BURSUM CARRIES STATE BY OVER 7,000 MAJORITY

Final returns from a number of counties coupled with careful estimates from the rest indicate that Hohn O. Bursum has been sent back to Washington to complete the balance of the unexpired term of A. B. Fall by a majority over 7,000, probably reaching the 8,000 mark and possibly mounting to 9,000 if his strength continues to develop as the rural precincts report.

The senator himself believes that the last named figure will be reached and has so declared in a public statement. He has stated that his return by the big majority shows the faith of the people in the Harding administration.

Bursum's majority, however, was more sweeping than that achieved by Harding last November. Out of 106,183 votes cast in the state, Harding electors received an average plurality of 1000, or about ten per cent of the total poll. Had Bursum received only that per centage, his lead would have been about 6,500. His plurality will undoubtedly exceed that figure and may advance fifty per cent above it, as he himself has indicated.

The results on the constitutional amendments cannot be determined yet. The road bond issue has probably carried. The amendment giving women the right to hold public office has possibly also received the support of the voters, although Santa Fe county turned it down 939 to 1025.

The fate of the other amendments is uncertain. Eddy county reports that all amendments carried except seven and eight. Santa Fe voted all down except four, six and eleven. In Chaves county amendments one and eleven carried precincts reporting, while seven and eight lost all precincts reporting.

Following are estimates of majorities for Bursum and Hanna in the various counties:

UNION COUNTY GIVES HANNA A MAJORITY

The election returns in Union county with all but three precincts in show that Hanna carried the county by a majority of about 130. The vote over the entire county was very light and in several precincts no election was held. In some precincts but 50 per cent of the voters took time to vote. The contest in Clayton was very exciting and while the vote was far below the vote cast in the general election, the workers of both parties worked hard to get the vote out. No definite report on the amendments can be had at the present and it will be several days before a report on them can be obtained. The following table gives the vote on the senatorial contest in the various precincts of the coun-

CLAYTON WINS THE FINAL BALL GAME

The Clayton Grays closed the season of 1921 by dishing out a defeat to the Texline team on the local diamond by the decisive score of 8 to 3. The winning of this game marks a successful close of a season which started very disastrously for the home team. We were beaten in every game and by every team from every part of the county with the exception of Dedman. But the management kept on working for a team and with the backing given by the business men, a team was at last lined up that played winning ball and they went back over the old track, defeating decisively every team that had beaten them.

The securing of Shaffer and Shaver, the battery, as regulars, and McHargue in special games, was instrumental in our winning streak. We have played some good teams and defeated them. The strongest aggregation which we have met this year was the Texline team. This team was well balanced and played good baseball. The Dalhart team, which we met twice, depended entirely on Russell, the big shine-ball strikeout pitcher, Greenville, M. Dora and Otto each had good teams. There has been more real baseball enthusiasm displayed this year than has been manifested for years, and as the season closes it is with brighter prospects for a good team next year than has existed at the close of the season for several years. In closing this preliminary statement to our baseball story we must pay our thanks to the Star Lumber Co. for the splendid benches which they donated and to the Big Jo Lumber Co. for the score board; to John Hannans and John Spring for their part in maintaining order, and to the business men in general for their financial support. The public has been generous in its patronage, and when the season of 1922 opens the

FISH FRY PARTY AT THE EKLUND DAM

One of the real social events of the season was staged at the Eklund ranch on Thursday night when a party was given by Mr. and Mrs. Carl Eklund to their friends. The nature of the party was a fish fry, and from the reports there were fish for all and to spare. The fish we are told, were caught by two of Clayton's nimrods, Chas. Claggett and Dr. Chilton, and were fried by Walton Snyder, and from the testimony we received, were done to a queen's taste.

Right here we want to tell one which we heard on M. C. Johnson, Simon Herzstein had received a shipment of fine trout the day of the party, and when he heard of the party he arranged to play a practical joke and M. C. was to be made the victim. And just think of it, Mrs. Johnson was the one taken into the conspiracy. By previous arrangement, Mrs. Johnson and Mr. Herzstein were to fish apart from the crowd, but getting there late Mr. Herzstein was told the fishing was over. Not to be outdone, however, he suggested that he and Mrs. Johnson be provided with tackle, and they would catch some fish, and they were accommodated. They went to the dam, and then Leonard Herzstein, another one of the conspirators, slipped down there with the package of trout taken from the market. After a few minutes' absence, Mr. Herzstein hooked a trout on Mrs. Johnson's line, and she carried it back to the house and displayed the catch. After a few moments more, Simon came in with one, and M. C., not wanting to be outdone, grabbed a line and went out to make a catch. After sitting on the cold bank for about 10 minutes, his patience gave out and he returned to the house in disgust as the brunt of a practical joke. Now this is the story as told to us, and if M. C. finds it out—we didn't tell it. At any rate all the guests say that they had one swell entertainment and all vote Mr. and Mrs. Eklund as the "best of all" when it comes to showing their guests a good time.

Following are the names of the guests at this party:

Mr. and Mrs. M. C. Johnson, Mrs. McVicker, Mr. and Mrs. Walton Snyder, Dr. and Mrs. L. M. Fruth, Mrs. P. H. Bankin, J. H. Rankin, Mr. and Mrs. L. N. Taylor, Mrs. Cannon, Mr. and Mrs. Simon Herzstein, Leonard Herzstein, Mr. and Mrs. C. H. Claggett, Mr. and Mrs. O. P. Easterwood, Geo. Eldred, Dr. Chilton, Maxine Wanser, Adrienne Johnson, Sigmond Herzstein, Hilma Lee Eklund, and Robt. Fruth.

CLAYTON ROTARY BANQUETS THE METHODIST MINISTERS

Last Thursday's luncheon at the Clayton Rotary Club was one that will long be remembered, not for the many good eats, because the Rotarians always provide the best to be had in that line, but on account of the many other good things we had along with the good eats.

First on the program, our popular president, T. H., called for a self-introduction of each one present. On account of the number present, not all were heard from, but each of those who did respond introduced himself in a pleasing and witty manner.

Following the introductions, Bishop Meade of Denver, spoke on the spirit and work of the rotary clubs and commended the excellent service the clubs all over the world are rendering to the betterment of mankind and his conditions. His address was short, spicy and carried a poignant message of personal duty to each member. His suggestions and advice will have a lasting effect and his williams will long be remembered.

Dr. S. Alonzo Bright was introduced by Dr. Mills in his usual pleasing manner. Dr. Bright replied in a short, spicy toast.

Following Dr. Bright our president made a few brief remarks in which he emphasized the Rotary's Business Creed as being "Service Above Self," and stated that this could be accomplished best by living up to the slogan, "He profits most who serves best."

Mr. Patterson of the Trinidad Rotary Club was introduced, and stated that in his extensive travels he had learned that International Rotary is doing more for the broadening of men's vision and for the moral and social uplift of the human race than any other organization in the world

H. S. TO GIVE FINAL LYCEUM NUMBER

The Clayton High School will deliver the final number of last year's Lyceum course in the High School auditorium at 8 o'clock Friday night, September 30th. This will be an entertainment by Emma Dee Randle, an interpretative reader.

The art of Emma Dee Randle is refined, smooth, finished, and well rounded. There is a freshness and rhythm interwoven all through her work. She unites a wholesome humor with vivid dramatic power, which instantly awakens the keenest

interest and sympathy.

Her sweet voice, so musical, magnetic and dramatic in power, responds, vibrates, throbs and echoes every delicate shade of emotion in her heart. Lyceum may well feel proud of Emma Dee Randle.

She has an almost unlimited repertoire, ranging from Shakespeare and the classics down through the great modern dramas, and even character delineations cleverly done and meant purely for amusement and entertainment. Her miscellaneous programs usually contain humorous sketches in costume—done with a fine understanding of types—and often short skits with musical settings. And no matter what the character may be, whether in classical drama or character delineation, it is always given with the same faithful devotion to her art that has characterized her every effort.

The repertoire includes leading Shakespearean dramas, and leading moderns. "Pollyanna," "Enoch Arden," "In a Balcony," "Ruth," "An Evening in Japan" might be mentioned as favorites with Randle audiences. In addition she has a splendid series of suitable sacred programs.

Emma Dee Randle gives a worthwhile program—an "Art" program is ever there was one.

On account of washouts at Pueblo early in June, the final number of last year's Lyceum could not be delivered on time. However, the Clayton High School, anxious to fulfill its obligation to season ticket holders, has arranged for the appearance of Miss Randle as stated above. Those who bought season tickets for last year's course will be admitted to this entertainment without charge. If you have lost your season ticket, phone the High School office before 5 p. m., September 30th, and you will be taken care of. Last year's season tickets will be void after September 30th.

The price of admission for those who did not buy season tickets will be 25 cents for students and 35 cents for adults.

Rev. Guy Davis who has been attending a meeting of the Dallas Presbytery held at Gainesville, Texas, returned on Monday.

SENECA ITEMS

Mr. Turlton and Mr. Adams, the chief executive of the American Farm Bureau, held a special meeting at the Knolls school house on Sept. 14. Mr. Adams made a splendid talk on the merits of the Farm Bureau, explaining some benefits already derived from the work. He also appealed to the people to not let the elevator which they have built at Texline go into bankruptcy. Mr. Adams is one of the ablest workers in the state. He is an earnest worker.

With Mr. Turlton always in the field some fine results should be obtained this year.

The county commissioners saw fit to cut out the work for next year, but the agricultural college has the interest of the farmers at heart and have decided to help them keep the work going for next year.

Miss Rosa Valdez has charge of the Moses school this term and has a good attendance, and also giving splendid service.

A political dance was held at Alencio school Friday night in the interest of Bursum.

In the election of officers of the Greed's Chapel Sunday school Mr. Clyde Huntsherry was elected for the coming year. All extend a vote of thanks to Mr. Dan Waters for the splendid service rendered.

Mrs. Lute Fones returned from Oklahoma where she was called to the bedside of her mother, who was very ill, but has somewhat recovered.

A small nephew came home with her to spend the winter.

The funeral service was held at Greed Chapel on Friday over the remains of a son of Mrs. Semin Zulo. This boy has been in poor health for several years past. The sympathy of the community is extended to the sorrowing family.

Mr. Plunkett has been working a crew of hands the past week, filling his silo. Mr. Plunkett has one of the most up-to-date farms in New Mexico.

The infant child of Mr. and Mrs. Wayne Carroll died Sunday evening at their home in Des Moines. Mrs. Carroll was Miss Hazel Smith, of Seneca.

BURNETT'S SUNSHINE

Mrs. Harrison was a visitor at Mrs. E. C. Brown's, Monday.

Mrs. Hanson and family were visitors in the county seat, Thursday.

Mr. Emmett Brown spent Saturday night at Mr. Roy Bertling's.

There was a surprise pound supper on Miss Maurine Towns, Friday night. Everyone reports a good time.

Mrs. E. C. Brown spent Wednesday

with Mrs. J. M. Curry.

Mr. Sam Pipkin and family were guests at Mr. Brown's, Sunday.

Miss Devie Edwards spent Saturday night with Misses Alice and Mary Gurry.

Misses Alice Gurry, Mollie Brown and Mr. Andy Timlinson were visitors at Mrs. Harrison's, Thursday.

Mr. Fred Thomas and family were in Clayton, shopping, Saturday.

Mr. and Mrs. Hanson and small daughters motored to Sofia, N. M., Saturday.

Misses Mollie Brown and Alice Gurry visited Plainview school, Friday.

Mr. Fred Thomas and family, and Messrs. Clyde and Floyd Brown motored to preaching, Sunday, at Thomas.

Mr. Milus Gurry returned Saturday from visiting his sister at Crowell, Texas.

Miss Belle Blodgett was a Clayton caller, Saturday.

Mr. J. M. Curry left Sunday with a load of cattle for Denver, Colo. "X. Y. Z."

41,637 PERSONS IN STATE WHO CANNOT WRITE

Washington, Sept. 13.—There are 41,637 illiterates in New Mexico, according to the 1920 census, the term "illiterate" being used to describe persons over 10 years of age unable to write.

Of the total, 23,757 are native whites, or of native parentage.

By counties, the percentage of illiteracy ranges from 39.8 in McKinley to 12 in Chaves.

PROBLEMS OF THE FARMER

These columns are open for any farmer to discuss problems confronting the agricultural industry. If you are interested in discussing these problems, write your article, sign your name and it will be published free.

REFORMING THE REFORMERS

When I was a very small boy one of my teachers told my mother that he thought I would some day go to Congress. I do not know why he did not say the White House instead of Congress for in those days every reasonably bright boy was supposed to be in line for the presidency, unless he was unfortunate enough to be of Democratic parentage. My mother and I naturally felt somewhat flattered by my teacher's remark, because we had the impression that it took brains to get one to Congress. This teacher was doubtless a good judge of brains, since he was teaching school without a teacher's certificate, having failed to pass the examination. When I grew up, I went away to school to acquire the brains necessary to qualify one for Congress. What was my chagrin, after being in school a few months, the president of the school calmly informed me that the school could do a great many things, but one thing it could not do, was to furnish its students with brains. My dreams of a brainy congressional career evaporated, and thus handicapped by brain shortage I have been forced to get along the best way I could. A few days ago I was reading the Constitution of the United States and what was my surprise to discover that brains was not mentioned as one of the required qualifications of a congressman! That discovery came too late to do me any good, so I just pass the information on for the benefit of the younger generation. Judging from the usual personnel of congress a great many take advantage of that omission in the constitution. After meditating upon the antics of the average Congress I am wondering what particular phase of stupidity my boyhood teacher saw in me that made him think that I would some day be qualified for membership in the gang that intermittently infests the capitol at Washington, D. C. I wish I knew.

Congress is not an assembly of brainy statesmen. It is not primarily concerned about progressive legislation. Neither is it specially interested in constructive reforms. Men are not usually sent to congress

on the strength of their talents as reformers. Occasionally a few good souls slip into congress and try to convert it to some reform program and we all watch the performance and secretly pity the poor fools as they bravely work at the hopeless task. When you start out to reform the reformers do not presume to begin on Congress. Congress sometimes passes reform measures but it is usually a case of public opinion forcing the reform.

Perhaps if we could reform our college presidents we would reform the real reformers. We recently tried elevating a college president to the presidency of the United States. And weren't the results simply grand! We still remember the "notes" and the "peace without victory" and the "fourteen points" and the "League of Nations." I can't exactly explain the situation, but somehow we all feel that the university president was not a howling success as a world reformer.

I once took breakfast by special appointment with the president of one of the wealthiest universities in the world—the University of Chicago, richly endowed (some would say subsidized) by Standard Oil millions. The learned president of a great university ought to feed on manna from heaven and drink the nectar of the gods, but when breakfast was brought in we were each served with a cup of coffee and two or three scraps of toast! He and I sat in his magnificent library, surrounded by all the learning of the ages and nibbled toast and sipped coffee while I listened to a learned discourse from one who had few equals in his line. And (what fools we mortals be!) I have long since forgotten even the subject of that discourse, but I will never forget those morsels of toast and that sip of coffee! I used to think it would be nice to be president of a university but think of shrinking my appetite down to fit a few morsels of toast and a cup of coffee! That breakfast was a sort of forerunner of pioneer days in New Mexico—the days that Herbert Hammond delights to refer to as the days when I was sitting out on the bare prairie without a whole shirt to my back. And, by the way, after fourteen years on these barren prairies I have scarcely a half shirt to my back (the other half is in front). I will not at this time exhibit the sacred memories of the pioneer days. It might remind you of the experiences of the optimistic colored soldier who was enthusiastic in his praise of Uncle Sam's boarding house during the World War. He boasted that during his long period of service at the front he "never missed a meal." When pinned down to the exact truth he admitted that his meals sometimes arrived three or four days behind the scheduled time but for all that he "never missed a meal." The moral of my story is that—The real reformers are the common

people and if you wish to reform the reformers—if you wish to enlist disciples for the reformation you are specially interested in, go to the common people. The average congressman is well satisfied to draw his salary and his political honors and is not much interested in reform except such as might add to his salary or to his political honors. President Wilson wasn't big enough to hold his head up among the clouds and at the same time have his feet upon the ground in touch with the common people. He sought to reform the world through the diplomats of Europe instead of thru the common people of America. The president of the University of Chicago is contented with toast and coffee for breakfast if only he may spend his life in building up a great seat of learning and in digging into the mysteries of Hebrew and Assyrian and Arabic literature. If you were interested in an industrial reform would you hope to win him as a disciple? And the pioneer in New Mexico and the soldier in the army will not be easily turned from their main purposes in life. Meals are not their main purpose in life and they will not go on strike just because their meals are not up to standard.

A neighbor of mine who has spent most of his life as a wage earner among wage earners, makes this significant remark: "Give the wage earner plenty to eat and a place to live and he will not strike." Beside of that statement I would put this statement: "Give the farmer a living and he will keep on producing. Or to say the same thing in another way—the average man will endure a great deal of injustice before he will do anything radical.

The fact, then, is this—The class of people who are profiting by an unjust condition will not be expected to start a reform. The great mass of people who can put up with the injustice will not be likely to start a reform—but the people who are so hard hit by the unjust conditions that they are down and out are bound to be radical would-be reformers. And the man who is down and out is branded as a failure and that reduces his influence as a reformer to zero or a little below zero.

These are some of the facts to be taken into account in organizing American agriculture and the conclusions should be plain to all. We farmers must work out our own salvation. Other classes have hopes and aspirations, trials and tribulations enough of their own without mixing up in ours. We can expect to mobilize the fellows first who have been hardest hit by present conditions. Later we may hope to get the help of big hearted farmers who have been better able to weather the storm. The success of the movement depends upon the humblest of the farmers lining up their humblest neighbors in the nationwide movement.

Mr. and Mrs. Walter Jamison and family and the Fudges returned Sunday night from their auto trip to Colorado.

The Misses Verma and Eva May Love, Mrs. Sarah Seely and A. B. Seely left for an auto trip at Eagle's Nest Dam, last Friday. Miss Ilma Parsons is substituting on the rural route in their absence.

Mr. and Mrs. Jess Massey returned last week and were accompanied by her sister and family.

Mrs. Chadwick and little daughter, Fern, have returned from their visit to Kansas.

Paul Robinson is working at the J. R. Massey store.

Oscar and Fred Waller and Paul Wiley were guests of Robert and Phillip Cole at the Cole home, Sunday, in honor of Robert's seventh birthday anniversary.

W. E. Summers lost a fine large mare which he recently purchased at the Jones' sale; it was kicked by another horse, which broke its leg, and it had to be killed.

Mr. W. I. Pogue's team ran away with a broadcast binder in the field, Wednesday, and tore the binder to pieces.

Mrs. C. H. Fisher of Denver, Colo., has returned home after a visit with her sister, Mrs. J. R. Massey.

Both Democratic and Republican speakers made excellent addresses at Sedan recently, during the political campaign. We were glad to see many women voters, altho a great many voters shirked their responsibility and refused to come to the polls. This is the first election where a woman has been judge, and Mrs. Florence Jenkins, republican chairwoman for this precinct, served with Mrs. L. B. Ritchey and Miss Ilma Parsons as clerks.

A Birthday Mission box was instituted at Sedan U. B. Church Sunday, and Pastor D. I. Hammond was the first one to contribute the number of pennies required according to years, having just had a birthday anniversary last week. Robert Cole also was a contributor as his birthday was Sunday. Be sure and save your pennies, old and young, for your next birthday.

ADVERTISING SPACE

(From the Byron, Calif., Times).
 The Red Bluff Daily News submits this statement: "If you had newspaper space to sell, and a payroll to meet, would you sell your space to business men who want it or would you hold it for local people who won't take it and who sometimes declare advertising doesn't pay?"

The question is one that concerns newspaper editors everywhere. In many places, notably smaller communities, the newspaper has a hard struggle for existence. It may be a live sheet, splendidly edited, but the local merchant feels that "everybody knows him" and it is not necessary to advertise; that he does about "the same amount of business anyway."

He fails to appreciate what it means to his community to spread the news abroad of its doings, of its achievements and of its opportunities for new settlers.

Every new family means at least \$1,000 yearly spent in that community. Every merchant gets his share of this.

In supporting the newspaper by advertising, the merchant encourages enterprise on the part of the publisher, and the greater the publicity given the town and district the more rapid the growth.

The local newspaper is the chamber of commerce and publicity combined. It should have the support of every one, to the end that the greatest amount of good may be accomplished.

Thousands of dollars' worth of free advertising is given every year to the community by the local newspaper. Every little thing is boosted, and people abroad begin to find out what a fine place your town is.

Only in advertising can the local newspaper find reward for its effort. The subscriptions do not more than pay for the cost of publishing and delivering the paper.

In supporting the paper by advertising, the merchant is contributing not only to his direct benefit, but to the future of the community.

Naturally, if there is not sufficient income from local sources to pay the bills, and leave a fair margin of profit, there can be no question of the justification of the newspaper in accepting advertising from abroad.

The people of Byron, for instance, would not have the Byron Times for another issue if it were not for outside advertising. The fact that this advertising space is in demand by outsiders is a tribute to the paper—to its influence and wide circulation.

The Red Bluff News wisely says that "newspaper space is not for hand-picked customers, any more than is the commodity of any other business. And all other business sells its wares where it can find a customer."

STIRRED, BUT FOR HOW LONG?

An aftermath of the Arbutle-Appel scandal in San Francisco is the airing of a lot of stories about doings in the artists' colony near Los Angeles, which seem to have been common property there for long. Booze was in unending supply at all times. Yet nobody, either private citizens or officers of the law, felt called upon to take any action against those who, all at once, are denounced as violators of the statutes. Sometimes it takes a blaze of lightning to bring into full relief the significance of conditions which had been observed many times. This appears to be one of them. At all events there is manifested a purpose to go to the bottom of the booze parties and enforce the prohibition law as it has not been enforced before.

In San Francisco an attempt has been made to extract from the central figure of the Arbutle party a statement as to whence came the liquor that led to the tragedy. Nothing came of it. A curious public spread all over the country will

watch eagerly for the next move. The illegal liquor traffic is business of such a character that there can be very little secrecy about it. It would not be profitable were not a great many people cognizant of all its details. A determined public officer should have no difficulty in getting all the information requisite to bringing the principal offenders to the bar of justice. Certainly where there are so many fully informed about the illicit trade as in San Francisco and Los Angeles, the gathering of evidence should be simple.

It is not to be expected that the sending of a dozen or a hundred violators of the prohibition law to prison will put a stop to illegal practices. But it unquestionably would make the business so risky that the numbers engaging in it would be appreciably reduced and the traffic would be minimized. Making liquor harder to get will not, of course, improve the morals of all people, but it will prove a check on vicious practices of which the Arbutle party in San Francisco was a glaring example. We might say that if the prohibition officers would work a little while in performance of their duty their tasks in future would be easier. On reflection, however, we conclude that their jobs could not be easier than they have been, judging from the lack of results obtained.—Albuquerque Journal.

CLAYTON WINS HEARTS OF CONFERENCE VISITORS

By H. VanValkenburgh

The place of the church in this crucial hour of the world's history is receiving much consideration in the various discussions at the Methodist Conference now meeting in Clayton. Reports from Dr. S. Alonzo Bright and Dr. Harry Bassett, Superintendents, and from the men of the churches both in English and Spanish for the two states and West Texas, are most encouraging. A study of the personnel of this Conference indicates that its leaders are men who have caught the spirit, and are of the highness of the West.

All humanitarian movements get their attention. The work of the orphaned children and the cripples were discussed Friday, also the national cause of public school education, when a ringing telegram, asking the passage of the Towner-Sterling bill creating a department of education with its secretary in the president's cabinet, was passed, and another urging the passage of the Campbell-Willis anti-beer bill and denouncing the recent tactics to defeat the bill and the will of the nation. Further resolutions will speak on the question of war and disarmament, and a day of prayer for the coming Conference on that subject declared. The Conference votes to meet next year at Raton, defeating El Paso by one vote. The ministers will receive their appointments Sunday night and until the last minute the public is welcome to attend and hear the fine addresses and discussions daily and nightly. Already Clayton has won the hearts of the visitors by the royal entertainment furnished by Church, Chamber of Commerce and Rotary Club.

CLAYTON COUPLE MARRIES IN DENVER

We notice in the Denver Post the marriage license of Robt. F. Boggs to Miss Agnes I. Schweska, both of Denver. This will be of interest to Clayton readers, as it marks the culmination of a romance that started here before the war.

Mr. Boggs, or "Tim," as he was known to his many friends here, was raised in Clayton, and worked for years on the newspapers. He is an expert linotype man and has been working in Denver for the past year or more. Recently, he purchased a printing plant there and is now engaged in commercial printing. He enlisted in the army and spent several months in the service, being discharged when the armistice was signed.

Miss Schweska is a sister of E. C. Schweska, and was for two years supervisor of music in the Clayton schools. She is one of the best musicians that has ever been in Clayton, and by her genial disposition she makes friends wherever she goes. Since living in Denver she has been in the employ of the Knight-Campbell Music Co., and also in concert work.

The News wishes to join with the many friends of these young people in wishing them happiness and prosperity in their married life.

COURT IS NOW GRINDING ON THE CRIMINAL CASES

The criminal docket was taken up in the District Court, Monday, and is making good progress with the following cases coming up:

State vs. Jiminez, cattle stealing, was heard Monday and Tuesday, and

the jury returned a verdict of not guilty.

State vs. Howell, passing bad checks, defendant plead guilty.

As we go to press the arguments are being heard in the Salome Gallegos murder case. This case has been on the docket since 1919. Gallegos is being tried for the murder of Lucas Cruz, near Pasamonte, in July, 1919. The case will go to the jury today.

The court also heard the case of Grigsby vs. C. & S. railroad, and awarded the plaintiff damages in the sum of \$100 and costs. This case was heard at the last term of court and a jury awarded Grigsby damages amounting to over \$3,000. This verdict was set aside as being unreasonable, and resulted in a review of the case with the above verdict. T. A. Whelan represented Grigsby and O. P. Easterwood appeared for the railroad.

ANTI-BEER BILL IS GIVEN RIGHT OF WAY IN SENATE

Washington, Sept. 22.—Supporters of the "home dry" search and seizure section of the anti-beer bill forced

the senate Thursday to take up the conference report of the measure.

By a vote of 31 to 23 a motion by Senator Sterling, Republican, South Dakota, that the senate resume consideration of the conference report was adopted despite efforts by Senator Penrose, Republican, to have the \$4,300,000,000 tax revision bill taken up instead.

The senate's action gave the anti-beer bill the right of way over all other pending legislation.

KNIGHTS OF PYTHIAS WILL CELEBRATE ANNIVERSARY

Triangle Lodge No. 46 K. of P., are making preparations to celebrate the 21st anniversary of their organization in Clayton. The event will be held on October 12th. The committee in charge is now at work arranging a program, and the Knights were assured by the committee that that the event will be observed in appropriate style. There will be a big feed, and speeches and a musical program, after which dancing will be in order. All Knights are asked to come out and make this one of the red letter events in the lodge history.

CLAYTON WINS FINAL GAME

(Continued from page 1.)

Clayton ball fans have the assurance of a good team to start the season.

The game last Sunday was a thriller, in spite of the high wind and the errors which resulted as a consequence. It looked as tho Texline was going to get off with the game until the fatal fifth inning, when Clayton, after two men were down, staged a batting rally and scored four runs.

Texline scored the first run in the first inning. T. Carle was safe on an error by Snedeger. Boggs reached first on an error by McHargue. J. Carle hit to McHargue, who threw T. Carle out at third. Boggs was caught napping at second and was thrown out, pitcher to second. Smitherson hit a long fly to center-field which McFadden muffed and Carle scored.

No more scoring occurred until the last half of the fifth, when Clayton got its scoring. Shaffer went out, third to first. Snedeger hit safe. Moore struck out. Lynch hit for two bases, placing Snedeger on third. Smitherson heaved a wild one which Carle missed and Snedeger came home. McFadden drew a pass. Shaver hit a long fly to center which Noland muffed and before he retrieved the ball Shaver circled the diamond with Lynch and McFadden scoring ahead of him. Total 4 runs.

Texline scored in the sixth. Smitherson was safe on an error by McHargue. Garvey struck out. Rogers was safe on an error by Corich. Noland hit to Shaver who got Smitherson at the plate when he tried to score. Church hit safe, scoring Rodgers. McCann struck out.

Texline scored again in the seventh. T. Carle struck out. Boggs was out, third to first. J. Carle was safe on an error by McHargue. Smitherson and Garvey each hit safe and J. Carle scored. Rodgers went out third to first.

Clayton came back in the last half of the eighth and clinched the game with four more runs. Vaughan hit to pitcher and was out at first. Shaffer went out on a fly to second. Snedeger got his third hit. Moore got on on an error by Rodgers. Lynch hit safely, scoring Snedeger. McFadden hit safe, scoring Moore. Shaver got a long hit to left, scoring Lynch, and on a bonhead play by Rodgers to catch Shaver at second McFadden scored and Shaver got back to first.

McHargue went out, short to first. Total 4 runs.

Texline was unable to do anything in the ninth and the game ended, 8 to 3. Smitherson, who pitched for Texline, was hit for 10 safeties and struck out thirteen, while Shaver allowed 8 hits and had 5 strikeouts. Following is the box score.

Clayton		Texline

OTTO'S SUNSHINE AND BREEZE

Sunday School has once again revived and we appreciate your presence. You and all have a standing invitation to some every Sunday at 10:30 A. M.

Mr. J. F. Beckner was in the city Friday, getting thrasher repairs. We think he found them; at least, we hear a buzz in that part of the country.

Before I forget I want to congratulate the Otto boys for their playing Sunday eve. Scores 11 to 2 in favor of Clayton. Hurrah, boys, you are learning. Our second baseman caught 2 balls out of 5, while our short stop caught one ball during the game.

We think that was the best done, but we congratulate and sympathize with you. We don't think it was just that Clayton has the best team.

Rumors say our boys have postponed their ball game with Denver and Boston until they can beat Clayton. Also our boys are better bean throwers than ball players.

Misses Gertie and Nora Howard took dinner with Miss Etta Mae Beckner, Sunday.

Boats are being freighted to Clayton. Four big loads were freighted for Mr. Fred Zinck, Tuesday.

Messrs. W. E. Street, J. L. Pounds and Harry Donley were in Clayton, Tuesday.

Mr. and Mrs. Seofield and family Mrs. Henry Martin and son, Mrs. Zinck and family and Misses Ersie Whitefield and Viola Howard and Messrs. Emil Fredricksen and Gordon Yates spent the most enjoyable day at Mr. and Mrs. Fred Zinck's Sunday.

Miss Etta Mae Beckner was hostess to Miss Ethel Ritchey, Sunday.

Mr. J. L. Pounds had the misfortune of getting a rib broken and his collar bone injured by a young mule, last Friday.

Miss Claudie Birdwell has returned from California, where she has spent the last year.

Some of our young folks moved to town last week to attend Clayton High School.

Mr. Roy Bertling hauled beans to town for Whitefield's one day last week.

Mr. Fred Zinck is thrashing beans very, very fast, for when he gets one bean in the sack, another is already thru the thrasher.

Mr. John Oliver and Mr. Bob Simmons were city callers last Saturday.

"FRECKLES."

SEDAN

Mr. and Mrs. Lewis Hall and family and Mr. and Mrs. Wm. Summers, Lloyd Carpenter and Philip Cole were Sunday guests at the A. J. Payne home.

Mr. and Mrs. Oyster and Mr. and Mrs. Ira Burros and family were Sunday guests at the Garret home.

Pastor D. I. Hammond and family were Sunday guests at the J. W. Dinkworth home after which they went to Stead, where afternoon services were held.

Mr. and Mrs. Al. Stuart and family were all day guests Sunday at the Perry Stead home at Stead, N. M.

A party of young folks had a picnic dinner at the creek, Sunday, following church services.

Melons, melons, everywhere. We notice an article recently about farmers in Arkansas having melons to give to the hogs. Everyone and his yellow dog have melons these days on Sedan flats, for if your own crop fails, some kind neighbor not only lends a helping hand, but in it is clasped a juicy melon for you.

Mr. and Mrs. J. R. Massey and lit-

tle son left Monday for a visit to Colorado.

Increasing interest is being felt in the union services held at Sedan U. B. Church—large crowds, some conversions and the continuance of the meeting. Bro. Walter Lobb has preached some fine truths and more faith and prayers are asked for in the Christian people that lasting good may be accomplished.

Miss Ilma Parsons has returned home after a pleasant visit in Clayton at the Claggett and Wilcox homes.

Mrs. C. E. Pipkin and children returned last week from a visit to their old home in Kansas.

Mrs. McCarley of Thomas, is conducting an instrumental music class at the residence of D. I. Hammond. School pupils are allowed a half-hour absence period necessary for the lesson.

We wonder how the plans for a Sedan exhibit at the Union County Fair are progressing??? Everybody boost for Sedan at the Fair.

In the District Court of the Eighth Judicial District, Sitting Within and for Union County, State of New Mexico, M. B. Mendelson, Plaintiff,

vs. Clarence B. Holmes, Lois Holmes, his wife, Schleter Investment Company, a corporation, Fannie C. Crane, Mary S. Fland and R. J. Nelson, Defendants.

SUMMONS BY PUBLICATION
To the above named Defendants: You, and each of you, are hereby notified that the complaint of the above named plaintiff is now on file with the clerk of the district court of Union County, New Mexico, wherein he asks personal judgment against Clarence B. Holmes and Lois Holmes upon a promissory note for Four Thousand Dollars (\$4,000), with interest thereon from February 1, 1920, and with attorney's fees at the rate of ten per cent upon the total amount due on said note and the cost of this action. Said

plaintiff also prays in said complaint a decree of foreclosure of a certain real estate mortgage given as security for said note and covering and conveying the following described real estate, to-wit:

The South half of the northwest quarter, north half of the southeast quarter of Section 25, Township 28, North Range 33 East, New Mexico Meridian.

The north half of the northwest quarter, north half of the northeast quarter, Section 25, Township 28, North Range 33 East of the New Mexico Meridian.

The southwest quarter, the north half of the southwest quarter, the southwest quarter of the southwest quarter and the northwest quarter of the Southeast quarter of Section 27, Township 28, North Range 33 East of the New Mexico Meridian, all in Union County, New Mexico, and containing in all 640 acres of land, more or less.

Said plaintiff prays that his said mortgage be declared to be a first and paramount lien upon all of the real estate above described; that you and each of you be forever barred and estopped from claiming or asserting any right, title or interest in or to said premises of any portion thereof and that said real estate be sold by special master in the manner provided by law for the purpose of paying the judgment on said promissory note, including interest, costs and attorney's fees; plaintiff alleges that said promissory note is due and said mortgage ripe for foreclosure because of defaults in the payment of interest and taxes in accordance with the provisions of said mortgage deed.

You are notified that Attorneys Morrow, Merriau and Sadler of Raton, New Mexico, are plaintiff's attorneys in said cause.

And that unless you appear to said complaint and defend on or before the 7th day of November, 1921, default will be entered against you and each of you, and you and each of you will be forever barred and estopped from having, claiming or asserting any right, title or interest in said premises in any manner contrary or hostile to the lien of plaintiff's said mortgage.

WITNESS the Honorable Thomas D. Llob, Judge of the Eighth Judicial District Court of the state of New Mexico, sitting within and for the county of Union and the seal of said court hereto affixed on this 19th day of September, 1921.

(Seal) C. C. CALDWELL, Clerk of the District Court, Union County, New Mexico.

Last Week Thousands of Women Learned New Economy in "Home-Baking"

New economy and new satisfaction have been made possible by producing Dr. Price's Baking Powder with Phosphate instead of Cream of Tartar and selling it at 25c. for a large-size 12-oz. can. Think of it!

Dr. PRICE'S
PHOSPHATE
Baking Powder
25c

For a large size can, 12 oz.

Dr. Price's Phosphate Baking Powder is the most wholesome low priced baking powder obtainable. It contains no alum and is made in the same Dr. Price Factories that have been famous for the quality of their products for nearly 70 years.

FUDGE SQUARES

3 tablespoons shortening	1/4 cup milk
1 cup sugar	1 cup flour
1 egg	1 teaspoon Dr. Price's Baking Powder
2 ounces unsweetened chocolate	1/2 cup nut meats chopped—not too fine
1/2 teaspoon vanilla extract	

Melt shortening; add sugar and unbeaten egg; mix well; add chocolate which has been melted; vanilla and milk; add flour which has been sifted with the baking powder; add nut meats and mix well. Spread very thinly on greased shallow cake pan, and bake in slow oven from 20 to 30 minutes. Cut into 2-inch squares while still warm and before removing from pan.

New Dr. Price Cook Book—FREE

Your grocer may still have a few copies of the New Cook Book—if so, he will give you one with a purchase of Dr. Price's Phosphate Baking Powder. If not, rather than have you disappointed, we will send you a copy free if you address Dr. Price's Baking Powder Factory, 1001 Independence Boulevard, Chicago, Illinois.

GRAND MASTER IN MASON LODGE DENOUNCES K. K. K.

St. Louis, Mo., Sept. 20.—The Ku Klux Klan was denounced "as destructive of free government, peace and harmony by William F. Johnson, grand master of the centennial lodge of Missouri Ancient Free and Accepted Masons in an address at the lodge's annual convention which opened here today.

"As the impressions seem to prevail in some sections," declared Mr. Johnson, "in that the Masonic fraternity is directly or indirectly associated with or furthering of this (Ku Klux Klan) secret organization, and as I have been asked on numerous occasions what relations, if any, our fraternity bears to such secret society, or order, it is well that the seal of disapproval be positively placed by this grand lodge upon this secret organization which assumes to itself the right to and authority to administer law and punish crimes.

"Nothing is more destructive of free government than secret control. The arraying of race against race, color against color, sect against sect, is destructive of peace and harmony, which is the great end we, as Free Masons, have in view. We profess and trust that we are true to our government and just to our country.

"We cannot as Free Masons and good citizens, recognize the right of any secret society or combination of men to assume to themselves the right to administer law and to inflict punishment upon their fellow men.

Such an assumption is subversive to our republican institutions, contrary to the great principles of free masonry.

"An organization that practices censorship of private conduct behind the midnight anonymity of mask and robe and enforces its secret decrees with the weapons of whips and tar and feathers, must ultimately merit and receive the condemnation of all who believe in courts, open justice and good citizenship."

WAR FINANCE CORPORATION

Washington, Sept. 21.—The War Finance Corporation has announced that it has made arrangements for the administration of Section 24 of the Agricultural Credits Act, which authorizes the corporation "to make advances to any bank, banker, or trust company in the United States" which may have made advances for agricultural purposes, including the breeding, raising and marketing of livestock, or may have discounted or rediscounted notes, drafts, bills of exchange, or other negotiable instruments issued for such purpose. Agricultural loan agencies have been created in important agricultural districts and these agencies will be in charge of local committees composed of five representative bankers and business men. The members of most of the committees already have been appointed, and their personnel and location will be announced as soon as acceptances are received.

The committee will receive and pass upon applications from banks, bankers, and trust companies located in their respective territories for advances pursuant to Section 24, and will make appropriate recommendations to the War Finance Corporation at Washington. In order to avoid undue delay in handling applications, three members of each committee have been selected from the city and town in which the headquarters of the loan agency will be located.

All applications for loans submitted to the agencies must be in triplicate, or forms provided for that purpose by the War Finance Corporation.

Applications in connection with export financing, including applications of dealers for advances to assist in carrying agricultural products for export, and applications of cooperative associations in connection with export and domestic business, will continue to be handled directly from Washington.

RECRUITS FROM ALL COUNTRIES NOW SERVING WITH U. S. MARINES

Washington, September 17.—While the majority of Marines are native born, recruits from almost every country in the world enlisted in the Corps during the fiscal year ending June 30, 1921, according to an official report compiled by Marine Corps Headquarters.

The total American born numbered 11,735, and of this number New York State contributed 1,096, Pennsylvania 916, Illinois 847 and Ohio, 549, the remainder coming from every state of the of the Union. The alien born recruits, who are required to have either their first or full citizenship papers numbered 1,126, and represented over fifty foreign nationalities. All European countries are represented in the report, and there are recruits from Java, Madagascar, Egypt, Syria and from several of the Latin-American republics.

BODY OF SAMUEL MARES HAS BEEN SHIPPED HERE

A telegram received Wednesday night by Mrs. Seforina Mares stated that the remains of her son, Samuel Mares, who was killed in action during the world war, were shipped from New York, Thursday, Sept. 22. The remains are expected to arrive here about Monday or Tuesday, when notice to all ex-service men will be sent out as to when the funeral will be held.

We publish this so that all ex-service men may be ready to turn out in full uniform (if possible), and make the attendance the largest ever at a funeral in Clayton.

If you ex-service men don't get your notes, come in anyway—we want all of you to accompany us. By Legion Committee in Charge of Funeral Arrangements.

Ford

Announcement!

Mr. Edsel B. Ford, President of the Ford Motor Company, makes the following announcement:

"We are making another reduction in the prices of Ford cars and the Ford truck, effective today. The new prices average \$70.00 under former prices, and are the lowest at which Ford cars and trucks have ever been sold. List prices, F. O. B. Detroit are now as follows:

	New Price	Old Price	Amount of Reduction
Chassis	\$295	\$345	\$50
Runabout	325	375	50
Touring Car	355	415	60
Travel	445	505	60
Coupe	595	665	70
Sedan	660	730	70

"This is the third price cut during the past twelve months. On September 22, 1920, the price of the Ford Touring Car was reduced from \$675 to \$540; June 7th to \$515, and now to \$355, making total reductions in this type of \$220, or 38 per cent. The same proportionate reductions have been made in all other types. One year ago the price of the Ford Sedan was \$975; today it lists at \$660 with the same equipment.

"We are taking advantage of every known economy in the manufacture of our products in order that we may give them to the public at the lowest possible price, and by doing that, we feel that we are doing the one big thing that will help this country into more prosperous times. People are interested in prices, and are buying when prices are right.

"The production of Ford cars and trucks for August again broke all previous high records with the total reaching 117,696. This is the fourth consecutive month in which our output has gone over the hundred thousand mark, the total for the four months being 501,074; which has gone a long way in making possible the present reductions. June this year, with an output of 117,247, was the previous record month.

"One noteworthy feature of our sales is the increased demand for Ford trucks and cars for salesman. This class of commercial business has been gradually increasing the past sixty days and we interpret it as a very good sign of improvement in general business.

"No reduction has been made in the price of the Fordson tractor, and none is contemplated.

Go over these new prices. See how little it costs to become the owner of a Ford car or a Ford truck. Can you really afford to do without one any longer?

Let us tell you more about it, and advise you regarding the delivery of the particular type of car in which you are interested.
