GOVERNMENT EXPENDITURES FOR CURRENT FISCAL YEAR WILL NOT EXCEED THE LIMIT, SAYS MELLON

Treasury Chief Denies Reports That Additional Deficiency Appropriations Will Be Asked For.

ECONOMY PROGRAM IS BEING CARRIED OUT

Congress Is Advised That It Can Proceed With Framing the Revenue Law on Basis Agreed Upon.

(By The Associated Press.) Washington, Oct. 14.—Federal expenditures for the current fiscal year will be kept within the agreed limit of \$4,034,000,000, Secretary Mellon declared tonight in a statement, denying reports that additional deficiency appropriations of \$270,000,000 would be asked. The program limiting expenditures to the above figure, which had the sanction of the president and the house ways and means committee, is being carried out satisfactorily, according to the statement.

The original program made allowance for estimated deficiency appropriations, which, "it was realized, would be necessary in connection with certain government activities," Mr. Mellon explained. These included particularly the settlements with the railroads growing out of federal control and vocational training for the former service men, but Mr. Mellon added that his information indicated the revenue requirements of the government would be amply provided in the \$4,034,000,000.

Congress has been advised, the secretary said, that it could proceed with the framing of revenue laws on that basis and there was no reason to alter the plan. The tax program, therefore, was not affected, he added. Some deficiency appropriations will be submitted during the current fiscal year, according to the secretary, who reiterated that they had been taken into consideration already in the estimating of actual expenditures. Mr. Mellon said also that so far as treasury officials could foresee, financial plans for the coming year would stand unchanged.

2 MEN DEAD AND ONE WOUNDED IN IOWA GUN FIGHT

Officers and a Gang of Suspected Thieves and Bootleggers in a Battle Near Council Bluffs.

(By The Associated Press.) Council Bluffs, Ia., Oct. 14.—Two men were killed and a third was fatally wounded in a gun battle here tonight between officers and a gang of suspected thieves and bootleggers about four miles northeast of this city. The dead were identified as SPECIAL OFFICER MURRAY, of the Northwestern railroad, and ONE OF SUSPECTED THIEVES, name unknown. Fatally shot, Elmer Lane, policeman.

A company of officers went to a small house where it had been reported a gang of men suspected of robbing freight cars and of dealing in liquor were their headquarters. It is reported that the men attempted to escape. A bullet from one of the officers' guns killed one of the five. The four others made good their escape and are being searched for tonight by an increased force of officers.

The house where the shooting occurred was rented by W. A. Bennett from Mrs. Lena Snyder. Bennett was being made to locate the house.

Police Lane is in a hospital and, according to physicians, has a chance to recover. He was shot through the breast and neck. Special Officer Murray's home was in No. 10, Neb.

PREFERENCE IS GIVEN TO VETERANS OF WORLD WAR AS POSTMASTERS

Washington, Oct. 14.—A fixed policy giving preferential consideration to postmaster applicants who are veterans of the world war, was inaugurated by President Harding today by executive order.

The order was directed by the order to add five points to the examination rating of every prospective presidential postmaster who had been in the government service during the war.

In addition the president ordered that age limitations be waived in such cases, and that the period of service during the war be reckoned as part of the required length of business experience.

TED "KID" LEWIS IS VICTOR OVER BASHAM

(By The Associated Press.) London, Oct. 14.—Ted "Kid" Lewis, middleweight champion of England, tonight defeated Johnny Basham in the twelfth round of a twenty-round bout. The fight was for the championship.

Basham's seconds ended the terrific punishment Lewis was inflicting by tossing in a towel. Lewis outclassed Basham from the start.

Basham received a badly battered ear, from which the blood flowed freely.

In the eleventh round a right to the jaw sent him down for a count of nine, the going saving him.

TESTIMONY AS TO DEATHS OF FOUR OTHER PERSONS WILL BE ADMITTED IN SOUTHWEST CASE

Court Decision Lets Down the Bars for the Introduction of Virtually as Much Evidence in Each As Was Adduced With Respect to the Demise of Edward F. Meyer.

(By The Associated Press.) Twin Falls, Idaho, Oct. 14.—Following the ruling of the court admitting in evidence testimony as to the deaths of three previous husbands and a brother-in-law, the case of Lydia Meyer, Southard charged in the information with the murder of her fourth husband, Edward F. Meyer, took on an added impetus today with the prospect that at least another week will be consumed by the prosecution alone in putting in the state's proof.

WEATHER

FORECAST. Denver, Colo., Oct. 14.—New Mexico: Saturday and Sunday, partly cloudy; little change in temperature.

Arizona: Saturday and Sunday, fair south, unsettled north portion; little change in temperature.

LOCAL REPORT. Conditions for the twenty-four hours ended at 6 p. m. yesterday, recorded by the university: Highest temperature..... 71

Lowest..... 48

Range..... 23

Mean..... 60

Humidity at 6 a. m..... 40

Humidity at 6 p. m..... 70

Maximum wind velocity..... 12

Direction of wind..... South

Character of day..... Partly cloudy

ADJOURNMENT IS TAKEN BY IRISH CONFERENCE TO FIRST OF WEEK

Some of the Delegates Will Take Advantage of the Recess to Sound Out Sentiment in Ireland.

HAS NO POLITICAL SIGNIFICANCE, CLAIM

Sinn Finn Leaders Report That So Called "Scottish Home" Will Be Discussed

(By The Associated Press.) London, Oct. 14.—The adjournment to-day of the conference until next Monday afternoon has no political significance, one of the Irish delegates to the "Englishman's" passion for week-ends.

Some of the Irish delegates are taking advantage of the interval to visit Ireland in order to deal with what was declared by the Sinn Fein publicity department as important departmental business. They will return Sunday night.

Considerable currency was given here today to a sensational report of the ordering of uniforms for the Irish republican army and formation of a company to come to London to escort the daily delegation back to Ireland upon the conclusion of the conference.

The story, however, was ridiculed by Sinn Fein leaders, who say no uniforming of the army is going on and that there is no question of any detachment coming to London. Since the truth there has been no interference by the military with the Irish republican army, uniformed or not, and its existence has been officially recognized for some time, with the co-operation of liaison officers of the Irish republican army and the British army.

WESTERN CONFERENCE FOOTBALL TEAMS WILL BE IN ACTION TODAY

(By The Associated Press.) Chicago, Oct. 14.—Western conference football teams tomorrow will engage in a series of games of championship importance, the results of which will leave many western gridiron followers fairly well informed as to what eleven are likely to be found near the top at the season's end.

Foremost among the contests is that between Illinois and Iowa at Iowa City. It will be the first conference test for either eleven and both are looked on as championship contenders.

The importance will be the game at Columbus, O., between Ohio State, last year's champions, and Minnesota.

Wisconsin is expected to have an easy time with Northwestern, while Michigan should prove too strong for the non-conference Michigan Aggies in the contest at Ann Arbor.

Purdue will clash with Notre Dame in a contest which should determine the strength of each.

Chicago has no game, but the squad will go through a stiff scrimmage in preparation for the game scheduled with Princeton. Indiana also is idle.

CHINESE FOUND DURING SEARCH FOR SMUGGLED DRUGS ON FREIGHTER

(By The Associated Press.) New York, Oct. 14.—Customs officials searched the British freighter Helenus today for smuggled drugs, but instead found fifteen half starved Chinese hidden in empty ballast tanks, several of them afflicted with beri beri.

A report that another Chinese who had the disease had been thrown overboard before he was dead, started the harbor police on a search for the body.

The fifteen were taken to Ellis Island and after they had been questioned, Fong Yow, known as the ship's No. 1 Chinaman, of boss, was retained in charges for \$1,000 a head he had undertaken to smuggle the Chinese into the United States from a port in China.

WREATH FROM HARDING AND WIFE ON COFFIN

Philadelphia, Pa., Oct. 14.—The body of Senator Philander C. Knox arrived here late today. It was accompanied by his widow and other members of the family.

The coffin, of plain black wood, was draped with a single wreath of roses, the tribute of President and Mrs. Harding. Several hundred persons were at the station.

The body was taken by motor hearse to Valley Forge, the country home of Senator Knox, where funeral services will be held tomorrow.

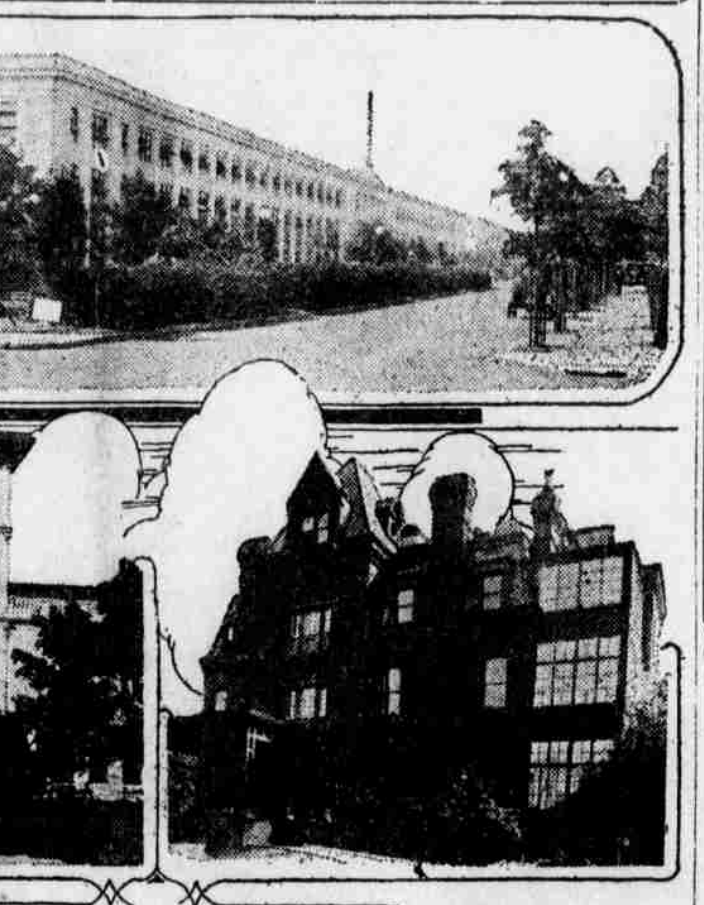

LESSONS IN FIGHTING FIRES TO BE TAKEN BY BOSTON'S BOY SCOUTS

(By The Associated Press.) Boston, Mass., Oct. 14.—Boston Boy Scouts are to take lessons in fire fighting. The course, arranged under the supervision of the city fire department, is to start early in October and will last for six weeks.

It will be similar to the instruction given to probationary firemen. Some of the lessons will be given in the department drill yard where the students will be taught to handle the apparatus.

Boys passing the course will receive, in addition to the scout merit badge, a certificate issued by Fire Commissioner Murphy.

These Buildings Will Be Center of Interest During Arms Parley

The new navy building (above); the Marshall Field house (left), and the residence at Twentieth and Massachusetts avenue.

Much has already been accomplished in Washington in preparation for the arms conference to be staged in that city next month. The French government has rented the Marshall Field house at 2600 Sixteenth street, for the accommodation of its representatives during the conference. The Japanese embassy has leased the residence at Twentieth and Massachusetts avenue for the use of the Japanese delegates. Two wings of the new navy building have been set aside for use as offices by delegates from foreign nations at the conference.

GRAND JURY IS DELVING INTO LORENA FIGHT

About 35 Witnesses Have Been Examined in Regard to Trouble Between Klansmen and the Sheriff.

(By The Associated Press.) Waco, Tex., Oct. 14.—Approximately thirty-five witnesses had been examined by the McLennan county grand jury, in extraordinary session, to investigate the fight at Lorena, the night of October 1, when Sheriff Bob Buchanan attempted to halt a Ku Klux Klan parade, when adjournment was taken late today until October 19. No report was made to the court and it was said that the adjournment was in line with the charge to the jury by District Judge R. I. Munroe, which provided for a recess of three days "to obtain any witnesses not at present easily accessible."

One man was fatally stabbed and nine others, including the sheriff, were wounded. Sheriff Buchanan is confined to a local hospital with two bullet wounds and an official announcement today said he would be unable to testify at the hearing next week.

It is believed that several days work remain for the grand jury when it resumes session.

There has been no dearth of witnesses, a court official was quoted as saying.

WEEKNESSES IN PRO DEPARTMENT TO BE REMEDIED

Commissioner Haynes Announces His Determination to Strengthen His Corps of State Officials.

(By The Associated Press.) Washington, Oct. 14.—Prohibition Commissioner Haynes in a statement tonight announced his determination to "correct weaknesses" in the various state prohibition enforcement corps. The department, he said, would use every effort to weed out enforcement officials who were high or low, who did not appear to be in sympathy with his law enforcement policy.

The commissioner's statement was made after he had reached a decision to "correct weaknesses" in the Pennsylvania organization.

Mr. Haynes earlier in the day announced he had transferred John Enckles, a general agent, from the Pacific department to the Pittsburgh district. Mr. Enckles' replacement, Samuel D. Wolfe, whose future status was not made clear in the official statement, although it was reported his connection with the bureau would cease at an early date.

H. C. Ruter of the Washington headquarters, already has been reported to Pennsylvania as associate director with late Director McConnell.

Mr. McConnell conferred with Mr. Haynes today but the only information which came from the meeting was that the state director was "in thorough accord" with the commissioner's program. Reports that Mr. McConnell would resign again were denied.

TREATY IS RATIFIED BY COLOMBIAN SENATE

(By The Associated Press.) Bogota, Colombia, Oct. 13 (By The Associated Press.)—The Colombian senate, after three sessions during which there was much discussion, today ratified the treaty with the United States, which Colombia is to receive \$25,000,000.

The treaty, which was ratified by the United States senate last April, is an outgrowth of difficulties between the United States and Colombia in connection with acquisition of the Panama route.

VESEL IS ABLE TO WEATHER THE BREEZE

(By The Associated Press.) New Orleans, La., Oct. 14.—Tugs which went to the assistance of the shipping board steamer Auditor, 250 miles southeast of South Pass, reported tonight she was well able to weather the heavy breeze blowing off the passes. The Auditor sent a wireless call for assistance, saying she was out of fuel. This was supplied by the tugs.

CARRIERS WILL ASK THE LABOR BOARD FOR AUTHORITY TO MAKE FURTHER CUTS IN MEN'S WAGES

Cannot Reduce Freight Rates at Present Without Going Into Bankruptcy, Is Claim of Executives.

"THE ROADS MUST BE CRAZY," LEE DECLARES

Transportation System Is Facing One of Its Greatest Crises, Is Declaration of One Official.

(By The Associated Press.) Chicago, Oct. 14.—Representatives of the nation's railroads today announced that they cannot reduce freight rates at present without going into bankruptcy, and that they would immediately seek a further reduction in employees' wages from the United States railroad labor board. Later a futile conference was held with union leaders in an effort to reach an amicable settlement of wage difficulties which at times have threatened to tie up the transportation system of the country.

The conference was held at the suggestion of the union leaders, their invitation for a meeting being accepted by the railroad heads following the announcement concerning freight rates.

The union leaders asked reconsideration of their request of last July that a 12 1/2 per cent wage reduction granted by the labor board not be put into effect immediately but that the wage reductions be sought at present and that no change be made in the overtime pay rate. This request was refused by regional conferences of the roads at that time.

In reply to tonight's proposal that the request be reconsidered, the rail heads simply presented their statement announcing the wages and rates. "The roads must be crazy to seek a new reduction when the men have just authorized a strike over an old wage cut," said Warren S. Stone, president of the Brotherhood of Locomotive Engineers. "What will happen is more than I can say."

W. G. Lee, president of the Brotherhood of Railway Trainmen, refused to discuss the situation after the meeting, nor previous to it had said that "the roads must be crazy to seek a new reduction when the men have just authorized a strike over an old wage cut."

INCREASING THE MEMBERSHIP OF HOUSE OPPOSED

Votes, 146 to 142, to Re-commit the Siegel Bill to the Census Committee; Too Large Already.

(By The Associated Press.) Washington, Oct. 14.—The house recorded its opposition tonight to any increase in its membership, recommitting to the census committee by a vote of 146 to 142, the Siegel bill to increase its size from 435 to 450 members.

The vote was taken on a motion to recommit offered by Representative Fairfield of Indiana, a republican member of the committee, after nine hours of debate and wrangling over parliamentary procedure.

Previously to recommitting the bill, the house rejected 140 to 145, an amendment by Representative Barbour, republican, California, to authorize reapportionment without any increase in membership.

Another amendment offered by Representative Tinkham, republican, Massachusetts, to decrease the membership to 425 was smothered under an avalanche of "noes." Eleven southern states, which Mr. Tinkham charged had disfranchised negroes, would have lost thirty-three seats and Massachusetts one under his amendment, while a gain of twenty-four seats would have been split among a dozen states, which made considerable gains in population during the last decade.

It was the second time within a year that the house has blocked efforts to increase its size, during the last session a bill to fix the membership at 453 being defeated. At that time another bill providing for reapportionment under the 1920 census without increasing the number of members was passed by the house, but no action was taken on it by the senate.

Opponents of the bill tonight contended that the house already has an unwieldy body, and that it would function less efficiently with an increased membership. Chairmen of the committee, Representative Larned of Georgia, a democrat, member of the committee, pleaded for the measure while Representative Fairchild of Indiana, democrat, pleaded against it. Party lines were disregarded in the final vote.

Announcement by Representative Mondell, the republican leader, that although he had opposed an increase in the size of the house at the last session, he favored the Siegel bill, brought criticism from several republicans opposed to the measure. Representative Cooper of Wisconsin and Reedy of Maine, being particularly emphatic in their remarks.

MEN WILL RESUME WORK

(By The Associated Press.) Chicago, Oct. 14.—Seven hundred men will return to work here after a long lay-off when Chicago, Great Western railroad shops open Monday morning.

SPEED UP THE REPLACEMENT OF DEMOCRATIC FEDERAL OFFICERS WITH REPUBLICANS, IS REQUEST

Senator Elkins Writes a Letter of Complaint to Every Member of the Cabinet and Later Presents His Views in an Interview With President Harding.

(By The Associated Press.) Washington, Oct. 14.—Speeding up the replacement of democratic federal office holders with republican appointees was urged today by Senator Elkins, republican, West Virginia, who wrote a letter of complaint to every member of the cabinet and later presented his views in an interview with President Harding.

To the president Senator Elkins declared that the republicans of his state were "expressing impatience and disappointment that so little progress has been made in the past eight months in calling to the support of the administration men loyal to it, and in full sympathy with it."

A large majority of the important positions in the government, the West Virginia senator said, are still held by the "deserving democrats" whose party members he charged with having laid a "thoroughly organized and adroitly handled plan" to keep their appointees in power.

STEEL CORSETS FOR BOMB SQUAD MEMBERS

(By The Associated Press.) New York, Oct. 14.—Steel corsets for bluecoats is the latest fashion in New York. The corsets, known today, have been purchased after tests proved them bullet proof. They will be distributed in emergencies to members of the bomb squad and to other squads. They later may be introduced generally. Made of silk, canvas and Norwegian steels, they weigh six pounds.

ARTESIA GIRLS LEARN TO WIELD HAMMER AND SAW

(Special Correspondence to The Journal.)

Artesia, N. M., Oct. 14.—The Artesia public schools have enrolled about six hundred pupils up to the present date, one hundred and seventy being in the high school department. Over fifty of these pupils are transferred to and from school in the three large motor trucks, one each from Dayton, Atoka and Cottonwood.

A great interest in school affairs is being manifested by the school patrons, as is provided by the activity of the Parent-Teachers' association. The faculty, with Miss Alma Givans as city superintendent, is one of the best qualified faculty ever secured.

A large percent of the high school girls are enrolled in the home economics department. The commercial department has about forty pupils enrolled. The most unique class in the high school is the class of the Parent-Teachers' association. The faculty, with Miss Alma Givans as city superintendent, is one of the best qualified faculty ever secured.

Work on the high school annual, the "Rattler," has commenced and the staff hopes to publish the best year book in the history of the school.

CARRIERS WILL ASK BOARD FOR PERMIT TO CUT WORKERS PAY

(Continued from Page One.)

nouncement, declared that their action was being taken with the view of lowering freight and passenger rates in the future.

"It was determined by the railroads of the United States to seek to bring about a reduction in rates," said the statement, "telling of the proceedings of the meeting of the executives, and as a means to that end to seek a reduction in present railway wages which compelled maintenance of present rates."

To Ask For Wage Cut.
"An application will be made immediately to the United States railroad board for a reduction in wages of train service employees sufficient to remove the remainder of the in-

crease made by the labor board decision of July 29, 1920, (which would involve a further reduction of approximately ten per cent), and for a reduction in the wages of all other classes of railroad labor to the going rate for such labor in the general territories where the carriers operate.

"The foregoing action is upon the understanding that concurrent with such reduction in wages the benefit of the reduction thus obtained shall, with the concurrence of the interstate commerce commission, be passed on to the public in the reduction of existing railroad rates, except in so far as such reduction shall have been made in the meantime.

Depression and Distress.
"The railroads decide upon this course in view of their realization of the fact that the wheels of industrial activity have been slowed down to a point which brings depression and distress to the entire public and that something must be done to start them again in operation."

The statement then gives a lengthy review of railroad finances and declares that "it is manifest that the recent reductions of wages authorized by the labor board in no sense meets or solves the problem of labor costs and in no way makes it possible for the railroads to afford a reduction in their revenues."

Predicts a Strike.
Later tonight, Mr. Lee said that the district chairmen of the unions would receive their final instructions to start them again in operation. He said that if a strike would be ordered, he said:

"I will not say definitely, but were I a betting man, I would place my money that there will be a strike."

"Regardless of what action is taken, the final decision is only a matter of the rising and setting of a few suns. The district chairmen will receive their final orders tomorrow and then will go home. My chairmen already have been sent home and will receive their orders by mail."

Asked concerning the reports that a strike effective October 30 had been decided upon, Mr. Lee replied:

"I won't answer that definitely, but if some one has told you that they have hit a lot of nails on the head—perhaps they are not exactly right, but they are driving close."

SECRETARY FALL ON WAY TO WASHINGTON

(By The Associated Press.)

Three Rivers, N. M., Oct. 14.—Secretary of the Interior A. B. Fall, who spent the last ten days at his ranch home here, left last night for Washington.

RECEIVES DELEGATES.
Washington, Oct. 14.—President Harding today received 250 delegates to the convention of the National Council of Catholic Women and expressed pleasure at their report of progress in the campaign for a national service school.

"REMEMBER FRANCE," BIDS CLEMENCEAU, AS NATIVE VENDEE HONORS "TIGER"

The monument erected to Clemenceau at St. Hermine, France, by people of his native department of Vendee. Clemenceau, in his familiar slouch hat and long coat, is surrounded by poilus on the German front.

"Let us remember France's motto, 'Live in peace or justice or perish.' This was the keynote of the speech delivered by Georges Clemenceau, France's war premier and venerable statesman, at the unveiling of a monument to him at St. Hermine, in his native department of Vendee. 'Yesterday we were victors. Let no one place us in the situation where we ask whether we still are victors,' he said. 'The Pacific ocean is far away, but the German frontier is very close to us,' he pointed out, discussing the far east situation."

RANCHER STABBED IN THE CHEST AND BACK

(Special Correspondence to The Journal.)

England, a rancher living about eight miles from Gallup, was stabbed twice, in the chest and back, Wednesday. William Lope, a neighbor, was arrested and is being held in the county jail awaiting a preliminary hearing, in connection with the case.

The trouble between the two men is said to have arisen over the gathering of a crop which was raised on the England ranch, by a reuter, Morris Gordon, for whom Lope was working. Lope was hauling away a load of spuds. He was met on the road by England, and in a conversation a quarrel developed, and it is alleged that England, who is a much younger man, struck Lope, who retaliated by drawing a pocket knife and stabbing England, claiming that it was necessary for him to thus defend himself, as he was also holding a fractured arm of a mule which was hitched to the wagon. England, who was driving an automobile, realizing that he was injured more or less seriously, decided to drive to Gallup for medical assistance, but was unable to drive more than a mile before he became weakened by loss of blood. He was brought to town by a neighbor at whose house he stopped, and was taken to the local hospital. The seriousness of his injuries have not yet been determined, but from the preliminary examinations, it is believed that they are slight.

SAN MIGUEL COUNTY BUDGET IS SUBMITTED TO TAX COMMISSION

(Special Correspondence to The Journal.)

Las Vegas, N. M., Oct. 14.—The San Miguel county budget for 1922, totaling \$96,490.38 and expected to bring in \$81,927.12 on an 85 per cent collection, has been submitted to the state tax commission by John H. York, chairman of the board of county commissioners. The commissioners had figured on a 70 per cent collection, but the state tax commission stated it believed that an 85 per cent collection could be obtained. Mr. York stated that the county will use the utmost economy in any event, and if the collections are better than 70 per cent the treasury will be "hot much the better off." He said, however, that the county should have a full 100 per cent collection in order to meet all the anticipated expenditures.

The items in the budget are: Court, \$5,738.17; wild animal bounty, \$1,920.72; court house and jail repairs fund, \$964.86; general county purposes, \$27,088.39; indigent fund, \$12,894.58; judgment fund, \$364.86; special bridges, \$12,500; salaries and expenses, \$27,062.12; county road, \$14,472.92; interest, \$28,752.86; county health, \$9,448.61; federal aid road, \$28,596.37.

LAS CRUCES TO HAVE CHAPTER OF FAMOUS ENGINEERING UNION

(Special Correspondence to The Journal.)

Las Cruces, N. M., Oct. 14.—Las Cruces is to have a local chapter of the American Association of Engineers, the largest body of its kind in America.

Prof. R. W. Goddard, dean of engineering at the New Mexico college of agriculture and mechanic arts, and Prof. D. S. Robbins, first vice president and treasurer of the southwest district, have called a meeting for next Friday evening in the rooms of the chamber of commerce to organize the engineers practicing in the Mesilla valley.

Following the organization meeting, at which officers will be elected for the year, it is planned to have a series of monthly meetings to discuss topics of interest to the profession and provide some form of entertainment.

L. M. Lawson, of El Paso, president, and other officers of the southwest district, have approved the plan to organize a chapter in Las Cruces.

WILL PASTURE MANY LAMBS THIS YEAR IN RIO GRANDE VALLEY

(Special Correspondence to The Journal.)

Las Cruces, N. M., Oct. 14.—S. S. Hookland, manager of the Dona Ana county farm bureau, announced today that Joseph Cannon, of El Paso, will bring from 9,000 to 10,000 lambs from the ranges north of Las Cruces to the upper and lower valleys of the Rio Grande the latter part of this month for ninety days' feeding. The price quoted is \$5.75 a hundred on the hoof. Shipments will be made in February to Kansas City, El Paso and Mexico early in February.

From 1,000 to 5,000 of the lambs will be pastured in the Mesilla valley among others as follows: Timothy Williams, seven cars; Charles Miller, four cars; J. G. Stewart, A. W. Crowder and F. J. Rigney, one car each.

E. C. Crapps expects to buy 600 ewes for breeding on his ranch near Las Cruces.

Mr. Hookland says there is every reason to believe that the lamb-raising industry will become an important factor in Dona Ana county.

Living in Austria is now 98 times as costly as in 1914.

STATE NEWS BRIEFS

(By The Associated Press.)

Las Vegas.—There are 538 students rolled at the Normal university here which is 25 per cent larger than it has ever been at this time of the school year. At additional students are being enrolled every day.

Las Vegas.—Fishermen will be glad to know that the new state hatchery on the Pecos has been completed and will be turning out baby fish some time in December. With this hatchery in full operation, the streams in the state can be stocked more often and with fish better acclimated to New Mexico waters. There is always some loss caused by shipping fish from hatcheries far away.

Deming.—Work is still progressing at the Honda cannery, and it is estimated that the pack may run 12,000 cases if frost does not come earlier than usual.

Magdalena.—Milo Burlingame, who bought outside parties, shipped over 1,000 head of cattle from this station Monday. The stock was purchased from numerous cattlemen and the price paid was \$1.75 per hundred. The shipment went to Denver, where the cattle will be placed in feeding pens preparatory to going on the market.

Deming.—What E. E. Baker of Siltco can do on one arm in the way of farming, many others with two arms and the same will be won't ought to be able to accomplish. Mr. Baker's specialty is Poland China hogs—he has about 200 of them. He farms forty acres under irrigation for feed crops and markets his grain on the hoof. He says that he is doing well and is happy to be a Mimbres valley farmer.

HOISINGTON RETIRES FROM GUARD AFTER 37 YEARS ACTIVE SERVICE

(By The Associated Press.)

Topeka, Kans., Oct. 14.—When Perry M. Hoisington, of Newton, colonel of the Fourth infantry, and senior line officer of the Kansas national guard, retired Thursday, he left behind a record of thirty-seven years' active service in the national guard, thirty-one years of which were in Kansas. He reached the retiring age of 64 on October 12.

Colonel Hoisington entered the Michigan national guard as sergeant in 1875 and served in that grade until 1881. In 1890 he entered the Kansas national guard as first lieutenant of company D, Second infantry, at Newton. He rapidly advanced through the grades of captain and major and on August 15, 1895, was commissioned colonel, in command of the Second infantry.

The veteran colonel commanded his regiment on the border in 1916. When the United States entered the world war, Colonel Hoisington took the regiment to Camp Doniphan where it was consolidated with the First Kansas and designated the 137th infantry, 34th division. He had hoped to take the physical disability for front line service he was honorably mustered out of the federal service on October 12, 1917. He was assigned to command the Fourth Kansas when it was organized in 1918.

"Colonel Hoisington has always been an ardent, loyal supporter of the national guard and retired from the service as one of its most loyal and enthusiastic supporters," said Charles I. Meakin, adjutant general. "The record of Colonel Hoisington is one that can well be studied and emulated by the young men of the national guard today. I am sure that every Kansas guardsman greets to see the colonel sever his active connection with the guard. His side acquaintance and high standing in the state and nation has brought to the service, loyalty and approbation of the people of the state."

UNCLE SAM COLLECTS \$90,023 TAX ON THE WORLD SERIES GAMES

(By The Associated Press.)

New York, Oct. 14.—The world's series netted Uncle Sam a handsome profit, but not as much as the Dempsey-Carpentier boxing bout.

Frank K. Bowers, collector of internal revenue, said that the tax collected on the eight world's series games amounted to \$90,023. The bout brought in \$158,947.77 in taxes, he said.

Twelve chief inspectors of the revenue department kept daily tally on the attendance at the ball games and checked off the sales of tickets with the baseball management.

COAL DUST EXPLOSION INJURES 18 MINERS

(By The Associated Press.)

Marshallfield, Ore., Oct. 14.—Eighteen men are at hospitals at North Bend and Coquille as a result of a coal dust explosion today at the Beaver Hill mine near Coquille. Six of the men are seriously burned and physicians said two may die. The mine is owned by the Southern Pacific Railway company.

The entire day shift of eighteen men were caught in the mine when the explosion occurred, and rescue was effected by men of the other shafts.

TUBERCULOSIS

Dr. Glass has positive proof he is able to cure tuberculosis by inhalation in any climate.

LOUISVILLE RACE IS MARRIED BY BAD SPILL

(By The Associated Press.)

Lexington, Ky., Oct. 14.—The forty-ninth annual meeting of the Kentucky Trotting Horse Breeders' association closed this afternoon. The 2:05 trot and the 2:01 pace proved good closing contests. The Great winnifer the trot after losing the first heat to Kilo Watts and Sanardo capturing the pace after finishing third in the second heat, won by Hal Mahone.

The final heat of the meeting was marred by a bad spill when Sir Roch and Senator Wilkes went down while rounding the first turn. Charles Dean Jr. and Harry Gray were behind the two horses. Neither horse nor drivers sustained serious injuries.

Escott had little trouble in annexing the 2:10 trot while a 3-year-old trot went to Hilldale farm's Sakura in straight heats.

HARRY S. DUFFIELD, VETERAN ACTOR, DEAD

(By The Associated Press.)

Los Angeles, Calif., Oct. 14.—Harry S. Duffield, 71, veteran actor, died at his home here last night. Mr. Duffield three weeks ago celebrated the fifty-ninth anniversary of his first appearance on the stage, which was in a juvenile role. He was in the confederate army for a short time as a drummer boy, after which he returned to the stage. He played with stock companies during most of his career.

Modern Servants

Every twentieth century machine has its part in serving man in a better way than he was served before.

But if you had to do without all but one of the modern inventions, which one would you keep?

To realize the value of the telephone to all of us in our everyday business and social life, we have only to glance back a comparatively few years and recall what we did when there were no telephones.

Today the alert business man is sending his voice here, there and everywhere by Local and by Long Distance Telephone, going after business ahead of competitors who employ slower methods. The telephone is man's most useful modern servant.

ABSCONDED WITH \$72,000 NAVAL FUNDS, ADMITS

Patrick T. Brennan, Wanted at Norfolk, Va., Is Arrested at Phoenix; Tells How Money Was Taken.

Phoenix, Ariz., Oct. 14.—Patrick T. Brennan, who, in company with two other naval enlisted men, absconded with \$72,000 from the paymaster's office in the navy yard at Norfolk, Va., on December 22, 1920, was arrested here today. Brennan's story was told in a written confession made by the prisoner, according to agents of the federal department of justice.

Brennan is said to have related in his confession how he and his accomplices, all of whom were young men in the paymaster's office, took the money from a safe containing \$100,000 in ten, twenty, fifty and one hundred dollar bills. He said they only took \$72,000 because that was all they could get into the hands of the public without arousing suspicion. In his confession, Brennan related a story of "high life" in all parts of the United States. He told of buying expensive automobiles and of extended trips taken by him until his share of the money was all spent. He said he was married after he stole the money and that he and his wife lived in Tucson, Ariz., for a time. He arrived here in a box car, financially "broke," according to the officers who secured the confession.

When first arrested the prisoner gave the name of W. B. Hutchesson but later he declared he was Brennan. Director Burns of the federal department of justice at Washington, has been notified of the arrest.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

AMERICANS ARE MINUS FUNDS IN SPANISH PORTS

Many Who Enlisted to Fight Against the Moors Are Destitute Abroad, Washington Is Advised.

(By The Associated Press.) Washington, Oct. 14.—Many of the adventurous Americans who enlisted with the Spanish forces to fight the Moors have found service with the Spanish troops was not such as they expected, and are reported destitute in Spanish ports. Others have been rejected by the Spanish medical authorities and they, too, are left stranded.

They were recruited mostly in New York. Some of them came from the ranks of the unemployed. Some former service men and a few were former commanding officers in the United States army in the world war. They were enlisted by officers of the Spanish army for a foreign legion in the Moorish campaign. As some question arose over whether the recruiting was in contravention of the neutrality laws, it was discontinued, but not until after many Americans had shipped for Spain.

Now, according to advices reaching Washington, many of these Americans are stranded. The Spanish government has not offered to return them to America.

MECHEM APPEALS TO BANKERS TO AID IN RELIEF FOR FARMERS

(SPECIAL DISPATCH TO MORNING JOURNAL.) Santa Fe, Oct. 14.—Saying it was believed \$10,000,000 would be available in New Mexico under the \$2,500,000,000 agricultural relief bill passed by congress, Governor Mecham today wrote the bankers of the state asking for their co-operation.

The governor says he gets this sum there must be companies with \$1,000,000 capital stock and New Mexico hasn't any. He says it has been suggested that the banks organize such companies "by directly subscribing for the capital" stock as far as allowed by law or by financing subscriptions by others where direct participation is prohibited.

The governor says he has asked the president of the New Mexico Bankers' association to call a meeting to consider the advisability of adopting this plan or other.

W. C. T. U. CONVENTION OPENS AT SANTA FE

(SPECIAL DISPATCH TO MORNING JOURNAL.) Santa Fe, Oct. 14.—The thirty-eighth annual convention of the W. C. T. U. was opened today at the Baptist church with delegates from Raton, Carlsbad, Vaughn, Jelen and Santa Fe.

Mrs. N. J. Strumquist, Albuquerque, the president, read her annual message this afternoon and memorial services were held for Rosalind, Countess of Carlisle, and Mrs. Ella O. Wood, treasurer of the organization for twenty years.

Harry Lauder, photographed since his arrival.

Sir Harry Lauder, famous Scotch comedian, is touring the United States again in his "first faraway" as he calls it. He says he hopes to outdo the famous Patti's record of farewell appearances.

PASSPORT VISES ARE NEEDED BY PERSONS GOING INTO MEXICO

(By The Associated Press.) Nogales, Ariz., Oct. 14.—Persons going from the United States to points in the interior of Mexico must have their passports vised by the Mexican consul in their home districts, according to an announcement made here today by Joaquin Terrasas, Mexican consul here.

Mr. Terrasas said he had received these instructions from the state department at Mexico City.

For instance, Mr. Terrasas said, a resident of Phoenix cannot go to Hermosillo, Sonora, unless he has a passport properly vised by the Mexican consul in Phoenix. In the same way, he said, a New Yorker would have to hold a passport vised by the Mexican consul in New York. Mr. Terrasas said he would refuse to vise the passport of any person who did not reside within the territory under his jurisdiction, and that persons from other districts would be compelled to return to their homes to get the necessary vise before entering Mexico.

The new ruling does not apply to persons desiring to visit border towns, he said.

PRESIDENT VIOLATED RIGHT OF HOUSE, IS CLAIM OF COCHRAN

(By The Associated Press.) Washington, Oct. 14.—The house judiciary committee would be directed to "inquire whether it is within the scope of the president's constitutional authority to address either house of congress without notice to the other, and in its absence, whether he may place on any proposal of legislation actually pending or likely to come before it" under a resolution introduced tonight by Representative Bourke Cockran, demo. alt. New York.

"If such power be found to exist," the resolution continued, "the judiciary committee is hereby directed to inquire whether the language of the constitution conferring it on the executive should be made more specific and whether the manner in which it is to be exercised should be regulated by law."

Mr. Cockran declared that President Harding in addressing the senate July 12 on soldier bonus legislation "had violated the constitutional right of the house to share in all communications which the president may address to congress respecting legislation."

LOCAL ITEMS

Coal Supply Co. Phone 4 and 5. Four styles of coal buckets, at very special prices, delivered with other goods. Today is the last day for this special sale. J. Korber & Co.

Pay Poll Tax at High School. Pythian Sisters will meet tonight at 8 o'clock at 8 o'clock. Mrs. Hucks, deputy supreme clerk, will attend the meeting.

Isaac Gonzalez filed suit in the district court yesterday against Mrs. Catherine E. Clark and others to quiet the title to county real estate.

Four dollars, full wagon load factory, wood; limited amount. Hahn Coal Co. Phone 91.

UNIVERSITY HEIGHTS DOINGS

Professor Hought of the university is building a handsome California type cottage on the corner of Stanford and Silver avenues. Six new houses are under course of construction now south of Coal avenue.

A petition will shortly be presented to the board of county commissioners requesting protection from livestock trespassing in that district east of the city limits comprising the lands of the University of New Mexico, University Heights and Terrace additions to the city. The county road superintendent is putting Yale avenue in first class travelable condition.

Don't forget that International Poultry Food Tonic tones up the system of hens so they will be in good condition to resist disease and lay more eggs. Successful for 30 years. Sold by Valo Bros., 307 North First street.

PACT OF AMITY WITH MEXICO IS NECESSARY, SAYS

Lamont Declares the Interests He Represents Support the State Department in Its Demands.

(By The Associated Press.) Mexico City, Oct. 14.—An intimation that the interests he represented solidly support the state department in Washington in its demand for the signing of a treaty of amity and commerce by Mexico prior to the United States according recognition to Mexico, was contained in an address made by Thomas W. Lamont at a luncheon at the American Chamber of Commerce today.

"Our American business men in Mexico," said Mr. Lamont, "must not attempt to exploit Mexico. They must have scrupulous regard for private and for public rights. They must know at all times just where they stand."

"Whatever form of expression the Mexican government takes to manifest its national attitude towards the Americans (as indicated in President Obregon's utterances) is not a matter of so much importance to American business men, always provided that its declarations of a character absolutely clear and explicit and capable of only one interpretation by honorable men."

"If such should prove to be the case, then, indeed, the cloud which I already can see breaking away on both sides, will be completely dissipated. Then all cause for misunderstanding between these two sister republics will have been removed once for all, then as neighbors and friends we can count for generations to come upon disturbed harmony and good will."

Referring to his mission in Mexico, Mr. Lamont said it obviously would be improper to discuss this subject at this stage.

He added:

"I am glad to testify that the members of the Mexican government show to me that they have a realization of the importance of these impending financial matters, and that they have approached our discussion with great courtesy and in a spirit of candor and good will. And in turn I may be permitted to say that the interests I represent are animated with the liveliest desire to be of genuine service to Mexico. It is with this object always in view that I have come from New York in order, first, to make it plain that the interests I represent and those of this government are in effect identical, and next, to offer to President Obregon and his associates such counsel and aid as we may possess."

Mr. Lamont prefaced his remarks with a reference to business conditions in the United States, saying:

In a business way the United States has seen the worst of its troubles. I don't say we are all over them yet, but we have been through the depths of the valley of despond and are now beginning to creep up the slope again. Clearly it is up—not down. Our crops are good; the steel business, always an important index to the general trade, is picking up; as Judge Gary told me the day I left for Mexico City, and railroad earnings are improving. All these indices are favorable and I believe before the end of the year we shall have gone forward far enough to be able to look back at last spring and summer and confidently say, it was the roughest part of the road."

FALL SUGGESTS NATIONAL PARK IN NEW MEXICO

(SPECIAL DISPATCH TO MORNING JOURNAL.) Las Cruces, N. M., Oct. 14.—Southern New Mexico will have an all year national park if the suggestion by Secretary of the Interior Albert B. Fall is carried out, as it can be by the people of New Mexico, Texas, Arizona and Nevada supporting such a movement. Mr. Fall suggested the need of a park in the southwest and that the people of the southwestern states ought to get back of it. He also suggested that a large amount of money is to be expended on federal aid highways and that there is a possibility of legislation permitting the sale of a portion of public land, the funds derived therefrom could be used to build road approaching the highways, thus making the park accessible to traveled roads.

The plan suggested is to set aside part of the Mesquero Indian reservation, the Lincoln forest, the Sacramento mountains and Elephant Butte reservoir, the largest man-made lake in the world, and convert them into a public playground which would be kept open the year around. The park would be easy of access from El Paso and all parts of western Texas, as well as from Albuquerque, Santa Fe, Las Vegas and other cities and towns in northern New Mexico, also to tourists over the southern route and by the dam to dam route from Phoenix, Ariz., to Elephant Butte, N. M., the proposed park would afford a variety of mountain plains and forest scenery. Also Elephant Butte lake, with a 200-mile shore line, for fishing, boating and bathing.

Stephen Mather, director of national parks, who has given much of his time and money to beautifying the nation's playgrounds, is understood here would favor a movement to create a park in the southwest.

H. H. Brook of Las Cruces, president of the Elephant Butte Irrigation district, which consists of all the irrigation farmers of the Mesilla and Rincon valleys of the Rio Grande, said tonight that he favored organizing at once a southwestern national park association, with memberships in every city, town and hamlet in the southwestern states to encourage the movement suggested by Mr. Fall, to induce the federal government to establish a park as outlined in the foregoing.

"The creation of a public park at and around Elephant Butte lake," he added, "would mean much to the country, especially since the parks in the northern parts of the United States are open only part of the year."

LEE ANDERSON WINS REFEREE'S DECISION OVER CYCLONE TURNER

Phoenix, Ariz., Oct. 14.—Lee Anderson of Phoenix, negro light heavyweight champion of the world, won the referee's decision over "Cyclone" Turner, negro, of Fort Worth, Tex., in ten rounds here tonight. Anderson administered a terrific beating to Turner but the latter fought gamely to the end of the battle.

In the semi-final Ira O'Neill of Phoenix knocked out "Fighting" Beaver of Yuma in two rounds. Both men are middleweights.

FALL SUGGESTS NATIONAL PARK IN NEW MEXICO

(SPECIAL DISPATCH TO MORNING JOURNAL.) Las Cruces, N. M., Oct. 14.—Southern New Mexico will have an all year national park if the suggestion by Secretary of the Interior Albert B. Fall is carried out, as it can be by the people of New Mexico, Texas, Arizona and Nevada supporting such a movement. Mr. Fall suggested the need of a park in the southwest and that the people of the southwestern states ought to get back of it. He also suggested that a large amount of money is to be expended on federal aid highways and that there is a possibility of legislation permitting the sale of a portion of public land, the funds derived therefrom could be used to build road approaching the highways, thus making the park accessible to traveled roads.

The plan suggested is to set aside part of the Mesquero Indian reservation, the Lincoln forest, the Sacramento mountains and Elephant Butte reservoir, the largest man-made lake in the world, and convert them into a public playground which would be kept open the year around. The park would be easy of access from El Paso and all parts of western Texas, as well as from Albuquerque, Santa Fe, Las Vegas and other cities and towns in northern New Mexico, also to tourists over the southern route and by the dam to dam route from Phoenix, Ariz., to Elephant Butte, N. M., the proposed park would afford a variety of mountain plains and forest scenery. Also Elephant Butte lake, with a 200-mile shore line, for fishing, boating and bathing.

Stephen Mather, director of national parks, who has given much of his time and money to beautifying the nation's playgrounds, is understood here would favor a movement to create a park in the southwest.

H. H. Brook of Las Cruces, president of the Elephant Butte Irrigation district, which consists of all the irrigation farmers of the Mesilla and Rincon valleys of the Rio Grande, said tonight that he favored organizing at once a southwestern national park association, with memberships in every city, town and hamlet in the southwestern states to encourage the movement suggested by Mr. Fall, to induce the federal government to establish a park as outlined in the foregoing.

"The creation of a public park at and around Elephant Butte lake," he added, "would mean much to the country, especially since the parks in the northern parts of the United States are open only part of the year."

MAN IS CONVICTED OF COMPLICITY IN ROBBERY IN DENVER

(By The Associated Press.) Denver, Colo., Oct. 14.—With the verdict of guilty tonight in the trial of William Hunsell, alias Jack Rose, two men have been convicted of complicity in the daylight robbery here recently of A. H. Hoyer, cashier for a drug company, when the cashier was taking more than \$30,000 to the bank. The bandits got only several hundred dollars, overlooking a bag containing about \$30,000.

Earlier in the day a jury had found Leslie A. Rayen guilty of a similar charge. Hunsell was found guilty of a charge of robbery with a gun. The punishment may be from ten years to life imprisonment in the state penitentiary. Rayen was found guilty of simple robbery, for which the penalty is from three to ten years.

COLT SONS TO CONTEST THEIR FATHER'S WILL

(By The Associated Press.) Bristol, R. I., Oct. 14.—Russell G. Colt, and Russell C. Colt, sons of the late Colonel Samuel P. Colt, rubber magnate, through their attorney today filed notice with the probate court here that they would contest their father's will. The grounds for contest were not stated and under the Rhode Island law need not be for ten days.

Colonel Colt died at his home here on August 12. Under the terms of his will certain sums were given to public institutions and to each of his household servants varying amounts. Each employee of the Industrial Trust company, a Providence banking institution of which Colonel Colt was president was given \$1,000. The major portion of the estate went to his sons, Russell G. Colt's share was in the form of a fund given jointly to himself and to Ethel Barrymore, his wife, to be held in trust for their children.

GIBBONS KNOCKS OUT ALLEN

St. Louis, Mo., Oct. 14.—Tommy Gibbons, St. Paul light-heavyweight, knocked out Fred Allen, St. Louis, in the first round of a scheduled twelve-round decision bout here tonight.

PRINCETON AND NAVY CLASH ON GRIDIRON TODAY

This Engagement and Five Inter-Sectional Games Furnish the Principal Interest in the East.

(By The Associated Press.)
New York, Oct. 14.—Princeton's engagement with the Navy at Annapolis and five inter-sectional games furnish the principal interest in the east's football program tomorrow.

Navy's eleven has shown greater strength and dash than in 1920, when the Tigers scored two touchdowns and held the middles scoreless.

The Princeton organization, which possessed of all its 1920 qualities, has been slow of development. The Annapolis squad has pointed for the Tigers and is expected to be at the height of its game.

In one of the inter-sectional struggles tomorrow Harvard will entertain Georgia.

Washington and Lee will line up against Rutgers. Both eleven are light and dependent upon speed and dash.

Dartmouth's guest, Tennessee, is new to the east, but the rugged style of the mountaineers may prove a stumbling block to the Green.

Wabash, one of the best of the small western college eleven, meets the army at West Point.

Cornell plays Western Reserve at Ithaca. The red and white eleven has displayed good form. But little is known of the strength of the invaders.

Tale tackles Williams and the Eli followers look for victory by a comfortable Penn State, which played to a 7-7 tie in 1920, will meet on the latter's field. Rhode Island and Maine each of which made a touchdown in their 1920 game against Colgate and Susquehanna went scoreless against each other last year.

SALVATION ARMY WILL BEGIN WORK AT CRUCES SATURDAY, OCTOBER 22

(Special Correspondence to The Journal.)
Las Cruces, N. M., Oct. 14.—Staff Capt. Samuel Bradley, divisional commander of the Salvation Army in Arizona, New Mexico and western Texas, from El Paso writes to L. E. Freudenthal of the local advisory board, that the army's work in Las Cruces will begin Saturday, October 22, adding:

"We are anxious to establish a Salvation Army corps in your city, and we appreciate the interest the people and the advisory board have taken in getting the work started in Las Cruces."

Envoys will come to Las Cruces next Monday to assist the local board to have everything in readiness for the corps to be stationed here.

PIONEER RESIDENT OF CARBON CITY IS DEAD

(Special Correspondence to The Journal.)
Gallup, N. M., Oct. 14.—Funeral services for the late Mrs. Reese Beddow will be held Saturday afternoon at 2:30 o'clock at the residence of the Order of the Eastern Star, Mrs. Beddow was a pioneer resident of Gallup, the wife of the former state mine inspector, Reese Beddow.

During the term of the late Governor W. C. McDonald, Mr. and Mrs. Beddow came to Gallup in the early nineties. For some time Mr. Beddow was engaged in the coal mining business, operating the old Otero mine under lease from the Victor American Fuel company, until that mine was worked out. Later he engaged in the hardware and furniture business. Mrs. Beddow was always an active worker in community affairs. She was an ardent worker in the affairs of the Methodist church here, and did much to keep the church going and in building it up during the early days of the town.

Funeral services will be held from the church which she had attended regularly for many years. She was 61 years of age at the time of her death, which occurred Sunday morning following an operation from an ailment from which she had suffered for more than a decade.

She was the mother of six children; four boys and two girls, all of whom are married and have families. All are present in the city to attend the funeral services.

GEORGE GEAKE SINGS FOR HOME TOWN FOLKS

George Geake, who has just returned from New York where he recorded his voice for the Sonora and Columbia phonograph companies, gave a recital for Masons and their guests at Fort Wayne, Ind., his former home, according to a story in the Fort Wayne Journal.

"An unusually interesting and enjoyable program was given by George Geake, of Albuquerque, New Mexico, son of William Geake of this city, yesterday afternoon at the Scottish Rite cathedral for the pleasure of the Masons and their guests. He possesses a rare tenor voice, full of tenderness and beauty of tone, and his shading and thorough understanding of music makes him an artist of the highest degree," says the Fort Wayne paper.

FAIRMOUNT DECLARED WINNER BY FORFEIT

(By The Associated Press.)
Wichita, Kan., Oct. 14.—With Fairmount leading the Kansas Wesleyans, 24 to 0, near the end of the first half here today, Coach Mackie of the Wesleyans ordered his men off the field and officials declared Fairmount winner by forfeit.

A remarkable record. Chamberlain's Cough Remedy has a remarkable record. It has been in use for colds, croup and whooping cough for almost half a century and has constantly grown in favor and popularity as its good qualities became better known. It is the standard and main reliance for these diseases in thousands of homes. The facts that it can always be depended upon and is safe and pleasant to take are greatly in its favor when it is wanted for children.

STAR BACKFIELD GIVE S HARVARD FAIR TEAM

Three stars of the crimson team: George Owen, star line plunger, left, tackling the dummy. In center, Jack Crocker, star end. At right, Charley Buell, quarterback and star punter.

Harvard has no Mahan or Casey this year, but has an all-star backfield which is expected

to give Harvard a winning attack. Charley Buell, quarterback and star punter, whose toe

has already shown its ability this season, is the pivot man of the team.

Theaters Today

"B" Theater—Repeating today for the last time "The Country That God Forgot," with Tom Santschi, George Fawcett and Mary Charleson as the leading stars; also repeating the Paramount-Vanderbilt Exploration series, entitled "The Jungle Dancers."

Lyric Theater—"A Tale of Two Worlds," adapted from Gouverneur Morris' famous story, is being repeated today for the last time with an all-star cast; also repeating for the last time "Striking Models," a special Christie comedy.

Pastime Theater—"Carnival," will be seen for the last time at the Pastime today. It is a production from the United Artists' corporation. Besides this main attraction the management is also repeating the added pictures.

INTERESTING STORY TOLD ON THE SCREEN AT LYRIC THEATER

The colorful events of the Boxer uprising of 1899 form the background for "A Tale of Two Worlds," an original screen story from the pen of Gouverneur Morris, one of America's best living short story writers. He is associated with the Goldwyn-Eminent Authors, and has the distinction of being one of the few authors who supervise personally the production of their stories.

This latest Eminent Authors production, which is being shown at the Lyric theater today for the last time, is a triumph for the artist as well as for the director and the author. The beauty of China in the nineties is contrasted with the tawdriness of a street in Chinatown in San Francisco. The act is not a photograph of the real thing, but of a reconstructed street. In this atmosphere, Frank Lloyd, the director produced a gripping melodramatic tale, in which the love interest centers about an American youth and a young girl whose parents were killed in the Boxer uprising. Coupled with the romance of the story, is the quest of a few of the Chinese, the motive that actuates the Chinese villain. Hags of Chinese appear in the story, lending a verisimilitude to the picture.

In the end a great awakening came to Helen Brant, who had never been outside of "The Country That God Forgot."

The excellent direction of Marshall Nollan, the wonderful portrayal of Tom Santschi, Mary Charleson and George Fawcett makes "The Country That God Forgot" a truly great picture.

"CARNIVAL" PROVES ITSELF MOST GORGEOUS PICTURE: SEEN TODAY AT PASTIME

"Carnival," the long awaited international photoplay recently released by United Artists and which is being shown at the Pastime theater today for the last time, is a picture gorgeous in production and beautiful in setting. Harley Knoles who produced it so outdistances any picture ever made abroad by an American technical staff that there is nothing with which to compare it. The picture was made in Venice, the picturesque canals forming no small part of the film's attraction. The carnival scenes of revelry are truly magnificent; so magnificent and so prolonged that you forget the object of the play almost, the real

Why coyotes are the object of continuous extermination drives on the part of the United States biological survey bureau is graphically shown by a grouping of a number of stuffed coyotes being exhibited at the Whitney hardware window. The group is one of the exhibitions shown by the biological survey and forest service at the Raton fair by the bureau in the agricultural department section.

Remarkable work has been done in preserving the animals of the group, which consists of a mother coyote and her pack of whelps about to devour a lamb.

Many remarkable exhibits were shown at the Raton fair by all of the federal bureaus which operate in the southwest section. The forest service and biological survey groups caused considerable favorable comment and were viewed by thousands each day of the fair, which ended recently.

Interest of which is crowded into the last half-hour or so of an exhibition that lasts for the better part of two hours. Mr. Matheson Lang, as Silvio, has never done anything finer on either stage or screen. The spectators burst into applause, spontaneous and prolonged—a thing which rarely happens during the actual screening of a film, but in this instance it is more than justified. Miss Hilda Bailey and the other members of the cast all acquitted themselves perfectly.

After a brief honeymoon of two months Owen Moore has announced that he is ready to resume work at the Selznick studio. His next picture will be "Love Is an Awful Thing." Not such a complimentary title to use right after a honeymoon, is it?

30 DELEGATES ATTEND STATE LABOR MEETING

Two-Day Conference of State Federation Will Conclude Tonight With Banquet at I. O. O. F. Hall.

Resolutions submitted yesterday at the opening session of the New Mexico State Federation of Labor at Labor temple will be passed upon by the resolution committee this morning and presented to the conference. It was intimated last night that some of the resolutions are of a very important nature, such as recommending the adoption of more stringent building laws in the state.

A mass meeting was held last night by the delegates and local organizations. Several addresses were delivered.

Following the sessions today the delegates will take an automobile drive to Isleta and upon their return will enjoy a banquet at Odd Fellows' hall. Commissioner Ed Swope will preside at the banquet.

Committee appointed yesterday by President M. J. Lynch which will report this morning are as follows:

Committee on credentials: George Rutherford, W. J. Baker and Tom Pratt, of Albuquerque; Felix Mandell, of Clovis, and Tom Pratt, of Santa Fe. The auditing committee is made up of James J. Votaw, J. F. Windborn and Harry Keyster, all of Albuquerque. The committee on courtesy is composed of L. H. Hansen, R. B. Silver and Robert Nugent, of this city.

The committee on resolutions is made up of James A. Moore, Las Vegas; George Rutherford, W. J. Shanahan, W. J. Baker and J. Gary, Albuquerque. The committee on state federation laws consists of W. P. Seyfried, J. B. Russell, Harry Keyster and J. B. Russell, of Albuquerque; and Robert Brown, of Gallup. C. P. Fisher, Gallup, is secretary of the convention. The legislative committee consists of Ed Swope, J. B. Harris and Tom Price. Mr. Rutherford was elected sergeant-at-arms.

Woman's Daily Magazine Page

THE WOMAN HE MARRIED

By JANE PHELPS.

NAN AND JUANITA DISCUSS MARRIAGE.

CHAPTER 113.

Dick had written an ambitious story, that was what he called it. It was longer, the theme more serious than any he had yet sent to a publisher. He had written it either locked in his study, or when I sat with him quietly mending, or designing motifs for my decorative work. Not once had Juanita entered the study when he was working upon it, although she came over frequently. Always I told her Dick could not be disturbed, and often he would unconsciously bear me out by coming into the living room or on the porch for a moment and then excusing himself.

"Can't I help, Dick?" she asked one day, annoyed I think because of being shut out.

"No, thank you, Juanita. I am going alone this time. Perhaps the next time I write I will need you. The look he gave her went far to spoil any pleasure I may have had sensed in his refusal to allow her to assist him. He was still enamored of her—even if not so completely as before.

At times my heart failed me—times like these when I saw he was still influenced by his feeling for her. Then I would wonder if it was worth while? If the unwilling faith and loyalty of any man was worth the effort I was making? Then my love would surge over me and I would be willing to do anything, suffer anything, if only I could win back his love.

Not that Dick was ever actively unkind; he wasn't. But his indifference hurt me cruelly. Often he seemed unaware of my existence, and he had entirely stopped using any love words or giving me the caresses he used to lavish upon me.

To be sure, he kissed me occasionally when I went out in the morning to be gone all day, but I doubt if he would have done even that had I not shown I expected it. And I knew the reason. It was not Dick's nature to be hypocritical. He gave his caresses, he kissed me to Juanita; he would not give them to two women.

One day Juanita said to me: "I suppose the purpose of our lives is to get all the happiness out of congenial companionship wherever we can find it. That is why marriage is so often a mistake."

I was so astonished at her remark that I audibly caught my breath. Until then Juanita never had expressed such sentiments.

"Is marriage so often a mistake?" I asked after a bit. "Naturally the first wild thrill passes, and then there is something comes in its stead, something more stable."

"But is any man satisfied with what you call 'something more stable'?"

I rather wondered why she said "man?" Had I been asking the question I would have substituted "woman." I scarcely knew how

to answer her, yet I had an idea that she meant the companionship between herself and Dick—that it was right for them to get all they could out of it, regardless of me.

"Yes, I think so," I finally replied. "Take Dick, now—he is temperamental, fond of anyone or anything which interests him. But it doesn't last. He always tells me of his feeling for this one and that one, even though he appears to be fond of them."

"You mean—that he tells you what he does?" Always?

"Not only what he does, but what he says and thinks," I exaggerated.

The peculiar light in Juanita's eyes told me I had hit her in some way. I had meant to, and was delighted. So I went on.

"Of course, Juanita, I couldn't talk to everyone like this, but you and Dick have been so chummy that I feel I can say anything to you and that you will understand. Especially as you and I have been equally as chummy."

"He is horribly disappointed that our book wasn't a success," she changed the subject.

"Yes, you see you and he weren't fitted to work together, or he would have perceived the discrepancy in your ideas. Naturally he was disappointed. But he has pulled himself together and we must help him all we can."

"Help him—how?"

"By leading him undisturbed. He hates to tell you himself, Juanita, for fear you will feel hurt, so he leaves it to me. I know you are far too sensible to be offended if he refuses to leave the study when you come over."

"Oh, certainly! I am sure I don't want to intrude."

"I knew you would feel like that," I replied, and a little while afterward I told Dick that Juanita said she didn't expect him to leave his work when she came. Then I added:

"I guess now that she sees she isn't liable to get anything out of your friendship she is tiring."

I knew Dick so well I was positive nothing I said would be repeated. He might be indifferent, but so long as we lived together his pride would prevent him from discussing me with Juanita.

To Gain a Good Reputation.

The way to gain a good reputation is to endeavor to be what you appear. That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take.

Barking is not a natural trait of the dog. A wild dog does not bark, but will readily acquire the habit if reared among tame ones.

Informal tea at Y. W. C. A. for board and committee members from 2:30 to 5 p. m.

Mrs. G. W. Bond at home from 3 to 5:30 p. m.

Miss Mildred Harris will entertain at afternoon bridge.

JUMPER FROCK IS STILL IN VOGUE

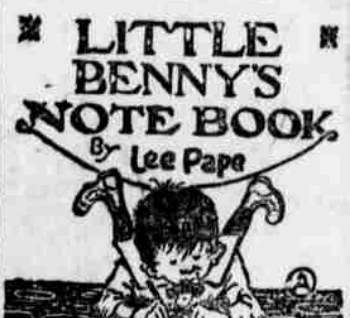

(By ELOISE.)

The jumper frock which took the country by storm late in the summer had a short but very active life predicted for it. It is fooling everybody, however, and is still living and going very strong, as many of the new fall and winter frocks prove. The jumper has many possibilities which a clever and original designer can bring out.

It is a lovely new model for afternoon or informal wear. It is made of wine-colored mousseline cloth, a soft fabric belonging to the dainty family. It is a straight line, frock with just a hint of a blouse over the hips. The gimp is made with the youthful round collar and full sleeves. It is of pussy willow satin in the same wine shade.

A hat of mousseline cloth trimmed with a bit of chenille embroidery and chenille lopped tassels completes the outfit.

Yesterday I found a old medicine bottle with the label saying Poison in big red letters, me thinking, G. wouldn't pop feel funny if he just gargled and then looked at the bottle and saw this label on it.

Being a deer, and I took the label off the bottle, and smeared some paste on it and stuck it on the outside of pops gargle bottle in the medicine chest, and this morning before breakfast I heard pop making gargle noises, and I quick ran in the bath room to watch him, and he was gargling and still holding the gargle bottle in his hand, me saying, G pop, you gargle musical.

With pop started to choke and some of the gargle blew out and pop swallowed wat dilent, and he kept on choking a while and then, he said, You musent say anything to make me luff wen Im gargling thats nothing to do, dont do that

TOO ILL TO WORK

A Mother Tells How Her Daughter Was Made Well Again by Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"At the age of sixteen my daughter was having trouble every month. She had had pain across her back and in her sides, her back would pain her so that she could not do her work and would have to lie down. My married daughter, recomended Lydia E. Pinkham's Vegetable Compound.

She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter."—Mrs. KATIE BROWN, 4034 N. Fairhill St., Philadelphia, Pa.

Standing all day, or sitting in cramped positions and often with wet feet, young girls contract deranged conditions, and before they are hardly aware of it they develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should profit by the experience of Mrs. Eicher and give Lydia E. Pinkham's Vegetable Compound a fair trial.

Miss Glenna Collett of Providence, R. I., a eighteen-year-old miss, started golf lessons recently by negotiating the course in \$5 in the qualifying round of the national woman's golf tourney at Deal, N. J.

EFFICIENT HOUSEKEEPING

By LAURA A. KIRKMAN.

TWO GOOD DINNER MENUS.

Your family will enjoy the following dinner menus:

Ham Loaf
Macaroni Hamkins
String Beans
New Baked Apples
Coffee

Ham Loaf: Put 1 pound of ham through the meat chopper, including fat, and add 1 cup each of bread crumbs and boiling water, and 2 beaten eggs. Season with 3-4 teaspoon of dry mustard and a pinch of paprika. Mix well then turn into a buttered bread pan to bake in a slow oven for 2 hours. Serve sliced, either hot or cold.

Macaroni Hamkins: (Macaroni) In the dinner menu takes the place of potatoes. Put into the top of a double boiler 1-2 tablespoons of butter and 2 tablespoons of flour; mix well and when smooth add 1 cup of rich, sweet milk and let cook until thickened. Add 5 tablespoons of grated or finely chopped cheese and 1 cup of boiled macaroni broken into short lengths. Remove from range as soon as the cheese is dissolved and season with salt and pepper to suit individual taste. Let cool then stir in 3 well beaten eggs and turn the mixture into small, buttered ramekins; place these ramekins in a large shallow pan containing enough hot water to come half-way up the sides of the little baking dishes, and let bake in a moderate oven until set. Serve hot, either in or out of the moulds. These are delicious.

New Baked Apples: Core 6 apples and stuff the centers with a mixture of dry bread crumbs, brown sugar, cinnamon and bits of butter. Place these apples in

shallow baking dish and pour over them the following hot sauce: Boil together for a minute 1-2 cups of water, 1 cup of dark brown sugar and 1-2 teaspoons of vinegar. After putting this sauce on, bake in a slow oven till the apples are tender.

Italian Veal
Rice Croquettes
Beets
Apple Pie

Italian Veal: Buy 2 pounds of lean veal and roast this in a moderate oven until only half cooked (it should be roasted enough to slice easily). Remove it from the oven, slice it thinly and cut the slices into smaller pieces (each piece should be 2-3 inches square—or thereabouts). Now saute these pieces in a hot frying pan with a very little grease until they begin to curl up slightly. Then add the liquor from the pot in which the meat was roasted, and enough boiling water to cover the veal slices. Put into the pan also 4 peppers which have been cut into pieces the same size as the veal pieces (seeds discarded). Let all simmer for 1 hour. Then add salt and pepper to suit taste. A few minutes before serving, add 1 cup of hot tomato juice, thicken the gravy slightly with a little flour and water paste. Turn the veal and pepper pieces out onto a meat platter, pour the gravy over them, and serve very hot. (This dish may also be made from left-over cold roast veal simmered with peppers for 1 hour, as above described. In this case 1 cup of cold left-over gravy must be used.)

It will be noted that no potatoes appear in this menu, also. For rice is another potato substitute, and if rightly cooked, it is just as delicious—and more economical.

RIPPLING RHYMES

By WALT MASON.

THE AUTO TRIP.

When starting on an auto trip, be sure your tires are good, and see that all your sparkplugs zip, with pen, beneath the hood. Have ample small change in your pouch, a basketful of lunch; and, oh, be doubly sure no growth in girth, with the bunch. Be sure the crankcase has its oil, the best that you can buy; it's wrong to make a motor toll with all its bearings dry; your extra tire should be supplied with eighty pounds of air, and if a sorehead wants a ride, say "No—the walking's fair." You may be fixed for every chance that motoring can spring, be fixed to a ride in circumstances, as happy as a king; but if a grouch is in the crowd, your glee will fade away,

your weary head will soon be bowed in trouble and dismay. For a puncture stops your bus, as motoring sometimes do, by the grouch will make a mighty fuss, and many rags he'll chew. And if perchance you lose your way, when night is coming on, the grouch will write his hands and navy, and keep it up till dawn. And if the rain begins to fall from black clouds overhead, the spineless grouch will whine and bawl until you wish him dead. You and your many friends might smile when divers things go wrong, enjoying every outdoor mile, if Grouch were not along; you take him at a frightful cost when on a trip you go, for he is like the bitter frost that blights all things that grow.

Bedtime Stories For Little Ones

By Howard B. Garis

Copyright, 1921, by McClure Newspaper Syndicate.

UNCLE WIGGLY AND SUSIE'S APPLE.

Once upon a time Susie Little-tail, the cute little girl rabbit, hopped over to Uncle Wiggly's hollow stump bungalow and said to the bunny gentleman:

"Oh, Uncle Wiggly! Please come for a hop in the woods with me, and perhaps we may have an adventure."

"Well, I'm sure it would be lovely if we could have one!" laughed Mr. Longears, who was twinkle of his pink nose. "Anyhow, we'll try, Susie. Come along!"

So the rabbit gentleman and the little girl bunny began hopping through the woods. The dried leaves rustled under their paws and other leaves, golden, red and purple, sifted down from the trees and tickled the bunnies on their legs. Mr. Longears, who was rather liked that and laughed in glee.

Pretty soon Uncle Wiggly said: "Well, Susie, we don't seem to be having much of an adventure, haven't seen the Fuzzy Fox, nor yet the Wootzie Wolf!"

"And I'm glad of it!" laughed Susie. "I don't want any wootzie or fox, I want a hop to a pretty one. Just wait until I go to the top of the next hill. I may see a lovely adventure there."

So Susie hopped to the top of the next hill, and, looking down, she clapped her paws and cried: "Oh, Uncle Wiggly! I see it! A lovely red one!"

"A red what?" asked the bunny. "A red adventure?" chuckled Susie. "Come and look."

Uncle Wiggly looked down the hill and said:

"That isn't an adventure, Susie. It's only a big red apple that has fallen from some tree."

"Well, I can make an adventure out of a red apple!" spoke the little girl. "I can take it home and make a pie, or I can make a dumpling of it, or stew it into sauce, or make an apple turnover, and that will be an adventure."

"Indeed it will!" agreed Uncle Wiggly. "And as the apple is so large, Susie, I'll help you take it home."

Well, it was a very large, red, juicy apple, so big in fact that between them Susie and Uncle Wiggly couldn't carry it.

"I know what we can do!" exclaimed the bunny. "I can tie a wild grape vine, like a piece of rope, around the apple, and we can pull it home."

"Just like a little sled or express wagon!" laughed Susie. "Oh, what fun it will be!"

So the bunny tied the grape vine to the apple and, taking hold of the other end of the vine, he and Susie pulled the fruit along the ground.

"I think I'll have mother make a pie of this apple," said Susie, after a while, when they were about a quarter of the way home. "A pie would be very good," said Uncle Wiggly.

They went on a little further, with the apple going bumpy-bump over the ground, and, all of a sudden, Susie stopped and said:

"Oh, Uncle Wiggly! Do you know what I think?"

"Well, not exactly. What do you think?" asked the bunny, twink-

THE RED CROSS SHOP BROADENS SCOPE OF WORK

Faintly and attractively new garments made by volunteer workers of old or new materials and offered at a price that makes them available for poor people, is an innovation for the Red Cross salvage shop at 325 North Third street.

Samples of the variety of fresh new things which are sold on exhibit at the federal building today during the first regional conference of the Red Cross in New Mexico.

The new garment department was opened principally to supply a demand for inexpensive articles which were not usually donated and to offer to poor people articles of wearing apparel which have not been cast off by some one else. Among the new things which are being sold are children's dresses, aprons, baby dresses, work aprons, boudoir caps, quilts and rugs.

Sewing on the garments is done by Mrs. Thomas T. Eyre, manager of the shop, in her apartments, in her spare moments, by several volunteer workers and by women in various churches and club organizations who are becoming interested. The materials and directions are furnished at the shop. Knitting of scarfs and baby booties for sale in the shop is also being done in the same manner. All interested groups of women are encouraged to assist in the hand work for the Red Cross.

There is still a demand for discarded clothes at the shop which far exceeds the supply, according to Mrs. Eyre. Children's dresses for school wear, winter underwear, men's shirts, party dresses and heavy coats are among the articles for which there is the greatest demand. Books, particularly for children and toys to stock up for Christmas, are needed. A voluntary committee composed of Miss Marcela Matson, Miss Virginia Carr and Miss Maxwell Lovelace, has been at work the past week collecting articles that have been donated to the shop.

The Red Cross shop with its new sign "Attract Passerby" is becoming more and more of a community center, where women come to help work and to talk over their troubles and where former soldiers and their families come for advice and direction to other departments of the Red Cross where they may receive help. The shop may be reached by telephone No. 833.

ling his pink nose curious like. "I think, instead of a pie, I'll have mother make a dumpling of this apple," said Susie.

"Very well," answered the bunny. "A dumpling would be fine." They went on a little further, and all of a sudden, Susie said:

"Oh, I've changed my mind! I think, instead of a dumpling, I'll have mother make a turnover of this apple!"

"Turnovers are most excellent," spoke Mr. Longears. "And perhaps it would be a good thing if we hurried on, Susie, to get home before you change your mind again. I wonder what is going to happen?"

"Apples don't worry," laughed Susie.

They went on a little farther, the apple going bumpy-bump over the ground, and, all of a sudden, as they reached the top of a hill, Susie exclaimed:

"What are you going to do with the apple now?" asked Uncle Wiggly.

"I'm going to roll it down hill and make it go bang on the nose of the old Fuzzy Fox, who is hiding at the foot of the hill to catch me!" said Susie.

"What? A Fox?" exclaimed the bunny.

"A sure enough Fox!" said Susie. "Quickly she unfurled the grape vine from the apple, and rolled it down the hill. Bump! bump it rolled until at last it hit the old Fox right on his nose as he stuck his head out of the bush.

"Oh, wow!" cried the Fox, and away he ran to the doctor's, not hurrying Uncle Wiggly at all.

"It's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

Then the two bunnies dragged the apple home and Mrs. Little-tail made some fudge out of it, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

"That's a good thing you had sharp eyes, Susie, and saw the Fox!" said Uncle Wiggly, as he once more took the vine on the apple, which was the very nicest thing to do.

Del Monte CANNED FRUITS AND VEGETABLES

PACKED WHERE THEY RIPEN—THE DAY THEY'RE PICKED

Del Monte Perfect Foods Perfectly Packed Priced Moderately

No Disappointments are Ever Packed Under the Del Monte Label

Why Not Fill Your Pantry Now? And Get the Benefit of Quantity Prices on All Your Winter Canned Goods!

We have just received a very large shipment of the new pack of Del Monte Fruits and Vegetables, and are very glad indeed to offer our customers substantial savings on quantity orders.

We can afford to do this because you believe us of the cost of holding an extensive supply for YOU—and the cost of making many sales is saved by making but one.

More than that—if you order now we can supply you with exactly what you want as our stock is complete.

And what fruits they are, too! Many delicious varieties from the garden spots of the world "packed where they ripen the day they are picked"—with all their fine flavor and delicious freshness. Stored on your pantry shelf where they stand ready for instant, economical service in adding tempting variety to everyday menus all year around.

Why not figure your winter needs today? Simply come to us with your requirements and let us figure with you. Here, as a suggestion, are the many varieties of the new Del Monte pack that we have on hand:

CANNED FRUITS—Apricots, Blackberries, Loganberries, Raspberries, Strawberries, Cherries, Grapes, Peaches, Sliced Peaches, Bartlett Pears, Sliced Pineapple, Green Gage Plums, and Prepared Prunes—all ready to serve.

CANNED VEGETABLES—Asparagus, Asparagus Tips, Baked Beans, Hominy, Green Chile Peppers, Red Pimientos, Sauerkraut, Spinach.

FOOD SPECIALTIES—Jams, Jellies, Preserves, Maraschino Cherries, Pickles, Tomato Sauce, Mustard, Salmon and many other varieties.

DUKE CITY FILM ATTRACTS LARGE CROWDS AT 'Y'

Film Showing Albuquerque and Other Interesting Places in New Mexico Will Be Given Again Tonight.

Several hundred persons witnessed the Albuquerque and New Mexico movie at the Y. M. C. A. last night. All available seats were filled. The film will be shown again this evening at 8 o'clock and a matinee will be held this afternoon at 2 o'clock for children under 12 years old.

Aside from showing many of Albuquerque's most interesting scenes, including the university, Y. M. C. A. Harvey house, old town, schools and probably 3,000 Albuquerqueans, there are also scenes of the Santa Fe river and Rio Grande. This is the first time the famous cliff dwellings have been filmed.

The proceeds of the movie will be placed in a special "Y" fund being raised to purchase a motion picture projector for the organization. When enough money is raised for the machine, the "Y" will be placed on a free exhibit which has a library of more than 25,000 reels of educational film. These will be shown at the Y. M. C. A. schools and at other places as occasion arises. The Y. M. C. A. organizations in many cities are making a specialty of this type of educational work.

STUDENTS WORK HARD BUILDING NEW BLEACHERS

With only a few exceptions, all of the men of the state university were on the football field yesterday afternoon to aid in the construction of the new bleachers.

Two of the six sections which are to be built were practically completed by evening, and all of the lumber for the remaining sections was cut to shape so that there will be no difficulty in completing the work of construction by this evening.

The new stand will be permanent in its nature, being rigidly constructed, and with seats and foot boards of ample width. Plans for the stand were drawn by students of the department of engineering, and the work of construction is under their direction. The work will be continued this morning and afternoon, and the women of the university will serve lunch to the workers at noon.

How To Get Relief from Rheumatism

Scientists Agree That the Cause Is Due to Waste Products in the Blood

The blood is the means by which all tissues, muscles, ligaments and flesh of the body are directly or indirectly nourished. It is also the blood stream that carries out waste and waste products are cast out of the system.

When waste products accumulate, they are a menace to life. They cause a lowered vitality, many skin disorders and rheumatism. Genuine relief from the agonies of rheumatism can be had only by correcting the basic trouble—waste products.

Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There is no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 50 page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address: Chief Medical Director, Swift Specific Co., 732 S. S. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.

COUNTY AGENTS JUDGE ESTANCIA EXHIBITS TODAY

County Agent Lee Reynolds returned yesterday from his vacation spot at his former home in Arkansas. The county agent and Mrs. Maude Doty, county home demonstration agent, will go to Estancia today to act as judges at the Estancia valley Boys and Girls club exhibitions.

The Estancia valley is planning to send at least four teams of boys and girls to compete at the state Boys and Girls club exhibition to be held at Clovis. The winning teams, which will represent the valley, will be chosen by the Estancia county agents. Various types of club work will be exhibited, including sewing, agriculture, canning, cooking and baking.

HEATING PLANT TO BE PUT IN JAIL AT ONCE

Commissioners Award Contract to E. Corcoran; Prisoners to Help Repair the County Roads.

Commissioners yesterday awarded the contract for the heating plant at the county jail to Edward Corcoran. The agreed price is \$387. The plant will be of the steam heating type and will be installed at once. The county jail has been heated by a number of stoves, most of which are now out of order and need repair. The plant will probably be installed by the end of next week.

County, federal and city prisoners who occupy the county jail this fall and winter will be able to qualify as road workers when they complete their sentences, if plans made yesterday by the commissioners and Sheriff Tony Ortiz are carried out.

The jail is gradually filling with men charged with vagrancy or similar charges, and it was arranged that County Road Superintendent Max Chavez can use the prisoners for road work whenever necessary. Mr. Chavez stated yesterday that he would take advantage of the opportunity and have several stretches of road now being held up on account of lack of county funds. Many healthy, strong men are being arrested, especially in the city, and they will receive necessary exercise to keep them physically fit through Mr. Chavez's plan.

"PEP" SESSION HELD AT HIGH SCHOOL FOR FOOTBALL GAME TODAY

At the big pep session held at the high school yesterday morning, the Albuquerque high gridirers carelessly vanquished the Indians, but they may find it harder to do at Washington park gridiron this afternoon. On this occasion the A. H. S. squad swarmed on the stage and carried off the Indians and their scalps. They held a short procession in which Henry Gerphelde represented the down-trodden Red Skins, while the Pale Faces came "to bury the Indians and not to praise them."

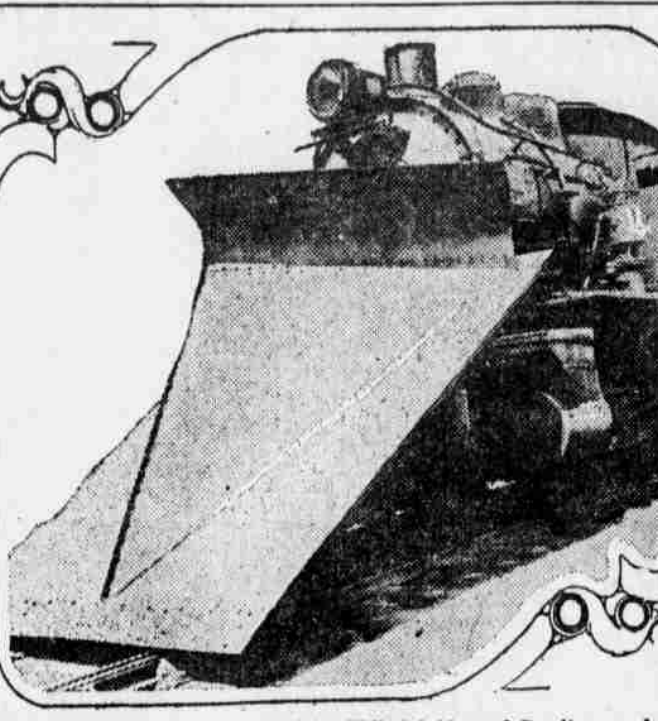

Several short talks were made. The chairman of the meeting was Joe Benjamin, half back of the high school squad. The first talk was given by Loren Mozely, who explained the significance of the schedule. The A. H. S. football team can be directly compared, through their opponents to the gridiron squads of California, Colorado, Arizona and Texas.

Vollie Brown, another high school student, then introduced the members of the line-up for tomorrow's game to the assembly. Robert Hughes gave a talk urging the high school students to buy more season tickets. Miss Helen Grunfeld, delivering the last speech, telling of enthusiasm in A. H. S. sports.

Mr. Van Buskirk talked to the students about season tickets. Don Cavanaugh, the high school cheer leader, then led some snappy yells.

Twenty thousand umbrellas were left in the cars of the Paris underground railway last year.

THIS ENGINE HAS ITS WINTER COAT ON

New type of snow plow used on Philadelphia and Reading road.

It is getting chilly and soon the feathery nuisance, snow, will be blocking traffic again, and everybody will make the excuse that they were "snowed in" when they arrive a day later than scheduled. The Philadelphia and Reading railroad is preparing for a hard winter by equipping its locomotives with the new type of snow plow pictured here. It is said to be the most effective yet devised for clearing snow of moderate depths from the tracks.

DUKE CITY CAN ACCOMMODATE STATE TEACHERS

Rooming Bureau Starts Making Arrangements; C. of C. to Canvass City for Available Rooms Soon.

The Y. M. C. A. will co-operate with the chamber of commerce in securing rooms for the teachers who will be in the city Thanksgiving week for the state teachers' convention and the chamber of commerce information desk will be situated at the "Y" parlor. Teachers coming to the city will go to the "Y" where they will be assigned the rooms chosen for them and taken to the rooms in automobiles.

A canvass of all available rooms in the city will be made about November 1 by chamber officials. The rooms will be listed and reservations checked against the lists as they are received. It is expected that fully 3,000 teachers will be in the city to attend the state convention.

"While this will be the largest number of visitors ever entertained in the city at one time, we can assure them now that they will find accommodations here," declared D. H. McKee, secretary of the chamber of commerce yesterday. The room and information bureau at the "Y" will be maintained day and night during the opening days of the convention. Chamber officials and members will co-operate with the taxi service in driving the visitors to their rooms upon their arrival here. This system was used last year with great success, as many as 300 teachers, who came on one train, being assigned rooms and taken to them within an hour.

DEATHS AND FUNERALS

NAZERAT — A native Nazarat died at a local hospital yesterday at the age of 38 years. His home was in New Orleans, La. The body will be shipped there tonight. Strong Brothers are in charge.

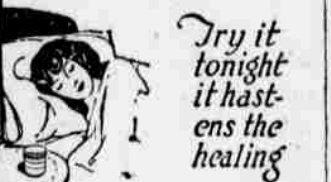

CROOKS — Funeral services for Miss Alice Crooks were held yesterday morning at the Immaculate Conception church, Father Mandarini officiating. Interment was in Calvary cemetery. Strong Brothers were in charge.

CONNERS — Funeral services for Mrs. Goldie Conners will be held this morning at 10 o'clock at Strong Brothers chapel. Rev. Charles McKean officiating. Interment will be in Fairview cemetery.

MONTOYA — Mrs. Claudia Montoya, 60 years old, died last night at her apartments on North Fourth street. She is survived by two sons, one of whom lives in California. The body was taken to Crockett's funeral parlors, pending instructions from the sons.

RESINOL

Soothing and Healing Means a Restful Night. No wakeful hours of itching torment if you apply freely this cooling ointment and bandage lightly.

MUSICAL PROGRAM OF REMARKABLE QUALITY AT WEEKLY ASSEMBLY

Piano numbers by Mariano Garcia, Jr., constituted the feature of the assembly yesterday morning.

Mr. Garcia performed the Second Hungarian Rhapsody with remarkable feeling, and responded to an enthusiastic encore with another selection from the same composer. Students in the department of music also rendered several vocal and instrumental numbers.

FIRST REGIONAL MEET OF RED CROSS TODAY AT FEDERAL BUILDING

The first regional conference of the Red Cross meets today, with delegates from all over the state present. The following will talk to the conference on many and varied topics: T. J. Mabry, Miss Edith Childers, Dr. L. E. Peters, Miss C. G. Gunderson, Dr. J. E. Docherty, Mrs. Thomas T. Eyre, Mrs. James B. Reed, Mrs. J. T. McLaughlin, Miss Lillian Hennigan, Ervin Ervitt, Mrs. Ashley Pond, Mrs. T. J. Mabry, Robert E. Bondy, and Miss Mary Ann Cross.

BOXERS FINISH TRAINING FOR MONDAY BOUTS

City Boxing Commission Will Announce Referee and Judges Today; Boxers Look Fit for Fast Work.

Benny Chavez and Sailor Gonzales will finish their training today for the main event of the Monday evening boxing entertainment to be held on at the armory by Dan Padilla. The boys have been training hard for the bout and both announced yesterday that they considered themselves in the pink of condition.

Anaya, who will box the Insurrecto in the semi-windup, claims he's got it all planned to hand the old boy a K. O. The two have fought for the past few years, usually to a draw, but never yet to a K. O. decision.

The referee will be named today and passed upon by the new city boxing commission. The commission will announce the names of the judges either today or tomorrow. George Ringling, who announced the world series at the Journal, will be official announcer at the entertainment.

The Monday bout is the first to be staged here since the city boxing commission was appointed by Chief of Police John R. Galusha at the suggestion of the city commission. The commission was created in order to put a stop to boxing in the city. It has complete control of arrangements, all of which must meet the approval of at least two members before the entertainment can be staged.

UNITED STORE HAS FIRST GRAB SALE

The people of Albuquerque flocked to the United first grab sale in such numbers that the demand far exceeded the supply of packages. By special request the management has agreed to repeat the sale today. They have wrapped hundreds of packages and placed them in the window. There is not a single package that contains less than 10 cents worth. The children had worlds of fun, the ladies shrieked with laughter and the men simply roared. All had a great time. If you want to get your money's worth in fun, besides your merchandise, just be on hand at the United Store today.

WILL TRY TO FLY FROM EDMONTON TO NEW YORK

(By The Associated Press.) Edmonton, Alberta, Oct. 14.—Capt. B. Hyde Pearson, on an all-metal monoplane, left here today for the first lap of a flight to New York. Stops will be made at Regina, Great Falls, Mont., St. Paul and Chicago.

Captain Pearson, accompanied by Lieutenant Bush, mechanic, and K. A. Blatchford of Edmonton, expects to arrive in New York within a week.

It takes forty to twelve months to break up a war-torn city that has been sent to the scrap pile.

Forty-three railway cars were required to carry the furniture of the ex-kaiser to Holland.

PRICES SOARING IN AUSTRIA, IS UPSON'S REPORT

Economic Conditions in Europe During the Past Month Remained Practically Unchanged, Report.

(By The Associated Press.) Washington, Oct. 14.—Economic conditions in Europe during the past month remained practically unchanged, improvement in some countries being nearly balanced by unsatisfactory developments in others, according to a summary of cables reports issued tonight by the commerce department.

There were no real changes in general economic conditions in England during September, said Commercial Attache Dennis at London. Toward the end of the month a slight stringency developed in the market, he declared, and even the decline in prices of some commodities was interrupted for a time by rather sharp fluctuations, but these soon leveled out. Exchange had risen, he added, as a result of a considerable advance in British exports.

Germany is Active. Increased industrial activities in Germany were reported by H. A. Adams at Berlin. The stock exchange was very active, he said, and both wholesale and retail shipments were doing much business. There was, however, he asserted, great concern over the fact that the present boom did not so much indicate an economic recovery as it showed the result of the mark depreciation and the rush of buyers who feared a further increase.

Unsettled conditions prevailed in Austria during the month, W. E. Upson at Vienna informed the department. Government finances were in even a worse condition than formerly, he reported, while prices were soaring and supplies in general were inadequate. There were symptoms of a panic, he said, and runs were being made on stores.

Textile Industry. A substantial improvement in the textile industry of Czech-Slovakia, especially in cotton and knitted goods for Rumania, Poland and the Balkans, was noted by Trade Commissioner Geringer at Prague. The unemployment situation was improving, he declared, and while there was considerable wage reduction, efficiency was increasing.

The general situation of the Italian industries showed very little change during September, according to Commercial Attache Small, proprietor of the Blue Bird Tea room. While the usual activity was maintained in the textile mills, very little encouragement could be gleaned, he declared, from the conditions prevailing in the other major industries of the country.

A large budget deficit, minimization of foreign trade totals, and abnormally large purchases of foreign grains constituted the outstanding features of the economic situation in Spain during the month, as reported by Commercial Attache Cunningham at Madrid.

FRANK H. STRONG HELD GUILTY OF CONTEMPT

(SPECIAL DISPATCH TO MORNING JOURNAL.) Santa Fe, Oct. 14.—Frank H. Strong, Albuquerque, was held guilty of contempt by Judge Collis Noblett, United States district court, today following the hearing of a petition of trustee in bankruptcy over the property of Bertha Small, proprietor of the Blue Bird Tea room. It was alleged Strong Brothers had taken from F. O. Westerfield, trustee in bankruptcy, certain property in his custody.

MORAN DEFEATS CLINE. New Orleans, La., Oct. 14.—Pal Moran, of New Orleans, won over Irish Patsey Cline, of New York, in the third round of a scheduled fifteen round bout here tonight by a technical knockout. Cline weighed 139 pounds and Moran 138.

The national remedy of Holland for over 200 years; it is an enemy of all pains resulting from kidney, liver and uric acid troubles. All druggists, these sizes.

Look for the name Gold Medal on every box and accept no imitation.

KANSAS MINERS SUPPORT HOWAT; LEWIS IGNORED

(By The Associated Press.) Pittsburg, Kans., Oct. 14.—Between 4,000 and 5,000 Kansas coal miners, meeting at Franklin late today, adopted resolutions upholding the administration of Alexander M. Howat, president of the Kansas union, suspended yesterday on order of John L. Lewis, president of the international mine workers' union. Resolutions also were adopted declining to recognize the provisional administration created under President Lewis' orders, and refusing to comply with instructions sent out today by Acting President Peck that all striking miners return to work immediately.

About 12,000 miners have been on voluntary strike since the commitment to jail recently of Howat and August Dorcy, union vice president, for violating the criminal section of the state industrial court law. Howat and Dorcy are serving six months in the Cherokee county jail at Columbus.

Supporters of the provisional regime asserted tonight that the Franklin meeting was attended only by friends of the suspended administration and that resolutions recognizing the new administration and voting to return to work would be adopted at a mass meeting of miners of the southern end of the field to be held at Scammon tonight.

The London property owned by King George as Duke of Lancaster has been held by the British royal family since 1260.

KASEMAN GIVES \$500 DONATION TO UNIVERSITY

Money Is to Be Applied to Furnishing of New Addition to Womens Residential Hall.

At the weekly assembly of the state university in Rodey hall on Friday morning, President David S. Hill announced that he had just received a check for \$500, a gift from George A. Kaseman. This money is to be applied towards the furnishing of the new addition to the women's residential hall, which is now nearing completion and relieves the university of considerable embarrassment in an emergency.

President Hill reported that the gift came readily from Mr. Kaseman when approached and was without premeditation upon Mr. Kaseman's part. This is the third gift which Mr. Kaseman has made to the university upon similar emergencies, the first being a gift of \$2,000 which started the fund for the erection of the new home economics building, and another of \$400 made for the publication of a research upon a geological subject as related to oil production made by Professor Ellis, of the university.

BUCK DEER MEETS DEATH CHARGING LIGHTS ON TRUCK

Friday morning at 2:30 o'clock, a tragedy was enacted on the road to Mountainair, about fifteen miles from the town.

A motor truck laden with a rich cargo of pinto beans was speeding toward the city, when a large buck deer calmly stepped into the road and gazed at the headlights of the car. As the car sped toward it, the animal jumped to one side of the road, and came into abrupt contact with an adjacent fence. This served to startle the deer more than ever, and in a blind rage, he charged again at the car, hitting the radiator, breaking it, the headlights, and incidentally, his back. The driver took the animal into Mountainair, where an official investigation lasting a half-day was held to ascertain whether a possible violation of the game laws had been perpetrated. However, the solemn verdict returned declared that the deer had come to its death by running into a gasoline vehicle.

TRIAL IN LIBEL SUIT POSTPONED UNTIL NOVEMBER

Maggee and Journal Granted Continuance; File Motion to Strike Amended Complaint.

A continuance until November 1 for the first hearing in the libel suit of J. M. Reynolds against Carl C. Maggee and the Journal Publishing company was granted by Judge M. E. Hickey, after a hearing in the district court yesterday.

The continuance was granted on the motion of the defendants, on the ground that R. H. Hanna, their attorney, had not yet sufficiently recovered from his illness and that H. B. Jamison, associate counsel for the defense, had not had time to prepare his material for the trial.

The first hearing will be on the petition of the defendants to strike from the files the amended complaint of the plaintiffs. Petitions to strike the amended complaints of J. M. Reynolds and A. B. McMillen were filed Thursday in the district court.

The following reasons were given for striking the amended complaints in both cases:

1. Because the amended complaints were filed without any order from the court to do so.
2. Because the said amended complaints were filed without any authority of law for so doing.
3. Because said amended complaints attempt to set up causes for action distinct and original from the causes of action set up in the original complaints.
4. Because said amended complaints are material departures from the original complaints, and manifestly impertinent and entirely irrelevant to these articles.
5. Because said amended complaints attempt to set up new libels distinct and separate from those set up in the original complaint, some of said alleged libels being libels alleged to have occurred subsequent to the filing of these articles.

MONEY APPROPRIATED FOR EUROPEAN RELIEF

(By The Associated Press.)

New York, Oct. 14.—Appropriation of \$1,200,000 for relief work in Russia and for aiding refugees in nearby countries was announced today by Felix M. Warburg, chairman of the joint distribution committee of the American funds for Jewish war sufferers.

Seven hundred thousand dollars of the appropriation will be expended within Russia through the American relief administration and \$500,000 will be used for the refugees.

JUDGE'S DECISION IS AWARDED BILLY SHADE

(By The Associated Press.)

New York, Oct. 14.—Billy Shade, San Francisco, received the judges' decision over Pay Kelsner, Cumberland, Md., after a fast fifteen-round bout tonight. Shade was the aggressor throughout, closing Kelsner's right eye with a left hook in the ninth round. The men are heavyweights.

Eddie O'Dowd, Columbus, Ohio, 115 pounds, and Abe Goldstein, New York, 113 pounds, boxed an eight-round draw.

Gene Tunney, A. E. F., light-heavyweight champion, was awarded a decision over Jack Burke, Pittsburgh, after the second round of an eight-round bout. Burke was cut over the left eye and said he was unable to continue.

WAGES CUT 10 PER CENT

Chester, Pa., Oct. 14.—A reduction of 10 per cent in wages for day workers, effective October 22, was announced today by the Merchant Shipbuilding corporation. Approximately 500 men will be affected. The change in rates for piece work or subcontracts is contemplated, the announcement said.

SMITH WAS URGED BY MANY FRIENDS TO GIVE IT TRIAL

"Two years ago when began taking Tanlac I wasn't able to strike a lie of work, but in a little while I had gained about ten pounds in weight and was back on the job feeling fine," said R. A. Smith, an employee of the Merchant Ship Co., residing at 217 East Sixth St., Los Angeles, Calif.

"I had stomach trouble for two years and was in a awful run-down condition. I suffered from indigestion almost every minute, and would fill up with gas something terrible. My kidneys bothered me considerably, and my appetite was so poor I could hardly eat anything. I tried nearly everything, but nothing helped me and I kept getting weaker until it seemed I had no strength at all.

"A number of my friends got after me to try Tanlac, and on my second bottle I began to feel better, so I kept taking it until it brought back my appetite in full force and I got to where I could eat just anything I wanted without a bit of trouble. I went back to work feeling better than I had in years, and I've felt good ever since until recently when I got hurt in an accident. I'm just out of the hospital now, and I'm taking Tanlac to build me up, and it's doing that very thing."

Tanlac is sold in Albuquerque by the Alvarado Pharmacy and by other leading druggists everywhere. (Adv.)

WILL CONTINUE POST SEASON SERIES TODAY

(By The Associated Press.)

Baltimore, Md., Oct. 14.—The post season series between the Baltimore International and the Louisville American association baseball teams will be continued tomorrow, with daily games scheduled until the winner of the series is decided. The count now stands at three-two in favor of the local club.

How Better Than Pills?

The question has been asked, in what way are Chamberlain's Tablets superior to the ordinary cathartic and liver pills? Our answer is, they are easier and more pleasant to take and their effect is so gentle that one hardly realizes that it is produced by a medicine. Then, they not only move the bowels but improve the appetite and strengthen the digestion.

LEGAL NOTICE

State of New Mexico, State Corporation Commission of New Mexico, Certificate of Comparison, United States of America, State of New Mexico, ss.

It is Hereby Certified, that the annexed is a full, true and complete transcript of the Certified Copy of Amendment to Certificate of Incorporation of El Paso Cattle Loan Company, increasing capital stock from \$400,000.00 to \$900,000.00 (No. 11178), with the endorsements thereon, as same appears on file and of record in the office of the State Corporation Commission.

In Testimony Whereof, the State Corporation Commission of the State of New Mexico has caused this certificate to be signed by its Chairman and the seal of said Commission, to be affixed at the City of Santa Fe on this 29th day of September, A. D. 1921.

(Seal) HUGH H. WILLIAMS, Chairman.

A. L. MORRISON, Clerk.

The State of Texas, County of El Paso, ss.

We, the undersigned, president and secretary respectively of the El Paso Cattle Loan Company, a corporation incorporated under the laws of the state of Texas and authorized to do business under the laws of the state of New Mexico, do hereby certify that the 1st. Location of the principal office of said company in the state of New Mexico, is Albuquerque, New Mexico.

2nd. The name of the agent in charge of such office upon whom process against the corporation may be served is W. B. Webster, a resident of the city of Albuquerque, New Mexico.

This certificate is made and attached as a part of an amendment to the Articles of Incorporation of said company to be filed in the office of the state corporation commission of New Mexico, increasing the capital stock of said corporation from \$400,000.00 to \$900,000.00.

Witness our hands and the seal of said corporation, this the 27th day of September, A. D. 1921.

W. H. WAGGONER, President.

NOTARY PUBLIC

(Seal) R. HOOVER, President.

The State of Texas, County of El Paso, ss.

Know All Men by These Presents, That at a meeting of the stockholders of the El Paso Cattle Loan Company held at the office of said company in the city and county of El Paso, state of Texas, on the 11th day of July, 1921, in conformity with the by-laws of said El Paso Cattle Loan Company more than two-thirds of the stock of said corporation, that is to say, seven-sevenths of the stock of said corporation was voted to increase its capital stock from Four Hundred Thousand (\$400,000.00) Dollars to Nine Hundred Thousand (\$900,000.00) Dollars.

Now, therefore, we, G. E. Thompson, J. B. Irving, W. H. Waggoner and Jas. A. Borders, being a majority of the directors of said corporation, in compliance with the action of the stockholders, have this 10th day of August, 1921, increased the capital stock of said El Paso Cattle Loan Company from Four Hundred Thousand (\$400,000.00) Dollars to Nine Hundred Thousand (\$900,000.00) Dollars.

We certify that all of the increased capital stock has been in good faith subscribed and that more than fifty (50 per cent) thereof has been paid in in cash in conformity with the affidavit hereto attached.

In Testimony Whereof, we have hereunto signed our names at El Paso, Texas, this 10th day of August, 1921.

G. E. THOMPSON, J. B. IRVING, W. H. WAGGONER, JAMES A. BORDERS.

Department of the Interior, U. S. Land Office, at Santa Fe, N. M., Oct. 5, 1921.

Notice is hereby given that Saloma Montoya y Chavez, of Alameda, N. M., who, on December 7, 1917, made homestead entry, No. 85439, for E1/2 SE1/4, E1/2 SW1/4 SE1/4, E1/2 SE1/4 NW1/4, section 27, township 5 N., range 8 E., M. P. meridian, has filed notice of intention to make three-year proof, to establish claim to the land above described, before U. S. Commissioner, Albuquerque, N. M., on November 14, 1921. Claimant names as witnesses: Quirino Cuiter, Jacobo Medina, Augustin Alfaro, Nestor Pacheco, all of Chubb, N. M.

A. M. BERGERE, Register.

ed in Book 15, page 591. Records of Bernalillo County, New Mexico, on the east by lands of Henry Springer, Jessita Garcia de Kempy et al, on the west by the land of Southwestern Brewery and Ice company.

Also the following described real estate, situate, lying and being in the County of Torrance and State of New Mexico, to-wit: Lots three and four and the south half of the northwest quarter of Section five in Township seven north of Range 2 east of the New Mexico Meridian, New Mexico, containing one hundred sixty and sixteen-hundredths acres, according to the official plat of the survey of the said land, returned to the general land office by the surveyor general.

Also all of lot number three (3) and the west ten (10) feet of lot number two (2). Block thirty-four (34) according to town plat recorded; also the east 16 feet of lot four (4). Block thirty-four (34), all in the town of McIntosh, Torrance county, New Mexico.

Also you are further notified that unless you enter or cause to be entered your appearance in said cause on or before the 10th day of November, A. D. 1921, judgement will be rendered in said cause against you by default and the relief prayed for will be granted.

The name of the plaintiff's attorney is M. C. Ortiz, whose postoffice address is Albuquerque, N. M. (Seal) FRED CROLLITT, Clerk.

NOTICE.

Albuquerque, N. M., Oct. 6, 1921.

To the Stockholders of the Longfellow Copper Company.

You and each of you are hereby notified that a meeting of the stockholders of the Longfellow Copper Company, is hereby called and to be held at Rooms 4 and 6 in the promwell Building, in the city of Albuquerque, N. M., at 3 o'clock p. m. on the 18th day of October, 1921, for the purpose of electing directors of said company, and for the transaction of such other business that may properly come before said meeting.

Said meeting is called under and by virtue for the provisions of Sec. 23 of Chapter 19, Laws of 1905, by the undersigned, who are the owners and holders of more than one-tenth of the capital stock (having voting power) of said Longfellow Copper Company, now issued and outstanding.

CORA A. TAYLOR, FLORENCE W. MOHR, Owners of One-tenth of the Capital Stock of the Longfellow Copper Company, Now Issued and Outstanding.

ASK FOR

"CRISP POTATOES CHIPS"

The Potato Chip made in Albuquerque—
fresh each day. This chip has no equal be-
cause it is fried in Mazola Oil.

Ask your grocer for the "Crisp Chip."
The one fried in oil and take no other.

"Crisp Chips" are now on sale at the leading
grocery store of Albuquerque.

IT IS RUMORED THAT

BRACY'S CAFETERIA

Serves the Best Eats in the
City of Albuquerque

On January 1, 1922, some one eating at Bracy's
Cafeteria will receive an Overland Automobile
(Touring Model) FREE.

During the following hours: from 7 a. m. to 10
a. m.; from 11:30 a. m. to 2 p. m.; and from 5
p. m. to 8 p. m. a numbered coupon will be given
with each meal served. Any coupon may receive
the automobile, and the successful holder will be
determined January 1, 1922, by a committee of
three business men of Albuquerque, who will have
charge of the drawing on that date.

Get the Bracy Habit and Get the Overland Car

BRACY'S CAFETERIA

Fourth and Central

Plain Styles In
Fall Footwear

This house of Good Shoes is at your service with
new and exclusive creations in Fall and Winter
Footwear. The best on the market.

There is no economy like the economy of quality,
and these are times when no one can afford the
extravagance of low grade footwear.

We invite to this store all feet that enjoy wear-
ing stylish, comfortable, durable, perfect fitting
shoes. All feet that want the best shoe values at
any stated price that money can buy anywhere.
All feet that are suffering for anything in the way
of good shoes.
