CO-OPERATIVE MARKETING
FARM COST ACCOUNTING
KNOWLEDGE OF WORLD MARKETS

The Light Cure

You can catch more bugs in light than in darkness. Somewhere in the dark between farmer and consumer somebody is adding a whacking big **un-earned** increase to food and clothing prices. Honest retailers and wholesalers are powerless to prevent it. But—**if** the searchlight could be turned on these little-understood, in-between transactions, factors like wasted labor, unequal distribution and reckless speculation would stand out in bold relief. To cure these evils, the light method is advocated by your

COUNTY FARM BUREAU

By farm cost accounting, Farm Bureaus will ascertain actual production costs, as a means of selling at prices fairer to both producer and consumer.

By knowledge of world markets, Farm Bureaus will avoid overproduction of one crop and underproduction of another, with resulting market glut and scarcity.

By fostering co-operative marketing, Farm Bureaus will eliminate speculators and other parasites of the present distribution system.

THE COUNTRY GENTLEMAN believes in these searchlight methods

and advises its local readers to join your County Farm Bureau and wholeheartedly support it and the great American Farm Bureau Federation with which it is affiliated.

THE COUNTRY GENTLEMAN is issued weekly from Independence Square, Philadelphia, Pennsylvania. You will get the national news of the rapidly growing farm-bureau movement if you read **THE COUNTRY GENTLEMAN** regularly. NEED OF FARM TARIFF IS GREAT, SAYS CAPPER

Washington—Reasons for the protection of the American farmer through the emergency tariff bill which the Republican Congress has passed and President Wilson has signed his de termination to disapprove are summed up by Senator Capper, of Kansas.

This emergency bill is a paramount act of social and indispensable justice, he said. The American farmer stand alone today of all the producers in the world. Other governments, notable those of Great Britain, France, Germany, Italy, and Japan, are helping their farmers, protecting and supporting them but our farmers must go it alone in competition with all the world.

SANE UTILITY DECISION

The United States Supreme court upholds decisions of Oregon Public service commission, that cities cannot compel public utilities to give them free municipal service in exchange for charters.

In numerous towns free hydrant service, free telephones and free service on street cars had been forced from public utilities, thus casting additional burdens on private patrons.

The Oregon legislature enacted the Eddy bill to compel the Public service commission to really legalize such inequitable contracts, but the Governor vetoed the bill as an interference with sound policy.

To allow city councils or even the people themselves to exact free service or service at special rates is held an abuse equal to free passes, on the theory that all such service must be paid for by higher rates charged some other users.

WHAT GOVERNMENT CAN DO

The government cannot create business except in a state of war, or by going into the taxpayers pocket to fix prices higher than the law of supply and demand.

It can only help business by relieving it of burdens of taxation and regulation. Given the home markets and markets abroad to sell surplus products, business and production will and must take care of itself.

Ten Days in the Desert— and still have Fresh Milk!

Such a thing can happen to you if you have a package of Klim Powdered Milk and a canteen of water with you.

Klim IS Milk—rich, pure, and fresh—in powder form. Nothing is changed—only the water is removed. Milk is $\frac{7}{8}$ water and $\frac{1}{8}$ solids.

K-L-I-M—Klim is Milk with the water removed.

M-I-L-K—Milk is Klim with the water replaced.

At any time, in any place, you can have fresh, sweet milk in abundance by simply adding water to Klim.

Spell it backwards

KLIM

BRAND
POWDERED MILK

Klim has no fear of hot days or cold ones—of damp days or dry ones. You need no ice to keep Klim—it does not sour. It does not freeze in winter.

Klim comes in two forms: Klim Powdered Whole Milk (full cream), for the baby—for drinking, for cereals and coffee; and Klim Powdered Skimmed Milk, for all cooking purposes. Klim is advocated by eminent physicians and leading food authorities.

Know what it is to have fresh milk, no matter if you are thousands of miles from a milk supply. Know the convenience—the quality—the economy—and the advantages of using Klim. Get a supply today.

The county clerk was instructed to draw warrant in payment of road work, materials, supplies and salary of road superintendent as per vouchers presented by Mr. Castillo with his approval, which vouchers had not been paid and Mr. Castillo was directed to hold county road materials under his care until the regular term of the county commissioners in April.

The county Clerk was instructed to secure certified copies of all laws relating to the duties of County officials enacted by the present session of the State Legislature and to notify the commissioners as soon as the new road law would be enacted.

WHEREAS the board of County Commissioners of the county of Valencia during the last year requested the opening of a right-of-way crossing on the Atchison Topeka and Santa Fe R. R. Coast Lines on the township line between Township Number 12 and 11 North Range, Range 10 West near Toltec, New Mexico.

Be it further resolved that the said Corporation Commission of the State of New Mexico is earnestly solicited to investigate the great need of this crossing.

Be it further resolved that a certified copy of the foregoing resolution be transmitted to the division superintendent of the Atchison Topeka and Santa Fe R. R. Coast Lines at Winslow, Arizona and the solicitor for the Santa Fe System at Albuquerque, New Mexico, Mr. W. C. Reid and also to the State Corporation Commission.

The county clerk is hereby instructed to draw warrants from time to time on the special bridge fund in payment of certificates of indebtedness to the Midland Bridge Company to the amount of the balance in the treasurer's hands and chairman of the board is hereby authorized to sign the same.

Whereas until the passage of a law providing for county road administration there is no authority besides the board of county commissioners to look after the county road maintenance, and WHEREAS it is expected that proper legislation for county road administration will be enacted at an earlier date and WHEREAS it is necessary to provide for prompt repairs of the county highway and purchase in case of emergency, and whereas Hon. Eugene Kempenick, secretary of the State Highway Commission has volunteered his services in behalf of said commission to undertake this work during the period above mentioned and it is furthermore being necessary that a responsible person take charge and any defects in the roads and bridges of the county be reported. Therefore be it resolved that Hon. Emiliano Castillo is hereby designated as the person to whom any immediate road necessities shall be reported and said Mr. Castillo is requested to notify the highway commission immediately upon investigation.

The following bonds of constables were approved by the board: Carlos Garcia, W. M. Jolly, and Pedro Tafoya.
