port, there is blunder and lightning on the 21st, highest temperature reached during the week was 34 degrees.

May 24-J. S. Van Dusen. A good week for farm work, retarded only one-half day by rain, heavy rain in the mountains—sending full streams through the streams and giving us good water for irrigation for the full season, having our corn and rye well under way, corn and beet crops doing well but not ready to harvest, sugar beets showing good growth.

A special wire from the headquarters of the National League of Baseball clubs states that Ration has signed Meneses, catcher; Chamberlain and Frankwater, pitchers; Quinley, third baseman; and two more ball players, to assist them in the attempt to win the first prize at the Rationite fair. There is a barrel of gold coins up at Ration, and they are coming to the fair loaded with good players.

**The Disenfranchisement**

Probably every mining camp in the country has its disenfranchiser, says the *Pinkston Prospector*. They are men who look at the green side of everything and take great delight in speaking discouragingly of the mines and the prospect of a camp to all strangers who may visit it, and especially to prospective investors. One notable disfranchiser can do more to keep a camp down

the "Yours and Ours" show. A crowd that numbered 500000 was estimated to have gathered for the parade. The parade featured a variety of floats, including a float for the "Yours and Ours" show, which was a float for the "Yours and Ours" show. The parade was a great success and was a great day for the city.
