OLDEST AND LEADING NEWSPAPER IN CIRCULATION IN THE COUNTY OF LINCOLN, NEW MEXICO

VOLUME 20

CARRIZOZO, LINCOLN COUNTY, NEW MEXICO, FRIDAY, DECEMBER 19, 1919

NUMBER 51

CARRIZOZO SCHOOL NOTES

SUPT. E. E. COLE.

Honor Roll for the month of December, in the Carrizozo schools. The following pupils have been neither tardy nor absent during the school month of December:

Mrs. Gumm's room—Primary: Yleria Lozoya, Viviana Solis, Rosa Sandoval, Christiana Hernandez, Rosendo Chavez, Nue Perez, Simon Chavez, Jose Gonzalez, Carlos Martinez.

Miss Hughes' room—First Grade: Barbarita Chavez, Margarita Verdugo, Genoveba Hernandez, Benito Chavez.

Miss Ivy Lindsay's room—Primary: Bethel Treat, Preciliano Pino, Dorothy Mae Hutchinson, Clara Lujan, Beatrice Pino, Julia Romero.

Miss Neff's room—First Grade: Arthur Boyd, Woodrow Clements, Alex. Chapman, Hada Corn, Catherine Patty, Juanita Pino, Winifred Humphrey, Mills Byfield, Alvin Carl, Hallie Lou Moss.

Miss Massie's room—Second Grade: Maurice Lemon, Morris Benson, Mack Shaver, Wilbur Smith, Dollie Corn, David Saunders, Pablo Gallegos, Mary Romero, Nellie Gallegos, Ruth Brickley, Julian Clements, Richard Patty, Frances Skinner, Sam Payan, Boyd Loughrey.

Miss Lucile Lindsay's room—Fourth Grade: Antonio Verdugo, Arnold Hob, Earl Carl, James Bently, Viviana Lueras, Nora Whittaker, Lorene Stimmel, Elise McQuillen, Lena Yates, Vera Richard.

Miss Jarrett's room—Fifth Grade: John William Elliot, Don English, Bill Hightower, Clifford Hobbs, Walter La Fleur, Jesse McIlhenny, Roy Richard, Josephine Clements, Nellie Shaver, Jewel Bently.

Miss Seal's room—Sixth Grade: Dora Anderson, Ida Bullion, Maurine Collier, George Cooper, Lillie May Elliot, Maudie Hamilton, Lucile Jones, Maggie Lujan, Julian Lalone, Fred Lalone, William Moss, Truett McIlhenny, Frank Petty, Lee Stimmel, Cathryn Stidham, Edena Shaver, Leona Whittaker, Alfredo Lopez.

Mrs. Carlisle's room—Seventh Grade: Robana Corn, Evelyn French, Abelina Lujan, Wayne Richard, William Kahler, Kastler Taylor.

High School: Lassie Ayres, John M. Boyd, Myrie Corn, Clarite McQuillen, Roy Stimmel, Ella Rowland, Florence Spence.

The above is indeed an honor roll at this time of the year. The pupils named above came to school every day of the stormy time of Thanksgiving week, when we had the deep snow and the windy days. The mornings are now very short and it really requires hustling for a pupil to get to school before nine o'clock. For the small boys and girls to get into the list of those neither tardy nor absent for a whole month is a real honor. Besides, it trains them to early rising, punctuality and perfect attendance. We hope that Santa Claus will call at the home of each of them.

On Friday afternoon the various rooms will have appropriate exercises—Christmas being uppermost in the interest of all. The lower grades especially are taking interest in decorating their rooms and practicing their "pieces" for the last day before the vacation. Miss Seale's room will have a real fire place, down which Santa Claus will come—

all covered with soot. Come and see the happiness of your children.

The holidays will last two weeks. Some of the teachers will go home; some will visit with relatives and friends and some will stay in Carrizozo. The pupils need a vacation of two weeks this time of the year as there will be no more vacations till the end of the school year, which will be May 19. We wish you all a very Merry Christmas and a Happy New Year.

Redpath Lyceum Course

The second entertainment of the Redpath Lyceum Course will be given on Saturday evening, Jan. 3. A few of our citizens who were instrumental in bringing these high class entertainments to Carrizozo, guaranteed them payment for their services, and it is hoped the music-loving people of our town will see that they do not have to pay them out of their own pockets. The first of these entertainments was held in November, but owing to weather conditions the audience was small, and the gentlemen who arranged for their appearance made good. Those who attended the first entertainment of the series were highly pleased, and the one booked for Jan. 3 will be at least as good. A really meritorious entertainment is seldom seen in towns of small population; therefore, we owe it to ourselves and our town to show the Redpath people that we appreciate a high class entertainment by packing the house on Jan. 3.

People Asked to Assist in Taking Census

Washington, Dec. 14.—A proclamation by President Wilson, calling on all the people of the country to give aid to the taking of the fourteenth decennial census, which is to begin January 2, was made public today by the census bureau. The proclamation states that the main purpose of the census is to obtain accurate statistics on which to base the representation in congress. It calls attention to the fact that all persons are required to give full information applying to himself and the family to which he belongs.

Census of the population will be accompanied by a farm census with a questionnaire to be filled out by each farmer, he said. The questionnaire will include seventy-five questions with from two to ten sub-questions. Special agents will also take a mining census.

Goldman and Berkman To Be Deported

New York, Dec. 13.—Emma Goldman and Alexander Berkman, who are awaiting deportation at Ellis Island, expect to be on their way to Russia in about a week. Officials at the island professed today to have received no orders from the department of labor as to when, how and where to send them. Byron A. Uhl, acting commissioner of immigration at the island, has intimated that the government has "something up its sleeve," in this connection.

Harry Weinberger, their counsel, today wrote Anthony Caminetti, commissioner general of immigration, asking official confirmation of telegraphed assurances that the pair would be sent to soviet Russia.

551 Americans Slain in Mexico

catalogue of Crimes Against United States Citizens

Washington, Dec. 13.—The National Association for the Protection of American Rights in Mexico has sent out for publication tomorrow in newspapers throughout the country a map and statement showing that 551 Americans have been killed in Mexico, since November 20, 1910.

Of this number, the association states, 423 were civilians and 123 soldiers and sailors. One hundred and sixty-seven Americans were slain during the Madero and Huerta regimes, while 383 lost their lives since Carranza took control of the Mexican government, according to the statement.

In the list accompanying the map a number is assigned to each American killed and his or her name, date, place and manner of death and the source of information concerning the individual case are given. The manner of death ranges from "killed by a stray bullet" to wanton murder and includes instances of alleged torture and mutilation.

The association gives as the sources of its information in preparing this map and statement three lists of Americans killed in Mexico or along the border prepared by the state department; Casualty lists of the war department; a list of Americans killed in Mexico prepared by Thomas E. Gibbon, author of "Mexico Under Carranza;" information submitted to the senate by Senator Albert E. Fall, of New Mexico; newspaper articles giving the names, date and locations of murders; and information in the possession of the National Association for the Protection of American Rights in Mexico.

In summing up the association says: "Bandits were responsible for 188 of the murders listed on the map, according to the authorities cited. Officials, officers, soldiers or followers of Carranza are charged with seventy-six of the murders, according to the map. Villa and his band killed eighty-one of the Americans listed. Huertistas account for forty-one, Maderistas for thirteen and Zapatistas for five, miscellaneous outlaws listed by the authorities cited as 'rebels,' 'revolutionists,' 'cattle thieves,' 'smugglers and similar marauders were responsible for seventy murders and twenty-three Americans were killed by bullets which crossed the border. Yaqui and Mayo Indians killed eighteen Americans during the period covered by the map and casual rebels murdered six. In twenty-five of the cases listed the authorities were unable to determine who did the killing."

A Three Months Bride

Last week we had an item to the effect that Mrs. J. O. Nabours and daughter, Miss Florence were visitors from their Three Rivers home. The item was correct in every respect, save one, and that is that the daughter is no longer "Miss Florence" but Mrs. Erwin O. Bishop.

Miss Florence Nabours was married in El Paso last September to Mr. Erwin O. Bishop, a member of the U. S. Army at Fort Bliss, and was merely paying a visit to the old home. Mr. and Mrs. Bishop make their home in El Paso. The News is not only glad to correct its error of last week but joins many friends in extending best wishes.

Iron Furnace in Prospect

Reference was made last week to the presence of representatives from Tucumcari and their presentation of a proposition to build and operate a furnace at Carrizozo. The company they represented is the Hematite Mining and Transportation Co., headquarters, Tucumcari, and holding a large acreage of iron land in Lincoln county.

A committee of five was appointed by the Chamber of Commerce to confer with the company representatives and to present its findings to the chamber. The work of going over details, procuring data and securing certain guarantees has, necessarily, been slow. The committee is not yet ready to submit its report, but this much may be said: The proposition made by the Tucumcari company is regarded quite favorably by the committee, and when all details are worked out it is believed the committee will make a favorable recommendation to the Chamber and that the Chamber and all citizens interested in the development of our resources and the upbuilding of our town will likewise regard the proposition in a favorable light and lend full support. More cannot be said at this time, but it is hoped that by next week plans will be complete for a definite announcement of this important proposition.

John Barleycorn is Dying Slowly

Washington, Dec. 16.—Permission to institute original proceedings to have the national prohibition amendment declared unconstitutional and New Jersey and federal authorities enjoined from enforcing it, was asked of the supreme court today by the Retail Liquor Dealers' association of New Jersey.

This was first question as to the validity of the constitutional amendment to reach the supreme court. George W. Tucker of New York presented the motion together with a printed brief prepared by the association, and the court will announce later whether permission to institute the suit will be granted.

In addition to enjoining enforcement of the eighteenth amendment, the association also would ask an injunction against enforcement of the Volstead prohibition enforcement.

State Tax Commission

The State Tax Commission will hold a three days conference at Santa Fe this week, at which the assessors and commissioners of the several counties are invited to participate. The meeting is for the purpose of equalizing values. Most of the counties of the state, it is believed, will be represented at the conference.

Lincoln county will be represented by Commissioners Taylor and Sevier, and Assessor Miller, who left here Tuesday morning for Santa Fe.

Roswell Has a New Bank

As a proof that Roswell and Chavez county are prosperous, another bank was incorporated there last week, making five banks in the metropolis of the Pecos Valley. The new bank will start with a capital of \$50,000, and expects to begin business about the middle of January.

Disease is a liability. Good health is an asset. Buy Christmas seals and increase your assets.

New Mexico the Coming Oil Field

According to the opinion of some of the most experienced oil operators in the United States, New Mexico will be the next big oil field. This also seems to be the general opinion of the hundreds of geologists who are at the present time in the employ of the different oil companies. Some idea of the work being done in the state in the oil fields may be had from the fact that there are at present in the state 52 rigs drilling wells, five of which are over 3,000 feet deep and two over 4,000 feet deep. There are approximately 107 wells under contract and it is estimated that there are at least 200 geologists in the state working for the different oil companies.

Not a county in the state but has at least three locations for drilling. Oil has already been found in four counties, McKinley, San Juan, Chavez and Eddy. In no place is there a well producing in paying quantities.

Practically all state owned lands have been leased to oil companies except some in the mountains of Taos and Rio Arriba counties.

Leases in unproved districts are selling for 25 cents an acre and up. Some leases in Quay county, around the McGee well, have change hands at \$165 an acre. Albuquerque Journal.

Court Dismisses Suit

The suit for damages wherein Blanchard Bros. were plaintiffs and George L. Ulrich and C. L. Stimmel were defendants was heard at Roswell this week and was dismissed at cost of plaintiffs. The suit involved damages in the sum of \$47,500, and grew out of the sale of a flock of sheep by Blanchard Bros., the sale having taken place last February. Quite a number of witnesses were in attendance from Carrizozo, few of whom were used, however, the court sustaining a motion for dismissal before the conclusion of the testimony, all of whom, including the defendants, have returned home.

School Takes Holidays

The Carrizozo Schools close today for a two-weeks period covering the Christmas and New Year holidays. The teachers and children, we trust, will have a Merry Christmas and a Happy New Year, as all are entitled to a vacation following the past few months of hard, meritorious work.

Nine of the teachers will visit at different points during the vacation, the list comprising the following: Miss Verda Neff and Miss Esther Seale go to Artesia; Miss Minnie Sullivan to Sofia; N. M.; Miss Elizabeth Jarrett to Lubbock, Texas; Miss Inez Holland to California; Miss Edith Lutton to Morenci, Arizona; Miss Alice Tipton to Tucumcari; Mrs. Nora Massie to Globe, Arizona, and Principal Bryan Cozier to Dexter. The six left here to share the holidays with Carrizozoans are: Supt. E. E. Cole, Mrs. Elizabeth Gumm, Miss Jewel Machem, Miss Rachael Hughes and Misses Ivy and Lucile Lindsay.

Dance at White Oaks

The people at White Oaks will usher in Old Christmas, with a big dance on the evening of the 24th, to which all their friends, at home and abroad, are cordially invited. Refreshments will be served during the evening.

Christmas Week at the Stores

The stores were crowded every day this week with shoppers from town and country, making their Christmas purchases.

The merchants were prepared for the rush with large stocks of staple and holiday goods. The display windows were artistically dressed with wares peculiar to the season, and mistletoe and other reminders of Christmas were in evidence.

The Trading Company's windows, being the largest, were the best dressed, you could in fact see what you intended buying before entering the store. Old Santa, the brick chimney, the long stockings hanging, up nearby, etc. Then there was the wearing apparel for ladies, gents, girls and boys, musical instruments and a thousand and one other articles, to catch the eye of the shopper.

Ziegler Bros.' store was a busy mart. The window displays were but a pointer to the many and beautiful things to be found inside. Handbags, millinery, everything for young and old, both useful and for presents.

Rolland Bros.' store was packed almost to ceiling with holiday goods. Toilet articles, toys, bric-a-brac, cut glass, chinaware, safety razors, pocket knives for boys, in fact everything you could think of were there.

The Western Garage and Garard & Corn had fine displays of auto accessories, and things of that kind.

C. H. Haines, the Pure Food Bakeryman, was busy preparing good things for the Christmas feast, sweet cakes, Christmas loaves, etc.

Reilly & Lujan, of the Sanitary market, were well prepared with "feats,"—choice meats, poultry, oysters, fruits, nuts and every thing for the big Christmas feast.

Taylor & Sons store was well stocked with stoves, ranges, culinary utensils, and many other things for the home or for presents.

It was a busy week in the stores. The h. c. of L. did not bother much, as every one seemed determined to spend money, on themselves or for their friends. Everyone seemed happy, and full of the Christmas spirit. Those who have put off visiting the stores, should get busy, as Christmas will have come and gone in less than another week.

Mrs. Lamay Convalescent

Mrs. L. R. Lamay of the Mesa, who lately was operated on for appendicitis in Hotel Dieu, El Paso, returned Sunday. She is still weak from the operation, but is gradually growing stronger. She will remain at the home of Mrs. L. A. McCall, near the Malpais, until strong enough to return to her home on the Mesa.

He Failed to Find a Suit at \$24.50

Chicago, Dec. 12.—Executives of five of Chicago's leading retail stores yesterday fixed a "fair price" list for clothing. A man's suit should sell for \$24.50, they announced, and other articles in proportion.

A newspaper reporter, went out to buy one of the \$24.50 suits, reported today, after two days' effort, that it could not be done. "The best I could find," he reported, "was one place where they offered me a cut-price vest—just reduced to \$24.50."

A MERRY CHRISTMAS
AND
A HAPPY NEW YEAR

A Dry Christmas

Contrary to all expectations, the United States supreme court did not hand down a decision yesterday on the constitutionality of the war-time prohibition act. Thus the hopes of the thirsty for a "wet" Christmas have been blasted. It means now that the nation will remain dry until January 15, when the prohibition amendment to the federal constitution becomes effective, forever banishing the manufacture of liquor in this country.

A "League of Planets"

Some astrologist in the east some time ago made the direful prediction, that owing to several of the mightiest planets being in conjunction on Dec. 17, 1919, that this little planet of ours (the earth) would be swept by the most terrific weather since human history began, accompanied by a gigantic explosion of flaming gases. A mighty hole would be punched in the sun by the magnetic currents, and that it would take many weeks for this old world of ours to recover from the shock. The 17th has come and gone without anything out of the usual occurring, the weather conditions being of the kind experienced, as a rule, at this season. These planets have been passing and re-passing each other for billions of years, and this old world of ours has been jogging along at the same old gait, notwithstanding what the astrologists say is sure to happen, when Mars, Mercury, Venus, Jupiter, Saturn, Uranus, Neptune, etc., get their heads together.

War Time Prohibition Held to be Constitutional

Washington, Dec. 15.—War time prohibition was held constitutional today by the supreme court in a unanimous decision. Thus vanished the hopes of many for a "wet" holiday time.

No decision was rendered on the cases involving the constitutionality of the Volstead law, the prohibition enforcement act, framed to carry out the intent of the prohibition amendment to the constitution.

In passing, however, Associate Justice Brandies did hold that the prohibition amendment was binding on the states as well as the federal government.

The court entirely reversed the contention of the "wets" that war time prohibition was outside the war time powers of congress and pointed out that war time control of food and railroads was in effect.

The decision added one of the final mile stones to the long fight to make the country dry.

The court will render opinions again next Monday at which time the best cases are expected to be decided, after which the court will recess until January 5.

The prohibition constitutional amendment will become effective January 16.

Upon the court's decision on the prohibition enforcement law, will depend whether the federal government has at hand any legal means for making the amendment effective. The constitutionality of war time prohibition, however, the dregs are confident,

will keep the country dry until the amendment is carried into effect by law of its own.

Better than Gold— A Check on our Bank is better than Gold. Smile if you will, but it is true just the same. Why? Well, if you had a \$20 gold piece and lost it, or a hold-up man got it, or a thief picked your pocket, the chances are that it would be gone for good. Now, suppose you had that \$20 in the form of a check on our bank. Then if any of these things happened to you, you could have the bank stop payment on the check, have another one issued and could still get the money. Which would you prefer?

STRONG LINE-UP FOR SALE OF XMAS SEALS

1,000 IS GOAL OF CAMPAIGN
FROM DECEMBER 1 TO 10

Ninety-one Per Cent of Money to State
In State for Public Health Work
—Dankley Is State Chairman.

With the coming of December 1, and the start of the campaign for the sale of Christmas seals in the state of New Mexico, the public health work within this state, headed by Dankley R. E. Dankley, state chairman of the state seal sale, has taken on a new significance. The sale of these seals is a means of raising money for the state health department, and is a part of the national campaign for the sale of Christmas seals.

The state health department for 1930-31, money will be the state of Red Cross Christmas seals. These seals, which are being sold in the state of New Mexico for the past eight years, have been a success in the past. The state health department, state chairman for the sale of these seals, is a part of the national campaign for the sale of Christmas seals. The state health department, state chairman for the sale of these seals, is a part of the national campaign for the sale of Christmas seals.

Money State in State.
In addition to being the greatest sale in the history of the state, the 1930-31 campaign is a part of the national campaign for the sale of Christmas seals. The state health department, state chairman for the sale of these seals, is a part of the national campaign for the sale of Christmas seals.

The health program which the state health department has outlined consists first of the employment of six public health nurses who would be available for demonstrations of home care of the sick and would be able to assist in nursing work during an epidemic, such as the influenza and such of that kind. They would also direct parties to find the health needs of the state. They could be of much aid in any part of the state. One would be in charge of the health program in the state of New Mexico, which is the state health department. Another would be in charge of the health program in the state of New Mexico, which is the state health department.

Lecturers on Child Program.
The state health department has outlined a program for the state of New Mexico, which is the state health department. The state health department has outlined a program for the state of New Mexico, which is the state health department. THE STAND FOR HEALTH

The dangers, fighting against tuberculosis and other infectious diseases, are a way to a healthier life. The story of the state health department is a story of the state health department. The state health department is a story of the state health department.

War records show that out of every 1,000 men of draft age, 22 were rejected because of tuberculosis. New Mexico has its share of tuberculosis. The state health department is a story of the state health department. The state health department is a story of the state health department.

There is little doubt in the mind of the state health department that the state health department is a story of the state health department. The state health department is a story of the state health department. The state health department is a story of the state health department.

Money has been given for tuberculosis, for fighting against tuberculosis, for fighting against tuberculosis. The state health department is a story of the state health department. The state health department is a story of the state health department.

Junior Red Cross.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns, in chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed. Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious undertaking of collecting "a penny for peace" for war relief. A comprehensive peace program is now being worked out for the Junior Red Cross, which is being held intact.

Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot..."

I told my husband if he would get me a bottle of Cardui I would try it...I commenced taking it, however, that evening I called my family about me...for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less...I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life...I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel evening I called my family about me...for I knew I could not last many days unless I had a change for

Additional Local

John Gallacher and O. Z. Finley left Saturday evening with several cars of cattle for Oklahoma City. They are expected home during the coming week.

A car was destroyed by fire Sunday, on the road leading south. How it happened, is not known, but the charred remains are there, mute evidence of the conflagration.

Ben Wetmore and wife of Roswell arrived here Monday. Mr. Wetmore made a business trip to Las Cruces while Mrs. Wetmore visited the Carrizozo Wetmore's until he returned. They intend to return to Roswell this evening.

James Hibbard and George Maddox, of Fort Stanton, stopped over a day at Carrizozo this week. Mr. Hibbard was going to New Orleans for the holidays, and Mr. Maddox to El Paso, where he will visit for a week or two before returning to the Fort.

Mrs. H. Dixon has sold her automobile, and is disposing of other property, as she intends to leave soon for Douglas, Arizona, to join her husband, Mr. Dixon was formerly a dispatcher at this point, but since returning from France is located at Douglas.

Albert C. James, of Oscura, was a visitor in Carrizozo, Wednesday. He stated that the people of his district believe that oil will be struck there before long. The test wells going down will settle the question. Lands for oil purposes can be leased there at present at a reasonable figure, but with the indications for striking oil increasing leases will go skyward.

A telegram was received here Thursday, from the hospital authorities at Santa Fe, that Seaborn Gray, who had been operated on several days previously for appendicitis, was in a critical condition. Mrs. Sarah Gray, his mother, left Thursday for Santa Fe to see him. Seaborn is a native of Capitan, but has been in the mercantile business in Pecos, N. M., for several years past. His many friends in Carrizozo hope for his speedy recovery.

We are publishing this week a "pome" entitled "Ships of Good Fortune." We intended to publish it simultaneously with the spudding in of the oil well at Picacho several weeks ago, but it was unavoidably crowded out. The effusion is from the pen of the "Sweet Singer of the Oscuras," who has been an occasional contributor to the News for several years.

The director of the census for this district is having difficulty in getting enumerators to start work on the 2nd of January, at \$6.00 per day. Ten years ago a six dollar a day job would have been attractive, but to-day it is not. A person qualified to take the census in a precinct, after deducting traveling and other expenses, would have less than the common day laborer, a fact the government failed to take into consideration.

Christmas Trees

The Methodist and Baptist churches will have Christmas trees Wednesday night, December 24. In addition to the trees and the presence of Santa Claus, both churches are preparing programs for the occasion. Santa Claus numbers his friends by millions—Old as well as young—and he will be greeted on this occasion, as he has in his visitations of the past, by crowded houses. Both churches bid all a cordial welcome.

Our regular consignment of paper from the Western Union did not arrive, which is the cause of the News being a small paper this week.

Unions Sby of a New Party

Washington, Dec. 13.—No effort to disturb the present political party alignment for next election will be made by the conference of international union presidents and railroad brotherhood heads, delegates said today as the conference opened at American Federation of Labor headquarters.

Preliminary speeches at the conference, the sessions of which are executive, were said to have indicated that political redress demanded by organized labor would be sought through the election of members of the two major parties who would be favorably disposed toward union labor.

When the session was called to order, no representatives of farmer organizations were present. Leaders, however, still had hope that some would attend the conference which may last through next week.

Frank Morrison, secretary of the American Federation of Labor, who was understood to be acting for the followers of Samuel Gompers, president of the federation, and machinists and miners went on the floor with the same plan. Action by the miners' representatives came as a surprise, since, at their last convention, they had endorsed the labor party idea.

Arabela Correspondence

Mr. Adolfo Maes of Blue Water and Fidelia Archuleta daughter of Mr. and Mrs. Placido Archuleta of Arabela were married Friday December 12, at the Catholic church in Roswell. After the ceremony they returned to the home of the bride's parents who entertained a large party of friends and relatives at a supper and dance. Mr. and Mrs. Maes will make their home at Blue Water where the groom has a ranch.

Mr. Emilio Flores returned from Roswell Friday. He has been in the Roswell Hospital for treatment since July but is still seriously ill at the home of his mother.

Roman Pacheco purchased a new Ford when in Roswell last week. Roman has been running a Ford so long he doesn't feel "right" without one.

Salomon Lucero and Aguinaldo Martinez passed thru the Village Sunday on a trip after stray horses.

Miss Kellas Fresquez returned to make her home with her mother after an absence of nearly a year.

Mrs. Andres Negiris and daughter Juquinita went to Tinnie last Thursday to spend a week visiting relatives.

Quite a large number of the school children are afflicted with sore eyes and others with colds.

Teodor Perez was in the village one day last week on business.

EX-SERVICE MEN'S COLUMN

ANSWERS TO QUESTIONS
1.—I have requested my Government insurance changed to an endowment maturing at age of 62. Am still in the service but have since become a tubercular patient. Does this form give me as much chance to collect a disability as before conversion? Can this form be changed back to an ordinary life insurance? I have not as yet received any notice of the change from Washington. If I should later be discharged from the hospital and could collect a disability, would the endowment still go on or what would be done about the extra money I pay for that form.—A. S., Hospital No. 21.

Answer.—Your Endowment Policy gives exactly the same privilege of your receiving payment in case of total and permanent disability as your term insurance, or any other of the peace time policies. If the policy change has been made in Washington, you will not be able to convert it back to the ordinary life. Once the policy has been converted to a peace time form it cannot be changed subsequently to a cheaper form of policy. It may be changed, however, from a cheaper to a more expensive form of policy as for example from an ordinary life to endowment. Better write in immediately stating you wish the policy converted to ordinary life instead of endowment and maybe you can stop the matter before it is changed. If at any time you collect payments on the policy on account of total and permanent disability, your endowment feature would, of course, cease and you would have no more premiums to pay so long

as your disability remained total and permanent. You would have no refund on the extra money paid for your endowment. This for the reason you would have had the benefit of the premium in that the Government took the chance of having to pay your endowment in a lump sum at the age of 62. But after total and permanent disability benefits accrue your policy payments to yourself would be the same in any form of insurance.
