DATE: May 3, 1976

TO: Members of the University Faculty

FROM: John N. Durrie, Secretary

SUBJECT: Standing Committee Nominations for 1976-77

Following is the list of nominations of faculty representatives of University Standing Committees for 1976-77, as recommended by the Faculty Policy Committee with the approval of the President and the Vice-President for Academic Affairs. Changes in membership approved by the Faculty on April 13 are incorporated in the list, and the Executive Committee nominees for the Institute for Applied Research Services are also included.

The Faculty-Staff Directory, issued in the fall, will show the entire membership of each committee, including students, administrative representatives, and ex-officio members.

Participation in committee work is a right and duty of individuals of all ranks, and the faculty members who accept committee membership are expected to take an active part in the work of the committee or committees to which they are assigned.

THE COMMITTEE OF FIVE

The Faculty Constitution, as recently amended, calls for the election of five voting members of the general faculty who are not members of the Faculty Senate to prepare, in conjunction with the Secretary of the University, the agenda of faculty meetings; to oversee elections, including referenda; to recommend adjustments, improvements and refinements in the faculty organizational structure; and to represent the general faculty to the Senate.

While the election is specified as taking place at the first general faculty meeting of each academic year, it seems more reasonable to have the committee elected in the spring so that the agenda may be prepared for the first meeting, and for this reason the Faculty Policy Committee has scheduled the election for the May 12 meeting.

Since preferential balloting is not specified, the FPC and I suggest that nominations be made at the meeting and that ballots be distributed and completed immediately thereafter, with faculty members indicating on the ballot, in alphabetical order, the five persons of their choice.

Since members of the Committee of Five may not be members of the Senate, I am listing the Senate as presently constituted on the following pages.
