field trip 1
ladder Ranch

USA, NM, Sierra County. ladder Ranch

7.5 Km North of Animas Peak

6-8 September 2013

Riparian area w/ cottonwoods
Nearby Pond w/ surrounding cattails.

I Set up bat nets on the first evening
and helped check a trap line on the
next morning (No Success).

the trapline was along the shore
of the small pond.

the bat nets were set along the river in
areas where the water was slow moving
and the surrounding trees acted as a
funnel to encourage bats to fly into the
nets.

Over the weekend the weather
was warm with some moderate rain
on the evening of the Seventh.
