Douglas, Ariz., March 25.—Three Americans, two women and one man, were killed near Gibson's line ranch on the New Mexico-Mexico boundary, eight miles west of Columbus, N. M., presumably by Mexicans, according to the story brought here by a party of five Douglas persons, who said they arrived on the scene shortly after the bodies had been removed by soldiers. A command of United States troops stationed at the Gibson ranch was said to have crossed the line in pursuit of the slayers.

Samuel Collins, automobile dealer, Mr. and Mrs. Russell T. Childers, Miss Lottie Milinowski and Edward Freeman, all of Douglas, were the automobilists who told of the alleged killing.

Mexico City.—Villa is surrounded and cannot possibly escape, says a message received by the minister of war from Gen. Luis Gutierrez. The message adds that Gen. Gutierrez's troops are spread out fan-shaped in front of Nampiquila and that the general has divided his forces into four companies, under Gen. Benjamin Garza, Gen. F. Cabasos, Col. Hernandez and Col. Cano, to form in Villa and his followers. The forces of Gen. Gutierrez have been for several hours in contact with the outposts of the Villistas.

San Antonio, Tex., March 25.—Gen. Pershing's report to General Funston that two columns of his expeditionary force were in the vicinity of Nampiquila, 120 miles southeast of Casas Grandes, and repeated reports from Mexican sources that Villa with a comparatively small force had been forced to a stand at El Oso, near there, caused officers here to wait for news of the result of a battle believed to be in progress. Mexican wires are cut between Casas Grandes and Madero. Gen. Gavira, Mexican commander at Juarez, advised Consul Beltran of the Mexican government here that he had been informed an American army officer with the forces near Nampiquila had notified Gen. Pershing they would attack Villa.

A dispatch from Douglas, Ariz., says Gen. P. Elias Calles, military governor of Sonora, received a telegram, from Gen. Enriquez, military governor of Chihuahua, stating five columns of Carranza troops were closing in on Villa and his bandits near Nampiquila, and that, "with the aid of the Americans," it was believed Villa would not be able to escape. American troops near Nampiquila moved south and east from Casas Grandes over the trail that passes through Valle and Cruces. Valle, fifty-five miles from Casas Grandes, was selected by Gen. Pershing as a temporary base, he said in his report to Gen. Funston.

Gen. Pershing is meeting with some difficulty in provisioning his detachment, how more than 200 miles from the border. That was indicated by a statement in his report that unless he could use the Northwestern railroad for transportation he would need more auto trucks.

GERMANS SUSTAIN HEAVY LOSS

British Driving Kaiser's Troops From
Colony in Eastern Africa.

London, March 25.—The British expeditionary force campaigning against German East Africa is making further progress in its aggressive operations, according to an official statement. Gen. John Christian Smuts, in charge of the operations, has reported the occupation of Arusha and the driving of the Germans from their line along the Ruwiri river. Field Marshal Earl Kitchener, the secretary of state for war, has telegraphed his congratulations to the commanding general.

Germans gain portion of French trench in Argonne forest, but are expelled by counter attack. Russians claim to have forced German lines near Widsy, between Vilna and Dvinsk, but Berlin reports attacks at this point were repulsed with heavy losses to the Russians. Italians capture Austrian positions in Cordevole valley. French steamer Sussex, with 416 on board, torpedoed in English channel.

Roosevelt Finds New Bird.

New York.—Theodore Roosevelt returned on the steamship Maturra from the West Indies, silent on politics and on the Mexican situation, but announcing the discovery in Trinidad of what was to him a new variety of bird in which he was much interested.

Named to Handle Uncle Sam's Mail.
Washington.—The President nominated Minnie Johnson postmaster at Cortez, Colo., and L. F. Allen postmaster at Littleton, Colo.

ARBOR AND BIRD DAYS

NAMED BY GOVERNOR McDONALD
IN PROCLAMATION.

Executive Designates March 31 for
Planting Trees and April 14 for
Protection of Birds.

Western Newspaper Union News Service.

Santa Fe—Governor William McDonald has issued the following proclamation:

"For several years the nation has been interested in the conservation of our natural resources and we have paid special attention to the planting and protection of trees. We have now discovered the necessity of preserving all song and insectivorous birds. It is said that if all the insect-eating birds were destroyed, this whole continent would in three years become uninhabitable by reason of the myriads of insects. We should bring back the birds to protect our grains, plants and trees. And, while we are impressed with the economic value of these things, we bear in mind also their esthetic value. The beauty of shade and forest trees and the sweetness of wild birds' songs please our senses and increase vastly our enjoyment in living.

"Special days for the consideration of these interests are necessary as in our rush of daily affairs there is little time to think carefully of many claims upon our attention. The days selected in New Mexico should be observed by schools and communities, not in idleness, but in practical measures to insure the ends we are seeking, and in such exercises as shall inculcate permanently in our minds the habits of thinking that shall lead to these ends. The actual planting of trees may be done on the days designated or at such other convenient times as may best conform to local climatic conditions.

"Therefore, under the Acts of the state legislature passed, 'to encourage the planting of forest trees for the benefit and adornment of public and private grounds, places and ways,' and to encourage the protection of birds, I, William C. McDonald, governor of the state of New Mexico, do hereby designate Friday, March 31st, and Friday, April 14th, as Arbor and Bird Days."

Sheriff's Slayer Doomed to Die.

Santa Fe, N. M.—J. O. Starr is to be hanged and C. Schmidt will serve a life term in the penitentiary for the killing of Sheriff Dwight B. Stephens of Luna county, according to the sentence pronounced by Judge E. L. Medler at Las Cruces, after the conviction of the men by a jury. Francisco Acosta was found not guilty of participation in the killing. The three men were charged with killing Sheriff Stephens near Rincon, Feb. 29, while pursued by a posse, following their escape from the Luna county jail at Deming.

Farmers to Kill Grasshoppers.

Raton.—Farmers in all parts of Colfax county, who expect to destroy grasshopper eggs by discing, are being urged to begin the campaign against the pests immediately, as the eggs must be exposed to drying out, and freezing conditions for some time in order for the work to be effective. This work is in line with the pledges given by the farmers last year to cooperate in eradicating grasshoppers.

Prominent Citizen

Of Seminole, Texas, Dies

Last Saturday afternoon out Presbyterian minister Rev. L. O. Cunningham was called to preach the funeral service of one of Seminole's most prominent citizens and long time merchant, Mr. George. He had recently been taken sick and three days prior to his death had undergone an operation for appendicitis at Midland from which he did not recover and died Friday night at that place. Saturday his corpse was brought to Seminole and the burial took place Sunday afternoon at 3 o'clock.

People from far and near came to pay their last respects to one who had been their friend and had waited on them in a business way for so many years. Among those from a distance being Mr. W. H. Brennan and Mrs. Dunn of Roswell, N. M. old time friends of Mr. and Mrs. George. He is also well known to many people living here and will be sorely missed by his many friends and the public there.

Fire Out of Town

On last Monday morning at about 11 o'clock a fire was noticed south of town and two or three auto loads of men and boys rushed to the scene, but too late to give any assistance as the house which was Mr. and Mrs. Fred Fairweather's was already reduced to cinders, and not anything saved so we learn. When the returning party told what had happened our ever willing people to help in a case of that kind went promptly to work to make up a purse and before night had \$132.55 raised with out going off the streets.

Cold misty weather is the last reminder of March as she speeds by into the past.

Plainview Pickups

A movement is being furthered to consolidate the district school with Plainview, thus forming a High School. Nothing of more benefit to the cause of education could be advocated than this. The people of this country have begun to realize, in union there is strength. Consolidation is being practiced with great success in many states. Education will have its greatest effect in making citizens for tomorrow, when this state and nation put forth their efforts for "fewer schools and better schools."

Dr. Edwards of Clovis has moved to Plainview. He came to us well recommended as a physician and surgeon. We welcome him to our little town and feel assured that the people will find him a trust worthy and efficient doctor.

Rev. Haddock departed for his home in Oklahoma last Monday morning.

The Christian people will erect a church in the near future. We are certainly in need of a place of worship.

Mr. Alexander is the proud owner of a new Ford.

Judge Green's court was in session last week.

E. F. Puryear and G. S. Seelye made a business trip to Roswell Friday night.

Mr. Bilbery of Tatum visited in our town Tuesday.

Druggist Davis of Lovington visited here Sunday. He was favorably impressed.

The friends of Mrs. J. P. Clayton are sorry to hear of her illness.

Domestic Art Display W.A. Poole Candidate At School Building

The Domestic Art class had quite a display at the school building Saturday afternoon from three to five o'clock. The work displayed by the girls was beautiful, doing credit to their teacher Miss King, and shows how hard the class is working this year.

The primary hand-work rivaled that of the older girls.

After looking at the work displayed below the visitors were served upstairs to sandwiches and coffee which was excellent. The exhibit was attended by a large crowd and proved so interesting that the display will be put on again at the Teachers Institute which meets at this place April 8. One Present

School Notes

The High School was treated to an interesting talk Monday morning by Rev. Seder, of Albuquerque, State Superintendent of the Anti Saloon League.

The new piano for the auditorium has arrived and everyone is so excited about moving into the new building that it was suggested that we move in and sit on the floor, if the seats did not arrive in a few days.

The latest way to know your own pencil is to taste of it.

The new apparatus has arrived for the laboratory.

The Seniors ordered their class pins Wednesday, and are waiting impatiently for their return.

The English class finished their test on "The Pathfinder," and much discussion is going on as to whether the Pathfinder wooed the heroine in the right way or not.

Monday afternoon after recess the school turned out to clean up the grounds and the new school building, picking up all the rock and washing windows. And now that it is "spunk and span" we are ready for visitors.

The girls basket ball team will go to Seminole, Texas, Saturday to play a game with the girls there.

Investigate The Praetorian Plan

Have you investigated the Praetorian plan of life insurance? If you have not, you are missing an opportunity to get the best insurance. Practically all life insurance is good.

Insurance in good, better and Praetorians.

A LARGE RESERVE TO PROTECT POLICY HOLDERS

The Praetorians have over \$60 reserve per member to protect their policy holders. The strength of any insurance institution is its reserve per member.

The reason the Praetorian reserve is so large is because the Order began putting aside a reserve from the beginning. The Order is 18 years old and is on a safe basis of rates. We charge enough to be safe; but do not charge an exorbitant rate.

20 YEAR PAYMENTS POLICY OUR LEADER

The Praetorians sell 8 different policies. The 20 year payment policy is our leader. Why take a policy that you have to keep paying premiums as long as you live when you can get a policy in the Praetorians and get it fully paid up in 20 years? The rate is reasonable and a middle bodied man can carry a \$10,000 or \$30,000 of this class of insurance without being burdened and will have their family protected and best of all will have the policy fully paid up in 20 years.

Woman and Men Both Admitted On The Same Rate Basis

A man and his wife can both belong to the Praetorians and carry a policy. The same rate applies for both men and women. All meet in the lodge hall. Accident benefits in each policy without extra cost.

F. G. SHEPARD, DEPUTY

F. G. Shepard of Lovington holds a contract as deputy for the Praetorians and will be glad to explain our different plans and special benefits to you. Give him an opportunity to tell you about the Praetorians before you take out life insurance.

Growing Cities Of The Plains

"Honey Jim" Mullins returned this morning from a trip of almost a week in the plains country east of Roswell, where he has been in the interest of his candidacy for county clerk. When seen by a News reporter, Jim said in part:

"The trip was a most enjoyable one, despite two windy days. We visited the towns of Tatum, King, Plainview and Lovington, and the coming cities of Scott, Stanbro and Cap Rock. To one who thought himself acquainted with the flatness east of the Pecos, the progress and development over there is an eye opener. Where formerly only an occasional cow ranch broke the monotony of travel, now one is seldom out of sight of a house and windmill. The greater part of the first few townships after ascending the Cap Rock has been selected by the state under the provisions of the enabling act, and most of it has been leased to cattle growers. Many homesteaders, however, have secured claims along the Southern National highway in this area and all are farming with their livestock endeavors. For about twenty-five miles from the Texas line, coming this way, autoing through the country now reminds one of the 'string towns' established by German colonists in central Texas in early days. Every house has a windmill and a small farm, and most of them have large stacks of feed of milo, kafir and sorghum remaining from the winter supply. As fine Indian corn as a man ever saw was raised on the plains last year. I met three men who had nearly a thousand bushell each of corn left over, and this they are feeding to cattle, mules and horses which they raise.

"Cattle, both the range variety and those that are fed, look well, in fact better, than I ever saw them at this time of year. Near Tatum, William Anderson has a hundred

cows with young calves, and it is worth the ride over there to see them. All are white faces and well marked. Down west of the prosperous town of McDonald, a Mr. Tower or Towne, I forget which, is trying out the Black Poles and has a fine herd of them.

"Tatum, from its location on the Southern National highway, is the busiest little town of its size in New Mexico. McDonald, ten miles south of it, is listed by the drummers as 'one of the biggest buyers' on their runs. Lovington, just over the line in Eddy county, is the most up-to-date little city in the southwest that does not sport a railroad, an example of push and build which towns of ten times its population may well imitate. Its hotels are filled, and the wayfarer has to engage a bed as soon as he hits town or he is liable to have to sleep on the floor. Plainview is growing now, but nothing like it will so soon as the cotton gin which is under contract to be built there before July is ready for business. Stalks of cotton with over fifty full bolls are on exhibition there, and the population of the surrounding country is business farmers, all.

"Oh, politics, of course, is one of the main topics at all the plains towns, and, naturally, each candidate thinks the signs are just right in his or her particular behalf." "Sure I think I shall be nominated. I'd quit if I thought otherwise," said he in response to our query. "But I seldom make prognostications about the verdict of a jury or the result of an election. But if I owned a section of land in the mesquite grass section seen on my trip, it would require quite a remunerative job to entice me to run. I wish every business man in Roswell could take the trip and learn what is really doing in Imperial Chaves."—Roswell Evening News.

The above quoted from a Chaves county candidate is such a good description of our plains country in general that we copy it to let our readers know what others think of our country. We say others because he is only one among hun-

drreds who have voiced the same opinion, only not in print.

Honest Criticism;

The management of this store, will accept any honest criticism as friendly advice.

This store will never sink in the quagmire of indifference, because we always keep in touch with our patrons and friends.

We rely on our customers for honest criticism, suggestions, and plan to make our store more successful, and a better place to trade.

We often listen before buying, listen intently to each individual customer, to know what to buy. This is your store, and we are here to serve you, not to just profit ourselves. For be it known, the store that fails to profit the customer, and satisfy the customer, always fails in any way.

The management of this store realizes that buying the right goods at the right time, and at the right prices, is nine tenths of the success in selling right, and so thoroughly is this fact etched in our minds that we do not buy until we consult the wishes and ways of our customers.

Women Once Invalids

Now in Good Health Through Use of Lydia E. Pinkham's Vegetable Compound. Say it is Household Necessity. Doctor Called it a Miracle.

All women ought to know the wonderful effects of taking Lydia E. Pinkham's Vegetable Compound even on those who seem hopelessly ill. Here are three actual cases:

Harrisburg, Penn.—"When I was single I suffered a great deal from female weakness because my work compelled me to stand all day. I took Lydia E. Pinkham's Vegetable Compound for that and was made stronger by its use. After I was married I took the Compound again for a female trouble and after three months I passed what the doctor called a growth. He said it was a miracle that it came away as one generally goes under the knife to have them removed. I never want to be without your Compound in the house."—Mrs. FRANK KNOB, 1642 Fulton St., Harrisburg, Penn.

Hardly Able to Move.

Albert Lea, Minn.—"For about a year I had sharp pains across my back and hips and was hardly able to move around the house. My head would ache and I was dizzy and had no appetite. After taking Lydia E. Pinkham's Vegetable Compound and Liver Pills, I am feeling stronger than for years. I have a little boy eight months old and am doing my work all alone. I would not be without your remedies in the house as there are none like them."—Mrs. F. E. YORR, 611 Water St., Albert Lea, Minn.

Three Doctors Gave Her Up.

Pittsburg, Penn.—"Your medicine has helped me wonderfully. When I was a girl 18 years old I was always sickly and delicate and suffered from irregularities. Three doctors gave me up and said I would go into consumption. I took Lydia E. Pinkham's Vegetable Compound and with the third bottle began to feel better. I soon became regular and I got strong and shortly after I was married. Now I have two nice stout healthy children and am able to work hard every day."—Mrs. CLEMENTINA DUEHNING, 34 Gardner St., Troy Hill, Pittsburg, Penn.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice. It will be confidential.
