# HSLIC News - LibGuides at University of New Mexico

PubMed is changing its interface! Come to an online workshop with a librarian to learn how to navigate the new PubMed and pick up some advanced tricks in the process. This workshop will review how to utilize keyword and MeSH searching, narrowing your results, creating alerts, saving searches, and more.

There will be two opportunities to attend: Wednesday April 29<sup>th</sup> from 12-1pm and Monday May 4<sup>th</sup> from 9-10am. In order to access the Zoom link for the session of your choice you will need to RSVP and the instructor will send you the credentials. So please see our [HSLIC Events page](#) for more information and to RSVP.

If these times don't work for you or you have other questions you can reach out to Kelleen Maluski, Student Success and Engagement Librarian, at [camaluski@salud.unm.edu](mailto:camaluski@salud.unm.edu).
