SUBJECT: Faculty Nominations for University Standing Committees
for 1974-75

Following is the list of nominations of faculty representatives of University Standing Committees for 1974-75, as recommended by the Faculty Policy Committee with the approval of the Vice President for Academic Affairs. Additionally, nominations for faculty representation on the University Community Forum and the Executive Committee of ISRAD are indicated. It is expected that the faculty-staff directory this fall will show the entire committee membership, including students, administrative representatives, and ex-officio members. Participation in committee work is a right and duty of individuals of all ranks, and faculty members who accept committee membership are expected to take an active part in the work of the committee or committees to which they are assigned.
