HSC Education Day 2019 has been preserved & is available in the UNM Digital Repository.

by Lori Sloane on October 9th, 2019 | [0 Comments](#)

The screenshot shows the UNM Digital Repository website. At the top left is the UNM logo with the text "THE UNIVERSITY OF NEW MEXICO". To the right, the words "DIGITAL REPOSITORY" are displayed in large, bold, red capital letters. Below this is a navigation bar with links for "Home", "About", "FAQ", and "My Account". The main content area features a breadcrumb trail: "Home > Health Sciences Center > HSC_EVENTS > HSC_ED_DAY". On the left, there is a promotional graphic for "EDUCATION DAY" with the subtitle "NETWORKING AND LEARNING WITH EDUCATORS". The graphic includes the UNM School of Medicine logo and text: "Presented by SCHOOL OF MEDICINE" and "For all HSC Faculty, Residents, Staff and Students". To the right of the graphic, the text "HSC EDUCATION DAY" is displayed. On the far right, there is a search sidebar with a search box, a dropdown menu set to "in this series", and links for "Advanced Search", "Notify me via email or RSS", "Browse", "Collections", "Disciplines", and "Authors".

Education Day is an annual event put on by the Office for Continuous Professional Learning (CPL) and gives HSC Faculty, Residents, Staff or Students a chance to share with the HSC community the great resources, opportunities to share education knowledge, and collaborations for innovation work happening around campus. If you missed the opportunity to attend the Education Day posters and presentations you're in luck. They are now posted in the [UNM Digital Repository](#). You can find a copy of the [agenda](#) as well as a full document with all of the [abstracts](#). If you presented and your poster is not yet included, there's still time to submit it.

It's only been 5 days since Education Day and the material has already been downloaded 192 times. Including your work in the Digital Repository is an excellent way to make it findable and accessible. If you are interested in finding out more, please contact Data Management Expert Lori Sloane at lsloane@salud.unm.edu.
