BANK RESOURCES GAIN

JUMP NEARLY FIVE MILLIONS DURING PAST YEAR.

Increase is Nearly \$400,000 Monthly And Depositors Total 38,097 Compared With 31,574 Last Year.

Western Newspaper Union News Service.

Santa Fe—From May 1, 1916, to May 1, 1917, the total resources of the state banks of New Mexico increased from \$11,424,242.08 to \$16,371,579.76, a total of \$4,947,337.68. The total deposits increased from \$8,266,495.21 to \$12,386,220.97, a total of \$4,119,725.76. The total loans and discounts increased from \$3,671,825.60 to \$12,171,662.98, a total of \$8,499,837.38. The total number of depositors increased from 31,574 to 38,097, a total of 6,523.

These figures, which further demonstrate the phenomenal growth of state banking in New Mexico, are shown in the report of State Bank Examiner George H. Van Stone, covering conditions at the close of business on May 1, and comparing these conditions with state bank conditions at the close of business May 1, 1916.

In the year state bank resources increased at the rate of more than \$400,000 monthly. The number of banks reporting was 66, as against 52 a year ago.

Men Can't Fail if Women Help.

Estancia—A large crowd assembled in the court house to hear Governor and Mrs. Lindsey speak. The governor urged the registration of all persons within the age limit for the selective conscription, which he explained thoroughly. He said that those better qualified for the farm would be placed there; those for the air, there; those for the submarine, in that capacity. Mrs. Lindsey indicated that there was no chance for the men to fail if the women stood by them. She urged the greater production of food and showed how economy could be observed to the great advantage of America and her allies. She became quite eloquent in an appeal for protection of the boys who are sent to the front, from outside evils, saying, "We are willing to give up our boys for the nation, but not to contamination."

Planting Beans and Spuds.

Hyer—Farmers in the vicinity of Hyer and Venus are busily engaged in the work of planting beans. In order to do their share toward increasing the crop output of the country. This neighborhood has gone in quite strong on beans the past few years, but there will be a big increase in the acreage planted this year.

Planning Prohibition Campaign.

Santa Fe—The Women's Christian Temperance Union, the Anti-Saloon League and all the other temperance forces, held a rally at the court house as a preliminary to organization for the coming state campaign. Chief Justice R. H. Hanna, Governor Lindsey and K. E. Farley were among the speakers.

Two Old-Time Residents Pass Away.

East Las Vegas—Two old time residents of San Miguel county have answered the final summons. Nasario Romero, aged 78 years, died after a long illness. Mrs. Lenor Sanchez de Gallegos, mother of former Sheriff Roman Gallegos, now a member of the state senate, died at the advanced age of 80 years.

Guardman Shot in Armory.

Santa Fe—Henry Romero was shot through the head and instantly killed by a bullet from an army automatic in the National Guard armory. Ramon Trujillo is held in connection with the shooting. Both men are members of Company E.

Santa Clara Pueblos Increase Acreage.

Santa Fe—Santiago Naranjo, the sage of Santa Clara, and his wife, came in from the Espanola valley and reported that the Santa Clara pueblos are greatly increasing the area under cultivation on their 17,000-acre grant as well as on their reservation along the Santa Clara river.

Names Richardson Financial Agent.

Santa Fe—Governor Lindsey appointed G. A. Richardson financial agent at Fort Sumner, de Baca county, in place of George W. Carr, who has moved to Portales. He also named T. A. Muirhead of Tucuman, and J. E. Johnson of Logan, additional financial agents for Quay county.

Seven Counties Report Activities.

Santa Fe—The State Council of Defense has heard from seven counties showing that activities are under way to increase the production of foodstuffs in New Mexico. These counties are all in the northern part of the state. Other counties, no doubt, are doing equally as well.

Find Unknown Man Dead.

Santa Fe—The authorities were notified of the finding of the body of a man in the Cooper pasture near Kenia, not far from the Santa Fe-Roswell road. The body was badly decomposed.

Sues Mining Company for \$22,000.

Santa Fe—Suits for \$22,550.60 was filed in the District Court by A. W. Day of Milwaukee against the Key-stone-Bromide Mining Company in Rio Arriba county.

PEOPLE TO RULE, SAYS EMPEROR

BUT AUSTRIAN EMPEROR RE-SERVES RIGHT TO DETERMINE TIME FOR MAKING PEACE.

THREE U. S. SHIPS SUNK

REBELS SEIZE FORT DEFENDING PETROGRAD; GOVERNMENT AGENTS REMOVED.

Western Newspaper Union News Service.

Copenhagen—Reports from Vienna say that simultaneously with the opening of the Austrian Parliament thousands of workmen ceased work and organized a great procession as a demonstration for peace.

Amsterdam—The proud house of Hapsburg bowed to the twentieth century spirit of democracy. In the Reichsrath, the Austrian Parliament, the young Emperor-King, Charles II, made the most liberal, most progressive speech heard from the lips of any monarch in the war and ever before. He pledged to the people of the dual monarchy a hand in the determination of their destinies, offering them virtually a partnership in the government. This was the epoch-making passage of his address.

"A happy development of our constitutional life is not possible without expanding the constitution and the administrative foundations of the whole of our public life, both in the state and in the separate kingdom's and countries, especially in Bohemia."

The Emperor's speech contained two important references to peace. He declared that under the constitution he alone must make "the decisions to be taken at the great moment of the conclusion of peace." He reiterated the central powers' readiness for peace and said the peace that ends this war must be of a sort that leaves no animosity or thirst for revenge behind.

London—Among the Americans on board the schooner Barbara, the sinking of which was reported, was Harry T. T. of Colorado. He was employed as a steward on the vessel.

The American sailing ship Drigo, 3,005 tons, has been sunk by a German submarine. The crew has been landed, with the exception of John Ray, third mate, who was drowned when the small boats were being launched. The boat attack was without warning.

The admiralty reported attacks (presumably followed by sinking) of the two American sailing vessels Frances M. and Barbara. The Frances M. was fired on by shells from a German submarine May 18. The crew was reported safe at Cadix.

Petrograd—The fateful decision of the workmen and soldiers' delegates to assume control of Kronstadt, the great fortress which defends Petrograd, was carried by a vote of 219 against 40, with eight of the delegates abstaining from voting. It is announced by the workmen and soldiers' delegates that henceforth the relations of Kronstadt with Petrograd and the remainder of Russia will be only through the intermediary of the Petrograd branch of the delegates. The local workmen's and soldiers' council at Kronstadt announces that it has taken in its hands the effective power of Kronstadt, that it does not recognize the provisional government, and that it has removed all the government's representatives.

Mobilize Army in Sixteen Camps.

Washington—Important revisions in the plan for training the war army have been made by the War Department, which announced that the 500,000 men to be called to the colors in September will be concentrated in sixteen cantonments instead of thirty-two, and that many of the forces probably would be put into tents instead of wooden barracks. Lack of funds, material, labor and transportation facilities, Secretary Baker said, were determining influences in the decision to reduce the number of cantonments.

British Guns Batter Ypres Line.

Paris, June 2.—Germans gained a foothold in advanced trenches near Moulou de Laffaux. They still hold a portion of them. French artillery fire checked German efforts against hill 304. Germans suffering heavy losses. Increased artillery firing in the Ypres sector in Belgium. London and Berlin comment on activity of heavy guns in that region. British capture during May 3,412 Germans and one large German gun. In April the British took more than 19,000 prisoners and 257 large guns and howitzers.

Tornado Toll, 21 Dead, 100 Hurt.

Kansas City.—Twenty-one known deaths, injuries to more than 100 persons, and large property damage resulted from a series of tornadoes in southeastern Kansas, north central Oklahoma and southern Missouri late Friday.

Congress Honors Greeley Minister.

Washington.—Dr. Paul H. Yourd of the Greeley, Colo., United Presbyterian Church opened the House of Representatives with prayer.

M., as his post-office address, did on April 10, 1917, file in this office a duly corroborated application to contest and secure the cancellation of your Homestead Entry No. Serial No. 033426 made No. 29, 1915, for N. 1/2 Sec. 34, Twp. 29, R. 16 S., R. 33 E., N. M. P. M. and as grounds for contest he alleges that said Tom Duty has never established residence upon said lands; that said Tom Duty has abandoned said land for more than six months last past; that said land has been wholly abandoned; that said abandonment was not due to military service rendered in connection with operations in Mexico or along the border thereof or in mobilization camps elsewhere, whether such service be in the military or naval organization of the United States or the national guard of the several states now or heretofore in the service of the United States.

You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be canceled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. If this service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered; if made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the post office to which it was mailed, and this affidavit must be accompanied by the postmaster's receipt for the letter.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.

Flies Are More Dangerous Than You Think

Flies breed so fast it is difficult to stamp them out. But, at least, we can keep them out of our houses. And we want to keep them out—not only for our comfort—but for our health. Many people don't realize what great disease carriers flies are. They often come with disease germs directly to our food.

Screen the house well and you prevent disease and add to your comfort and peace of mind.

REPORT ON GAINS IN WEIGHT

THOUSANDS OF THIS FRAIL
PEOPLE ARE RESTORED TO
HEALTH BY TAKING
TANLAC.

FIGURES ARE ASTONISHING

People of Prominence and Unquestioned Integrity Tell What Colorated Medicine Has Done for Them.

ONE of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the South who have recently reported astonishing and rapid increase in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—couldn't move any part of my body and just lay there in bed for five months, not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and twenty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

Texas Man Testifies.
Another remarkable case was that of John M. Crabtree, a general merchant at Five Mile Station A, Dallas, Tex.

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac. I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac,

MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND
TOLD OPERATION WOULD
BE HER ONLY HOPE.

"I HAVE just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 35 Mill street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed ninety-eight (98) pounds; now I weigh 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her good-bye, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for awhile. The next day, as I returned from the consultation room, I thought of what she said, and as I had heard so much about Tanlac, I decided to try it and got a bottle."

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman.

"Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds.

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

Old-Time Engineer Talks.
Engineer Chas. J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-three years.

"I've gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Sure Enough.
"I see the surface of roads is paved, scarified, rolled and made ready for use in a single trip over them of a machine that a Pennsylvanian has invented."

"That's all right, but what I'd like to know is, how the hens know the roads are ready for use first?"

**FARMING NOW
A BUSINESS**

The Modern Day Farmer Applies Business Methods and Seeks More Than a Living on the Farm.

A nation-wide cry is being made for more economy and greater production, and probably never was the need of foodstuffs equal to that of the present. Grain prices are the highest in the nation's history and today the agricultural fields of America offer inducements that are unequalled in any other line of commerce or business. The ideal life is that close to nature, enjoying the freedom of God's great outdoors and fulfilling a duty to humanity by producing from a fertile soil that which is essential to the very existence of a less fortunate people who are actually starving to death for foodstuffs that can be produced so economically in the United States and Canada.

High prices for all grain, undoubtedly, will be maintained for a number of years, and it appears a certainty that the agriculturist will reap a bounteous return for his labor and at the same time carry out the demands of patriotic citizenship. A wrong conception has been generally noticed as to "Life on the Farm." It has been, to a large extent, considered as only a place to live peacefully and afford a living for those who are satisfied with merely a comfortable existence. Such a wrong impression has been created, in a measure, by the lack of systematic business principles to farming in general. But today farming and agriculture have been given a supremacy in the business world and require the same advanced methods as any other line of commerce. In no other business does a system adoption pay better than on the farm, and it is certain that there is no other line of work, that, generally speaking, needs it as much. The old idea of getting a living off the farm and not knowing how it was made and following up the details of each branch of farming to get the maximum of profit, at the least expense, is fast being done away with.

Farming is now being considered as a business and a living is not sufficient for the modern agriculturist; a small per cent on the investment is not enough, the present-day farmer must have a percentage return equal to that of other lines of business. The prices for produce are high enough, but the cost of producing has been the factor, in many places, that has reduced the profit. It is the application of a system to the cost of various work on the farm that it is possible to give figures on profits made in grain-growing in Western Canada.

Mr. C. A. Wright of Milo, Iowa, bought a hundred and sixty acres of land in Western Canada for \$3,200 in December, 1915, and took his first crop from it in 1916. After paying for the land in full and the cost of cultivating and marketing the grain, he sold his grain at \$1.55 a bushel (a low price compared with the present market), had a surplus of \$2,472.97. His figures are as follows:

4,487 bushels worth \$1.55 at Chicago \$6,954.85—\$6,954.85

Threshing bill 11c per bushel 493.57

Seed at 8c 144.00

Drilling 100.00

Cutting 100.00

Twine 50.00

Shocking 40.00

Hauling to town 3c 134.61

Total cost 1,182.18

Cost of land 8,300.00

\$4,482.18—\$4,482.18

Net profit after paying for farm and all cost..... \$2,472.97

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Post, D. C.—"I am the mother of four children and have suffered with female troubles, headache, nervous spells and the blues."

My children's best taking would make me no better. I could just tear everything to pieces and I would not stop until I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROSE STORIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.
