sale of those he had brought, this being his third bunch and he left Wednesday morning with a prospective buyer for these.

Don't forget to read the Leader's puzzle this week. And do as it says. The correct answer will be given in next weeks issue.

Don't forget that thanksgiving dinner by the Methodist ladies next Thursday.
