Your Library, Anywhere, Anytime!

by Kelleen Maluski on August 17th, 2020 | [o Comments](#)

Welcome to all of our new and returning learners, as well as those of you who have been here throughout the entire summer. We are very excited to work with you all during the Fall 2020 semester and to provide you with the same great service you have come to expect from the Health Sciences Library and Informatics Center, with a few changes to formatting for our current times.

It is important to note that while the physical building is currently closed, the Library is very much still open! You can still access a majority of our materials online, utilize our pick up service for physical items, and book consultations with a librarian. We also now have a chat service and a more streamlined way to ask questions and book appointments, all of which can be found at [Ask a Librarian](#).

To get familiar with our services check out our [Library Services Guide](#), be sure to watch our Intro to Library Services video, and let us know if you have any questions!
