EMERGENCY PROGRAM TO  
RELIEVE UNEMPLOYMENT5,500,000 TO 5,500,000 IDLE  
IN NATION, IT IS ESTIMATED

Task of Meeting the Jobless Emergency Is Primarily a Community One, With the Responsibility of Leadership and Its Solution Resting on the Mayors, Is Claim, But Federal, State and Municipal Aid Are Urged.

(By The Associated Press.)  
Washington, Sept. 30.—Formulation of an emergency program designed to effect the immediate relief of the nation's idle, variously estimated at from 3,500,000 to 5,500,000 persons was completed today by the national conference on unemployment with the adoption of specific measures recommended by committees.

The conference then adjourned until October 10, when it will consider a permanent unemployment policy and suggestions for the return of business and commerce to normal. Meanwhile its committees will work on details of these subjects.

The conference found the task of meeting the unemployment emergency was primarily a community one with the responsibility of leadership and its solution resting on the mayors. Federal, state and municipal aid, however, was urged. Particular reference was made by the conference to the connection between the price and the solution of the country's economic questions.

Professing Commended.  
"During the period of drastic economic readjustment through which we are now passing," the emergency program said, "the continued efforts of any one to profit beyond the requirements of safe business practice or economic consistency should be condemned. One of the important obstacles to a resumption of normal business activity will be removed as prices reach replacement values in terms of efficient production and distributing cost plus reasonable profit."

"We, therefore, strongly urge all manufacturers and wholesalers who may not yet have adopted this policy to do so, but it is essential to the success of these measures that the price of goods and services shall promptly and fairly reflect the price adjustment of the producer, manufacturer and the wholesaler. When these principles have been recognized and the recommendations complied with, we are confident that the public will increase their purchases, thereby increasing the operations of the mills, factories and transportation companies, and consequently reducing the number of unemployed."

Recommendations Adopted.  
Specific recommendations adopted by the conference for emergency relief were:

Emergency committees representing the various elements of the communities to establish public employment agencies and coordinate the efforts of their work. Publication by the committees of the numbers dependent upon them for employment and the prevention of uncoordinated solicitation of funds.  
Private houses, hotels, offices, etc., to contribute by doing their repairs, cleaning and alterations during the winter instead of the spring when employment would be more plentiful.

DE VALERA ACCEPTS PREMIER'S  
INVITATION FOR A CONFERENCE  
IN LONDON ON IRISH QUESTION

Way Is Cleared for a Momentous Attempt to Settle the Old Problem Between Ireland and Great Britain; Relief Is Expressed in British Official Circles.

(By The Associated Press.)  
London, Sept. 30.—In a brief, business like message, Eamon de Valera this evening informed Premier Lloyd George of his acceptance of the premier's invitation for a conference in London, October 11, on the Irish question, thus clearing the way for a momentous attempt to settle the centuries old problem between Ireland and Great Britain.

Relief was expressed in official circles here tonight that the difficulties which for some time seemed threatening to prevent another conference apparently had been cleared away by the message.

## WEATHER

## FORECAST.

Denver, Colo., Sept. 30.—New Mexico: Unsettled Saturday, probably rain in north and west portions; Sunday unsettled, no decided change in temperature.  
Arizona: Rain Saturday, somewhat warmer in north and central portions; Sunday partly cloudy.

## LOCAL REPORT.

Conditions for the twenty-four hours ended at 6 p. m. yesterday, recorded by the university:  
Highest temperature ..... 77  
Lowest ..... 46  
Range ..... 31  
Mean ..... 63  
Humidity at 6 a. m. .... 47  
Humidity at 6 p. m. .... 34  
Precipitation ..... None  
Maximum wind velocity ..... 30  
Direction of wind ..... South  
Character of day ..... Clear

YANKS HAVEN'T  
CLINCHED FLAG  
HARRIDGE RULES

Will Have to Play Friday's Postponed Contest With Philadelphia Today, Says Johnson's Aide.

(By The Associated Press.)  
Chicago, Sept. 30.—The New York Yankees did not clinch the American league pennant by being idle today, according to William Harridge, secretary to President Ban Johnson of the American league, although loss by the Yankees of its two remaining regularly scheduled contests would find them still on the first place, even if Cleveland won all of its games.

The situation is covered by the American league rule under which the Yankees will have to play a postponed contest with Philadelphia tomorrow, transferred to today, and New York is scheduled to play the Athletics tomorrow, according to Mr. Harridge.

The rule is that if the two postponed games are not played before the end of the season, the postponed contest must be played in the first place, even if the Yankees and the Athletics are scheduled to play again tomorrow, the game will have to be transferred there and played as part of a double-header.

If the Yankees and the Athletics were not scheduled to play again tomorrow, New York would have won the pennant by being idle today.

Municipalities to expand their school, street, sewerage, repair work and public buildings to the fullest volume compatible with existing circumstances. An indication of the present favorable circumstances, the conference noted that over \$700,000,000 of municipal bonds, the largest amount in history, had been sold in 1921.

Governors to unite all state agencies in support of the mayors and expedite construction of roads, state buildings, etc.

Public Buildings.  
Federal authorities, including the federal reserve banks, to expedite the construction of public buildings and works covered by existing appropriations.

Congressional appropriations at the present sessions for roads to make available employment. To speed up construction work it was recommended that committees of states summon committees to determine the facts and to organize community action in getting adjustments in cost, including removal of freight discriminations, campaigns against combinations, restriction of efforts, and unsound practices where they exist, to the end that buildings may be fully re-constructed.

The greatest area for the greatest relief in unemployment was found by the conference to be in the construction industry with a shortage of more than 1,600,000 homes, affording the employment of more than 2,000,000 persons.

Malignant Combinations.  
"Undue cost and malignant combinations," the program said, "have made proper expansion impossible and contributed largely to this unemployment situation. In some places these matters have been cleaned up. In other places they have not and are an affront to public decency."

Manufacturers, it was declared, continue to relieve the situation by part time work, through reduced time or rotation of jobs, manufacturing for stock as far as possible, by plant construction, repairs and cleaning up with consequent transfer of many employees to other than their regular work, reduction of the work week to a lower number of days temporarily, and reduction of the number of hours of labor per day. Co-operation of employers and employees

HOWAT GOES TO  
COUNTY JAIL TO  
SERVE SENTENCE

Refuses to Give Bond Not to Call Any More Strikes Pending His Appeal to the Supreme Court.

(By The Associated Press.)  
Columbus, Kan., Sept. 30 (by the Associated Press).—For the second time in his long and bitter fight against the enforcement of the Kansas industrial court law, Alexander Howat, chief of the Kansas union coal miners, went to jail today.

Refusing to give a bond not to call any more strikes pending his appeal to the supreme court, a condition of taking the appeal, Howat surrendered himself to Sheriff William Harvey and was placed in the Cherokee county jail to serve a sentence of six months. He was convicted in June of having called a strike in violation of the criminal provisions of the law.

Howat's farewell to the miners who gathered here by the hundreds today was spoken in a long speech he made to them at the city park.

Howat not only bitterly condemned the Kansas industrial court and Governor Allen but he defied the international union of the miners for the action taken at Indianapolis directing him to put back to work the Dean and Reliance county miners.

LEADS CABINET  
SET IN CAPITAL

Mrs. Charles E. Hughes, wife of the secretary of state, is the acknowledged leader of the cabinet set in Washington today. This photo of her was taken only last week.

Mrs. Hughes, when the wife of a justice of the supreme court, took little active part in society and brought her daughters up to seek their amusement in intellectual pursuits with a strong philanthropic flavor. Since her return as a cabinet hostess she has looked with interest on the life and will, undoubtedly, contribute to the gaiety of the coming season.

The entire day's session was given up to the questioning of the defendant. The general form of questions remained unchanged, however, the points specifically aimed at being for the most part, prejudice for or against the defendant.

Paul Vincent Southard, husband of the defendant, appeared in court today in the uniform of his rank as a petty naval officer.

COLORADO TEACHERS  
MEET OCT. 18 TO 22

(By The Associated Press.)  
Denver, Colo., Sept. 30.—School teachers of Colorado will hold their annual meeting this year from October 18 to 22, when the Colorado Educational association convenes in three divisions at Denver, Pueblo and Grand Junction. Dr. Thomas Nelson Page, scholar, author, lecturer and diplomat, will be one of the principal speakers. He will address the Grand Junction division of the association on October 19, the Pueblo division on October 20 and will speak in Denver on October 21.

Will C. Wood, superintendent of public instruction for California, and many other prominent educators have been placed on the program.

HOWAT GOES TO  
COUNTY JAIL TO  
SERVE SENTENCE

Refuses to Give Bond Not to Call Any More Strikes Pending His Appeal to the Supreme Court.

(By The Associated Press.)  
Columbus, Kan., Sept. 30 (by the Associated Press).—For the second time in his long and bitter fight against the enforcement of the Kansas industrial court law, Alexander Howat, chief of the Kansas union coal miners, went to jail today.

Refusing to give a bond not to call any more strikes pending his appeal to the supreme court, a condition of taking the appeal, Howat surrendered himself to Sheriff William Harvey and was placed in the Cherokee county jail to serve a sentence of six months. He was convicted in June of having called a strike in violation of the criminal provisions of the law.

Howat's farewell to the miners who gathered here by the hundreds today was spoken in a long speech he made to them at the city park.

Howat not only bitterly condemned the Kansas industrial court and Governor Allen but he defied the international union of the miners for the action taken at Indianapolis directing him to put back to work the Dean and Reliance county miners.

Howat in his speech assailed the Kansas industrial court and declared that it would have part in making the wage contract. He said he would not sit in a room with the court.

"If the court wants a real strike," Howat said, "let it come down and try to get into this contract making."

Governor Allen, Howat said, is beginning to realize that he has a bigger job on his hands than he bargained for.

Howat declared that the industrial court law had not been enforced and would not be enforced.

We say that the industrial court law is one hell of a law," Howat shouted.

"I hope Jesus will strike me dead when I say the word sending these men back to work," Howat said.

OFFER PRAYER  
ARMISTICE DAY  
IS PRESIDENT'S  
PLEA TO PEOPLE

Harding, In a Proclamation, Requests That a Two-Minute Silent Supplication Be Made at Noon.

WILL BURY BODY OF  
UNKNOWN U. S. HERO

Interment Will Take Place in Arlington Cemetery; Directs That Flags Be Displayed at Half Mast.

(By The Associated Press.)  
Washington, Sept. 30.—The American people were called upon by President Harding in a proclamation issued today, to offer a silent two-minute prayer at noon on Armistice day, November 11, when the body of an unknown American soldier killed in France will be laid to rest in Arlington National cemetery.

The text of the proclamation is as follows:  
"By the president of the United States of America, a proclamation: Whereas, The congress of the United States, by a concurrent resolution adopted on the fourth day of March last authorized the secretary of war to cause to be brought to the United States the body of an American soldier who was a member of the American expeditionary forces in Europe, who lost his life during the world war and whose identity has not been established; and Whereas, It is desired that grateful recognition of their loyal devotion to country and their sacrifice should be appropriately shown with due solemnity by their countrymen;

"Now, therefore, I, Warren G. Harding, president of the United States of America, do hereby call upon all devout and patriotic citizens of the United States to pause from their accustomed occupations and labors on Friday, the 11th day of November next at 12 o'clock noon for a period of two minutes to offer a period of silent prayer of thanks to the giver of all good for these valuable and valorous lives and of supplication for His Divine mercy and for His blessings upon our beloved country."

"Furthermore, I hereby direct that the national flag be displayed at half mast upon all public buildings in the United States and all stations of the army, navy and marine corps throughout the world as well as upon all American embassies, legations and consulates, from sunrise to sunset, on November 11th, 1921.

"In witness whereof, I have hereunto set my hand and caused the great seal of the United States to be affixed. Done at the District of Columbia, this thirtieth day of September in the year of Our Lord one thousand nine hundred and twenty-one, and of the independence of the United States the one hundred and forty-sixth.

"WARREN G. HARDING.  
"By the president:  
"CHARLES E. HUGHES,  
"Secretary of State."

WEST HUNGARY HAS  
DECLARED ITSELF AN  
INDEPENDENT STATE

(By The Associated Press.)  
Paris, Sept. 30.—West Hungary yesterday declared itself an independent state, according to Vienna and Budapest dispatches published this evening by the Temps with reservation. Former Premier Friederich is said to have assumed power at the head of a council of defense, which proclaimed the independence of the State of Occidental Hungary, and appealed to officials to remain at their posts and for the population to support the new government "for God, for king and for country."

SENATOR AGREES  
TO CURB DEBATE  
ON PEACE PACTS

Each Senator to Be Allowed One Hour; Vote Will Be Reached Oct. 14 or 15, Leaders Predict.

(By The Associated Press.)  
Washington, Sept. 30.—An agreement was reached by the senate today to impose a debate time limit of one hour on each senator in consideration of the peace treaties with Germany, Austria and Hungary.

The original plan for an agreement to vote on October 14 was abandoned after Senator Lodge, the republican leader, and Senator Underwood, the democratic leader, had found that unanimous consent would not be given for a specific day on which to take final action.

Leaders tonight expressed the opinion that the debate would not be protracted after the hour rule goes into effect. The agreement also provides that senators shall be limited to ten minutes for consideration of resolutions.

The voting agreement was held up temporarily and almost rejected today by managers of the anti-beer bill, who, fearing this measure might be sidetracked, forced Senator Lodge to delay presenting the agreement.

Speaking later for the prohibition group, however, Senator Sterling, republican, South Dakota, said his fears for the anti-beer measure had proved unfounded.

"In fact, in conference with republican leaders," he said, "I have secured an even more distinct and explicit understanding that the anti-beer bill will be taken up and that there will be no adjournment of this session of congress until the conference report (on the prohibition measure) is disposed of."

Senator Reed, democrat, Missouri, interjected that he and other opponents of the anti-beer bill were not to be bound by Mr. Sterling's understanding with the republican leaders.

BARS ROLLED DOWN  
Des Moines, Ia., Sept. 30.—Police Matron Emma S. Berkley issued an order today that all girls who attend Des Moines dance halls must wear rolled stockings. It is contrary to good morals," she declared.

LEADS FIGHT TO  
SAVE ARBUCKLE

Frank Dominguez. In California they will tell you that if Frank Dominguez can't get Patty Arbuckle out of his present trouble nobody can. Dominguez, Arbuckle's chief counsel, is known as one of the ablest criminal lawyers in that state.

PROPOSED GRAND JURY  
PROBE OF KLAN CALLED OFF

(By The Associated Press.)  
Cleveland, O., Sept. 30.—A proposed grand jury investigation into the activities of the Ku Klux Klan in Cleveland was called off by County Prosecutor Edward C. Stanton late today after Charles W. Love, grand juror for Ohio, Wisconsin, Michigan, Indiana, Illinois, Kentucky and West Virginia; Earl Hockaday, king klegle for Ohio, and Chester W. Totten, chief organizer for this district, voluntarily appeared for examination.

The officers were permitted to return to their homes, promising to return to Cleveland any time Stanton or other officials desired to renew the investigation.

"Only one side of the agitation has been presented to the county prosecutor's office and no evidence has been offered by any one unsympathetic to the Ku Klux Klan which would warrant taking the matter to the grand jury," Stanton stated in announcing that, for the present the investigation is at an end.

STILLMAN DIVORCE  
HEARINGS WILL BE  
RESUMED OCT. 25TH

(By The Associated Press.)  
New York, Sept. 30.—Resumption of hearings in the divorce suit brought by James A. Stillman, York, chief of the Erie Railroad, against his wife, has been definitely fixed for October 25.

Referee Daniel Gleason, whose illness caused a postponement today notified John P. Brennan, of Westchester, chief counsel for Mrs. Stillman, of the change in date.

SENATOR AGREES  
TO CURB DEBATE  
ON PEACE PACTS

Each Senator to Be Allowed One Hour; Vote Will Be Reached Oct. 14 or 15, Leaders Predict.

(By The Associated Press.)  
Washington, Sept. 30.—An agreement was reached by the senate today to impose a debate time limit of one hour on each senator in consideration of the peace treaties with Germany, Austria and Hungary.

The original plan for an agreement to vote on October 14 was abandoned after Senator Lodge, the republican leader, and Senator Underwood, the democratic leader, had found that unanimous consent would not be given for a specific day on which to take final action.

900,000 WORLD  
WAR VETS  
REPORTED IDLE

American Legion Will Undertake the Task of Caring for Them, It Is Announced After a Parley.

(By The Associated Press.)  
Indianapolis, Sept. 30.—The task of caring for the 900,000 unemployed ex-service men of the country will be taken over by the American legion, it was announced today at a special unemployment conference at legion headquarters here. The conference, which was called by Commander John G. Emery, was attended by national officers and members of a committee which had been appointed to investigate the unemployment among members of the legion.

Data gathered by the committee and presented at the meeting, showed that approximately 900,000 veterans were out of work two weeks ago. It was shown that 21.5 per cent of the ex-service men are unemployed and that those employed had experienced an average cut in wages of 32.5 per cent since the war.

The findings of the legion's investigating committee was said to have been the basis of action. President Harding was notified of the decision and instructions for taking care of the jobless war veterans were sent to the 11,000 legion posts. The instructions to the posts asked that every effort be made to secure employment "for our buddies and see that they have food and shelter."

RUSSIAN FAMINE  
IS ATTRIBUTED  
TO BOLSHHEMISM

Finnish Delegate to Assembly Claims Red Troops Have Seized Food Sent to Relieve Starving.

(By The Associated Press.)  
Geneva, Sept. 30.—Charges that Russian famine is the result of bolshhevism, and counter charges that political considerations are the cause of the hesitations on the part of the governments to provide for the feeding of the starving Russians, were the outstanding features of a violent debate in the league of nations assembly today.

Dr. Fridtjof Nansen, high commissioner of the international committee for the relief of the famine in Russia, was upheld in his efforts, however, and a paragraph was introduced into the committee report expressing confidence in his line and in the prospect of his success.

If the committee report leaves the governmental action with reference to Russian relief to be decided by the Brussels conference, while appealing to private charity and welfare organizations generally for aid in Russia.

Nansen Keeps His Word.  
Dr. Nansen, keeping his word that he would carry the fight for an appeal by the assembly to the governments from the committee to the floor of the assembly, repeated his charges that the press was in league with the campaign to falsify the Russian famine.

He declared that Herbert Hoover also had been obliged to accept the committee's line and in the prospect of his success.

M. Enckell, of Finland, threw the first bombshell into the debate by asserting that bolshhevist troops had seized food sent by Finland to relieve famine sufferers in eastern Karelia, on the Finnish border.

He said that refugees in that region had asked Finland to intervene with the powers so as to be assured relief sent them would reach its destination.

For a second time the assembly was shocked when the Jugo-Slav delegate, M. Spalakovitch, introduced a resolution amending the committee's report in which he declared the Russian famine was the result of the present situation in Russia and severely condemned their regime.

SPITZ IS NOMINATED.  
Washington, Sept. 30.—Nominations of postmasters sent to the senate today by President Harding included Berthold Spitz, Albuquerque, N. M.

BUSINESS CONDITIONS IN U. S.  
IMPROVED DURING SEPTEMBER  
SAYS FEDERAL RESERVE BOARD

Important Changes for the Better Are Seen in the Credit Situation; Advance in Cotton Prices Is Taken as a Good Omen; Employment Shows a Slight Increase.

(By The Associated Press.)  
Washington, Sept. 30.—American business conditions improved decidedly during September in the view of the federal reserve board, which made public tonight a dispassionate review of conditions for the month. Important changes for the better were seen in the credit situation, "distinct encouragement" in many basic business lines and strong liquidation, including increased ability of business to settle its accounts.

The "wholesome improvement," which the board's correspondents found in almost every section appeared to have been based largely on the advance in cotton prices, a result of the higher cotton values liquidation has taken place and wholesale and retail trade has been buoyed up, the report said.

Marked improvement in the credit situation was noted by the review as the noteworthy feature of business during the month, the board declared that "taken in all, from a financial standpoint the month has been in the main a period of distinct encouragement."

The board noted a slight increase in employment in the thirty days, but added that while the end of the harvesting and crop movement season might tend to increase the number of unemployed, this was likely to be offset by a growth in demand for labor on the part of manufacturing industries.

"Railroads have begun to increase the number of their employees to some extent, especially in the far west," the review continued, and the fact that building contractors have reached a record figure for this year promises particular employment in that service during the autumn.

There has been a steady and reasonably heavy movement of agriculture products to distributing and export centers, the board noted. Prices of most of these have advanced to an extent, although a drop in livestock quotations was seen, attributed to local marketing conditions.

## 'OLD PAL' SANG BY WANDERER AS TRAP IS SPRUNG

Chicago Man Put to Death  
After Being Convicted of  
Slaying His Wife and a  
"Ragged Stranger."

(By The Associated Press.)  
Chicago, Sept. 30.—Singing a popular song, Carl Wanderer, convicted of the murder of his wife, her unborn baby and a "ragged stranger" whom he hired to stage a fake hold-up, was hanged at the county jail at 7:15 o'clock this morning.

Wanderer marched to the gallows with a firm step, and as he took his place on the scaffold, repeated a short prayer after a minister. Asked if he had anything to say, he replied in the affirmative and as a shroud was adjusted, in a clear voice started the old song "Old Pal, Why Don't You Answer Me?" He was singing when the trap dropped.

The chorus of the song Wanderer chose is as follows:  
"The long night through, I wait for you,  
"Old pal, why don't you answer me?  
"My arms embrace an empty space,  
"The arms that held you tenderly;  
"If you can hear my prayer away up there,  
"Old pal, why don't you answer me?"

The crime for which Wanderer was hanged was the murder of Edward J. Ryan, the "ragged stranger," a West Madison street vagrant who he had hired for \$5 to stage a fake hold-up and then killed. Ryan's body was found unidentified. Wanderer was also convicted of the murder of his bride of less than a year and her unborn child but the jury in that case fixed his punishment at twenty-five years imprisonment.

Mrs. Wanderer and the "stranger" were murdered in the hallway of the Wanderer apartment house in June, 1920.

**YOUNG MAN HELD ON  
CHARGE OF PASSING  
WORTHLESS CHECKS**

(Special Correspondence to The Journal.)  
Las Vegas, N. M., Sept. 30.—W. J. Holland, aged about 24, is being held here for investigation on a charge of passing worthless checks. It is said the young man had the temerity to forge the name of C. W. Ward, former district attorney, to a check, probably unaware of the fact that Mr. Ward is one of the best known prosecutors in New Mexico. No check larger than \$5 is thought to have been given. Holland came from Lackawanna, N. Y., and sold subscriptions for a publication. He is said to have stated that drink and gambling proved his undoing.

## CONFERENCE COMPLETES EMERGENCY PROGRAM TO RELIEVE UNEMPLOYMENT

(Continued from Page One.)

was urged to make these recommendations effective.  
No suggestions were made by the committees on mining, shipping and transportation. It being explained that they felt there could be no emergency measures during present economic conditions.

**Protracted Debate.**  
Adoption of the major parts of its program by the conference was without discussion except upon the unemployment estimate, the conference's estimate of about four million on the basis of payrolls being objected to from Secretary Davis and provoking a protracted debate, participated in by a number of the delegates, including Samuel Gompers, president of the American Federation of Labor, and Joseph H. DeLoach, president of the United States chamber of commerce. An indefinite total was agreed upon as a compromise.  
An effort was made by W. L. Burdick, of Fargo, N. D., who said he represented four million people, to bring before the conference a statement in behalf of agricultural workers, but the matter was deferred to the consideration of permanent measures.  
Urban Ledoux, who recently sold labor on Boston common, led an "army" of unemployed numbering about thirty to the doors of the conference building, where they staged a shower of coins and bills but were not invited to the conference.

## HEALTH DEPARTMENT IN EDDY COUNTY IS URGED BY GADAKUNST

(Special Correspondence to The Journal.)  
Artesia, N. M., Sept. 30.—The mass meeting held at the Methodist church on Tuesday evening under the auspices of the Parent-Teacher association, was attended by a large number of the school patrons of the town. The speaker of the evening was Dr. Don W. Gudakunst, public health officer of Chaves county.  
Proceeding the address, the following musical program was enjoyed by the audience: Piano solo, Mrs. M. F. Ferriman; vocal solo, Mrs. V. L. Gates; violin solo, Miss Elva Clyde, accompanied by Mrs. J. R. G. White, on the piano.

According to statistics, the death rate in Eddy county is larger than the average throughout the United States. This is due to the vast number of healthseekers, who come west too late. Dr. Gudakunst also stated that the infant death rate was above ten per cent or 13 rate over every thousand. However, since the first of July, under the present health program and corps of health officers, Chaves county has only one infant death on record.

He stressed the need of a similar corps of health officers in Eddy county, especially a program among the schools. The health problem of every community affects the economic and social activities. In closing his address, Dr. Gudakunst urged the citizens of this county to launch a movement for the organization of a similar health program as Chaves county has now. Dr. Chester Russell, city health officer of Artesia, presided at the meeting, introducing the speaker.

## CRYING OF BABY SAVES LIVES OF SIX PERSONS

(By The Associated Press.)  
Denver, Sept. 30.—The crying of a baby saved the lives of six sleeping persons from asphyxiation here today. Aaron Rothschild, who with his wife, was sleeping in an apartment house where gas fumes were escaping, is at the county hospital in a critical condition.

Mrs. L. Gladstone, who occupies an apartment above the Rothschilds, was awakened at 2 o'clock this morning by the cries of her 6-month-old daughter in time to detect the odor of the escaping fumes before anybody in the building had succumbed. Her husband was almost overcome.  
Mrs. N. L. Birge, the landlady, was aroused by the Gladstones, as was Edward Rothschild, before either of them were injured by the fumes.

## They All "Walked Into the Parlor" and Were Enmeshed in the Tragedy

The lightly spun web of an afternoon "party" at the St. Francis hotel now holds these eight persons entangled in the Arbuckle murder case. "Fatty" Arbuckle, formerly associated only with the idea of fun, faces a manslaughter charge in connection with the death of Virginia Rappe, pictured at the top of this web. About him and the girl said to be his victim are the six other women prominent in the tragedy as witnesses.

## COUNTY JAIL TO BE HEATED WITH MODERN SYSTEM

Arrangements for installing an adequate heating system in the county jail were made by the county commissioners at their meeting yesterday. The heating situation at the jail was brought to the commissioners' attention by Under Sheriff Fred Fornoff. The budget for the coming year carries an appropriation of \$500 for installing a system to replace the individual stoves now in use.

Eight stoves are used to heat the jail in cold weather. This is a most unsatisfactory method, according to the jailer and the sheriff's office, as it does not completely heat the building and is very expensive. The grand jury, which inspected the jail last week, also recommended that some type of heating system be installed at once.

The sheriff's department was authorized to obtain figures on the cost of installing a complete system and to report at the next meeting of the commission in order that the jail may be heated when cold weather makes it necessary.

## NEW MARRIAGE OR A FORTUNE, WIDOW'S CHOICE

Mrs. Peter Cooper Hewitt.

Experts in the marriage market are speculating over the next matrimonial possibility of Mrs. Peter Cooper Hewitt, widow of the late inventor and society man. Will the dazzling and temperamental southern beauty venture again into married life for the fourth time, thereby automatically losing one-third of the income of her husband's estate, or will she be content during the remainder of her days with the domestic charm of a elatist existence?

For over thirty years International Stock Food Tonic has been in use by thousands and thousands of farmers. It makes farm animals fat, thrifty and profitable. Try it. Sold by Valo Bros., 207 North First street.

**How Better Than Pills?**  
The question has been asked, in what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

Fifteen thousand clergymen will for the chaplains reserve corps of the United States army.

## GRAND JURY TO TAKE ACTION IN WOOLWINE CASE

District Attorney of Los Angeles May Be Tried on a Charge of Misuse of Funds of His Office.

(By The Associated Press.)  
Los Angeles, Calif., Sept. 30.—The county grand jury is ready to take action against Thomas Lee Woolwine, district attorney of Los Angeles, following a three months' investigation of his conduct of office. It was announced here tonight by Charles L. Elmendorf, foreman of the grand jury.

Late today in the partial report of its activities, the grand jury indicted the state attorney general on a charge of misappropriation of funds. It is inquiring into conditions in Mr. Woolwine's office.

Tonight, by Elmendorf's order, the county counsel gave out the indictment to the grand jury by a committee of its members which had active charge of the investigation. Excerpts from this report follow:  
"Final expenditures for eighteen months from the secret service funds, for which no vouchers have been filed, total \$54,859.52. . . . The amazing number of persons charged with felonies who are not punished shows either a tremendous number of guilty felons are turned loose or the wholesale branding as felons of innocent persons. . . . The district attorney's office is being run as a collection agency. Your committee feels that only the surface has been scratched in the investigation of . . . this carnival of extravagance, waste, inefficiency and corruption."

## HEADQUARTERS UNITS OF SECOND DIVISION DECORATED BY FRANCE

(By The Associated Press.)  
Washington, Sept. 30.—Artillery regiments, the heavy machine gun battalion, and the trains and other headquarters units of the war time Second division of the regular army have been awarded decorations by the French war minister on recognition of the gallant deeds of the division during the war. The decorations were announced today. The citations permit the units named to wear the French fourragere or shoulder cord and the ribbon of the French war cross, so that all units of the Second division now have been similarly decorated by the French.

The division took part in major operations at Chateau Thierry, Vaux, Soissons, St. Mihiel, Blanc Mont and the Meuse-Argonne and the units now decorated include the Twelfth and Fifteenth field artillery, stationed at Camp Travis, Tex., and the Seventeenth field artillery at Camp Bragg, N. C. The Fourth machine gun battalion has been broken up in the army organization into Company H, Seventeenth infantry and Company H, Forty-sixth infantry.

## RUTH OFFERED \$1,000 TO PLAY SINGLE GAME

(By The Associated Press.)  
Harrisburg, Ill., Sept. 30.—Babe Ruth was today offered \$1,000 and expenses to play one game with the Harrisburg Miners, a semi-professional team, within a week after the world's series.

**WHITE KNOCKS OUT WARD.**  
Denver, Colo., Sept. 30.—Charlie White of Chicago knocked out Bobby Ward of St. Paul, in the fifth round of their scheduled ten round bout here tonight. White had the best of the boxing all the way, sending Ward down for the knockout with a left to the jaw.

The list of draft dodgers on file at the war department in Washington now totals only 173,911 names.

## AVAILABLE FARM HANDS IN U. S. TO BE SURVEYED

Committee of Five Scientists  
Has Been Appointed to  
Consider the Problem of  
Land Utilization.

(By The Associated Press.)  
Washington, Sept. 30.—Appointment of a special committee of five scientists of the department of agriculture to consider the problem of land utilization was announced today by Secretary Wallace. Consideration will be given to such factors as present and prospective production, domestic consumption and foreign demand, and indicated increase in population.

The committee probably will undertake as a collateral problem, a comprehensive survey of available farm lands in the United States, including arid tracts in the west suitable for irrigation, swamp lands which may be reclaimed by drainage and cut-over timber lands, of which there are very extensive tracts in practically every section of the country. Cut-over lands will be considered both as regards availability and reforestation and cultivation. Included on the committee are:

Dr. L. C. Gray, agriculture economist; C. V. Piper, agricultural engineer; Dr. G. M. Rommel, chief of the animal husbandry division; C. F. Marbut in charge of soil survey, and E. E. Carter, assistant forester. Many persons assume that there is an unlimited reserve supply of farm lands, Secretary Wallace said. "Such is not the case, however, as by far the greater part of the billion acres not yet in farms probably can never be used for the growing of crops, and that part of the reserve land which may be regarded as potential farm land can only be so used at heavy expense for clearing, drainage, irrigation or fertilization."

Predicting a national population of 150,000,000 by 1950 the secretary pointed out that the acreage of improved farm land per capita has steadily decreased since 1890. To maintain the present per capita acreage in 1950, he said, 243,000,000 acres must be added to those now listed as "improved lands."

## SHIPPING BOARD AND EMERGENCY FLEET TO BE SEPARATED TODAY

(By The Associated Press.)

Washington, Sept. 30.—Complete separation of the United States shipping board from the emergency fleet corporation, effective tomorrow, was announced today by Chairman Lasker. Authority for the "divorce," as he described it, was given in the Jones act. Mr. Lasker said, and the separation was determined upon with a view of relieving the board of the many responsibilities connected with the operation of its corporate twin.

Upon the resignation of Chairman Lasker, who was ex-officio president, Joseph W. Powell, general manager of the board, today was elected president and general manager of the corporation. He will be assisted by six trustees or vice presidents, who were formerly officers of the board. They are J. W. Smith, W. J. Love, A. J. Frey, Harry Kimball, Elmer Schlessinger and E. P. Farley. T. V. Clear, formerly treasurer of the Panama canal, was appointed treasurer.

## RANCHER FOUND NOT GUILTY OF MURDER

(By The Associated Press.)  
Visalia, Calif., Sept. 30.—A verdict of not guilty was returned today in the case of T. T. Conley, rancher, charged with murder in connection with the shooting and killing of his mother-in-law, Mrs. Joseph Silva.

In a previous trial Conley was convicted of manslaughter in connection with the killing of Joseph Silva, his father-in-law at the same time Mrs. Silva was killed.

## ASKS THAT PASSAGE OF SOME FORM OF TAX LAW BE EXPEDITED

(By The Associated Press.)  
Chicago, Sept. 30.—Speedy enactment of some form of taxation laws by congress was requested in the resolutions of the final session of the conference of State Manufacturers' associations today.

The resolutions asked that the taxation be "sufficient to provide the necessary revenue of government, economically administered." Other resolutions called for an end to the appropriation of United States money as subsidies or aids to state and local government because of the resulting confusion of national and local finances.

The conference also urged a "decided reduction in freight rates as a necessary step toward a revival of business," and declared that to do so "it is necessary that the railroads be relieved of paying a high wage rate than prevails generally in the communities through which they pass and are paid by similar corporations doing similar work."

Bread, as we know it, is comparatively speaking, a recent invention, for right up to the end of the eighteenth century, the poorer people ate chiefly unleavened bread. Yeast as used today is quite a modern invention, and baking powder even more so.

## IS ABLE TO WALK DOWN TOWN AGAIN STATES MRS. PAUL

"Before I got Tanlac I couldn't walk a block, but yesterday I walked down town shopping and came back feeling fine," said Mrs. G. W. Paul, 2315 Enterprise St., Los Angeles, Cal. Mrs. Paul has lived in Los Angeles for thirty years, and is highly esteemed by a large circle of friends.

"About a year ago I caught a severe cold and my stomach got in an awful condition. No matter what I ate, I suffered about all the misery that goes with bad digestion. I finally got to where I could scarcely eat anything, and was so weak I couldn't do my housework without stopping every little while to rest. I got so I couldn't sleep and my state of health was so poor it alarmed me very much.  
"It looked like nothing could help me, but Tanlac has acted just like it had been made especially for my case. Why, it helped me right from the start, and now I am eating just anything I want and my stomach never gives me the least trouble. I sleep well, too, and am doing all my housework with ease. Tanlac is just grand."  
Tanlac is sold in Albuquerque by the Alvarado Pharmacy and all other leading druggists everywhere. —(Adv.)

## CENTRAL PRINTING COMPANY BILL FOR BALLOTS FOR SPECIAL ELECTION IN BERNALILLO COUNTY TURNED DOWN AS 'UNREASONABLE' BY THE BOARD

Publishers of the Evening Herald, Try to Collect \$893.25 From County for Printing 34,431 Official Ballots and 2,500 Sample Ballots; Chairman Simms Produces Evidence Showing That Official Ballots Alone Could Have Been Printed at Saving of \$511.44 or One and One-Half Cents a Ballot.

Folding that the amount charged by the Central Printing Company for printing the election ballots for the special election was "unreasonable," the county commissioners unanimously voted to reject the bill at their meeting yesterday afternoon.

Official ballots for Bernalillo county numbering 34,431 were printed by the Central Printing Company at a rate according to the bill presented of \$25 a thousand, totaling \$861.75. There was also 2,500 sample ballots printed at a total cost of \$37.50. The bill presented to the commissioners yesterday, and which was not allowed by the board, amounted to \$893.25.

The bill was brought up in the course of the general business of the commission. Upon the bill being announced, Albert G. Simms, chairman of the commission, asked County Clerk Fred Crockett to read a letter which he handed him, and which he stated he thought would be of interest.

**Signed Letter Produced.**  
The letter was written by Commissioner Simms to Albright and Anderson, a printing firm of this city, and purported to set down the gist of a conversation between Commissioner Simms and George Valliant, of the Albright and Anderson company relative to the cost of printing ballots similar to those printed for Bernalillo county for the special election.

The letter brought out the fact that the firm of Albright and Anderson had printed three thousand ballots for Sierra county at a rate of \$11.33 per thousand, and that the paper was of the same size and quality.

Mr. Valliant stated, according to the letter, that the Albright and Anderson price for approximately 30,000 ballots would have been \$10 a thousand. The Central Printing Company price was \$25 a thousand. A statement signed by George Valliant appeared at the bottom of the letter, stating that the above had been the gist of his conversation with Commissioner Albert G. Simms.

County Clerk Crockett read the letter, which was then translated into Spanish for the benefit of the commission.

**\$855.75 vs. \$344.31.**  
The difference between \$855.75, the price asked by the Central Printing Company for printing the 34,431 official ballots and \$344.31, the amount which Albright and Anderson would have charged, is \$511.44. The difference in price for each ballot is one and one-half cents.

Commissioner Simms then moved: "I move that the bill for \$893.25 of the Central Printing Company for printing the ballots for the last special election be rejected for the reason that the bill calls for an unreasonable amount for such service."

County Commissioner Severo Sanchez seconded the motion, which upon being put to a vote, received the unanimous approval of the commission. A. G. Simms, Severo Sanchez and Max Gutierrez being present.

The bill was then marked rejected.

**Letter Put in Records.**  
Commissioner Simms asked that the letter be written to George S. Valliant, of the Albright and Anderson company, and which was the note from Mr. Valliant stating that the letter carried the gist of their conversation, be filed as a part of the minutes of the commission's meeting and taken to the Central Printing company without the receipt of other bids for the work.

"I was ordered by the commission."

## Rheumatism Can Be Cured!

But You Must Clear Your Blood of Waste Products

Lack of exercise and improper diet causes waste products to accumulate in the blood. You will at once realize that unless the blood is pure, some part of the body will become diseased.

Rheumatism, with its pain and agony, is one of the most serious diseases caused by waste products in the blood. You know, of course, the blood is not confined only to the arteries and veins. It passes out of these channels to all parts of the body. This is how sediments or waste products are deposited in the muscles and joints. Genuine relief can be had only by correcting the basic trouble—waste products. Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after-effects and the result is wonderful. Begin taking S. S. S. today and write for 66 page illustrated booklet "Facts About the Blood"—Free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 721 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.

## THE "EYE OPENING" LETTER

The following is a copy of the letter filed with the commission by Chairman Albert G. Simms, and which indicates that another local publisher had printed the special election ballots one and one-half cents per ballot cheaper than the price charged by the Central Printing Company, which publishes the Evening Herald and does a general printing business:

September 29, 1921.  
"Albright and Anderson,  
Albuquerque, N. M."

"Gentlemen:  
"In a conversation had with your Mr. George Valliant this morning, I recall that you stated, with reference to the printing of the official ballots for Bernalillo county for the recent senatorial election, that you had printed three thousand for Sierra county, at a cost of \$11.33 per thousand. This included printing and numbering comp. etc."

"These Sierra county ballots were the same size and on the same kind of paper as the ones printed for Bernalillo county. About thirty thousand official ballots were made for Bernalillo county, and you told me that if such a number had been printed by your firm, that your price for the ballots complete would have been ten dollars per thousand."

"Is that the gist of our conversation held about half an hour since? If that is so, will you be kind enough to sign your name on the bottom of this letter and return it to me?"

"Yours faithfully,  
"A. G. SIMMS."

THE PROOF.

"A. G. Simms,  
"Chairman,  
"Board of County Commissioners:

"The above statement is true."

"ALBRIGHT AND ANDERSON,  
"BY GEO. S. VALLIANT."

## SCHOOL BOARD FLOATS BONDS FOR \$425,000

Will Proceed to Carry Out Building Program Immediately After Deal Is Consummated.

After a year and a half of delay the school board last night signed an agreement with three bonding companies to take over the \$425,000 bonds which it desires to issue in order to carry out the building program for the public schools.

Three companies, the Bosworth Chanute company of Denver, the E. H. Rollins & Sons and the W. R. Compton & Co., signed a joint agreement to take the bonds at 95 per cent, exactly the figure required by the school law. It will probably be sixty days before the contract is approved and the deal carried through completely.

The school officials are jubilant over their success in selling the bonds. Voted nearly two years ago at a time when the building expansion was already badly needed, failure to sell them first sold because of contract difficulties, and later the slump in the bond market, has seriously crippled the school system in the city.

An option on the bonds was first sold to the Oklahoma City National bank, which later repudiated its contract and forfeited its deposit.

Because of the condition of the bond market no sale at the percentage demanded by the law could be made until the present.

The building program as originally planned includes broadly an addition to the second ward school house, which would more than double its capacity, an addition to the high school building practically doubling its present size and the erection of a new school in the ten park. All of these additions are badly needed, the congestion in the classroom in these districts being a great detriment to efficient school work. The new school building will probably approve the program as outlined by the previous board. Plans for the proposed buildings are practically complete.

## ARBUCKLE SPENT THE DAY AND NIGHT AT HOME WITH FAMILY

(By The Associated Press.)  
Los Angeles, Calif., Sept. 30.—(Hoscoe C. Fatty) Arbuckle spent today and tonight at his home here with his family and wife.

It was his first day of liberty at home since charges first were placed against him in connection with the death of Miss Virginia Rappe, film actress, who died in a hospital here as a result of injuries received in Arbuckle's room in the Hotel St. Francis, San Francisco.

While Arbuckle was resting, silent so far as the public was concerned, and isolated from newspaper men by his attorneys, Al Semmner, one of those who attended the party, was seeking grand jury action on statements said to have been made in San Francisco by Frank E. Dominguez, chief counsel for Arbuckle. These statements involved the financial affairs of witnesses in the preliminary hearing.

The murder charge afterwards reduced to one of manslaughter against the comedian.

It was announced the district attorney's office, where Semmner carried a plea for an inquiry into Dominguez' remarks, would consider the necessity for such action next week.

## NEWSPAPER MEN TO STOP HERE THIS MORNING

Editors En Route to Honolulu Conference Will Arrive Here This Morning at 11 O'Clock.

Some of the most famous newspaper men in the world will arrive in Albuquerque this morning on the special train which is carrying 200 delegates to San Francisco, where they will embark for Honolulu to attend the press conference of the world. The special train will arrive in the city at 10:45 this morning and remain for three hours.

Guest visitors will be met at the station by D. B. McKee, secretary of the Chamber of Commerce, and a special committee representing the chamber. Business men will be taken through the city and the surrounding country. The editors will visit the university, Old Town and all places of interest in the city.

Thirty cars were registered for the trip yesterday and Secretary McKee expects that at least ten more will be at the station. Several types of Albuquerque souvenirs will be presented to the delegates.

## VALUATION OF PRIVATE CAR LINES IS FIXED

(By The Associated Press.)  
Phoenix, Ariz., Sept. 30.—Total valuation of private car lines in Arizona has been fixed at \$2,008,888 by the state tax commission, it was announced today. This will net the state a tax of \$42,186.80.

The tax this year will exceed that of 1920 by \$11,485.75, although there are but 199 cars operating this year as compared to 118 last year.

Charles R. Howe, chairman of the commission, said the increase in the amount of the tax was due to the higher tax rate this year.

The list of private car lines contains more than 100 names but the two operating the most cars are the Pullman and the Pacific Fruit Express.

## STORM KILLS TWO BOYS

Toronto, Sept. 30.—Two small boys were killed today during a storm that swept over the province and the lake district, causing great damage to property and crippling transportation and communication. Street car service was suspended in many cities because of broken wires.

The war of 1812 lasted for two years and seven months.

## ARBUCKLE CASE REVEALS LIQUOR RING, IS CLAIM

(By The Associated Press.)  
San Francisco, Calif., Sept. 30.—Robert H. McCormack, special assistant to the United States attorney general, late today submitted to a federal grand jury evidence purporting to show a statewide liquor ring, as developed by the inquiry into the source of the liquor consumed by guests at the Hotel St. Francis, San Francisco, Sept. 5, at which, it is charged, Miss Virginia Rappe received injuries which resulted in her death.

The grand jury was in session but a short time. McCormack stated it was his intention to supply what information he had obtained to date and submit further evidence as it was gathered.

At the request of McCormack, Federal Prohibition Director E. Forest Mitchell today raided Goebey's grill, a well known restaurant which McCormack charged was the headquarters from which the Arbuckle liquor was purchased. The manager and three employees of the establishment were arrested and a small quantity of evidence was seized.

## AMERICAN FLEET YIELDS BEFORE FOE'S APPROACH

"War" Maneuvers Are Now Being Conducted in the Virginia Wilderness; Many Visitors on Hand.

(By The Associated Press.)  
Wilderness, Va., Sept. 30.—The American "fleet" covering the marines before enemy positions on Wilderness creek were forced to withdraw today when the approach of a longer hostile naval force was signified.

Plans for the capture by assault of the shore fortifications were hastily abandoned and the marine staff was called upon to seek emergency protection for their line of supply and communication to the rear.

All this was provided by the board of strategy, which placed the maneuvers now being conducted in the Virginia wilderness. An American battle cruiser squadron tonight was (theoretically) speeding along the coast to reinforce the covering fleet. It will arrive tomorrow and the program will proceed.

The military work of the maneuvers today entertained another crowd of visitors, including members of congress and high ranking officers of the army and navy. In the morning the filers of the marine corps aviation force staged an attack by bombers on an area marked on the ground to represent the deck of a battleship, while the anti-aircraft batteries endeavored to get their range and destroy them. A squadron of four giant Martin bombers delivered the attack, escorted and protected by a squadron of scout planes.

The bout between Morris Lux of Kansas City and Jim Sullivan of New York was stopped in the fifth round and the decision awarded to Lux when his opponent appeared on the verge of being knocked out.

Mary Summers was given the judge's decision at the end of his eight-round contest with Marty Cross. They are New York heavyweights. The veteran Leach Cross received the judge's decision over Bert Spencer of Brooklyn in another eight-round bout.

Jackson-Hartley GO RESULTS IN A DRAW

(By The Associated Press.)  
New York, Sept. 30.—Willie Jackson and Pete Hartley fought fifteen rounds to a draw here tonight. The exhibition was listless, both men being hooted frequently by the spectators.

Jackson weighed 133½ and Hartley 135.

The bout between Morris Lux of Kansas City and Jim Sullivan of New York was stopped in the fifth round and the decision awarded to Lux when his opponent appeared on the verge of being knocked out.

Mary Summers was given the judge's decision at the end of his eight-round contest with Marty Cross. They are New York heavyweights. The veteran Leach Cross received the judge's decision over Bert Spencer of Brooklyn in another eight-round bout.

Jackson-Hartley GO RESULTS IN A DRAW

(By The Associated Press.)  
Victor A. J. Fredick, of Great Falls, Mont., was elected president of the Pacific Coast association of Fire Chiefs at the annual convention of the association here today.

Scott Los Angeles, was elected vice president; Joe Wood, Benton Wash., treasurer, and R. W. Brighurst, Seattle, Wash., secretary.

Friedmont, Calif., was awarded the flag for the best efficiency record during the year. Anacostia Mont., was second.

State vice presidents elected included: Arizona, W. D. Simms; Phoenix, New Mexico, Chas. Whitman, Roswell.

## BUILDINGS UNROOFED AND LEVELED BY HIGH WIND NEAR BUFFALO

(By The Associated Press.)  
Buffalo, N. Y., Sept. 30.—A gale blowing a velocity of seventy miles an hour and lasting at its height for less than ten minutes did heavy damage in the lower lake regions today. Shipping had been warned of a velocity of seventy miles an hour and lasting at its height for less than ten minutes did heavy damage in the lower lake regions today.

Shipping had been warned of a velocity of seventy miles an hour and lasting at its height for less than ten minutes did heavy damage in the lower lake regions today.

## PERSHING CONTINUES HIS REVIEW OF TROOPS

(By The Associated Press.)  
Cobleskill, Sept. 30.—General Pershing today continued his review and inspection of the Rhine occupation troops, but made no speech to the troops. He decorated Private Alexander, of Akron, O., with the distinguished service cross for extraordinary heroism at Soissons in July, 1918.

Distinguished service medals were presented by General Pershing to Generals Edmund Henry, Camille Michel and Henri Schmidt and Colonels George Frid, Pierre Herring and Charles Perrin all the French Rhine army, and to Col. August Dubois of the Belgian army.

## A FEW 35c RAZORS LEFT AT RAABE & MAUGER

Last week the Durham-Duple people arranged with the Raabe and Mauger hardware store to distribute a supply of Durham-Duple demonstration safe razors. It is purely an advertising proposition to sell these razors at 35c. They will do the work of a \$5 razor and many men say they will do it better, quicker and more comfortably. The supply is about exhausted—if you want one, don't delay. RAABE and MAUGER, First and Copper.

## REICHSTAG PUTS O. K. ON PEACE PACT WITH U. S.

Treaty Is Approved Without Debate Except By Communists, One of Whom Denounce the Document.

(By The Associated Press.)  
Berlin, Sept. 29 (By The Associated Press).—Approval of the peace treaty with the United States was voted by the reichstag today. Debate on the bill ratifying the treaty was dispensed with, by agreement of all the parties except the communists, and thus but a few minutes were required for the proceedings when the treaty was reached on the day's calendar.

Herr Loeb, president of the reichstag, asked if there were any objections to the bill, whereupon Walter Stoecker, communist, rushed to the speaker's stand and for five minutes indulged in a denunciation of the treaty, describing it as a "mockery of President Wilson's fourteen points," and as having been "dictated by American capitalists." As none of the other parties desired to speak, the bill immediately passed all three readings by a rising vote, which showed an overwhelming majority. The nationalists cast their votes for acceptance.

Herr Loeb thanked the house for promptly disposing of the issue and expressed gratification over the impending resumption of friendly relations with the "last of Germany's numerous foes."

"By virtue of this resolution, normal relations between the two countries will be restored," he said. "I gladly take occasion to express satisfaction that further pending matters can now be settled by negotiation. I believe I voice the views of a great majority of the house, perhaps of all in expressing the expectation that friendly relations between the United States and Germany which were interrupted by the war will henceforth and for all time remain undisturbed."

Loud cheering greeted Herr Loeb's speech.

## INTERNATIONAL Y. M. SECRETARY TO SPEAK AT SUPPER TOMORROW

A special Sunday night supper has been arranged at the Y. M. C. A. for tomorrow in order that a large number of men in the city may have an opportunity to hear the speaker.

Marty Summers, international secretary of the association, who will be in the city, Mr. Peubler will give a talk on "The Y. M. C. A. in Industry," upon which subject he is well qualified to speak. The supper will be served at 5:15 o'clock. All men who wish to attend should make reservations at the association building before noon today.

## JACKSON-HARTLEY GO RESULTS IN A DRAW

(By The Associated Press.)  
New York, Sept. 30.—Willie Jackson and Pete Hartley fought fifteen rounds to a draw here tonight. The exhibition was listless, both men being hooted frequently by the spectators.

Jackson weighed 133½ and Hartley 135.

## EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

### DO YOU KNOW PURE WOOL WHEN YOU SEE IT?

The housewife, as the buyer of family supplies, should be able to tell pure woolen cloth when she sees it, so that she will not make the mistake of paying all-wool prices for a wool-and-cotton fabric.

The demand for woolen cloth far exceeds the supply of new wool and for this reason there are many devices for making the supply go a long way. One device is to treat the surface of a wool-and-cotton mixture with acid or alkaline solutions which soften the fibers and open the scales to such an extent that the fibers interlock more firmly than ever when dried; in this way the felting, or matting, quality of wool is much increased, thereby concealing a great deal of cotton under the surface.

Another device for stretching the supply of new wool is the making of shoddy. Shoddy is a secondary grade of woolen cloth made of wool garments respun and woven again. For wool fibers may be spun a second time, for example, for some of us who wish a secondary grade of woolen cloth as a reasonable figure. There are many purposes to which shoddy may be put, where a pure woolen fabric would be extravagance. When you sell your rag to the "rag man," they are next sold to a larger dealer who cleans and sorts them, using the best all-wool rags to produce fibers; these fibers are then respun and again woven, either separately or of very good quality, or mixed with new wool or cotton. Such a material is warm, looks very well for a time, wears very well for such garments as caps and dresses which receive no particular strain at any one part, and, in short, fills a real need if it is sold as shoddy and if a low price has been paid for it.

But where a high price is asked, the housewife must make sure that the cloth is pure wool before she purchases it. It is possible she should take a sample of the cloth home and try the burning test upon it. Pure wool burns slowly, chars, has a strong odor of burnt feathers, goes out easily and leaves a crisp ash. A cotton-and-wool mixture will burn quickly with a flame, has little odor while burning, and will leave no ash. If a sample of the wool cannot be obtained for this test, the housewife will have to learn pure wool through careful observation and constant handling. Keep pure wool garment around and pick it up every once in so often to get the "feel" of good wool. Real wool mats together because of the scale structure on the surface; it absorbs a great deal of moisture without seeming wet; it is so elastic that often when badly wrinkled the wrinkles will come out if the garment is hung away from a steamy atmosphere. It has a luster and is light in weight as compared with other fabrics in proportion to its warmth.

In Italy, the gold dollar has replaced the pound sterling as the standard upon which the Italian gold lira is based.

## Social Calendar

**Saturday.**  
Alpha Chi Omega rush dance at Woman's club at 8 p. m.  
Bridge party at home of Mrs. D. E. Barton for Mrs. George Sampson, Jr., and Mrs. J. R. Barton.  
Wedding of Miss Kathleen Long and Ferdinand Koch at the St. John cathedral church at 6 p. m.

### ORANGE DUVETYN MAKES STUNNING STREET COSTUME

By Eloise.

The vogue for braided trimming grows and silk braids is not the only kind which is used to trim the new fall and winter frocks. Gilt braid reminiscent of soldiers' dress uniforms is also used to some extent. It is the street or morning frock, the afternoon tailleur, or the business dress which usually features braid.

Here is a very stunning mode made up in orange which is quite a deviation from the usual black of this season. It is a simple straight line frock with a side fastening reaching from neck to hem and marked by rows and rows of cloth covered buttons. The old yoke effect on the skirt, and the blouse and light cuff trimming is made of striped gold braid, a stunning combination with the orange of the frock. Note the simplicity of the blouse and the novel cut of the sleeves.

This is but one of the many new straight line frocks which American designers are turning out for the informal occasions of the coming season. Smart accessories in the form of gloves, shoes, bag, hat and fur neck piece should be chosen with care in order not to mar the distinction of the gown itself.

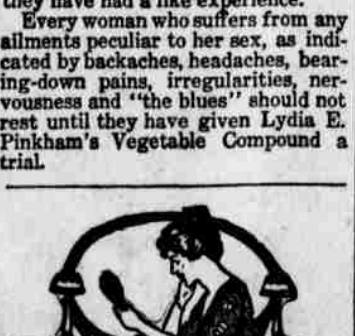

Postal employees of the federal government have received orders to be courteous when serving the public.

### JOY BROUGHT INTO HOME

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altosna, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to nineteen days is all they have lived. As I was going to have another, I took a dozen bottles of your vegetable compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is a very healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. Benz, 131 3rd Ave., Altosna, Pa.

No woman can realize the joy and happiness this healthy baby has brought into the home of Mrs. Benz, unless they have had a like experience. Every woman who suffers from any ailments peculiar to her sex, as indicated by backaches, headaches, bearing-down pains, irregularities, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.

**Not a Blemish**  
Starts the perfect complexion of face complexion. Permanent and temporary skin troubles are effectively concealed. Reduces unsightly color and corrects every skin. Highly antiseptic. Send 15c. for Trial Size.  
F. D. HOPKINS & SON, New York

Gouraud's Oriental Cream

## THE WOMAN HE MARRIED

By JANE PHELPS.

### SUNSHINE AND SHADOW.

Chapter 101.

Two days after Junior came some Dick left for Chicago. He had been distrustful, not at all natural or like himself. With boyish curiosity Junior asked:

"What's the matter with Dad, mother?"

"Nothing that I know of, Dear, why?"

"He isn't like he used to be when I am with him. Perhaps it's because I'm bigger, older?"

"Yes, perhaps. He feels that he can't pet and cuddle a big boy like you, I gathered, trying to laugh, but longing to cry."

"What's he going away for?"

"Something about his new book," I thought nothing of the question as Junior knew Dick never went from home.

"Say, Mother, isn't it great that Dad is writing a book? I told some of the fellows he was that Richard Williams who wrote such corking yarns, and they have been most respectful to me ever since. But I wish he wouldn't act so queer with me. I don't want to be cuddled. No boy does, I guess, but he acts as if he didn't really want me around—although he doesn't say so, of course."

"A guilty conscience?" I thought, but only friends of the house were in the room.

"You imagine it, Dear. He is absorbed in his work."

We went to the train with Dick when he left. That morning he had been out of the house for some time. I knew as well as if I had seen them together that he had been with Juanita. I recalled me to his going.

"Now's Aunt Nita," Junior asked, "I guess I will run over to see her."

"Very well, Dear," I would say or do nothing to awaken any suspicion in my boy's mind. He must believe in his father as long as possible—always, if I could only hold Dick.

"Coming along?"

"No, Dear, I am too busy. And, Junior, write to your buddy that I would like him to visit you. I'll send a note to his mother."

"You're a brick, Mother," he gave me a boyish squeeze and returned my kiss rather bashfully. He was approaching the age when

he seemed to think kissing unmanly, for to save his mother, "I hate a mushy boy!" he stated when I said something along those lines—asked him why he didn't kiss Dick instead of just shaking hands.

"Well, no one could accuse you of being 'mush'!" I replied. This big boy was a constant delight and surprise to me. That a year away from home could make him so self-reliant, so manly, was wonderful, I thought.

"Dick was right! It was best for him," I said to myself, as I watched him during those vacation days when we were together. He was so manly and seemed to feel a sort of responsibility that was delightful to me.

His buddy came, Derrick Mortimer, a charming, wholesome lad just Junior's age. What gay times Junior joined us, always because Junior proposed it, and I would not object. I was not happy at those times, but I think no one noticed.

One thing worried me. Unnecessarily as far as the lad went, I thought. That was Derrick's devotion to Juanita. She fascinated him from the first. In two days he was calling her Nita, and running errands for her, skipping there whenever he could get away.

"No wonder Dick is in love with her!" I said to myself. "She fascinates everyone, men, women and children."

I realized that this was partly due to her unusualness. She was absolutely unique in all she did, and in her dressing.

"Nita is a peach!" I heard Derrick say to Junior. "Doesn't she look stunning always? I wish she'd come to Los Angeles. Wouldn't the boys open their eyes if they saw her, and saw us so friendly with her?"

"Yes, she's stunning!" Junior answered, then warmed my heart by adding, "But somehow, Der, I like mother best, the best."

"So slow, but she's all wool and two yards wide."

"You bet she is! I'll tell the world so!"

I stole away, my eyes full of tears, my heart glad. My boy preferred me to Juanita. He liked my kind the best!

## RIPPLING RHYMES

By WALT MASON.

### OLD FRIENDS.

Old friends drop in from time to time, and to state historic give tongue, and talk about the far-off days, when we were young, when we were young.

We were young. It always shocks me when I meet some friend I knew in days gone by, who used to walk with buoyant feet, and who now is a hunched old man.

For we remember old time friends as we last saw them, years ago, forgetting how time's passage lends to ruddy locks the sheen of youth, and how the years have changed the old yoke effect on the skirt, and the blouse and light cuff trimming is made of striped gold braid, a stunning combination with the orange of the frock. Note the simplicity of the blouse and the novel cut of the sleeves.

This is but one of the many new straight line frocks which American designers are turning out for the informal occasions of the coming season. Smart accessories in the form of gloves, shoes, bag, hat and fur neck piece should be chosen with care in order not to mar the distinction of the gown itself.

## THIS "WOMAN BOSS" IS LIKED BY GIRLS

Miss Sophie Beallert.

Here is one "woman boss" girl like to work for. She is Miss Sophie Beallert, of Boise, Idaho. Miss Beallert is a stockholder and director of one of the largest department stores in the state. She has been connected with the institution for twenty years and during that time has built up four departments which are directly under her supervision. This achievement surely attests her right to speak with authority.

The question of liking to work under a "woman boss" is never heard of in Miss Beallert's establishment.

"Take an interest in the girls' health and happiness and above all, don't be condescending," is her recipe for success in supervising the work of other women.

"Too many women executives have the mistaken idea that they must continually assume a superior air with women employees. Personally I think a sympathetic interest in a girl brings far better results."

"I do insist, however, that my girls show a desire for efficiency. They must have an ambition to better themselves. The woman in authority must possess and demonstrate those traits in her own work which she demands of others."

"I consider justice and sincerity the most important of all. A girl knows instantly and resents it if one becomes patronizing, and once her confidence is lost it is difficult to regain it."

Health for the business woman is one of Miss Beallert's hobbies. She believes it is quite as essential as appropriate dress.

"We have finally convinced men that we are their equal as far as mentality is concerned," is Miss Beallert's opinion. "But they usually say to us, 'You are not strong enough for the business strain.' Let us abolish this last barrier to our entrance into the business world as co-partners with men by giving the coming generation proper physical training."

## WOMEN TO STUDY THE MAKING OF HATS AT PUBLIC NIGHT SCHOOL

A six weeks' course in millinery is to be offered this winter at the night sessions of the Albuquerque public schools which will open about November 1. It was announced yesterday. The classes are open to all women who wish to learn how to make their own hats. Mrs. W. H. Hurt will be instructor of the class.

The course will include extensive work in taking patterns from shapes, making shapes of buckram, covering shapes for both winter and summer models, trimming, making ornaments, bows and hand made flowers. It is expected that the class will hold an exhibit of its work at one of the downtown stores at the conclusion of the course.

The class will meet on Monday, Wednesday and Friday evenings from 7 to 9 o'clock. A similar class was conducted at the high school last year, interesting a large number of women. Instruction is given free and the students furnish their own materials.

Radiant masses of soft fluffy hair enhance the beauty of the girl who uses—

## "AN ENTIRELY DIFFERENT MATTER"

A very familiar New Mexico procedure is being indulged at Santa Fe. An "expert," called by the Mountain States Telephone company, fixes the "replacement value" of the company's property in New Mexico at \$3,500,000. Previously it had been shown that the "book value" was \$2,278,295. Upon this latter amount the company feels itself entitled to earn a fair rate of interest. If their values are correct they should be permitted to charge tolls sufficiently high to earn reasonable interest on the amount.

The telephone company knew the book value of all their properties in New Mexico to the dollar. No trouble about that. But when City Attorney Keleher tried to learn "book values" or "replacement values" or any other old values in Albuquerque, he tried in vain. No "expert" knew. Yet the hearing was called to determine upon a reasonable telephone rate in Albuquerque. The telephone company expects to fix a rate which will earn a reasonable rate of interest on its Albuquerque investment, but doesn't know how much that investment is. We assume that it wishes permission to guess, feeling confident of its ability to guess high enough.

Such duplicity ought not to be endured. The company does know the value of its Albuquerque plant, of course. It should be forced to tell. Why will public sentiment tolerate such "horse play?" When Mr. Keleher showed the assessed valuation of telephone property in Albuquerque for tax-paying purposes, to be \$122,765, the telephone company's representative pronounced that "an entirely different matter."

It has been an "entirely different matter" in the past. We hope the telephone company will accept our kind assurances that actual values and assessed values will be very approximately the same in the future.

## NO STRIKE WANTED.

The Brotherhood of Railroad Trainmen has declared, by a 99 per cent vote, in favor of a strike rather than to accept the verdict of the Railroad Labor Board for a reduction in wages and a change in the working agreements.

In spite of this vote the officers of the union are moving cautiously. They state that they will await the action of the members of other railroad unions. This deliberation and lack of temper, is encouraging. Delay always tends toward a settlement.

The Journal has not gone deeply enough into the proposals of the labor board to have a fixed opinion on the merits. We therefore express none.

We do suggest, however, that the labor board is presumed by the public to be an important tribunal and the people will require evidence that it has acted fairly to the men.

In the present state of the public mind, sentiment will be hostile to a railroad strike. As public sentiment is the final arbiter in any great industrial strike which directly affects the people, the railroad employees will do well to continue their course of taking no hasty or radical steps.

## RUSSIA'S CHANGING POLICY.

If dispatches portraying conditions in Russia may be relied on, the soviet government is decentralizing industry more rapidly than it nationalized business when it came into power. "Do it yourself" is the advice given those who have hitherto depended upon the government for the initiative in everything.

If this policy is being pursued to the extent indicated, the reaction against Communist forms of government is complete. It marks an acknowledgment of the utter failure of the theorists who plunged Russia into chaos. It is self-evident that the retreat would not have been permitted if there were not an entire collapse of the communistic scheme. Yet that the altered program will lead speedily to improved conditions is not probable. So disastrous has been the effect of the soviet regime that no change will be potent to bring order and restore industry quickly. However, that is not proof that the altered conditions will not be welcomed. Any change cannot be for the worse and through opening the way to individual initiative lies the only hope of a restored Russia, though the process may be long and painful.

Telling the people to "do it themselves" is not by any means assurance of having it done. Such advice will be worthless unless there is a government which is able and willing to protect the individual in his labor and the rewards which he must reap from it, if individualism makes headway. Though the communistic principles may be abandoned in practice Russia will not "come back" until there is a government made up of honest men and security is offered the people, the sincerity of which is not open to doubt.

Hungary's money printing machinery is worn out. Considering the value of the stuff it turned out, the people doubtless are as well off.

## PROBLEMS OF THE JOBLESS.

Those who have never been out of a job, without money and without friends to whom appeal may be made, cannot appreciate the position in which many thousands of able-bodied men now find themselves. It has been said that the best recipe for getting a job is to have one. A man who has work finds it easier to get work, is another way of stating the idea. Perhaps this explains why it is so difficult for the jobless to get placed again. When places are so scarce there is difficulty in locating a prospect.

Hunting at random for work is likely to be fruitless, yet a reporter in New York who started out to test the matter was offered three jobs in three hours. All of them involved manual labor, of course, yet it is to that which a great percentage of those unemployed would need have recourse. The sincere seeker after work will accept anything which is not beyond his abilities, if it promises food. He will not quibble over the pay, if he is hungry, but will pitch in hoping that the offer will prove a stepping stone to something better.

Unfortunately it is those the least capable who

suffer the most in a time like the present. Such, even when employed, receive the least remuneration and have the scantiest resources when thrown out by a recession of industry. It is a hard fate but the problem of helping those who cannot help themselves has never been fully solved. The capable worker who is thrifty lays by in times of plenty for the days when there may be less.

The great quantity of corn being sent by the farmers to the city markets naturally causes some concern as to whether enough will be left for the winter corn cakes and mush.

## DISCOURAGING MIGRATION.

We are reminded in the statements that Italy has taken steps to reduce migration from that country and that Germany is expected to take similar action that some writers even before the war, thought migration to the United States had practically drained Europe of surplus population. As this country now has a law restricting immigration, the action of some other nations promises a double check to reported plans for the over-running of this land.

At the rate immigrants were arriving in this country following the war up to the time the restrictive measures were applied, and in view of plans made for a great emigration from Russia, it is plain that there has been no diminution of the attractiveness of the United States. Only governmental action at both ends can slow up emigration.

There is no movement of peoples in the past to compare with the migration to the United States. The making of one people out of many is, naturally, one of the greatest achievements in race-building; for, no matter how discouraged Americanizers may become occasionally over instances of disloyalty, in the main—as in the carrying on of our part in the world war—we proved one people. It is no longer to be thought of as an experiment. It is an achievement.

Whether Bryan really wanted to nominate Wilson in 1912 is being threshed over. The fact remains that he did force the nomination, which is one of Bryan's offenses it is hard to forgive.

## VERSE OF TODAY

IN APRIL,  
Now that I am life's victim—  
Cruel victor is he  
Who lures me with color  
Until I ache to see.

Who chokes me with fragrance  
Of green things in the rain—  
Like a hand around my throat  
So sudden is the pain.

Life, I am at your mercy;  
And though I'll I am dead  
You torture me with April  
I will not bow my head!

—HARD, HAIL

## CRISP PARAGRAPHS

DO YOU CALL THAT WARBLING?  
Every time the diplomats try to pull off a "concert of nations" somebody begins to warble a "Hymn of Hate."—Columbia Record.

DON'T WORRY ABOUT THE TENTH.  
This earth, says Prof. Geocott, of Glasgow, is 5,000,000,000 years old. The first nine billion, we suppose, are the hardest.—New York Herald.

IT'S GLOOMY FOR US.  
As congress comes back from its vacation the outlook is described as gloomy. After-vacation outlooks are always gloomy.—New York Evening Post.

WELL, CAN'T YOU GIVE ADVICE?  
Geraldine Farrar, once gave some advice about how to keep a husband, but presumably it was only for wives who wished to keep theirs.—Minneapolis Tribune.

THOSE HEROES!!  
Frothy mornings will soon be heard, and the man who takes a cold plunge in the cold, gray dawn will again be telling everybody about it.—Boston Transcript.

ONLY IN WAR TIME.  
Two of the former Kaiser's children are reported to be spending their "summer holidays" in elating the royal wood-chopper. When isn't it holiday time in that family?—Buffalo Express.

## EDITORIAL OF THE DAY

### ADVERTISING AND COSTS.

(From the Danville Commercial News)  
Prof. Horace Secrist, director of the bureau of business research of Northwestern university, has completed a survey of the clothing business and the cost of advertising. His survey covered a period of three years and shows that advertising takes only \$2.07 from \$100 spent by the customer.

As Prof. Secrist says, this is sufficient answer to those who make the assertion that if so much were not spent in advertising, costs would only be about half what they are, but we believe the professor would have discovered that intelligent advertising reduces the cost to the customer had he carried his investigations further.

Intelligent advertising means increased demand and increased demand means greater production and as every one knows increased or quantity production decreases the cost of production.

The man who puts a label on an article and then advertises that the article is for sale announces to the world that he is not ashamed of his product. Charles Atwood, vice president of the Danville Wholesale grocery, addressed Danville Rotarians Monday and said:

"The label on canned goods is one of the greatest factors in selling. There are thousands of dollars spent each day on advertising well known products. People get so they will go into a store and ask for the product by its label."

Consumers would not do this if advertising was greatly reduced or eliminated altogether, but would be hopelessly in the dark as to the best product to buy and it would mean a vast amount of manufactured goods on the hands of the merchant at the end of every season.

Prof. Secrist has performed a praiseworthy service in giving the exact cost of advertising, but, as we said before, a more exhaustive study would have developed the fact that the merchant who spends \$2.07 to move \$100 worth of clothing moves it at less expense and much more quickly than the merchant who does not advertise.

### UNCLE WIGGLY AND THE COCONUT.

Once upon a time Nurse Jane Fuzzy Wuzzy called to Uncle Wiggly, who was raking up the dried leaves in the yard:

"Wiggly! I wish you would go to the seven and eight cent store for me and get a coconut!"

"I shall be glad to do that for you, Nurse Jane," the bunny gentleman answered. "I suppose," he added, "you are going to make a coconut cake?"

"You guessed it the first time!" laughed Miss Fuzzy Wuzzy. "And don't be any longer than you can help, Wiggly, my dear!"

"Let's play a nice little joke on Nurse Jane," the bunny gentleman answered. "I suppose," he added, "you are going to make a coconut cake?"

"You guessed it the first time!" laughed Miss Fuzzy Wuzzy. "And don't be any longer than you can help, Wiggly, my dear!"

"Let's play a nice little joke on Nurse Jane," the bunny gentleman answered. "I suppose," he added, "you are going to make a coconut cake?"

"You guessed it the first time!" laughed Miss Fuzzy Wuzzy. "And don't be any longer than you can help, Wiggly, my dear!"

"Let's play a nice little joke on Nurse Jane," the bunny gentleman answered. "I suppose," he added, "you are going to make a coconut cake?"

"You guessed it the first time!" laughed Miss Fuzzy Wuzzy. "And don't be any longer than you can help, Wiggly, my dear!"

"Let's play a nice little joke on Nurse Jane," the bunny gentleman answered. "I suppose," he added, "you are going to make a coconut cake?"

"You guessed it the first time!" laughed Miss Fuzzy Wuzzy. "And don't be any longer than you can help, Wiggly, my dear!"

had saved up, knowing Uncle Wiggly would pay them back. Between them they managed to climb up the tree with the big, round, hard nut, and there they waited.

Pretty soon, on his way to the store, Uncle Wiggly came under the tree up which were the squirrels boys, ready to play their little joke.

"There he is!" whispered Johnnie. "We must rustle the leaves. Then Uncle Wiggly will look up and he'll be as surprised as anything when he sees a coconut growing in a butternut tree!"

While one of the squirrel boys held the coconut part way down amid the dried leaves of the tree, the other squirrel rustled the branches. Uncle Wiggly looked up. Then he twinkled his pink nose. Next he took off his glasses and cleaned them.

"Can it be possible that I see a coconut growing where never

any one now? What hit me!"

"A coconut!" laughed Uncle Wiggly as he picked it up. "But I never knew one to grow in these woods before!" Then down scrambled Johnnie and the squirrel boys and the bunny laughed at the trick they had played.

"But it was a good trick!" said Mr. Longears, as he paid Johnnie and Billie for the nut and took it home to Nurse Jane.

Of course the squirrel boys were given some of the coconut cake, but the bad Bushy Bear had none at all, and it served him right, I say.

So, if the milk bottle doesn't slide off the front steps and chase the watermelon up a tree, I'll tell you next about Uncle Wiggly and the roast apples.

any one now? What hit me!"

## THE MARKETS

(By The Associated Press.)

New York, Sept. 30.—The stock market today forfeited a considerable part of its recent gain, leaders reacting one to three points to profit taking, renewal of short commitments and tighter money rates. Diminished dealings again centered in the more prominent issues comprising the oil, steel, equipment and metal groups. Motors and subsidiaries and food specialties trailed along at more moderate fluctuations.

Rails were the only issues to maintain a semblance of firmness, being sustained largely by the further publication of favorable earnings. Lehigh Valley was most active at a net gain of almost three points in connection with the prospective segregation of the company's coal properties.

The plan of the New York Transit commission for the merger of all local tractions had little effect on those issues until the final hour, when Brooklyn Rapid Transit issues were under marked pressure. In the general list reactions were most severe in Mexican Petroleum, Baldwin Locomotive, Studebaker and American Sugar. Sales, 450,000 shares.

Call loans rose from the opening rate of 5 per cent to 5 1/2 at midday and advanced to 6 per cent mainly on belated borrowing in the final hour. Time rates were unchanged, but some loans extending to the close of the year were made at slight concessions, when backed by high grade collateral.

British, French and Belgian exchanges strengthened in response to higher quotations from London. The German rate also making further recovery from its recent collapse. Italian bills continued their downward course, however, the lire declining to a fraction under 4 cents.

Trading in Liberty and Victory issues again featured the bond market, but no new records were made. Foreign issues were lower, especially French and Belgian gov-

ernment flotations. Total sales, par value, \$15,950,000.
