Campus Environment Committee
Minutes
Jan. 23, 2013

Linda McCormick has stepped down as co-chair. Tammy Dean will become the new co-chair with Karen Wentworth.

The committee voted to allow people to submit their nominations for “Ugly Duckling” landscapes on campus until March 31st. At that time the committee will choose a winning landscape and work with the physical plant department to determine how it might be improved.

Emily Heintzelman will prepare tabletoppers for the SUB for a final publicity push for the contest and we will ask Kathy Meadows at Staff Council to remind everyone in the staff email that the contest remains open until the end of March.

Teresa Jasterzowski suggested that we use some of the money we are collecting to buy builds for planting next fall at various areas around campus. Linda McCormick will follow up on that suggestion and speak with Willie West about how that might be done.

We received an email from a staff member at UNM asking whether we could find money to help subsidize railrunner ridership for UNM employees. The committee was unsure about how to handle that request and will ask the executive committee.
