TOWN COUNCIL PROCEEDINGS TUESDAY NIGHT

The Town Council met in regular session Tuesday night with all members present. Bills to the amount of \$385.65 were read, approved and ordered paid. The finance committee was ordered to secure a written contract with the Lincoln Light & Power Co., to govern the street lighting at the present time, which agreement is not in writing.

On motion, the Finance Committee was ordered to take up the matter of leasing from T. A. Spencer, the tract now used for a pound.

The Sanitation Committee was instructed to investigate the district lying East of the E. P. & S. W. track which is subject to damage by flood waters, and submit plans for drainage of the same.

That arrangement be made for contract to be let for painting traffic notices on the street lamps throughout the Town.

That any bank receiving and handling moneys of the Town shall be required to furnish bonds to the amount of \$3000.00

That the Town Clerk is hereby instructed to submit a list of all firms and corporations pursuing occupations within the Town of Carrizozo, N. M., without having secured licenses therefore as required by law, and to file complaints against such firms or corporations, as the case may be, according to the provisions of said laws.

There being no further business, the Council adjourned.

"Bob" Dictates

Chicago, July 13.—The new national party formed here today, which probably will be known as the Farmer-Labor party, at midnight faced a serious break over the platform.

The new fight over the platform developed when United States Senator Robert M. La Follette, probable presidential nominee of the new party, assumed active direction of the writing of the party's declaration of principles.

Senator La Follette sent a messenger to the convention from his home in Madison, Wis., in which he served notice on the new party leaders that he would not accept the presidential nomination from the convention unless the platform is modified in accordance with his views.

Joe Sheridan, State Mining Inspector, Dies

Silver City, N. M., July 14.—Joseph Sheridan, state mining inspector for New Mexico, is dead at Santa Ana, Calif., according to a telegram received here today.

He was one of the best known mining men in this state. He went to California several weeks ago because of illness.

He was 70 years old.

Instruments Too Weak To Test This Booze

East Las Vegas, N. M., July 13.—Two important finds and one arrest have been made by the federal prohibition enforcement officers located in this section. At the farm of Nick Bellino, near Mora, the officers found one and one-half quarts of Cherokee Springs whisky; samples of two kinds of wine, one of which was so saturated with alcohol that the instruments failed to record the full amount; large quantities of yeast and hops and two copper boilers; in the cellar were several barrels of home-made wine. Bellino was arrested and given a preliminary hearing before United States Commissioner W. G. Ogle, and bound over to the federal grand jury.

Harding Will Eat

Marion, O., July 14.—For the second day in succession, Senator Harding today secluded himself from visitors and continued the writing of his speech of acceptance. Satisfactory progress, it was understood, is being made in the preparation of the speech and he hopes to have it completed within a few days.

In order that he can give his complete attention to it, no engagements are being scheduled for the next few days.

Plans are actively under way for the feeding and lodging of the enormous crowds which are expected to visit Marion on notification day. A local sausage manufacturer has agreed to turn out ten tons of weinerwursts for the visitors' consumption if necessary.

Amazing Operation

Chicago, July 12.—Dr. Orlando P. Scott cut 12 inches of skin from his thigh and grafted it on his wife's foot and ankle.

He performed the amazing double operation himself, without even a local anesthetic, in the American hospital here, while physicians, internes and nurses looked on with admiration.

"Hurt? I'll say it did!" Dr. Scott said when he had recovered from a fainting spell following the operation, and sat calmly smoking a cigar.

Mrs. Scott was hurt in an automobile accident. Her right leg was broken in five places and flesh was stripped from it. She refused to have a stranger operate. Skin-grafting was decided on to avoid amputation.

Two Boys Pardoned

Santa Fe, N. M., July 15.—Conditional pardons have been issued by governor Larrazolo to two boys who were convicted in July, 1919, of cutting telephone wires and sentenced to 18 months to two years in the reform school. One is Charles Thomas, aged 14; the other, Robert Avant, 15.

Aged Pioneer Gone

Last Sunday morning near Tucson, Arizona, occurred the death of Thomas J. Moore, who for 35 years was a resident of Nogal, N. M., 12 miles east of here. Mr. Moore came to this section from the state of Texas in the year of 1895, locating at the place where the town of Nogal now stands, it being a portion only of the ranch estate of the Moores afterwards laid out as a town-site. When the gold fever struck Nogal, they owned several mining claims one of which, the Grover Cleveland mine, sold for \$17,000.

Young Moore, like his father, became interested in industries of different kinds. His ranching and mining interests, together with the Nogal store occupied so much of his time that later on he disposed of the store to Mr. O. C. Davis and his ranch to Mr. Hal Young. About five years ago, Mr. and Mrs. Moore decided to locate in El Paso and lived there until one year ago, when they changed their location to Tucson, Arizona. Mr. Moore's health had not been in the best of condition for some time previous to locating there and in spite of the best of medical aid, he passed away on the date above mentioned. The body arrived in Carrizozo on No. 4, Thursday and was conveyed to Nogal where funeral services were held, attended by the many friends of the family from Nogal, Nogal Mesa, Capitan and Carrizozo, which was a showing of the high esteem in which the deceased was held by those who knew him best.

1,400 Cars "Cants" To Be Shipped From Salt River Valley

Phoenix Ariz., July 12.—Continued favorable weather for the next few weeks will mean that 1,400 carloads of cantaloupes will have been shipped from Salt River valley, according to a bureau of markets forecast issued today. Four hundred and forty-six carloads had been shipped, up to yesterday, it was announced. Eighty-seven cars were shipped yesterday and 118 Saturday.

Happy Reunion

Miss Mabel Bland of New Orleans, La., a cousin of Mr. Wm. Reily, accompanied by Mrs. R. R. Prince of Corona, came down from that place Tuesday, where Miss Bland has been visiting with the Prince family for a short time. Soon after her arrival at Corona, she became aware of the fact that her cousin resided in Carrizozo whom she had not heard from for years. The meeting afforded much pleasure to all parties concerned and Miss Bland will spend the coming week with the Reily family.

Trainmaster Johnson

S. P. Johnson, formerly conductor on the E. P. & S. W. railroad is now trainmaster of the Butt Valley railroad, with office at Belden, Calif. Stoddard has many friends who will be glad to learn of his promotion.

Here's the Limit: Hangmen's Strike

London, July 14.—The hangmen of Germany have gone on strike for increased wages, says a Berlin dispatch to the Exchange Telegraph company today, quoting German newspapers.

At Meiningen, according to the dispatch, the execution of a murderer could not be carried out as the Halle and Munich hangmen refused to work.

Ed W. Harris

Ed W. Harris announces himself in this week's issue of this paper for the nomination of County Sheriff, subject to the decision of the coming Democratic Convention. Mr. Harris is well known throughout the county and believes that in order to reach principals in his party who are the most likely to be delegates to the convention, he must advertise. A candidate's announcement in a paper opposed to his views politically, is by no means an evidence that he is appealing to the opposition for support, but knowing that newspaper circulation is not confined to party lines, he reaches farther by this means of advertising. Mr. Harris has many friends in this locality and even those who may oppose him for the nomination, the contention will be only a friendly contest in which all concerned will finish as friends. His announcement will be found on Page 4.

Over the Hills

Mrs. Geo. L. Ulrick and Mrs. Gerald F. Keeting, who is a guest of Mrs. Ulrick, were guests of Mr. and Mrs. Albert Ziegler and Mrs. Leon on a motor trip to the Mesa country Sunday and visited at the ranch home of Mr. and Mrs. Ed. Pfingsten. The visitors were highly pleased with the scenery along the route; the healthy, growing crops, fine condition of stock and range furnished delightful diversion from the daily routine of business and city life. Mrs. Keeting is an artist of rare ability; her soulful receptiveness of the beauties of nature, caused her to pay many becoming tributes to our country in general.

At the Angel City

Miss Sara Osborn, from Carrizozo, was a visitor on July 7 at the big exhibit of Southern California products maintained free to the public in the Los Angeles Chamber of Commerce. She also attended the lectures and moving pictures that are a part of the daily program. The exhibit is the largest of any in the country maintained by a commercial organization. Before returning home, Miss Osborn expects to visit several of the many other places of interest in the Southland.

WESTERN STATES RENEW FIGHT FOR RECLAMATION

Salt Lake City, July 13.—Western state interests will renew their efforts to obtain an appropriation of a quarter billion dollars from congress for reclamation work next Saturday, Gov. D. W. Davis of Idaho, announced at a luncheon here today. On that date, he said, a congressional subcommittee is expected to visit reclamation projects in Idaho.

"The government must adopt a national reclamation policy if America is to feed herself," the governor declared. "Unless we increase the number of farms and the amount of production America will be importing wheat for the next four years."

Mrs. Wetmore Entertains

Mrs. Ira O. Wetmore and Miss Katherine Miller entertained Tuesday evening with a social affair in honor of her three nieces, the Misses Viola Martin, Myra Prude, and Mary Dingwall, who are visiting at the Wetmore home. A gay throng of young folks responded to the invitation, about twenty couples being present.

The evening was spent in dancing to the music of Ferguson's orchestra. The merriment continued until a late hour, refreshments being served at different intervals during the pleasant affair. The attendance was composed of representative young people of Carrizozo, and others who were guests of relatives our mountain town.

Nominations Made

Chicago, July 15.—Parley P. Christensen, of Salt Lake City, Utah, was declared the presidential nominee of the Farmer-Labor party, winning over Dudley Field Malone, of New York, on the second ballot by a vote of 192 5-10 to 174 6-10. Upon motion of Delegate R. E. Weinberger, of the New York delegation, Mr. Christensen's nomination was made unanimous.

Max S. Hayes, of Cleveland, was nominated for vice president at 3 o'clock and the convention adjourned.

Growsome Find

Sioux City, Iowa, July 15.—Buried in limestone, the body of a young woman, apparently between 16 and 18 years of age, was found in a box in an abandoned barn on the farm of Mrs. W. A. Mofitt by A. W. McCown at Onawa, 40 miles south of here, late this afternoon.

No clue as to the identity of the girl, except a piece of cloth, apparently from a shirt waist, and a Sioux City newspaper of the date of September 7, 1917, were found.

BEANS MADE HIT WITH HIM

Confirmed Woman Hater Finally Succumbed to Culinary Ability That Reminded Him of Home.

When I worked on a cattle ranch in Wyoming I chummed with a cowboy named Hank, who was a genuine woman hater, writes a correspondent. His mother died when he was a child, and a stepmother, step-sisters and step-aunts had treated the boy so unkindly that he learned to distrust and dislike all women. If by chance any woman stopped at the ranch house Hank would seek other quarters.

He often deplored the fact that western cooking did not measure up to eastern standards. Well, Hank became foreman and I was fairly stunned when he announced that he was to marry a girl who cooked in a boarding house in town.

"However did it happen?" I asked in amazement. "Simple enough," he made answer. "I discovered that she cooks baked beans just like they do in Boston."

Burglary Is Not Profitable.

When one reads in the paper an account of a burglary where the thief succeeded in securing \$5,000 to \$10,000 worth of jewelry, one is apt to think that the spoils were probably worth the risk, but investigation has shown that thieves never realize anything like the full value of their plunder. In England it was discovered that out of 408 burglaries reported in various parts of the kingdom the proceeds netted the principals an average of about \$75 each. The value of the plunder was many times that figure. In addition to this, each one of the number had been sent to jail for his crime.

Neat Retort That Certainly Should Have Made Her Better Half Do Some Thinking.

How he ever happened to do it, heaven only knows, but Jones really brought home a small box of candy and gave it to his wife with a lordly and gracious air. Mrs. Jones managed to overcome her astonishment sufficiently to thank him, but evidently Jones did not regard her expressions of appreciation as adequate to the occasion, for he observed:

"I happened to be with Smith when he gave his wife a present yesterday. Now, there's a woman who can really show a man that she appreciates a thing! Her expressions of thanks were really charming."

"Doubtless, but consider how much practice she has," Mrs. Jones responded sweetly.

To Mend Broken Chins.

A cheap and easily prepared cement for broken china is fine mixed with the white of an egg. Only take sufficient white of an egg to mend one article at a time, and mix thoroughly with a small quantity of lime. Apply the mixture to the place where the article is broken, and in a short time the cement will set and become quite hard.

Personal and Social Mention

The W. G. Bonling family, formerly of this place but now of Tucumcari, motored thru Carrizozo the latter part of last week, enroute to their home from Hot Springs, N. M., where they had been spending a pleasant period of time at that popular resort. Mrs. D. N. Tinnon of El Paso, also formerly of this place, accompanied them on their return from the Springs as far as El Paso.

E. P. Hanisch of the R. Hanisch Sons Company of Chicago stayed over in Carrizozo last Friday on his way home from the San Francisco convention to which he was a delegate. Mrs. Hanisch accompanied him on his trip west, staying over at Magdalena, where she is visiting the B. H. Henzingers of the Ozark Mining & Smelting Co. The Hanisch family is favorably impressed with the Sunshine State and we hope to have a return visit from them in the near future.

At the Episcopal Church services Sunday evening, the pastor, Rev. Johnson's subject was, "The Life of Christ," and in harmony with the discourse, Mrs. Ralph S. Brown of Philadelphia, sister of Mr. J. L. Morris of Carrizozo, sang "That Sweet Story of Old," with becoming expression, and telling effect. Those who failed to attend, missed a remarkable opportunity.

Albert Lalone suffered a broken arm Saturday morning while cranking his car, preparatory to start on his day's work. Albert drives the delivery truck for Ziegler Brother's store and hastening to start his car, the crank slipped, breaking his arm at the wrist. The injured member is healing rapidly.

Miss Carmie Tinnon, who left here some time ago to join her mother and sisters in El Paso, has recently accepted a position of clerkship in the White House of that place. Miss Tinnon was formerly employed here by the Carrizozo Trading Co.

Mrs. M. R. Grumbles, who joined her son Roy at Riverside, Cal., a short time ago, has purchased a home in that city. Mother and son have now become residents of the coast state.

Mrs. Geo. Spencer and sons came up from El Paso to spend the heated period of the summer as guests of Mrs. Rhodes, and Miss Sallie McCauley of White Oaks.

The Misses Velma and Ollie Niles of Albany, Texas, are visiting their aunt, Mrs. Harry Gallacher, of White Oaks. After their visit here, they will go on an extended trip through California.

Mr. and Mrs. Asby Roselle motored over from Artesia and visited with James and J. A. Roselle, Sunday and Monday, returning home Tuesday morning.

W. R. Wooten came in Sunday from O'Keene, Oklahoma, and has accepted a position as meat-cutter at Patty's Grocery.

Contractor Nilsson is putting in cement sidewalks in the block between 4th and Main street, on White Oaks avenue.

Mesdames Barber, Rhodes, and Miss Cauly accompanied by Mr. A. G. Rennett, were visitors from White Oaks Tuesday.

Mrs. F. W. Eckford of Mobile, Ala., and Mrs. R. W. Deal of Meridian, Tenn., are visiting for several weeks with the M. G. Eckford family of Carrizozo.

Mrs. K. S. Martin left last week for her home in El Paso, after a pleasant visit at the Wetmore home.

Mr. and Mrs. Charles Thornton accompanied by their daughter Gladys, were Carrizozo visitors from Oscura on Thursday.

J. H. Farris and family, accompanied by Robert Lindsey, nephew of Mrs. Farris, came in Monday from Flomation, Alabama, where the Farris family has been visiting for the past month at their old Southern home.

The Lin Branum family are spending a pleasant period of time at the Eagle Creek Club grounds in the White Mountains; they are also catching some fine mountain trout, and made the Outlook office a present of a fine string, for which we return our thanks.

Marvin Burton returned Monday from his vacation trip in which he visited principal points in the East and South. Marvin is a steady, earnest worker, but when he takes a vacation he takes a good one, and "sees 'em all" before he returns.

Harding's Utterances

"Let us hesitate before we surrender the nationality which is the very soul of highest Americanism. This republic has never failed humanity nor endangered civilization.

"We have been tardy sometimes, as when we were proclaiming democracy and neutrality while we ignored our national rights, but the ultimate and helpful part we played in the great war will be the pride of America so long as the world recites the story.

"We do not mean to hold aloof, we choose no isolation, we shun no duty. I like to rejoice in an American conscience and in a big conception of our obligations to liberty, justice and civilization. Aye, and more, I like to think of Columbia's helping hand to new republics which are seeking the blessings portrayed in our example. But I have a confidence in our America that requires no council of foreign powers to point the way of American duty.

"We wish to counsel, co-operate and contribute, but we arrogate to ourselves, keeping of our American continent and every concept of our moral obligation. It is fine to idealize, but it is very practical to make sure our own house is in perfect order before we attempt the miracle of Old World stabilization.

"Call it the selfishness of nationality if you will; I think it an inspiration to patriotic devotion—

- "To safeguard America first;
- "To stabilize America first;
- "To prosper America first;
- "To think of America first;
- "To exalt America first;
- "To live for and revere America first.

"Let the internationalist dream and the Bolshevik destroy. God pity him 'for whom no minstrel raptures swell.' In the spirit of the republic, we proclaim Americanism and acclaim America!"

No Wonder They're High

From the Toledo Blade—
According to Americans returning from France millions of dollars' worth of American goods are strewn in the open on the wharves at Havre, Bordeaux and other ports.

At Havre there are said to be mountains of sugar with the sacks split and the contents spilling over the ground. Broken boxes of American cured hams stand in huge piles. There are acres of bales of soggy, wet

American cotton, while ruined typewriters, broken sewing machines, rusty farm implements are scattered all about. The breakdown of the French railways is responsible for the port congestion and the speculators to whom the goods were consigned have been unable to move them. No one wastes tears over the speculators' losses, but it seems a shame that foodstuffs and supplies for which there is great need both in France and in America cannot be saved from such wanton waste. America at least should see that this country is drained of no more commodities that are likely to be added to the piles or rotting merchandise in French ports.

Horse Badly Cut by Fall

Specialist's Prescription Prevents Complications.

In telling of the accident to his horse, Mr. Luther Carmen of Valley Park, Mo., stated: "My horse fell down and cut his knees all up. I dressed them with Dr. LeGear's Antiseptic Healing Powder and they are healing fine. It is a wonderful remedy for healing sores on horses."
Mr. Carmen is simply voicing the sentiments of hundreds of others who feel that having Dr. LeGear's personal prescriptions on hand at all times is nearly as good as having Dr. LeGear where they could reach him in a few minutes.
Wounds and sores must be taken care of immediately. Get a can of Dr. LeGear's Antiseptic Healing Powder from your dealer. Dust on enough of it to cover the wound or sore. It forms a protection against insects and infection and promotes healthy healing.

Fatal Accident Near Corona

About two months ago, Burton Summers and U. N. Casey, two young men from Brinkman, Oklahoma, came through here on a prospecting tour, and finally located about ten miles south of Corona, where they filed on adjoining claims. They had been chums for years and located near each other, so they could spend their idle time together. Mr. Summers, it seems, bought an old barn from a neighboring ranchman and on the 27 of June began tearing it down so that it might be moved to his claim.

On the evening of the day mentioned, Mr. Casey came over to his friend's claim to spend a few hours as usual in conversation but found the cabin locked. Thinking that perhaps he had stayed over at the place of his work, he departed but on returning the following night and finding the cabin still locked, he determined to investigate the cause of his chum's absence. When within about two miles of the place, he was met by the McAdams brothers who informed him that Mr. Summers had been struck by lightning while in the attempt to tear off a portion of the roof of the barn. The body had lain for two days, exposed to weather conditions and the prey of wild beasts, but without being molested, the only mark of violence being an ugly hole in the top of the head where the bolt struck.

The body was shipped to Brinkman, Okla., accompanied by the mother of the dead boy and Mr. Casey, who returned this week from his sad mission. The people of Corona and vicinity with their usual Christian kindness interested themselves, doing all in their power to console the mother, who came as soon as possible after receiving the news and in grateful acknowledgement of this kindness her card of thanks to these good people appears in this issue of the Outlook.

Government Efficiency and Inefficiency

The Otero County Board of Education has employed a special repair man who will visit every rural school in the county to make the necessary repairs as the county superintendent shall direct. This work will be done during summer and should result in a considerable saving as in work more satisfactorily done.

The State Tax Commission expects to see an increase of \$1,500,000 in the valuation of automobiles on the 1920 tax rolls, the total amounting to \$6,500,000, as the value of 14,350 cars for which licenses have been issued by the secretary of state. To arrive at the value mentioned, the prices paid for used cars are applied as such prices are determined from market reports.

Fidel Cordoba, Treasurer of the municipal school district of Willard, recently published a report of school revenues and expenditures in the Willard Records. This report is in such detail and so intelligible that any taxpayer can see easily where his money has been expended. For teachers \$3,562.00 was paid; for transportation \$2,221.47 including \$1,236.00 for a Dodge truck; school equipment and supplies \$359.50; fuel \$211.45; other expenses, \$611.95. These principal

divisions are fully itemized. On March 21, the balance was \$1,063.74.

Sheriffs are admonished, in a circular just issued by the State Travelling Auditor, A. G. Whittier that all fees collected when acting as weighmasters must be turned in to the county treasury. Expenses will be allowed when properly audited by the Board of county commissioners. Deputy weighmasters may not be employed unless paid out of personal funds of sheriff.

In Arizona, applicants for an automobile license are required to file a certificate showing payment of personal taxes or that they have assessable real estate upon which personal property taxes not paid are a lien.

Lightning Plays Queer Pranks on West-Siders

Last Saturday afternoon during the rain, lightning played some queer pranks in the west portion of town. It first struck the flag pole on the school house, tore it to pieces, ran to and fro across the roof catching fire to shingles at one point which the rain mercifully extinguished. The bolt followed the eave trough to a certain distance, and from thence to an electric light wire and traveled over the wire into the residence of Ralph Treat where the incandescent globes were demolished and the meter put out of commission. This is the first occurrence of this nature for many moons and we may add, the first good rain Carrizozo has been visited with for many months.

Teachers' Examination

I desire to call attention to all teachers of Lincoln County and those who expect to teach in this county, who are not properly certificated under the laws of the State of New Mexico, that the next and last teachers' examination will be held on July 23rd and 24, 1920. This is the time to take examination in Reading Circle Books and secure your certificate.

All persons granted first grade certificates last year that are to be extended upon recommendation of one year of successful teaching will please send certificate and remittance of \$1.00 to the County Superintendent for extension.

It is not necessary that you attend this matter, for no salary warrant can legally be drawn unless the teacher has a proper certificate allowing her to teach. Teachers having permits to teach can only draw a salary equal to the holder of a third grade certificate.

MRS. M. L. BLANEY,
County Supt. of Schools.

Card of Thanks

We wish to thank the people of Corona and community for their kindness and assistance during the sad hours which followed the death of our son and brother, Burton Summers, who was killed by a stroke of lightning a short time ago. May God bless you all.

Gratefully yours,
Mrs. Lulu Summers and family.

Notice I.O.O.F.

Important business comes before the I.O.O.F. Lodge tonight, Friday 18. Your presence is requested.

HASH AND WATERMELON.

"Did you hear what was said?" asked the hash of the watermelon.
 "No, I did not," said the watermelon.
 "As per usual I have been insulted."
 "What do you mean when you say 'as per usual'? Are you often insulted?"
 "Always," said the hash.
 "What an awful thing!" said the watermelon.
 "I lead a hard life," said the hash; "there is no getting around that."
 "Has anyone ever tried to get around it?" asked the watermelon.
 "No one that I know of."
 "What is the matter with you?" asked the watermelon. "Of course I don't know how you taste or if there is anything wrong with you or not. I am not an eater myself, though I assist at meals."
 "Well, I am not an eater myself, so for that reason I know it is hard to judge or to decide what is wrong with me," said the hash, "but our family has never been popular."
 "I believe I am pretty well liked," said the watermelon. "I hope I am," it added, after a pause.
 "Oh, yes, almost everyone likes you," said the hash. "You are so nice in the summer time. In the first place you are so pretty and cool. Your green

It Seems Too Bad.

but is so nice and, then, your cool, pink red dinner gown with its black seed trimmings and the green edging on each one of you—oh, you've a lovely look when you are ready for dinners or lunches.
 "You look so dressed up. You look so cool and so refreshing and as though you were going to taste so fine. Yes, you're wonderful, perfectly wonderful. I'm not in the least jealous of you, for I admire you so."
 "I'm not jealous of any of the food creatures so much liked. For instance, there is corn. Corn is well liked, and I'm not jealous of corn. I know some creatures who will eat several pieces of corn, or rather ears of corn, and still will be ready for corn the very next day, or even at the very next meal.
 "Corn deserves the admiration and affection it gets. Only it does seem sad that hash couldn't sometimes get a little bit of affection and admiration, too. It seems too bad."
 "You were going to tell me what was said," the watermelon told the hash. "You said that as per usual you had been insulted."
 "But you didn't tell me what it was had been said."
 "Oh, yes," said the hash. "I meant to tell you. Well, the lady who was arranging what to have for dinner said: 'Well, we'll have to have some hash, I fear. I know everyone will be furious, but still one can't waste. And I'll have watermelon as a great treat for dessert to make up for having hash first.'
 "Oh, dear," said the watermelon. "That was too bad. I should think you would hate me as a result."
 "Well, I don't," said the hash, "for, as I told you, I haven't a jealous disposition. I know that I've got to be made and so have members of my family all over the country and the land, right down through history. I believe, for things must not be wasted. But it doesn't seem as if I were so dreadful as they make me out to be. I think that if cooks bothered a little bit more about me and put in some nice seasoning folks might get so they'd say, 'Oh, we're going to have hash tonight; zoodle, goodie!' That would certainly rejoice the family of hash if such a thing ever happened."
 "I do believe some dry folks will come to see your true worth," said the watermelon.
 "Ah, that's it!" said the hash. "I have so much true worth and no charm! I wish I had a little charm, so folks would relish me and enjoy me. But I do send out an entreaty to cooks to please season us and make us as nice as possible, for hash is getting tired of insults and would like to be liked just for a change."

MANY DIE IN IRISH TROUBLE

SWEEP STREETS FOR HOURS WITH MACHINE GUN FIRE IN LONDONDERRY.

HUNDREDS ARE INJURED

SNIPERS KILL MANY AND TERROR REIGNS AS RIOTING CONTINUES.

Western Newspaper Union News Service.
 Londonderry, June 24.—Five Sinn Feiners were killed by machine gun fire employed to cover the removal of several Protestants from Barracks street, according to a military statement. Scenes of the most terrible description have been enacted here. Many streets were swept by a murderous fire for sixteen hours continuously.
 One man was killed and ten dangerously wounded in one section of the city. Several bodies are reported to be lying in Bishop street.
 Among the wounded was a young girl, and those who suffered slight injuries cannot be estimated.
 Sniping was indulged in on a large scale and there was indiscriminate firing of rifles and revolvers all over the city.
 The principal conflict took place in Bishop street, where there was a large concentration of Sinn Feiners in the neighborhood of St. Columba's Catholic College and Nazareth Home.
 Sandbags were thrown up, from which a strong fire was directed at the Unionists in Barracks street. There was a vicious exchange of fire and many casualties resulted on both sides.
 Meanwhile trouble had broken out on an extensive scale in the region of Long Tower street and Bishop's Gate, where there were fierce and prolonged exchanges. Sinn Feiners occupying positions on roofs sniped isolated Unionists. The soldiers and police were on duty but were unable to intervene effectively.
 The police in Bishop street barrack, within the battle zone, were virtually besieged. Many passersby were wounded and it is reported some were killed.
 A confectioner named McKenna was killed at the corner of Henrietta street, a few yards from his own door. A bullet entered his breast and he collapsed. A priest was summoned and while he administered the last rites firing was suspended.
 Among the casualties was an elderly man named Whiteside, who was accompanied by his son and daughter. They were passing through Bishop street and all of them were shot.
 The outside world has little idea of the reign of terror Londonderry has been experiencing without respite many hours.
 The casualty figures from day to day are alarming enough, but they picture only the shadow of the grim reality. The truth is, none of the 40,000 inhabitants has been safe since the rioting began.

Declines Nomination.
 Great Falls, Mont.—Miss Jeanette Rankin, Montana's former congresswoman, will not be a candidate for lieutenant governor, to which office she was nominated by the Nonpartisan convention, according to a statement made at the convention. Her spokesman announced Miss Rankin will leave the state this fall so that she would not be available even if elected. Miss Rankin's name was withdrawn.

Husband Kills Wife's Murderer.
 Chicago.—Mrs. Ruth Wanderer was shot and killed in the hallway of her home by an unidentified man, who was shot in turn by the woman's husband, dying later at a hospital. Wanderer told the police his wife and he were followed home by the stranger, who attempted to enter their apartment.

U. S. Buys Silver at \$1.
 Washington.—Purchase of 1,700,000 ounces of silver at \$1 an ounce for delivery at Philadelphia and San Francisco was announced by the directors of the mint. This makes a total of 3,200,000 ounces acquired by the government under the authority of the 1911 man act during June.

Autos and Tractors Burn.
 Lincoln, Neb.—Fire in a building occupied by the Star Van and Storage company practically destroyed the building and with it twenty-seven automobiles fresh from the factory, fifteen tractors and other merchandise. The loss is estimated at \$60,000 to \$80,000, partly insured.

Children Cry For Fletcher's CASTORIA

Special Care of Baby.
 That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.
 Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.
 A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.
 Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MAN IS AFTER INFORMATION

After Listening to Much Sage Advice, Bill Jones Wants One Matter Cleared Up.

Our friend Bill Jones is a traveling man and needs rest, but unfortunately he doesn't sleep well. He has consulted a number of doctors in the various towns he visits, and being a systematic person has made a sort of digest of the advice he has received. It sums up as follows:
 Don't sleep on your left side, as that creates a pressure on the heart.
 Don't sleep on your right side, as it interferes with the action of the right lung.
 Don't sleep on your back, as that is bad for the nervous system.
 Don't sleep on your stomach, as that causes a pressure bad for the digestion.
 "Don't sleep in a chair, as the body cannot properly relax."
 Bill wants to know if anyone can tell him how to keep from falling over when he sleeps standing up.

 "On what grounds?"
 "She is a brunette. Our client is a blonde."

SHOWED SIGNS OF TIPLING

Hens' Behavior Caused English Youngster to Be Doubtful of Good Character of Vicinity.

Johnny recently paid his first visit to his aunt's farm in England. The little boy had not been there long before he came running to her in great excitement.
 "Aunt," he exclaimed, with the air of one imparting grave news, "I don't think this is a very nice place!"
 "Why, what makes you think that, Johnny?" was her amused reply.
 "Well, aunt, the public houses (saloons) open very early," was the startling rejoinder. "Nearly all your hens have the hicoughs already this morning."
 The Terrible Future.
 "What's the matter?"
 "I'm terribly worried about the future."
 "Why fret about the future?"
 "It's this way: I'm not making very much money. I'm just going along the ordinary way without piling up anything that looks like a fortune."
 "Well, why worry? You're happy, aren't you?"
 "Yes, I'm happy enough now, but twenty or thirty years from now, when the record of this age is written what shall I say to my children when they ask me what I was doing when everybody else was getting rich?"
 Sometimes an easy-going person is hard to get rid of.

No Wonder.

 "Did he drink?"
 "No, but he did make cork screws."

Good News For Ex-Service Men

Former service men who have not already filed applications for one of the free scholarships offered by the Y. M. C. A. Educational Service for demobilized men may do so at once, according to E. M. Brickley, chairman of the Lincoln County Educational Service Committee.

"The opportunity is open to every ex-soldier, sailor, marine and orphaned son of a veteran who served in the late war," said Mr. Brickley. "Although there are still sufficient funds to care for several of the ambitious men in the county at the rate applications are being filed they will soon all have been distributed."

As the greater proportion of ex-service men come from cities of less than 5,000 inhabitants, the "Y" has allotted a proportionate amount of the funds available for free awards to such communities. Scholarships will be given in the Home Study Courses of the United Y. M. C. A. Schools to qualified applicants unable to attend city school.

The wide range in courses offered makes it possible for the man with little or no elementary education to participate in the benefits on an equal basis with those more fortunate in the matter of education. Comprehensive and practical agricultural courses are offered in the Home Study Courses along with commercial, academic, professional and highly specialized technical ones.

More than 90,000 men attended Y. M. C. A. schools last year under the direction of 300 competent instructors. This huge educational machine this year will be placed at the service of former service men, augmented by a highly trained personnel, organized to promote the Home Study Courses.

All applications for free scholarships should be made either direct or by mail to E. M. Brickley, Carrizozo, who is secretary of the Lincoln County Educational Service Committee. Although applications for awards in college, technical and university courses are submitted to the State Educational Service Committee at El Paso, they should be filed with the local Committee, which may recommend qualified candidates for these awards.

There is more Cataract in this section of
 the country than all other diseases put
 together, and until the last few years
 was supposed to be incurable. For a
 great many years doctors pronounced it a
 final disease and resorted to local treat-
 ments, and by constantly failing to cure
 with local treatment, pronounced it incur-
 able. Science has proven Cataract to be a
 constitutional disease, and therefore re-
 quires constitutional treatment. Hall's

"An Appeal to Your Reason"

(By Rev. L. S. Smith)
 What is the greatest and most im-
 portant questions of this life? What is
 the best safeguard to human life? This
 world (or life) is the only one we have
 to prepare for the next world. After
 death, there are no preparations to be
 made.

Your only chance for Heaven is NOW.
 The world has never known anything
 that equals the Christian religion. Red-
 emption through Christ, is the soul's
 only hope for Heaven. The value of
 your soul, cannot be told; it is worth
 more than many worlds like this. Jesus
 said, "What shall a man give in ex-
 change for his soul."—Nothing! Salva-
 tion is the safeguard to both the soul
 and the life. Every one must face,
 sooner or later, the question of dying:
 Saved or unsaved.

The world, sin and the devil, are
 bidding for your soul, and at the same
 time, God, Heaven, the angels, and the
 redeemed are pleading with you to be-
 lieve in Jesus. Who will you listen to?
 Where will you deposit your life?

The Church extends to you a kindly
 invitation to all of her services. Do
 not judge the Church and Christianity
 by people who live ungodly lives, and
 are not worthy of the privilege they
 enjoy. Don't hide behind hypocrites,
 but judge the cause of Christ by the
 best people. I appeal to you to stop
 and think the matter over. There is
 nothing to be lost in being a Christian,
 but much is gained. In fact, every-
 thing worth having is included. I ex-
 tend a very friendly and cordial invita-
 tion to the men of Carrizozo. Come to
 the Baptist Church.

"Oh! how parents will trouble those,
 Who have reared their children with-
 out a prayer."

 Mr. Stirling, in company with

ADVICE TO FARM BOYS AND GIRLS

Club Work is Important Because It Has Such Large Possibilities, Says Secretary.

LEARN TO BEST ADVANTAGE

Department of Agriculture and Others Endeavoring to Make Farms of Country More Profitable and Home Life Pleasant.

(By E. T. MEREDITH, Secretary of Agriculture.)

I want to say just a few words to the farm boys and girls, and the older people need not bother to read it all. Now, you and I know that the boys' and girls' club work represents one of the most important lines of agricultural activity in the United States today. I believe it is important, because it has such large possibilities. We men and women who are trying to improve farming and farm life will be out of the game when you boys and girls are just reaching the prime of life. You have the advantage of us, because you are learning the principles of good agriculture and home-making while you are still young enough to learn to the best advantage and to apply in a practical way the knowledge thus gained throughout your whole lives.

Accomplishing Much Good.

Even as boys and girls you are accomplishing more good than can be measured. The good that you will be able to do will increase as you grow older and, when you become full-grown men and women, you can supply for the agricultural forces of this nation a leadership such as the world has never known before.

I congratulate the boys and girls club members. And I would like to ask a favor of the boys and girls who are not members of the clubs. We are trying—the United States department of agriculture, the state agricultural colleges, and a great many other people—to make the farms of this country more profitable and home life on the farm more pleasant. I wish the

Club Boys With Their Purebred Calves.

rest of you boys and girls would join with those who are already members of the clubs and help us in accomplishing this great service for our common country. It is a patriotic thing to do; and it is a service that cannot be rendered by anybody except you boys and girls.

Biggest Year in History.

The year 1920 should be the biggest year in the history of boys' and girls' club work, and I am confident that it will be. The country is facing a difficult situation, because so many men

KEEP OFF HARMFUL RABBITS

Trunks Painted With Mixture of Coal Tar and Creosote Oil Will Discourage Rodents.

Where rabbits are likely to gnaw young fruit trees, paint the trunks with a mixture of coal tar and creosote oil. Use two-thirds to three-fourths heavy coal tar and balance of creosote oil, or enough to thin it to the consistency of thick paint. These materials can be bought at paint stores. A paint brush with stiff bristles which are pretty well worn down is best to apply the tar. It is said that rabbits will not gnaw trees which have been painted with this mixture. It is the best paint to use on pruning cuts or wounds.

Fertile Orchard Soil.

The orchard soil should be fertile and well drained. The best location is on a slope or hilltop.

Strawberry land should contain considerable organic matter so it will not bake after a hard rain.

have left the farms to work in the city. The good work that the club boys and girls can do will help to overcome that handicap, and the club boys and girls will do that kind of work this year. It may hearten you to know that many of us here in the department of agriculture look upon the boys' and girls' clubs such as Caesar must have looked upon the Tenth Legion or Napoleon upon the Old Guard. The other forces may fail, but we know that we can rely on you.

I might not be willing to see you undertake such serious service if I did not know that, while you work hard, you play joyously together. I am sure that the boys and girls in the clubs have better times than the boys and girls who are not in the clubs, and that is an additional compensation to you for the hard work you do in the club work.

STORAGE OF FOOD PRODUCTS

Cellar of House Should Hold Winter's Supply of Various Kinds of Fruit and Vegetables.

Farm buildings usually offer ample space for the storage of food products raised on the farm. The cellar of the house should hold a winter's supply of potatoes, beets, carrots, onions, and canned fruits and vegetables, as well as such articles as a barrel of salt

It is Not Too Early to Begin to Plan for the Storage of Your Fruits and Vegetables—Here is a Root Cellar That Can Be Constructed at Small Cost.

pork, keg of kraut, and jar of eggs in water glass. The thrifty farmer faces the winter season with a well-stocked cellar and with a store of dried fruits and vegetables and possibly some jars of apple butter in his attic.

Specially constructed root cellars, or "caves," may be found on some farms. Potatoes and other vegetables are sometimes carried over the winter in earth pits, or "tumps." The barn may also serve as a storage place for vegetables. For more information write the United States department of agriculture, Washington, D. C.

TO AID RASPBERRY GROWERS

Specialists to Make Thorough Investigation of Diseases in Middle West Region.

Raspberry growers, particularly in the lake region of the middle West, have encountered difficulties resulting from diseases not thoroughly understood that have seemed to threaten the existence of the industry, unless effective methods of control could be worked out. The United States department of agriculture has been investigating the situation for some time past and is about to begin more intensive studies. Specialists will spend practically the entire season in the field, thoroughly investigating the disease to determine the causes and habits of growth and to devise control measures by spraying and otherwise.

Big Difference in Receipts.

There is a big difference in the stock receipts of farmers using pure-bred bulls and those using grade or scrub bulls.

Kill Weeds When Young.

It's lots easier to kill the weeds when they are small.

Ashes Supply Lime.

Wool ashes supply a large amount of lime, as they are composed of about half lime. This is needed in the orchard probably as much as the potash in many cases.

Dull Tools Discourage.

Nothing is more discouraging than pruning orchards with dull tools, because it wastes time and is the large factor in the expense of orchard management.

Many Crops in Garden.

It is easily possible to grow three or four good crops in the garden from the same space in one season through planting a succession of crops.

Most Rapid Growing Vine.

The wild cucumber vine is one of the most rapid growing annual vines that may be used for a trellis or to cover up unsightly places.

Important in Planting.

It is important in setting a plant to the garden to firm the soil thoroughly about the tips of the roots. Leave the top inch of soil loose.

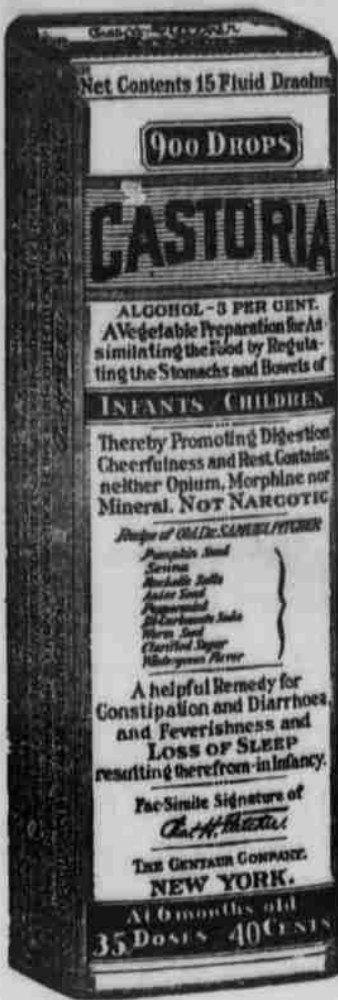

False Claims.

WE hope there is no Mother who thinks she can treat her sick baby without calling in a Physician, or with remedies that she uses for herself.

Most Mothers know that Baby requires remedies especially prepared for babies, yet there are some who think that what is good enough for them is good enough for Baby, and it is to these Mothers we appeal to give nothing to their babies that is not specially prepared for babies or recommended by their Physician.

False claims may kill, but false claims can never restore your child.

For over thirty years Fletcher's Castoria has been aiding in the reduction of the deaths among infants as Mothers have become more and more acquainted with it. Always keep it in the house.

CASTORIA

Mothers Must Use Care.

Why do we so often call your attention to imitations of Fletcher's Castoria? Because it is a baby's medicine and imitations are always dangerous, particularly imitations of a remedy for infants.

Your druggist may not keep an imitation but they are to be found on drug-store shelves. Reliable druggists think only of the welfare of their customers. The other kind only of the greater profit to be made on imitations.

Your own judgment tells you that Fletcher's Castoria having for over thirty years at great expense held up its reputation, must jealously guard it. Then, it follows that this company must use the very best of material. Must employ experts in the selection of the herbs. Must retain skilled chemists in its manufacture.

Your same good judgment must tell you that these irresponsible imitators are trading on your credulity and the reputation built up by Mr. Fletcher, during all these years, for his Castoria.

A Calculating Nature.

"Why did you refuse to take summer boarders this year?"

"I've been to town quite several times," answered Farmer Cornstossel. "I've about decided those city folks can't afford to eat very hearty all winter and I can't want to take 'em on when they've spent so much time sayin' up their appetites."

Children's handkerchiefs often look hopeless when they come to the laundry. Wash with good soap, rinse in water blued with Red Cross Bag Blue.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain. You will never be rid of Rheu-

matism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. and get on the right treatment to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

Malice.

"College professors," said President K. C. M. Sills of Bowdoin, "can be very malicious at times. Two professors were talking the other day over their luncheon.

"I see that Erudice of Yalevard has written a novel," said the first professor. "Is it any good?"

"It ought to be," said the second professor. "It cost him \$30 to get it published."

SAVE SHOES AND STOCKINGS

They will last twice as long if you shake into your shoes ALLEN'S FOOT-PAWE, the Antiseptic, Healing powder for the feet. It takes away the sting of Corns, Bunions, Callouses, sore, itching, swollen, tender feet. Allen's Foot-Pawe stops the friction which causes the wear on shoes and stockings, saves expense and makes walking a delight. Shake it into your shoes. Sprinkle it in the foot-bath. Sold everywhere.—Adv.

All Titled.

The doctor's family had just moved into a more exclusive residence district and all the members were much given to boasting over this. Even the nine-year-old daughter told it to her small playmates at school. "Why, it's just like having a title," she ended. "Everything that comes to our place has written on it after our names, 'Collett place.'"

Another little nine-year-old sniffed very disdainfully. "Oh, if that is what you mean, we've got one too," she informed the audience, "and it's almost like your'n. Right after our name on everything that comes to our house, they write, 'Collett, please.'"—Exchange.
