HEALTH CRUSADERS FIGHT OFF ILLNESS

Twenty-Five Thousand School Children Just In Modern Tournament for Better Health—Seal Sale Finances Crusade.

The days of civility have returned in New Mexico. Through out the schools of the state, there are 25,000 Crusaders who are combating the demons of ill health and preventable disease. They are enrolled in the Modern Health Crusade, conducted by the New Mexico Public Health Association in most of the public and many of the private schools of the state.

The Modern Health Crusade is a system of practical health instruction depending for its success upon the formation of health habits rather than the memorization of mere rules. The child is regularly enrolled as a Crusader and is assigned eleven health chores which must be done daily. If seventy-five per cent are done for two weeks, the child becomes a page in health citizenship; at five weeks, a squire; at ten weeks, a knight; and at fifteen weeks, a knight banneret. Pins and buttons symbolic of success are awarded at the end of the various periods.

Endorsed by the National Educational Association and the state department of education, the Crusade has been widely adopted in New Mexico. All of the counties except Taos, McKinley and Sierra have pupils enrolled. San Miguel county leads in the point of numbers, with 10,000 in rural schools only. Union is second with 2,876 in the rural schools, 500 in Clayton and 250 in Des Moines. In Colfax, there are 820 Crusaders in the rural schools, 794 in Dawson and 766 in Raton, making a total of 2,350 for the county. The city schools of Deming, Clovis, Carlsbad, Artesia, Roswell, Santa Fe, Clayton, Silver City, Lordsburg, Carrizozo, Portales, Socorro, Magdalena, Raton, Dawson, Des Moines and Belen in a special contest.

Chore charts printed in Spanish have been ordered for districts principally Spanish-speaking. The blind children at the New Mexico school for the blind at Alamogordo are also enrolled. The Crusade is financed entirely by the New Mexico Public Health Association from funds received by the sale of Red Cross Christmas seals.

## ATHLETES VICTIMS OF TUBERCULOSIS

Many Shining Lights of Ring, Track, Diamond and Air Succumb to Dread Disease Which is No Respector of Persons.

The recent deaths from tuberculosis of a number of athletes, each celebrated for his startling prowess in his chosen field in the world of sport, give proof that the disease is no respecter of persons and are regarded by the medical fraternity as conclusive evidence that eternal vigilance must be exercised if perfect health is to be enjoyed.

Rodman Law, dare-devil aviator whose death-defying stunts have thrilled hundreds of thousands during the past few years, is among the latest victims of tuberculosis. For years he defied death in every form, yet a few days ago he died after a wasting illness at a hospital in Greenville, S. C.

The list of athletic champions who have recently died of tuberculosis includes "Terry" McGovern, who once wore the crown as a lightweight prizefighter, "Mike" Murphy, for years trainer of the track and field teams of the University of Pennsylvania and "Cy" Seymour, once the star of the New York National League baseball team, the Giants. Even those who were once physically fit fall victims of the Great White Plague when they permit their resisting power to be lowered.

The New Mexico Public Health Association, engaged in stamping out tuberculosis in the "Sunshine State", must have \$50,000 if the work now outlined for 1920 is to be done. It can get that amount only through the sale of Red Cross Christmas seals and public health bonds in the drive between December 1 and 10. As every county and practically every school district is thoroughly organized for the drive, the officials of the association believe the desired goal will be reached.

IN NEW MEXICO RED CROSS SEALS WILL—Equip forty thousand Modern Health Crusaders. Employ six trained public health nurses. Secure two lecturers for health instruction. Finance campaigns for open air schools, preventorium, clinics and dispensaries, and Build a better citizenship in New Mexico.

## Slew Pet Parrot to Save Its Reputation

San Francisco. — Testimony that she killed her parrot "to save its reputation" because it had formed a habit of cursing at her was offered here by Mrs. Sara E. Matheson, thirty-two, in an action brought by a relative to have her declared incompetent. "At one time the bird used to say 'Good night, ma', but then people started cursing around the house. After that it used to say, 'Good night, you blankety, blank blank.' Then I killed it," Mrs. Matheson testified.

## FINDS HAT AN UNSAFE BANK

Traveler in Kansas City Puts Roll in Hand of Lid and Is Out

Kansas City, — H. H. Raynor, who says he is a representative of the Du Pont Powder company, left his room at the Hotel Baltimore the other night and entered a motor car that stopped in front of a rooming house on Walnut street, the former residence of Agnes Keller.

"I have \$174 with me," Raynor said to the chauffeur, "I might be robbed in there."

"Oh, no, this is a first-class place now," interrupted the chauffeur. "But put your money in the hand of your hat."

Whereas, a petition by the required number of tax payers on property under the provisions of sections 1302 to 1307 of New Mexico Statutes annotated, 1915, was presented to this board at its session held on the 7th day of July, 1919, for the building of a public bridge across the Rio Grande near Los Lunas, New Mexico, and said petition was duly accepted and approved, and it now becomes the duty of the Board of Commissioners of Valencia County to advertise for bids and specifications with plan or plans attached for the proposed bridge:

Therefore, Be it Resolved, that the following advertisement be inserted for four successive weeks in the Belen News of Belen, New Mexico, to wit:

"Legal Notice for Bids and Specifications.

"Sealed bids and specifications with plan or plans attached will be received by the Board of County Commissioners of Valencia County until 4 P. M. of November Third, 1919, at the Court House of Valencia County at Los Lunas, New Mexico, for the construction of a steel bridge across the Rio Grande at a point as near as may be due east of the Plaza of the town of Los Lunas; said structure to have a sixteen-foot roadway and designed to carry a live load of ten tons on two wheels. Separate bids are requested for wood and concrete flooring: Said structure to be completed on or before September 1, 1920. All bids must be accompanied by certified checks made payable to the Treasurer of Valencia County in the sum of five per centum of the total bid. Successful bidder will be required to furnish bond for fifty per centum of the total contract price issued by a surety company authorized to transact business in the State of New Mexico. The Board of Commissioners of Valencia County reserves the right to reject any and all bids.

## STRONG LINE-UP FOR SALE OF XMAS SEALS

\$50,000 IS GOAL OF CAMPAIGN FROM DECEMBER 1 TO 10

Ninety-one Per Cent of Money to Go in State for Public Health Work —Pankey Is State Chairman.

With the coming of December 1, one of the most complete sets of machinery ever erected in the state of New Mexico will be set into motion to raise \$50,000 for public health work within this state. Headed by Lieut. Gov. R. F. Pankey, state chairman of the drive, there is a force of twenty-nine county chairmen, 1,500 precinct chairmen and several thousand workers ready to make a thorough canvass to secure the money necessary to carry out a broad program of health protection during the year of 1920.

The chief medium for raising the money will be the sale of Red Cross Christmas seals. These tiny emblems of holiday cheer have been sold in New Mexico for the past eight years. This year, the New Mexico Public Health Association, state agent for the seals, hopes to achieve a sale which is greater than all the other years combined. Seven million seals are being prepared at state headquarters in Albuquerque for distribution over New Mexico. These are to be sold at a cent apiece, "a penny's worth of prevention and cure."

Money Stays in State. In addition to being the greatest sale in the history of the state, the 1919 campaign is notable in that 91 per cent of the money raised will remain within the state, the remainder going to defray administrative purposes and to assist the National Tuberculosis Association in its vigorous warfare against tuberculosis in all parts of the country.

The health program which the association has outlined consists first of the employment of six public health nurses who would be available for demonstrations of home care of the sick and would be able to direct all nursing work during an epidemic, such as the influenza outbreak of last winter. They would also direct surveys to find the health assets of the state. They could be mobilized at any point to meet a localized epidemic. One would be a specialist in school work and would be in charge of the Modern Health Crusade which is financed entirely by the association. Another would be detailed to follow up New Mexico soldiers, sailors and marines who were discharged or rejected from the service for physical defects.

Lecturers On Broad Program.

The employment of two full-time lecturers is included in the broad program. One would work principally in Spanish-speaking communities and would give lectures in Spanish with illustrations to show methods of safeguarding health. The other would lecture only in English. Provision is made for educational work, for the distribution of suitable literature in all necessary languages and for financing the Modern Health Crusade. The portion of money which will be spent for administrative salaries is eight per cent of the total, much below the usual figure in work of this kind.

The drive is to open December 1 and continue ten days. Special services in a number of churches on Sunday, November 30, will signalize the launching of the campaign. Slides in motion picture theaters throughout the state will show the progress of the Christmas seal sale over New Mexico.

## THE STAND FOR HEALTH

The desultory fighting against tuberculosis and other preventable diseases must give way to concentrated effort. The story of the ants who carried away a mountain is too familiar to need repetition. We know the wisdom of a united stand.

War records show that out of every 1,000 men of draft age examined, 24 were rejected because of tuberculosis. New Mexico had its share of rejections from this cause. Nearly three hundred boys from this state were sent home from camp because of a tubercular condition. Not a county in the state escaped. Those rejected were not mainly descendants of men or women who came to the state already infected. Many were born and raised here. Their names were Jones and Armijo and Smith and Lucero. Tuberculosis is no respecter of ancestry.

There is little sentiment in the call of the New Mexico Public Health Association for \$50,000 with which to fight preventable disease, teach health in the schools, and lay a basis for a stronger, more vigorous citizenship. Good business sense demands better health.

Money has been given for bankrupt Europe, for bleeding Belgium, for starving Serbia. Is it not time to realize that charity best begins at home? Ninety-one per cent of the money raised between December 1 and 10 remains within New Mexico for this task: to prevent tuberculosis. It does double duty. It builds for generations to come. It does triple duty: Each Red Cross Christmas seal carries a message of hope, of cheer, of "peace on earth, good will toward men" to any part of any country. Each seal is a penny's worth of prevention and cure. Buy seals liberally: Join the fight for better health in New Mexico.

## TRUSTEE SALE

Whereas, Mrs. Emma Borem and George Borem, by their deed of trust, dated the 25th day of September, 1915, and recorded in the office of the County Clerk and Ex-Officio Recorder of Valencia County, New Mexico, in book M-6, p. 76, conveyed to the undersigned trustee the property herein described, in trust, to secure to The John Becker Company the payment of the note in said deed of trust described.

And whereas, default has been made in the payment of said note, secured by said deed of trust.

Now Therefore at the request of the legal holder of said note secured by said deed of trust and as provided by said deed of trust, I the undersigned trustee hereby give notice that I will sell at public sale at the front door of the Post Office in the Village of Belen, Valencia County, New Mexico between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon of Friday the 28th day of November, 1919, the following described land to wit:

Two lots situate in the town of Belen, located just west of Block E as shown on the map of Belen Town and Improvement Co. The length from east to west on the northern boundary being eighty four feet and on the southern boundary line being ninety two and one half feet and the frontage on Fourth Street and also on the western boundary line being eighty four feet, said lots being bounded on the north by a lot owned by a certain Rodriguez and on the south by lots belonging to John Becker. Said lots were transferred to Mrs. Geo. Borem by Felipe Chavez y Arago and wife.

All of said described lots of so much thereof as shall be necessary to satisfy said note and interest and the costs of said sale will be sold to the highest and best bidder for cash.

John Becker Jr. Trustee.

## RESOLUTION

Whereas heretofore by resolution of this Board passed at the regular July meeting the County Surveyor was directed to make survey of the drainage ditch from Belen south, and which was known and generally called a public arroyo for the purpose of ascertaining the duties of this Commission in the premises; And whereas said County Surveyor has made an examination of said drainage course and has filed his report together with a survey thereof with this board, And whereas, it now appears from said report and from other reports

heretofore made to this Commission, that said public arroyo has been obstructed in several places and by divers parties throughout its course from one end to other, causing drainage waters to accumulate, stagnate and become a menace to health and property throughout the course of said public arroyo; And whereas said drainage course has been a public arroyo for a great many years and has been recognized as such by the public; And whereas it is the sense of this commission that it is necessary to provide drainage of the public roads crossing said public arroyo and to provide for maintenance and protection thereof:

Now therefore, be it resolved by this the board of County Commissioners of Valencia County that said Public Arroyo be opened from a point 1800 feet measured northerly along said drainage ditch from the northeast corner of the Commercial Club Building in the Village of Belen and thence southerly along its entire course to a point about seven miles south of Belen and to a point about 1500 feet southeasterly from the Besque post office, for the purpose of giving free and unobstructed passage of all drainage waters along course of said Public Arroyo.

Be it further resolved that this resolution be published in both the English and Spanish languages in a newspaper of general circulation in the county of Valencia, and that such publication for a period of three weeks shall be deemed sufficient notice to all persons obstructing said arroyo in any manner to remove the same immediately after said publications, under penalty of the law.

Be it further resolved that the County Road Superintendent be and he is hereby instructed to place the necessary culverts under the public roads within his jurisdiction crossing said Public Arroyo, as soon as practicable.

MANUEL GARCIA, Chairman of the Board of County Commissioners.

## WORKERS NEEDED TO FIGHT WHITE PLAGUE

National Tuberculosis Association, Which Sponsors Red Cross Seal Sale, is Conducting Intensive Educational Campaign. A call for volunteers to fight under the standard of the National Tuberculosis Association and its 1000 affiliated bodies throughout the country against tuberculosis—humanity's most vicious foe—has been sounded. A recent health survey, made by the experts of the National Tuberculosis Association, brought to light some startling statistics with regard to the prevalence of the disease. The findings of this survey have revealed a national menace, which must be eradicated. The figures show that each year 150,000 persons die of the disease and that there are approximately 2,000,000 cases of tuberculosis in the United States today.

The untamable consumptive—one who does not know the rules of health, is an indefatigable spreader of the disease. Wherever he goes, he leaves behind him a trail of the deadly germs.

The National Tuberculosis Association and its affiliated bodies have entered upon an intensive nation-wide educational campaign. The campaign will be localized and within a short time there will be ample work for many thousands of volunteers.

The National Tuberculosis Association and its affiliated bodies are financed largely by the annual sale of Red Cross Christmas Seals. To make possible the carrying out of this campaign, more than 650,000,000 seals will be offered for sale during the holidays. State and local tuberculosis associations have at hand valuable local data regarding the disease and actual conditions in the communities where they are located. The officers of these bodies eagerly welcome inquiries.

## DOUBLE BARRED CROSS ADOPTED 17 YEARS AGO

The double barred Red Cross is seventeen years old this month. In October, 1902, the International Anti-Tuberculosis Association, then meeting in Berlin, adopted the cross as the emblem of the world-wide fight against tuberculosis. It was proposed by Dr. G. Sersiron, of Paris. It is a combination of the Croix de Lorraine and the cross of the Greek Catholic church. Both crosses are symbolic of charity and help to humanity. Their colors, red and white, were selected and adopted as the emblem of the hope of curing tuberculosis. Later, in 1904, the double barred Red Cross was carried to the United States. It was in 1905, the National Tuberculosis Association was formed, and for the three intervening years the cross has been carried over the United States by the National Tuberculosis Association and its affiliated bodies, which now number one thousand.

The work of these organizations is financed chiefly by the Red Cross Christmas Seal sale.
