Constitutional Amendments

Pursuant to H. B. No. 405, being Chapter 138, Laws 1919—The following amendments to the Constitution of the State of New Mexico will be submitted to the qualified voters at the Special Election to be held September 16, 1919.

MANUEL MARTINEZ, Secretary of State.

COMMITTEE SUBSTITUTE FOR JOINT RESOLUTION NO. 30.

Proposing an Amendment of Section 8, of Article IX of the Constitution of the State of New Mexico, Entitled "State, County and Municipal Indebtedness."

Be It Enacted by the Legislature of the State of New Mexico: Section 1. That it is hereby proposed to amend Section 8 of Article IX of the State Constitution so as to read as follows:

"Sec. 8. No debt other than those specified in the preceding section shall be contracted by or on behalf of this state, unless authorized by law for some specified work or object; which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal of such debt within fifty years from the time of the contracting thereof. No such law shall take effect until it shall have been submitted to the qualified electors of the state and have received a majority of all the votes cast thereon at a general election; such law shall be published in full in at least one newspaper in each county of the state, if one be published therein, once each week for four successive weeks next preceding such election. No debt shall be so created if the total indebtedness of the state, exclusive of the debts of the territory, and the several counties thereof, as assumed by the state, would thereby be made to exceed one per centum of the assessed valuation of all the property subject to taxation in the state as shown by the preceding general assessment. The legislature may, however, in order to provide funds for construction and maintenance of public highways and bridges enact laws authorizing the issue of bonds, debentures or certificates of indebtedness, payable at such times as the legislature shall determine out of tax levies, receipt from motor vehicle licenses, or other licenses or revenues, without submitting such laws to the qualified electors of the state, and not withstanding that the indebtedness so created may temporarily increase the total indebtedness of the state to an amount exceeding that which would be created if the bonds issued for such purposes payable from ad valorem taxes levied upon tangible property shall not at any time exceed the sum of two million dollars (\$2,000,000) except to meet allotments of Federal Funds made to the State to aid in construction and improvement of roads."

Bankers Declare These Very Best Securities That Money Can Buy

Hundreds of banks over the Eleventh Federal District have already invested in the new \$1,000 Registered Treasury Savings Certificates and more orders for them are being received every day by the Federal Reserve Bank at Dallas. Bankers are practically unanimous in declaring these new \$100 and \$1,000 Registered Treasury Savings Certificates the best securities the Government has ever offered.

Individuals, corporations, cities, counties and school districts are also buying these Registered Certificates in large numbers. The State of Texas was one of the first purchasers, State Treasurer John W. Baker getting \$500 worth for each of two State funds. The law does not permit more than \$1,000 (worth, maturity value), to be held in any one name, but each member of a family or firm, each director in a bank or corporation may hold that amount.

The \$100 Certificates may be purchased at all first and second class postoffices and from all banks and trust companies, while the \$1,000 Certificates are obtainable from banks and trust companies only. Each Certificate is registered in the buyer's name when issued and the buyer's name is also inscribed on the face of the Certificate.

Bearing interest at 4 per cent, compounded every 90 days, and maturing January 1, 1924, these Registered Treasury Savings Certificates form an ideal investment. They are exempt from taxation, insured by the Government against loss and may be cashed on ten days' notice. War Savings Stamps of the 1919 issue may be converted into these Certificates if desired.

The cost price for the \$100 Registered Certificates is as follows: August \$85.30; September \$84.00; October \$84.20; November \$84.40; December \$84.60.

The cost of the \$1,000 Registered Certificate is only \$838 for August; September \$840; October \$842; November \$844; December \$846.

The Government will pay the full face value of these Registered Treasury Savings Certificates on January 1, 1924, or the amount invested with accrued interest if the holders want to cash them before that date.

Be wise, invest in the new Registered Treasury Savings Certificates.

Take Active Part In Fight Against High Living Cost.

Fight the high cost of living by avoiding waste, buying carefully, saving what you can and investing this saving in Registered Treasury Savings Certificates or War Savings Stamps. Work and save! This is doubly wise at this time as not only is money being saved and put to work making interest, but dollars with low purchasing power now are being invested with a certainty that they will buy more later on.

The dollar today will buy less in groceries, clothing and other necessities than at any time since the Civil War. There is every indication, however, that prices will be more normal in a few years. The dollars invested in these new Registered Treasury Savings Certificates which have just been issued by the U. S. Government, or War Savings Stamps will not only bring the five years from now, but will bring the interest earned with them when returned to their owners.

Save all you can and put the dollars you save to work for you. You will find you are making good progress this way in giving old "H. C. L." his death blow.

By W. D. Newcomb,

WOMEN DEMAND WARS SHALL END

Peace League Means More to Them Than It Can Mean to Men.

DR. SHAW'S STIRRING PLEA.

(By the Late Dr. Anna Howard Shaw.)
Seven million one hundred thousand men who had laid down their lives in the great war. Think of it! Seven million, one hundred thousand young men had died on the field of battle!

What does that mean to the women of the world? It means that seven million one hundred thousand women walked day by day with their faces toward an open grave that they might give life to a son. It means that seven million one hundred thousand little children lay in the arms of a mother whose love had made them face even the terrors of death that they might become the mothers of men.

It means that year after year these women had put up their lives into the lives of their sons until they had reared them to be men. For what? In the hope that these sons of theirs could give to the world the things for which women dream, the things for which women hope and pray and long. These were the things that the women had in their hearts when they gave birth to their sons.

But who can estimate the value of seven million one hundred thousand dead sons of the women of the world? Who can estimate the price which the women have paid for this war; what it has cost them, not only in the death of their sons, because that is a phase of our war to which we look.

The Courage of Women.

We hear our orators tell us of the courage of our men. How they went across the sea. Very few of them remember to tell us of the courage of our women, who also went across the sea; of the women who died nursing the sick and wounded; the women who died in the hospitals, where the terrible bombs came and drove them almost to madness. They tell us nothing of the forty thousand English women who went to work back of the trenches in France.

They tell us nothing of the thousands upon thousands upon thousands of women who not only toiled and worked and slaved in order that the war might be successful, but we do not hear of the thousands of women, not alone in Armenia, not alone in Montenegro, not alone in Serbia, but

in Flanders, in Belgium, in Romania, in Russia—the thousands of women who lie in graves today, murdered, so horribly murdered that men dare not speak of it.

And yet we women are asked what we know about the League of Nations; asked what we can understand about a League of Nations. Oh men! the horrible deaths; the horrible lives of thousands upon thousands of women today in all these nations, who must live, and who must look in the faces of children unwelcomed, undesired—of little children—and know that these are the result of war.

And then ask women why they should be interested in a league of peace?

Women Suffer Most From War.

If there is any body of citizens in the world who ought to be interested in a league to ultimately bring to the world peace it is the mothers of men, and the women who suffered as only women can suffer in the war and in devastated countries.

And we call upon them, we women of the world call upon the men who have been fighting all these battles of the years, the men who have led armies, and led armies close to their deaths.

We are now calling upon the men of the world to in some way or another find a passage out of the sea of death. We are asking them to form a league which will bring hope to the women of the future. If women are to bear sons only that they may die, if women may not have hope and aspirations for their children, if women may not dream the dreams that have in them the hope of the highest civilizations, the highest moral and spiritual life of the people—if women may not have these in their hearts as the mothers of men, then women will cease to desire to be the mothers of men. And why should they not? Why should they not?

TWO AND ONE-HALF MILLION MEMBERS TO OBSERVE DAY OF FASTING AND PRAYER.

Centenary Commission Starts Movement To Establish 100,000 Family Altars—Following the Plan of Old Circuit Riders.

Nashville Tenn.—The Centenary Commission of the Methodist Episcopal Church, South, has named August 29th as a special day of fasting and prayer for the two and a half million members of the church. The Commission has also started a movement to establish 100,000 Family Altars, by having that many homes pledged to observe daily devotions.

This is the revival of ancient customs in the church. It is the part of intensive campaign which the church has launched in connection with the spiritual side of the Centenary program of the Centenary Movement, through which the Methodists raised \$53,000,000 in an eight-day drive last May.

The object of the present campaign, as stated by Rev. S. A. Nebbett, Secretary of the Department of Spiritual Resources, is to enroll at least 40% of the church members in the prayer league known as the Fellowship of Intercession, to establish 100,000 Family Altars, and to assist in finding a thousand young people to go abroad as missionaries.

August 24-31 is known as Enlistment Week. During this period the seven thousand pastors will urge their members to join the Fellowship of Intercession, to establish Family Altars, and to observe the day of fasting and prayer.
