As a Modern Filipino Actually Looks

There are hundreds of thousands of this type of young men in the Philippines. They are to be the future rulers of the destinies of the islands.

The Filipino has been much misrepresented in the United States. This is largely because the Sunday supplements have made a specialty of portraying the semi-naked non-Christian hill tribes as "typical" Filipinos, which is far from the truth.

The total population of the Philippines is 10,350,040, of which 9,495,272 are Christians and civilized, and have been so for 300 years, possessing a culture and refinement that will compare favorably with that of other countries. The number of non-Christians is 858, and only a small percentage of them are uncivilized. They are fast becoming educated, and will ultimately make good citizens.

Seventy per cent of the inhabitants of the Philippines over ten years of age, according to the last census, are literate. This is a higher percentage of literacy than that of any South American country, higher than that of Spain, and higher than that of any of the New Republics of Europe whose independence is being guaranteed by the Allies.

HAS HUSTLING LABOR BUREAU

Nashville, Tenn., Post Tackles Hard Problem and Makes Most Efficient Showing.

In accordance with the general activity of American Legion posts in meeting the unemployment crisis as it affects the ex-service man, Nashville, Tenn., Post has tackled the situation with a considerable degree of Argonne enthusiasm.

An employment bureau has been established in charge of a Legion member, who devotes his full time to it. Both job applicants and employers seeking men are listed in a card index, according to their abilities and needs.

When a man applies at the Legion headquarters for a job, he is required to fill out a blank giving the following information: Name, address, place of birth, married or single; if he is an ex-service man, if he has dependents, special training and schools attended, with the extent of the education gained.

Trade test questions are: "Can you speak any foreign language?" "Do you understand card-index system?" "Can you operate a switchboard?" "Can you use a typewriter efficiently?" "Are you good at figures?" "Can you run an automobile or truck?"

Trades included in the list of job applicants for one day were electrician, druggist, salesman, accounting clerk, bookkeeper, draftsman, insurance salesman, machinist and mattress maker.

When the job seeker has filed his application, he is given a card to show that he has registered with the Legion bureau. When he is sent to an employer in response to a call, he is given a card of introduction stating that he is sent by the Legion bureau. His original application, together with the secretary's endorsement or estimate of the man, is forwarded to the prospective employer.

By arrangement with the negro post of the Legion, the employment bureau is able to answer calls for negro labor, applicants for work being listed with the negro secretary.

The work of the employment bureau is supported by funds available in the Legion treasury from a post show given last year. Another entertainment will be given soon to raise money for further operation of the bureau.

Six Barrels of Potatoes for 99c.

On September 14, Mrs. Sarah S. Hancock, of Bridgeton, New Jersey, sold six barrels of No. 2 potatoes through a New York commission house for \$1.50 a barrel—a total of \$9.00. After deducting \$2.10 for barrels, \$3.51 for freight, \$1.50 for cartage and \$.90 for commission, the firm sent Mrs. Hancock what was left—99c.

Think of it! Six full barrels of food for only 99 cents!

The quick relief for such cases is direct cooperative marketing of vegetables, fruit, grain and livestock by the full carload.

Michigan potato growers saved \$700,000.00 last year by letting a trained sales manager market their crop cooperatively. There is no longer any question as to whether it will work—fourteen thousand cooperative associations are working in the United States today.

There is a big, new force in the United States which advocates cooperation. It is the American Farm Bureau Federation. It also supports all other sound relief measures for farmers, such as cost accounting, knowledge of world markets and legis-

lative reforms. You can help in the fight for these measures by becoming a member of your County Farm Bureau.

You can help, too, by reading that great national farm service weekly, **THE COUNTRY GENTLEMAN**. You will find it always in the thick of the farmer's fight—never neutral and never dull. Fifty-two big, inspiring issues, crammed with helpfulness, entertainment, hope and courage, will be delivered in your post-box for just \$1.00 the year. Yes, **your check is good.**
