## HIGH SCHOOL NOTES

The high school dance Friday night was well attended and everyone left satisfied and happy.

The basketball game between the Albuquerque freshmen and the high school boys resulted in a victory for the freshmen. The lineup for Belen was: Lewis at center, Peralta and Sachs forwards, Rutz and Riley guards and Dalies and Ward subs.

The laboratory has acquired a small characteristic of such a place. The instructor is the only person who can stay in it without going to the window occasionally for a breath of pure air.

## Wanted: A National Policeman

The farmer does not get enough money for the food he sells; but the consumer, who buys it, pays too much.

It is high time that Uncle Sam constituted himself a policeman to protect both producer and consumer. If he keeps the in-between boys from raiding the Public-Food melon patch, the producer will no longer have to put up with so small a return and, what is just as important, the public will not have to pay exorbitant prices for food.

The Farm Bureaus, expressing the minds of the organized farmers of America, are setting out to convince Uncle Sam that he must act. It is only by national mobilization that the farmers can hope to secure action on this and other questions whose solution vitally affects the future of our farming industry. The Farm Bureau Movement deserves the support of each and every citizen.

THE COUNTRY GENTLEMAN, as the great national champion of progressive methods, is thoroughly in accord with the aims of the Farm

Bureaus. Its vision is national: for in gathering the sound, helpful material which makes up its 52 big weekly issues its editors and contributors travel the country over in search of the latest news and the best opinion. Its editorial policy can therefore be accepted as fairly voicing the thought of the American farmer.

You want and need this national mirror of farm progress. It costs only \$1.00 for a year. Many farmers say it's the best buy they ever made. Send a dollar bill or your check today.
