## WHEN THE GREAT ARMY OF THE WEST PASSED IN REVIEW

SPEAKING of his troops, who passed in grand review at Washington at the close of the great war, General Sherman says:

"It was, in my judgment, the most magnificent army in existence—65,000 men, in splendid physique, who had just completed a march of nearly 2,000 miles in a hostile country, in good drill, and who realized that they were being closely scrutinized by thousands of their fellow countrymen and by foreigners. Division after division passed, each commander of an army corps or division coming on the stand during the passage of his command to be presented to the president, cabinet and spectators. The steadiness and firmness of tread, the careful dress on the guides, the uniform intervals between the companies, all eyes directly to the front, and the tattered and bullet-riven flags, festooned with flowers, all attracted notice. Many good people up to that time had looked upon our Western army as a sort of a mob; but the world then saw and recognized as a fact that it was an army in the proper sense, well organized, well commanded and disciplined, and it was no wonder that it had swept through the South like a tornado. For six hours and a half that strong tread of the army of the West resounded along Pennsylvania avenue. Not a soul of that vast crowd of spectators left his place, and when

General Sherman.

the rear of the column had passed by thousands of spectators still lingered to express their sense of confidence in the strength of a government which could claim such an army."

The statistics of the Civil war are highly interesting in view of what is going on in Europe today. It has been carefully figured out that there were 2,598,304 enlistments in the Union armies during the war and approximately 1,400,000 in the Confederate armies. Reduced to the three-year period there were the equivalent of 1,556,678 enlistments in the Union armies and 1,082,119 in the Confederate armies. The Union casualties were 67,058 killed in battle, 43,012 died of wounds, 224,586 died from disease, 24,872 died from accidents and other causes; total deaths, 359,528; total wounded and recovered, 275,175. The Confederates had 94,000 killed or dead from wounds in battle and 164,000 lost by disease or other causes.

### Great Occasion Recalled.

The men who paraded through the streets of the country's cities and towns on Memorial day do not ask to be thought heroes. They are elderly citizens who in their day answered the call just as their sons and their sons' sons would answer it if it came today. The country gave the command, they obeyed.

What makes the parade of these men a great occasion is the greatness of the occasion which it commemorates. Every one of the veterans is a unit in the mass which made up fifty years ago the utmost strength of the greatest republic on earth, exerted to save itself from destruction and to wipe out from it the curse of human slavery.

It is impossible to exaggerate the importance of the work which the Union achieved for humanity or the beauty of the self-sacrifice which the soldiers of 1861 made for the ideal of liberty. It could not be easy for the spectators in Pennsylvania avenue to keep the tears from their eyes as the blue-clad ranks passed by.

### All Honor Sacred Dead.

The entire nation lifts its hat on Memorial day to the revered dead; the entire nation lifts its heart to the Almighty who made and has kept the American people a nation. The entire country looks upon the wonderful order of the dead strife and marvels at the deeper purposes of Providence in the ordering of the life of the nation. Flowers will decorate all graves, flags will lift their miniature folds above them, prayers will sanctify these places of rest and rejoicing will place its crown upon the memories of the dead.

**Commencement Night**  
Last Thursday night was commencement night for the Lovington High School and closed one of the most successful terms in the history of Lovington. At an early hour the auditorium was crowded with an eager audience for the program of the evening.

The stage was beautifully decorated over head with twisted strands of green and white crepe paper, thus designating the graduation colors while the four tiers of seats below were draped in colors appropriate for each class. The Juniors, being silver and blue; Sophomores, amethyst and white; Ninth grade, pink and gold and Eighth grade, gold and white.

Pennons and cut flowers also added beauty to the color scheme and seated on the right of the stage were the three graduates Miss Orla Hart, Miss Mary Love and Miss Iva Leazer in their lovely costumes of white. While on the left were Dr. David R. Boyd, professor of the State University of Albuquerque, New Mexico, Rev. J. H. Clouse and L. O. Cunningham of this place and Prof. R. R. James, principal of our high school here.

And the strains of music "Taps of Water," that rippled out on the evening air as the prelude, was played by Miss Dora Thomas followed by the invocation by Rev. Clouse. Then Dr. Boyd gave a most excellent lecture to the scholars in general and also the graduates. After this a lovely instrumental duet was played by Miss Thomas and Mozelle S. All. Then followed the presentation of the diplomas to the graduates by Prof. R. R. James with cheers from the audience also the presentation of diplomas to those passing from the eighth grade to the ninth and ninth to the tenth. Those grades having marched around to form a pretty semicircle about the graduates. Then a beautiful quartet was sung by Miss Ethel Yaden and Norma Shepard and Messrs. J. H. Kelley and B. D. Tandy with Miss Thomas at the piano, entitled "Come Where The Lilies Bloom."

This closed the exercises for the evening with the exception of the benediction by Rev. L. O. Cunningham. Prof. James is to be complimented on the interest he has taken in our Lovington schools both public and high school, and the efforts he, with the cooperation of the other five teachers and the trustees of our school board also the people in general have made to bring it to the highest standard, and have succeeded so far. ## Young Man Killed At The Cap Rock

Last Saturday morning at about 11 o'clock a phone message was received that a young man Carroll Gray, uncle to Gray Coggin of this place had been seriously hurt by some well coming falling on him and would probably not live until a physician could reach him.

It was a serious shock to our town people as, while the young man had only been here a short time, his relatives Mrs. Anna Myers and her daughter Mabel, and Mr. and Mrs. Gray Coggin are well known and he had formed several acquaintances since coming here.

The news soon spread, and expressed excitement awaited the departure of Dr. Dearduff who was called with Mr. Pat Murphy, a friend of the Coggin family as driver, and who left town for their 25 mile trip at an unlimited speed.

During this time the big touring car of "Dad" Heards was speeding towards town from the High-lonesome ranch which had been phoned for especially by Mr. Mier who was partner of Mr. Gray Coggin and wanted to take Mrs. Myers the half sister of the injured boy and her daughter to him as quickly as possible.

The accident occurred at the cap rock at a well which was drilled at the base of the cap rock for Mr. Henderson a friend of the dead boy and who came to this country with him a few months ago. It seems that Mr. Coggin with some other men of whom we did not get the names were rolling the casing off the cliff which dropped to the well below and which the boy was taking care of as it fell. Mr. Henderson who had been below was climbing the slope again when the boy called for another piece to be rolled off, but it struck something on the edge which caused it to deflect from its course and before he could escape Mr. Henderson saw it strike his deadly blow crushing in his skull and then fell across him.

He was taken to the house as soon as possible but only breathed a few minutes and was dead before the physician arrived.

They brought him to town as soon as possible and with Mr. Myers, and Mr. and Mrs. Coggin and their friend Mr. Henderson with Dean Clark as driver left with the corpse for Midland where Mrs. Myers took the train to accompany the corpse to his sister who lives 12 miles north of Allamore, Texas. He also had a father in east Texas to grieve for the loss of a dutiful son, for from all accounts he was that.

The friends of the bereaved ones here sympathize with them in this so sad an ending to a life so young and buoyant, his age being about 19 years.

## Mrs. Oliver Entertains

### Union Sunday School Class

Last Monday evening the members of the Union Sunday School class were entertained at the hospitable home of Mr. and Mrs. J. D. Oliver. The night was one of those perfect New Mexico May nights save for the brilliant light of the moon, only the breath of a breeze stirring and just cool enough riding to make one want a light wrap. Upon our arrival we noted that some half dozen autos had preceded us and we were soon ushered into a spacious room in the center of which stood a large table with snow white linen and cut flowers in which honeysuckle and roses predominated, and seated about were the merry guests of the evening.

This social event being given for business as well as pleasure, the house was called to order and the business matters presented, old business dispensed with and new business taken up, one of which was the organization of a teachers training class for every one to

## Better Be Safe Than Sorry

When you have a life insurance in a company that is on a safe basis you are safe. If anything should happen to you and you should realize that you were going to die and you were uninsured—then you would no doubt be sorry that you did not get in the "Ark of Safety" before it was too late.

The Praetorians furnish you protection that is safe and at the same time we do not charge you an exorbitant rate. The payments can be made monthly or annually as you prefer.

### Strong Reserve To Protect Policy Holders.

The Praetorians have over \$61.50 reserve per capita. A large reserve per capita than any other American Society.

We began putting aside a reserve from the very beginning and accounts for the large reserve. Every policy the Praetorians write is worth the face value from date of delivery. Paid up and extended values in our limited pay and whole life policies. Accident benefits in every policy without additional expense.

### Women Admitted On The Same Basis As Men.

Women are accepted in the Praetorians on the same basis of rates as men. All meet in the same Lodge Hall.

This makes a fine social feature. I would be glad to see a number of the Lovington Praetorians bring their wives in to the Order.

F. G. Shepard Dist. Deputy.

F. G. Shepard holds a contract as deputy for the Lovington section. See him when you are in Lovington and let him explain our different plans and special benefits to you. Give Mr. Shepard your application for a policy and protect your loved ones.

meet every Sunday afternoon.

Finally this matter brought to a close, a few of the young men slipped out under the trees and entertained us with male quartets and sometimes we think a quintet. At any rate we enjoyed it as their voices blended well and on some of the songs sounded rich and melodious on the evening air.

After a short time spent in this manner, we were invited to partake of refreshments which consisted of fresh strawberries which had been picked from Mrs. Oliver's own patch, with rich cream and several kinds of delicious cake to choose from, it was a treat indeed. And with friendly informality we were urged to eat all we could as they were plentiful.

No need to say we did as we were bidden, and a merry time ensued and when all were entertained by several pieces on the graphophone one of which was a song quite difficult to understand, one of the party asked another what it was saying whereupon he stated he did not know, but he thought it said straw berries.

At a late hour we departed thanking our hosts for our enjoyable time and hoping to be permitted this pleasure again at some future date.

Another enterprise will go into operation Friday morning under the supervision of Mr. J. H. Kelley manager of the Lovington Mercantile Co. of this place, which will be a first class meat market in connection with the Mercantile Co. in the rear part of the old P. S. Evans & Co. building and all kinds of meat will be handled. Already 1000 lbs. of ice has been

put in the refrigerator for its use and everything be kept clean and in a sanitary condition.

Several late locals and a short piece had to be left out this week for want of space and time to get up a supplement. But never mind, they will appear in the next, if a little belated.

## EYE TO DRAMATIC EFFECT

Frenchman Bearing Comrade's Pardon  
Had His Own Idea of the Prop-  
er Time to Deliver It.

A French soldier sat on the summit  
of a hill overlooking a garrison town;  
his horse was picketed close by. The  
man was smoking leisurely, and from  
time to time he glanced from the es-  
planade to a big official envelope he  
held in his hand.

A comrade passed by and asked:  
"What are you doing here?"  
"I am bearing the president's par-  
don for our friend Flichmann, who is  
to be shot this morning," replied the  
smoker, calmly, without changing his  
comfortable attitude.

"Well, then, you should hurry along  
with your pardon," admonished his  
comrade.

"Oh, no!" exclaimed the other in  
some indignation. "See, there is  
hardly a soul yet on the esplanade,  
and the firing platoon has not even  
been formed. You surely would not  
have me rob my appearance of all  
dramatic effect, my friend!"
