## Belen is in the Grip of the Plague

THE PLAGUE has gripped Belen and it is believed there are three hundred persons now stricken with this dreadful disease and while it seems to be in rather a mild form, still it is here and not a business house or establishment in town but is suffering from it.

Monday the First National Bank was compelled to close in the evening but opened again Tuesday morning and is still open.

The John Becker Co., reports a number of its force down and out. Among them Frank G. Fischer, cashier, Jack Linn, bookkeeper and Miss Sheeham.

H. P. Simmons, manager of the Belen Flour Mills Co., is out after an attack.

L. C. Becker, cashier, and Louis Vielstich, assistant cashier of the First National Bank are in bed. The bank was closed Monday evening but is now open with Miss Frieda Becker at the cashier's window.

Mrs. Riley M. Edwards is also sick.

Mrs. H. E. Webber, is sick in bed, having closed her cafe for a few days.

F. C. H. Livingston, his wife and all their children are down with Spanish Flu.

Mrs. Frank Barron is very sick.

Max Kauffman held up as long as possible but was com-

pelled to take his bed Tuesday evening.

Nelson Buckland is sick but improving.

The public schools are closed and the Santa Fe eating house was closed Sunday, Monday and Tuesday but is now open again.

Mrs. John A. M. Zeigler is among the sick.

Mrs. H. H. Wilson has been sick for a week.

The condition here is not at all satisfactory for we need physicians and nurses.

Dr. Wilkerson is somewhat better. Dr. Radcliff has an emergency list which he is trying to handle but he expects several pneumonia cases to develop today (Wednesday noon)

## COME AND SEE THE GUNS CAPTURED BY OUR BOYS AT CHATEAU THIERRY

FRENCH "SEVENTY-FIVE," AERIAL TORPEDO, DEPTH  
BOMB AND OTHER WAR TROPHIES MAKE UP  
INTERESTING EXHIBIT.

BLOOD-STAINED AND BULLET-RIDDLED UNIFORM OF  
HUN KILLED BY AMERICAN SOLDIER WILL SHOW  
YOU HOW OUR BOYS ARE TAKING CARE OF  
YOUR INTERESTS AT HOME—GAS MASKS  
USED BY OUR BOYS AS PROTECTION  
AGAINST THE DEADLY MUSTARD  
GAS.

Perhaps no other battle waged in the great World War will ever be as deeply impressed in the minds and hearts of the American people as that one fought at Chateau Thierry, when the American soldier covered himself with glory fighting fearlessly—courageously, as Americans always fight. Here the counter-attack of the American forces turned the tide of war in favor of the allies and since that time our forces have steadily pushed their line forward.

Your boy may have been with the American forces that started that never-to-be-forgotten repulse of the German shock troops on the spot that has been the scene of many a titanic struggle since the time of the ancients. Maybe it was your neighbor's boy or some other boy from your home town. He may have been one of the group who captured a machine gun crew of the enemy troops.

At any rate it will not be difficult for you to visualize the activities of your home town boys in that great American victory when you inspect the

### Minnenwerfer, or Trench Mortar Gun.

captured by the Marines in that engagement, which is attracting more attention than any other object on the Liberty Loan War Relic Train, making a tour of the Eleventh Federal Reserve District in connection with the Fourth Liberty Loan Campaign.

Second in interest is

### The Great French "Seventy-Five."

the big gun used first at Verdun, where it "gave the German the surprise of his life," as a returned war veteran puts it. It bears the marks of camouflage as it was used in that terrific drive of the Hun, which the French armies met and held at that famous spot which will go down in history as one of the world's great battlegrounds. It was at Verdun that the vision of the "White Comrade" spurred the tired and war-worn soldiers of France on to fiercer resistance against the foe, and where with their backs to the wall they fulfilled their vow, "They shall not pass."

Another object of particular interest at this time is

### The Depth Bomb, Which is Included in This Exhibit.

This bomb is playing an important part in the transportation of United States troops overseas. It is carried on the torpedo boat destroyers which act as convoys to the troop ships, and are used in warfare against the German submarine. This weapon has been responsible for the sinking of more than one submarine which has attempted to frustrate the moving of United States troops.

Aircraft has become an important factor in modern warfare. Some of the most splendid and daring exploits of young Americans who are defending the principles upon which this nation was founded have been made possible by means of the aeroplane. Can you picture a heavy battle plane, equipped with a Lewis machine gun and carrying several aerial torpedoes, each weighing as much as 250 pounds, and a crew of five or six men? The Lewis machine gun which is used to a great extent in aerial warfare is among the interesting features of the war relic train, as is the aerial torpedo.

Captured German Rifles, Grenade Throwers and a Grantewerfer show the material which the Hun uses when he launches his conquest for world domination.

A Chauchat auto rifle machine gun, along with its magazine, ammunition carrier and other accoutrement of the French infantryman displays the sort of firearms used by the "Blue Devils."

### Uniform Worn by Boche Bears Evidence

of good marksmanship of American doughboy. This uniform, blood-stained and showing the wicked slit of a bayonet thrust, will be exhibited along with the field equipment of the German soldier. These objects will be shown in conjunction with the outfit of the United States soldier, and will give a comprehensive comparison of the two, showing the superiority of the American fighting man, in the matter of equipment as well as a fighter.

That "an army fights on its stomach" is fully recognized when an inspection is made of the methods by which the soldier carries his rations. Food and ammunition are the two greatest factors toward the successful outcome of a military expedition. And these, or a portion of these, the soldier carries with him as he moves from position to position along the new line of battle.

There are other exhibits on the train that appeal to the patriotism of all American citizens. Every man, woman and child should make it a point to see these war relics. The week before the trains were made up in Dallas hundreds of people visited the building in which the objects were being assembled, and viewed the trophies. The Minnenwerfer gun was placed on display outside the headquarters of the Dallas Liberty Loan Committee and had about it a group of interested spectators every hour of the day. The greatest enthusiasm is being manifested throughout the district regarding the visit of the War Relic train. An efficient corps of speakers and attendants accompany the train which will be made up of four cars.

### A STRONG STATE TICKET

THE TICKET placed in nomination by the republican convention last week is unquestionably the strongest that has been nominated since New Mexico has been a state.

One of the elements of strength is its splendid distribution over the state. No county has more than one candidate, except Rio Arriba, which has Mr. Hernandez and Mr. Sargent, but

the former of these is considered more of a candidate at large, as his nomination came from the state at large, not having been sought by either Mr. Hernandez or his county.

Las Vegas and Albuquerque got the governor and chief justice the two most important state offices. At the same time New Mexico got U. S. Senator to balance northern New Mexico's congressional nomination.

The republican platform on which the candidates stand is another element of strength—it is a direct statement of definite aims and purposes and proposes measures and means that are constructive and protective of the rights of all.

The greatest strength, however, is the splendid personnel. Every candidate is able to discharge the duties of the office to which he has been nominated, personally, and nearly every one has special training and experience in line with the duties of the particular office for which he is running.

The Republicans therefore enter upon the campaign with all confidence that their principles and ticket will be ratified by the voters on the fifth day of November.

# CHAPTER 103, LAWS OF 1917.

Act authorizing the construction of an addition to the Capitol Building at Santa Fe, New Mexico, making an appropriation therefor and providing bonded indebtedness for the payment of the same, and to create a commission with authority to construct, and complete such addition.

Committee Sub. for H. B. No. 56; approved March 13, 1917.

Be it enacted by the Legislature of the State of New Mexico:

Section 1. That for the purpose of constructing and completing an addition to the present Capitol Building at Santa Fe, New Mexico, the Governor shall appoint three reputable citizens of New Mexico, not more than two of whom shall belong to the same political party, as a commission, with full power and authority to employ an architect, and to let contracts for the erection of such building to the lowest and best responsible bidder upon thirty days published notice, letting the same in one entire contract, or portions thereof to different contractors, as in the judgment of the commission may be most advisable.

Sec. 2. It shall be unlawful for any member of such commission to become or be directly or indirectly interested in any contract so let, or to make any profit, directly or indirectly, out of any such contract; or to furnish or supply, directly or indirectly, any labor, materials or other commodity used in and about completing any such contract or contracts. The members of such commission shall be paid their actual and necessary expenses incurred by them in and about such work, but shall receive no further, other or additional compensation.

Sec. 3. There is hereby appropriated out of the state treasury the sum of two hundred thousand (\$200,000) dollars, or so much thereof as may be necessary for the purpose of paying for the construction and completion of said building, said fund to be available upon the sale of the bonds hereinafter provided for.

Sec. 4. For the purpose of providing the funds for the erection of said addition to the Capitol Building, there is hereby authorized and created a bonded indebtedness of the State of New Mexico in the sum of two hundred thousand (\$200,000) dollars, and there shall be issued two hundred (200) bonds of the denomination of one thousand (\$1,000) dollars each. Said bonds shall bear interest at the rate of four and one-half per cent per annum, which said interest shall be payable semi-annually in gold coin, or its equivalent in lawful money of the United States, on the first day of July and the first day of January of each year at the office of the State Treasurer, of the State of New Mexico. The principal of said

bonds shall be made payable to the bearer, in gold coin, or its equivalent in lawful money of the United States, thirty years after their date, and it shall be provided by said bonds that they may be redeemed at the option of the state at any time after ten years from their date. The said bonds shall state when and where payable, rate of interest, and when and where the interest shall be payable, and shall be signed by the Treasurer and Governor, and shall be attested by the Secretary of State and bear the seal of the state and shall be known as the "Capitol Addition Building Bonds." The faith and credit of the state is hereby pledged for the prompt payment of said bonds and the interest thereon as herein provided. If the state shall elect to exercise its right to redeem any of said bonds after ten years from their date, and in advance of maturity, notice thereof shall be given by publication by the State Treasurer, in a newspaper published in Santa Fe, New Mexico, once a week for four successive weeks next prior to the date fixed for redemption, and if a bond so called for redemption be not present at the time requested it shall cease to bear interest from and after the date so fixed for redemption.

Sec. 5. Interest coupons shall be attached to the said bonds and the said coupons shall be consecutively numbered and shall specify the number of the bond to which they are attached, and shall be attested by the Treasurer or engraved facsimile signature of the State Treasurer.

Sec. 6. The State Treasurer, when the bonds authorized by this act are issued, shall have been signed, countersigned, endorsed and sealed as in this act provided, shall sell the same to the highest and best bidder, upon sealed bids, at not less than par and accrued interest. Notice of such proposed sale shall be given by the State Treasurer, by publication, inviting sealed proposals thereon, at a day and hour stated herein, which said notice shall be published once a week for three weeks in some newspaper published in the State of New Mexico, and a like notice published in some financial journal in the City of New York; the last mention of such notice shall be made not less than seven days before such date so fixed for such sale.

Sec. 7. Seventy-five (75) of said bonds shall bear date the 30th day of November, 1918, and seventy-five (75) of said bonds shall bear date the 31st day of May, 1919, and fifty (50) of said bonds shall bear date December 31st, 1919. All of said bonds shall be sold at the same time and shall be issued and delivered at the times and in the amounts as specified in this act, and the proceeds realized from the sale of said bonds shall be turned over to the State Treasurer to be kept by him in a separate fund for the purpose of the

construction, furnishing, equipping and completing said Capitol Building Addition.

Sec. 8. That to pay the interest on said bonds as it shall become due, the State Auditor and the State Treasurer, shall transfer to the interest fund, which shall be used exclusively for such purpose, all the income derived from lands belonging to the state which were granted to the state by Act of Congress, entitled "An Act to enable the people of New Mexico to form a Constitution and state government and be admitted into the Union on an equal footing with the original states, approved June 20th, 1910," "For Legislative, Executive and Judicial public buildings heretofore erected in said Territory, or to be hereafter erected in the proposed states, and for the payment of the bonds heretofore or hereafter issued therefor," which said income shall be applied toward the liquidation of the interest on said bonds, and to create a sinking fund for payment of the principal thereof.

Sec. 9. To provide for the payment of the interest on the bonds issued pursuant to this act there shall be and there is hereby imposed and levied during each year any of said bonds shall be outstanding on all property in the state subject to taxation for state purposes, an annual tax sufficient to produce a sum equal to one year's interest on all such bonds then outstanding, less the amount in the state treasury received by way of income, from the land belonging to the state granted by Act of Congress as stated in Section 8 hereof; and to provide a sinking fund for the payment of the principal of said bonds, the State Treasurer shall retain and use for such purpose all the proceeds derived from the sale of the land so granted to the state for the purpose in this act stated, which said proceeds, or so much thereof as may be necessary, shall be applied exclusively towards the payment of the principal of the bonds authorized by this act, and to further provide for a sinking fund for the redemption of said bonds there shall be and there is hereby imposed and levied during each year after any of said bonds shall have run for ten years after the date thereof, during each year any said bonds are outstanding an annual tax on all property in the state subject to taxation for state purposes, sufficient in addition to moneys derived from the sale of said lands and held for such purpose, to pay the principal of the said bonds at maturity.

Sec. 10. That the taxes for the payment of the interest and ultimate redemption and payment of said bonds, shall be levied and collected at the same time and in the same manner as other taxes are levied and collected in the state for the purposes, which funds provided for the redemption of said bonds shall be kept separate in a fund for that purpose by the State Treasurer.

Sec. 11. The said Capitol Building Addition shall be not less than two stories high, not less than one hundred and fifty feet long and seventy-five feet wide, and shall be erected at the south end of the present Capitol Building, and not more than fifty feet distant therefrom, and shall be so arranged that the light in the second story of the present Capitol Building shall not be shut off, and such addition shall be so arranged that it may be heated from the heating plant supplying the present Capitol Building and such addition shall be connected with the present Capitol Building on the ground floor by a passageway properly constructed, according to the plans and specifications of the architect, and said additions shall be as near fireproof as it is possible to make it, and when completed shall be occupied by the State Library, State Supreme Court and all offices connected therewith, and the Attorney General.

Sec. 12. The said commission shall have full power and authority to do any and all acts deemed necessary and proper in and about the construction of said building, the determination, and adoption of plans therefor and the arrangement thereof, and shall draw its voucher in the proper form for the payment of all indebtedness contracted in and about said work and building on the State Auditor, and the State Auditor shall draw his warrant on the State Treasurer for the payment and the State Treasurer shall pay the same on presentation thereof out of the funds realized from the sale of said bonds hereby authorized.

Sec. 13. The members of such commission shall qualify by taking the oath required by other state officers and shall hold their offices until the completion of said addition unless removed, for cause, by the Governor, and in case any vacancy shall occur in said commission, the Governor of the state shall fill such vacancy in the same manner as other vacancies in state offices are filled. When such building is completed the architect employed by such commission shall file with the Secretary of State copies of the plans and specifications for said building; and when said building is completed, it shall be inspected by the Governor, State Auditor and State Treasurer, and if found to be in accordance with the plans and specifications, it shall be accepted.

Sec. 14. This act shall be submitted to the people of the State of New Mexico for their ratification at the next general election to be held in the month of November, A. D. 1918, and all ballots at said election shall have printed thereon and at the end thereof the words "For the Capitol Addition Bond Issue," and in a separate line under the same, the words "Against the Capitol Addition Bond Issue." Opposite said lines there shall be a square in which the voters may make or stamp a cross to indicate whether they vote for or against this act and said bond issue, and those voting for this act and said bond issue shall do so by placing a cross in the square opposite the words "For the Capitol Addition Bond Issue," and those voting against the said bond issue, shall do so by placing a cross in the square opposite the words "Against the Capitol Addition Bond Issue."

Sec. 15. The votes cast for and against said bond issue shall be counted, returned, canvassed and declared in the same manner and subject to the same rules as votes for state officers, and, if it appears that this act shall have received a majority of all the votes cast for and against it at such election aforesaid, then the same shall go into effect upon publication of the certificate of the Secretary of State declaring the result of the vote thereof.

Sec. 16. It shall be the duty of the Secretary of State to have this act published once a week in one newspaper in each county, if one be published therein, throughout the state, for four weeks next preceding the general election to be held in the month of November, A. D. 1918. The cost of publication shall be paid out of the interest on deposits funds, in the hands of the State Treasurer.

Sec. 17. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

The publication of this act has been ordered by me as Secretary of State in accordance with Section 16 of the same.

ANTONIO LUCERO,  
Secretary of State.

## We Women Are Not Just Bargain Hunters—are We?

Habit is strong. Getting something for nothing or less than a market price is considered a great thing among we women. But when we get our bargain home and sit gloating over it, deep down in our hearts we know that in the final test, a thing is worth just what we pay for it, and no more. **WE KNOW THAT, IN THE THINGS THAT COUNT THERE ARE NO BARGAINS.** They are worth so much today, tomorrow, and eternally, and we must pay that price or go through life without them.

Have we gone to the bargain counter looking for "Peace," we women? We want "Peace," we cry for it, we pray for it---we knit for it and can and preserve for it and roll bandages for it, but are we willing to PAY for it the full market price

in order to gain a "Peace," that shall be our own sure possession for all time to come?

Is the habit of ages so strong within us that we are looking to find a "Peace" that shall be "within our means," shall cost what we feel we can afford to pay without great discomfort? If we are, then the "Peace" we obtain will be pitifully imperfect.

Oh, we who have given our only son---or two or five of them---to this war, where are all our dollars? Have we sent our own flesh and blood into this fight for a holy cause only to let them fall helpless victims because their hands are empty? Brave as their dear hearts are, they cannot fight machine gun fire and gas attacks and bayonets with bare hands.

**The Peace that you want and I want and every true woman in the world wants can only be had at a certain price in men and in dollars. Every ship, every aeroplane, every gas mask, every machine gun costs a certain fixed sum, and the total of all these is the price we must pay for "Peace."**

They are over there, your sons and mine, in those front line trenches.

They are calling to us with every brave breath to send ships with food and more men, to send aeroplanes to help protect their precious young lives, to send machine guns to help still the enemy's gun fire, to send gas masks to help them just

Let us get away today from our bargain counter habit. "Peace," as the allied Nations are framing it, is worth anything it costs us---because life without it will not be worth the living.

Is there anything that you want or I want that can be compared in importance to the things they need, the things they **MUST** have in order to bring back to us the "Peace" we crave?

**Let us get down to our real selves and put into the war through this Fourth Liberty Loan every dollar we do not actually need to keep soul and body together.**

**Won't it be worth it, to gain Peace, to get your boy and mine back home with victory in their hands?**

As a part of their efforts to fight this war to a prompt and victorious conclusion, this advertisement is endorsed and paid for by
