SENATE UPHOLDS WILSON DEMAND

GORE RESOLUTION ON ARMED SHIPS AND ALL OTHER PROPOSALS TABLED.

VOTE WAS 68 TO 14

COMMITTEE REPORTS PRESIDENT MUST HAVE FREE HAND TO DEAL WITH CRISIS.

Western Newspaper Union News Service.

Washington, March 4.—The United States Senate Friday morning by a vote of 68 to 14 killed the Gore resolution warning Americans off all armed belligerent ships.

The vote was a victory for President Wilson in his demand that Congress drop all attempts to stop his foreign negotiations and give him solid support in the crisis with Germany or else directly to repudiate him. The majority was larger than administration leaders had expected.

Senator Gore's resolution, a substitute by Senator McCumber, a Republican, and an attempt by Senator Gore to strengthen his original proposal, all were defeated at one time on a rollcall on a motion by Senator James, one of the administration whips, to table them.

The action supports the President in his insistence that Germany's new submarine warfare shall be conducted in absolute conformity with international law—that no merchant ship, armed or not, shall be sunk without warning or without the safety of passengers and crew being assured, unless active resistance to capture is made.

The rollcall was on Senator James' motion to table the original Gore resolution and all substitutes. The vote was 68 to 14. This served to kill also the McCumber substitute and the Gore correction.

In the House the foreign affairs committee by a vote of 17 to 2, took steps toward meeting fully the President's wishes. It voted to report the McCumber warning resolution with the recommendation that it be tabled.

In the report the committee asserts that the constitution imposed the conduct of diplomatic negotiations on the President and "with this practice the committee does not feel it proper for the House of Representatives to interfere."

At the White House satisfaction was expressed with the Senate's action.

Senator Gore voted for the motion to table and declared he considered the administration victory a mixed one.

Cotton Fund Tax to Go To Ex-confederates

A move is being made among many of the old confederate soldiers and their descendants along the line of the Cotton-Fund Tax Bill which was introduced by John M. Tillman of Mississippi, and much interest seems to be manifested as to its outcome. Whereby the Cotton Fund Tax acquired from captured and abandoned cotton and confiscated property of the southern states, during the war between the north and south, now in the United States treasury approximating \$100,000,000 is to be pensioned out to ex-confederate soldiers, their widow and orphans. Each soldier to receive \$500 and in addition to that each soldier and widow shall be paid quarterly \$30 per month during the remainder of their lives. This seems to be much on the same order as the conscious fund, of money paid back after many years of accumulation of interest on original property taken.

Baptist Ladies Aid Supper A Success

The Baptist Ladies Aid who served such a delightful little luncheon at the Lovington Pharmacy last Saturday afternoon from 2 to 7 o'clock were rewarded by a nice sum of money and so were encouraged to duplicate the bill of fare for next Saturday afternoon at the same hours, which consisted of fresh fried oysters, celery and lettuce, oyster soup, lovely cakes, delicious pies of all kinds, and hot coffee with cream and sugar served in short order style. You will note their ad in this issue for Saturday, the 18th, and those who failed to be on time for fresh oysters last time better put their orders in early.

P. S. Eaves

Candidate For Representative

In this issue we will place before you the name of one of our townsmen and late merchants, P. S. Eaves as a candidate for representative to the legislature from Eddy County. Mr. Eaves is the father of J. S. Eaves cashier of the bank at this place and needs no introduction to his many friends and acquaintances, but to those who do not know him we will say that his sentiments expressed in his announcement as to favoring good schools, good roads etc, have been proven beyond a doubt with his home town for he has helped liberally with both money and influence every enterprise tending to the up building of the schools at this place and country in general.

At the present, being a trustee of the schools here and president of the Commercial Club at this place. He has also been a resident of the plains for the past seven years, therefore in a position to know much of the existing conditions here and the manner by which they could be improved. Therefore we feel that every plainman should cast their vote for him as representative as well as many others liberal in their views, as we feel that we are entitled to a voice in the State legislature by one who lives among us and we feel too that he will be true to his word.

Plainview Pick-ups "COTTON GIN"

The contract between the Plainview Gin Committee and two gin men from Post City, was closed last Saturday. In this deal Plainview secured a four stand gin valued at \$8,500 new and up-to-date in every particular. A more modern gin cannot be found anywhere in the country. The value of a gin in this country cannot be over estimated. Heretofore the farmers have been compelled to freight their cotton to Poth, Texas, now many advantages will be secured by both the farmers and the stock men. Thus we see Plainview continues to grow.

Mr. Eastman of Andrews, Tex., is spending the week at the Black home.

Rev. Haddock, one of the most renowned ministers in Oklahoma is holding a revival at Plainview this week. The Christian people should be complimented on securing such an excellent evangelist. Bob Knight of Plains was trading in town Tuesday.

Mr. Short owner of the cotton gin is moving his household goods this week.

Many of the Plainview people attended the singing convention at King Sunday.

Keen Barr of Lovington attended court in town Monday, being a witness in a suit, seeking money for labor on a car.

Blinley Bros. Garage brought suit against Geo. Luts for labor on his car Monday, and received verdict in their favor.

Joe Brown is talking of moving to the Black Hills.

J. P. Clayton is making an addition to his store this week.

Considerable interest is being manifested in politics here, and we trust many reforms will be brought about.

E. F. Pinyear and C. W. Medows, spent Saturday in Lamesa, Texas, making the trip in their "Yellow Racer."

Earl Brown, Mona Brown and Mites Higgins made a pleasant trip to Artesia Tuesday.

The Plainview people always welcome the Leader. A more newsy paper cannot be found anywhere and the Lovington people are to be complimented upon their efficient and wide awake editor and publisher, for pride and progress will always be furthered by them and we should bear in mind that new-papers are one of the greatest agents for the advancement of civilization we have today.

S. O. Love intends moving to their new place near town this week.

New Piano For School Auditorium

A subscription list was being
circulated Thursday of this week
to raise the first payment on a nice
piano for the school auditorium
and which will be shipped immedi-
ately upon first payment so we
understand. The teachers then
with entertainments at various
times think they can easily meet
the remainder of the payments.

This is a thoughtful way in which
to secure a piano needed
in the school work, and seemed to
be meeting with general approval
as the list was being liberally sign-
ed.

Mr. Harry Morrison, jeweler
from Roswell, is in our town this
week taking orders for work in
his line.

Among the renewal subscrip-
tions since last issue we are glad to
name Messrs. Lee Newman, of
Lovington, Perry Andrews, former-
ly of Knowles, N. M. Ed M. Love
Lovington, W. F. Hoover Grand-
field, Okla., T. M. Love Altus, Okla.
G. H. Gowan Lovington, I. A.
Willis Pearl, N. M. and N. H.
Scott, Lovington. And two new
ones, Mrs Viola Newman, Hager-
man, N. M. and Frank A. Hubbell,

Experiments with Baking Powder are Costly

Millions of housewives know this is the truth—they realize the cost of a single cake-day failure. That's why they stick to Calumet.

Be on the safe side—avoid disappointments—use Calumet next time you bake. It's the only baking powder that's been tested by the U. S. Government and found to be the best.

Calumet Baking Powder does not save you money. Calumet does—it's pure and far superior to sour milk and soda.

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SWEENEY, West Danby, N. Y.

Achy Joints Give Warning

A creaky joint often predicts rain. It may also mean that the kidneys are not filtering the poisonous uric acid from the blood. Bad backs, rheumatic pains, sore, aching joints, headaches, dizziness and urinary disorders are all effects of weak kidneys and if nothing is done, there's danger of more serious trouble. Use Doan's Kidney Pills, the best recommended kidney remedy.

Jump from Bed in Morning and Drink Hot Water.

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-checked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much from your druggist or at the store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system—Adv.

SYRUP OF FIGS FOR A CHILD'S BOWELS

It is cruel to force nauseating, harsh physic into a sick child.

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Adv.

SUFFERED FOR FOUR YEARS.

Mr. J. M. Sinclair of Olivehill, Tenn., writes: "I strained my back which weakened my kidneys and caused an awful bad backache and inflammation of the bladder. Later I became so much worse that I consulted a doctor, who said that I had Diabetes and that my heart was affected. I suffered for four years and was in a nervous state and very much depressed. The doctor's medicine didn't help me, so I decided to try Doan's Kidney Pills, and I cannot say enough to express my relief and thankfulness, as they cured me. Diamond Dinner Pills cured me of constipation."

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

A New Remedy for Kidney, Bladder and all Uric Acid Troubles

Dear Reader: I appeal to those of you who are bothered with kidney and bladder trouble, that you give up the use of harsh salts or alcoholic medicines and in their place take a short treatment of "Anuric." I have taken many of Dr. Pierce's medicines for the past twenty-five years with good results. I suffered with kidney trouble for some years. I recently heard of the newest discovery of Dr. Pierce, namely, his "Anuric" Tablets. After using same I am completely cured of my kidney trouble. A doctor pronounced me a well preserved woman for my age, all due, I believe, to Dr. Pierce's aid. MRS. MELINDA E. MILLER.

If you suffer from backache, lumbago, rheumatism, get "Anuric" now.

Taken as directed it will search out impure and poisonous matter throughout the system and eliminate it.

The Wheat Yield Tells the Story

of Western Canada's Rapid Progress

The heavy crops in Western Canada have caused new records to be made in the handling of grain by railroads. For while the movement of the heavy shipments has been wonderfully rapid, the resources of the different roads, despite enlarged equipments and increased facilities, have been strained as never before, and previous records have thus been broken in all directions.

The largest Canadian wheat shipments through New York ever known are reported for the period up to October 15th, upwards of four and a quarter million bushels being exported in less than six weeks, and this was but the overflow of shipments to Montreal, through which point shipments were much larger than to New York.

Yields as high as 60 bushels of wheat per acre are reported from all parts of the country, while yields of 45 bushels per acre are common.

Thousands of American farmers have taken part in this wonderful production. Land prices are still low and free homestead lands are easily secured in good localities, convenient to churches, schools, markets, railways, etc.

There is no war tax on land and no conscription. Write for illustrated pamphlet, reduced railroad rates and other information to Superintendent Immigration, Ottawa, Canada.
