SEATS ON SALE AT STAR PHARMACY

A pleasant dance at W. C. Blindel's Friday night was attended by a goodly number from Carlsbad and Otis who merrily danced the hours away.

P. D. L. McLaurin, of Albuquerque, representing the New York Life was in Carlsbad looking after business for his company, coming Friday night.

MRS. WOODMAN ENTERTAINS.

The Ninth Grade pupils of the High School, were entertained at the home of Mr. and Mrs. Harry Woodman last Friday night, honoring Marynet Reed. The boys and girls played games of various kinds, the victrola discoursed sweet music and the entire evening was pleasantly spent. Ice cream, wafers, and delicious home made candy were served at the close to the following guests, Misses Marynet Reed, Catherine and Elizabeth Purdy, Frances Etter, Mary Bert Perry, Henrietta Dilley, Adelle Hujac, Dorothy Dick and Elizabeth Albritton, David Sellards, Joseph Powell, Ned White, Stanley Blocker, Billie Merchant, John Owen Eakin, Clarence Horne, Virgil McCollum, Gerry Steinbaugh, Frank Smith and Glenwood Jackson.

Mr. and Mrs. Ben Dickson and children were in town, over Sunday from the Coad ranch. They were accompanied by Miss Hepler, who is teaching at the ranch this winter.

Mrs. S. P. Page recently received word from Decatur, Texas, of the death of three of her cousins from influenza. One of the cousins had only been married a few months.

Paul Ramuz came in last week from Hurley, New Mexico, and left for Dayton, on a visit to his brother Philip, who resides there. Mr. Ramuz has been working in a mill at Hurley but expects to secure employment near here.

HOME AND SCHOOL ASSOCIATION

A splendid audience of parents and friends of the Carlsbad schools were in attendance at the Home and School association meeting last Friday night, the meeting being held in the study hall, Mrs. W. W. Dean, presiding. Mrs. Donley, principal of the Grammar school and chairman of the playground committee, presented the needs of the pupils of that school in a short talk. The principal needs at this time seem to be trash cans, and a slide for the playground. Later on an arbor is proposed, where the pupils may go to eat their lunch. The committee was empowered to purchase the trash cans, there being enough money on hands for that purpose.

Mrs. Grantham made a talk on the hot lunch question which has already been successfully demonstrated in our schools. The speaker, with her usual thoughtfulness, asked that some plan be evolved where by those pupils who are unable to buy lunches might have the benefit of free meals. As she suggested, those pupils are perhaps the very ones who need the lunch. The plan will likely be adopted, of selling a ticket for fifty cents entitling the holder to five meals. They are now furnishing two cooked dishes and bread and butter each day. One need of this department was better spoons they are now using tin ones. This was discussed at some length by Mrs. Dilley, Miss Cravin and others. The consensus of opinion seems to be that the hot lunches have come to stay in Carlsbad schools.

Miss Christian delighted all with a vocal solo, with Mrs. Ralph at the piano.

The Glee Club also rendered "Keep the Home Fires Burning," Miss Chilcoat at the piano and Miss Lovett leading.

Mrs. J. W. Lewis read an exceedingly interesting paper on "Religion in the Public Schools," a difficult subject to handle, for many reasons. She had evidently given much thought and study to the matter, and presented arguments on both sides of the important question. "Civilization consists of science, literature, art social institutions and religion and a person lacking in one of these cannot be said to be highly educated." Mrs. Lewis gave some prophecies of the Sunday Schools of the future, which, she thinks, will be very different to our present Sunday Schools in that teachers will be secured who have had special training, and who will be paid for their work as secular school teachers are now. It is to be regretted that time did not allow a discussion of the splendid paper.

Professor Poore talked on "Health in the Schools." This subject had been assigned to Dr. L. H. Pate, who was unable to be present and the talk was very interesting and helpful. The professor told in detail of the work of the schools in the campaign begun last Monday for the purpose of promoting the health of the pupils. The intention of this work is to induce pupils to form correct health habits, and parents are urged to cooperate with the teachers along this line.

Mr. F. W. Pratt gave a talk on "Cheerfulness" which pleased every body and this closed the program. After the meeting a systematic campaign for new members of the association was carried out. About fifty names were secured and more will join in the future. The membership dues are twenty-five cents a year.

In the contest to see which grade had the largest number of parents present, the Eighth grade was a head and will be the banner grade for the month.

Dock Vest and the men with him who have been working in the biological department of the government and have been especially engaged in the eradication of prairie dogs and other rodents, have been called off that work until the middle of March. It has been found that the work can be more satisfactorily performed in the spring months than during the winter season. They have therefore been assigned to the bureau for the destruction of predatory animals, and are ready for business along that line. The service is free and stockmen are urged to avail themselves of this opportunity to rid their ranges of coyotes, wolves, mountain lions and all other predatory animals that have been creating more than their usual havoc this last season. A word or line to Dock Vest or County Agent Smith will be answered at once.

Mrs. C. H. Shannon, of Clovis, was an overnight visitor in Carlsbad last Friday night, en route to the home of her sister in Big Springs, Texas.

Gentlemen:—As I have been a barber for over 25 years, I feel that I am in a position to say something that may be considered authoritative on the subject of dandruff, scalp eczema and kindred disorders. Lucky Tiger is the first and only remedy that I find doing the work. Lucky Tiger does positively kill the Dandruff and Eczema germs. THE DEADLY PARALLEL IN PUBLIC HEALTH

Is New Mexico so much poorer or more backward than other states of similar population, as to excuse her for her absolute disregard of her public health situation?

Much as it is to be regretted that opinion is gaining ground in health circles through the country.

During the past year or so men of National reputations have visited New Mexico on various health missions for the Federal Government and various National health organizations, and things these men have considered themselves obliged to say in their reports are such as to cause all thinking New Mexicans the gravest concern.

Dr. Charles V. Chapin, Health Commissioner of Providence, Rhode Island, a recognized authority, health organization, who made a survey of the work of the various state health departments through the country, in speaking of New Mexico said, "It is unfortunate that a state with a population which now numbers nearly half a million should do nothing whatsoever for public health. It is the only state of which this can be said."

A little later New Mexico was visited by Dr. Evans, of the Chicago Tribune, then president of the American Public Health Association. Writing derisively of New Mexico's lack of health organization in that paper, Dr. Evans said, "New Mexico sells health but does not know herself whether she is healthy or not."

Last spring we were visited by Dr. S. J. Curbish, Secretary of the Kansas State Board Health, on a mission from the National Council of Defense, concerning the prevalence of venereal disease in New Mexico as it affected the army. The lack of health organization made it impossible for New Mexico to adequately carry out his plans, and he was forced to so state in his report.

This autumn on the request of Governor W. E. Lindsey, Surgeon John W. Kerr, Major, one of the most experienced men in the United States Public Health Service was sent to New Mexico by Surgeon General Rupert Blue, to make a survey of health conditions and organization. While Dr. Kerr's report was made for the sole benefit of New Mexico, it is printed in the "Public Health Reports", the weekly document put out by the Public Health Service under the Treasury Department and distributed broadcast through America. This report is far from flattering inasmuch as it was necessary, if the document was to be of any value, to call a spade a spade.

This past week an incident came to our notice which was the direct result of having by far the largest circulation of any paper in Eddy County. We have always looked upon a large circulation as a stimulant to business and especially advertising, but in this case it proved otherwise. A certain person bringing suit for divorce was expected for personal reasons to place the legal advertisement in the Current, but to our surprise it was placed with another paper. In a few days they explained to us that very little publicity was desired in the case, and so would not consider at all placing the notice in this paper on account of its large circulation. While we lost out in this case there is much to be gained by having many subscribers.

COUNCILS OF DEFENSE TO CONTINUE

Secretary Lane, not long ago in speaking of the work of the Councils of Defense, past and present, said:

"We, in the Council of National Defense, have been intimately in touch with all sections of the country through the organization of the state councils of defense. In our judgment for this trying period which is to come it is essential that you shall be able in the future as in the past to reach your own people with whatever message the national government may desire to send them. The Women's Councils of Defense should not be allowed to flag. I say this as to emphasize what Secretary Baker said lately. We wish you to promote, through every way you can, through legislation, through the message you will carry home, the idea that the United States shall not disintegrate into so many individuals but that the organized effort which has been in existence throughout the war shall be maintained until we know that this war is over and its effects are passed."

Mrs. C. C. Sikes is one of the new force at the courthouse having lately accepted a position across the hall from County Treasurer Sikes' office and is now an employee of County Assessor Roy Waller.

Robert Hamblen will take possession of the R. L. Hanson bungalow in North Carlsbad the first of next week, where he and his family will make their home.

Six ears of alfalfa hay were shipped this week, consigned to parties in Amarillo and Beaumont, Texas. The hay was shipped by the Loving Alfalfa growers and Joyce-Fruit Company.

OPENING OF PEACE PARLEY.

Paris, Jan. 18.—The peace congress, destined to be historic and on which the eyes of the world are now centered, was opened this afternoon in the great Salle de la Paix. The proceedings, which were confined to the election of Georges Clemenceau, the French premier, as permanent chairman of the conference, an address of welcome by the president of the French republic, Raymond Poincare, and speeches by President Wilson, Premier Lloyd George and Baron Sonnino were characterized by expressions of lasting friendship and the apparent determination of the representatives of the various nations to come to an amicable understanding with respect to the problems to be decided by the conference.

No Applause Greets Address. When President Poincare spoke, the entire assembly stood, and the fact that according to custom, no applause greeted his utterance gave greater solemnity to the scene.

M. Clemenceau's acceptance of the congress was both a feeling expression of personal gratitude and a definite outline of the great questions immediately ahead. Three of these larger general subjects he defined as responsibility for the war, responsibility for crimes during the war and international labor legislation. The league of nations, he declared, was at the head of the program for the next full session.

Ambition Noble One. "Our ambition is a great noble one," said M. Clemenceau. "We wish to avoid a repetition of the catastrophe which bathed the world in blood. If the league of nations is to be practicable we must all remain united. Let us carry out our program quickly and in an effective manner."

Referring to the authors of the war he said he had consulted two eminent jurists on the penal responsibility of the former German emperor, and each delegate would receive a copy of that report.

DRY AMENDMENT IS RATIFIED BY STATE SENATE.

Santa Fe, Jan. 20.—National prohibition was ratified by the senate this afternoon by an affirmative vote of 12 to 4, six senators being absent and two paired. The resolution, which was passed by the house of representatives Thursday afternoon, now goes to Governor Larrazolo, who is expected to sign it without delay.

Senator Bryant introduced a joint memorial to Hale Holden, federal regional director of western lines, asking for the suspension of the recent order restoring the full rate on live stock feed for drought stricken sections. Under a suspension of the rules it carried unanimously.

The same memorial was introduced into the house by W. J. Linwood, of Colfax county. After a short debate the rule was suspended and a motion adopting the memorial carried.

A NEW LAW FIRM.

The Current takes pleasure in calling attention to the new law firm of Armstrong & Wilson which has recently been formed in this city. The junior member of the firm is Fred E. Wilson, a graduate of the University of Arkansas, and a young lawyer of more than ordinary ability. He has been practicing since 1915; was a volunteer in the army, serving one year in C Company and receiving an honorable discharge. Later Mr. Wilson was chief clerk of the local draft board. He enjoys a wide acquaintance here and at Hope, this county, where he practiced his profession for some months. Mr. Wilson will add strength and prestige to the firm, which is already considered one of the strongest and best in the valley—everybody being acquainted with the senior member, Judge Armstrong, and his ability in law as well as his probity in private life being unquestioned.

MARRIED.

At the residence of H. P. Barnes, five miles east of Carlsbad, Wednesday, January 22nd, at 6:00 P. M. the marriage of L. P. Evans and Miss Mary Walker, both of Artesia, was solemnized, Rev. Buren Sparks, officiating. The couple were accompanied by Miss Juanita Stagner and Landis Feathers, who were the only attendants. After the ceremony a fine wedding supper was served.

Mr. Evans is one of the substantial stockmen of the upper valley and has recently built a cozy cottage in Artesia where they will make their home.

Mrs. Evans has many friends here, she spending a season here some years ago at the home of an aunt, and having a clerkship in Joyce-Fruit store. All join in wishing this worthy couple a long and happy married life in their pretty new home.

Since we haven't had occasion to use ushers for a long time, and are breaking in new ushers, we ask our patrons to be patient and assist, if possible, in locating their seats for the "Hearts of the World" next Monday and Tuesday.

A LINE PARTY.

Miss Grace Bearup was the victim of a surprise, given by some of her girl and boy friends at her home in Carlsbad last Saturday night. Grace had been promised a party the following Monday, but the guests were privately told by Mrs. Bearup to come Saturday consequently she received a genuine surprise.

The house was placed at the service of the guests until time for the picture show, when Mrs. Bearup chaperoned them to the theater to see Jack Pickford who played hers at that time. After the show they returned to the Bearup residence and were treated to two kinds of cake, hot chocolate and popcorn balls. The little hostess gave several numbers on the piano and played the victrola for her guests and after other games they left for their respective homes.

Those present were Bonnie Bell, Thelma Sutton, Isabelle Smith, Laura Harrington, Ben Barnett, Elmer Forehand, Sylester Bell, and the hostess, Miss Grace Bearup.

WOMEN SUPERINTENDENTS.

Nine women county superintendents in New Mexico assumed office at the beginning of the year. They are:

Mrs. John R. Wilson, Bernalillo; Mrs. T. W. Hayes, Chavez; Mrs. Fielder, Grant; Mrs. Sarah K. Ellis, Lea; Mrs. Maude L. Blaney, Lincoln; Mrs. Alice G. Smith, Luna; Mrs. Adeline Otter-Warren, Santa Fe, and Miss Hazel Belle Reilly, Sierra.

George Brantley has resigned his position with the A. G. Shelby company and accepted a clerkship with the Joyce-Pruitt grocery beginning work there the first of the week.

Mr. Lindsay, who came here recently with relatives from Arkansas, for health benefits, has taken a position with the A. G. Shelby Grocery Co. as salesman.

MID-YEAR PROMOTIONS.

Examinations are being held this week in the schools in all grades except the third, for the mid-year promotions. Pupils will probably be instructed to report at the grade schools tomorrow for their cards and will then be told where to appear next Monday. The current hopes to print a list of the various pupils who have been promoted, together with their respective grades next week.

Richard Smith and family were in town this week from their ranch home at Moseley.

A FINISHING JOB.

It is expected that drilling will soon be resumed on the Illinois Company's well near Lakewood. The drillers have a fishing job on hand to secure the tools from the bottom of the hole where they were lost some days ago.

AT SISTER'S HOSPITAL.

The young son of A. F. Jones, of Loving, underwent an operation at Sister's hospital Tuesday morning.

Tuesday afternoon Miss Gladys Carder, thirteen years of age, was successfully operated on for appendicitis.

Frank Stetson, formerly of the Black River country, where he owned a fine ranch, is in from his present location at Glencoe, New Mexico. From what he tells us, he and his family are more than pleased with their new home.

Walter Glover, who ranches some sixty miles southwest of Carlsbad, in Culberson county, Texas, was in town this week leaving for the ranch Tuesday. Mr. Glover came for ranch supplies.

Mr. and Mrs. Paul Ares took advantage of the nice weather to make a flying visit to town, coming yesterday from their home in the mountains and will remain here today and tomorrow.

PICNIC UNDER DIFFICULTIES.

Mrs. T. J. Kindel's class of girls of the Methodist Sunday School had looked forward with anticipations to an auto ride and picnic at her home west of town, the happy affair to be observed at 10:30 last Saturday. Avanel Wright was to take the girls out in her car-but alas! when the time came and the girls were all in the car, that vehicle refused to start. They administered first aid, and put in the time in various ways, but it was almost twelve when they left town.

The girls ate their dinner picnic style and afterward played games and had such a happy time that the mishaps of the morning were forgotten, especially as the return trip was made without difficulty. Those enjoying the outing were Avanel Wright, Gladys Summerfield, Leona Allinger, Leila Dawson, Mary Thayer, Louerna Miller and Pearl Butcher.

J. H. Clarkson, of Roswell, spent the first of the week in Carlsbad and the lower valley, where he has a farm. The farm was until recently cupied by Mr. Pagnini, who will leave soon for Wisconsin. Mr. Clarkson says Mr. Pagnini was a splendid farmer and he hated to lose him. He had about forty acres in cotton and recently shipped twelve bales to Houston, Texas. Mr. Clarkson attended the sale of the Pagnini holdings at Malaga, Monday.

Mrs. R. D. Taylor, a daughter of Mrs. Wesley, of Loving, came in from North Carolina Monday night, and will make an extended visit with her mother who is fast recovering from her illness.

Mrs. Claude Farris spent Tuesday in Loving going and returning the same day.

LOST:—I lost a five dollar bill the first of the week. The bill was worn. I lost it between my home and the depot. Hattie Eaker.

There will be morning worship next Sunday at the Presbyterian church, and the subject of the sermon will be "The Dry Victory." Sabbath school will be held at ten o'clock.

R. D. Bruce was one among many in town Saturday from the lower valley attending court.

Mr. and Mrs. Scott Etter and daughter, Miss Frances, are all down with the flu this week, at their home on North Canyon street.

J. N. Hoag was up from the lower valley Tuesday afternoon, coming to attend the election of officers of Pecos Water Users association.

If you haven't received an invitation to the big wedding to be given the 5th of February, you had better see about it at once.

C. W. Beeman and wife were up Tuesday from their home at Malaga and transacted business while in town.

Swift & Company's 1918 Earnings

How They Affected You

During the twelve months ended Nov. 2, 1918 (its fiscal year), Swift & Company transacted the largest volume of business on the smallest margin of profit in its history.

Profits of the meat business—under regulations of the United States Food Administration—were limited to a maximum of 9 per cent on capital employed but not to exceed 2½ cents per dollar of sales.

Swift & Company in the regulated departments earned 7.57 per cent on capital employed and 2.04 cents per dollar of sales, out of which had to be paid interest on borrowed money and taxes. Here is how these earnings affect you.

Live-Stock Raiser—

Swift & Company killed 14,948,000 head of livestock, which weighed alive, 4,971,500,000 pounds.

Swift & Company made a profit of only a fraction of a cent per pound liveweight.

Consumer—

The sales of our meat departments were 4,012,579,000 pounds on which our earnings were less than ½ cent per pound.

The per capita consumption of meat in the United States is given as 170 pounds. If a consumer purchased only Swift & Company's products he would contribute only about 78 cents a year, or 1½ cents a week as profit to the company.

LETTERS FROM THE WESLEY BOYS.

Editor Carleton Current.

Dear Sir: I am sending letters and a post card from our two sons in France and the card is from our son, Edward. He enrolled in the navy last fall at Las Cruces and is only 19 years old. The boys who are in France crossed over in March, and reached there about the 28th of March and you can see by John's letter that he has been close up to the firing lines since April, but has not told us so until in his letter of the 11th of November and I must say we are very proud of him. Our two boys over there are both railroad firemen, but it seems they did not get in where they enlisted, but for all that we know they did their duty.

It is needless to say we are proud of our boys and only hope now it won't be such a great time until we see them home. I think John is as good as his post in France as he was on this farm 7 years ago when on 23 acres of land he made 20 bales of cotton. Respectfully yours,

MRS. FRANK WESLEY.

Thanksgiving, Nov. 28, 1918.
Dear Mother: Trusting this finds you all well and happy, as it leaves me. Have been having a good time, and talk of dinner; I never saw such a feed. Had turkey, 3 kinds of pies, cake, cranberries, fruit, nuts, candy and other stuff that I can't remember. Uncle Sam sure feeds his boys good and every one seemed to be contented. I expect to be released from army next week but am not sure yet. I will sure be glad to get back to civilian life again. How is the weather over there? It snowed here 2 1/2 days. Heard from Canada and no snow there. Write real soon. With love,

On Active Service Nov. 11, 1918
My Dearest Folks: Trusting this finds you all in the best of health as it leaves me. Well today is the day we have all been looking for. I know you all are rejoicing that the war is over. Everybody is

just wild over here. We will soon be coming back, but that is hard to tell just when. I can imagine how everything is over there tonight. The last gun that I heard today was just two minutes to 11 o'clock. I don't think I have ever told you where I was or how near to the front, and now that it is all over, I will. Ever since last April I have been just behind the lines and have been or seen a good many things which I know will interest you all. You need not worry about us any more. Its getting quite cold here nights now. Will let you hear from me often.

Your loving son, JOHN.

Somewhere in France, Nov. 3, '18
Dear Folks: Trusting this finds you all in the best of health as it leaves me today. Some time has passed since I have heard from you. We are having good weather the last two weeks. The news we hear now is very encouraging and I am looking for a radical change in a few days. Start and fatten up a few chickens as I think we will all be back before many months pass. But I guess you hear more than we do over here. Well I have seen quite a bit of action since I landed here. Will have a lot of things to tell you when we get there—things that seem impossible for human beings to stand, etc., but have been very fortunate so far. Am going to take life easy for a while when we are out of this. Love to all,

J. D. WESLEY.

OF INTEREST TO SCHOOL BOARDS AND TEACHERS.

Of a meeting of the State Board of Education held in Santa Fe on Dec. 26, 27, and 28, The Educational News Bulletin reports the following:

One of the most important actions taken by the board was a resolution offering to the teachers the question as to the payment of salaries to teachers during the very unusual enforced vacation caused by the epidemic. It was the sense of the board that this epidemic came to us as a national calamity and that its effects have been more detrimental to the schools in our state than those of the great war in which our country has engaged for the past two years.

It must be regarded as a national calamity and should be met by all alike and the teachers with their inadequate salaries should not be expected to bear the burden of this enforced vacation. In consideration of the above facts and following the precedent established by every other state in the Union, the State Board of Education went on record requesting school officials to pay teachers salaries in full. The following is a record:

THAT it is the sense of the State Board of Education that when school officials have entered into contract either written or oral with school teachers to teach a term of school the year 1918-1919, that these school teachers be paid their salaries in full for the school year. THAT, any cause beyond the control of the teacher which operates to close the school while the teacher is willing and ready to teach shall not be used as an excuse for withholding the salary; to be specific, teachers should be paid in full for the time which has been lost on account of the Spanish Influenza Epidemic.

FURTHERMORE, This Board wishes to call attention of the public to the grave danger which now confronts the public school system of this and other states on account of the shortage of teachers due in a large measure to the inadequate salaries paid.

HOW ONE HONOR MEDAL WAS WON.

Ethel Lyngberg, 15, who lives in Salt Lake County, Utah, will have pinned on her the four-leaf clover medal which is awarded members of boys' and girls' clubs who for four consecutive years have done successful work in their clubs. In the past season, beside attending high school, Ethel plowed 60 acres, and harrowed and leveled it for wheat, alfalfa, and beets, and in season helped her father cut hay. She also assisted with irrigation, in her father's absence, turning the water on and off alone. She canned 660 quarts of fruit and vegetables and dried many pounds. Meanwhile, she was baking the bread for the family. One hundred chickens grew to maturity during the summer, under her care. In her spare moments, she has knitted socks for soldiers. When she finishes high school Ethel plans to attend a college where she may study agriculture and home economics.—Food Farming Weekly.

SUNDAY SCHOOL LESSON

Teacher of English Bible in the Moody Bible Institute of Chicago.

LESSON FOR JANUARY 26

ISRAEL CROSSING THE RED SEA.

LESSON TEXT—Exodus 14:13-15.
GOLDEN TEXT—Thus the Lord saved the Israelites that day out of the hands of the Egyptians (Exodus 14:30).
ADDITIONAL MATERIAL—Deuteronomy 4:32-40; Psalms 78:1-14; 106:7-12; Hebrews 11:29.

The tenth stroke from the strong hand of the Almighty made Pharaoh willing to let Israel go. The tenth turn of the screw of omnipotence brought him to time. The Israelites go on their way to the promised land with a high hand. Through the land of the Philistines the journey would have been comparatively short; but God commanded them to turn from the way lest going through the land of the Philistines they see war and desire to turn back to Egypt. The Lord had respect for their needs. "He knoweth our frame, he remembereth that we are dust." (Psalms 103:14). He suits our trials to our ability to meet them.

The Lord went before them in a pillar of cloud by day and a pillar of fire by night. He not only thus indicated unto them the right path, but walked with them in it. God does not deliver and then leave us alone, but becomes our companion. At the Lord's direction they turned from their first course and were made to face a seeming difficulty. The Red sea was before them, and mountains on either side. The stricken Egyptians had recovered from their sorrow and now saw the Israelites in a situation from which they could not extricate themselves. They interpreted this to mean that Moses was unable to lead them out of their difficulty; therefore, they went in pursuit, hoping yet to prevent them from going out of the country.

I. The Miraculous Escape of the Israelites (14:13-22).
They were in a straitened condition but had no reason to fear, for the Lord had led them there. It is safe to be where the Lord leads, though every avenue is closed against us. There seems to be a two-fold object in leading them into this peculiar place: to strengthen the faith of the people and to lay a snare for the overthrow of the Egyptians. The people, as usual, displayed their unbelief and even cursed Moses for leading them out of Egypt. Moses replied to their murmurs by saying, "Fear ye not, stand still and see the salvation of the Lord." Standing still in such a trial is faith taking hold on God's promises. This is hard for the natural man to do. Before the salvation of the Lord can ever be seen or experienced we must come thus to him. While reposing our confidence in the Lord, there comes a time when we must make our faith active. God said, "Wherefore criest thou unto me? Speak unto the children of Israel that they go forward." Having had his definite promise, to have prayed longer would have been unbelief. The thing to be done then was to step out upon his eternal promise. The lifting up of the rod simply served as something tangible upon which their faith could act. They were to go forward a step at a time, without raising any question as to the outcome; for from the snare source from which came the command, came the power to obey. The presence of the Lord was adapted to their needs as they went forward. As they went forward the very thing which seemed their destruction became a wall of protection on either side.

II. The Overthrow of the Egyptians (23:27).
Having seen the Israelites go across dry-shod, Pharaoh and his hosts madly pursued them. They insensibly thought that they in their unbelief could follow in the wake of God's children. The very things which are a wall and defense to the faithful become a snare and a means of destruction to the enemies of God's people. The Lord looked forth from the cloud and wrought confusion among the Egyptians. There is a day coming when a look from the Almighty will cause a much greater consternation among the wicked (Revelation 6:16, 17; 20:11-13). He not only looked upon them but took off their chariot wheels, which caused them to realize that God was fighting against them. He then directed Moses to stretch forth his rod and bring destruction upon the Egyptians. So complete was the overthrow that it is said that not one escaped.

III. The Song of Triumph (15:1-21).
Standing on the other shore of the Red sea, they could fittingly sing the song of triumph, because of the miracles delivered and the overwhelming defeat.

Instruments of Strength.
He is able to bear the crosses of others because he bears his own. He can be of use to men because he can do without men. He is ethically effective because he is spiritually free. He is able to save because he is strong to suffer. His sympathy and his solitude are both alike the instruments of his strength.—Francis G. Peabody.

Our Helper.
He that wrestles with us strengthens our nerves and sharpens our skills. Our antagonist is our helper.—Burke.

A DISCARDED HELMET.

English II

by Elsie Sucks.

Oh! The splendid days that I have seen! Then again those bloody days! Even to think of them makes me so sad.

Once I was owned by a neat little German soldier. I always shone and if the least speck of mud happened to alight on me, he took out his clean handkerchief and proceeded to wipe it off. After drills when he went back to his tent he carefully polished me until I shone more than ever. Oh! Those were happy days.

But, alas! All too soon Germany plunged in to war. My master was among those who fought in the first great battle. Blood stood in great pools in which men lay down to sleep their last sleep. My master was among the slain when they were buried after the battle.

But I stayed in No Man's Land a long time before I was picked up by a stranger who came along without any hat. When he saw me he exclaimed, "How fine! A real helmet! Just what I have been looking for. I want get my dome knocked off now."

Here I would have to go into battle again and on the German head that I had learned to hate. This man never polished me and when he came into his tent or set down anywhere to rest I was thrown down where ever it came handy until ready again for his rough use.

A long time passed in which I never changed masters. He plunged, with me, right into the heart of war and oh! those awful scenes, the crimes this cruel-hearted man committed.

Then a grand day came when the splendid Americans came to help poor bleeding France. They were the ones that determined my future home.

While a group of Germans were passing through the Black Forest, a bunch of Americans pounced out on us. We were soon overcome and I fell into the hands of a Lieutenant who wrapped me in a box (didn't like him much for that either) and sent me to the little woman. She was a school teacher and she took me to the school, where every one came to examine me. They asked where I came from, who sent me, etc., to which she replied, "My husband sent it from France."

Now I sit on a soft velvet cover of the piano where every one looks at me.

The little lady keeps me polished so pretty that I look somewhat as I did in my youthful days. She has the most wonderful blue eyes and they always shine when she happens to look at me, which is very often. (Wish I was a man)

LETTER FROM CORP. JAMES A. BOULTER IN FRANCE.

November, 27, 1918.

Dear mama and folks.—Read your letter yesterday written Oct. 26th. Am well and glad I can now tell you where I am located. Am in a little town called Cheminon though I doubt if you can pronounce it. There is only a small detachment of M. P. here our duty is patrolling and traffic, two others and myself are mounted. We do not guard prisoners of any kind. The horses are in poor condition, have been used on the front and most of them gassed.

We never reached the front, but would probably have been shot by this time if they had not quit fighting.

Have been over quite a lot of France, and have stayed in a good many towns.

We landed at La Havre the 24th of Aug. In an English rest camp, only stayed one day and night. It is a pretty large town, we went from there to a little place called La Tuerch, and have spent most of my time going from one place to another since.

Aubrey Nicholes may have seen some excitement. But I saw a little too.

The same day we landed, a German submarine attacked us about 20 miles out from La Havre, after we had gotten out of the danger zone the convoy had burst up and there were only two transports with three British destroyers. They launched a torpedo at our ship, which missed about 40 feet, some said there were 3 of the Subs, but I don't know if it is true or not, any way one sub was sunk.

We left N. Y. the 11th of Aug. was 13 days on the water, and I sure got my share being a sailor. Hope we will go back a lot quicker than we came across.

I haven't heard from Ernie Lewis since he went back to the front the last time.

Luther Cooper is with this Co. but at a different place, Kapperman is also in another town, the since we have been together, first time we have been separated.

It is so muddy here it would bog a snipe. Have been hunting for wild boars several times, but have not had any luck, are quite a few in this country, also deer.

I'll sure be glad the day we leave, but it may be a long time yet I haven't any idea when.

Will close with love and best wishes to all.

James.

AMERICAN RED CROSS MOUNTAIN DIVISION

Authorities have predicted a recurrence of the dread influenza epidemic. But the nation-wide epidemic is not going to be caught unaware. The American Red Cross is making certain this fact.

This week the Red Cross resumed the nation-wide nurse survey which it was compelled to abandon last fall because of the sudden sweep of the influenza epidemic. Every Red Cross organization in New Mexico, Wyoming, Utah and Colorado, comprising the Mountain Division, has been instructed to take up this highly important task at the point where it was halted.

The nurse survey was undertaken by the Red Cross at the instance of the government. The Red Cross gave its solemn promise that it would complete the assignment, and it was upon this promise that the government delegated the work to the country's Red Cross organizations.

Every woman coming within the scope of the survey is expected to fill out a questionnaire. This will necessitate a house-to-house canvass on the part of the Red Cross. While the government expects every woman to completely fill out the blank presented, it is to be understood by all that such actions place her under no obligations. She is not "drafted" and need have no fear that she is signing over her time or service. The survey is for sole purpose, at this time, of determining the nation's nurse resources.

The women to be enrolled include: graduate nurses, registered and unregistered; women now receiving training in hospital training schools; women who have had at least six months training preparatory to becoming graduate nurses; practical nurses and women who have had correspondence schools training or who have graduated from institutions giving trained attendants' courses; midwives and women who have taken the Red Cross course in nursing.

DEATH OF MISS SADIE KINDEL

From last week's Lovington Leader we take the following: "Miss Sadie Kindel passed away at the family home here at 7:30 this (Friday) morning, after suffering from pneumonia for more than a week. She is the first to fall a victim to this strange disease in our town for some time and especially during this rapid epidemic. A brother, Gene, arrived from the army camp, at San Antonio, on the mail car Thursday, to be at the bedside of his sister."

Miss Kindel was well known in Carlsbad, being a cousin of T. J. Kindel of Carlsbad, at one time residing here in the Homer King residence where she kept house for her father and brother.

Miss Kindel was about thirty years old and leaves a father, two sisters and two brothers, besides many friends, to mourn her passing, her mother having deceased many years ago.

Mrs. E. J. Barb is able to be up again after a week as a flu patient herself. She has probably nursed more flu in this town than any other one person and it was with extreme regret that her many friends learned that she had become infected. The preacher and the baby have not contracted the disease up to date.—Lovington Leader.

The remains of the late Senator W. H. Andrews were shipped last Friday night to Titusville, Pennsylvania, instructions to that effect having been received during the day. The body will be interred at that place upon its arrival.

E. M. Kearney spent the first of the week with his family in Lovington.

"HEARTS OF THE WORLD". D. W. GRIFFITH'S LATEST MASTERPIECE.

The biggest event in the entire season in the world of motion pictures, will be the presentation of D. W. Griffith's latest masterpiece, "Hearts of the World". At the Crawford Theatre, Monday and Tuesday, January 27th and 28th. A matinee will also be given Tuesday afternoon.

"Hearts of the World" required 18 months in the making and many of the scenes were taken on the actual battlefields of France by Mr. Griffith, with the official aid and assistance of the British and the French governments. Mr. Griffith, however, is anxious to remove any apprehension that "Hearts of the World" is primarily a war picture. It is, he announces, primarily a love story, in which war figures as the grim background. It may be called "the story of a village", and for more than forty minutes during the exposition of the story, there is not a cannon shot, not a suggestion of war's alarms. There is the pretty romance of two girls each in love with the same man; there is the quiet and peaceful atmosphere of a small French town before the holocaust of the war. Then comes the conflict, with its ensuing effects upon the fortunes of those in the little village. The little scenes shown are actual battle scenes taken right in the trenches during the death struggles of the French and the Germans; only occasionally has it been found necessary to piece the story of the battles together by means of acted scenes. Thus one sees the life in the trenches; the charges of the French soldiers; the thrilling hand to hand conflicts and the thrust of bayonets; the murderous shells; the great guns in action; the tanks; the attack by liquid fire; the charges and the retreats; the German pill-

THIS MAN WANTS TO TALK TO YOU

FRANK M. SMITH
Federal Director War Loans and Savings

Suppose you were attacked by a gang of ruffians who nearly killed you, and you were saved by some plucky doctor who himself was injured in the struggle, but who stayed by you night and day until you recovered.

Would you refuse to pay the doctor's bill on the ground that the danger was now past and that paying for past services was an unpleasant task, anyhow?

You would not. You would regard it as a sacred duty to liquidate that debt.

I see no difference between the situation described and the position of every man, woman and child in this country today. At the cost of life and magnificent effort we have been saved by our fighting men and our intelligent, hard-working statesmen from something quite as bad as death.

A Most Solemn Obligation

rests upon us to pay the bill. There is so much owing that we can never repay that there should not be heard one murmur about settling the financial part of the obligation.

I do not believe that there will be any difficulty. The American people are just people who pay their debts, they are grateful and generous people.

The Government paid out the stupendous sum of Two Billion and Sixty Million Dollars in war expenses during the month of December alone and the expense will go on for many months to come. Of course the Government was borrowing all this money from the banks, and must soon pay it back—and, of course, we must find that money.

We Are Going to Do It

by buying Thrift Stamps, Savings Certificates and Liberty Bonds on a scale bigger than ever before. We are going to economize and save, not because we are afraid of the Hun getting his foot on our neck, but because we are grateful to Almighty God, our sainted dead, the boys who are coming back with victory in their hands, to our beloved President and his helpers, to all of whom is due the credit for the glorious result.

We Are Going to Save, Too.

because we have found out that it is just the grandest thing in the world for us, mentally and physically. We are going to save because it brings us a solid satisfaction and peace of mind.

The fighting has ceased, the hands do not play or the flags wave now, but the earnest purpose behind our effort in the great world war remains yet to be accomplished. Much effort and billions of dollars have yet to be spent before this objective is attained. Millions of lives, the agony and sweat of countless thousands has been the cost of victory. It is for us to see that this priceless purchase is not thrown away. In such a task we cannot, dare not, do less than our very best.

21,000 ACRES IN CARLSBAD PROJECT UNDER CULTIVATION

Although the crop report for the Carlsbad project for 1918 has not yet been completed, it appears that more land than ever before has been cultivated by farmers. The figures will approximate 21,000 acres, where, in 1917, only 16,882 acres were farmed. The run for the project this year was 180,800 acre feet, an increase over 1917 of 40,000 acre feet, but practically the same amount of water was used in irrigation, as the increase came in October, after the crops had matured.

The unsightly barrels in the middle of Canyon street have been removed and a neatly painted red sign directs the autoist to "Keep to the Right." Although noticeable the signs are not obtrusive as was the case with the old barrels.

The sale at Malaga Monday was well attended and as it had been systematically advertised, a crowd from all up and down the valley resulted. Things brought good prices the livestock selling especially well.

Service at the Baptist church were well attended Sunday night the house being filled and extra chairs placed in the aisles to accommodate the people. The pastor preached a fine sermon and at the close two candidates received baptism—Rev. Sellards, of the Christian church, officiating.

H. G. Rushing, an old time cowboy, who has been employed by the Benson interests for years, left Monday morning for points in Arizona, where he may decide to locate.

W. R. Ragsdale, of Artesia, was an over Sunday visitor in the city from Artesia.

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body. The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs. Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well. Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

SOUTHERN AUTO COMPANY

MALAGA ITEMS.

Tuesday was Malaga day in Carlsbad. Six car loads took in the night and sounds of that city; noted for water users directors; undated school troubles on County Superintendent Brinton; informed the treasurer that his blamed old books were wrong about those delinquent taxes; dodged those 30 day pay men of J. P. Co. and P. M. Co.; shook hands with the boss and reporter of the Current; showed the dentist how to pull our teeth and started home at 4 p. m. Some activities for one day!

Our nurse, Miss Roberta Henderson, is at home at present taking a much needed rest.

Better get your children in school. You know the law and something MAY happen one of these days.

Geo. Comer, our genial depot agent, is again fit for duty after a case of small pox.

Mrs. Braden, Mrs. Dean and Mrs. Hallinger came to Malaga last Friday in the interests of the Red Cross.

We hear a great deal these days about taking care of the returning soldiers. If we are not mistaken in American characteristics the soldier (not disabled) will be able to take care of himself. We are all proud of our soldier boys and they are entitled to the best consistent with their abilities. Let us not cause him to lose his self respect by any insinuation of his inability to come for himself.

The question is not "What are we going to do with him?" but "What is he going to do with us?" Laborers are needed in this community; anybody desiring work can get it here.

J. O. McKee has returned from a trip to California and talks very favorable of that state. John O. says he will either stay here, go to Arizona, to California or some other place.

"WHERE THINGS ARE NEW"

INSTITUTIONS OF N. M. WANT NEW BUILDINGS

State Capital Needs Addition; Others to Ask More Funds of Legislature.

Santa Fe, N. M., Jan. 20.—The sum of \$795,000 will be asked from the state legislature for new buildings at state institutions, according to the budgets now under scrutiny and advance information to be laid before the legislature. The institutions, which have been holding in during the war now feel doubly the need of additional buildings and this is deemed the opportune time to voice these needs as the buildings at this time would give employment to hundreds of returned soldiers and to others who have given up their jobs so as to make place for men who have done military service. It is argued that it is better to expend state funds for needed public buildings which represent dollar for dollar expended a real estate asset, than to distribute them as charity or for less permanent causes.

An effort will be made to authorize the expenditure of \$200,000 for the much needed addition to the capital. Legislators cannot escape seeing the need for additional facilities. It is expensive, for the state has to rent offices for its officials. The department of education is crowded into four rooms.

The university, the normal university, the asylum for the insane, the school of mines, the state college, the reform school, the military institute and other institutions ask for appropriations for buildings or permanent improvements that range from \$5000 to \$150,000, and each of them makes a showing that such buildings are needed for the sake of efficiency and economy, so that the state may get the best results from the funds it expends for maintenance.

A memorial to have New Mexico participate in nationwide memorial exercises for Theodore Roosevelt, February 9, is being prepared for introduction in both houses. The state council of defense began preparations for the proper observance of the day.

Mrs. Julia Thayer Tucker and children, Elma and Charles, returned Wednesday from a visit to Artesia, where they pleasantly spent a few days with friends.

Bring a friend to church with you Sunday morning and also to the League service. No preaching at night.

GEORGE H. GIVAN, PASTOR.

Crawford, who is spending the winter in California, received a postal shower from a score of her friends in Carlsbad, the 20th instant, that being the 79th anniversary of her birth. Many times that number of her friends here in Carlsbad, who did not know of the anniversary, unite in sending best wishes to the dear lady and hope for many more pleasant birthdays, and the Current adds the hope that the next one may be spent among those who love her in Carlsbad.
