COLORADO-TO-GULF HI-WAY OFFICIALS VISIT HERE

C. H. Walker, president of the Colorado to Gulf Highway, and editor of the Dalhart Texan, from Dalhart, was in Clayton Thursday, looking after highway business. He was accompanied by Capt. Bernard McMahan, who is now in the employ of the Highway Association. These gentlemen are working to get the association on a good financial footing so that needed improvement can be made. Several of the towns along the line are coming thru with good donations and Mr. Walker is very optimistic in regard to being able to raise the required amount of money needed.

Capt. McMahan was train commander of the first transcontinental motor convoy to cross the country, via the Lincoln Highway. He is experienced in highway matters and his acquisition by the C. to G. will bring results of importance to the highway.

L. D. WRIGHT MUSIC HOUSE WILL MOVE

The west half of the Palmer building is being remodeled this week by Chas. Stillman, a local contractor, for the occupancy of the L. D. Wright Music Co., now located next to the Citizen Printing company.

Manager Wright announces that a large shipment of pianos, phonographs and sheet music has been bought at low prices and he expects to have a store unequalled between Denver and Amarillo.

Mr. Wright will also have a sewing machine department with a competent mechanic in charge to answer the S. O. S. calls of all the seamstresses in Union county.

R. E. Wherritt will remain in the east half of the building, with his grocery and meat market.

SAM JOHNSON WINS GOLF CHAMPIONSHIP IN CLASS B

The tie which resulted in the golf tournament held a week or two ago in the B. class, in which Sam Johnson, G. W. Blakely and G. G. Granville were tied, was played off on the local links last Sunday. As a result of the contest Sam Johnson is now heralded as the champion of his class.

It was no walkaway at that, as the score shows. Sam had to tend himself at every stage of the game to win. But by his masterful driving and iron play he at last was successful in disposing of his opponents.

Mr. Blakely met with his reverses on No. 2, and lost ground which he was unable to recover. It required four strokes to cover fifty yards.

From the fifth tee Mr. Granville was overcome by the jinx. He slipped into the rocky hills and was compelled to play from a seemingly impossible position. After a terrific swing with his brassie, he sank down unconscious, but with medical aid was soon revived, and resumed playing.

We now take our hats off to Mr. Johnson, champion Clayton golfer in Class B, and are looking for his advancement and a contest against Champion Hurley. Following we give the score of the game of nine holes, as compiled by their official scorer:

Johnson	7 5 7 5 8 6 6 5 6	53
Blakely	4 8 5 6 6 7 5 6 7	54
Granville	6 7 5 5 7 7 6 6 7	56

COLORADO-TO-GULF HIGHWAY TO EXTEND INTO MEXICO SOON

Dalhart, Texas, July 18.—Plans for the extension of the Colorado-to-Gulf Highway from Brownsville, Texas, to Tampico and Mexico City are now being formulated here at the headquarters of the Association. Assurances that the government of Mexico will co-operate fully have been received by the President of the Association, and as soon as the financial campaign is over it is proposed that a Pathfinder car be sent from Brownsville into Mexico. It is said this highway to Mexico City will be shorter by more than 100 miles than any other highway. The government of Mexico is vitally interested in such communication highways.

HOME DEMONSTRATION WORK A PAYING PROJECT.

The following figures will show that the work of the County Home Demonstrating Agent is paying the county a good profit.

The values placed on the products where given, are much less than the commercial prices of such articles as will be seen if they are compared with store prices.

It will be noted that the profit is based on the value of only two projects as these are the ones on which values can be most readily realized. Poultry has been one of the big money-making projects carried on during the year but on account of the difficulty in obtaining exact data, it has been omitted in this statement. Such work as planning houses, rearranging kitchens, adding labor saving devices, etc., can not be estimated in dollars and cents but the housewives find that such work is of inestimable value in saving of time and strength, thus giving time for rest, recreation and family improvement that was not available before such improvements were made.

The United States Government and the State are factors in keeping up this work, as well as the County. The profit of the work goes to the county alone.

FINANCIAL RESULTS OF WORK IN UNION COUNTY.

Following are the results of projects organized by the Home Demonstration Agent working thru the Farm Bureau.

Meats, 574 qts. at 25c. per qt.	\$ 142.75
Vegetables, 28382 qts. at 10c. per qt.	2838.20
Fruits, 1560 qts. at 15c. per qt.	234.95

UNION CO. FARM BUREAU.

Per A. L. England, Sec.-Treas.

GRENVILLE PLAYERS TO BATTLE HERE NEXT SUNDAY

Sunday, at 2:30, the Clayton ball team will meet their real rivals, the Grenville team, on the diamond at the fair grounds. Clayton's team has been twice beaten by Grenville this year and the boys are determined to put a real crimp in the baseball aspirations of Grenville, on Sunday. Johnny Corich will be on the mound for Clayton, with probably Schaefer catching. Snedegar will also be in the line-up, which will add more strength to the team. Grenville has a real ball team, and has been teaming all the teams along the line and the game Sunday is going to be a real contest. Manager Junghuth has so much confidence in his ball tossers that he emphatically says he is going to take the long end of the receipts. It is going to be a real contest.

Manager Kiser has letters from Dalhart and Amarillo, wanting to book games here, and for the next six or eight weeks Clayton is going to see some real games. The fast Amistad team is booked for a week from Sunday. This team has been cleaning up the teams in the south end of the county, and they think they can take our scalp. Come and get it boys, if you can.

GOOD SHOWING

The following is a clipping published in "The Earth," a magazine published by the Fanta Fe R. R. at Topeka, Kans.:

"The number of pupils in the public schools that passed the state examination in the Eighth grade was 1137. Union county led with 190 graduates. Quay county was second with 172 graduates, and Colfax county third with 405 graduates."

BLOOMER GIRLS RAINED OUT

Miss Kate Becker and her bunch of Bloomer Girls arrived in town on Tuesday night to play the local ball team, but the weather man must have had special objections, because he turned his rain clouds loose, and with a vengeance the rain poured down until it was utterly impossible to play. They took the evening train for Des Moines, where they played that team Thursday.

The game at Dalhart resulted in the girls winning by a score of 9 to 8 in an eleven inning game. Textline with Big Russell, the pitcher from Hooker, Okla., gave them a good drubbing by a score of 14 to 0.

Had it been possible to play here we believe there would have been a record crowd at the ball game.

TEXAS GOVERNOR SAYS GRAFT AND EXTRAVAGANCE RUN RIOT IN CAPITOL.

Austin, Tex., July 20.—Governor Pat M. Neff, in a special message to the lower house of the legislature today, reiterated his charge that "graft and extravagance" exists in the state capitol. He gave no definite information, merely renewing the charge in recent public speeches.

U. S. NOW READY WITH \$28,000,000 TO LOAN TO FARMERS.

Washington, July 20.—Uncle Sam is about to come to the aid of the farmer to the extent of \$28,000,000, it was learned at the offices of the war finance corporation Wednesday.

Eugene Myer, director of the war finance corporation, stated that within a short time he expects to announce the approval of government loans of \$28,000,000 to cotton and wheat interests, to be used for the export of these commodities. These loans probably will be the largest ever extended by the government to agricultural interests.

DR. HOLLOWAY LOCATES HERE

Dr. A. E. Holloway and wife arrived here last Sunday and this week opened up office rooms in the Charlton building, where he will practice Osteopathy. Dr. Holloway is a graduate of the American School of Osteopathy at Kirksville, Mo., and has spent nine years practicing in St. Louis. He states that he likes Clayton and this climate, and intends to make this his permanent home.

EXTENSION WORK BEING DONE IN UNION COUNTY

The Extension Bureau news this week gives the following account of the work done by the Extension Department in Union county, which we publish, as we believe it will be of interest to our farmers:

"Heavy rains during the month have seriously interfered with work. Six sweet clover demonstrations were started. Four instructed in treating grain for smut. Five men were aided in securing registered hogs. Arrangements were made for F. B. members to secure binder twine at a saving of \$6.72 over prices being quoted generally. Mr. Lester spoke at the 4th of July picnic at Hayden and eight communities in the north end of the county have voted to hold a picnic, August 10. The Biological Survey is concentrating its efforts on Union county, and during the month two more field foremen have been added. Tasteless strychnine was given out to ten men for use in coyote work. \$1,500 worth of bail insurance was written up during the first month by the Mutual Hail Assn.

"In Home Demonstration Agent work in Home Improvement three dresses have been remodeled since the meeting in Perico the first of June, 2 wardrobes built and one fireless cooker made. 21 rugs were made this month. In Cuates, Perico, and Margarite Valley, dress forms were made this month. Three stands were made for dress forms that were previously made. Hats were made in the Atencio community. Two very attractive hats were made by covering the brims with old chiffon veil. One of the crowns was of straw and the other of silk. Five organdie hats were reported this month made by people who had previously seen the demonstrations. 30 dresses made or remodeled and fitted over dress forms. One girls' sewing club was organized."

SINGING CONVENTION WILL BE HELD SUNDAY, JULY 31

The fifth Sunday singing convention of the Union County Singing association will be held at Sedan on Sunday, July 31st. Everybody is cordially invited to attend.

ROCKEFELLER QUILTS PARENT OIL COMPANY

New York, July 20.—John D. Rockefeller has disposed of all his cast holding in the Standard Oil company of New Jersey, the parent company, with the exception of 1,000 shares of common stock valued at \$106,875, according to an account published by the New York World today.

CITY TRYS OUT NEW STREET RETAINER

A demonstrator for the Avery company was here this week demonstrating an Avery road retainer on our streets. The town is prospecting on buying a machine to use in keeping up the streets and from the manner in which this machine did the work it is possible that they will purchase it. The demonstrator will be back here to give a farther demonstration when the ground dries.

FOUR STATES SEED COMPANY IS MAKING IMPROVEMENTS

A force of men are at work on the inside of the Four States Seed and Grain plant here, remodeling the building, putting in new grain bins and preparing for the installation of new machinery. Mr. Baer, the local manager, is expecting a big crop and is getting in shape to handle the business. He states that he will install a much larger cleaner than the one heretofore used here. If there can be an adjustment of freight rates made before the grain buying season sets in, Clayton will receive a big grain trade this fall and winter.

KNIGHTS OF PYTHIAS WILL HOLD AN OPEN MEETING

Triangle Lodge No. 46, Knights of Pythias, will hold open meeting at their lodge hall on next Wednesday evening. All visiting Knights are earnestly requested to attend. A good program will be arranged, and there will be plenty to eat. The Knights are having good meetings and are adding new members almost every night.

CLAYTON BOYS WIN SEASON'S FIRST VICTORY

The Clayton ball team broke the spell and won their first victory of the season on the local diamond, last Sunday. Dedman was the unfortunate victim on this occasion and they were presented with an unmerciful beating, the score being 22 to 6.

The way the game started off, it looked like it was going to be just a case of everybody hit and run, with the prospects of darkness ending the game, but this was averted on Clayton's part after the second inning.

In the first inning Dedman went down one, two, three, and Clayton scored five runs off four hits and an error. In the second, Shaw and R. Robinson got on base on errors by left fielder and second baseman. J. Robinson struck out and Carr flew out to center field. Moore and Rigdon each followed with a hit, scoring Shaw and Robinson. Williams then hit a home run, scoring Moore and Rigdon ahead of him. Toothman struck out, being the score, five to five.

Clayton came back in their half of the second and began hitting the ball to all parts of the field. Before the side could be retired every man on the team, with the exception of Kirby, had connected safely and scored. In this inning, 8 hits and 8 scores were made.

In the third Dedman ended their scoring by getting one run. Clayton scored 5 runs in the third and four in the fourth.

Moore was replaced in the fifth by J. Robinson, who was able to hold the local boys scoreless the rest of the game.

With the game nicely tucked away Johnny Corich left the box and Lefty Lujan took up the hurling for Clayton. Corich going to right field. Lefty pitched real ball, striking out five men in four innings and not allowing a hit.

Carle and Caldwell led the batters, Carle getting five safeties in five times up and Caldwell getting four hits, two of them going for two bases, out of five times up.

The game was a disappointment to the fans, owing to the one-sided playing. Dedman came down with a good record of games won, having defeated Grenville, Des Moines and Branson. But the Clayton boys had their batting eye and broke up a perfectly good game. Below we give the box score:

Clayton										
	AB	R	H	PO	A	E				
McFadden, cf	7	3	2	4	0	0				
Moore, 2b	6	2	0	0	1					
Corich, p-rt	6	2	4	5	0

Rigdon, c	4	1	2	8	1	1				
Rigdon, ss	2	0	1	0	0	0				
Totals	39	6	6	24	10	9				

Two base hits: Caldwell (2), Corich, Moore, Lynch, Kirby, Turner. Three base hit: Rice. Home run: Williams. Struck out: By Corich 4, by Lujan 5; by Moore 4, by Robinson 2. Hit by pitcher, R. Moore.

MAYOR EKLUND ANNOUNCES THAT HE IS GRANDPA.

Mr. R. K. Wooten, Jr. and wife, accompanied by Mrs. Carl Eklund, arrived here from Chickasha, Oklahoma, on Thursday's morning train. Mrs. Wooten went to the St. Joseph's hospital immediately and about ten o'clock a fine baby girl was born. Mother and babe are doing nicely, but our popular Mayor is surely stopping some, and thinks this first grand daughter is the finest yet.

OTTO'S HARMLESS GOSSIP

We Ottos have organized our Sunday School, and invite everyone to join us and will guarantee you a supper at the end of the contest, for the Otto people believe in the old saying: "Eat, drink and be merry, for tomorrow you may die."

Mrs. Fred Zinck was hostess to Misses Nora Howard and Dora Scofield and Messrs. William Scofield and Gordon Yates, Sunday.

Miss Ethel Ritchey spent the most enjoyable night with Miss Viola Howard, Saturday.

Rain, rain, has it rained near Otto? No, we just had a flood, and the clouds are still dark. When it does clear off we will invite you to help George Beckner kill the weeds.

Miss Elvina Zinck called on Mrs. J. Oliver, Tuesday eve.

Mr. and Mrs. Bauer were host and hostess to Mr. and Mrs. Sam Henderson, Mr. Frank Zinck and Misses Marie and Marie Fredericksen, Sunday.

Mr. Frank Beckner finished cutting and shocking his wheat, Monday. Miss Hazel Fredericksen took dinner with Miss Ethel Ritchey, Sunday, all going to the dandy singing Sunday eve.

Miss Elvina Zinck took dinner with Miss Rosa Mae Beckner, Sunday.

Our pitcher of Otto ball team will pitch for Clayton, Wednesday. "We hope for the best but fear the worst," as pretty girls are always dangerous.

Mr. Jim Melton and family spent Sunday with Mr. and Mrs. McCook.

Mrs. B. H. Baker entertained, Sunday, those present being Misses Gerlie Howard, Annie Beckner, Laura Janie and Eula McCook.

Mr. Curley Painter and Rosa Mae Beckner motored up to the Zinck farm (better known as Sun Flower Ranch) Sunday and after enjoying some of the best refreshments, rushed to Willow prayer meeting.

Mr. Henderson and Mr. Bauer made a business call on Mr. Dugan, one day last week.

Mr. W. E. Street was transacting business in Clayton one day last week.

Mr. Oliver and small boy, Johnnie, fixed fence near Mr. Pettis's, Tuesday.

Miss Etta Howard spent Saturday night with Miss Rosa Mae Beckner.

All of the Otto-folks are making preparations to attend Sedan Singing

LUCKY STRIKE
cigarette

Convention the 5th Sunday. They all know where to go to get good singing and eats.

Dr. Winchester and wife were called out in the country, Sunday. While motoring back to Clayton they stopped at the A. T. Oliver ranch.

Miss Etta Mae Beckner was hostess to Mrs. Gertrude McCook, Sunday.

Ben Beckner, one of our small school boys, received a watch for being promoted through two grades last year. We are all very proud of him.

Master B. F. Beckner spent Saturday night with his sister, Mrs. John Oliver.

Wanted—By Frank Zinck, 1000 weed choppers. Will give entire weed crop for service rendered.

Miss Viola Howard took dinner with Miss Edyth Bauer, Sunday.

Mr. James Newman called on Edd Smith, Sunday.

Mr. J. C. McCook has lost his heart. Rumor says: "Some girl has it, and we notice him going over the hill toward Mr. Melton's every Sunday morning."

Mr. Riley Newman again called on

Miss Vera Morrow, Sunday.

Most of the Otto folks are contemplating attending the Bloomer girls ball game Wednesday, July 20, which we know will be very interesting.

Mr. George Beckner, Roy Howard and Ruby Painter attended the ball game at Clayton, Sunday.

Again we say "Come, come to our Sunday School and do something for God and you will be greatly rewarded in heaven."

TALL SKY SCRAPER.

NEWS FROM AMISTAD

The baseball game between Amistad and Hayden, played July 4th, was a fast one, the score being 2 to 1 in Amistad's favor. Swoyer and Groissaint worked for Cone as batteries, while Stites and Stites worked for Amistad.

Amistad will play Clayton on the Clayton grounds, July 31. Everybody come.

Stites will pitch for Nara Visa against Dalhart, Sunday, July 17.

Accidents will happen. It seems as on the morning of July 4th, Mr. Matum of Cone, had a dun-colored rooster staked out to grass and the rooster saw Albert Stites and Margaret King coming. The rooster got excited and ran out in the road and tried to flag them, and in his haste got under a wheel and lost his life. Albert says he never saw the rooster wave, nor did he know he was about, and declares he was watching the road all the time. Mr. Johnson says that he had been watching them for a mile, and Albert hadn't looked at the road once during that time. Maybe you had better drive next time, Miss King.

At any rate, Mr. Matum has his chickens locked up, now.

We feel for the poor rooster.

I thank you.

DON'T LET YOUR WIFE SEE THIS

An employee of the Marathon Paper Mills Company, tired of hearing men boast of their importance, dug up the fact that, according to scientific investigation, the ingredients of a man, plus water, are as follows:

Fat enough for seven bars of soap.
Iron enough for a medium-sized nail.

Sugar enough to fill a shaker.
Lime enough to whilawash a chicken coop.

Phosphorus enough to make 2,200 match tips.
Magnesium enough for a dose of magnesia.

Potassium enough to explode a toy cannon.
Sulphur enough to rid a dog of fleas.

This whole collection is worth 28 cents, and that in a day when things are three times as high as they used to be.—Collier's Weekly.

AT THE MISSION THEATRE

Friday, July 22nd, "STRIKING MODELS," "APRIL FOOL," and Mutt & Jeff in "FLAP JACKS." Remember, funny pictures every Tuesday and Friday.

Saturday, July 23rd, Tom Moore in "TOBY'S BOW." Tom Moore makes his pictures so that they satisfy everybody.

Sunday, July 24th, "THE WOMAN THU GAVEST ME." Don't miss this production. It's good, just as good as the book.

Monday, July 25th, "THE MAGNIFICENT BRUTE," with Frank Mayo. When you have a great star in a great picture the results are likely to be 100 per cent.

Tuesday, July 26th, "THE PEACE MAKER," featuring one of the smartest dogs ever known. Also a "Mounted Police" story. This will please the kids.

Wednesday, July 27th, "TOLL GATE," with the old reliable star, William S. Hart. When the man who had never known a good woman met the woman who had never known a good man—what happened?

Thursday, July 28, "TOLL GATE." Six months in the making, with every detail of its amazing story made perfect, William S. Hart has put everything he has into the producing of this wonderful entertainment.

Friday, July 29, "TORCHY TURNS CUPID," featuring Johnny Hines, "OUT FOR THE NIGHT," and Mutt & Jeff in "TIGHT ROPE ROMANCE." Send the kids or bring them.

Coming: "WALK OFFS," July 31; "RIDERS OF THE PURPLE SAGE," Aug. 4th; "THE RAINBOW TRAIL," Aug. 11.

BLACK CENTRE
These walls will never crack. The interesting panel treatment and beautifully painted frieze make this room decidedly above the ordinary.
BLACK ROCK WALLBOARD
BLACK CENTRE
Make The Plain Room Attractive
Whether building or remodeling, you will be better pleased with your rooms if stiff-as-lumber Black Rock Wallboard is used for the walls and ceilings.
There is no muss or litter in applying Black Rock Wallboard. Once in place, it stays there permanently without cracking, warping or falling. It gives an added comfort and attractiveness to the rooms no matter what the character of the building—house, bungalow, office, store, restaurant, church or factory.
Note the moisture-repellent black centre that identifies the genuine, rigid, 4-ply veneer Black Rock Wallboard. Black Rock Wallboard is protected against all kinds of weather and needs no priming coat in decorating because it receives a special surface sealing and sizing treatment.
Give us a chance to explain the advantages of Black Rock Wallboard for your particular buildings.

PROBLEMS OF THE FARMER

PERPETUAL MOTION

The flight of time is the genuine, original, unadulterated perpetual motion. You remember how each of us has taken his turn trying to put his foot on the accelerator. We have been in a hurry for Christmas to come, or in a hurry to grow up, but Father Time's jitney refused to "jerk up." Later on, when gray hairs began to come and the children began to scatter, we grabbed for the emergency-brake and threw wrenches in the gears in our frantic efforts to stop this run-away "Lizzie," but Father Time flies on and we fly on with no stop-over privileges and no return tickets. "Turn backward, turn backward," we cry in despair, but Father Time drives a one speed model with no brake and no reverse.

In telling the story of the flight of time men talk of ages and epochs and period as though Time stopped and changed dials and started on a new course, but Time never stops,—the reel never changes in the big movie show. The same reel rolls on and on and on—the show is perpetual—the scene of one moment always grows out of the scene of the preceding moment. There is no break—no change of scenes—no abruptness.

You and I are actors in this big movie show. The part that we play is largely a matter of choice, but the date and the stage setting are not matters of choice. You may play the part of the cave man, though the stage setting is the acme of refinement and culture, or you may spend today arranging the stage setting to harmonize with the part you wish to play tomorrow, but it is useless to blame the actors of yesterday for not arranging the stage to harmonize with the part you wish to play today. Father Time never backs up, nor turns aside, nor speeds ahead to suit the fancy of even his star actors.

The Bolshevik cannot say "We would give Russia good government if Czar Nicholas had prepared the way for our government." Bolshevism is a failure if it cannot take the scene as it finds it and begin making it what it ought to be.

We cannot solve our race problem by going back to 1619 and leaving the African in Africa! To solve our race problem we must take the scene as it is and make it what it ought to be.

President Harding can never blame his failure to the awful mess President Wilson left public affairs in. To be a success he must take things as he finds them and make them what they should be.

We didn't get prohibition by waiting till the prohibition party elected a congress and a president. We got it because men persisted in playing their part without waiting till the stage setting was to their liking. We will not get social justice, or economic justice, or industrial justice or whatever brand of justice we feel the need of, by waiting for the success of the Socialist party, or the Union Labor party, or the Farmer Labor party or the Single Tax party or whatever party champions our favorite brand of justice. Just because we have a Republican President and a Republican congress it doesn't necessarily follow that Republican Justice is the only brand of justice that is on tap. President Harding is human and if you give him a sample of a better brand of justice he may throw the old aside and ever after dispense only the new. The way to get what you want is to go after it—cease being dummies in the big movie show—begin to act vigorously—begin on the conditions as they are and make them what they should be.

One may act a part and fail to get results and another and another and another down through the ages may take up the unfinished work and likewise fail, and then another takes it up and succeeds. Men dreamed of flying and fearns wore his wings too near the sun and met with disaster, and likewise Darius Green met with disaster and then smiled and dreamed on and their dreams were but vapor and soon flew away and Orville Wright and Wilbur Wright dreamed dreams of canvas and wood and steel and their dreams flew away and they flew away with their dreams.

Problems that are worth solving are worth working at. The problem you are waiting for another to solve will do you little good when that other one solves it. The training you get by the solving of problems is the only eternal value you get out of life. The harder the problem, the more joy in the solution and the more eternal value to him who solves it.

Some results must come slowly. Some problems are old as the hills

and still unsolved. Who knows? We may find the solution others sought in vain. Because the solution always has been in the future it does not follow that the solution must always remain in the future.

One of the best evidences that we can solve some of our big problems today is the fact that the interests that do not wish us to solve them are getting busy to prevent their solution. The grain dealers are raising a quarter of a million dollars to kill the farmers' movement for the co-operative marketing of grain. If a quarter of a million dollar slush fund will kill our movement it deserves to be killed. But they expect later to raise a million dollars and if a million dollars will kill it, it deserves to die. For remember, that million dollar fund is but a little of the excess toll they have taken for handling our products and they expect us to call off our campaign and proceed to reimburse them many times over for "our" dollars they are spending so freely.

I take the raising of this slush fund as a confession that the grain dealers have been robbing us. Of course we knew it all the time; but we are glad to have them confess it.

I also take the raising of this fund as a compliment to organized American agriculture. It is as much as to say "you fellows have brains enough to succeed if you will, and you are beginning to show the will to succeed. It will take some money to extinguish the fire of your enthusiasm."

And I also take the raising of this fund as an insult. It is as much as to say "We grain dealers believe that we can halt American farmers, in their campaign for justice, at less than a dollar a head! We believe we can pervert the sense of justice of the American public at less than a penny a head!"

I think the grain dealers' slush fund ought to add about a million members to the American Farm Bureau Federation. It ought to add ten millions to the available funds of the U. S. Grain Growers' Corporation. It is bad enough to be a peon or a near-peon, but no red blooded American farmer will stand idly by while the chains are forged to keep his children in peonage.

Let us get what is due us because our enemies don't want us to have it. Red blooded farmers! enlist to serve till we get it!

Let us get what is due us because the American public is with us. Justice to them depends upon justice to us.

Let us get what is due us for the sake of our children. They will be free if we free them. They will be peons if we don't.

Let us get what is due us TODAY, for

"Tempus fugit."
C. E. ANDERSON.

FARMERS TELL FEDERATION WHAT AILS AGRICULTURE

Chicago, July 17.—What is wrong with agriculture?

Answers to this question which have been pouring into the American Farm Bureau offices here all week, indicated that farmers agree that conditions in this country could be greatly improved by lowering the freight rates, levying tariff on foreign products and marketing farm products co-operatively.

Farmers in 1,000 counties, representing forty-seven states, were called into small groups and asked various questions about their business. This was done in order to ascertain direct from the man on the farm his idea of what is wrong with his business, hoping that this information will be of great value to the joint agricultural commission at Washington.

Some of the reports had the pessimistic ring, while others indicated that farmers are hopeful. George Berglund, a farmer near Midland, Mich., says that if present conditions are not remedied, farmers will be driven out of business or there will be developed in this country a peasant class of soil tillers.

"I suggest as a remedy for the present situation," said W. G. Kurth of Edinon, S. D., "that the government stamp out one-half billion dollars in farm loan greenbacks, to be returned in five years, and to loan this money to farmers at 5 per cent thru federal land banks. The American farmer needs help now if ever."

George Foster of Auburn, Mich., thinks the farmer should fix the price on farm products.

"If it is all right for Henry Ford to fix the price of his car, so it is just and right for us to set the price on our products."

George Colbert, from the same town, says high freight rates is the farmers' greatest drawback.

Nebraska farmers say freight rates

are not in harmony with the price they are getting for their products. A farmer near Weeping Water, Neb., says he gets only 42 cents for his corn and pays 178 cents a hundred to ship it from his town to Kansas City, while in 1917 he paid only 9 cents a hundred.

DRY LAND NEW MEXICO FARMS HAVE GARDENS

The women in Union county, New Mexico are working to have on every farm a garden large enough to supply the family with fresh canned and dried vegetables the entire year. Last year, under the supervision of the home demonstration agent, who is co-operatively employed by the State Agricultural college and the United States department of agriculture, many new vegetables were tried out, such as Swiss chard, Chinese cabbage, asparagus and celery. Ever-bearing strawberries, rhubarb, garden lemons and other things which were not previously raised were successfully grown. Grapes, peaches, plums, apples and apricots have been planted by many people who did not think until recently these fruits would grow in that county.

Everything tried, and given the proper attention, has brought good results. Some failures were reported, due to lack of moisture and lack of care. Reports show that from 25,000 to 50,000 quarts of vegetables and fruits were canned in this county last year.—The Great Divide.

CATTLE BOARD TO DROP MOUNTED INSPECTORS

The special meeting of the Cattle Sanitary board held in the office of M. G. Keenan, secretary, in the city hall here on Monday, was not held in vain. The board, after an all-day session lasting until nearly midnight, adopted an economizing program which will mean the saving of more than \$2,000 a month to the board.

The members voted to abolish the mounted cattle sanitary inspectors under the supervision of W. C. Simpson. They also voted to reduce the pay of all brand inspectors from 10 to 15 per cent.

Ten men in the state will be out of work as the result of the abolishment of the mounted inspectors and 47 men will be affected in the order reducing pay of brand inspectors.

Both orders will become effective on August 1.

Mounted inspectors were hired after the legislature adopted a measure to do away with the mounted policemen. The board points out that economizing is necessary at the present time for several reasons. The assessed valuation of cattle is lower now than it was last year, thus cutting down the board's revenue. The small number of cattle shipments and the few sales of hides as compared with former years also are factors in the board's revenue, it is explained.

The members of the board who

were here for the meeting reported that the ranges in the state were in excellent condition as a result of the recent rains with the exception of those in the southwestern part of the state.

Mr Keenan reported yesterday that the biggest cattle shipments of weeks left Suwanee Wednesday for Denver where the cattle will be distributed in the northern pastures of Colorado for grazing.—Albuquerque Herald.

Bring your wheat to Otto-Johnson Merc. Co. Market price on day of delivery, or will contract for future delivery. Clayton or Texline.

WITH ALL THE LITTLE CALFLETS, COWLETS AND STEERLETS BAWLING THEIR HEADS OFF FOR WATER.

The Winds Have Tucked Out

Leaving the old reliable Windmill in Bad. It is a time for the Engine and Pump Jack to come to the rescue. "We are Johnny on the Job," for we can furnish you with Belt Power from 1 1/2 to 15 Horse Power:

- 1 1/2 H. P. Type Z With or Without Attached Jack
- 3 H. P. Type Z With or Without Attached Jack
- 6 H. P. Type Z With or Without Attached Jack

All of these Fairbanks, Morse & Company. A name that as far as you can remember back, and your Father before you, has always stood for Reliability. You take no chances when you get Fairbanks, Morse Engines, for they are more than rated Power and as an all around Farm Engine, they are second to none.

"NO WAIT — NO DELAY"

R. W. ISAACS HDW. CO.

THE HOUSE OF GOOD SERVICE TO FARMERS

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

Camel

NEW MEXICO MINING IN 1921.

New Mexico has a variety of mineral resources including coal, iron, manganese, fluor spar, gold, silver, copper, lead and zinc, but its copper deposits are at present its most highly developed resource, according to C. W. Henderson of the United States Geological Survey, Department of the Interior. Development of one copper body at Santa Rita, as reported by the Chino Copper Co., showed on January 1, 1921, fully developed unmined ore reserves of 103,841,623 tons, averaging 1.53 per cent copper. Since the beginning of operations in 1910, 21,645,912 tons of ore, averaging 1.86 per cent copper, have been shipped from this property to the company's mill at Hurley or directly to the smelter. The production to 1921, therefore represents a mining of 2,000,000 tons a year. At this rate the fully developed ore reserves of this company would yield material for 52 years.

During 1920 the Chino Copper Co. sent to its mill 1,838,140 tons of ore, compared with 1,765,200 tons in 1919. The total copper content of the concentrates in 1920 was 45,827,536 lbs. representing an extraction of 70.67 per cent, which was 5 per cent higher than that for the year 1919. The gross copper production for the year 1920, in concentrates and other shipping products, was 46,088,600 pounds. During the first 3 months of 1921, this company produced 8,913,465 pounds of copper, but as there was no improvement in the copper market during the quarter the mines and properties of the company were closed on March 31, 1921, and will remain closed until the market conditions warrant resumption. The Burro Mountain branch of the Phelps-Dodge Co.'s, properties, with copper workings, mill and townsite at Tyrone, which was idle in 1919, but active from August, 1920 to March 31, 1921, ceased all operations on that date.

The Pittman Act, fixing the price of \$1.00 an ounce for silver in domestic ores, has allowed the Mogollon Mines Co.'s, silver-gold mines at Mogollon, to continue operations steadily during 1921. The Aztec gold mine, at Baldy, for several years a heavy shipper of gold bullion, was not a contributor to the gold output during the first 6 months of 1921, but development there is being continued. Placer-gold mining has been resumed at Elizabethtown. The gold and silver mines of Lake Valley and other Sierra county districts continued to make occasional shipments. The output of copper-bearing siliceous gold and silver ore from Lordsburg during the first 6 months of 1921 was small in comparison with that of 1920. Development work, however, continued at Lordsburg, and one silver mine was reopened. Small shipments of gold and silver bullion and ore continued from Gold Hill.

The zinc mines at Hanover continued work at about 50 per cent capacity, but the zinc mines at Kelly were closed early in 1921. New Mexico in 1920 produced \$477,974 in gold, 766,586 ounces of silver, 2,837,000 pounds of lead, 53,243,000 pounds of copper, and 10,600,000 pounds of zinc, having a gross value at the average yearly metal price of \$12,190,305.

OHIO ROAD TO CUT RATES 20 PER CENT

Columbus, Ohio, July 18.—The Detroit, Toledo and Ironton railroad, owned by Henry Ford, today sought a 20 per cent reduction in freight rates.

The new whack at high prices was taken when G. E. Hochstetler, of Dearborn, Mich., general freight agent of the Detroit, Toledo and Ironton, filed new schedules with the public utilities commission here. The new rates are effective August 20, and effect shipments of every kind over the 450 miles the railroad operates in Ohio and Michigan, between all points on the main line

and branches. "Mr. Ford thought a reduction should be made," was the only comment Hochstetler would make in filing the new schedules. Officials declared the action was the first taken by a railroad in the United States for lower rates and pointed out that the Detroit, Toledo and Ironton railroad recently announced an increase in wages for all employees.

BURSUM FAVORS UNINSTRUCTED DELEGATIONS

Albuquerque, N. M., July 18.—Geo. R. Craig, chairman of the Republican state committee, announced today that a meeting of the executive committee would be called within the next few days to fix a date for the meeting of the Republican state convention to nominate a candidate for the United States senate in the special election of September 20th. Chairman Craig said he thought the executive committee meeting would be held Saturday of this week, if the date suited the convenience of the members, with whom he is now in communication.

At the same time Chairman Craig made public a letter from Senator Bursum stating in effect that as Republican national committeeman for New Mexico, he favored a short campaign and suggested that the state convention date might be set between the 16th and 20th of August. In this letter Senator Bursum says that while he would feel highly honored should the delegates from the several counties favor his nomination, he strongly favors an open and free convention and to that end he does not favor instructed delegations. Senator Bursum also says that while he expects to attend the state convention he will be unable to take any part in the pre-convention campaign, feeling that he must remain at his post of duty. Senator Bursum's letter follows:

Washington, July 13, 1921.
 Mr. Geo. R. Craig, chairman,
 Republican State Committee,
 Albuquerque, N. M.

My dear Mr. Craig:
 I have your letter with reference to the holding of a convention. It seems that in view of existing conditions a thirty day campaign ought to be sufficient; inasmuch as the election is called for September 20, that the holding of the convention between the 16th and 20th, would give ample time.

"I am strongly in favor of an open and free convention. I would feel delighted and highly honored should the respective delegations from all the counties of the state favor my nomination, but I am anxious that whatever the desires of the several counties of the state may be with reference to the nominee for senator and open convention as may represent the undoubted will of the electorate. To this end I do not favor instructed delegations.

"On account of the very pressing needs vital to the state of New Mexico and the many complex problems confronting the congress, I feel it incumbent upon me to remain at my post of duty, and, therefore, will be unable to take any part in the pre-convention campaign. I shall, however, be present at the Republican state convention.

"With kindest regards and best wishes, believe me, as ever,
 Very truly yours,
 (Signed) H. O. BURSUM.

TIGHTER TARIFF TO STEM THE TIDE.

Great Britain "as idle as a painted ship upon a painted ocean," Germany humming like a dynamo—such is the condition of affairs found in Europe by A. C. Fetterolf, freight traffic manager for the International Mercantile Marine Company, who has recently returned from a survey of the shipping situation. Now that peace has been declared between Germany and the United States he predicts a great influx of German-made commodities into this country, and he finds that already Germany is eclipsing every other European country in sales to us, while the industries of Great Britain are virtually at a standstill.

"During my trip abroad, I visited the port of Hamburg for the first time," said Mr. Fetterolf, "I found Germany seething with activity, the industries operating night and day. There seemed to be no evidence of the workers being in the grip of the Bolshevik faction, but, on the contrary, it seemed that the nation, having gotten the best terms that it could from the allies, had decided to buckle down to work. At the present time Germany is shipping more goods into the United States than any other nation, now that Britain is suffering acutely from the effects of the miners' strike.

"On the other hand, production in England is virtually at a standstill. While I was in London the sky was

perfectly clear. It seemed that there was not a factory or mill operating, owing to the shortage of fuel. At Manchester and other cities I observed virtually the same conditions. Inasmuch as the industries were were not in a position to be able to guarantee deliveries or to know just what it would be possible for them to produce, the British have not been able to make contracts. With the export machinery dislocated by this situation it will take several months time before conditions will be anything like normal. The workers do not seem to care, and it appears that they are well in the grip of the radicals and agitators.

Something of the effect of radical labor on British industries is reflected in the recent figures of American imports from that country. In May we imported \$19,000,000 worth of goods from England, Scotland and Ireland, (the United Kingdom) compared with \$14,000,000 for May, 1920. Our total imports from the United Kingdom for the eleven months of the fiscal year ended May 30, came to \$313,000,000, compared with \$474,000,000 for the similar period 1920, a decrease of 50 per cent. The United Kingdom took \$80,000,000 worth of our goods last May, compared with \$152,000,000 in May 1920, and \$1,282,000,000 for the eleven months' period of 1921, compared with \$2,031,000,000 for the 1920 period. Sales of American raw cotton for the 1921 period, for example, totaled 1,575,812 bales, valued at \$199,000,000, compared with 3,251,070 bales, worth \$667,000,000 for the 1920 period. The Southern cotton planters have suffered severely from the Bolshevik rigadon which the British laborers have been dancing.

But trade with Germany is marching right along. We imported \$36,500,000 worth of German goods during the eleven months of 1920, and \$81,000,000 worth ending last May; while exports jumped from \$182,000,000 for the 1920, to \$351,000,000 for the 1921 period. Now that peace is established, the imports from Germany may be expected to take a spurt. But meanwhile Germany is and has been laying in heavily of American raw materials. The Republican tariff bill will be ready to take command of the situation when the time arrives.

BURSUM INTRODUCES BILL FOR DISABLED SOLDIERS

(By Col. Winfield Jones.)

Washington, D. C., July 22.—Disabled officers of the world war are preparing to make a drive to obtain the same retirement privileges possessed by retired officers of the regular army.

The disabled officers have organized a union to obtain what they claim as their rights, and a bill placing them on the retired list of the regular army, by Senator Bursum, of New Mexico, has been favorably reported to the Senate by the Senate Military Affairs committee.

The Union was organized in Washington, February, 1920. Prior to this time, it had become evident that the treatment being accorded the disabled emergency officers of the army, both during their stay in army hospitals and after their discharge from the service, was not such as they had been led to expect on their entrance into the service. Various groups of these officers had been carrying on work in the attempt to correct some of the conditions that then existed with little success. To coordinate this work was the purpose of a meeting of officers from eight of the army hospitals—the meeting resulted in the establishment of the organization.

The national commander is Lieut. M. S. Stevenson, of Kansas; vice commander, Capt. P. M. Feltham, of South Carolina; vice commander, J. R. Southam, of Ohio; and L. S. Ray of Texas, secretary-treasurer. Representatives from Walter Reed hospital and the following other U. S. Hospitals were present at the meeting: Fitzsimmons General, Ft. McHenry, Fox Hill, Fort Bayard, Letterman General, Fort Sheridan and Otam.

The general purpose of the organization, as stated in its constitution, is to "promote the permanent general welfare of all disabled ex-service men." To serve this purpose the organization, among its other activities, maintains contact with congress; it expresses, through the national headquarters, the sentiment and opinion of the disabled emergency officers of the country; it works in every instance for the objectives most desired by the membership of the organization as expressed by the members to national headquarters.

The more immediate purposes of the organization in legislative matters is to secure the enactment of legislation which will give to the disabled emergency officer of the

army the same right to retirement for physical disability that is enjoyed by all other disabled officers of the United States forces.

The Selective Service Act, May 18, 1917, which created the emergency army said, in section 10: "That all officers and enlisted men of the forces herein provided, other than the regular army, shall be in all respects on the same footing as to pay, allowances, and pensions as officers and enlisted men of corresponding grades and length of service of the regular army."

Notwithstanding this promise of the emergency officer and the regular officer do not receive the same treatment following disability. Regular army officers, and even those who held provisional commissions at the beginning of the war, are retired for their physical disability, while the disabled emergency officer is denied this privilege.

When it became evident that the disabled emergency officers were to be denied the treatment so proposed in the Selective Service Act, the first attempts to secure new legislation were begun by individuals and groups in the various hospitals. The failure of these early attempts showed the need of an organization to be composed of all officers interested in the question, maintaining constant contact with congress and its own members and following a definite plan of action.

The organization has made considerable progress in this particular phase of its work.

BILL HART'S PINTO PONY SAVES STAR FROM DEATH

William S. Hart, the famous motion picture star, firmly believes that there is no human love or loyalty that exceeds that of an animal for a man. Probably Mr. Hart's most cherished possession is his beautiful pinto pony, the veteran of many a hazardous feat before the camera. Since the filming of "The Toll Gate," the new Hart picture coming to the Mission Theatre next Wednesday and Thursday, Bill loves the pinto more than ever—with reason.

In his role of Black Deering, leader of a bandit gang, Bill is hotly pursued by a sheriff's posse. He escapes them at one point by making a leap over sixty feet from a cliff into the raging river below. But again they pick up the trail. This time, Bill, as Deering, seeks to elude them by riding his pinto pony into the river bed and following the stream as it leads into a subterranean passage under the cliffs.

The location for this scene was Sonora, in Northern California. Bill rode his pony into the Stygian blackness of the underground water trail. But suddenly the water grew deeper. The pinto started to swim, his hoofs struck an underground ledge,

and he slipped backward, throwing Bill into the icy cold stream. The beast tried in vain to climb the steep sides of the cave. He tumbled backwards. Then followed a grim fight with death on the part of both man and beast, until at last the pinto saw a glint of light and swam to it with mad speed, dragging Bill Hart after him.

SENATE PASSES BILL TO MERGE AGENCIES AID WAR WOUNDED.

Washington, July 22.—In record-breaking time the senate passed on Wednesday the Sweet bill to consolidate agencies dealing with veterans and extending additional benefits to disabled former service men.

JUDGE LANDIS ROASTS FOES OF SOLDIERS' BONUS BILL.

Chicago, Ill., July 20.—Stating that what he said might be reason for impeachment, Federal Judge K. M. Landis, in an address before the wounded soldiers at Fort Sheridan, last night, denounced the foes of the soldiers' compensation bill and asserted that if he were president he would fire the whole outfit at Washington who "were getting in one another's way trying to pass on the veterans' compensation proposition."

"As one man who stayed at home in peace and security while you fellows were fighting for our lives," said the judge, "I am against stalling off this bonus proposition."

The one thing about the Harley-Davidson Motorcycle that impresses you strongest on your first ride is the great energy pent up in the motor.

The Harley-Davidson is eager for hills, attacks them with a will, sails up and over without having to tap reserve power.

Do you know the thrill of being astride a mount of this kind? Come in and talk it over with us. No obligation.

UNDERTAKING

CLAYTON
NEW MEXICO

PERSONAL PARAGRAPHS

Mrs. Dottie Simpson, returned to Clayton on last Saturday, after spending almost five months in Denver. Mrs. Simpson is intending to close up her business matters here and make Denver her future home.

L. C. Vader and Steve Kelly of the Clayton Plumbing and Heating Co. returned from Nara Visa, Sunday, where they have been installing a modern heating and plumbing system in the new high school at that place.

J. L. Atwood, of Thomas, was in town Tuesday. He brought in a load of corn and also attended to some business matters while here.

Miss Elizabeth Heringa, is in from Heringa ranch, at Pasamonte, spending the week with the Misses Leah and Jane Gray.

Mr. and Mrs. Walton Snyder were in from their ranch on last Saturday to take in the dance and ball game.

T. J. Crumley, wife and daughter were over from Springer last Saturday, visiting with Clayton friends.

Walton Rhodes, editor of the Grenville News, and druggist was in Clayton, Saturday. While here Walton made the News a pleasant visit.

Mrs. H. C. McFadden and little son, "Micky" returned home Saturday after visiting for several days in Amarillo.

C. C. Caldwell and Gus Beck went to Texline Tuesday to take in the ball game between the Texline team and the Bloomer Girls.

T. A. Whealan and wife returned the forepart of the week from an extended visit with relatives and friends in Louisiana and Tennessee. Mr. Whealan, states that the Union county people really don't know what hard times are compared to those in the states he has been visiting.

Walter Caldwell, Springer's middleweight boxer, left Tuesday afternoon for Colorado Springs, where he will go into training at once for a fifteen round contest with Young Emke in the Colorado city on next Wednesday, July 20th. Young Wallace of Raton, accompanied Caldwell and will assist with his training.—Springer Times.

ATTENTION, FARMERS

Otto-Johnson Merc. Co. is now in the market for your wheat. Will contract for future delivery or pay market price on day of delivery at Clayton or Texline.

Dr. M. C. Overton and family of Lubbock, Texas, stopped over in Clayton Wednesday. They are on a trip to Colorado points.

A. L. Myers of Grenville, was in Clayton Wednesday.

L. H. Riekey of St. Jo, Missouri, is here, visiting with C. W. Roush.

John W. Key was up from Texline on Wednesday.

Chris and John Otto are in Gallup this week. They are over there for the purpose of trailing their sheep to Clayton.

Henry Helman and family, of Merkel, Texas, arrived in the city, Tuesday. Mr. Helman contemplates locating in this county.

B. A. Carl of Woodward, Okla., came in, Tuesday, to look over some Union county lands, with a view of locating.

J. M. Mays and daughters were down from Des Moines on Thursday, trading and looking after business matters.

A. J. Cooper of Roaring Springs, Texas, is here visiting his son, John Cooper. John left for Denver this week to have his eyes treated.

George J. Porter, superintendent of the state highway department, and a crew of four men were in Clayton this week looking after the state's interests in the work now going on on the south road.

J. W. Cagle and little daughter, of Amistad, were in the hub, Wednesday, purchasing supplies.

J. C. Giles and Clair Roberts were in from their ranches on the Cimarron this week.

Mr. L. Schrim of Trinidad, was among the out-of-town visitors registered at the Pullman, this week.

Contractor Barker, in charge of the construction work on the south road, has been in and out of town this week, making purchases for his road camp.

B. F. Goner of Dallas, registered at the Pullman Cafe, was in Clayton this week, looking after his trade.

Mr. and Mrs. Frank Endres and Mr. Endres' mother, from Evansville, Ind., were registered at the Pullman this week, waiting for the roads to get in a passable condition, so that they can get to the Jack Zurick ranch. Mr. Endres reports the weather in Indiana as being as dry as we are wet in New Mexico. He says business conditions are very quiet, but is an optimist, believing in a bright future. They will spend some time visiting with our genial county commissioner and his family on their ranch near Hayden.

Mr. A. Jacobson of Denver, representative of the Singer Sewing Machine Co., was looking after his company's interests here this week.

Earl T. and Jas. E. Bebb of Thomas, spent Tuesday and Wednesday in Clayton this week, purchasing supplies for harvest.

Mr. and Mrs. J. E. Brane arrived home Wednesday evening, after a couple of weeks' visit in Beggs, Oklahoma.

R. C. Froman of Grenville, was in town Wednesday looking after business matters. Mr. Froman is a contractor and has the contract for the building of the Grenville school.

Mrs. D. E. Thomas of Lincoln, Neb., arrived here last Saturday and will spend a month or longer visiting with her sister, Mrs. E. M. Rutledge, on the ranch near Kenton.

Grant Denny, county commissioner from Mt. Dora, was in Clayton this week, attending to official business.

Joe Asker, one of the Grenville merchants, was a business visitor in Clayton, Wednesday.

Little Robt. Wherritt and Sammie Johnson are spending the week at the Johnson-Mann ranch near Barney.

Mrs. R. O. Palmer came in from Denver, Sunday, to spend a few weeks visiting old friends.

BREAK YOUR Wheat Land EARLY

IT IS GENERAL OPINION THAT YOU WHEAT LAND SHOULD BE BROKE BEFORE AUGUST THE FIFTEENTH. YOU CAN BEST DO THIS BY USING THE BEST, LATEST IMPROVED LABOR-SAVING IMPLEMENTS

THE P. & O. POWER-LIFT DISK TRACTOR PLOWS HAVE THREE VERY IMPORTANT FEATURES:

FIRST: SIMPLICITY. Before a P. & O. Plow emerges from the experimental department it undergoes every possible test for the elimination of every piece that may be dispensed with, and still secure adjustments necessary to meet varying soil conditions.

SECOND: STRENGTH. Secured by the employment of material heavy enough to avoid straining, and in the care of casting, the necessary ribbing and thickness to withstand breaking. Strength is also a result of simple methods of construction, as every addition piece add to the weakness of any structure.

THIRD: EASE OF OPERATION. The proper shapes of the disk, the hardening and polishing process, the position and length of levers, the power lifts, the counterbalancing, and in fact, all those seemingly small things which are so essential to perfection, are to be found on P. & O. Plows.

It will be to your advantage to know more about the P. & O. Power-Lift Disk Tractor Plows. Come in and talk it over.

BRITAIN OWES BILLIONS TO U.S. BUT AMERICA DOES THE PAVING

Washington, July 16.—Despite Great Britain's debt of \$4,500,000,000 to this country, payment of \$32,668,352 has been made by the American government to the British ministry of shipping on settlement of a claim against the war department treasury officials said today. The payment was made, officials added, pursuant to an opinion by Attorney General Daugherty.

The British claim was for transportation services during the war with Germany, and the payment, it was explained, constituted final settlement between the war department and the British minister of shipping of all claims of either party against the other for transportation services.

Secretary Mellon asked Mr. Daugherty for a ruling as to whether the act of March 3, 1837, which requires the secretary to withhold payment of any judgment against the United States where the claimant is indebted to this country in any manner, applied to such a claim.

Mr. Daugherty held the act did not apply as it was not the practice of sovereign nations to prosecute their claims against one another in the courts and obtain judgment but adjust such matters through diplomatic channels.

MT. VERNON MAY BE BOUGHT BY GOVERNMENT

Washington, July 16.—The attention of Congress to the movement in behalf of the preservation, and wherever practical, by the federal government of historic spots in the United States, is being emphasized in connection with hearings held by the senate committee on public buildings and grounds on the resolution of Senator Capper of Kansas under which the committee would make inquiry concerning the probable cost of taking over Mount Vernon, maintaining it as a national shrine. The resolution also would have the committee report on the procedure under which such action might be taken. Due to the fact that Mount Vernon is not open on Sunday, and the further fact that an admission fee is charged for visiting it, people in all parts of the country have joined in the agitation of a plan for the government getting control of the home of the first president. It is now in private hands.

Of great interest to the South as well as to the entire country, also, is the plan for the establishment of a confederate park at Manassa, Va., to commemorate the men of both the North and the South who fought on the famous civil war battle field. Articles of incorporation of the Manassa Battle Field Confederate Park provide that it shall be established "in memory of the brave dead and wounded of both armies who fought on this land."

DUTY ON CRUDE OIL STRICKEN OUT OF TARIFF BILL

Washington, July 18.—The proposed duty on crude and fuel oil was stricken out of the Fordney tariff bill Monday by vote of the house. The vote was 187 for elimination of the duty to 79 against. There will be another vote on the oil schedule prior to final passage of the bill on Thursday.

BOARD OF EDUCATION NAMED FOR HARDING COUNTY

The County Board of Education has been named by Judge Lieb and the appointments sent to the county board of commissioners now in session at Mosquero. The following are the appointees as named by the district judge:

For four year term Mr. Warrander of near Gallegos in District 2 and William G. Johnson of Roy in District 1. For two years Mrs. Charles Leonard of Mills and Mr. Louis Baca of east of Buoyeros, who will represent the third district. Mrs. Leonard will be from the first district as this district contains the greater part of the population they were given two representatives on the Board. Mrs. Coffeen, county superintendent of schools, is president of the Board. The first meeting of the Board will be held on the 25th of July when they will hold a joint meeting with the county commissioners to renup the various school districts and remember them—Roy Spanish-American.

NOTICE TO CONTRACTORS

Sealed bids or proposals will be received by Marie M. Myers, president of the Union County Board of Education, Clayton, N. Mex., until the 8th day of August, A. D. 1921, for the furnishing of all material, labor, etc., and the constructing and finishing of a one-story and basement (hollow tile and pebbledashed) school building to be erected at Sen-

eca, N. M., in accordance with the plans and specifications for same, as prepared by J. C. Berry and Company, Architects, Amarillo, Texas.

Contractors, desiring to bid on the above work, may secure plans and specifications upon application to Marie M. Myers, Superintendent of Schools of Union County, at Clayton, N. Mex., or at the office of the architects, J. C. Berry and Co., Amarillo, Texas, by depositing \$10.00 in cash, or certified check, made payable to J. C. Berry & Co., as a guarantee that such contractor will return them in good condition, within the time stipulated, for opening bids, and that he will submit a bona-fide bid on the work; failing to make a bona-fide bid on the work will forfeit the check to the architects.

A certified check to the sum of \$500.00 made payable to Jean Wrenn Conkin, Secretary of the Union County Board of Education, must accompany each bid or proposal, as a guarantee that such bidder will, in good faith, execute within ten days, the required bond in the amount of 50 per cent of the contract price, and will at once enter into a contract with the said school district for the erection and completion of the work described in the plans and specifications; failure on the part of the contractor to furnish bond at the time stipulated will forfeit the said deposit to the school district.

The contractor, receiving the contract for the erection and completion of this building, will be compelled to accept in payment, at par, bonds issued by Dist. 36, to the amount of \$12,500.00. The right is reserved by the County Board of Education, of Union County, to sell these bonds at private sale if the contract is not let at the date set, the 8th day of August, A. D., 1921.

NOTICE OF BOND SALE

Notice is hereby given that I will on Monday, the 8th day of August, A. D. 1921, at ten o'clock A. M., at my office in the Courthouse in Clayton, New Mexico, offer for sale and receive sealed bids for the TWELVE THOUSAND FIVE HUNDRED DOLLAR (\$12,500.00) school building bonds of School District Number Thirty-six (36) of Union County, New Mexico; these bonds to be dated May 15th, A. D. 1920, and to run twenty (20) years, optional after ten (10) years from date, and to bear interest at the rate of six (6) per cent, per annum, payable semi-annually.

Bidders are required to satisfy themselves as to the legality and validity of the proceedings upon which said bond issue is based, be-

fore bidding, and inasmuch as said bonds will be ready for delivery on the day, date and hour aforesaid, bidders will be required to make unconditional bid or bids therefor, and to accompany said bids with cash or its equivalent, to the full amount of such bids, same to be forfeited to said School District Numbered Thirty-six in the event such bidder, if awarded said bonds, should fail to take up and pay for same in accordance with the award.

No bid will be considered for less than ninety cents on the dollar and accrued interest to the date of delivery, and the right is reserved to reject any and all bids.

Done at Clayton, New Mexico, this 15th day of June, A. D., 1921.

I. W. W. BANDS ORDERED BROKEN UP AT ANY COST

Pierre, S. D., July 18.—Assistant Attorney General Sichel Monday informed Sheriff Geitchell of Hand county, one of the several officials who had wired the attorney's office for instructions regarding the activities of bands of alleged I. W. W. now in the state, who have been charged with two murders in the last forty-eight hours, that these lawless bands must be broken up at all costs as soon as possible.

SUIT TO RESTRAIN REVENUE COLLECTOR SELLING SALOON

Suit for an injunction against the collector of internal revenue, at Albuquerque, has been filed in the United States district court by M. Reynaud, of Albuquerque. Suit is on account of claim filed by the collector against the Sawmill saloon, in Albuquerque, following a liquor case. Sale has been set for July 20, but Judge Colin Neblett has set July 18 as the date for the collector to show cause why the sale should not be prevented. W. A. Keleher, of Albuquerque, represents Reynaud.

SENTENCE IMPOSED UPON TWO VIOLATORS OF PROHIBITION

Carlos Flores, of Deming, has been sentenced by Judge Colin Neblett, in the United States district court, to serve 90 days in jail, and to pay a fine of \$100 for violation of the prohibition laws. Florencio Pfeiffer, of Albuquerque, was fined \$50 on each of two counts for a similar offense. Both pleaded guilty. Flores received heavier punishment for the reason that it was his second offense.

JOHN R. GAUNT IS APPOINTED CHAIRMAN OF CATRON COUNTY

John B. Gaunt, banker of Reserve, has been appointed by State Chairman George R. Craig to serve temporarily as chairman of the Republican county central committee in Catron county. Mr. Gaunt was a member of the fourth state legislature, elected from Socorro county.

BOARD OF ACCOUNTANCY NAMED BY THE GOVERNOR

The board of accountancy, created by act of the last legislature, has been appointed by Gov. Merritt C. Mechem. It is composed of the following: R. D. Jones, of Roswell; W. G. Logan and W. V. Gano, of Albuquerque.

MARSHAL FOCH WILL VISIT U. S.

Paris, July 18.—Marshal Foch is looking forward eagerly to his visit to the United States in October. Ever since he led American troops in battle he has been anxious to visit the land that sent them over the Atlantic to fight in France, he said. "Marshal Foch will attempt to visit every state," said the marshal's aide, "though naturally he can stop only in the large cities."

office at Clayton, N. M., on the 22nd day of August, 1921. Claimant names as witnesses: William A. Steele, Ramon A. Martinez, Clifford Sivyer, Mrs. Anna O. Trice, all of Beenham, N. M. PAZ VALVERDE, Register.

WITH THE CHURCHES

This column is open for the church notes. Please have all copy in not later than noon on Thursday.

B. W. M. S. MEETING

The B. W. M. S. met at the First Baptist church, July 19th. The meeting was opened by singing and prayer.

Roll was called and responded to with verses of scripture by those present.

An interesting program was rendered on the subject of "Caring for our orphans, aged ministers and hospitals. One new member was added.

Our president reported \$50 clear from our chicken supper. There seems to be a lagging in attendance. Let us rally and not forget that it is of more importance to be about the Master's work than some other things in which we are indulging. Let us be much in prayer for the work of our church. Our next meeting will be with Mrs. Chas. Bushnell unless other arrangements are made.

SECRETARY.

FIRST CHRISTIAN CHURCH

"The Homelike Church"

The Christian Church extends to everyone who has no church home a cordial invitation to attend its services.

Sunday School at 10:00 a. m.
Preaching, 11:00 a. m.
Christian Endeavor, 7:00 p. m.
Preaching, 8:00 p. m.

To the young people, especially, we extend an invitation to attend Sunday School and Christian Endeavor. We have two young people's classes, composed of real live wires who are doing things worth while. The G. E. is preparing for its fall and winter activities. Come and join these organizations and help in making the coming season profitable in the Master's service.

The Methodist Aid enjoyed a social afternoon with Mrs. Messer, Tuesday, July 12th. As it was Guest Day little business was transacted and all took part in the general discussion relative to the luncheons at the church every other Wednesday. The next meeting will be with Mrs. Joe Gill, Wednesday, July 27th. A cordial invitation is extended to all interested in the work.

CHURCHES TO USE NEWS-PAPER ADS TO BOOST WORK

New York, July 18.—Advertising columns of daily newspapers are to be used for general church advertising as well as for evangelistic purposes, it was announced Monday by officials of the Protestant Episcopal church.

This action was decided upon, it was said, at two important conferences, and the publicity department of the church has been instructed to add a competent advertising writer to its staff. The extent of the new venture in church publicity was not announced.

HAYDEN, N. M.
A FEW COCKERELS FOR SALE

DOES CHRISTIANITY PAY?

Would you be willing to rear a family in any community from which the influence of Godly people had been withdrawn?

Would you be content to live, even if you had no family, in a community where people never prayed for the forgiveness of their sins, for guidance in the paths of righteousness, and for blessings upon their fellows?

Would you be willing to dwell in a city where everyone sought only his own weal, taking no thought of others, and where the making of money and enjoyment of sensual pleasures were the people's only pursuit?

And had it ever occurred to you that if no one went to church there would be no church, and there would come moral and spiritual desolation?

And had you ever thought that if no one went to church any more than you there might not be any church?

Is it not a gross distortion of the truth, or else a good indication of the densest ignorance to say that the churches are not a big asset to any community in a business way?

Whatever may have led you to stay away from church heretofore, it is undoubtedly a lame excuse that will not pass muster in the realm of heaven.

Think what you owe the churches and what little you have paid, not in money altogether, but in service. The churches need your money, but God wants you.

You are cordially invited to attend the regular services of the Baptist Church next Sunday.

PRESBYTERIAN CHURCH

We will have four worth-while services at the Presbyterian church, (Palmer Hall) Sunday, beginning at 9:45 with the Sunday school.

At eleven o'clock the pastor will use for his theme: "Adding Beauty to the Gospel." In the evening at eight o'clock the theme will be "First Things First." In the evening at 7:15 the Christian Endeavor Society will discuss "The Perils of Materialism." Worship and study will characterize all of these services. If you have no church home, be our guest.

GUY DAVIS, Pastor.

SOUTH M. E. CHURCH MAKING SOME NEEDED IMPROVEMENTS

The M. E. Church South this week began raising their church building on Court street, with the view of putting a basement under the entire church. The work is in charge of C. W. Roush, the house mover. The work will be pushed so as to give the church more room for the Sunday School.

METHODIST EPISCOPAL CHURCH.

H. R. MILLS, Pastor.
L. M. RYMPH, Assistant Pastor.
Sunday School, 10:00 A. M.
Morning Worship, 11:00 A. M.
Epworth League, 7:15 P. M.
Evening Worship 8:00 P. M.
Family Night, Wednesday, 8: P. M.
Last Sunday evening we had a very enjoyable and profitable meeting of the Epworth League. Each Sunday evening there will be a special number. Last Sunday, Miss Mooney and Miss Messer sang. This week there will be a violin solo. The topic to be considered is "Reading For Recreation." If you enjoy good

democratic religious meetings and pleasant social evenings, come and find your place in this League of loyal young people.

PERSONAL PARAGRAPHS.

For the newsy news, read The News.

H. A. Justin and E. W. Koch of Tulsa, Okla., were in town Thursday night. These two boys have walked over 3200 miles this summer, travelling thru Oklahoma, Kansas, Wyoming and Colorado, and have kept a complete diary of their journey. They claim that Union county has the best looking farms, and that Cimarron county, Okla., ranks second of any that they have seen on their trip thru the five different states.

A very enjoyable afternoon was spent by the Aulon Bridge club on Thursday, at the home of Dr. and Mrs. S. M. Edmondson. Refreshments were served.

G. A. Faus, who recently leased the Commercial Hotel, has just completed the work of repairing the rooms and now has a good patronage.

Jno. Corich is in Trinidad, visiting home folks, going up Thursday.

J. H. (Stats) Rankin, left for Denver on the evening train, Thursday.

B. Brotherton of Greenville, was down to attend the meeting of the I. O. O. F. lodge on Thursday evening.

A spirit of congeniality pervaded the Wednesday evening luncheon at the Methodist church which is as much to be desired as the financial success of the luncheon itself. Mrs. Talbot of the menu committee announced that fried chicken would be served August 3. The entire menu will be given next week in the paper.

Mrs. J. A. Lujan and son, Alfonso, Jr., of Casper, Wyo., arrived last Sunday to spend a week visiting Mrs. Lujan. Mr. Lujan will arrive next week, and after spending a few days here will return home.

"Dutch" Snedeger arrived here on Monday from Albuquerque, where he has been barbering and playing ball. "Dutch" is a real ball player and will make a strong addition to the "Grays."

For the newsy news, read The News.

TAR AND FEATHER COAT IS LATEST FASHION IN SOUTH.

Shreveport, La., July 22.—J. W. McKnight, Nacogdoches, Texas, plumber, who was beaten by masked men at Timpson Saturday night, was taken from deputy sheriffs between Tenaha and Center, Texas, last night by unidentified men, tarred and feathered and forced to submit to a surgical operation, according to information received here today.

Nacogdoches, Tex., July 22.—J. W. McKnight, taken by masked men near Tenaha, last night, was beaten and tar placed on his clothing, but not on his body. He was brought to his home here about daylight this morning by a brother. McKnight said he planned to lay his case before federal authorities in the hope of securing protection. Sheriff Woodlan of this county was informed today that threats were made at Timpson against other residents of Nacogdoches. An oil man from this county was whipped near Timpson several weeks ago.

TARRED AND FEATHERED AND EXHIBITED ON STREET.

Lufkin, Tex., July 22.—Ben Riley, about 30 years old, was seized here last night by masked men, given a coat of tar and feathers and released from an automobile on a prominent corner as the evening show patrons were passing. Riley ran thru the business streets to his automobile and left hurriedly for his home in Dibell, about ten miles from here.

For the newsy news, read The News.

CALWELL KNOCKS-OUT EMKE IN ONE ROUND.

Colorado Springs, Colo., July 21.—Tommy Carter of El Paso, Texas, was awarded the referee's decision over Johnny Schauer of St. Paul at the end of their twelve-round fight here Wednesday night. The men are lightweights. They stood toe to toe and fought from the first gong until the last.

Walter Caldwell of Springer, N. M., knocked out Billy Emke of St. Paul in the first round of a scheduled ten-round bout. They are middleweights. Ernie Young's seconds threw in the sponge at the end of the fourth round. Al Knapp of Colorado Spgs., getting a technical knockout in the opener. The men are heavyweights.
