A FAMILY AFFAIR

If your father and your son were in trouble, struggling for their lives, and doing it in defense of your home and your business, would you supply them with food and clothing, or would you refuse them?

This is a straight question. Yet it is the one facing you today. The country which has protected you and your family, may well claim to be considered as your father, and as for the boys who are giving their lives for you, surely they have a right to be considered as your sons. This nation is one big family today. This war is a family affair.

Be a good father and a good son. Your sense of justice and common sense, your patriotism, is on trial.

When you remember that you are asked to give nothing, but only to lend money by investing in LIBERTY BONDS, you have no choice in the matter. Your heart tells you that you MUST do it.

If you have to go short of some luxury—do it.

Save and invest in Liberty Bonds until it pinches you, and the pinch hurts. It is the duty of every real American.

You will lose nothing. The bond is always worth just about what you gave for it. Probably it will be worth more later. You will have saved just that amount of money you invest in Liberty Bonds, and be just so much better off.

The John Becker Co Department Store Supplies Every Demand

One real good first class establishment is really much better in a community than half a dozen so-called stores. One big store not only buys in wholesale lots but gets the benefits of a certain special discounts which can not be secured by small stores. The John Becker Co is credited not only to Belen but is equal in every respect to the large stores of Albuquerque. The latest styles of ladies dress goods, notions, dry goods, etc and their line of men's clothing, furnishing goods, shoes and hats are fully equal to the best found on any market. The John Becker, Co. can supply any demand, and at a very reasonable cost, the managers Paul B. Dalies and John Becker jr are thoroughly experienced, courteous gentlemen and they see that the quality and the price meet the demands of the public.

PRINCE ALBERT

the national joy smoke

Copyright 1919 by R. J. Reynolds Tobacco Co.

To my red hair, tidy red face, handsome build and his pound tin humidor—ad— that classy, practical pound crystal glass humidor with sponge wick—top that keeps the tobacco in such perfect condition.

PUT a pipe in your face that's filled cheerily brimful of Prince Albert, if you're on the trail of smoke peace! For, P. A. will sing you a song of tobacco joy that will make you wish your life job was to see how much of the national joy smoke you could get away with every twenty-four hours!

You can "carry on" with Prince Albert through thick and thin. You'll be after laying down a smoke barrage that'll make the boys think of the old front line in France!

P. A. never tires your taste because it has the quality! And, let it slip into your think-tank that P. A. is made by our exclusive patented process that cuts out bite and parch—assurance that you can hit smoke-record-high-spots seven days out of every week without any coughs, but real smoke joy!

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Member of Peace Organization.

(Special)—Henry P. Davison, chairman, issues the following statement in behalf of the War Council of the American Red Cross:

"The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by authority of the Central Committee, ceased to exist on February 28.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be released by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department.

"Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to make available information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belongs, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self-satisfaction everyone should feel for the part taken. Fully \$400,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: "The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself."

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies huts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

THE VICTORY LIBERTY LOAN INVESTOR

AFTER THE FIRE

"When your neighbor yells 'Fire!' in the middle of the night you dash out of bed and without regard to your powers of endurance work to put out the blaze. You offer everything you have in the way of assistance while the flames eat their way through your neighbor's property. You act on a natural impulse to give all that is in you while the excitement is at its height.

But when the fire is out and there remain only smoking embers; when the crowd has gone, how many of those helpful neighbors will offer shelter, protection and the opportunity to get another home to the unfortunate family?

It doesn't take much of a patriot to offer help when the fire is raging, but it takes a pretty good sport to stand by and finish the job when the excitement is all over.

There will be little background of bloodshed, shot and shell, wounded soldiers and heroism in the appeal of the Victory Liberty Loan. That, like the fire, is over. It is now a question of finishing the job, paying the bills and putting things on even a better basis than when the alarm was sounded.

What kind of a neighbor are you?

Victory Loan Reasons

Every crippled American soldier will have a chance to fit himself for some line of work. When he leaves the hospital he can enter a school established by the Government for disabled soldiers.

That's how Uncle Sam will show his gratitude to the men who fought for him.

Just another reason for the Victory Liberty Loan.
