## What Are My Options for Providing Access to Course Materials for Students during the Pandemic?

by Kaylee Nauer on September 16th, 2020 | [0 Comments](#)

There are many options available for students and faculty to access course materials for the Fall semester! Many course materials on reserve are available electronically through [WorldCat Discovery](#), and we're now offering scanning and permanent link services as well! Faculty may request PDF scans of print materials on reserve for use in their courses by filling out the [Scanning & Permanent Link Request Form](#). Our [Fair Use checklist](#) can aid in determining what can be scanned and how much of a work can be used. Check out our [Course Reserves Guide](#) for more information!
