ALBUQUERQUE, — JAN 13, 1900

LAST month the public debt was decreased \$5,791,331.

The enterprising Iowa of Bland is building a new school house.

This city can do wonders for itself if something beneficial is done every day.

The population of the city of New York is estimated at three and a half millions.

The British in South Africa met with another repulse yesterday at a place called Gannet.

CUSTOMS receipts in Cuba last year amounted to \$15,000,000, or \$2,000,000 more than the estimate.

The government of Mexico refuses to admit the revolution army. The "army" ought to be able to stand this if Mexico can.

The Santa Fe Railroad company will put everybody in this city in a good humor by beginning work on that proposed new depot.

MEMBERS of the city council claim that the city has no authority to pass ordinances regulating the closing of business houses on Sunday.

At present eastern New Mexico is an almost uninhabited region, but it will not be so much longer. A half dozen railroads are headed that way.

THE war correspondents are having a hard time of it in South Africa. Buller is about as little in love with the report as was Kitchener in the Sudan campaign.

The supreme court of Puerto Rico has sentenced three men to be garroted. No explanation is given why Uncle Sam has not stopped this barbarous mode of taking a murderer's life by legal process.

Paris has provided a fine site in the American quarter, near the Trocadero and the Arch of Triumph, for the equestrian statue of Washington. The statue is to be unveiled July 3, on the anniversary of Washington's acceptance of his commission as a general, and the occasion will probably be taken to make a demonstration of friendship for America.

SUNDAY SCHOOL. The subject of closing the schools on Sunday is being agitated in this city. Nearly everybody wants somebody else to do the closing. The Christian Endeavor societies called on Judge Crumpacker to do the work. The county officials insist that it is the duty of the city officers to enact an ordinance regarding the sales of liquor and fund raising, and quote the following section from the territorial statutes bearing on the subject:

Sub. sec. 18: "To have the right to license, regulate or prohibit the selling or giving away of any intoxicating liquor, within the limits of the city or town," etc.

In an editorial article the Democrat shows that it is not the duty of Judge Crumpacker to act in the premises, unless cases are properly brought before him on indictments from the grand jury. That paper cheerfully tells the people to tell their troubles to the grand jury or to the police.

A THOUSAND TONGUES. Could not express the rapture of Annie K. Springer, of 1125 Howard street, Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding my praise throughout the universe." So will every one who tries Dr. King's New Discovery for their chronic cough, chest or lungs. Price, 50c. All trial bottles free at J. H. O'Reilly & Co.'s drug store; every bottle guaranteed.

THE EXPANSION ISSUE. It is understood that the republican national committee will inaugurate a "campaign of education" on the issue of expansion. Among the means to this end will be the publication of campaign literature in defense of the government's policy and it is safe to say that the issue proposed will be extremely popular. In 1895 the republicans started a campaign of printed ink against the nation by crushing economic arguments. A direct appeal was made to the intelligence of the voter. The arguments for expansion are just as convincing and will be also an appeal to the Americanism of the people.

The history of the nation's development is full of instruction. To the original area of 809,728 square miles have been added in 1798 the Mississippi tract, 99,000 square miles; in 1803 the Louisiana tract, 1,225,450 square miles; in 1821 the Florida tract, 58,080 square miles; in 1845 the Texas tract, 265,780 square miles; in 1858 the California, Utah, Nevada, Arizona and New Mexico tracts, 509,530 square miles; in 1859 the Gadsden tract, 45,350 square miles; in 1867 the Alaska tract, 531,410 square miles; in 1898 the Hawaiian Islands, 6,740 square miles; Porto Rico, 3,000 square miles; the Philippines, 143,000 square miles; and the Samoa and Guam, fifty miles square. To the original area have been added 2,978,976 square miles.

Played Out. Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Acker's Blood Purifier has never failed to cure Scrofula, erysipelas, blood poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee.

GOOD NEW YEAR'S ARTICLE. How Elster began his New Year work on the Las Vegas Optic by the following sensible and well-written article:

The young man who takes his pencil and computes that so many drinks a day amount to so much, and in a month or a year to a multiplied so much, which is bad for him, will never stop drinking. The other young man, who has heart enough left to know that his own life by itself is not such a great thing, but that the difference between hope and despair, and between anxiety and peace, and between shame and pride to his mother, or wife, or sister, or one who loves him dearly is a great matter—that man stands on the rock of hope and may look forward to a new year indeed. And

Oh, the Pain of Rheumatism!

Rheumatism often enters the most sensitive parts of the body. Many have been cured by the use of Dr. Williams' Pink Pills. It is a blood disease, and Dr. Williams' Pink Pills is the only remedy which cures it. It is the only remedy which cures it. It is the only remedy which cures it.

Another thought! The man who properly appreciates the lesson of the season, would, if he had the power, take the word in word to harness spoken, the bitter just uttered to secure a reputation for smartness, the senseless and disgusting wrongs upon others, and so transform the word into a word of blessing.

He would recall the mistakes caused by his blunders, his well meant but stupid actions. These he would recall, and solemnly vow that they should never be repeated—never again.

The beautiful power of nature should be his. No storm that ever raged could shake the earth to its foundations. The power of the cyclone, the warning note of the earthquake, are hidden in time. There was never cloud so black and threatening that it forever cut out the sun. But the wrong done by man to man is often irreparable. The smile that once lit a happy human face has often been driven away, never to return. And it is not the deed, but man, who brings "that mild disease," that "rotten error," for which there is no moral physician.

EVERYBODY in New Mexico and Arizona hope that congress will pass the bill introduced by Delegate Wilson fixing the valuation for taxable purposes of the Santa Fe Pacific railroad at \$6,000 per mile. By some twist of legislation this road at present practically escapes taxation.

COL. DUNCAN H. HOOD, son of the famous General Hood of the confederate army and a graduate of West Point, has lost his fortune with the South African republic and is now a commissioned officer in the Boer army.

NEXT June will be celebrated the 50th anniversary of the birth of Gutenberg, the inventor of printing.

NEARLY \$100,000,000 a year is paid by the inhabitants of the United States for coffee.

TO CURE LA GRIPPE IN TWO DAYS. Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. K. W. Thorne's signature is on each box. 25c.

At the Albernatie Mine. The iron addition to the Albernatie mill is rapidly nearing completion. It will offer an immense increase of capacity to the mill. The hoist is also nearly finished and only needs the finishing touches.

The rock work, which is being put in for the foundation of the new engine room, is rapidly going up under the skilled labor of skilled workmen.

The thoroughfare is constantly crowded with teams bringing in freight, lumber, etc.

Surveyor Rice, of Albernatie, found out "where we're at" in regard to latitude the other day. The result of his observations was the finding that we are located in latitude 31 degrees, 7 minutes and 30 seconds north.—Bland Herald.

Experience is the best teacher. Use Acker's Blood Purifier in any chronic cough, cold or croup. Should it fail to give immediate relief money refunded. 50c. and 60c. J. H. O'Reilly & Co.

Death of Mrs. O. T. De Baca. News received from Socorro states that Mrs. Magdalena T. De Baca died in that town on Thursday at the ripe age of 88 years and 33 days. The funeral took place yesterday at 9:30 in the forenoon. She was a member of one of the oldest families in the territory, and the mother of Juan Jose Baca, Candelario Garcia and other well-known citizens of Socorro county. She leaves many children and grandchildren to mourn her death.

For Over Fifty Years. An OLD AND WELL TRIED REMEDY. Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children's colic, whooping cough, croup, and all the other ailments of childhood. It soothes the child, cures the cough, cures all pain, cures wind colic, and is the best remedy for diarrhea. It is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

The business men of Santa Fe have agreed to pay W. L. Trimble, of Albuquerque, a bonus of \$125 a month for the first six months for a daily stage line between Santa Fe and Bland. Mr. Trimble has telegraphed City Marshal Gable that the first daily stage will leave Santa Fe for Bland January 10. Mr. Trimble operates a stage line from Thornton to Bland, and has the capital and equipment to establish a first-class service between Santa Fe and Bland.

Rheumatism Cured in a Day. "Myrtle Cure" for rheumatism and neuralgia, radically cures it in from one to three days. Its action upon the system is remarkable and mysterious. It removes the cause of the disease, and the disease immediately disappears. The first dose greatly benefits, 75 cents. Sold by W. L. Watson, druggist, corner Railroad avenue and Third street.

Wanted to sell "Capote Gardens." Address Dr. R. J. Jewell, Kansas City, Mo., 500 East Twelfth Street.

J. L. Berry, Los Angeles, Pa. writes, "I am willing to take my oath that I am cured of pneumonia entirely by the use of One Minute Cough Cure. I feel better, it also cured my children of whooping cough. Quickly relieves and cures coughs, colds, croup, grippe and lung troubles. I recommend all like it. Mothers endorse it. Berry Drug Co."

Bureau of Immigration Appointments. Governor Otero has appointed William B. Hunter, of Las Vegas, and Jose E. Torres, of Socorro, members of the bureau of immigration, to succeed Hon. Frank Springer, Las Vegas, and J. A. Campbell, of Carlsbad, resigned. The new appointments are well-known and respected citizens of the territory, and well qualified for the duties of the office to which appointed.

"I am indebted to One Minute Cough Cure for my health and life. It cured me of lung trouble following grippe." Thousands own their lives to this prompt action of this never failing remedy. It cures coughs, colds, croup, bronchitis, pneumonia, grippe and throat and lung troubles. It will never stop drinking. It is the only harmonious remedy that gives immediate results. Berry Drug Co.

Charged With Assault on Kill. William Kinney was arrested Saturday by Sheriff Kinney at Madrid on a bench warrant issued by Judge McPhee on a charge of assault with intent to kill. He was arrested on the roof of a house and was taken to the jail under guard of \$500 bond.—New Mexican.

Will often cause a horrible burn, scald, or other. Bucklin's Arnica Salve, the best in the world, will kill the pain and promptly heal. Cures all sores, fever sores, ulcers, boils, felon, corns, all skin eruptions. Best pile cure on earth. Only 25c. a box. Cure Yourselves. Sold by J. H. O'Reilly & Co., druggist.

Prisoner Taken to El Paso. Sheriff Boone, of El Paso, arrived in the capital yesterday noon to take in charge Juan Hernandez, whose two-year sentence at the New Mexico penitentiary for horse stealing has expired and who is wanted at El Paso for the murder of Ranger Fusselman. The prisoner, who is a man about 42 years of age, was delivered to him this afternoon and he left with him on the 4:10 o'clock train. Hernandez is said to have been with Gerónimo Parra, when Fusselman was killed nine years ago, in resisting arrest by rangers. Parra was hanged last week in El Paso.

Death This Morning. John Anderson, a young man 25 years old who came here about ten days ago in the last stage of consumption, died early this morning at his room on south Second street. Accompanied by his brother, Oles, he came from his home in Rockdale, Wis. too late to derive any benefit from this climate. His other brothers, in Rockdale and Chicago, have been notified of his death, and arrangements for the shipment of the remains to Rockdale for burial are under way. It is possible they will be shipped to-night.

Accompanied by his brother, Oles, he came from his home in Rockdale, Wis. too late to derive any benefit from this climate. His other brothers, in Rockdale and Chicago, have been notified of his death, and arrangements for the shipment of the remains to Rockdale for burial are under way. It is possible they will be shipped to-night.

Oh, the Pain of Rheumatism!

Rheumatism often enters the most sensitive parts of the body. Many have been cured by the use of Dr. Williams' Pink Pills. It is a blood disease, and Dr. Williams' Pink Pills is the only remedy which cures it. It is the only remedy which cures it. It is the only remedy which cures it.

Another thought! The man who properly appreciates the lesson of the season, would, if he had the power, take the word in word to harness spoken, the bitter just uttered to secure a reputation for smartness, the senseless and disgusting wrongs upon others, and so transform the word into a word of blessing.

He would recall the mistakes caused by his blunders, his well meant but stupid actions. These he would recall, and solemnly vow that they should never be repeated—never again.

The beautiful power of nature should be his. No storm that ever raged could shake the earth to its foundations. The power of the cyclone, the warning note of the earthquake, are hidden in time. There was never cloud so black and threatening that it forever cut out the sun. But the wrong done by man to man is often irreparable. The smile that once lit a happy human face has often been driven away, never to return. And it is not the deed, but man, who brings "that mild disease," that "rotten error," for which there is no moral physician.

EVERYBODY in New Mexico and Arizona hope that congress will pass the bill introduced by Delegate Wilson fixing the valuation for taxable purposes of the Santa Fe Pacific railroad at \$6,000 per mile. By some twist of legislation this road at present practically escapes taxation.

After the installation, all partook of an elegant spread of good things, and then journeyed to the Knights of Pythias hall, where they had been invited, and enjoyed the hospitality of the knights, consequently the night was indeed full of enjoyment.

Small Burial—Last Night.

Thieves forced an entrance into the small market of Kull Kiltown, on north Third street, last night, by sawing a hole in a side door close by the lock and turning the key. After entering they rummaged the place pretty well, taking \$2.40 out of the cash register, with which the exception of a bunch of "winter wrens" was the result of their labor. They unlocked the top of the machine to the safe and carried an empty money drawer, that was under the counter, out into the alley. From the appearance of the place it looked like the work of hoboes more than professional burglars. The city officers are watching all suspicious characters, and although the appearance of the place is not indicative of the class a sharp look will be kept to prevent any more.

Keep Coughing

We know of nothing better to soothe the lining of your throat and lungs. It is better than wet feet to catch bronchitis and pneumonia. Only keep it long enough and you will succeed in reducing your weight, losing your appetite, bringing on a slow fever and making everything exactly right for the germs of consumption. Stop coughing and you will get well.

Ayer's Cherry Pectoral

cures coughs of every kind. An ordinary cough disappears in a single night. The racking coughs of bronchitis are soon completely mastered. And, if not too far advanced, the coughs of consumption are completely cured. Ask your druggist for one of

It will all the action of the Cherry Pectoral.

If you have any complaint what ever and desire that medical skill and the power of Ayer's Cherry Pectoral Plaster, write to Dr. J. C. Ayer, Lowell, Mass.

LETTER FROM ECADOR.

Hon. F. T. Aspinwall Writes a Few Lines About that Country.

Hon. F. T. Aspinwall, for years located at Winslow, and who is well known to many Albuquerque people, has written a long letter to the *Mohave County*, Arizona, Miner. Mr. Aspinwall is now located in Guayaquil, Ecuador. He reports:

Fred Mathis and Jack Thomas well and prospering. Mathis is chief clerk to the superintendent of construction on the Guayaquil & Quito railroad and the latter is blacksmithing. Charles Thomas, who left Kingston, the party, got scared out and took a steamer back for New York. Guayaquil is situated on the river of that name forty miles from its mouth and contains 25,000 population. It is lighted by electricity and the streets are paved with cobble. The street cars are the same as in all semi-tropical regions and are propelled by mules. The road being built to Quito passes over a high, mountainous country, the elevation going from sea level to 14,000 feet and then descending to 10,000 feet at Quito, a distance of 267 miles. The country is very fertile, the native living like sheep with fever. Mr. Aspinwall has a good position with the railroad company and will probably remain there until the completion of the road. Joe Boland, whom all Mohave county know, has charge of a grading camp sixty miles from Guayaquil. The country in and around Guayaquil is the most fever and dried spot on the globe, the fog hanging over it like a pall.

LEWIS CLARK, Member National Council of Administration.

THE ALBUQUERQUE GUARDS.

They Entertain Their Friends With a Basket Ball Game and Dance.

The dance last evening given by the Albuquerque guards was the most enjoyable given since the organization was started. There was a large crowd present and all had a good time. The music, which was excellent, was played by Miss Hanthorne and Prof. D. Mauro.

The guards were given a hard drill by setting captain, Rider, after which the basket ball game was played. Although the teams were very much out of sync, the game was very interesting and many close plays were made on both sides. The prettiest play of the evening was the passing of the ball down the field by Martin and Taylor. The losing side made many close throws for goal but luck was against them for scoring. The two teams should divide up their players for a future game, which no doubt would be very interesting. The game last night was won by Captain Benjamin's team. Score 17 to 12.

Gannon has implored the help of Director of Public Safety Knighl, of Philadelphia, and has employed private detective to search that city to gain some knowledge of his wife's whereabouts. His fear is that some accident has befallen her, or that possibly she is deranged mentally and is under restraint in some public institution. While on the train from here to Washington, D. C., he was stopped off the train at the station in that city, and since that time has disappeared as absolutely as if he had left the earth. Her husband has made attempt after attempt to locate his wife, but failure has been the result each time.
