### BRADY CONFERS ON DETAILS FOR PROSECUTION OF FATTY ARBUCKLE

Will Proceed With Least Possible Delay To Try For Conviction On Manslaughter Charge.

### EARLIEST DATE OPEN ON COURT CALENDAR OCT. 3

Film Comedian, After Day Spent at Brother's, Plans Return to Home in Los Angeles.

(By The Associated Press.)  
San Francisco, Calif., Sept. 29.—District Attorney Matthew Brady today called a conference with his staff leaders to plan details for the prosecution, with the least possible delay of Romeo (Fatty) Arbuckle, on a charge of manslaughter in connection with the death of Miss Virginia Rappe. It is the contention of the prosecution that Miss Rappe received a fatal injury from Arbuckle at a party staged in the comedian's suite at the Hotel St. Francis here September 5.

Brady called to the conference his three assistants in the case, Milton U'Ren, Isadore Golden and Joseph O'Connor, and it was announced that the earliest date open on the superior court calendar is October 3, but that formalities might delay opening of the case until later than that time.

Police Judge Sylvain J. Lazarus, who yesterday reduced the charge of murder against Arbuckle to one of manslaughter, today answered a statement made last night by the district attorney, scoring the charge of murder against Arbuckle and said he had received commendation on his stand from many persons interested in the case.

Arbuckle tonight was preparing to return to his home in Los Angeles. He spent the day in seclusion at the residence of his brother, Arthur Arbuckle, in San Francisco.

### 12 BUILDINGS BURN IN NEW CASTLE, WYOMING

Fire destroyed a large number of buildings in New Castle, Wyo., today. The cause is undetermined.

Among the buildings which were razed were the postoffice, theater, garage and a cafe.

No one was injured, although several persons had narrow escapes.

The flames threatened the Antlers hotel, in which the New Castle National bank has offices and papers and bank records were moved out into the streets. The building, however, did not catch fire.

### RAILROAD STRIKE TO BE CALLED IF GRIEVANCE COMMITTEES OF UNIONS UPHOLD MAJORITY VOTE

General Chairmen Sent Back Home to Get Approval or Disapproval of Strike Vote; Impression Prevails That Strike, if Ordered, Will Not Take Place.

(By The Associated Press.)  
Chicago, Sept. 29.—President W. G. Lee, of the Brotherhood of Railroad Trainmen, tonight said that if the strike vote cast by ninety per cent of the 185,000 members in the recent referendum on the wage reduction should be supported by the grievance committee, a tentative strike order would be issued, effective only when and if the other unions should strike.

With this pending declaration President W. G. Lee dispatched fifty-seven general chairmen of the unions to their homes tonight with instructions to call their grievance committees, get their approval or disapproval of the strike vote, and report here next week.

Lee expects to act on the committee instructions before the brotherhoods of engineers, conductors, engineers and trainmen and the Switchmen's Union of North America have completed the count of their 250,000 strike ballots, which will start Monday. The strike call, however, he indicated will provide for a walkout of the

### WEATHER

FORECAST, Sept. 29.—New Mexico: Generally fair north, unsettled south portion with possible showers Friday; warmer northeast and extreme southeast portions; Saturday, probably fair.

Arizona: Unsettled Friday, warmer extreme southwest portion; Saturday probably fair.

LOCAL REPORT.  
Conditions for the twenty-four hours ended at 8 p. m. yesterday, recorded by the university:  
Highest temperature..... 80  
Lowest..... 57  
Range..... 23  
Mean..... 68  
Precipitation..... None  
Maximum wind velocity..... 20  
Direction of wind..... East  
Character of day..... Partly cloudy

### TENTH TO FIFTH CUT IN PRICE OF FARM MACHINERY

(By The Associated Press.)  
Chicago, Sept. 29.—The International Harvester company today announced reductions ranging from 10 to 20 per cent in practically all lines of farm implements, effective October 1.

This is the company's second general reduction this year. In March and April prices of agricultural machinery were cut 10 to 15 per cent and in July reductions were made on all types of tractors.

### LYDD GEORGE'S NOTE TO VALERA IS CONCILIATORY

Makes as Basis of Note an Offer of Conference to Reconcile Idea of Republic and Mother Country.

(By The Associated Press.)  
London, Sept. 29.—(By the Associated Press.)—"Wholly conciliatory" is the view expressed both in London and Dublin of Premier Lloyd George's latest note to Eamon de Valera, in which the premier invites Sinn Fein leaders to a conference here October 11 in an endeavor to settle the Irish controversy.

Mr. Lloyd George makes as the basis of the note the offer of a conference "with a view to ascertaining how the association of Ireland with the community of nations known as the British empire may be best reconciled with Irish national aspirations."

It is understood various members of the British cabinet are of the opinion that there is nothing in the communication to prevent a conference. This certainly appears to be the belief held by the London public and press; and the comments thus far received from Dublin speak of "the extreme gratification" there.

Unionist opinion in Ulster, according to Belfast reports, is that the note makes it easier for Mr. de Valera to agree to another meeting.

Informal discussions among Sinn Fein leaders are said to have been held in Dublin. This is considered as lending strength to the report that the cabinet will have the draft of its reply to Mr. Lloyd George ready when the daily cabinet meets tomorrow.

### DUBLIN FEELS OFFER WILL BE ACCEPTED

Dublin, Sept. 29.—The general feeling here is that Mr. Lloyd George's invitation for a conference October 11 will be accepted. The whole temper of the Sinn Fein leaders appears to have changed for the better and optimism prevails again. The sole difficulty in the dispatch of an immediate answer to Mr. Lloyd George is said to be that all the daily cabinet members cannot be reached this evening.

### RECEIVER APPOINTED FOR HAGERSTOWN, MD.

(By The Associated Press.)  
Hagerstown, Md., Sept. 29.—The First National bank of Hagerstown did not open for business today, a notice posted on its doors reading: "This bank is closed by order of the United States district court for the district of Maryland and Robert D. Garrett, appointed receiver, is now in charge."

### BELIEVE YOUTHS IN AUTO WRECK WERE MURDERED

(By The Associated Press.)  
Los Angeles, Calif., Sept. 29.—Vincent M. Parrill, 22, and Winifred M. Parrill, 21, were arrested today on suspicion of the murder of Dr. Joseph P. Durand and Myron George McCauley, whose bodies were found in the wreckage of an automobile in the southwestern part of Los Angeles, April 25, last.

McCauley was the son of H. O. McCauley, a business man of Colorado Springs, Colo. Durand was engaged to marry Miss Helen Zelenka of Chicago, who came to Los Angeles for the funeral.

Durand was shot twice in the abdomen and McCauley once in the heart.

A verdict of double suicide was rendered, but relatives of both men declined to accept it.

According to the police, Parrill and Strick were acquainted with Durand and McCauley for some time before the tragedy. Durand and Strick were returned, although one was said to have been found near the bodies in the wrecked motor car.

### UNEMPLOYMENT CONFERENCE IS BUSILY SHAPING EMERGENCY PLAN

Rotation of Labor, Shortened Week and Partial Employment Advised for Factories.

### PUBLIC WORKS URGED BY BUILDING COMMITTEE

Transportation Group Discusses Railway Funding Bill to See What It May Produce.

(By The Associated Press.)  
Washington, Sept. 29.—Ground work for an emergency program to meet the need of the unemployed is being pushed by the building committee, completed today by the national conference on unemployment.

Reports of most of the committees were completed and turned over to the steering committee, which is to wield the recommendations into a whole for action by the conference tomorrow.

Adoption of a final report by the committee on emergency measures by manufacturers was announced late today. The report, which is said to contain the core of the unemployment problem, because of the effect of the manufacturing industry upon economic conditions generally is understood to be recommended to use rotation of labor, the shortened week, partial employment, completion of repair and clean up as some of the means for increasing employment. In addition the committee was said to favor an appeal to the patriotic cooperation of producers, manufacturers, wholesalers and retailers in the communication to prevent any price changes.

Recommendations of the construction committee were understood to regard the construction phase of the preparations, which in various localities. Acceleration of public works was said to be urged by the committee on municipal enterprises.

Discussion of the railway funding bill for providing financial relief for the railroads was said to have consumed much of the transportation committee's deliberations in the light of the carriers' ability to employ more men. The committee on mining and shipping, it was learned, were inclined to believe emergency measures could be suggested for those industries in view of their dependency on general business conditions.

The committee on statistics declared that the steady employment during the last two months necessitated a revision of the estimates submitted to congress last month by the labor department.

To provide machinery for the emergency measures adopted by the conference, the committee was said to advise appointment of special committees by the mayors of all cities which would handle the local unemployment problem.

Discussing the progress of the conference, Secretary Hoover expressed the opinion that it was doing "good concrete work," and was getting along "extraordinarily well." With the completion of its emergency relief program the committee is expected to draft a comprehensive report on the causes and remedies for the general business situation, involving unemployment.

### MINING PROPERTY OF YANKEE FUEL COMPANY IS SOLD FOR \$150,000

(By The Associated Press.)  
Denver, Colo., Sept. 29.—The Yankee Fuel company's coal mining property near Trinidad, Colo., which was ordered sold recently by Judge Robert E. Lewis of the Denver federal district court to satisfy approximately \$2,000,000 worth of bonds, was disposed of for \$150,000, according to a preliminary report by Destell Delapelle, special master.

Delapelle deposited with the clerk a certified check for \$5,000, which was ordered sold recently by Judge Robert E. Lewis of the Denver federal district court to satisfy approximately \$2,000,000 worth of bonds, was disposed of for \$150,000, according to a preliminary report by Destell Delapelle, special master.

The next step in the litigation will be the approval of the sale by the court.

No information was given as to the identity of the purchasers of the property.

### STUDENTS PROTEST AT DISMISSAL OF SCHOOL PRINCIPAL

(By The Associated Press.)  
Bend, Ore., Sept. 29.—Practically the entire student body of the Bend high and junior high schools, three hundred and fifty in number, walked out on a strike today in protest against the dismissal of the principal, Mark Anthony Paulson, on charges of insubordination. The strikers paraded the streets for more than an hour.

## "Princesses" From Every State to Attend the Texas Cotton Ball

Three of the American "princesses." At left, Miss Mary John Overall of Nashville, chosen by Gov. Taylor to represent Tennessee; center, Miss Ednah Da Fron, Denver, chosen by Gov. Shoup to represent Colorado, and Miss Dorothy Richardson, Shreveport, chosen by Gov. Parker to represent Louisiana.

America has no titles but that doesn't mean Uncle Sam has no fair princesses within his borders. A princess was recently chosen by the governor of each state in the union to represent his state at the annual coronation ball at the Cotton palace at Waco, Tex., where "King Cotton" is crowned yearly. Princesses from several Mexican states also were invited. Above are three of the American princesses chosen by the governors of their respective states.

### STATE TEACHERS TO BE WELCOMED BY THE C. OF C.

Plans Already Under Way for Big Conference Here Thanksgiving Week N 3,000 Teachers to Attend.

Preparation is already under way for the state teachers' convention to be held here Thanksgiving week. Although it is nearly two months before the convention, the chamber of commerce is starting arrangements for the big meeting and a planning to make it the most successful ever held in the state. Special invitations are being sent urging the teachers to attend the conference and advising them that everything possible will be done for their entertainment and accommodation.

The directing committee, which will have charge of the entire work, will be appointed by the chamber directors at their meeting next week. This committee will be divided into several units, each being responsible for some particular phase of the preparations, which will be extensive, as it is expected that at least 3,000 teachers will be here for the week. The usual attendance has averaged about 2,000, but this year the chamber expects a larger crowd this year.

Accommodations will be ready for all of the teachers and their friends when they arrive in the city. One department of the chamber of commerce will canvass the city soon and list all available rooms. These will be filed and all reservations checked against them. Upon arriving in the city, the teachers, who have notified the chamber they will be here, will be met and taken at once to their rooms, saving them all bother and inconvenience.

The meetings will be held in the high school auditorium and at the armory, which will accommodate the crowd for all general meetings. It is understood that some of the best educational speakers of the country will be on the program.

"We want every teacher in the state to come here to attend the convention," Secretary McKee stated yesterday, "and I am sure we can promise them all a good time."

### NEW YORK WINS THE PENNANT IN NATIONAL RACE

Giants, Although Idle, Cop Flag When Pittsburgh Drops a Pair of Games to St. Louis Cardinals.

New York, Sept. 29.—The New York Giants, although idle today, won the National league pennant by defeating the Pittsburgh Pirates, who dropped a pair of games to the St. Louis Cardinals.

The Giants now are four and one-half games in the lead. They have four games to play. Pittsburgh has three. If the Giants win all four and Pittsburgh win all three the Giants still would be a game ahead.

The New York Americans virtually are certain to be the Giants' opponents in the world's series. By winning today while Cleveland was losing the Yankees won out, losing only by dropping three straight games while the Indians are winning three.

New York has two more games to play with Philadelphia and one with Boston, while Cleveland has three more with Chicago.

"This bank is closed by order of the United States district court for the district of Maryland and Robert D. Garrett, appointed receiver, is now in charge."

### BABE RUTH HAS SLIGHT ATTACK OF THE GRIPPE

(By The Associated Press.)  
New York, Sept. 29.—Babe Ruth spent a restless afternoon in his hotel today while his Yankee teammates carried on the pennant fight in Philadelphia against the Athletics. The world champion home run hitter suffered from a slight attack of gripple and had been ordered to bed by his physicians.

His condition, physicians said, was by no means serious, and they thought he would be back in the game tomorrow. Ruth is believed to have caught cold last night while motoring with Mrs. Ruth.

Informed by telephone of the Yankees' victory over Philadelphia, and the defeat of Cleveland by the White Sox, Babe expressed his joy in truly Ruthian enthusiasm.

### ADVENTISTS OPPOSE 'BLUE SUNDAY' LAWS

(By The Associated Press.)  
New Orleans, La., Sept. 29.—Opposition to Sunday blue laws is voiced in resolutions adopted by the Seventh Day Adventists of Louisiana and Mississippi in annual convention here today.

Rev. J. H. McCall, president of the Louisiana conference, said the denomination was "generally fair weather in the district" while in eastern New Mexico, the forecasters said, showers were probable.

### CASPER WINS PENNANT

Casper, Wyo., Sept. 29.—Casper won the Mid-west league pennant today by defeating Denver in the first game of a double-header, 13 to 8. Davenport, although hit hard early in the game, fanned fifteen Denver batters in the later innings. Casper won five and Denver three games in the series.

### GREEN MAILMAN HANDS \$41,500 TO TWO BANDITS

(By The Associated Press.)  
Carterville, Ill., Sept. 29.—Two bandits held up and robbed a substitute rural mail carrier between Carterville and Bush, of \$41,500, the payroll of the Western Coal and Mining company at Bush late today, it was learned tonight. The bandits accompanied Lawrence Jernard, the driver, as passengers in the taxicab used to haul the mail from Bush.

Jernard, according to reports here, was forced out of his automobile and tied to a tree. The men then lifted the mail sacks out of the car and rifled them.

About an hour after the hold-up Jernard said he released himself and went to a farmer, where he told of the robbery.

### WORLD MEET OF IRISH RACE SET FOR JANUARY 22

(By The Associated Press.)  
Dublin, Sept. 29.—(By the Associated Press.)—"A world conference of the Irish race will be held in Paris January 22, 1922, the anniversary of the first session of the dail eireann was announced by the Sinn Fein organization here today. Fourteen countries will be represented.

## WOMAN INVADES NEW SPHERE IN PUBLIC AFFAIRS

(By The Associated Press.)  
Washington, Sept. 29.—Miss H. Pearl McCall, of Boise, Idaho, was today appointed special assistant United States attorney for the District of Columbia. She is the first woman to hold such a position in the local courts.

### TELEPHONE RATE HEARING MAKES SLOW PROGRESS

Company Agrees to Produce Gross Receipts of Local Phone Exchange.

Santa Fe, Sept. 29.—The telephone rate hearing made slow progress today. R. N. Morris, the Mountain States company's commercial engineer, was on the stand until noon, under cross examination by City Attorney W. A. Keller, Albuquerque, and Attorney General J. B. Borman, A. S. Peters, valuation engineer, followed him in the afternoon and read two papers.

Peters in one paper told of the relationship between the Mountain States and the Western Electric company, which he said, acted as purchasing agent for the first company, and in the other dealt with the value of the company's New Mexico property, which he placed at \$2,500,000 on the replacement basis. Previously the company's "book value" was given as \$2,375,295.

While Morris was still on the stand this morning Keller referred to his efforts to find out the value of the Albuquerque plant, which failed and introduced the assessed valuation of \$2,761,761, which Morris said was entirely different from the "book value."

The company's representatives agreed to produce books showing the gross receipts of the Albuquerque plant upon Keller's question but Milton Smith, vice president and general counsel said they wouldn't "do any good" when they were produced.

### MIDDLETON'S BOND IS ORDERED FORFEITED

(By The Associated Press.)  
East Las Vegas, N. M., Sept. 29.—Failing to appear at the Grand jury county term of criminal court to answer a charge of murder, of which he was convicted in April, 1918, and granted a new trial by the state supreme court, Middleton forfeited his \$20,000 bail bond.

Middleton was convicted of killing Francisco Serna, a deputy sheriff, near Santa Rosa, in November, 1917, and was sentenced to be hanged when the higher court intervened.

It is claimed Middleton is in his old home in North Carolina suffering with tuberculosis.

### DEMOCRATS OPPOSE SURCHARGE ON RAILROAD TRAFFIC; WOULD CHANGE RATES ON INCOME TAX

Republican Senators in Agricultural "Bloc" Believe Minority Votes Will Enable Them to Change Bill; Would Make Maximum Income Charge 52 Percent.

Washington, Sept. 29.—Senate consideration of the republican tax revision bill was featured today by the introduction of sweeping amendments from the democratic side. A row between Chairman Penrose, of the finance committee and Senator Simmons, of North Carolina, ranking democrat on that committee, and a charge by Senator La Follette, republican, Wisconsin, that features of the bill, dealing with foreign trade and foreign trade corporations, constituted "a device to enable individuals of great wealth to escape taxation."

Behind the scenes there were some efforts to bring about an agreement among opponents of the committee bill on the more outstanding tax features, but apparently there were no final conclusions. Republican senators in the agricultural "bloc" were confident, however, that with the aid of the democrats, they could defeat the committee's plan to continue taxes on freight, passenger and Pullman accommodations for another year at large the present rates.

Repeat of these levies was one of several proposals put forward by Senator Simmons on behalf of the minority members of the finance committee. The others included a maximum surtax rate of 52 per cent in place of the proposed 32 per cent; retention of the corporation capital stock tax, which the committee would repeal next year; repeal of the \$2,000 exemption allowed corporations and other of the special taxes on brokers and proprietors of theaters and other places of amusement and on owners of automobiles operated for hire. Another amendment would provide that persons having net incomes in excess of \$20,000 would not be eligible for the normal exemptions allowed single men, married men and to heads of families on account of dependents. Under the Simmons amendment to the surtax provision, the rates fixed by the committee up to 31 per cent would stand, but above that the levies would rise 22 per cent on incomes from \$65,000 to \$74,000.

Senator La Follette, republican, Wisconsin, declared the opening attack on the bill, assailing the section defining foreign traders and foreign trade corporations. He declared that the proposal to exempt from taxation their income derived outside of the United States was "a device to enable individuals of great wealth to escape taxation."

"That this proposal should be seriously put forward at this time by the people's representatives," he said, "only shows how completely the great financial interests of our country control our government."

"The demand for this legislation has come from those captains of industry whose wealth has been so largely created or augmented by the war. They have been so fed up on war profits that the field of domestic industries, large though its returns may be, is not enough. China, Mexico, Russia and other undeveloped or war-stricken countries permit them fabulous profits and a chance to escape the financial burdens of that war from which they have so largely profited."

The senator declared that with factories closed, farmers in distress and millions unemployed there never was a time when the United States stood in such need of capital to develop its resources.

"It is said England, by a some-

## MAY HAVE VOTE ON TREATIES OF CENTRAL POWERS IN TWO WEEKS

Republican Leader is Drafting Unanimous Consent Agreement for Action October 14 to 15.

### DEMOCRATS AGAINST NIGHT SESSION IDEA

Watson of Georgia Opposes Treaties, Believing They Would Drag U. S. Into League.

(By The Associated Press.)  
Washington, Sept. 29.—Ratification by the senate in a fortnight of the peace treaties with Germany, Austria and Hungary, proposed as a prospect tonight after republican and democratic leaders today had discussed a proposed unanimous consent agreement drafted by Senator Lodge, republican leader, to take the final votes October 14 or 15. Both expressed hopes of obtaining a formal order of the senate tomorrow providing for such a program as all factions expressed the opinion that the agreement would be reached.

Announcement of the negotiations was made in the senate late today by Senator Lodge, republican leader, who said he laid the discussions showing evidence of success, the republicans dropped their plan for a night session tonight. Senator Lodge said he had every reasonable hope of reaching an agreement and Senator Underwood, democratic leader, also said an agreement had been "practically reached," and was ready for consummation tomorrow.

Involved in the program was a proposal that should any senator desire to debate the treaties the decision would be made by a vote taken temporarily. It is expected, however, that the tax measure actually will be before the senate most of the week, with the following week largely devoted to the treaties.

The movement for a voting agreement developed today in a conference of democratic senators who declared unanimously against the republican plan for a night session and authorized overtures by Senator Underwood to the republicans for voting agreements. The democrats, however, were free to vote as he shall determine.

The only address on the treaties today was by Senator Watson, democrat, Georgia, who opposed ratification because he believed they could drag the United States into the league of nations and European entanglements. Ever since President Harding's inauguration, he declared, the nation had been "drifting irresistibly" into the league.

### FROST IS PREDICTED IN WESTERN STATES

(By The Associated Press.)  
Denver, Colo., Sept. 29.—Frost is predicted tonight in Colorado and the higher elevations of northern New Mexico, northern Arizona and Utah, by J. M. Sherler, forecaster at the district weather bureau here today. Throughout this area cooler weather was forecast and freezing temperatures are to be expected in the mountains and the north central section. A heavy frost was promised tomorrow, the forecast being for "fine temperatures" and "generally fair weather in the district" while in eastern New Mexico, the forecasters said, showers were probable.

### ADVENTISTS OPPOSE 'BLUE SUNDAY' LAWS

(By The Associated Press.)  
New Orleans, La., Sept. 29.—Opposition to Sunday blue laws is voiced in resolutions adopted by the Seventh Day Adventists of Louisiana and Mississippi in annual convention here today.

Rev. J. H. McCall, president of the Louisiana conference, said the denomination was "generally fair weather in the district" while in eastern New Mexico, the forecasters said, showers were probable.

### CASPER WINS PENNANT

Casper, Wyo., Sept. 29.—Casper won the Mid-west league pennant today by defeating Denver in the first game of a double-header, 13 to 8. Davenport, although hit hard early in the game, fanned fifteen Denver batters in the later innings. Casper won five and Denver three games in the series.

### GREEN MAILMAN HANDS \$41,500 TO TWO BANDITS

(By The Associated Press.)  
Carterville, Ill., Sept. 29.—Two bandits held up and robbed a substitute rural mail carrier between Carterville and Bush, of \$41,500, the payroll of the Western Coal and Mining company at Bush late today, it was learned tonight. The bandits accompanied Lawrence Jernard, the driver, as passengers in the taxicab used to haul the mail from Bush.

Jernard, according to reports here, was forced out of his automobile and tied to a tree. The men then lifted the mail sacks out of the car and rifled them.

About an hour after the hold-up Jernard said he released himself and went to a farmer, where he told of the robbery.

### WORLD MEET OF IRISH RACE SET FOR JANUARY 22

(By The Associated Press.)  
Dublin, Sept. 29.—(By the Associated Press.)—"A world conference of the Irish race will be held in Paris January 22, 1922, the anniversary of the first session of the dail eireann was announced by the Sinn Fein organization here today. Fourteen countries will be represented.

## CRUCES PLANNING SPEEDY SHOW ON ALUMNI PEP DAY

Football for Grid Fans; Juicy Barbecued Beef with Fluffy Hot Biscuits for the Hungry.

(Special Correspondence to The Journal.)

Las Cruces, N. M., Sept. 29.—Alumni "Pep" day at the New Mexico College of Agriculture and Mechanic Arts, October 21, promises big things. Among other items there will be juicy barbecued beef, fluffy hot biscuits and all the fixin's—mappy football, yells and community singing—generals, colonels, majors, captains, lieutenants, soldiers, cadets, brass bands "n' everything!

Worth your time? Bet your boots, it is!

If members of the Alumni association have their own way about it—and every indication points in that direction at this time—the celebration will easily assume "bumdinger" proportions.

In the words of "Big Bill" Sutherland, who is lending a helpful hand all along the line, "Pep" day will be the "peppiest" of the many "peppy" affairs staged in these parts in the memory of Maj. Eugene Van Patten, Judge R. J. Young and other old timers.

"Bill" pulled one of his best short distance "speels" at a meeting of the directors of the Las Cruces Chamber of Commerce the other evening. After he had told of the big program of entertaining features arranged for Alumni "Pep" day, Numa C. Frenker, a member of the board of regents of the college, and R. P. Porter, banker-merchant, both directors of the chamber, offered a neatly worded resolution, urging the association accept a fast beef steer.

More than that, the directors, headed by C. F. Knight, president, volunteered to invite the officers and members of the various chambers of commerce in New Mexico and at El Paso and teachers and members of the high school senior classes at Alamogordo, Deming, Silver City, Lordsburg, Hot Springs and El Paso and other nearby parts in Texas to participate in the festivities.

The officers and members of the Dona Ana county farm bureau and similar organizations throughout New Mexico are also cordially invited to join the college men and help themselves to the many good things that will be spread before them.

The directors of the chamber, who do not practice the art of doing things by halves, then offered the services of their entertainment committee. They also volunteered to suggest to heads of business houses and offices to close at noon.

The program for the Alumni association's day of days is in course of preparation. The following items, of course, is the football game between the Roswell and State College teams. The visitors were second to last in the championship series last fall. They will try to even up things on the afternoon of October 21.

The Roswell team is being whipped into shape by a competent trainer and the coach is putting in overtime in lining the boys up for the clash.

Coach Bergman of the State College team, has the pick of forty odd men and he can be depended upon to bring out the fastest and sturdiest men in his camp.

Oh, yes; we're coming to that part of the program. Ten prime beaves are to be prepared for the occasion. A highly recommended chef, whose experience was gained in some of the most noted events in the twentieth century history of the southwest, will have charge of the barbecue.

It is also planned to have 1,000 members of the national guard come to the campus from Fort Bliss. The guards of New Mexico will be encamped there for the annual maneuvers and target practice from October 17 to 31.

## TOMBSTONE BANK HEAD ARRESTED AS EMBEZZLER

(By The Associated Press.)

Tombstone, Ariz., Sept. 29.—M. M. Wadsworth, former vice president of the First National bank of Tombstone, which closed its doors several weeks ago, was arrested today by Deputy United States Marshal James Treahy of Tucson, on federal complaint charging Wadsworth with embezzlement of \$15,000 of the bank's funds.

Wadsworth was released on \$3,000 bonds for his appearance before United States Commissioner Edwin F. Jones in Tucson next Monday. The complaint was signed by A. B. McCans, recently appointed receiver for the bank.

## MINE ACTIVITIES NEAR LAS CRUCES AGAIN ARE BRISK

Las Cruces, N. M., Sept. 29.—Frank M. Hayner, one of the owners of the Tortugas mine on Elephant butte, six and a half miles southwest of Las Cruces, reports that the American Fluorspar company, operating the property, has just broken into a rich vein of "spar." At the depth of 140 feet the lens closed down to three feet of ore. Drifting both ways the miners opened into solid ore of from four to six feet of 97 to 99 per cent acid grade.

The company, of which B. F. Farrar, of El Paso, is president and production superintendent, is working mine and mill steadily. There is more than 1,000 tons of ore on the dump. A jig has been added to the mill, which has now a capacity of fifteen tons of pulverized "spar" every twenty-four hours.

Heathden and company (Ore Production company), of New York, owners of a fluorspar property at Heathden, thirty-five miles north of Las Cruces, have resumed operations at their mill. The percentage of acid grade run from 95 to 96. It is announced that development work on the mine will be resumed in a short time. Most of the ore and pulverized "spar" is shipped direct to New York.

George T. Wilson, a practical mining man of Globe, Ariz., has bought of George H. Utter, of Long Beach, Calif., the old Carlisle mine at Steele Rock, in Grant county, northwest of Las Cruces. He will sink the main shaft to a depth of 1,000 feet and do other development work. George F. and Livingstone Utter, sons of the former owner, have operated the property since 1919 and developed a large amount of new ore.

Silver Mountain Metals company is installing a specially built mill on its property, ten miles west of Chisler, N. M., as part of the equipment for a new mining plant designed to handle 100 tons of ore daily. W. A. Worley has charge of the installation of the mill. John H. McCutcheon is general mine manager. Recent development at the mines has disclosed large bodies of high-grade milling ore. One dump near the old shaft is estimated to contain more than 1,000 tons of ore, another dump several thousand tons of ore that can be treated profitably in the mill. It is reported that flotation will be used in concentrating. The development ore reserves are estimated to be worth more than \$1,000,000.

Workmen at Volcano mine at Steele, Hidalgo county, N. M., of which C. W. Mitchell is manager, has exposed ore running 100 ounces silver to the ton in crosscutting on the 200 and 300-foot levels. Previously the work on the property has been confined to ascertaining the extent of the ore body located at the 100-foot level. Crosscuts on the lower levels show the same ore at the higher levels in that the former miners had followed what is called the loose vein and had missed a few feet the real ore body of the mine. With an ore that is entirely susceptible to the cyanide process of separation and a location within four miles of a railroad, the prospects for the building up of a silver mining industry at Steele is encouraging.

The directors of the chamber, who do not practice the art of doing things by halves, then offered the services of their entertainment committee. They also volunteered to suggest to heads of business houses and offices to close at noon.

The program for the Alumni association's day of days is in course of preparation. The following items, of course, is the football game between the Roswell and State College teams. The visitors were second to last in the championship series last fall. They will try to even up things on the afternoon of October 21.

The Roswell team is being whipped into shape by a competent trainer and the coach is putting in overtime in lining the boys up for the clash.

Coach Bergman of the State College team, has the pick of forty odd men and he can be depended upon to bring out the fastest and sturdiest men in his camp.

Oh, yes; we're coming to that part of the program. Ten prime beaves are to be prepared for the occasion. A highly recommended chef, whose experience was gained in some of the most noted events in the twentieth century history of the southwest, will have charge of the barbecue.

It is also planned to have 1,000 members of the national guard come to the campus from Fort Bliss. The guards of New Mexico will be encamped there for the annual maneuvers and target practice from October 17 to 31.

## WASHINGTON IS GETTING READY FOR DISARMAMENT CONFERENCE

Home of Mrs. John A. Logan; Fred K. Nielson, left, and Cuno H. Rudolph.

Washington is preparing to receive and entertain the foreign diplomats who will attend the disarmament conference which will open Nov. 11. Mrs. John A. Logan, widow of Gen. Logan, has offered the use of her Washington home for a reception or similar gathering in honor of the delegates. Commissioner Cuno H. Rudolph has been named chairman of the citizens' committee named to provide comfort and entertainment. Fred K. Nielson will be a prominent figure at the conference. As solicitor for the state department he is Secretary Hughes' chief adviser. He has drafted and construed more treaties than any other person in the U. S.

## DEMOCRATS OPPOSE SURCHARGE ON RAIL TRAFFIC; HIT BILL

(Continued from Page One.)

what similar scheme, exempts her foreign investors with taxation," he continued. "I do not know whether that is true or not. But suppose it is true, must we commit every folly and crime against the common people of this country that England commits against her people? If we are to learn anything from the lessons from the great war, it is to avoid the imperialistic policies of Great Britain, and the other countries which caused the war."

Chairman Penrose, of the finance committee, interrupted to say Secretary Hughes and Hoover had urged exemption from taxation for foreign trade corporations.

"I am not surprised at this information," Senator LaFollette said. "I think evidence is unfolding that there are gentlemen high in the administration who are more interested in the welfare of countries abroad than they are in the United States."

Replying to Senator LaFollette, Senator McCumber, of North Dakota, speaking for the finance committee majority, declared that the purpose of the provision relating to foreign trade corporations was to expand the foreign trade of the United States. He said foreign countries gave tax exemptions to their nationals engaged in business abroad and that unless the United States followed suit it would be impossible for American firms to compete in the foreign fields.

A motion by Chairman Penrose that the senate meet an hour earlier to resume consideration of the tax bill led to the incident with Senator Sumner. The senator, who had been absent a short time, asked that the motion be amended so that the senate would meet at noon as usual.

"Why, I thought the senator had gone home," observed Senator Penrose.

The North Carolina senator charged in reply that the word "a most unseemly desire" to rush the tax bill through and warned that "if these tactics were pursued, this measure will not pass until the snow flies." He declared that the senate was being asked to sit from 11 a. m. to 6 p. m. and then to hold night sessions from 8 to 11.

"Why," he demanded, "Because leaders of that (the republican) side find that the special session of the congress is as a result of the war, and has been accomplished. The senator talks about delays. That talk comes from the arch criminal of delays," Senator Penrose replied. He was sorry if he had said anything to offend, and that he would amend his motion so that the senate would recess until noon.

"I hope that will not be too early for the senator," he added.

Most of the day was taken up with discussions of the sections of the bill defining foreign traders and foreign trade corporations as those individuals or firms 80 per cent of whose gross income is derived from sources outside of the United States and 50 per cent of whose business is done outside the United States. Several democratic senators joined Senator LaFollette in opposing it and action was deferred.

Senator Hitchcock, Nebraska, and other democrats, contended that under the bill the provisions, international bankers in this country could so operate as to escape taxation on all profits made abroad. Spokesmen for the committee contended that such bankers would not come within the provisions.

Bread, as we know it, is comparatively speaking, a recent invention, for right up to the end of the eighteenth century, the poorer people ate chiefly unleavened bread. Yeast as used today is quite a modern invention, and baking powder even more so.

Fairy tales are no longer allowed to be told to children in Russia. The minister of education has issued an order that fairy or princely stories are not to be mentioned in fairy tales. They are wicked, and do harm, and are therefore forbidden.

## SEAT NEWBERRY, G. O. P. MEMBERS URGE IN REPORT

Democrats Recommend That Michigan Senator's Place Be Vacated; Agree Ford Wasn't Elected.

(By The Associated Press.)

Washington, Sept. 29.—Violent conflicting along party lines were presented today by majority and minority members of the senate privileges and elections committee on the Ford-Newberry 1918 senatorial election contest from Michigan.

The majority report cleared Senator Truman H. Newberry, the republican candidate, of corruption and all other charges and recommended that he be legally seated. The democratic members on the contrary asserted that Senator Newberry was elected by "corrupt and illegal methods and practices," and recommended that his seat be declared vacant. With the filing of the reports the case now goes to the senate for final decision which will probably not be made for several weeks. In the meantime, it is understood, Senator Newberry will not attend the senate sessions.

Agree on Two Issues. On only two major issues were the republicans and democrats in harmony in the reports filed today. They agreed that Henry Ford, the democratic contestant, had not been elected and was not entitled to the seat from Michigan. They also agreed that too much money had been spent in the Michigan primary. The democrats, however, contended that Senator Newberry was responsible personally for the expenditures while the republicans held he was not.

Money expenditures in the primary was the point at issue in the conflicting recommendations. This was placed by the majority at approximately \$150,000 and at least \$188,568 by the minority. There was virtually total disagreement along partisan lines as to Senator Newberry's responsibility for and management of the expenditures.

"There is no evidence whatever to sustain the charge of improper use of money at the primary or the general election," the majority declared.

Cost Borne by Friends. "The evidence shows conclusively that the financial cost of the campaign was voluntarily borne by relatives and friends of Truman H. Newberry and was entirely without solicitation or knowledge upon his part."

"The amount of money spent at the primary," the majority continued, "was large—too large—but there was no concealment with regard to it and it was spent entirely for legal and proper purposes."

The democratic report declared that "the exorbitant expenditures in this primary campaign shocked the conscience of the country," and were enough to pay Senator Newberry's senate salary for twenty-five years.

"This money was expended through the agency of the Newberry senatorial committee," the report continued.

"He did know concededly the

enormous expenses of the plans of organization and publicity.

"The Michigan law limited the expenditure of any candidate for the senate to \$1,750. We submit this amount could not be increased by the organization of a committee to act as his agent and the committee did so act."

Violated Michigan Law. "The Newberry senatorial committee violated the Michigan law by far exceeding the limitations of expenditures . . . by hiring workers and its members by purchasing drinks and cigars for voters."

Proper accounts of expenditures were not filed, either by the Newberry committee or the candidate, the minority asserted, and although the supreme court held the state law unconstitutional, the democrats declared, "the moral turpitude" was as great as if the law had been upheld.

"In our opinion," the democrats stated, "the record conclusively establishes a conspiracy."

## WANDERER SPENDS LAST NIGHT ALIVE PLAYING CARD GAME

(By The Associated Press.)

Chicago, Sept. 29.—Carl Wanderer, who is to hang at 7 a. m. tomorrow for the murder of E. J. Ryan, the "poor boob" whom he hired for \$5 to stage a fake hold-up and then killed, spent his last night playing cards.

Wanderer dined on chicken, the gift of a local restaurateur, who for years has donated last dinners to condemned murderers. Arrangements were made to hang Wanderer following Governor Small's refusal to extend executive clemency.

# FOREIGN AFFAIRS REICHSTAG GROUP APPROVES TREATY

German Parliamentary Body  
Will Take up Document  
for Consideration At Ses-  
sion Today.

(By The Associated Press.)  
Berlin, Sept. 29. (By the As-  
sociated Press.)—The foreign af-  
fairs commission of the Reichstag  
today gave its approval to the  
ratification of the peace treaty  
with the United States. The  
commission adopted a resolution  
recommending that the Reichstag  
ratify the treaty.

An explanatory note supplied  
members of the Reichstag de-  
fends the government's action in  
signing an indefinite, but com-  
prehensive agreement, on the  
ground that Germany was re-  
stricted by the contents of the  
Porter-Knox peace resolution, but  
lays stress on the importance  
which may attach to the future  
negotiations through which defini-  
tive relations must be established.

Emphasis is laid on the advan-  
tage of re-establishing diplomatic  
service, the lack of which has  
handicapped business. Admitting  
the German government has been  
unable to secure an expression of  
the policy of the United States  
regarding confiscated German  
property, the memorial asserts  
that the United States has indi-  
cated a desire for a just and  
satisfactory adjustment of this  
question, which, it says, "the  
American government held could  
be best obtained through the  
signing of peace."

Answering criticisms made on  
the score of vagueness, some op-  
ponents of the treaty holding that  
it is not certain whether Germany  
becomes responsible for more in-  
definite—the memorial excuses  
the language on the ground that  
the United States does not know  
whether it will participate in the  
deliberations of the reparations  
commission, and therefore is un-  
able to state its specific policy.

Explaining proceedings leading  
to the signing of the treaty, the  
memorial says:  
"The negotiations were circum-  
scribed by the fact that the Amer-  
ican government was bound by the  
peace resolutions and therefore  
was unable to consider any Ger-  
man demands going beyond this.  
Consequently the German govern-  
ment was faced by the question  
whether it should decline negotia-  
tions on that basis, in which event  
peace doubtless would have been  
postponed indefinitely.

After mature deliberation the  
government came to the conclu-  
sion that it would be unable to  
assume responsibility therefore;  
hence the government was only  
able to direct its efforts to ascer-  
taining German interests to the extent  
possible within the previously  
determined compass. As a mat-  
ter of fact, however, these efforts  
did not remain fruitless."

A translation of the Knox res-  
olution accompanied the memorial.  
Chancellor Wirth and Dr. Rosen-  
feld, foreign minister, today dis-  
cussed the peace treaty with the  
deputies of the Reichstag, and the  
reichtag, which was held be-  
hind closed doors. Only a brief  
of the memorial was issued, an-  
nouncing that the committee, on  
recommendation of the chairman,  
Herr Stresemann, voted in favor  
of instructing the reichstag to ap-  
prove the treaty.

The treaty will be made the reg-  
ular order of business at Friday's  
session of the reichstag.

**YANKEE CREWS ARE  
MANNING AMERICAN  
SHIPS NOW SAILING**

(By The Associated Press.)  
New York, Sept. 28.—Recent or-  
ders of the chairman of the  
shipping board that American  
ships must be manned by Amer-  
ican crews, are being put into ef-  
fect here and elimination of alien  
seamen is well under way.

The Trans-Atlantic liner Amer-  
ica, which sailed yesterday for  
Bremen, it was learned today, car-  
ried practically a new personnel in  
her deck and engine room forces.  
More than 200 aliens, many of  
them Chinese, were supplanted by  
American firemen, coal passers and  
stokers.

The same process of elimination  
was applied today to the George  
Washington, largest passenger car-  
rying ship under the American  
flag. New men were furnished  
by birth or naturalization were fur-  
nished by the shipping board's sea  
service bureau in sufficient num-  
bers to make both crews more  
than 90 per cent American.

Records of the sea service bu-  
reau show that for the six months  
period to June 30, the percentage  
of aliens employed was approxi-  
mately 50 per cent. Today it is  
less than 25 per cent.

The principal trouble in secur-  
ing American crews, shipping board  
officials said, was to get  
men to work as coal passers and  
stokers.

**BANTAM WEIGHT RETURNS.**  
Des Moines, Ia., Sept. 28.—  
"Kewpie" Erlie, St. Paul, for-  
mer Bantam weight champion of  
the world, staged a come-back  
here tonight when he knocked out  
Johnny Ritchie of Chicago, in the  
third round of their scheduled ten  
round bout.

**"SCHOOL DAYS, SCHOOL DAYS"**  
Do you remember the old song  
about school days being golden rule  
days? It is wrong to send a cough-  
ing, sneezing, spitting child to  
school to spread disease germs  
among other little ones. Common  
colds are infectious. Send your  
own and other little ones with  
Foley's Honey and Tar. This safe  
family remedy checks coughs and  
colds, loosens phlegm and mucous  
and costs less. Irritating mem-  
branes with a healing, soothing  
medicine. Sold everywhere.

## ATTORNEY GENERAL INVESTIGATES KU KLUX KLAN; SOCIETY NOT INIMICAL TO U. S. LAWS, SAYS ITS HEAD

Ku Klux Klan at midnight moun-  
tain gathering (above); taking  
oath to the Ku Klux amidst the  
Georgia pines, near Atlanta; Col.  
William Joseph Simmons, im-  
perial wizard of the Klan.

Attorney General Daugherty is  
investigating the purposes and  
activities of the secret society  
organized some years ago in  
Georgia under the name of the  
Ku Klux Klan. The organiza-  
tion now has about 700,000 mem-  
bers, with branches in every state  
in the union except three. Col.  
William J. Simmons of Atlanta is

at the head of the order. He  
asserts that the organization has  
no purposes contrary to the laws  
of the United States.

## PROHIBITION NOT SEEN IN AMERICA BY ENGLISHMEN

London, Sept. 29 (by the Asso-  
ciated Press).—"Suppression of  
the saloons is an achievement for  
which the American people cannot  
be too thankful," declares a joint  
report of C. H. Stinch and J. E. Da-  
vison, labor members of parlia-  
ment, who visited the United  
States to investigate prohibition.  
"Prohibition, however, as we in  
this country were led to believe it  
prevailed, does not exist," adds the  
report, which also notes the de-  
velopment of home brewing, wine  
making and illicit traffic in liq-  
uor."

The report continues:  
"We are of the opinion that the  
American people will demand fac-  
ilities for the purchase of light  
wines and beers and had the an-  
tisaloon propaganda been in the di-  
rection of eliminating the more  
disgraceful features of the saloons,  
securing changed management and  
more effective control, concurrent-  
ly with the provision of facilities  
for obtaining these simple bever-  
ages, the bitter animosity aroused  
by its more drastic efforts would  
not have been provoked."

People in a position to know,  
concluded the report, have de-  
scribed America as a "bootleggers'  
paradise" and added:  
"We were driven to the conclu-  
sion that the resultant conse-  
quences on the morale of the peo-  
ple bodes ill for the future, par-  
ticularly as regards the rising gen-  
eration."

## MAY ARRIVE IN U. S. INCOGNITO

Hotel reservations for Maximilian  
Harden, German writer and  
publicist for whom an American  
lecture tour has been arranged,  
have been cancelled in New York.  
The reason given for this action is  
that Harden's friends fear for his  
safety on his arrival, certain Ger-  
mans in New York having made  
threats to take his life. Harden  
may arrive incognito.

Mr. Harden's articles are to ap-  
pear in the Sunday Journal.  
**REGULAR COAL DIVIDEND.**  
Pittsburgh, Sept. 29.—Directors  
of the Pittsburgh Coal company  
today announced that the regular  
quarterly dividends of 1 1/4 per  
cent on the preferred stock and  
1 1/4 per cent on the common  
stock had been declared.

## PAGE MATHIS DEADLY FRED CROCKETT IS JOOLING MATHIS S. BRADLEY, WHO LIVED IN ALBUQUERQUE IN 1884. IN CASE MR. BRADLEY CANNOT BE FOUND, HIS HEIR MAY RECEIVE A INTERESTING NEWS FROM THE LAW FIRM WHICH HAS ASKED MR. CROCKETT TO HELP THEM LOCATE THE FORMER RESIDENT OR HIS RELATIVES.

Anyone knowing of Mr.  
Bradley's present residence or the  
whereabouts of relatives should  
inform Mr. Crockett.

## LEAGUE HAS TILT OVER REPRESSION OF PROSTITUTION

(By The Associated Press.)  
Geneva, Sept. 29 (by the Asso-  
ciated Press).—The league of na-  
tions assembly today decided to  
ask delegates to solicit from their  
governments full powers to sign  
during the sessions the conven-  
tions for the repression of the  
white slave traffic.

The French delegation held this  
was equivalent to the negotiation  
of the international treaties by the  
league, pointing out the danger  
of such procedure and insisting  
that the governments ought to be  
allowed at least two or three  
months in which to study the new  
conventions.

The disagreement was based  
upon the report respecting the  
white slave traffic, presented by  
the convention held in Geneva last  
June, dealing with the age of con-  
sent and providing greater facili-  
ties for obtaining these simple bever-  
ages, the bitter animosity aroused  
by its more drastic efforts would  
not have been provoked."

People in a position to know,  
concluded the report, have de-  
scribed America as a "bootleggers'  
paradise" and added:  
"We were driven to the conclu-  
sion that the resultant conse-  
quences on the morale of the peo-  
ple bodes ill for the future, par-  
ticularly as regards the rising gen-  
eration."

The committee on interior or-  
ganization of the league has vir-  
tually agreed on an increase in  
the members of the council of the  
league to ten, of whom five shall  
be permanent members and five  
non-permanent. It is understood  
Great Britain proposes, as a con-  
dition to its consent, that Spain  
shall be chosen as the fifth per-  
manent member with Great Brit-  
ain, France, Italy and Japan.

The Latin-American delegations  
are not yet satisfied to have the  
entire western hemisphere left  
without a permanent member.  
Those delegates who have advo-  
cated selection of Spain have of-  
fered the South Americans two  
non-permanent seats—to Chile and  
Brazil.

## CARL MAGEE SPEAKS AT RAILWAY POSTAL EMPLOYEES' DINNER

The railway postal clerks and  
their wives held a dinner in the  
Tast room of the Alvarado hotel  
last night. The occasion was the  
regular meeting of the association  
to which was added the social fea-  
ture of a dinner.

An informal address by Carl C.  
Magee was the only special feature  
of the meeting. Routine business  
was transacted.

## MINE WORKERS WILL NOT BOOST OFFICERS' PAY

(By The Associated Press.)  
Indianapolis, Sept. 29.—Disap-  
proval of salary increases of  
approximately 60 per cent for of-  
ficers of the United Mine Workers  
of America was voted today by  
the union's convention, which  
later was thrown into an uproar  
by a motion today to require re-  
payment of the alleged excess in  
salaries paid since July, last  
year.

On a rising vote the motion was  
tipped, 1,183 to 668, but protests  
that the count exceeded the num-  
ber of delegates, resulted in the  
consideration by a roll call, which  
will not be completed until to-  
morrow.

By refusing to approve the  
salary increases, which were fixed  
by the union's executive board,  
the convention gave its first re-  
buke to the administration of  
officers.

Rapid work was accomplished  
by the convention before it en-  
countered the snarl. The dele-  
gates reaffirmed the union's de-  
claration, made at the 1919 con-  
vention in favor of the national-  
ization of coal mines and author-  
ized the appointment of a com-  
mittee to work out a plan. The  
convention also authorized con-  
tinued expenditures to combat  
litigation said to be "a part of  
a nation wide conspiracy to de-  
stroy" the union.

Administration forces also  
scored a victory in a clash with  
opponents over President Lewis'  
recommendation to apply the unit  
rule for voting by the miners'  
delegates to conventions of the  
American Federation of Labor.

**DENVER SUGAR CHEAPER**  
Denver, Colo., Sept. 28.—  
Retail sugar prices dropped  
10 cents a hundred pounds to-  
day following yesterday's re-  
duction of a like amount in  
wholesale price. The best  
sugar retail price now is \$6.30  
a hundred.

## KU KLUX KLAN IN AMERICA BOASTS 700,000 MEMBERS

(By The Associated Press.)  
Cleveland, O., Sept. 28.—There  
are approximately 700,000 mem-  
bers of the Ku Klux Klan in the  
United States, C. W. Love of In-  
dianapolis, grand goblin of the or-  
ganization, today told County  
Prosecutor E. C. Stanton and chief  
of Police F. W. Smith, before  
whom he had voluntarily appeared.  
Love explained the constitution  
of the order, how much various of-  
ficials received as commission on  
initiation fees, which he called  
"donations," who are "disquali-  
fied" as members, and withheld  
only information regarding mem-  
bership. He promised to produce  
books and records of the local  
branch tomorrow.

"The membership roll is secret  
and is in the Atlanta, Ga., head-  
quarters," he told his interrogators.  
Both the prosecutor and the  
chief questioned Love about night  
riding activities of the Ku Klux  
Klan and tar and feathering epi-  
sodes credited to masked members  
of the organization.  
"Any member doing anything  
like that would not only be expelled  
but would be handed over to the  
authorities," he replied.  
There is no initiation fee, he  
said. One requirement of mem-  
bership, he added, is a donation of  
\$10 which goes to a propagation  
fund.  
The salary of Wizard Simmons  
Love stated, is \$100 a week. Klan  
gives, in charge of state subdivi-  
sions, get \$3 for each member he  
secures; a king klegg, in charge  
of the state, \$11 on each member in  
his realm, and a grand goblin, of  
whom there are nine, receives 50  
cents on each member in his do-  
main.

## HEAD OF D. & R. G. ADMITS RAIL RATES ARE OUT OF LINE

(By The Associated Press.)  
Denver, Colo., Sept. 29.—"Rail  
road rates are out of kilter and  
there is no doubt some of the  
rates are too high," Joseph H.  
Young, president of the Denver  
and Rio Grande Western railroad  
declared in an address today  
before the Denver Rotary club.  
"Present freight rates, and in par-  
ticular freight rates," he said  
"are the results of years and  
years of work and study by ex-  
perts and the horizontal increase  
of 5 per cent and then 30 per cent  
threw them out of adjustment."  
"Rates must not be reduced  
horizontally but must be worked  
out on a common sense basis."

Generally speaking, Mr. Young  
said, railroad employees are not  
out of proportion, except the  
wages of common laborers. He  
said that some classes of com-  
mon labor are getting as high  
as 72 cents an hour, whereas their  
former rate of pay was 22 to 30  
cents an hour.

Grouping of railroads as pro-  
posed by the Interstate Commerce  
commission was described by Mr.  
Young as a plan to help the  
weaker roads. He declared  
however, that he did not believe  
the power to force the stock-  
holders of the larger roads  
"to accept stock of the smaller  
roads at a figure which would  
be satisfactory to the owners."

## DENVER BROKER IS FORMALLY CHARGED WITH EMBEZZLEMENT

(By The Associated Press.)  
Denver, Colo., Sept. 29.—With  
the filing today of a formal com-  
plaint charging embezzlement  
against Henry Horn, Denver  
broker who is missing with \$45,000  
worth of securities entrusted to  
him, police began an investigation  
to determine if Horn is the same  
man alleged to have been instru-  
mental in the failure of a bank at  
Duquesne, Ill., in 1912.

According to information upon  
which the police say they are pro-  
ceeding with the investigation, the  
private bank of Henry Horn, Sr.,  
at Duquesne failed in December,  
1912. It had deposits of \$400,000.  
Henry Horn, Jr., son of the bank  
owner, who was cashier of the in-  
stitution, was indicted on several  
counts in connection with the  
bank's failure, according to police  
information.

The son disappeared before he  
was brought to trial and although  
a nationwide search was conducted,  
he never was apprehended.

**COWBOY PADGETT MATCHED**  
Denver, Colo., Sept. 29.—Carl  
Macke, Deer waterweight, and  
Cowboy Padgett have been match-  
ed to box ten rounds to a decision  
at Canyon City the night of Octo-  
ber 7. It was announced here for  
day. They recently fought a fif-  
teen round draw at Durango.

## NEW YORK TIGHTENS HOLD ON FIRST PLACE; PITTSBURGH DROPS 2 GAMES

## YANKS NEED BUT ONE MORE GAME TO WIN PENNANT

New York Defeats Philadelphia, 5 to 0; Shawkey Allows the Athletics But Four Scattered Hits.

(By The Associated Press.) Philadelphia, Sept. 29.—By defeating Philadelphia today New York tightened its hold upon the American league lead. As Cleveland was beaten by Chicago, the Yankees need but one more victory to clinch the pennant. Shawkey allowed the Athletics but four hits and these he kept well scattered. The Yankees garnered nine hits, three of which were for extra bases, off Harp. In the second inning Pipp was safe on Dyke's boot, went to second on Ward's sacrifice and scored on McNally's triple. Shawkey's single scored McNally. Miller's triple and Neuse's single accounted for a run in the third. Peckinpaugh's home run scored Fawcett in the seventh. Babe Ruth was not in the lineup, owing to illness. He is expected to join the club tonight.

Chicago, 5; Cleveland, 0. Chicago pitched masterly, Cleveland virtually ruined. Cleveland's chance in the American league race today when he shut out the world's champions, 5 to 0. Cleveland, top New York, must win its three remaining games, and the Yankees lose their remaining three. The margin between the pennant contenders tonight was two and a half games. Kerr celebrated a day set aside in his honor by holding Cleveland to six hits and with the aid of sensational fielding did not allow a Cleveland player to pass second. After the Sox scored two runs in the first Cleveland played a listless game. In the first inning Cleveland led off with a single and took second on Strunk's out. After Collins had fled to Evans, Hooper drove a single to center, scoring Johnson. Hooper taking second. Sherry followed with another single, scoring Hooper.

Pitcher Sotheron was succeeded by Caldwell in the second. He fared well until the sixth, when after two were out, Chicago scored another run. Mostil singled to left and Mulligan followed with a hit to the same place. Mostil's home run Evans booted the ball. The Sox scored another run in the seventh after two were out. Strunk hit to center and as a result of Speaker's slow fielding, Cleveland led off with a single. Collins scored Strunk with a single. In the eighth Mulligan grounded to Caldwell who threw wide to Burns, permitting Mulligan to reach second. Schalk's triple scored him.

## ASKS \$2,210 ALLEGED DAMAGES FROM BOSTON

(By The Associated Press.) Philadelphia, Sept. 29.—Suit was entered in common pleas court here today by the owner of the Independents, a baseball club of Johnstown, Pa., against the Boston American league baseball club to recover \$2,210 damages alleged to have been lost through the cancellation by the Red Sox of an exhibition game scheduled for September 8 in Johnstown. The Boston club in cancelling said the Independents were using players who had been declared ineligible by Judge Landis, baseball commissioner.

## ONE OF THEM WILL LEAD A. L. TEAM AGAINST GIANTS IN WORLD'S SERIES

Manager Miller Huggins of the New York Yankees, left, and Manager Tris Speaker of the Cleveland Indians, snapped during the "little world's series" between their teams in New York.

This photo of the peppy leaders of the American league teams which are battling neck and neck for the pennant was taken while their teams were clanking at each other's throats. They are distinctly different types. Huggins, diminutive Yankee leader, is a driver. He keeps his team together by sheer force of will power. Disastatious is coming to a head constantly on his team. He has had to put down repeated insubordinations by drastic measures. Speaker leads by injecting his own fighting spirit and "pull together" spirit into the whole club. He counts on perfect harmony to bring out the utmost in his men.

## JESS WILLARD WILL SIGN CONTRACT FOR FIGHT WITH DEMPSEY

(By The Associated Press.) Topeka, Kans., Sept. 29.—Jess Willard said today he expected to sign at once upon receipt of the contract for a return bout with Jack Dempsey, world's heavyweight boxing champion, which is reported to have been mailed to him by Tex Rickard in New York Wednesday.

Willard said he has been advised of the terms and is quite certain they are acceptable. The bout probably will be held some time between June 15 and July 5 next summer, Willard said.

## FOUR SURVIVE IN PROFESSIONAL GOLF CHAMPIONSHIP TILT

(By The Associated Press.) New York, Sept. 29.—The four survivors of the third round of the Professional Golfers' association championship tournament today were Jim Barnes, of Pelham, N. Y.; national open champion; Emmet French, of Youngstown, Ohio; Cyril Walker, of Englewood, N. J.; and Walter Hagen, of Detroit, western open title holder.

In the semi-final tomorrow Barnes and Walker will play French and Hagen, respectively. Barnes and French today each had a sixty-nine in the morning round. Barnes eliminated Fred McLeod, Washington, 11 and 3. Hagen defeated John Golden, New York, 8 and 7. Walker won by 5 and 4 over Gene Sarazen, Titusville, Pa. French outplayed George McLain, New York, 5 and 3.

## VARSITY ELEVEN SHOWS UP WELL IN SCRIMMAGES

Although efforts on the part of Coach Johnson to secure a game with Socorro for the opening date of the "Varsity" schedule were unsuccessful, practice on University field is growing heavier daily, and the team is rapidly rounding into mid-season form.

As yet it is uncertain when the game of the Cherry and Silver schedule will take place, but Coach Johnson is corresponding with several managers in an effort to book an early game here. Until recently it had seemed certain that at least one and possibly two games with Socorro would be the curtain-raiser for the "Varsity" season, but after a special visit to Socorro, Coach Johnson was told that the miners had found it impossible to get a team together, and would be unable to schedule any games. Several games with fast teams are in view, however, and Albuquerque will undoubtedly have an opportunity very soon to see Coach Johnson's promising squad in action.

In the meantime, the pigskin artists on the hill are scrimmaging every night, and Jones and Calkins are making rapid headway in developing punting ability. The ease with which Calkins has been punting beyond the half-way mark on the field carries much reassurance to the university fans, who had feared at the opening of the season that the team would be seriously hampered by the loss of Grant Mann's toe.

The squad has recently been greatly strengthened by the coming of Goodell, who started on Kansas university's freshman eleven last year. He has shown exceptional ability in the backfield and has also done time on the end.

Three men freed of assault on padilla.

Saturday and Ramon Barba and Redondo Sanchez, charged with assaulting Celso Padilla at Las Padillas last month, were freed by the jury yesterday after a trial which lasted two days in the district court. The jury returned its verdict of acquittal in less than one hour.

It was alleged that the three men assaulted Padilla, one of them sticking a knife in his back.

COAST LEAGUE.  
Seattle, 10; San Francisco, 7.

Salt Lake, 1-3; Oakland, 5-1.  
Los Angeles, 5-8; Portland, 3-11.

## Theaters Today

"B" Theater—The Reelart Pictures corporation presents the popular Mary Miles Minter and Monte Blue as the leading stars in "Moonlight and Honeyuckle," also another episode of "The Son of Tarsan."

Lyric Theater—Repeating today "The Golden Snare," with Lewis Stone, Ruth Renick and Wallace Beery as the leading characters; also repeating the two-reel comedy, "Smoochy's Fresh Hair," with its interesting characters as stars.

Pastime Theater—That immensely interesting, spectacular drama, "Quo Vadis," is being repeated today at the Pastime; also "The Trouble Hunter" comedy, with Jimmy Aubrey in the title role, is being repeated.

JAMES OLIVER CURWOOD PROVIDES NEW THRILLS IN "THE GOLDEN SNARE"

Another triumph of the silent drama is David Hartford's production of "The Golden Snare," which opened an engagement at the Lyric yesterday and which is being repeated today.

Adapted from James Oliver Curwood's fascinating story of the same name, this remarkable photodrama, with a compelling vital, throbbing plot, fairly smacks of the charm and mystery and primitiveness of the far north country amid which the scenes are laid.

Lewis Stone, as a member of the Royal Northwest Mounted selected to bring back "dead or alive" Bram Johnson, long wanted fugitive from justice, is the featured player and gives a wonderful characterization. Wallace Beery plays the hunted Bram Johnson. Ruth Renick portrays the girl Cele around whom the mystery of the golden snare and the madman of the barrens centers. Others in the cast are Melbourne MacDowell, Wellington Plaster, Francis MacDonell and Baby Esther Scott.

A beautiful romance is interwoven in this thrilling tale of the snow country. The photography is remarkable. Night in the arctic, a raging blizzard, Bram Johnson driving his pack of savage wolf-dogs—these are a few of the striking scenes which will linger long in the memory.

"The Golden Snare," released by Associated First National, is an extraordinary and splendid picture.

MARY MILES MINTER PROVES HERSELF REAL COW GIRL RIDER

Many people have known that Mary Miles Minter is a clever horsewoman, but few realize that she has also learned those difficult stunts that change a rider from mediocrity to excellence.

She shows her ability in "Moonlight and Honeyuckle," which opens at the "B" theater today for a run of only two days.

Picking up her hat from the ground while her horse was running at full speed is a bit that will get a thrill out of even the most blasé playgoers. And yet Miss Minter does it as just part of the day's work.

Perhaps the star's success in stunts of this sort is due largely to her adherence to one horse. She doesn't change mounts, but has used her own riding horse, "Sentry," in her pictures continuously for several years. The intelligent animal has learned his mistress' moods thoroughly and responds to her slightest motion or command.

"Moonlight and Honeyuckle" is not all horseback riding, however. Its action shifts rapidly from the pith of a southwestern cattle ranch to the home of a United States senator in Washington. Miss Minter has a most delightful role as a girl who adopts a clever scheme to decide between three suitors.

Monte Blue heads an excellent cast. This clever player will be remembered for his work last season in "A Cumberland Romance," with Miss Minter, and more recently in "Something to Think About," "The Jucklers" and "The Kentuckians." Other well known Theatians include Willard Lewis, Mabel Van Buren, Grace Goodall, William Boyd and Guy Oliver.

JOHNSON AND MANLEY MATCHED FOR FIGHT AT COLORADO SPRINGS

(By The Associated Press.) Colorado Springs, Colo., Sept. 29.—Eddie Johnson of Pueblo and George Manley of Denver were today matched for an eight-round middleweight bout here October 1, as the other half of a double event which will include a two-round bout between Frankie Murphy and Harry Shuman, both of Denver. It was also announced that Tad Hannigan of Denver and Art Le Beau of Colorado will meet in a seven-round bout for state B. Scout championship.

In England a little over a century ago there were over 160 offences punishable by death. Now there are only four crimes which carry the death penalty, a settling fire to the royal coat of arms or arsenal, piracy with violence, or treason and murder.

In the United States, according to estimate, five persons meet death by accident every minute.

## PIRATES DROP A DOUBLE BILL TO THE CARDINALS

First Contest Goes Ten Innings; Darkness Halts the Second Scrimmage at the End of Sixth.

(By The Associated Press.) St. Louis, Sept. 29.—St. Louis took a double-header from Pittsburgh. The first game went ten innings. The second game was called at the end of the sixth inning because of darkness. Score:

## THE WOMAN HE MARRIED

By JANE PHELPS.

### A PERIOD OF DEPRESSION.

Chapter 100.

I went into the study and laid Junior's letter and report in front of Dick.

"The boy is doing splendidly," I said. "See what a good report he has for the last quarter."

How glad I was to have something of mutual interest to talk about, something which would steady me.

"That's bully!" he said as he looked over the marks, then picked up the letter.

I watched his face closely as I dared while he read. Suddenly there came before me that look of relief I had seen that day at the station. Had he been afraid the boy would see and know? The thought brought relief. That was it! Even then, so long ago, he had loved Juanita.

Other thoughts followed in quick succession, other things whose impressions had been so faintly registered that they had left me almost as soon as received. I recalled the look on his face the night of her housewarming—that had been the beginning I felt sure. Had I not been blind I would have noticed it then—that he was commencing to care for her—and something before it had gone too far. I compelled my thoughts to halt. I would not admit it had done that—gone too far. Not yet. I could have perhaps done something for her or he would not have held her in his arms. But it might she was fascinating in that rapturous dress.

"A nice letter. I am glad he enjoys the school."

"We shall have him for a whole month, Dick! I am so delighted I can scarcely contain myself."

"I am glad he is coming now, because I have got to be away."

"Away! How—where?" I stammered. Dick never had left me for a day since we had joined him in the desert.

"I have to go to Chicago."

"Don't ask questions in that tone! To see a publisher. One would think I had no right to go."

"It isn't that, Dick, but when Junior has been away so long. Can't you go some other time—or write?"

"I am the best judge of what I can do and when."

## BEAUTY CHATS

By Edna Kent Forbes.

### DO YOU USE POWDER?

Every once in a while I am surprised by receiving a letter from a young woman asking me whether it is a good thing to use powder. I say that I am surprised because somehow I take it for granted that nowadays everyone uses powder. There is never any question of morals involved, for few people are narrow enough to say that it is wicked to put powder on the skin. Nor is there ever any question of whether it is physically good or bad. Face powder neither benefits nor harms the skin.

As a matter of fact, I don't know why we do use face powder. I suppose because it is the custom, so that the small girl waits impatiently for the day when she can use a powder puff. Yet the child's face never seems shiny or in need of a dusting of powder. But when she gets the powder habit, she never looks right to herself, at least, until she has put some on.

As a matter of fact I think we rather overdo the habit. I am quite sure that none of us need use powder as liberally or as frequently as we do. There are times, of course, when it is very useful. When you are running about the city and feel hot and sticky and dirty, rubbing over the face with a little powder makes you feel fresh and clean and cool again. Besides a little antiseptic powder rubbed into the skin is no more harmful than the dust that flies up from the city streets.

It is all a matter of custom, as I said before. We have a habit of using face powder, but we use it every time we pause before a mirror. I think we would be better off if we used it more sparingly.

June.—Practice deep breathing, stand correctly and massage all of the muscles of the chest each

A little powder is not harmful.

night, using a nourishing oil. In the morning dash cold water over the chest and dry by using friction from a coarse towel. This is

Kappa Kappa Gamma rush at Huntington at 8:30 p. m.

Shriners' formal ball at Masonic temple at 9 p. m.

## PRETTY FUR COAT FOR JUNIOR MISS

By Eloise.

The flapper or sweet young thing will be sure to want a fur coat this year, for everybody does, and besides if older sister has one what else can you expect. This year there are any number of fur coats which seem ideally designed for the young miss. They are youthful both as to cut and as to color. They will please mother far more than the sealskin or a squirrel wrap for so young a girl.

Here is one of these snappy little coats. It is very swaggy with its loose back and deep shawl collar. Natural caracul is the fur used while soft beaver forms the trimming as collar and cuffs. It may be worn for school, formal or informal wear. It is one of those models which fits in with whatever the rest of the costume may be.

a delicate part of the body, so care should be exercised either in massaging or the friction from the towel. If you stand correctly, the chest is forward and the stomach flattened, which is often all that most women require to bring the lines of the body into proper proportion. Deep breathing strengthens the muscles of the chest, the small bust is not a noticeable thing.

Miss M. T.—Massage the muscles of the legs, using a deep kneading motion and use a strong solution of epsom salts. You should do this regularly until the fatty tissue has been broken down and absorbed through the circulation.

Faithful Reader.—Consult the doctor about this skin eruption and blotches.

Rockall, an islet in the Atlantic, 200 miles from the Scottish mainland, is supposed to be the only remaining portion of a lost land.

## EFFICIENT HOUSEKEEPING

By LAURA A. RIRKMAN.

### PUTTING UP THE GRAPE.

Grape Preserve: Take 3½ pounds of grapes, 2 pounds of sugar, 1½ pounds of raisins and 1 pound of English walnuts. Put the grapes and cook the pulp in a very little boiling water till tender, then put them through a sieve to remove seeds. Return the pulp to the saucepan and add 1 cup of cold water, their skins (which in the meantime have also been boiled till tender in a very little water), the sugar, the whole seed raisins and the walnuts chopped coarsely. Boil this mixture slowly for 2 hours and turn into hot, sterilized jelly glasses. Let cool, then cover with melted paraffine.

Grape Conserve with Orange: 3 pints pulped grapes with their seeds, 3 pounds sugar, 1 pound seed raisins, 1 large orange and 1 pound English walnut meats. Wash grapes in cold water, drain, and cook without water in the top of a double boiler till the skins separate from the pulp. Place the skins in a saucepan with only a little water (not enough to cover) and boil till tender. Now press the uncooked pulp through a wire strainer to remove seeds and put the strained pulp in the preserving kettle; add to them the cooked skins, the sugar, raisins (cut in half), and the entire orange, except seeds, cut into small pieces, and boil until thick (this will be from 1 to 2 hours). Skim while boiling. Add nutmeats cut small and cook 5 minutes more. Turn into hot, sterilized jars and seal and cover with melted paraffine.

Preserved Grapes: Remove the pulp from the skins by pressing with thumb and finger. Put pulp in a saucepan over fire and cook till soft with only very little

water, then rub them through a sieve to reject seeds. Now put the cooked pulp, the uncooked skins and the juice into the preserving kettle after measuring, and for every pint of the fruit add 1 pound of sugar. Let cool until the juice is as thick as sirup when a little of it is dripped onto a plate and allowed to cool. Turn into hot, sterilized jars and seal.

Grape Juice: For every quart of grapes add 1 scant pint of cold water. Cook until seeds are loosened from pulp, then strain and squeeze through a cheesecloth; measure and put back on stove to boil. When boiling, skim and add 1 even cup of sugar for every quart of juice. Boil for a minute or two and pour at once into hot, sterilized bottles or jars and seal at once.

Grape Catsup: Wash and stem 5 pounds ripe grapes. Put them into a kettle with 1 pint of water and let them simmer until tender. Strain through a sieve to eliminate seeds, and add 1 pint of cider vinegar, ½ teaspoon salt and 1 teaspoon each of ground cinnamon, clove, allspice and pepper. Boil until slightly thickened, then pour into hot, sterilized bottles and seal at once. (Good on cold meats.)

Grape Jelly: Wash, stem and crush grapes that are a little underripe. Heat slowly and add no water. Cook 2½ minutes, then let drip through jelly bag. Measure this strained juice and for every cup of it set aside 1 cup of sugar. Reheat juice, let boil 20 minutes, then add the sugar to it (warmed in oven) and let boil till the jelly stage is reached. (It will need to cook only a short time after sugar is added.) Turn into hot, sterilized glass jars, let cool before covering with paraffine.

## EXHIBIT OF SANTA FE PAINTERS OPENING AT WOMAN'S CLUB FRIDAY

The public is invited to be the guest of the Woman's club this afternoon, when a most interesting and comprehensive exhibit of paintings by Santa Fe artists will be on display. This exhibit will be a part of the first at Santa Fe. H. F. Robinson, chairman of the art department, who saw it there, will give a talk on the main features of the various pictures. There are twenty-five paintings all are for sale. The following artists are contributing one or more pictures to the exhibit: Gerald Cassidy, Sheldon Parsons, J. G. Baker, E. G. Eisenhry, Fremont Ellis, B. F. Gastra, Willard Nash, Charles S. Rawles, E. Rollins, Carlos Viera, Olive Rush and Will Schuster.

Mr. T. G. Winfrey is in charge of the program which will be brief. Mrs. E. M. Bradford will sing a group of songs, accompanied by Mrs. E. B. Moore. Refreshments will be served during the afternoon by Mrs. George Mueller, Theresa (Snee) and C. C. Stutz, and after the program, a choral class, under the direction of Mrs. E. A. Bradford, will be organized from members of the club.

A special invitation is extended to all men of Albuquerque who are interested in art, to be present.

## PRIZES OFFERED TO PUPILS FOR ESSAYS UPON AQUA HEATERS

Students of domestic science at the local high school and the state university are eligible for prizes which will be conducted by a Mr. Murphy, distributor of the Aqua electric water heater, who is holding demonstrations here. The prize offered for the best essay on the subject of the instantaneous heater is an American beauty electric iron.

Provisions have been made for the students of the high school under the direction of Miss Bess Gill and Miss Ethel Vanderwork, and the household management classes of the university home economics department to visit the Aqua heater demonstrations this week at the Huning Electric shop.

Any student of these classes who has attended a demonstration of the apparatus may enter the contest. The essay should include a description of the heater and its mechanism, the details of installation and operation. The judges of the contest will be the instructors in the respective classes.

## NEW HI-A IS FORMED WITH MRS. A. H. SISK AS CLUB LEADER

Mrs. Arthur H. Sisk is the leader of a new group of Girl Reserves which was organized yesterday afternoon at the Y. W. C. A. The HI-A, as it is called, is composed of junior and senior girls of the local high school, organized as a branch of the Young Woman's Christian association. A younger group is already active in the high school.

The girls planned an immediate initiation for their new members, and an interesting program of study and recreation for the coming school year. Mrs. Roy Graham, chairman of the recreation committee of the Y. W. C. A., assisted in making out the year's program. Mrs. Graham is leader of the younger group.

Miss Adelle Elder is president of the new HI-A. Charter members are Florence Reynolds, Louise Snyder, Mary Brown, Linda Brown, Myrtle Brown, Evelyn Brosey, Ora Fitzgerald, Mabel Dutcher, Margaret Simonson and Alice Oleson. A number of other girls are expected to join the club soon.

## 200 ALIEN MEMBERS OF CREW ARE DISCHARGED

(By The Associated Press.) New York, Sept. 29.—Two hundred alien members of the crew of the George Washington, the largest passenger liner operating under the American flag, were discharged today in furtherance of the policy of the United States shipping board to have only American crews on American ships which it owns.

R. C. Lee, assistant manager of the United States line which operates the George Washington, said that similar action would be taken with regard to other shipping board vessels operated by the line.

## ACTRESS THINKS GIRLS OUGHT TO WED FIRST LOVE

Shirley Mason listening to her mother's voice.

Fox star who makes such delightful adolescent boys or girls on the screen is a staid married woman, Shirley Mason, who is willing to talk about her handsome young husband, too. She will tell you all about how wonderfully tall and ideal is her husband, Leonard Dunham, a motion picture director, and when he is away from home of location Miss Mason puts on a photograph record, made by Dunham and glances rapidly at his voice.

Miss Mason believes in young marriages. She was very young when she married.

Here is what Miss Mason thinks of matrimonial affairs:

"I believe that girls should marry their first love. When a girl waits too long, she sees so many men that her judgment becomes warped. So many men have paid her attention that she finds it hard to settle down to one, and when she marries and tries to, she becomes disappointed. Now, Bernie and I grew up together. I can't and I won't try to imagine life without Bernie. But there, they tell me, I ought not to talk about being married, that the fans won't like me so well. I don't believe that, do you?"

"But after all, what can I talk about if I don't talk about Bernie? My work—I suppose, but you know all about that as well as I do. I am working seriously, for I love the screen and want to stand for really worthwhile things."

Thus spoke one of the few child prodigies who have carried their popularity with them into maturity, for Shirley Mason began her stage career at the age of four and has been steadily at work ever since.

## 2 ALLEGED BANDITS ARE LANDED IN JAIL

(By The Associated Press.) Trinidad, Colo., Sept. 29.—George R. Botkins, with deputy sheriffs, yesterday captured two alleged bandits from whom he escaped while the town of Springfield, Colo., was being robbed by a mob of about 200 men and had bound him with heavy cords, according to local police today.

After freeing himself, Botkins, a garage employee here, did not disturb the men but walked several miles to a ranch house, from where he telephoned to the sheriff, who then sent the officers to round up the pair, who were brought here from Kim today and are being held in the county jail.

Botkins alleged the men employed him at Springfield, Colo., to drive them to a farm settlement several miles away. The car stalled, according to Botkins, and he was forced at the point of a gun to submit to being bound. Then he was thrust into the back seat of the car and the two men went to sleep in the front seat.

They gave their names as O. C. McGuire, Holly, Colo., and O. C. Michaels, Lamar, Colo., the police said.

The elephant has six or seven sets of teeth during a lifetime, a new tooth replacing the old one as soon as it wears away.

## RANGE IN STATE IS REPORTED IN GOOD CONDITION

(Special Correspondence to The Journal.)

Santa Fe, Sept. 29.—The temperature continues fair, according to the weather and crop conditions report for the week ending September 27, issued by the United States weather bureau here. Frost occurred in the northern mountain districts but very little damage resulted. Light to heavy showers occurred over the southern part of the state, while the northern districts remain dry. The dry, warm weather in the northern sections proved very favorable for the harvesting and threshing of small grain and beans. Cutting of corn, fodder crops and hays is well advanced. The picking of cotton and fruit is at its height in the Pecos valley.

Lakewood: Moderate temperature and light showers. Range improving, stock in good condition. Corn harvesting under way also the cutting of the fourth crop of alfalfa.

Blanco: Good weather during the week with hot days and cold nights. Rain needed very badly. Range fair.

Black Lake: Good weather during the week, very little rain. Harvesting well under way and good crops expected.

Hermosa: Moderate showers and temperature. Cutting of corn, cane and Sudan grass continues. Range good, stock looking fine.

Stead: Harvest of row crops in full swing. Early corn good but late corn damaged by drought. Still dry. Light frost morning of the 20th. Range dry.

Agricultural College: Temperature moderate, showers light, sunshine adequate. Corn nearly matured. Pastures and range good. Sweet potatoes, truck crops and vegetables good. Fruit fair.

El Paso: Showers during week maintained range in excellent condition. Some truck, corn and cotton remain to be harvested. Last crop of alfalfa for season developing nicely.

Roswell: Heavy showers during week west of valley; also some good showers south, east and north, but practically none in Roswell district. Ranges somewhat improved. Stock generally in good condition. The week was favorable to cotton and harvest of fruit, which is now at its peak.

## Health!

Comes to you and the children if you have Dr. Pierce's Golden Medical Discovery in the house. For "little-ones" and "grown-ups" this old fashioned vegetable tonic and blood-maker is still used by the million bottles every year. Make your blood better and your health better by going to your nearest druggist and obtaining Dr. Pierce's Golden Medical Discovery in tablet or liquid form.

A healthy stomach turns the food we eat into nourishment for the blood stream and the nerves. No one suffers from colds or catarrh who has plenty of red blood corpuscles and good digestion. Catarrh in all its forms is a stagnation of the blood. Introduce pure, redder blood into the system, and health is assured. Dr. Pierce, over fifty years ago, gave to the public this alternative and blood tonic which he named his "Golden Medical Discovery." It is sold by all druggists the world over in tablets or liquid, and is just the thing to put the body in the best of condition. It is a tonic, alternative and nerve, which contains no alcohol, and has the ingredients printed on the label. "Golden Medical Discovery" assists the digestive functions, assimilating the food and taking from it what is necessary for feeding the blood. Thus the blood takes on a new vigor and vitality. This corrective remedy nature put in the forest for keeping us healthy. One feels strong, vigorous and full of "pep," instead of weak, nervous and "played out." Send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or, send for a free medical booklet on any disease or write for free medical advice.

## TOMORROW IS RENT DAY

Leverett-Zapf and Company and E. C. Morgan have good news for people now renting who would like to own their own homes. A phone call to 640 or 899 brings the details of an interesting budget plan.

## Here They Are, Folks! Little Sun-Maids

"The Between-Meal Raisins"—the Cure for 3 o'clock Fatigue

FOR years you've loved to munch on raisins. Wouldn't you buy them down town, if you could, in little 5c packages?

Well, now you can! They're in drug stores, groceries, candy and cigar stores, in the neatest little 5c pocket packages you ever saw.

Little Sun-Maids, "the between-meal raisins," made from tender, luscious, juicy, seedless table grapes.

Seventy-five per cent pure energizing nutriment (146 calories for 5c) in practically pre-digested form. Quick-acting stimulant—to counteract brain fog, lassitude and let-down which come to millions at 3 o'clock, according to efficiency experts.

Rich in blood-building food-iron also—frequently the one lack that keeps thousands under par.

You need but a small bit of iron daily, yet that need is vital.

So get raisins now, and form the habit. Have these luscious little seedless raisins on your desk or table—within easy reach—all day to stave off hunger and fatigue.

A good way is to Buy at Noon

Always buy at noon so you'll have them for your afternoon refreshment—make that your daily, profitable habit.

Packed just like "big sister" Sun-Maids in a great, modern, sanitary plant in California. Wholesome, sweet and clean. Made from highest quality seedless table grapes, the finest grown.

Look for this Display Carton on Your Dealer's Counter Sold at all Drug, Grocery, Candy and Cigar Stores—5c

5c

## Do you know what constitutes a strong constitution?

To have sound, healthy nerves, completely under control, digestive organs that are capable of absorbing a hearty meal, means you have a strong constitution! Your general attitude is one of optimism and energy.

But an irritable disposition, frequent attacks of indigestion, and a languid depression, indicate your system is not in correct working order.

Probably you are not eating the proper food. Probably the nutritious elements are not being supplied to your system in the proper way.

Grape-Nuts is the wholesome, delicious cereal that promotes normal digestion, absorption and elimination, whereby nourishment is accomplished without auto-intoxication. A mixture of energy-giving wheat and malted barley comprise the chief elements of Grape-Nuts. A dish at breakfast or lunch is an excellent, wholesome rule to follow.

You can order Grape-Nuts at any and every hotel, restaurant, and lunch room; on dining cars, on lake boats and steamers; in every good grocery, large and small, in every city, town or village in North America.

## Grape-Nuts—the Body Builder

"There's a Reason"

## TERSE HISTORY OF THE SPANISH-AMERICAN WAR IS REVEALED IN WAR DIARY OF THEO. ROOSEVELT

Widow of Former President Turns Record Over to Memorial Association; Book Contains Experiences and Impressions, Some Historical, Some Critical.

(BY THE ASSOCIATED PRESS.) New York, Sept. 29.—A terse history of the Spanish-American war as seen through the eyes of its most famous participant came to light today when Mrs. Theodore Roosevelt presented the former president's war diary to the Roosevelt Memorial Association.

The diary is a record of experiences and impressions, made up of laconic entries, some historical, some critical.

The diary is a small pocket volume and contained notes in pencil and ink.

Some of the most characteristic entries follow:  
May 5, 1898—Commissioned as Lieutenant Colonel United States Volunteer Cavalry. Wood as colonel by my choice.  
May 7—The delays and stupidity of the ordnance department surpass belief. The quartermaster's department is better but bad. The commissary department is good. There is no management whatever in the war department. Against a good nation we should be helpless.

May 21—The blunders and delays of the ordnance bureau surpass belief. They express us stuff we don't need, and send us the rifles by slow freight. There is no head, no energy, no intelligence in the war department.

May 24—Quota is nearly filled. It is astonishing how rapidly we have armed, mounted and drilled these men. Wood's power of work and executive capacity are wonderful.

Interminable Delays  
May 30—Railway system tends to break down. Interminable delays; no proper facilities for unloading horses, to rest, water, or feed, etc., etc.

June 3—Reached Tampa in morning. Railway system is wild confusion; it took us 12 hours to get into camp with our baggage. June 6—No word can paint the confusion. No head; a breakdown of both the railroad and military systems.

June 6—No plans; no staff officers; no instructions to us. Each officer finds out for himself and takes his chances. We are doing as well as the regular regiments. Have very light baggage.

June 8—Told to go aboard transport. Worst confusion yet. No allotment of transports; no plans; utter confusion.

June 20—Reached Santiago. June 22—Reached. June 23—Marched. June 24—Fought—Las Guasimas. We drove enemy in fine shape. Lost 60 men, and wounded 20 slight.

Commands Regiment  
July 1—Rose at four. Big battle. Command regiment. Held extreme front firing line. July 3—Told to go aboard transport. Spanish fleet destroyed. July 4—Truce. Mismangement horrible. No head to army. July 10—Bombardment again. July 11—Truce again. Shifted

## LLOYD GEORGE FISHES—CATCHES COLD

Premier Lloyd George snapped while angling for trout at Inverness, Scotland, which resulted in what threatened to be a serious illness.

"A fishing trip that effected an international crisis," might be the caption on this photo. During his recent vacation in Scotland Premier David Lloyd George found time between sending notes to De Valera and receiving some from him to angle for trout. While fishing he caught cold. Progress of the Irish negotiations was delayed while he recovered from the cold and an accompanying attack of neuralgia.

## HUMAN BONES DUG FROM GROUND BY PRAIRIE DOG RESULT IN THE DISCOVERY OF TWO OLD KIVAS

Indian Ceremonial Chambers Are Found at the Abandoned Village of Hawiku, in Southwestern McKinley County; Fine Specimens of Ancient Pottery Also Unearthed.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Zuni, N. M., Sept. 29.—Human bones dug from below the ground by an industrious prairie dog resulted in the discovery of two very old kivas or ceremonial chambers of Indians long since dead by Frank W. Hodge, who is conducting an archaeological investigation at the old abandoned village of Hawiku, in southwestern McKinley county.

A Zuni Indian employed by Mr. Hodge in excavating Hawiku chanced to see some human bones in the fresh workings of a prairie dog at a place about one-quarter of a mile from the ruined walls of Hawiku. The Indian was put to work and by following with his spade the underground channel of the prairie dog finally came to the balance of the skeleton and further on encountered a very fine piece of prehistoric masonry. Upon cleaning away the sand of centuries which entirely covered the wall, a kiva was uncovered, perfect in its circular lines as not to vary an inch from the true form of a circle.

Excellence of the Masonry.  
Gowing to the excellence of the masonry as well as the nature of the pottery found, Mr. Hodge believes the kivas to have been built by a colony of Indians from the San Juan district of Colorado, as the walls compare favorably with those of Aztec, Mesa Verde and Chaco canyons and are not at all characteristic of the careless masonry of the Zunis.

Some houses built of the upper stones of the kiva were found built on top of the kiva, in the manner of the Zunis who came along evidently some centuries after the kivas had been deserted. Ten burials were unearthed above the kiva, being probably the bodies of Zunis. The pottery as well as the nature of the walls, indicate that those who lived within the kiva were the first Hawiku people. Some of the kiva stones were carried 400 yards east and were found in the oldest homes in Hawiku.

The second kiva, about thirteen feet wide, was found just west of the larger one and is of the same substantial masonry.  
Mr. Hodge is working under the auspices of the Museum of the American Indian, Haye foundation, of New York, and is assisted by Ed Coffin of the same institution and some eighteen Zuni Indians in his fifth summer's investigation at Hawiku.

Great Canyon Discovered.  
From Hawiku, Coronado sent forth the expedition under Cardenas which first visited Mogul and proceeded through the wilds to the west of Mogul resulting in the discovery of the Grand Canyon by Cardenas.

Although an attempt was made on Coronado's life here at Hawiku the Europeans had the great advantage of being mounted and armed, the Indians never having seen horses before nor firearms nor armor, so the conquest of the Indians was made with the advantage in favor of the Spaniards.

It must be remembered, too, that Coronado's colonists brought to the new world the first sheep, cattle and horses in America and may well be said to have been the founders of the livestock business in America.

The first Zuni mission was established here by Martin Arvide and Roque Figuerado, two Franciscans, in 1629, and it was in front of this now ruined mission that the padre Letrado was murdered on February 22, 1632, a hundred years before George Washington was born. Letrado's death is referred to on

## H. L. McCLANAHAN FACULTY MEMBER OF COLUMBIA 'U'

Former Albuquerque Boy Gets Important Place in Business Department at New York Institution.

Harold L. McClanahan, a former Albuquerque boy, and a graduate of the local high school, has been appointed to an important position in Columbia university in New York city, according to information received from the university extension department of the institution.

He has been made head of the business department of the home study division of Columbia and has complete charge of the organization and supervision of the work done in the department. The appointment is considered a decided honor to so young a man.

Mr. McClanahan is the son of J. McClanahan, former proprietor of the Palace Drug company, who moved with his family to Los Angeles, Calif., three years ago. After graduating from the Albuquerque high school young Mr. McClanahan enlisted in the U. S. navy, where he served until the end of the war. Upon being honorably discharged from the service he entered the southern branch of the university of California in Los Angeles, where he remained until June, 1921.

His record in the university of California was exceptional. In recognition of his merit, membership in the "Scimitar and Key" honor society was extended to him. He was assistant in the department of chemistry at the particular invitation of Dr. H. Marvin, assistant director of the southern branch.

He has charge of the work in economics and took a prominent part in building up one of the strongest departments in the university. Mr. McClanahan is a member of Phi Kappa Kappa fraternity.

DR. DAVID R. BOYD TO REPRESENT RED CROSS AT OHIO CONVENTION

Dr. David Ross Boyd, chairman of the Red Cross executive committee here, will leave today for Columbus, O., to attend the national convention of the American Red Cross in that city on October 4. He is going to represent the local chapter at the particular invitation of Dr. Livingston Farrand, president of the national organization, who is a personal friend of Dr. Boyd's.

Dr. Boyd also received a special invitation to the convention from Governor Harry L. Davis of Ohio, who was a fellow school teacher with Dr. Boyd in their younger days in Ohio. President Harding, Secretary of Commerce Hoover and other national leaders will be present at the conference which will be a gathering of representatives of every Red Cross chapter in the country. A state convention will be held here upon Dr. Boyd's return.

NEW RANGER AT CEDRO STATION IN TIJERAS CANYON IS APPOINTED

Calvin L. Warnock, has received a permanent appointment as ranger at the Tijeras district on the Manzano national forest. It was announced yesterday by Ward Shepard, supervisor of the forest. Mr. Warnock will be located at the Cedro station. He will relieve George Beckwith of the forest headquarters, who was temporarily in charge of the station. Mr. Beckwith will remain at Cedro for some time assisting in special work on the forest. Mr. Warnock has been in charge of the Mogollon district on the Gila national forest.

THE DE LUXE ORCHESTRA

I wish to announce to lovers of GOOD MUSIC that I have taken over the organization known since 1917 as the Columbia Orchestra. The Orchestra with practically the same first class MUSICIANS will now be known as the "De Luxe Orchestra" and will continue as in the past to give the best in dance or concert music. We wish it known that this orchestra is NOT furnishing music for Saturday night public dances at Colombo Hall.

1025 Forrester Phone 302-J

READY TO HELP YOU.  
If you are subject to biliousness, gas, bloating, sick headache, sour stomach or other ills that result from indigestion and constipation, you can get relief with Foley Cathartic Tablets. They are a genuine, wholesome physic that affords prompt, sure and safe relief without griping or pain. J. T. Osborn, R. F. D. 1, Lucasville, O., writes: "Foley Cathartic Tablets are fine. I had stomach trouble. I took Foley Cathartic Tablets and now I can eat anything." Sold everywhere.

Employees of the London Underground railway are invited by the management to submit suggestions for improving the service, those accepted being paid for.

COMPARE OUR PERFECT BREAD

With the average home baked product. The verdict cannot fail to be in our favor. It isn't the housewife's fault. It's simply that no home could have the facilities for scientific baking that we have. We don't see why any woman should work and worry over bread baking when our bread is so much better, so easily procured and so much less expensive.

PIONEER BAKERY  
207 South First Street.

Oysters, Cat Fish, Halibut, Barracuda and Rock Cod. Mari Bros. Meat Market.

## ATTENTION! LAST CHANCE

The most successful sale of high grade tailoring for men in the history of Albuquerque—ends positively tomorrow.

**SATURDAY OCT. 1st.**

Store will be open Saturday night until 10 p. m. Hundreds have thronged our store during the past week and were amazed to find such remarkable values at prices we advertise.

## SUITS & O'COATS

Made to Your Measure and Guaranteed All Wool

**\$17.50 \$24.50 & \$31.50**

## We Thank You

For the liberal patronage, and confidence you have placed in us during our first year in the Jewelry business in Albuquerque. We have enjoyed good business the past year, which made it possible for us or rather to say our business demanded that we enlarge our stock. We are now in a position with the merchandise we offer to please the most critical purchaser. Our list of customers and friends has increased each month, and we hope that during the coming year we will continue to add new ones.

In appreciation of your past favors we are making special prices on a number of items. We ask you to look over this list, and visit us during the week of Oct. 1 to 8.

# She saved the President's Life

In the greatest crisis of the nation's history the President lay desperately ill. Washington was alarmed, suspicious, whispering "petticoat government."

The President might have died!

But at the door of his chamber his wife stood guard—the buffer between the sick man and the America he had led to victory.

\* \* \* \* \*

America has never known Mrs. Woodrow Wilson. She has never given an interview; she has never courted publicity; she has refused to play for popularity.

But now that Mr. Wilson has retired to private life the story of Mrs. Woodrow Wilson can be told.

\* \* \* \* \*

The story of the White-House courtship, when the President sent her each day the orchids she loved. The story of their engagement, their marriage, their happy home life.

The story of her efforts to relieve the heavy strain of the early war days.

The story of her devotion, her sympathy, her tact, her wit, her vigilance in those latter days when Mr. Wilson lay ill.

\* \* \* \* \*

There is no politics in the story of Mrs. Woodrow Wilson.

Hers is the story of a heroic wife, a super nurse, a super secretary—the story of the woman who saved the President's life. \* \* \* \*

It is told in the October issue of THE HOME JOURNAL—one of forty-odd features, including:

- ... MY YEARS ON THE STAGE, by John Drew—beginning his reminiscences of nearly half a century on the stage.
- ... MY AUNT CLARINDA'S ORPHAN—by Corra Harris, a complete novelette in one issue.
- ... UNCLE JIMMY, by Zona Gale, a one-act play that Journal readers may put on without charge.
- ... WOMEN AND WAR, by Secretary of War Weeks and Secretary of the Navy Denby.
- ... Fashion news and patterns from New York and Paris.
- ... TO HAVE A GOOD COMPLEXION, by Dr. Charles M. Williams, the foremost skin specialist.
- ... How to Get Married—and Eat—on \$25 a Week.

The big 174-page edition will be quickly exhausted. Order your copy today!

HARD TIMES ARE VANISHING AND BUSINESS CONDITIONS ARE IMPROVING—KIWANIS

Optimism Prevails Among Speakers at Luncheon Yesterday; Gradual Recovery From Business Depression, Increase in Manufacturing and Decrease in Living Costs Reported

Better times are here, business is on a steady climb up grade and the outlook is exceedingly hopeful. These were the messages brought to members of the Kiwanis club at their luncheon yesterday by four speakers who are in a position to know business conditions. The dispensers of business optimism were E. N. Boule of the Gross Kelly Wholesale Grocery company, Louis Hildebrand of Strong Brothers Furniture company and Dr. H. M. Bowers, district governor of Kiwanis who has just returned from an inspection visit of the south-west.

In speaking of the cost of food stuffs Mr. Boule explained how the prices of packed food soared in the beginning because the packers could not meet the demand. Speculators taking advantage of this kept the price up, he said. The buyers' strike which followed the war forced the manufacturers to sell surplus stocks at a loss in order to liquidate. During this period no goods were being bought and business lagged.

"The situation has changed now," said Mr. Boule. "The overstocks are all cleaned up and all have been pursuing the hand-to-mouth policy of buying. A demand is being created on account of depleted stocks so that the manufacturers are opening up and employing more men. The law of supply and demand is again in operation. The cloud is slowly rolling by and we can see some signs of prosperity ahead."

"New Mexico is shown to have had less failures during this depression than any other state in the union. By supporting the home institutions and assisting each other build up our own state instead of favoring outside competition will help materially. Food prices are lower in general, he said, although canned goods are still high because of the fact that not enough food stuff was packed during the past season."

Mr. Hildebrand stated that the price of wool, pelts and hides had increased 25 per cent from its lowest point during the period of business depression. He said he believed that the lowest point had been reached and that the wool business was gradually picking up. This will have a beneficial effect on all business in the southwest, he said.

A resume of the business conditions among 5,000 dealers in household furnishings and 1,200 manufacturers of the same in the United States was given by Mr. Strong. The results gathered from questionnaires sent out by a big trade journal indicated that business conditions are improving all over the country, he said. Dealers are expecting heavier sales during the last half of the year than in the first and report that things are picking up noticeably over the country. The majority of the factories reported increasing orders with a tendency among buyers for newer and better quality of furniture. The majority of the manufacturers expressed the opinion that the present prices will continue throughout 1922 and that an advertising campaign to the public to increase business materially.

Dr. Bowers, the district governor of Kiwanis who has recently made a tour of the Kiwanis clubs of the southwest reported on his trip and the business conditions as he found them over the state. He discussed business conditions in general and told what he thought the Kiwanis clubs might do to restore business to its former sound basis.

The silent host at the club meeting was copies of the handbooks for the guidance of undergraduate students at the State University which were presented by President David Spence Hill of that institution. He also gave the attendance prize, a check for

MISSION IS TO GIVE LECTURES ON NEW MEXICO

"New Mexico" is to be the subject of an illustrated lecture being prepared by mission department lecturers of the United Brethren in Christ, who will deliver it in all parts of the United States. Headquarters for the organization are maintained at Dayton, O. D. B. McKee, secretary of the chamber of commerce, has co-operated with the lecturers during the past few weeks and has secured a number of pictures of Albuquerque and this immediate vicinity. Slides will be made from the pictures. The chamber of commerce has also provided the lecturers with a considerable amount of data regarding the climatic conditions of this part of the state, the crops and other local matters of interest.

It is expected that the lecture will be prepared and ready to be given by early winter. It will be used in connection with the work of the home mission department of the United Brethren.

JOURNALISTIC CLUB AT UNIVERSITY HAS ITS FIRST MEETING

The Pipe and Pen club, a journalistic club at the state university which was informally organized at the end of the last year, held its first regular meeting Wednesday night, drawing up the formal constitution and planning the scope of its activities for the coming year.

The new club, which has an initial membership of eight, declares as its objects the promotion of increased interest in the university's student publications, and the association of men interested in journalism and writing. Membership in the society will be strictly upon invitation after proof of writing ability. Membership is extended only to men who are on the staff of school publications.

The plans of the club for the coming year include the publication of a humorous periodical, but as yet no date has been set for the appearance of the first number. At the meeting Wednesday night William M. Stahl was elected president, Joe Burrey secretary and treasurer, and George White "P. C." the significance of the latter title being secret. The other members of the club are Charles Skeel, Edward Bowman, Thomas Calkins, Edward Horgan and Morley Casady.

Record at Chicago. Chicago, Sept. 29.—Weather bureau records of twenty-three years for September 29 were broken today when the thermometer reached 85 degrees at 2 p. m. The heat was broken this afternoon by a thunder shower.

WAR COST ECLIPSES OTHER EXPENSES OF U. S. GOVERNMENT, APPROPRIATIONS SHOW

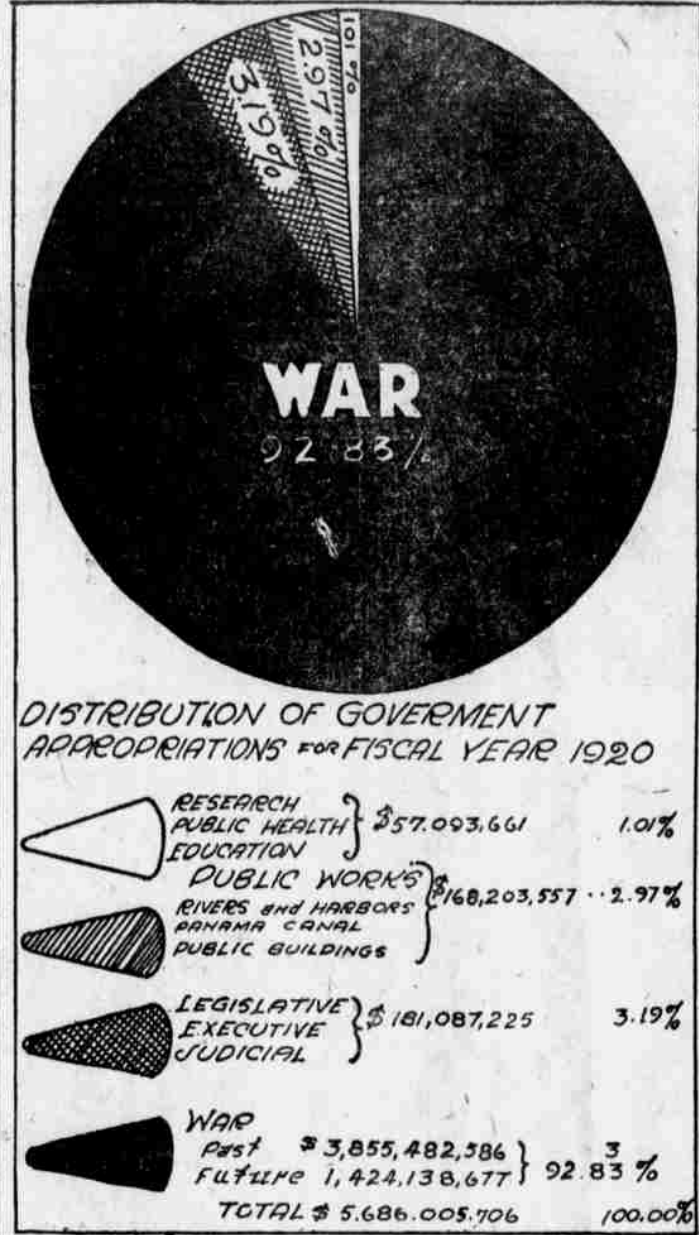

Chart shows distribution of government appropriations for fiscal year 1920.

This chart from the Congressional Record shows that while slightly over 7 per cent of the 1920 government appropriations went for other purposes nearly 93 per cent was used to defray the cost of past wars or preparation for future wars. The chart indicates clearly how the bills for war eclipse all other government expenses.

CARELESS MOTHERS—DEAD BABIES INFANT DEATH RATE HERE IS HIGH

"If mothers would give their babies even a fighting chance, the infant mortality rate would be considerably lessened," declared Dr. J. F. Docherty, county health physician, yesterday when discussing the high death rate among infants in the county. "The prospective mother should consult her physician often and should abide absolutely by his orders. The mother should continue consulting her physician and should pay strictest attention to carrying out his orders regarding the food and feeding time for the baby."

This was done by all classes of citizens in Bernalillo county who would not have a record of 142 deaths among infants under 2 years old out of a birth record of 508 for this year," the doctor continued.

Others Will Be Weak. Aside from this appalling situation, there are numerous infants in the county who will be crippled and unhealthy all their lives due to not having proper care during their tender years.

"The greatest problem facing the medical profession today is the control of the infant death rate. But in spite of what physicians and health organizations can do, the rate can not be cut to a normal figure until the fact that if proper care, as prescribed by a competent physician, is not taken of their babies they will either die or be unhealthy all their lives. "America can avoid this inevitable result of carelessness, if the mothers of the nation are awakened to the perils to which they abandon their children. If scientific methods are not used in caring for babies," Dr. Docherty claims, "Twenty-two still births must be added to the Bernalillo county infant death list already this year."

SCENE OF BROOKLYN'S DOUBLE TRAGEDY. THE VICTIM, THE SUICIDE, THE WITNESS

MUST STOP INSURING ARIZONA AUTOS USED IN LIQUOR TRAFFIC

(By The Associated Press.) Phoenix, Ariz., Sept. 29.—Insurance companies doing business in Arizona must cease insuring owners of automobiles and other vehicles against loss because of conviction of their vehicles for violation of the prohibition laws, according to an order issued today by the state corporation commission. The commission also directed that all clauses in insurance policies now in effect on this subject must be cancelled by October 15, 1921.

The commission issued its order following a conference with M. E. Cassidy, federal prohibition director for Arizona, and Thomas A. Flynn, United States district attorney. Mr. Flynn later declared that the commission's order would do more to stop bootlegging in Arizona than any other step that could be taken.

ORDER FREIGHT CUT. Columbus, Ohio, Sept. 29.—Effective October 20, Ohio railroads must reduce freight rates on sand, gravel, crushed stone and paving brick approximately 25 per cent, the Ohio public utilities commission ruled today. Besides the percentage reduction ordered, an additional reduction of ten cents per ton is obtained on paving bricks.

Oysters, Cat Fish, Halibut, Barracuda and Rock Cod. Mari Bros. Meat Market.

FACTORY HEADS FAVOR AMERICAN VALUATION PLAN

Representatives of Eighteen States See in It Chance to Solve Problem of Unemployment.

(By The Associated Press.)

Chicago, Sept. 29.—A demand for immediate enactment of an adequate protective tariff bill was voiced tonight in resolutions adopted by more than 1,000 manufacturers from over eighteen states who attended the national conference of state manufacturers' associations.

"The remedy for unemployment is more work in our factories," the resolutions declared, "which is not to be expected as long as a large proportion of our industries are paralyzed by the failure of congress to complete the tariff legislation."

The resolutions then declared: "That in view of the depressed conditions of American industry the abnormally low cost of production abroad and the depreciation of currencies of countries seeking to sell products in the United States, it is our solemn conviction that it is imperative that there be no further delay in the enactment of an adequate protective tariff bill."

The resolutions were adopted after an address by Congressman J. W. Fordney of the house ways and means committee, who explained the American valuation provisions of the tariff bill. "We are importing about \$300,000,000 worth of foreign goods per month," he said. "Most of these goods could be made here. There is not a manufactured article produced in the United States in which the labor cost is less than 80 per cent of the total cost."

"Now, if that is true of the \$300,000,000 that we are sending abroad each month, \$250,000,000 is going out from the people of the United States to employ German, French, English, Japanese and Chinese labor, while our own workers walk the streets in idleness."

The American valuation provisions of the tariff bill were declared to be a "fundamental necessity" in the resolutions adopted, "as a means of standardizing import values."

Unless the American valuation plan is adopted there is little hope of the American manufacturer securing adequate protection against foreign made goods," Congressman Fordney said.

G. A. R. VETERANS END FIFTY FIFTH ANNUAL MEETING

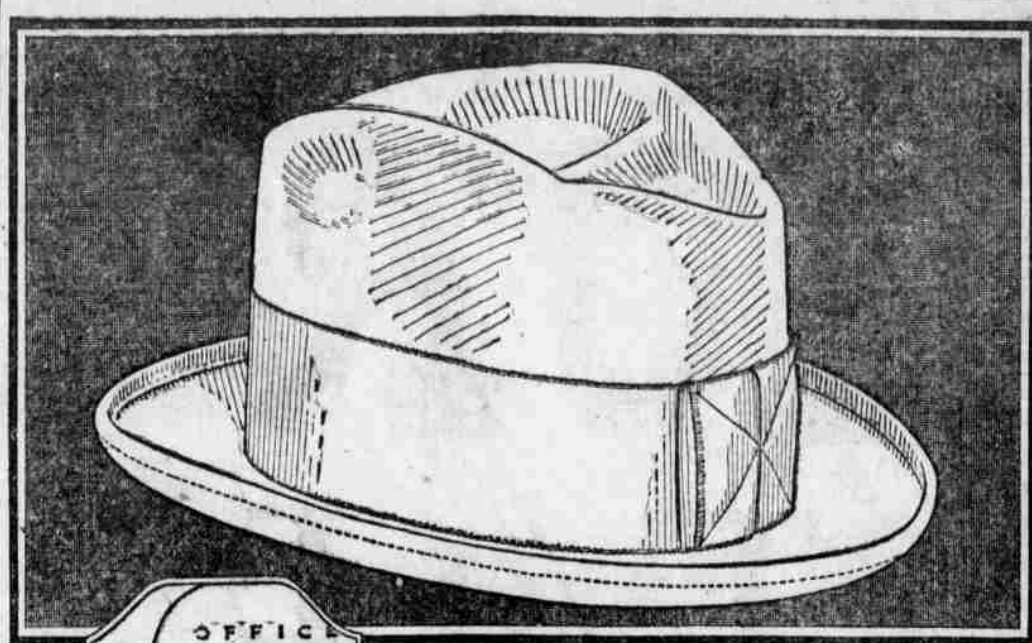

Discuss Final Disposition of G. A. R. Property When All Members of Group Are Gone.

(By The Associated Press.)

Indianapolis, Ind., Sept. 29.—After bidding farewell to their comrades veterans of the Grand Army of the Republic closed the fifty-fifth annual encampment today. The encampment ended with the election of L. S. Pilcher, of Brooklyn, N. Y., as commander-in-chief, and the choice of Des Moines, Iowa, for the next meeting.

After discussing action to provide for eventual disposition of the property of the Grand Army when its members are gone, it was decided no efforts should be made to this encampment.

Affiliated organizations also concluded their sessions today. The Sons of Veterans elected C. M. Ireland, of Peoria, Ill., commander-in-chief. The Women's Relief corps, having elected Mrs. Agnes Parker, of Boston, president on Tuesday, completed the election today.

THE trim yet vigorous lines of this new Thoro-Worth model will be appreciated by the young man who knows style. Whether you prefer this, or one of the more conservative models, you will find at the Thoroughbred or Worth dealer in your town a hat which will satisfy your individual requirements.

It is easy to select a suitable Worth or Thoroughbred Hat. The style range is so complete, the quality is so apparent, that it is a real pleasure to make a selection. The prices are unusually low for hats of this character.

HARRIS POLK LAY CO. and Sloan Jones Hat Co. SAINT LOUIS, U.S.A.

THOROUGHbred AND WORTH HATS

Thomas, with assault with intent to do bodily harm as the result of an alleged whipping inflicted upon Mrs. Billie Daley on September 20, was filed before Justice J. C. Thompson today. Mrs. Daley in her complaint said she was beaten with a riding whip by the two women, a short while after being asked to accompany them on a motor car ride.

FRUIT RAISIN BREAD IS THE RIGHT KIND

Remember, do you, the delicious raisin bread that you used to get before the war—the kind that made you a raisin bread fan? Well, it's coming back! Yes sir! Snack your lips, for it's coming. Lower raisin prices have done it.

Raisins are now 30 per cent lower in cost to the baker, which permits them to sell a generous loaf at reasonable prices and comply with the late federal edict, which requires at least 2 ounces of raisins to each 16-ounce loaf of bread.

So look for a big revival of real raisin bread. Your baker and your grocer will be selling it. You'll see it in their windows and show cases. The "old days" are returning in more ways than one. Good old-fashioned raisin bread with raisins in it is proof of it.

COLDER IN KANSAS

Topeka, Kan., Sept. 29.—Colder weather, with a possibility for frost, is predicted for Kansas by Meteorologist Flora. The temperature here dropped from 40 degrees Wednesday to 55 today. Western Kansas reports temperatures close to freezing.

HELP THEM—HELP YOURSELF

When you consider the steady, continuous, never interrupted work demanded of the kidneys you do not wonder that they must have help occasionally to filter and cast out from the blood stream the waste matter that forms poisons and acids if permitted to remain causing backache, rheumatic pains, stiff joints, sore muscles, dizziness, floaters, spots, salivaceous and irregular bladder action. Foley Kidney Pills give relief promptly. Sold everywhere.

LEGAL NOTICE

NOTICE OF SUIT. In the District Court, State of New Mexico, County of Bernalillo. No. 13,004. Henry Huning, Plaintiff, vs. F. A. White, et al., Defendants.

Henry Huning, Plaintiff, vs. F. A. White, et al., Defendants. S. Strickler, Trustee for Bank of Commerce; Andrew W. Anson and Sarah Anson, his wife, E. B. Swope as Treasurer and Collector for Bernalillo county, New Mexico, and as Unknown Persons who have or claim any right, title or interest in the Premises adverse to the plaintiff.

To the Above Named Defendants: You and each of you are hereby notified that the above named plaintiff has filed suit in the above named court and cause, the general nature of which action is to quiet the title of the plaintiff in and to Lots Thirteen (13), Fourteen (14), Fifteen (15) and Sixteen (16), in Block lettered "N" of the Mandell Business and Residence addition to the city of Albuquerque, to forever bar and estop you and each of you from having or claiming any title or interest therein, and to cause the title of the plaintiff, and to acquire said and satisfied a deed of trust from Herman Bernstein and wife to W. S. Strickler, as trustee for the Bank of Commerce, dated June 7, 1921, and recorded in Book No. 2, page 303

You remember that old, old story of the Georgia man, who explained that he couldn't fix his roof when it was raining, and that when it wasn't raining the roof didn't need fixing.

Winter storms will soon be here, and if there is a leak in your roof, you're going to find it out too late. Now is the time to get busy with Peerless Mineral Paint and give the roof a coating that will shed any kind of weather. Remember the name—Peerless Mineral Paint. It's a pure linseed oil paint, absolutely without an equal for roofs.

## OUR GROWING STRENGTH.

The New York Evening Post gathered statistics from 119 newspapers on the volume of advertising carried during the month of August. Every one of the twenty-six cities listed showed a loss. Only eighteen papers out of 119 showed a gain. The average loss of the 119 papers was 14 per cent over August of 1920. This is positively accounted for by the fact that August had five Sundays last year and but four this year.

In the month of August this year The Journal carried 21,550 inches of paid advertising as against 19,115 inches in 1920. It can thus be seen that The Journal registered a gain of 10 per cent during a month when newspapers generally suffered a loss.

Our results for September, which we will announce early in October, are equally encouraging. The "pulling" power of The Journal is understood by every advertiser. The confidence of our readers in The Journal is reflected in their confidence in the advertisements we carry. Journal advertisements bring the results.

The prediction that the public would not support an independent paper is proving to be far from true. Our belief that the people would reward fidelity to their cause and the courage to fight their battles, is being vindicated. Never in the history has The Journal commanded such popular support as at this time.

## PUBLIC COOPERATION.

Albuquerque suffered less from the depression than any city in the country. Its ability to sustain itself proved a marvel to all observers.

Now things are decidedly on the up-grade again. There is every indication of an increased prosperity. The activity in the business district tells a story of a new impulse forward.

This is in spite of the lowest ebb of active public co-operation in the history of recent years. The people need to be awakened to the need of intelligent supervision of public activities. The city is growing in spite of the extreme paralysis of public spirit. No stimulus is being supplied to the natural tendency of the city to go forward.

Now is the time for the Chamber of Commerce and other public bodies to begin an alert and aggressive effort to increase the municipal momentum. There is no reason why a little energy expended by business men, in public matters, will not greatly speed up our return to the greatest prosperity.

"Co-operation" is the key-word. There is more or less of an absence of this spirit. Business and professional jealousies or personal frictions are allowed to hinder the town. This is a short-sighted and narrow policy. Any resident of Albuquerque should stand ready to co-operate with any other citizen in any public matter, without regard to personal differences.

The Journal has not enemies. It seems to have its "enemies." To us they are not enemies, they are but misguided people of very good natural aspirations who are warped by selfishness into a wrong viewpoint on public matters. There is no one with whom The Journal can not work in perfect harmony upon public matters—laying aside any private differences which may exist.

We should all wish for the greatest results for Albuquerque. We must join hands in order to bring the wish to reality.

## MR. HARDING SCORES AGAIN.

President Harding's remarkable talent for selecting the right persons for public service and inducing them to act finds its latest expression in his appointments to membership in the conference called to consider the unemployment situation throughout the country. The names will command public confidence. In addition to Secretaries Hoover and Davis, who arranged the details of the conference, they include captains of industry, labor leaders, educators and persons who have made a special study of the subject.

In making his appointments, President Harding has not attempted proportional representation of industries or particular groups. The industries where there is the most unemployment are most numerous represented. Geographic conditions have ruled to some extent, since each section has its own problems.

As is always the case with any movement designed for the public good, the critics are busy predicting the failure of this attempt to minimize unemployment. One of their arguments is that the industrial relations conferences called by President Wilson were utterly negligible as to practical results.

A conference with such a personnel should be able to make valuable recommendations for remedial legislation by congress, as well as for instituting a nation-wide co-operative movement to relieve the situation. It is unfortunate that persons suffering from political astigmatism should seek to read any partisan meaning into this conference. Realizing his responsibility, Mr. Harding is acting as the president of all the people. His singleness of purpose is shown by his appointments to this gathering from which may flow results surprising to its critics.

## MARSHALL FOCH IS A WISE MAN.

Despite the humorous side to his procedure, the announcement of Marshal Foch that he is going into a month's training on the country estate, preparatory to his visit to America next month, is more than a joke. The French warrior knows well that he has a strenuous experience ahead of him and he is no longer in his youth. He whimsically remarks that "poor Marshal Fayolle was on the verge of dyspepsia when he returned from America, and he has a much better stomach than I. If the Americans insist on banqueting me as they propose, I am afraid the 'battle of America' will be my undoing."

Marshal Foch will not be the first distinguished visitor to wish that American hospitality were a little less exuberant. From Charles Dickens to Madame Curie, our guests, while appreciating the warmth of their reception, have been inclined to comment on the manner in which they were kept on the go from the time of their arrival until their departure. But this treatment of visiting celebri-

ties is not peculiar to America. The police reserves had to be called out in London the other day to rescue Charlie Chaplin from the over-enthusiastic greeting of the crowds.

If Marshal Foch fears for his digestion after the inevitable round of banquets he will be compelled to attend in this country, he might take a lesson from America's champion after-dinner speaker who, though many years older than the French commander, is still hale and hearty. Asked how he had been able to stand so many banquets during his oratorical career of more than 60 years, Chauncey H. Dewey revealed a secret to his interviewer. He said that he was in the habit of having a simple meal before he went to a banquet and ate scarcely anything at the formal function. We don't want any guest, especially one whom we so much admire as Marshal Foch, to be disabled through our strenuous hospitality.

## FOR A SOVIET 'REPUBLIC.'

A number of high officials of the National Socialist party have just resigned from the organization after issuing a bombastic proclamation of their intention to work for the establishment of "a soviet republic in the United States."

If their desire is to invite martyrdom in the form of a ride in the patrol wagon or some other phase of "persecution" by the "unions of capitalism" they will have to become more torrid than in their manifesto to the American people. For so long as they do not advocate the overthrow of our existing government through violence they are quite within their rights; their announced program is legal, though ridiculous.

There is no law to prevent any organization of men from making fools of themselves. That is their inalienable privilege, and it is one of which many take full advantage.

## VERSE OF TODAY

AN EIGHTEENTH CENTURY NOVELIST.  
She flourished in those far-off stilted days  
When language was the mode, and drooping eyes  
Employed by heroines, demurely wise,  
Who met devotion with a pensive gaze,  
And sorrowed o'er the error of their ways  
If for a bit they dignity forgot,  
Or let light mirth their genteel voices raise.

And, since these haughty folk did nothing rash,  
She practiced what she preached; her simple guile  
She covered with a melancholy smile,  
If critics called her current novel "sh,"  
And wrote another with as narrow scope,  
Which sold again beyond her fondest hope.  
—Charlotte Becker in the New York Sun.

## CRISP PARAGRAPHS

NOT SO BAD AS THAT, YET!  
Boston may have its "slave" auction, but New York intends to maintain its soup kitchens and bread lines without that kind of advertising.—Boston Transcript.

LET GERMANY KEEP HIM!  
Apparently there is no provision in our declaration of a state of peace with Germany for the return of Bergdoll.—Columbus Dispatch.

BUT NOT IN THE RHINELAND!  
American troops on the Rhine are said to be perfectly satisfied to stay where they are. And it's water that runs in the Rhine.—Minneapolis Tribune.

THEY INFLECT PAINS FOR ANYTHING.  
Zion, Ill., inflicts pains for dressing conspicuously, thereby giving assurance that it has no intention of rivaling Chicago, Ill., as a fashion center.—Washington Star.

THEN IT WILL JUST BE DEATH.  
"Hunger and Death Stalk in Russia." And it is the middle of the harvest season. What will happen when relentless, cruel winter comes?—Oakland Tribune.

CASH SURE ALTERS OPINIONS.  
The wife of an Iowa mine striker having inherited \$1,000,000, our guess is that capitalism has gained a recruit and the proletariat lost one of its most precious members.—Houston Post.

THEY SURE DO.  
We fancy that the "Recording Angel" and St. Peter have many a quiet chuckle between 'em when the Angel writes down the dry sentiments of the wet congressman.—Columbia Record.

## EDITORIAL OF THE DAY

## CONGRESS AND THE PEOPLE'S COURT.

(From The Minneapolis Tribune)  
Congress is on the job again. It probably will act on bill closing up the year when regular session begins the first Monday in December. Meantime the senate will have by far the greater burden of work, acting upon important measures put up to it by the house. The latter is expected to loaf nearly half of each week until the senate, by taking action on that or that bill, gives it something to do. It is regrettable that there should be lopsided situations like this, but if there is a way to avoid them nobody in congress, past or present, has found it.

After senate action will come conferences in committee, agreements there, and re-references to the two chambers for final decision as to terms of legislation. It is at best a tedious process and it is a process that certainly is not facilitated by the size of the house and by the leeway given to members in both chambers to talk for record against a coming election as much as for a sincere effort to afford the country enlightenment.

There are big things to be done—a tariff scheme, tax revision, further legislation relating to prohibition, railroad debt funding, foreign debt refunding, a decision on tolls or no tolls on American ships using the Panama canal. Doubtless members of congress have heard more from the people on these questions than they had heard before the month's recess. What effect "vox populi" will have in facilitating or modifying programs remains to be seen. This is a time when those ambitious to continue in congress are specially attentive in feeling the pulse of the public and in trying to arrive at "safety first" principles. The primary elections in the spring and the regular elections in November next year will affect the entire membership of the house and a third of the membership of the senate.

It will be a warm campaign—there is no doubt of that, and there will need to be some agile tactics of offense and defense, whatever the story of this congress writes into legislative history.

By Howard B. Gault

Copyright 1921, by McClure Newspaper Syndicate.

## UNCLE WIGGLY AND THE BIG TRAP.

Hopping through the woods one day, Uncle Wiggly heard a voice behind a sassafras bush saying:

"We must be careful! Very careful!"

The bunny rabbit gentleman stopped and twinkled his pink nose. It was the fall of the year, the leaves were beginning to turn crimson and gold and drop from the trees. It was the time of hunter-men with their guns.

"Perhaps that is a hunter man speaking," thought Uncle Wiggly. "Though, to be sure, it did not sound like one. Or it may be the Bushy Bear or the Woosie Wolf saying they must be careful not to let me know they are around, so they can sneak up and catch me. I must be careful myself."

And Uncle Wiggly was careful. He looked over this way and that and peered over the top of the sassafras bush. And how glad he was when he saw only Sammie and Susie Littleall, his rabbit nephew and niece.

"What's the matter, Sammie?" asked the bunny gentleman. "What is it you and Susie must be careful of?"

"A trap!" answered Susie, trying to make her little pink nose twinkle like Uncle Wiggly's big one. "A great, big trap!"

"And we almost stepped in it," added Sammie, nibbling a bit of carrot he found in his pocket. "A trap, eh?" exclaimed Uncle Wiggly. "I should say you ought to be careful! Where is it? Take me to it and maybe I can spring it shut by throwing stones at it, so it will catch none of us animals."

Sammie and Susie led the way through the forest until they reached a little dimly dell carpeted with soft, green moss.

"There's the trap!" said Sammie, pointing with one paw. "And Johnnie and Billie Bushytail are looking at it."

Surely enough, the squirrel boys were sitting on the ground not far away from something big and round and yellow.

"Oh, Uncle Wiggly!" chattered Johnnie, as the bunny hopped up to him. "That's a big, round yellow CHEESE some one has dropped. We will gnaw a piece off for each of you."

"CHEESE!" cried Uncle Wiggly. "Cheese!" said Jollie and Jillie.

stones only went "Thump! Ump!" and nothing happened.

"This is a different trap from any I have ever seen," said the bunny gentleman. "I wonder who set it?"

Just then they all heard a rustling in the bushes, and the animal folk turned quickly, thinking it might be a hunter man. But it was only Jackie and Peetle Bow Wow, the puppy dog boys.

"Oh, look out for the trap!" they barked. "Look out!"

"We are looking out," said Uncle Wiggly, as he threw more stones. "We are looking out!" said the animal folk too, and the coonant.

But the stones only went "Tim-py tump!" and the trap, as the animals thought it was, never moved.

"My! My!" said Uncle Wiggly. "This is DANGEROUS! If I leave this trap here it may catch my nice muskrat lady housekeeper, Jane, or some of the animal boys and girls. What shall we do?"

"Maybe if we barked at it!"

So the puppy dogs barked: "Bow! Bow! Whiff! Whuff!" But the trap never said a word. Uncle Wiggly was getting ready to go for a policeman dog, to have him take the trap away, when all at once there was another rustling in the bushes. The bunny and all his friends started to run away, but they stopped in time to see Jollie and Jillie Longtail, the mouse boy and girl, crawling through the brush.

"Ha! Ha! Ha!" laughed Jollie and Jillie.

"Hush! Be careful!" exclaimed Uncle Wiggly. "Look out for the big, round, yellow trap!"

"Trap! That isn't a trap!" sneezed Jollie. "That's a big, round yellow CHEESE some one has dropped. We will gnaw a piece off for each of you."

"CHEESE!" cried Uncle Wiggly. "Cheese!" said Jollie and Jillie.

And cheese it was. Not a trap at all! And, oh, how glad every one was.

The mouse children liked cheese better than any of the others, but they all ate some, after Jollie and Jillie had gnawed off slices, and every one had a good time.

Well, it was almost an adventure, anyhow!" said the bunny rabbit that night as Nurse Jane toasted some of the cheese with carrots for his supper.

And if the egg-beater doesn't turn around so fast making the fire shovel so dizzy that he turns a somersault, I'll tell you next about Uncle Wiggly and the coonant.

Oh, look out for the trap! they barked.

something would happen," growled Jackie.

"Let's do it!" whined his brother.

"Wow! Wow! Whiff! Whuff!" But the trap never said a word. Uncle Wiggly was getting ready to go for a policeman dog, to have him take the trap away, when all at once there was another rustling in the bushes. The bunny and all his friends started to run away, but they stopped in time to see Jollie and Jillie Longtail, the mouse boy and girl, crawling through the brush.

"Ha! Ha! Ha!" laughed Jollie and Jillie.

"Hush! Be careful!" exclaimed Uncle Wiggly. "Look out for the big, round, yellow trap!"

"Trap! That isn't a trap!" sneezed Jollie. "That's a big, round yellow CHEESE some one has dropped. We will gnaw a piece off for each of you."

"CHEESE!" cried Uncle Wiggly. "Cheese!" said Jollie and Jillie.

And cheese it was. Not a trap at all! And, oh, how glad every one was.

## RIPPLING RHYMES

By WAIT MASON.

## THE ACCIDENT.

Oh, jings, how sick a driver feels, when he looks down and sees a voter tangled in his wheels, with mangled hat and knees! He looks down through remorseful tears, and sheds magenta sweat, and though he lives a hundred years, he never will forget. At most times he's a thoughtful cuss, who scans the road with care, as he propels his foaming bus down the thoroughfare. But now a neighbor with him rides, and he would show her speed, and open wide the throttle slides, and she waves wood, indeed, she waddles round a curve, and there she voter stands; it is too late, alas, to swerve, and in his frame she lands. The poor pedestrian lies flat upon the dusty leas; the ruins of his Sunday hat are pitiful to see. The crown is dented here and there, the brim is badly torn, and never, on a Sabbath fair, can it again be worn. The voter, borne upon a door, is taken to the town, and babbles of the hat he wore, when he was stricken down. Oh, never may you know the pain of such a scene, I pray, and never may you see, a gilded wain run down some hapless Jay. Leave black remorse to t'other chaps, nor know the pangs they feel, and never let your caution lapse when you are at the wheel.

NEW YORK METALS.

New York, Sept. 29.—Copper—Firm, Electrolytic, spot and nearby, 12 1/2¢; later, 12 1/2¢. Tin—Easier. Spot and nearby, \$26.50; futures, \$26.25 to \$26.75. Iron—Firm. No. 1 northern, \$21.00 to \$22.00; No. 2 northern, \$20.50 to \$21.00; No. 3 southern, \$19.50 to \$20.00. Lead—Firm. Spot, \$4.70 to \$4.75. Zinc—Firm. East St. Louis delivery, spot \$4.50. Antimony—Spot, \$4.60 to \$4.75.

KANSAS CITY PRODUCE.

Kansas City, Sept. 29.—Butter and eggs unchanged. Poultry—Hens 1c lower, 15¢; 21¢; springs 1c lower, 19¢; broilers unchanged.

LIVESTOCK MARKETS.

Chicago Livestock. Chicago, Sept. 29.—Cattle—Receipts 11,000. Heavy and low grade beef steers slow, others and yearlings steady to strong. Top yearlings \$11.00; bulk beef steers, \$8.00 to \$9.50; she-stock slow to low. 25¢; bulls slow, eastern; calves dull, lower; stockers and feeders steady. Hogs—Receipts 20,000. Market 10c to 25c lower than yesterday's average. Practical top, \$8.25; top, \$8.25; out of line, bulk lights and light butchers, \$7.90 to \$8.20; bulk packing sows, \$6.35 to \$6.75; pigs lower; bulk desirable, \$7.00 to \$7.40. Sheep—Receipts 18,000. All classes generally steady to higher. With December \$1.23 to \$1.24; and May \$1.27 to \$1.27 1/2. Corn finished 1/4c lower to 1/2c to 3/4c up, oats at 1/4c decline to 1/2c advance and provisions unchanged to 1/2c lower.

CHICAGO BOARD OF TRADE.

Chicago, Sept. 29.—Wheat took a decided upward swing today, chiefly as a result of speculative buying based on opinions that a rally was overdue. The market closed strong, 1c to 2 1/2c net higher, with December \$1.23 to \$1.24; and May \$1.27 to \$1.27 1/2. Corn finished 1/4c lower to 1/2c to 3/4c up, oats at 1/4c decline to 1/2c advance and provisions unchanged to 1/2c lower.

At first wheat continued its decline with most traders giving more attention to the lack of any important European demand for shipments from the United States. Bears put emphasis too on reports that Germany, Italy and France had raised larger wheat crops this year than last. Wheat and flour business at Minneapolis was dull counted also a depressing factor. In the last half hour of the day, however, persistent buying of wheat by professional operators who have been conspicuous on the selling side of late absorbed all the surplus offerings, and forced values into a rapid ascent. The market closed at the topmost level, although further rally in Canada causing crop damage was about the only bullish new development in sight.

Corn and oats fluctuated with wheat. On the downturn, September corn touched the lowest price on record since 1906 for that month.

Lower quotations on hogs weakened provisions, especially lard, in which liquidating sales were heavy. Closing prices:

Wheat—Dec. \$1.23; May, \$1.27 1/2.  
Corn—Dec. 50¢; May, 55¢.  
Oats—Dec. 35¢; May, 40¢.  
Pork—Sept., \$22.00.  
Lard—Oct., \$8.65; Jan., \$9.65.  
Ribs—Oct., \$6.85; Jan., \$7.85.

NEW YORK COTTON.

New York, Sept. 29.—Cotton futures closed steady. Oct. 20.70; Dec. 20.87; Jan. 20.66; March, 20.22; May, 19.60.

LIBERTY BONDS.

New York, Sept. 29.—Liberty bonds closed: 3 1/2%, \$88.28; first 4%, \$90.68; second 4%, \$90.32; third 4%, \$90.80; fourth 4%, \$90.56; Victory 3 1/2%, \$90.46; Victory 4 1/2%, \$90.44.

NEW YORK MONEY.

New York, Sept. 29.—Call money—Steady. High, low, ruling rate and last loan, 5 per cent; closing bid, 4 1/2 to 5 per cent.

Time loans—Steady. Sixty and 90 days, 5 1/2 to 5 3/4 per cent; six months, 5 1/2 per cent.

Prime mercantile paper, 5 1/2 to 5 3/4 per cent.

FOREIGN EXCHANGE.

New York, Sept. 29.—Foreign exchange irregular. Great Britain demand, \$3.71 1/2; cables, \$3.72 1/2. France demand, 71 1/2; cables, 71 1/2. Italy demand, 403; cables, 403 1/2. Belgium demand, 70 1/2; cables, 70 1/2. Germany demand, 0.81 1/2; cables, 0.82. Holland demand, 32.00; cables, 32.05. Norway demand, 12.30. Sweden demand, 32.20. Denmark demand, 17.75. ## M. C. DE BACA DIES SUDDENLY HERE THURSDAY

Former Member of State  
Legislature Passes Away  
At Home of Niece, Mrs.  
A. A. Sedillo.

Mercos C. de Baca, for many  
years prominent in the political af-  
fairs of the state, died here at the  
home of his niece, Mrs. A. A. Se-  
dillo, at 5:30 o'clock Thursday  
afternoon. He was 64 years old,  
and although he had been in ill  
health for some time past, his  
death came as a surprise to his  
relatives and numerous friends.  
Mr. de Baca was born April 10,  
1857, at Pena Blanca, N. M., and  
was educated at St. Michael's col-  
lege at Santa Fe and at the Jesuit  
college at St. Louis, Mo. He was  
an attorney-at-law by profession,  
but was also engaged in cattle  
raising and farming.

From 1884 to 1885, he was a mem-  
ber of the house of representatives  
in the territorial legislature of New  
Mexico. From 1886 to 1890 he  
served as a member of the board of  
county commissioners of Bernalillo  
county acting for a time as chair-  
man of the board. In 1892, he  
was school superintendent of Ber-  
nalillo county. From 1912 until  
1915 he represented Sandoval  
county in the state legislature and  
in 1918 was elected treasurer and  
collector for the county.

He was married in 1875 to Miss  
Francisco Baca, who survives him.  
Two daughters are living, Mrs.  
Maria B. Frampont and Mrs. Josefa  
C. de Baca. The deceased is the  
son of Don Tomas C. de Baca, one  
of the most prominent men of the  
southwest. He has three brothers  
surviving: Andres C. de Baca, of  
Santa Fe; Amador C. de Baca, and  
Juan A. C. de Baca, both of this  
city.

The funeral will be held Monday  
morning at 10 o'clock at the  
church at Pena Blanca, and burial  
will take place at the Pena Blanca  
cemetery. Fred Crollitt will have  
charge of arrangements.

Phone 1342-W.

**DRIVER OF CAR IN  
KOPLOS CASE TELLS  
VERSION OF AFFAIR**  
(By The Associated Press.)  
Maryville, Calif., Sept. 29.—  
Walter Loveless testified in his  
own behalf today in his trial as an  
accessory to the murder of John  
Koplos, formerly of Anderson, Ind.  
Loveless denied connection with  
the actual shooting but admitted  
driving an automobile from Mary-  
ville the night it occurred.

Jack McGill, sentenced to life  
imprisonment for Koplos murder,  
testified that Glen Parkinson of  
Maryville proposed robbing Kop-  
los of his jewelry, valued at \$12-  
000, and that Loveless said he did  
not want to have anything to do  
with the robbery if there was to be  
any shooting.

**UNIVERSITY HEIGHTS  
DOINGS**  
Go up on University Heights any  
morning and see the heavy pall of  
smoke hanging over the city. You  
will easily be convinced.  
Three new houses started this  
week with good prospects for a  
dozen more within the next thirty  
days.

The east half of the Heights ad-  
dition is the most complete restrict-  
ed residence district in New Mexico  
and is a truly safe guarantee of an  
agreeable and worthy neighbor.

It requires just five minutes to  
drive from the center of the city  
Heights to the center of the city  
proper. About the same time re-  
quired to walk three blocks.
