FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female ills are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; this has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

It is estimated that the annual catch of lobsters in the world is 125,000,000

Nothing worries some women like troubles that failed to develop.

Great faith never springs out of easy situations.

No man is so ignorant that he can't teach you something.

The Object Lesson. Teacher—When both hands are up, what time is it? Johnny—Time to upercut, ma'am.

Very Much So. "I heard of a duel lately which was fought with wax bullets."

"That was quite a cereous matter."

Similar Occupation. "Ah, see! There is the sun setting!" "That's nothing. So's my hen."

Open Game. "Let me make the songs of a nation and I care not who makes its laws."

"Well, have a try. Many people seem to think there's now room for improvement in both just now."

And Not in Vain. Mrs. Bridey (in china shop)—"But I only want the teapot and the sugar bowl. Don't you break the sets?"

Clerk—"No, madam. We generally leave that to the servants of our customers."

Too Hard for Them. "If the English were fighting on the Russian and Polish border there is one report which never could be made of them."

"What's that?" "That they were meeting with pronounced successes."

CONVICTS KNITTING FOR THE POLES

In line with his policy of surrounding the convicts with humanizing influences, Warden Osborne of Sing Sing prison has recently installed a class in knitting, and over two hundred of the convicts took up the work. The picture shows a number of these men industriously knitting socks for the Poles. Warden Osborne got the idea from Mrs. Ernest Scheeling, who is shown with him on the left of the picture.

BASEBALL AT FRONT

Americans in Foreign Legion Want National Game.

Volunteers From the United States With the French Army Get the Fever at Deceptive Sign of Spring.

Paris.—The correspondent of New York Sun with the Foreign Legion at the front writes:

A postcard came from Torole saying that he is acting as mechanic for an American aviator with the fifteenth squadron of the royal flying corps at Farnborough, England. He adds that he has been granted ten days' vacation and received \$10 advance pay and that the feeding is fine, especially the ham and eggs.

Fred Stone, a New Yorker, has been wounded by shrapnel while on sentry duty in the trenches at the town of... Two bullets entered his body, but Dr. Van Vorst, who attended him, assured us he was all right.

A later letter says: This is my birthday. Heavy snow has fallen. Strange, for only yesterday as we were on our way to the shooting trenches from the sugar refinery on the canal, where we had all taken hot shower baths, I was thinking of writing to ask you to send us a baseball outfit. Spring was in the air, and everything was beautiful, so no wonder we all got baseball fever.

Many of the Americans here are college men. There are at least three in the rgar and thirteen here. We had 14, but Carstairs is gone, Rockwell is in the hospital at Mont Meriel. Olinger is at the depot at Orleans, and so is Collins, who is still ill. Narwich has just joined us again with some others who have come to fill our ranks. Ganson is also at Orleans. Casey has gone for an eight-day rest.

You may think the idea of baseball here is crazy, but why not? The English play football in the rear of the lines. Do not forget that this war is the most remarkable war in many other ways than its size. It has been pointed out often enough that the firing line is 200 miles in length, but not much attention has been paid to its width. Its depth is so comparatively insignificant that we can play ball if we will when out of the trenches.

BLIND HERO TO THE FRONT

Capt. E. B. Towse, who was awarded the Victoria Cross for his heroic work in the Boer war, where he lost his eyesight, has gone to the front. Unable to take up arms for his country on account of his disability, the blind captain has gone to one of the bases of the army in France where he will write letters home for his brother soldiers.

"IVA MILLION," SAYS BRIDE

And So Has O. A. Million, the Happy Bridegroom Who Wedded Iva.

Olathe, Kan.—In the probate judge's "Cupid Parlor," Judge Roberts united in marriage Oscar A. Million, twenty four years old, and Miss Iva Everitt, nineteen, both of Kansas City.

The bridegroom still remains O. A. Million but the bride blushingly admitted after the ceremony that "Iva" Million in name at least. When the bridegroom asked the judge about his fee he said he was not used to officiating where Millions were involved and so would leave the amount to the bridegroom. The bridegroom paid the bill, the bride added a Million thanks and the happy numerals left to catch the car back to Kansas City.

BLOODHOUNDS ON THE TRAIL

But It Turned Out to Be a Jackrabbit's and Not the Escaped Convict's.

San Rafael, Cal.—Posses are combing the slopes of Mount Tamalpais for traces of two man-trailing bloodhounds, the property of Frank H. de Pue, which were last seen with their foaming jaws close to the heels of a jackrabbit.

De Pue received word a few days ago that Peter Tosti, who escaped from San Quentin, was hiding up in the hills back of Corte Madera. Up in a deep ravine he unleashed the hounds. A moment later their forms were outlined against the sky as they raced in the rear of the rabbit, which led them into oblivion on the other side of the slope.

GERMAN FOOD NOT SCARCE

Berne Declares Government Only Seeks to Have Others Feed Belgium.

London.—A dispatch from Berne says: "All Germany's war bread regulations, war cookery schools and other arrangements are not due to any real scarcity of food, but are a pretext to induce charitable Americans to feed the Belgians and the French to feed their people in the portion of France occupied by Germany."

Reports from Vienna say that the government has taken over all stocks of rye, barley, maize and flour products. The distribution of bread will be undertaken in various districts.

SATISFIED AS THEY WERE

Couples, Victims of Curate's Mistake, Decided That They Would Let the Thing Go.

A vicar of a certain English parish was sitting in his study one morning when in burst the verger in a great state of excitement.

"Mr. —" mentioning the curate's name, "wants you at once, sir," he exclaimed. "He has married two couples and married the two women to the wrong women, and he does not know what to do."

"Have they signed the register?" inquired the clergyman. "No" was the verger's response.

Then they can be married again," said the vicar. "Tell Mr. — I will be at the church in a minute or two to perform the ceremony."

In due course the incumbent made his way to the church and found the parties gathered at the entrance. Before he could say anything one of the bridegrooms approached and said: "We have been talking it over, sir, and we have made up our minds to remain as we are." And they did so.

When Like Meets Like.

The caller at the teller's window was very bald, but the teller inside had him beaten by a hair's breadth. There was still a straggling fringe around the outer border of the caller's head, while the teller's had long reached the stage when he brushed his head with a towel.

The caller had evidently imbibed rather freely that day.

He took a long look at the teller, smiled a smirking, quizzical smile, then reached into his vest pocket and extracted a fat cigar.

"Skeg, old fellow!" he mumbled, thrusting the cigar between the window bars, "have one on me. Anybody that's as baldheaded as you deserves a treat!"

Unfriendly Tricks.

"I thought you were a friend of his?" "I used to be."

"And now?" "I had to give him up in self-defense."

"Why?" "To every life-insurance and book agent that asked him if he had any friends who might be interested in their propositions he insisted on giving my name."

When Harry Atwood was aeroplaneing from St. Louis to New York he fielded to adjust his machine in a field near Fort Plain, N. Y. Atwood wasn't certain what state he was in and wanted to know. A crowd of villagers rushed toward him and he called to them:

"Where am I?" "You're in Charlie Knoll's pasture," shouted the nearest man. — Every body's Magazine.

SAFER CREDITS

The Regional Bank's New Measure Will Help Business Men in Many Ways.

REALIZE VALUE OF HONEY

Its Sweetening Qualities Seem Never to Have Been Sufficiently Recognized. Few housewives realize the value of honey, yet in sweetening qualities it surpasses sugar.

For bread pudding make a custard, using one cupful milk and three tablespoonfuls honey and a pinch of salt. Bring to the boiling point and add two well-beaten eggs.

USING FRUIT THAT IS SOFT

Various Methods by Which It May Be Prepared in Appetizing Way for the Table.

Any fresh fruit that has become soft should be cooked at once with a little sugar added to make a sauce, or it can be made into jelly.

Apple parings and cores should be stewed to a pulp and then strained. This will make a jelly which, spread on apple tart, will greatly improve it.

Small bits of stale bread may be slowly dried in the oven until crisp and brittle, then ground in a meat chopper or rolled.

Larger pieces of stale bread may be eaten with soup in place of crackers or used to make croutons for soup.

Tomato Sauce for Baked Eggplant. One-half can tomatoes, one-half teaspoonful salt, one-half teaspoonful butter, one teaspoonful sugar.

The Housekeeper's Reminder. March. This is the month—To have a thorough housecleaning, not forgetting the cellar.

King's Pudding. Two cupfuls bread crumbs, one-half cupful suet or butter, one-half cupful molasses, one egg, one teaspoonful of soda, one-half cupful sweet milk, one-half teaspoonful cloves, one teaspoonful cinnamon, pinch of salt.

Custard Pie. Scald one pint milk in double boiler, two eggs well beaten, two-thirds cup sugar, one teaspoonful flour.

Boric Acid. Do not fall to keep a box of boric acid in the pantry. It is an antiseptic. Use when washing your pantry shelves, refrigerator and dish mop and towels.

INDICATIONS OF AN EARLY SPRING

Great Prosperity Ahead for Western Canada.

The most recent advices from all points in Western Canada report that conditions are apparent for an early spring. Farmers are going over the implements, getting their seeders ready for operation.

There has been a fairly large snowfall during the winter, which will greatly add to the precipitation of last fall, which in the opinion of old-timers was in itself sufficient to insure a good crop during the present year.

There will be very little tilled land that will be without a crop this year. The authorities, though, are pleading with the farmers to seed only such land as has had careful preparation.

With thousands and thousands of acres of land waiting for the husbandman to bring it forth with a crop, it is no wonder that Western Canada is continuing to prove such an inviting field for the agriculturist.

Seventy million dollars is a conservative estimate of orders which came to Canada as the direct result of the war.

The total value of exports to Europe from Canada has jumped about 15 per cent since the war started, while in certain lines the increases have been enormous.

Therefore the results of the demand of the allies for war and other material is beginning to be felt in the financial life of the Dominion.

Western Canada is receiving a relative benefit to the East—Advertisement.

Cheered Too Soon. During William Jennings Bryan's first presidential campaign—in 1896, was it not—a section hand in Lincoln, for years a great Bryan rooster, begged for the privilege of accompanying "the Commoner" on one of his trips.

Klinefelter, the veteran editor of the Obar Progress, which occurred at a hospital in Tucumcari, on the 16 inst. where he had gone in the hopes of getting relief from his affliction which caused him much suffering at times. He was known among the newspaper fraternity as 'Uncle Kline of Obar.'

3.65 INCHES OF RAIN

Thursday, Friday, and Saturday of last week the elements seemed to turn loose their moisture content and it rained like it used to 'back home.' The total rainfall for the week was 3.65 inches.

District Court is grinding away under the direction of Judge Lieb.

The most important case to be tried during this term of court, is the State of New Mexico vs. Carl VanSickle, up to the time of going to press the jury has been selected and the case is now in progress.

This is the only murder case being tried at this term of court, and so far as we know is the only one pending. It will probably take one or two days next week, before the case will go to the jury.

Walter Winans, Esq. The most famous shot in Europe with hand and shoulder arms.

Two World's Records in One Day with the .22 Savage Hi-Power

At the Bisley Matches of the British National Rifle Association—the biggest rifle match in the world—the .22 Savage Hi-Power rifle and Savage ammunition in the hands of Mr. Walter Winans on July 25, 1914, made the highest possible score on the Running Deer target—six straight 5's. This is a World's record.

On the same day, with the same rifle and ammunition, Mr. Winans made the highest possible score on the Running Wild Bear target—six straight 5's. Another World's record.

This merely clinches what other shooters have proved—that the Imp's wonderful accuracy (25 consecutive shots in a 20-inch circle at 500 yards), tremendous velocity (2800 feet—more than half a mile—a second), long point blank range (2000 yard trajectory less than three inches), and trailing recoil (4.6 foot pounds) make it easier to hit moving game than with any other rifle.

And it has killed Alaskan Brown Bear, Grizzly, Buffalo, and man-eating tiger, besides the deer and black bear it was originally designed for.

Write us for particulars about "the biggest little gun in the world."
