THE FARMER'S WAR

Let us think for a while how the War concerns the farmer.

We went to war with Germany partly because the rulers of that country refused to let us send to Europe our ships laden with grain and cotton. They sunk the ships and cruelly murdered our sailors. Now suppose we allowed them to stop all our shipping, where would you be? None of your goods would be sold in foreign countries, with the result that you would get nothing like the prices which you get today. This war is being waged partly that you may obtain fair prices for your goods.

TO HAVE AND TO HOLD

You have read and heard the word "Patriotism" a thousand times during the last few months. Just what does it mean? It means sane, sensible, enlightened selfishness. Being patriotic means that you realize that a certain line of conduct will mean sacrifice, hardship, for you, but that if only you will make the sacrifice, and endure the hardship, it will bring lasting good and happiness to you, your neighbors, your whole country.

By buying a Liberty Bond you have shown that you have the right viewpoint. Now the thing to do is to see your resolution through to the finish. The soldier who volunteered for service, went over the top with a cheer and then stopped, disheartened, in the middle of "No Man's Land" would be considered a poor soldier.

The man who stays at home must take this lesson to himself. It is not sufficient to merely enlist in the army of Bond Buyers, the fight must be fought to the bitter end. In other words, pay your installments on your Bonds promptly. Save and save during the month of June for your July installments; sacrifice and save during July and August to pay your August installments. Even then you will have done only half your duty. The command of our officers then will be "Keep your Bond," and as good soldiers and patriots we must obey.

Liberty Bonds are not money, and therefore, should not be used as such. They are mortgages on all the land, all the

wealth in the United States. When you lend money on a mortgage, you do not take the papers to the grocery store and pay your bills with them, you place them in the bank, and if you actually need money to conduct your business, you borrow money on the mortgage. The same course is quite permissible in the case of a Liberty Bond.

Remember when you hold a Liberty Bond you are a patriot, bearing your share of the National burden; when you sell it, you have ceased to bear your share of the burden and have handed it on to some one else to carry. This is not good Americanism, nor again is it good business, for where in the world today is there a better investment for the man who knows nothing of stocks, shares, bonds or financial matters, than a Liberty Bond?

An investment without an element of risk, which pays 4 1/2 % per annum, is a pretty good thing to have and to hold.

A MESSAGE TO LIBERTY BOND BUYERS.

Have you ever heard of a soldier, returned from the war, who complained of his lot, or ever for one moment regretted having fought?

Men have come back without their sight, without their limbs, and in various stages of physical disability, but the first case has yet to be recorded of one who complained.

There is something in our imperfect human nature that makes us glad we have done a good thing.

The Liberty Bond buyers of the Eleventh Federal Reserve District will feel as the soldiers did—nothing but satisfaction, and the greater the sacrifice the greater the satisfaction.

I want to congratulate every man, woman and child who has bought a Bond and sent this district over the top.

War Orders Rushed

THE magnitude of the great war in which we are now engaged, has necessitated unusual preparation. Mighty forces are marshalling, great stores of food and munitions are being gathered, and the energies of the nation are focused on problems incident to the war.

At the very beginning of the war, the whole Bell System was placed at the disposal of the Government. No nation has entered the war with such a comprehensive and efficient telephone service.

As our military establishment grows, the demands of the Government upon the Bell System are bound to increase and always they must take precedence over all others.

Increased activity in commerce and industry as the result of larger demands for food and munitions from our allies and for our own use, means more need of telephone service by private business.

But private business must always be subordinated to the Government service. Each individual American will co-operate in this patriotic service, and submit cheerfully to inconvenience or delay in his telephone service, when he understands how vital it is that Government service shall take precedence over all else.

Oh, You Skinny!

Why stay thin as a rail? You don't have to! And you don't have to go through life with a chest that the tailor gives you; with arms of childish strength; with legs you can hardly stand on. And what about that stomach that flinches every time you try a square meal? Are you a pill-feeder?

DO YOU EXPECT HEALTH AND STRENGTH IN TABLOID FORM—THROUGH PILLS, POSITIONS AND OTHER EXPROPRIATED RIFFLE? YOU CAN'T DO IT; IT CAN'T BE DONE.

The only way to be well is to build up your body—all of it—through nature's methods—not by pampering the stomach. It is not fate that is making you a failure: it's that poor, emaciated body of yours; your half-sickness shows plain in your face and the world loves healthy people. So be healthy—strong—vital. That's living. Don't think too long; send 4 cents in stamps to cover mailing of my book, "INTELLIGENCE IN PHYSICAL CULTURE," written by the strongest physical culture instructor in the world.
