Springer Nature Experiments

by Robyn Gleasner on February 11th, 2021 | [o Comments](#)

Looking for laboratory protocols or methods? Consider searching Springer Nature Experiments! Here you can search over 70,000 protocols or discover experiments across the life sciences for research solutions. HSLIC recently renewed its subscription, so you will have access to the most current information. This includes the popular series, Methods in Molecular Biology, Nature Methods, and Nature Protocols.

Contains laboratory protocols in the biomedical and life sciences.

If you have any questions about how to access this resource, please contact us via [Ask a Librarian](#).
