Welcome Back Wednesday

by Amy Weig Pickering on August 23rd, 2019 |

We had such a great time meeting with our community during Welcome Back Day on Wednesday! Despite the heat, there was a large representation of various organizations from North Campus and we were thrilled to meet with a variety of our learners. Many of you were able to register for our blog in hopes of winning a gift card to the Happy Heart Bistro. We were able to reach over 100 students and staff to provide information about upcoming events happening at HSLIC - like Cuddle a Canine, Imposter Syndrome Workshop and our Bullet Journaling Session. Please check the events section on the HSLIC website for further information regarding these upcoming programs. We are looking forward to seeing you all at the library in the future.
