NOTICE FOR FINAL DISCHARGE AS ADMINISTRATOR IN THE PROBATE COURT OF VA-

The AMERICAN LEGION

LEGION MEN IN HOSPITALS

One-Third Ex-Service Boys in Institutions Are Members of the Great Organization.

One-third of the ex-service men who are confined in hospitals in thirty-two states are members of the American Legion, according to Gerald J. Murphy, director of the Legion's service division, who bases his report on figures compiled in a national census of disabled men taken by the Legion.

"With one-third of the disabled veterans enrolled in the Legion, against one-fifth of the other eligible ex-service men, it is shown that the disabled man realizes the results the Legion has obtained in its campaign for justice for the sick and wounded of the World War", Mr. Murphy declared. "The disabled man has not joined the Legion for the selfish purpose of obtaining his own compensation, for the Legion service is extended to veterans, regardless of Legion membership."

"Although the principal effort of the Legion is to aid the sick and wounded veteran, national and state legislation, Americanism work and many other projects beneficial to all ex-service men are being accomplished by the organization. These movements are expected to result in a greater percentage of Legion members among those who left the service without physical handicaps."

speaking of it in slighting terms.

There is no question but that much money has been lost in wildcatting ventures, and there have undoubtedly been crooked companies who have taken the investors money for wildcatting just as there have been crooked companies in any other line of activity.

But the fact remains that if it were not for wildcatting we would not have oil for our needs today. The high price for crude oil during the past year encouraged wildcatting in many new localities, and as a result we have oil-producing wells today in sections of the country which never dreamed of oil a year or two ago.

An honest wildcatter is a public benefactor, and instead of misconstruing the term which is applied to him, the public should understand that it is these pioneers in an industry, and particularly the oil and mining industries, who are chiefly responsible for the wealth and development of our the wealth and development of our western states today.

Baby's Milk Must Be Right— Use Powdered Milk

Baby's milk must be pure and have all the food elements necessary for baby's healthful growth. Klim Powdered Whole Milk is ideal for home modification. Klim is pure, rich milk reduced

to powder form without cooking. Nothing is added. Nothing is changed. Nothing is taken out but the water. Replace the water and you have milk again—fresh and sweet.

Spell it backwards

BRAND
POWDERED MILK

Klim is indorsed by such eminent specialists and authorities as Prof. E. V. McCollum, of Johns Hopkins, Dr. Harvey W. Wiley, Prof. George W. Cavanaugh, of Cornell, and many others. Hospitals, Homes, Schools, Health Resorts, the United States Army and Navy, and hundreds of public and semi-public institutions use Klim and testify to its quality and value. Ask your own physician.

• Klim is an excellent food from babyhood up. Children will drink it because they like its genuine, fresh-milk flavor.

Klim comes in two forms: Klim Powdered Whole Milk (full cream) and Klim Powdered Skimmed Milk (for all cooking purposes). A 2½ lb. package of Klim Powdered Whole Milk makes 10 quarts of liquid whole milk.

You alone are the judge of the value of Klim. Get a package and know that Klim is the best quality milk that money can buy—milk that is safe for baby—milk that is convenient and economical.
