## Will You Stick?

"This Farm Bureau thing costs too much," said a Nebraska merchant to several farmers gathered in his store. "County dues are all right, but putting up for a lot of state and national officers is different. You don't know how they'll spend your money."

"Let's see, don't retail merchants have both state and national organizations?" asked one farmer.

The merchant colored, but admitted they had. The farmer asked if he belonged to any of them.

"That's my business," sputtered the merchant.

"Yes, and I guess the Farm Bureau is my business," spoke up another farmer. "I hadn't joined it before, but I'm going to now. If a national organization is a good thing for merchants and bankers and manufacturers, it's a good thing for farmers, too."

This story has its lessons to farmers everywhere. There are some 400 national business men's organizations, all supported liberally, all doing effective work for their membership. Every big business has had a national organization except farming. Food speculators believe in organization for themselves, but not for the farmers. They hope you will quit the Farm Bureau.

Our advice to you is to stick to the Farm Bureau Federation. It is proceeding steadily and surely. It already has accomplished some fine results. It will accomplish many more if still more farmers get back

of it and stay back of it. Take a tip from the members of the big national trade organizations—they are loyal.

The farmer needs a national weekly, too, just as much as the banker needs his financial journal. THE COUNTRY GENTLEMAN fills that requirement. Its interesting and important news articles are gathered from all parts of the country. It presents a nation-wide view of farm problems and opportunities. There is a lot of good reading in it, too—splendid fiction, inspiring editorials, wholesome humor. Only \$1 brings you 52 big issues.
