ROOSEVELT BOY CAPTURES WOOD

Lawrence Hunt plunged into politics to root for Roosevelt. He lived in Forest Hills Garden, L. I., and worked with all his might to bring about the nomination of his idol. He wrote a pamphlet, among other stunts, and called it "The Boys of America to the Republican National Convention." One copy he mailed to Leonard Wood, commanding the Eastern department of the army on Governor's Island, New York harbor.

Among other things, Lawrence said that "a great army of American boys whose fathers are Democrats, will ask their fathers to vote for 'Our Teddy,' and the fathers will do it too, and Roosevelt will be elected." He laid stress on the fact that while "Preparedness" is Colonel Roosevelt's issue, his motive is "Peace on earth, good will toward men."

Leonard Wood was struck by the mature ideas of the boy and replied to his letter in these words: "Governor's Island, N. Y., June 6, 1918. "My dear Lawrence:

"Thank you for your pamphlet, 'With Armageddon Abroad. Let Us Have Peace Around Our Christmas T. R. ce.' This is the desire of all our people. No one who knows anything about it wants war unless it is to save our people and the institutions and ideals which we believe are worth more than life itself.

"Preparedness is not preparedness for war; it is simply a peace insurance which we think is worth while taking out because it will enable us to protect all those things which are dearest to us Americans. It will enable us to avoid war because the world will see we are not only just and well-meaning; but we are prepared to resist the forces of evil with the strength of the right.

"I appreciate more than I can tell you the kind thought which prompted you to send this. All our people are interested in peace, but in the peace of righteousness, and consequently they should be interested in rational and proper preparedness.

"Sincerely yours,

"LEONARD WOOD."

Lawrence was proud of the letter and kept it to show his little friends. He gave it to the Evening Mail, with the message:

"The honor Gen. Wood has done me in sending this letter is an honor to all boys, in whose names I wrote my pamphlet, and so I am bringing it to the Evening Mail so that all may read this message of peace from the American army."

FIRST CHOICE IN 19 STATES

Wood Leads Lowden by 143 Delegates in Poll Taken by New York Newspaper.

New York, April 22.—Leonard Wood holds a lead of 143 delegates over Governor Lowden in the presidential preference poll being conducted by the Sun and New York Herald, taken among the chairmen of the county committees. The candidate who gets the greater number of first choice votes receives credit for the number of delegates from the entire state.

Wood is first choice in 19 states and second choice in 13. Lowden is first choice in 9 and second choice in 16. Johnson is first choice in 2 states (not including Michigan).

Total number of delegates indicated by county chairmen's preferences: Wood, 352; Lowden, 200; Spruill, 70; Johnson, 36; Coolidge, 35; Watson, 30; Borah, 8.

The poll, so far, includes 34 states.

WOOD PARDONS DESERTER

Recognizes Mitigating Circumstances Which Led Him to Leave Bunkies to Race With Stork.

Omaha, April 22.—Private Lester L. Duncan, a Nebraska boy, deserted the army in San Francisco when a telegram reached him announcing a prospective addition to his family.

He returned to Omaha to find the baby in his home. After he had earned enough to keep his wife and child in comfort for several months, he gave himself up at Fort Omaha.

As a prisoner he did his tasks cheerfully, feeling that he had done his duty as a man, if not as a soldier. In February a court-martial recommended clemency. The announcement of the decree of the Central Department came direct from General Wood. It was a full pardon because of mitigating circumstances.

NEBRASKA LEGION FOR WOOD

Omaha, Neb., April 22.—Leonard Wood will receive 75 per cent of the vote of the American Legion members in Nebraska, according to reports received here. At Tokamah, Neb., a poll was taken and Wood received 60 votes, Hoyer 16, Hitchcock 11, Pershing 10, Edwards 4, Johnson 1, Lowden 2, Lansing 1 and Wilson 1. At Fairbury the officers of the post had difficulty in keeping members from passing a resolution endorsing Wood for the presidency.

New Mexico Weekly Industrial Review

Continued strikes and labor agitations are adding steadily to the already "high cost of loafing". How long before we will see this? It takes operating industries to fill the dinner pail and dining table.

April 19.—Albuquerque starts city improvements including 27 blocks paving program.

State now has 74 banks.

Lovington opens new state bank.

If the farmers of this country do not secure common labor soon to help till the soil, we will face a food famine in not far distance future.

Fort Bayard to be transferred from army, to public health service.

Lordsburg well shows oil of very pure quality.

Lordsburg—Great Eagle mine has 3,000 tons fluorspar ready for shipment.

Santa Fe plans lower lumber rate from El Paso to points in state.

Rich mineral district near Lordsburg, named Pyramid City.

There seems to be a nation wide demand in the interest of industry that so-called excess profits tax be removed.

Magdalena—Present outlook especially good for successful lambing season.

Magdalena Light & Power plant best equipped in state.

Towns in Artesia district to raise \$5,000 for roads.

Clovis—Cattlemen endorse children's charity hospital project.

Columbus will have modern hotel soon.

Fort Sumner—Spalding oil Co. starts drilling.

Mogollon—All big mines will be operating soon.

An industrial school for Spanish-American boys will be built at Alameda.

The "overall" club at the state house scored a big gain in the membership today as J. M. Larrazolo, deputy game warden, who has charge of the membership, announced that 67 men and girls had pledged themselves not to buy any new wearing apparel.

The roster includes Lieutenant Governor Pankey, Secretary of State Manuel Martinez, Justice of the Supreme Court Clarence J. Roberts, State Engineer Leslie A. Gillett, Superintendent of Public Instructions I. H. Wagner and Adjutant General James Baca, in addition to many deputies and employees at the state house.

The club today gained four girls as members. They said, however, that they didn't expect to do overall's right away, and pointed out that the pledge only required them not to buy any new wearing apparel without the consent of the club. If the high cost of clothes holds out against the attack to long, however, they may be forced—well, why worry about the future.

Yaqui and Maya Indians a formidable force

Agua Prieta, Sonora, April 19.—Sonora's chief force to oppose President Carranza on the Chihuahua frontier will be Yaqui and Maya Indians. Heavy concentration of the redskins is being made here to attack the forces of the Mexican president, according to the announcement today of General J. M. Pina, military commander of this district, where the Carranza forces are expected to put up their hardest fight to subdue the revolutionary state.

More than a thousand Yaquis under Colonels Rodriguez and Aguirre are encamped here and it was announced a battalion of Mayas, corresponding in a regiment of United States soldiers, are en route to the concentration camp here.

The Mayas are among the most peaceful and industrious tribes of Indians in Mexico, it was said, but at the same time the best warriors in battle. The Maya Indians were President Carranza's chief force when he was in Sonora and with them as a nucleus he was able to rise to the highest power in Mexico.

Colonel Aguirre arrived here late yesterday after marching 28 miles from Naco, a test that would bear heavily on any soldier, yet it was said all arrived in fine condition. This band for months previously had been fighting Mexican federal forces in an attempt to win back their tribal lands.

No reports were received here today from Sinaloa, where Sonora forces under General Flores, captured Culiacan, capital of Sinaloa, and were reported marching on the seaport of Mazatlan.

Denver half buried in heavy snow

Denver, Colo., April 19.—With relief promised by the weather bureau and slightly improved conditions in the city already apparent, the immediate released from the grip of the blizzard which has bound Denver for the past 48 hours, was in sight early today.

Light snow was still falling, but the wind, which had been piling it into huge drifts that blocked railroad tracks and city streets, had abated. Heavy street sweeping machines and snow plows had taken up the task of opening the streets and tracks to traffic.

Several of the main downtown streets, closed to traffic by proclamation by Mayor Bailey, were being cleared as fast as possible two trains will arrive over the Burlington line today, but all others were reported as indefinite. All trains have been running many hours late.

CARRANZA IS LOSING MEN

San Antonio, Texas, April 21.—Unofficial Mexico City advices received in Mexican circles here today said President Carranza had asked the Mexican congress to "suspend the individual guarantees" in order that the entire country may be placed under military law.

Washington, April 21.—Official and unofficial results received here tonight from the ranks of Carranza adherents. Advices to the state department said that General Fortunato Maycote had joined the Obregonists with his entire command, which has been operating in the border country near the states of Morelos, Michoacan and Guerrero, a short distance west of Mexico City.

Obregon, General Benjamin Hill and a number of friendly officials who recently fled from Mexico City, are with Maycote's command, which consists of three regiments of cavalry and two of artillery.

Private advices from the border said that General Arnulfo Gomez with 3,000 men had occupied Tuxpam and were threatening Tampico.

These advices also declared that Colonel Rodolfo Gallegos and 400 men in Linares, Nuevo Leon, had declared in favor of Sonora, as had General alfonso Gomez and Amaro Durango in Chihuahua.

Advices from the same source also said that Governors Nicolas Flores, of Hidalgo, and Maximo Rojas, of Tlaxcala, backed by the legislatures and state troops, also had declared in favor of Sonora.

Reports at the state department said a group of 15 deputies had left Mexico City for Sonora by way of Laredo. The names of the members were not given in the advices, but it was supposed they were among the 48 who recently issued a manifesto charging Carranza with having precipitated the present situation by his arbitrary civil and military acts against the various states of the republic. Officials here have noted that the censorship is being rigidly enforced in Mexico City. Copies of Mexico City newspapers received yesterday and today contained many blank columns, especially on the editorial pages.

Ugly strike on at Butte

Butte, Mont., April 21.—Clashes between mine guards and the I. W. W. picketers marked the opening of the third day of the strike called Sunday night by the I. W. W. for higher wages, a six hour day, and the release of political prisoners. In other respect the local situation is the same as yesterday.

No ore is being hoisted by the mines of the district, but various companies are able to keep their pumps going and to otherwise protect their properties. Practically no miners go through the lines of picketers this morning but engineers and pumpman reached the mines in sufficient numbers to keep the mines from being flooded.

No arrests were made. About 200 men last night entered the Finlen and other hotels and half a score of business places, including barons and other resorts in quest of "monshine" liquor which they proposed to destroy. The movement was planned, it was said, with a view to enforcing the closing of resorts. No liquor was found out a number of card games were interrupted and the cards torn up and the players dispersed. One policeman fired two shots in the air.

Allies ready to use Force against Turks

San Remo, April 21. (by
the Associated Press)—The
supreme council of the allies is
fully prepared to execute the
Turkish treaty by military force
if necessary. The council accep-
ted today a plan drawn for the
employment of the allied armies
by Marshal Foch, field marshal
Sir Henry Wilson, British chief
of staff, and General Baboglio,
Italian chief of staff, who were
present at the morning session.
Two hundred thousand allies
troops now are within the bor-
ders of the Turkish empire.
strategically dispersed and the
forces can be increased if Tur-
kish resistance develops formi-
dable, to any essential numbers.
Greece will probably supply the
largest number of troops.
Supplementary naval land
were also approved by the coun-
cil.

The treaty which the council
purposes to finish today does
not include the final arrange-
ments for mandatory states.
They will simply be cut apart
from Turkish and disposed of
by the supreme council in the fu-
ture. The council has determi-
ned to leave Kurdistan part
Turkish territory for a period of
two years and then decide whether
to leave it with Turkey or
make it a separate province un-
der a mandate.

The morning the council dis-
cussed the composition of mili-
tary, naval and aerial commis-
sions in Turkey. It gave to the
military and naval experts the
instructions necessary for prepa-
ration of data for compilation
by the editorial committee on
articles relative to the Turkish
treaty.

The first to be fixed for the
right of requisition to be exer-
cised by these commissions also
was considered. The question
of Kurdistan was settled by the
council.

The communication issued
by the council after the after-
noon session follows:

"The council resumed discus-
sion of the clauses of the Tur-
kish treaty and afterwards
heard naval and military ex-
perts on certain technical points
which required clearing up. The
sitting closed with certain ter-
ritorial question under discus-
sion."

MINSTREL SHOW COMING

A large audience at the Gar-
rick last night witnessed the
Washburn Minstrels. They give
a high class and clean perfor-
mance. Their opening was a fine
scenic production, the Festival
of Flowers. A beautiful stage
setting. All of these costumes
were the finest silks and satins.
The end men were certainly
funny. The jokes were new to
us anyway. The singing and dan-
cing was good. The olio or vaude-
ville part that followed the
first part was very clever. Jim
Wise (from Georgia by telegraph),
the leading comedian, in a
bright and new monologue, was
fine. Jimmy Stewart with his
one string fiddle was a riot.
Watts Bros. billed as acrobats
supreme, surely filled the bill.
A very clever performance, John-
son & Johnson, Crosby & Crosby
and several other clever acts
closed the olio. Then came the
clowning bill, entitled the Pullman
Porter. A very funny act. Take
all the way through, it was
the best minstrel show that has

CRIPPLED INDIAN HONORED

Invited to Ride by General Wood,
Who Hears Him Tell of Fight-
ing in Russia.

Menominee, Mich., April.—Peter
Koscheck, a Menominee Indian who
served with the Three Hundred Thirty-
ninth Infantry in northern Russia and
was wounded twice by the bolsheviks,
arrived here with the party of Leonard
Wood. Koscheck hobbled four miles
over country roads to meet the gen-
eral's train at Harris. When Wood
heard of this he insisted that the sol-
dier ride to Menominee so that he
might talk to him.
"Every overseas man is for General
Wood," said Koscheck, who is intelli-
gent and well educated. "They know
that he will be the best man for pres-
ident."

LEONARD WOOD AS A SURGEON

Leonard Wood's taste ran to surgery.
He became attached to a lieutenant
who was a good football player. One
day he asked the young officer: "I un-
derstand you are a married man and
that your wife is ill. Where is she?"
The lieutenant told Wood his wife
was in a Southern sanitarium suffer-
ing from a malady that baffled the
physicians. He described the symp-
toms.
"Sounds like necrosis of the bone,"
said Captain Wood. "Bring your wife
home. I'll guarantee that I'll have her
walking within six weeks after I per-
form an operation." He did, for the
lieutenant's wife was dancing six
weeks after the operation was per-
formed by Wood.

WASHINGTON FOR WOOD

Seattle, Wash., April.—Sentiment
is strong for Wood in this state as
against Lowden or Johnson. This is
indicated by every poll which has been
taken. A poll of 104 members of the
legislature for their first, second and
third choice shows a total of 94 for
Wood, 79 for Polindexter, 60 for Low-
den, 37 for Johnson. This reflects the
real Wood sentiment in the state. A
majority of the Polindexter vote would
favor Wood as against any other can-
didate.

The city of Seattle, which comprises
the first congressional district, is being
thoroughly organized and shows an
overwhelming sentiment for Wood.

WOOD REPLIES TO BORAH

Chicago, April.—Before he start-
ed for his Ohio tour, General Wood
gave out the following signed state-
ment:

"I wish to say in reply to Senator
Borah's charges and insinuations as to
excessive and improper use of money
that such charges are false and that
such insinuations are unwarranted.
The charge that the national conven-
tion can be bought or controlled by
money is an insult to every member
of the convention and to the nation at
large."
LEONARD WOOD.

INDIANA CAMPAIGN ARRANGED

Indianapolis, April.—District man-
agers of the Wood organization in In-
diana plan a tour of the state by the
candidate and an intensive campaign
to give him a smashing majority in the
primary on May 4. Wood forces with
petitions signed by 23,000 persons and
hundreds of other volunteers will have
the greatest force in Indiana's history
for primary day.

T. ROOSEVELT EXTOLDS WOOD

Detroit, Mich., April.—In a tele-
gram to Republican voters Assembly-
man Theodore Roosevelt of New York
calls attention to the serious situation
the nation is facing at present. He
asks them to make no mistake in se-
lecting their choice for presidential
nominee. His statement reads:

"We are approaching the election
next autumn of the presidential can-
didate. We of the Republican party
are going to be successful. Rarely, if
ever, in its history has the country
been in a more critical condition,
shaken by the strain and turmoil of a
great war, and debauched by eight
years of the Wilson administration,
we are the prey of violent oscillation
of thought.

"The trend given to our actions dur-
ing the coming four years will shape
our country for many decades in the
future. We need a man who will com-
bine two principal characteristics.
First, the fearless determination to
preserve law and order and the ideals
of this country—and second, the abil-
ity to conceive and put into operation
the fundamentals of constructive, sane
liberalism.

"General Wood is this man. He is
not a man whom we have to take on
trust. He is a man with a record
which is his recommendation. He has
handled the most difficult adminis-
trative work with consummate success,
as his record in Cuba and the Philip-
pine Islands indicates. There he pre-
served order under trying circum-
stances with justice and wisdom in
such a manner that that order did not
collapse when he left but remained as
a testimonial of his success there.

"He handled economics in such a
fashion that general prosperity and
fair dealing contributed to the good
of all people concerned.

"Above all, General Wood is a big
man. He is big enough to desire to
have around him only the best men.
He is not afraid that the work of a
subordinate will overshadow his
achievements. We want Wood at this
time."

LABOR UNITED FOR WOOD

Leaders See Through Attempts to Kill
Him Off and He Is Now
Stronger Than Ever.

Chicago, April.—The growing en-
thusiasm of labor for the candidacy
of Leonard Wood for president is be-
coming a more striking feature of his
campaign for the nomination every day.

Carl Young, president of the Michi-
gan State Federation of Labor, says:
"Labor has seen through the efforts
of the administration to kill Wood
with the labor vote. Efforts to this
end were made by sending Wood to
Cuba, Gary and the coal fields of
Virginia. The hope was enter-
tained by the administration that
Wood would ruin himself with the la-
bor element.

"Instead, Wood by his fairness and
sincerity and his justice in handling
these difficult situations, won the es-
teem and respect of the thinking ele-
ment in the ranks of the toilers. He
should have labor's support through-
out the country."

PROUD OF HIS UNIFORM

Springfield, Ill., April.—Five thou-
sand persons heard the address of
Leonard Wood in this city.

"I am here in uniform, with no
apologies to offer for that uniform,"
he said. "Whatever I have done for
that uniform," he said. "Whatever I
have done for this country, whatever
service I have rendered either here, in
the Philippines, in Cuba, or elsewhere,
I have rendered in uniform, whether it
has been civil or military service."

"The man who apologizes for the
uniform insults the memory of every
dead American in France. He is a
man who strives to dishonor the mem-
ory of every American who has died
in uniform since the Declaration of
Independence, down to the last skir-
mish in the world war."

YALE NOMINATES WOOD

Chicago Alumni Give Him 142 Votes
Out of 250 Cast at a Mock
Convention.

Chicago, April.—The Yale club of
Chicago nominated Leonard Wood for

KNOWS WHO KEPT HIM HOME

Cairo, Ill., April.—While Gen.
Leonard Wood was speaking from his
train at Jerseyville, Ill., one of his
hearers asked: "Who kept us out of
war?"

"I can't answer that question," Gen-
eral Wood said, "but I know who kept
ME out of the war."

NEW MEXICO WOOD STATE

Santa Fe, N. M.—Now Mexico was
added to the growing list of Leonard
Wood states when a poll of the Repub-
lican state central committee on a re-
solution endorsing Wood for the Re-
publican nomination showed 39 for and
only 4 against. The state convention
for the selection of delegates will be
held here March 28.

Just Where and How Is the Money to be Spent?

A businesslike Answer to
a businesslike Question

THIRTY denominations cooperating in the Inter-
church World Movement have budgeted their
needs. No business could have done it more scientifi-
cally.

They have united to prevent the possibility of dupli-
cation or waste. At least a million dollars will be saved
by the fact that thirty individual campaigns are joined
in one united effort.

Each denomination has arranged its budget under six
main heads:

1 FOR THE CHURCH'S WORK AT HOME. A score of times come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?

2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3 FOR HIGHER EDUCATION. Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools; and you have only to read their list of alumni and graduates to measure the value of their contribution to America.

4 FOR RELIGIOUS TRAINING. At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washingtons and Lincolns if with dies out of the hearts of its youth?

5 FOR THE CHURCH'S WORK ABROAD. Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.

6 PREACHERS' SALARIES. The preacher is called the "forgotten man," and well he may be. Eight out of ten preachers are paid less than \$20 a week!
