Life Was a Misery

Mrs. F. M. Jones, of
Palmer, Okla., writes:
"From the time I en-
tered into womanhood
... I looked with dread
from one month to the
next. I suffered with my
back and bearing-down
pain, until life to me was
a misery. I would think
I could not endure the
pain any longer, and I
gradually got worse. . .
Nothing seemed to help
me until, one day, . . .
I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles,"
Mrs. Jones goes on to
say, "and was not only
greatly relieved, but can
truthfully say that I have
not a pain. . .

"It has now been two
years since I took Cardui,
and I am still in good
health. . . I would ad-
vise any woman or girl
to use Cardui who is a
sufferer from any female
trouble."

If you suffer pain caused
from womanly trouble, or
if you feel the need of a
good strengthening tonic
to build up your run-down
system, take the advice
of Mrs. Jones. Try Car-
dui. It helped her. We
believe it will help you.

Over 2000 Bales of Cotton Production in Pecos Valley

Carlsbad Nov. 18.—That the
raising of cotton will soon be one
of the principal industries in the
southeastern part of this state, is
shown by the fact that the gins at
Carlsbad, Ous, Loving and Malaga
have already turned out over
2000 bales this season, and accord-
ing to the Argus the picking will
continue until well into the winter
months.

The gin at Otis had passed the
1200 mark Thursday, while the one
at Carlsbad had over 500, equaling
its record of past years, although
having gotten a late start by reason
of trouble with its machinery, Wed-
nesday the price had touched 57
cents for Durango, but the market
was off 200 points Thursday. One
sale at 59 cents was reported. Al-
ready the banks have handled
more than \$500,000 in sale of cot-
ton grown under the Carlsbad pro-
ject this year, and judging from
the looks of the fields the estimat-
ed sales will be well over the fig-
ures named by Manager Foster in
his estimates two weeks ago. From
all over the state comes many
laudatory newspaper articles point-
ing to the Carlsbad project as an
example of what may be done
under irrigation.

Oil And Refinery News

Mr. Whitmore a representative
of the Peco Producing & Refining
Co., of Tucumcari, was a business
visitor in Cuervo, Monday. He re-
ports that work is progressing
nicely on their refinery and they
have two of their buildings finish-
ed, foundations laid for two more,
have received four car loads of
brick to be used, and have placed
orders for large storage tanks for
crude oil. Every indication shows
that this company means business,
and that they will be ready for re-
fining crude oil by the 15th of
Feb. 1920. Mr. Whitmore says
the McGee well is being drilled
down thru the best of oil forma-
tions and that it is about 2700 ft.
deep.

Industries Flourish Together

A west coast sawmill has an
order for a million feet of lumber
from one oil town in Texas.

Another lumber town is working
full force on an order for mining
timbers from a copper center.

A logging center has an order
for 15,000 telephone poles for one
reconstruction system in a west-
ern city.

These simple statements show
how industries prosper or sink by
the success or failure of other in-
dustries.

The politician and yellow news-
papers that have carried public uti-
lities to a standstill in the west
are the real destructionists.

Western utilities represent in-
vestments of over a billion dollars
properties must be maintained.

They are one of the largest cus-
tomers for timber and lumber pro-
ducts and the output of the west-
ern metal mines.

Cities as well as industries in
the west are deeply interested in
the prosperity of their basic indus-
tries.

Politicians, newspapers, politi-
cal economists, public service com-
missions and the people generally
should adopt constructive policies
toward industries which furnish
employment, pay taxes and make
real and lasting prosperity for the
community.

The Sugar Price

The action of Attorney General
Palmer in notifying beet sugar
companies that they are expected
to sell their product at ten cents a
pound, seaboard basis, might be
made the occasion of several in-
teresting legal questions. That an
individual sugar producer could be
convicted of profiteering for sell-
ing his output at a price above ten
cent a pound unless it could be
shown that he was thereby making
an excessive profit on his invest-
ment is certainly open to question.
Some companies, on account of
short crop and high operating
costs, will make little or no profit
on the ten cent price.

The price stipulated by Depart-
ment of Justice is exactly the price
previously established by volunta-
ry action of leading sugar com-
panies.

The fact that sugar was put on
sale before factories had fairly
started on their slicing campaigns,
that shipment was promised at the
earliest possible moment and that
the basic price voluntarily estab-
lished was two to five cents a
pound less than might readily have
been obtained affords practical
evidence of desire of beet sugar
companies to place their product
in hands of consumers at a thor-
oughly reasonable price.

WESTERN
Edgar S. Paxson, Montana pioneer, Indian fighter and distinguished as a painter of Western life, died at his home in Missoula, Mont., after an extended illness. He was 67 years old.

A plot has been discovered at Tulcan-Ecuador, to overthrow the government. A store of arms and ammunition has been captured by the authorities. The headquarters of the conspiracy is believed to be in Colombia.

The head tax of \$10 recently approved by the Mexican house of deputies for all persons entering the country, will not apply to individuals crossing and recrossing the border the same day, according to the interpretation placed upon the ruling by American and Mexican border officials at El Paso.

Announcement was made at Douglas, Arizona, by the copper smelters of that city that about 15,000,000 pounds of copper were produced at the two smelters during last month. Of this the Copper Queen produced 9,000,000 pounds, about the same as last month. The Calumet and Arizona smelter produced during the month 6,000,000 pounds, which was an increase over the month of September.

The postoffice at Shingletown, Shasta county, Calif., once a prosperous mill town, has been closed because no one could be found to serve as postmaster. Standing timber in this district was purchased and placed in reserve by a great lumber corporation, the water rights that once served to irrigate fertile mountain farms were purchased by hydro-electric corporations, and Shingletown gradually slipped backward from a thriving mountain town to a hamlet of a few families.

The jury in the case of the state versus Otto Laine, a deputy sheriff, who was charged with assault with intent to kill Tony Rimac, at Tombstone, Ariz., returned a verdict of not guilty, after only six minutes' deliberation. Laine, who is deputy sheriff, it appears from the evidence, was attempting to arrest Rimac, who had used a knife freely on four other men during the fight, and when the deputy attempted to effect the arrest, Rimac made for him with his knife in his hand, and Laine shot in self-defense, severely wounding the man.

WASHINGTON
Plans to bring to this country 150,000 Jewish orphans, provided the State Department at Washington sanctions their immigration, were made Monday by the Jewish relief committee, in session at Philadelphia.

Miss Esto Broughton, representing Stanislaus county in the California assembly, returned to State Comptroller John S. Chambers a warrant for \$25, representing her per diem and mileage for attendance at the recent special legislative session which ratified the federal woman suffrage amendment. Miss Broughton said she could not accept pay or mileage for attending this session.

The amendment to the federal constitution giving women the right to vote was ratified in the House at Augusta, Maine, in concurrence with the Senate.

Senator McNary, Republican, Oregon, introduced by request a bill authorizing transmission of press and commercial messages by navy radio stations, when commercial stations have inadequate facilities. Rates would be fixed by the secretary of the Navy, with a maximum of 5 cents a word on messages to and from the Philippines, Hawaii and Pacific islands, and 6 cents a word to and from Asia.

Piloted by Lieutenant Commander Read, the naval seaplane NC-4, which made the first transatlantic flight, recently established a new non-stop record for that type of craft when, carrying twelve passengers it flew from Pensacola, Fla., to Memphis, Tenn., a distance of 535 nautical miles. The total flying time was 9 hours and 33 minutes, about ten minutes less than the flying time made by the NC-4 on its flight from Ponta Del Gada to Lisbon in the transatlantic trip.

The discovery of a shortage of 151,514,476 pesos in the accounts of the comptroller's office in Mexico for the year 1918 has created a sensation in the Mexican capital, said dispatches reaching Washington. The comptroller's report, which has just been made public in Mexico City, announces the shortage under the head of "funds unaccounted for" which covers sums owed by all of those handling government funds, specifying embezzlements and failure to supply proper vouchers for expenditures.

FOREIGN

A plot to depose the sultan of Turkey has been discovered, says a Constantinople dispatch.

The first meeting of the council of the League of Nations will be held in Paris, the supreme council decided. It did not, however, fix a date for the gathering.

The southern provinces of China are in the market for arms, ammunition, tanks, airplanes and other munitions to be used against the provinces of the north, according to Capt. Herbert Ling of the southern Chinese army.

The American delegation to the peace conference has informed the Supreme Council of its intention to leave France during the first days of December, according to semi-official information from the French foreign office.

Flooding of the French shoe market with 300,000 pairs of American army shoes, bought from surplus stocks of the United States quartermaster, is expected to materially reduce the almost prohibitive cost of footwear now prevailing in France.

Official denial is given reports that the Chinese government contemplates opening direct negotiations with Japan over the restoration of Tsingtau. The Chinese attitude is that China's claims should await decision by the League of Nations.

For the first time since the declaration of the World war the Pope officially received in private audience a representative of the Central powers Baron Johann Von Gorbass, secretary of the Bavarian legation, who arrived to prepare for the return of the Bavarian minister.

The German government has addressed to the Supreme Council at Paris a note protesting against the retention by France of German war prisoners. The note declares the situation not only dangerous to Germany's own existence but a menace outside the German frontiers.

The increasing number of marriages between French girls and Chinese laborers in France has resulted in the minister of the interior warning French women that most of the coolies already have wives in China, where, upon arrival with their husbands, they would be regarded merely as secondary wives.

A wireless message from General Denekine states that the chief of staff of the soviet army near Britinsk organized an uprising of workmen, occupied Britinsk and overthrew the soviet authorities. Thus, the statement says, the Red army at the most important point on the front lies between General Denekine's troops and the insurgent workmen.

A positive cure for cancer or other organic afflictions by transfusion of the patient's blood from the veins of the forearm to the muscles in back of the part affected has been discovered by Dr. Ferreyrolles, a member of the Academy of Medicine in France. It is announced that several cases already have been effected. The method of treatment consists of three injections of four cubic inches of blood each fortnight at intervals, this to be repeated if necessary three months later.

GENERAL

Cary R. Miller, American vice consul to Stockholm, shot and killed himself in his suite in the Waldorf-Astoria in New York.

Seven alleged swindlers, including Mayor Rollin H. Bunch of Muncie, Ind., and Prosecuting Attorney Horace G. Morphy of Delaware county, were found guilty in Federal Court of conspiring to use the mails to defraud.

The bodies of 111 American soldiers, who made the supreme sacrifice in the north Russian campaign, returned home when the army transport Daragan, in somber gray, poked its nose through the mists off Sandy Hook and silently entered the harbor in New York.

One soldier has been killed and another wounded in the coal fields near Knoxville, according to word received at Nashville.

Mrs. F. W. Woolworth, widow of the late head of the chain of 5 and 10-cent stores, will receive an income of \$443,000 a year from her husband's estate. This was revealed when Supreme Court Justice Geiger signed an order requiring H. T. Parsons, head of a committee of Mrs. Woolworth's property, to file an additional bond of \$2,000,000. His original bond was \$50,000.

Charges that agents of the Amalgamated Clothing Workers of America have obtained more than \$500,000 from clothing manufacturers in Chicago and other cities, led to raids on the Chicago headquarters of the union by detectives from the state's attorney's office. Books and records of the organization, including bankbooks of the union and individual officials, were seized. Allegations made to the state's attorney were to the effect that union agents, for their own profit, called strikes against manufacturers and threatened and coerced them into payment of sums ranging from \$500 to \$30,000.

Two German submarines cut the cable between this country and England just outside New York harbor in the spring of 1918, but the break was spliced by experts within twelve hours. This fact was made known for the first time by Col. J. J. Cary, vice president of the American Telephone and Telegraph Company, in an address at a luncheon of the New York Electric League.

Prompt shipment of 25,000 Canadian box cars from the United States to relieve the Canadian shortage is being sought by the Dominion government.

COMING EVENTS.

Twenty-second annual convention of the American Mining Congress, to be held in St. Louis, Mo., Nov. 17-22. The Red Cross Christmas Seal sale will take place all over the United States from December 1 to 16, 1919.

Ten thousand gallons of "moonshine" was the net result of the second day of the department of justice campaign against alleged violators of the wartime prohibition act at Globe, Arizona.

The miners' hospital in Raton, is now undergoing extensive repairs which are nearing completion. The buildings have been entirely repainted and renovated, and new bedding has been supplied in nearly all the rooms.

An effort is being made by the Pima Beneficial Play Grounds society to raise in the neighborhood of five thousand dollars to start the ball rolling on the construction of the proposed city park and play grounds in Pima, Arizona.

The 10,000 acres of winter wheat produced an average of only 45 bushels per acre, or 450,000 bushels for the state. The crop is of poor quality. There were 196,000 acres of corn planted in New Mexico. Only 75 per cent of this will be harvested for grain.

Sixty different towns and postoffices in Arizona are represented at the university this year. Out of the 834 students enrolled, 615 are from Arizona towns. The students coming from smaller places here, of course, received their preparatory work in the high schools of the state, some in the normal schools and others in the preparatory schools of other states.

Probably the record for a long distance entry in the Arizona state fair was attained this year by Duisie, a French fox terrier, brought from Conception, Chili, by her owner, George McMaster, a South American impresario. The dog has traveled approximately 28,000 miles to enter the Arizona state fair. Duisie comes from a famous South American family of fox terriers.

Donovan Richardson, son of Mrs. Granville A. Richardson of Roswell, N. Mex., has won the Rhode scholarship at Oxford, England, and will sail for that place some time in January. Mr. Richardson is a senior of the University of New Mexico, and is considered unusually fortunate as only 32 candidates can be selected in this country. The examinations are said to be very rigid and Roswell is proud to have this honor won by one of its boys.

The new oil well of the Hot Springs Development Association, which is being drilled just south of the Hot Springs, N. Mex., is now down about 300 feet and progressing nicely. A light rig is being used at the present time, but this will soon be changed for a standard outfit which will drill to any desired depth. The company has been fortunate in securing outside capital to such an extent that it is now in a position to continue drilling until oil is found.

A conditional pardon has been granted by Governor Larrizola to Esquivel Cano, who was sentenced from Santa Fe county, N. Mex., on March 9, 1900, to serve a life term for murder. If all of the conditions of the pardon have been complied with up to November 20, 1921, then the conditional pardon will automatically become absolute, carrying restoration to citizenship. Cano is now past 50 years of age, and has made an exemplary record during his stay of more than 19 years in the state penitentiary.

Announcement has been made of the organization of a million dollar mining company in the Kofa district in Arizona. Yuma men and New York capital are backing the new company and it is hoped that soon the company may begin actual work on their mine.

The farmers of the Johnson Mesa, near Raton, N. Mex., recently disposed of their entire wheat crop to the Pueblo Milling Company of Pueblo, Colo., through collective bargaining. All the farmers pooled their crop and offered it to the highest bidder, and the Pueblo concern proved to be the highest bidder, offering slightly over \$2 per bushel for the crop.

Twenty-one thousand dollars additional for the completion of the Oracle to Apache Camp road was voted on at Tucson, Arizona, at the meeting of the board of supervisors on unofficial advice from the members of the highway commission that the amount will be set aside by the commission for the purpose. The government does not recognize any other body but the board of supervisors, and it asked that the board pay half the additional cost of constructing the road, which will cost \$112,000 on revised estimates.

Keen Bittill, an Indian from the Navajo reservation, who has been in jail in Albuquerque since the first of March, was made a free man when the jury in the Federal court, after hearing the trial returned a verdict of not guilty of murder. Keen was in the court room at the time the verdict was announced but his features showed an emotion when the judge stated that he was discharged. Keen returned to the reservation with Indian Agent Paquette as if nothing had happened, although he was hollow eyed from his long confinement in the jail.

LEGION GOES AFTER I.W.W.

EX-SERVICE MEN SMASH UP HEADQUARTERS OF RADICALS.

BREAK UP MEETINGS

DRIVE STARTED TO CLEAN UP NATION OF ANARCHIST GANGS.

Western Newspaper Union News Service.

Los Angeles, Calif., Nov. 15.—Industrial Workers of the World headquarters at Germain hall was raided by uniformed ex-service men armed with clubs and the place wrecked after a melee in which several supposed members of the radical organization were injured. Two were taken to the receiving hospital. About fifty alleged I. W. W.'s, including five women, were holding a meeting behind closed doors when the raiders, twenty to thirty strong, broke in the doors. Less than three minutes afterward, it is declared, the I. W. W. were fleeing in wild disorder and the former service men were systematically breaking furniture, smashing windows and tearing down signs.

The police arrived in answer to a riot call, to find the raiders gone and only the injured men and the wreck of the place as evidence of the fight. N. Steink, an alleged I. W. W., out on \$5,000 bail pending trial for criminal syndicalism, was found nearby and arrested.

San Francisco.—Nine men were arrested and a quantity of alleged Red literature was seized in two raids on radical headquarters. Police Captain John O'Meara, who conducted the raids, declared all members of the Industrial Workers of the World must leave town or go to jail. O'Meara said the raids were the result of information that boys and girls of school age frequented these places and were being taught Socialistic and radical principles.

Spokane, Wash.—Members of the American Legion here have been sworn in as special policemen to meet with as declared to be an invasion of 1,000 to 2,000 members of the Industrial Workers of the World, due to arrive here from Montana and other parts of the Northwest. Arrangements were being made with officers at Fort George Wright here for arms and ammunition for the American Legion deputy sheriffs, who were to be held in readiness for immediate action. Maj. Thomas G. Aston, commander of the Third battalion of the National Guard, announced he had telegraphed Adjutant General Moss recommending that the two local companies of guardsmen be mobilized.

Indicted for Hauling Booze.

Toledo, O.—Indictments have been returned by a federal grand jury against two railroads on charges of transporting liquor from one state to another in violation of nation-wide prohibition laws. The Cleveland, Cincinnati, Chicago & St. Louis and the Toledo, St. Louis & Western are the companies named in the indictments.

Approves "Victory Medal."

Washington.—The design for the "Victory Medal" to be given to every American who took part in the world war, has been approved by Secretary Baker. James E. Frazier, a New York sculptor, designed the medal, which will be of bronze about the size of a silver dollar.

Help for China Deadlocked.

Washington.—Differences between the United States and Japan are preventing the organization and operation of the international consortium for financing China. It was admitted at the State Department that there was a deadlock, with Japan refusing to withdraw her reservations concerning Manchuria and Mongolia and the United States declining to permit Japan to participate in the consortium unless she does withdraw them.

Hindenburg Kisses Ludendorff.

Berlin.—During the demonstration at the arrival in Berlin of Marshal von Hindenburg, the field marshal kissed Field Marshal von Ludendorff on both cheeks. It was the first meeting in several months. Both were cheered by the crowd in the railroad station, led by former officers. Only a fist fight among the crowd after their departure marred the ovation. This was caused by the Socialists yelling, "Wholesale slaughter!"

Shot by Escaping Prisoners.

Lemars, Iowa.—William Maxwell, son of Sheriff Maxwell, was probably fatally wounded when he was shot by escaping prisoners in the Plymouth county jail. His father, Hugh Maxwell, was also shot. The shooting and escape occurred as the Maxwell family was delivering supper to prisoners in the jail. The sheriff, his wife and the son were in a corridor leading from the kitchen of their living rooms to the jail, and the two men were shot by Convey.

Criticism and Citizenship

It is the plain, public duty of every citizen to criticize proposed government measures believed to be harmful.

Swift & Company is in a better position perhaps, than others, to understand the meat packing business in all its relations to public and private interests, even though the others may have been giving the subject a great deal of sincere attention.

Swift & Company is convinced that interference with its legitimate business function by governmental agencies, however well intentioned, would be an injury to every man, woman and child who wants meat to eat, as well as to the men who raise the meat and to those who dress and distribute it.

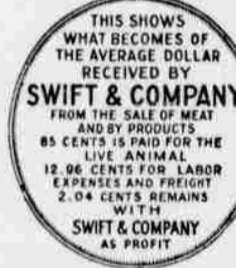

Maximum service that cannot monopolize because of keen competition and lack of control over sources of supply is furnished at a minimum of profit—a fraction of a cent per pound from all sources.

Therefore Swift & Company is taking every legitimate step of citizenship to prevent such interference.

These advertisements are intended to help you, and to help Congress decide what is best to be done. Mistakes are costly and apt to be harmful in these trying times.

First Flatter—No; you see while my wife was away I let the goldfish die and in order to make up for it I bought a fish and put it in the bowl, but she found out it was a salmon.

FOGGY?
If Bilious, Constipated or Headachy take "Cascarets."

Tomorrow the sun will shine for you. Everything will seem clear, rosy and bright. Your system is filled with liver and bowel poison which keeps your skin sallow, your stomach upset, your head foggy and aching. Your meals are turning into poison, gases and acids. You cannot feel right. Don't stay bilious or constipated. Feel splendid always by taking Cascarets occasionally. They act without griping or inconvenience. They never sicken you like Calomel, Salts, Oil or nasty, harsh pills. They cost so little too—Cascarets work while you sleep.—Adv.

INDIGESTION Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach. There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repulsing, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are, nevertheless, traceable to an acid-stomach. Among these are nervousness, biliousness, crickets of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia, and a long train of physical and mental ills that keep the victims in miserable health year after year. The right thing to do is to attack these ailments at their source—get rid of the acid-stomach. A wonderful modern remedy called EATONIC now makes it easy to do this. One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with intestinal indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pain in my bowels disappeared. EATONIC is just the remedy I needed." We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big size box from him today. He will refund your money if you are not satisfied.

THANKSGIVING

By JAMES W. BECKMAN. We observe Thanksgiving day in keeping with the time-honored custom of the Pilgrims.

Thanksgiving day was born in the hearts of a grateful little group of people who had survived a harrowing season.

Real thanksgivings are those which come spontaneously in moments of gratitude for deliverance from distress, appreciation of the beauties of life or enjoyment of genuine friendship.

We are thankful that most of our troubles never happened and that those which did passed over like the storms.

The wealth of the world has been filling our coffers to overflowing. Millions of Mammon give thanks like the blatant fattened calf, all unmindful of the fate of the fattened and fattened.

We are thankful to have gone through another year with its alternating joys and sorrows and await with hope and fortitude the things the next may bring forth.

Ain't It Splendid? AIN'T it splendid to be livin' 'long about this time o' year. Just around before Thanksgiving, with the mornings crisp and clear;

Ain't it fine to feel the nippin' of the breeze at your nose. When the old dead leaves go zippin' down the lanes, in scraggly rows.

Ain't it fine to wake from dreamin' of the home your boyhood knew And to find the glad sun beamin' just the way it used to do.

Long ago, about Thanksgiving, when you'd energy to spare. When your pa and ma were livin', and the days were always fair?

Remember Those Who Served. The great spirits of earth have been, men and women who, with thanksgiving in their hearts and on their lips, served faithfully the ages in which they lived.

Made National Celebration. President Lincoln it was who appointed the last Thursday in November, 1863, as Thanksgiving day, and each president of the United States since that time has followed Lincoln's example.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Let "Danderine" save your hair and double its beauty

Oh, girls, such an abundance of thick, heavy, invigorated hair; a perfect mass of wavy, silky hair, gloriously fluffy, bright and so easy to manage.

"Danderine" is a tonic-beautifier. Besides doubling the beauty of the hair at once, it checks dandruff and stops falling hair.

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder troubles don't disappear of themselves. They grow upon you, slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlelem Oil Capsules now.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1926 the government of the Netherlands granted a special charter authorizing its sale.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Haarlelem Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Syrup Purity Absolute purity—with all its own virtues—is one good reason why we know you will like Farmer Jones Sorghum Blend Syrup once you try it.

Here, I come again with as broad a smile as I had last summer. Cheer up! all you correspondents work is almost over, come on and tell us about your fussy day's.

Mr. Paul Claunch is very fussy trying to get his crop all gathered, so he can go back to Texas to get his wife who he had ordered from "Kress Mail Order House". Paul says he knows she will be there for he sent money to pay postage.

Mr. Clark Cain has been buying cattle in this settlement.

Mr. Henry Woodward and Mr. Joe Tuck expect to leave for Ariz. as soon as they get their crops gathered.

Mr. Pike was seen going to Copes one day last week.

Batchlors Meeting was at Mr.

Smith McDonald, Sunday. Among them was Mr. Will Mayo, Mr. Jim Brown, Mr. Grady Berry and Mr. Paul Claunch.

Mr. S. S. Cope is helping W. T. Gragg gather corn this week.

For sweetening the old fashion kind call at Bud Woodward.

Mr. Dan Cybert left for Oklahoma where he will pick cotton.

I will ring off hoping to hear from all correspondents in this week Clipper, if we continue such neglect as we have the last few weeks, our editor might catch the disease. Sun Bonnet.

The Star Literary Society of Cuervo has made invitations, for a big dance on the 29 day of Nov. 1919. They invited everybody to come, they guarantee a good time.

Save These Lives!

TUBERCULOSIS kills 150,000 active men and women in the United States every year—last year, this year.

There is no necessity for this staggering casualty list in peace times.

You may not know it but Tuberculosis can be PREVENTED and can be cured.

There is an organization in your state and community that can drive this menace from its place at your very door.

Encourage it—help to finance it.

Don't pass a Red Cross Christmas Seal Booth without buying—encourage those who are selling.

USE RED CROSS CHRISTMAS SEALS

Each Seal Is a Penny's Worth of Cure and Prevention.
